CITATION

Cite all material in the Washington State Register by its issue number and sequence within that issue, preceded by the acronym WSR. Example: the 37th item in the August 5, 1981, Register would be cited as WSR 81-15-037.

PUBLIC INSPECTION OF DOCUMENTS

A copy of each document filed with the code reviser's office, pursuant to chapter 34.05 RCW, is available for public inspection during normal office hours. The code reviser's office is located on the ground floor of the Legislative Building in Olympia. Office hours are from 8 a.m. to 5 p.m., Monday through Friday, except legal holidays. Telephone inquiries concerning material in the Register or the Washington Administrative Code (WAC) may be made by calling (360) 753-7470.

REPUBLICATION OF OFFICIAL DOCUMENTS

All documents appearing in the Washington State Register are prepared and printed at public expense. There are no restrictions on the republication of official documents appearing in the Washington State Register. All news services are especially encouraged to give wide publicity to all documents printed in the Washington State Register.

CERTIFICATE

Pursuant to RCW 34.08.040, the publication of rules or other information in this issue of the Washington State Register is hereby certified to be a true and correct copy of such rules or other information, except that headings of public meeting notices have been edited for uniformity of style.

STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

1. ARRANGEMENT OF THE REGISTER

The Register is arranged in the following six sections:

- (a) **PREPROPOSAL**-includes the Preproposal Statement of Inquiry that will be used to solicit public comments on a general area of proposed rule making before the agency files a formal notice.
- (b) **PROPOSED**-includes the full text of formal proposals, continuances, supplemental notices, and withdrawals.
- (c) **PERMANENT**-includes the full text of permanently adopted rules.
- (d) **EMERGENCY**-includes the full text of emergency rules and rescissions.
- (e) **MISCELLANEOUS**-includes notice of public meetings of state agencies, rules coordinator notifications, summaries of attorney general opinions, executive orders and emergency declarations of the governor, rules of the state Supreme Court, and other miscellaneous documents filed with the code reviser's office under RCW 34.08.020 and 42.30.075.
- (f) **TABLE**-includes a cumulative table of the WAC sections that are affected in the current year.
- (g) **INDEX**-includes a combined subject matter and agency index.

Documents are arranged within each section of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence with a section's material.

2. PRINTING STYLE—INDICATION OF NEW OR DELETED MATERIAL

RCW 34.05.395 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
 - (i) underlined material is new material;
 - (ii) deleted material is (~~lined out between double parentheses~~);
- (b) Complete new sections are prefaced by the heading NEW SECTION;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading REPEALER.

3. MISCELLANEOUS MATERIAL NOT FILED UNDER THE ADMINISTRATIVE PROCEDURE ACT

Material contained in the Register other than rule-making actions taken under the APA (chapter 34.05 RCW) does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

4. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules normally take effect thirty-one days after the rules and the agency order adopting them are filed with the code reviser's office. This effective date may be delayed or advanced and such an effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser's office unless a later date is provided by the agency. They remain effective for a maximum of one hundred twenty days from the date of filing.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

5. EDITORIAL CORRECTIONS

Material inserted by the code reviser's office for purposes of clarification or correction or to show the source or history of a document is enclosed in [brackets].

REGULATORY FAIRNESS ACT

The Regulatory Fairness Act, chapter 19.85 RCW, was enacted in 1982 to minimize the impact of state regulations on small business. Amended in 1994, the act requires a small business economic impact analysis of proposed rules that impose more than a minor cost on twenty percent of the businesses in all industries, or ten percent of the businesses in any one industry. The Regulatory Fairness Act defines industry as businesses within a four digit SIC classification, and for the purpose of this act, small business is defined by RCW 19.85.020 as "any business entity, including a sole proprietorship, corporation, partnership, or other legal entity, that is owned and operated independently from all other businesses, that has the purpose of making a profit, and that has fifty or fewer employees."

Small Business Economic Impact Statements (SBEIS)

A small business economic impact statement (SBEIS) must be prepared by state agencies when a proposed rule meets the above criteria. Chapter 19.85 RCW requires the Washington State Business Assistance Center (BAC) to develop guidelines for agencies to use in determining whether the impact of a rule is more than minor and to provide technical assistance to agencies in developing a SBEIS. All permanent rules adopted under the Administrative Procedure Act, chapter 34.05 RCW, must be reviewed to determine if the requirements of the Regulatory Fairness Act apply; if an SBEIS is required it must be completed before permanent rules are filed with the Office of the Code Reviser.

Mitigation

In addition to completing the economic impact analysis for proposed rules, state agencies must take reasonable, legal, and feasible steps to reduce or mitigate the impact of rules on small businesses when there is a disproportionate impact on small versus large business. State agencies are encouraged to reduce the economic impact of rules on small businesses when possible and when such steps are in keeping with the stated intent of the statute(s) being implemented by proposed rules. Since 1994, small business economic impact statements must contain a list of the mitigation steps taken, or reasonable justification for not taking steps to reduce the impact of rules on small businesses.

When is an SBEIS Required?

When:

The proposed rule has more than a minor (as defined by the BAC) economic impact on businesses in more than twenty percent of all industries or more than ten percent of any one industry.

When is an SBEIS Not Required?

When:

The rule is proposed only to comply or conform with a federal law or regulation, and the state has no discretion in how the rule is implemented;

There is less than minor economic impact on business;

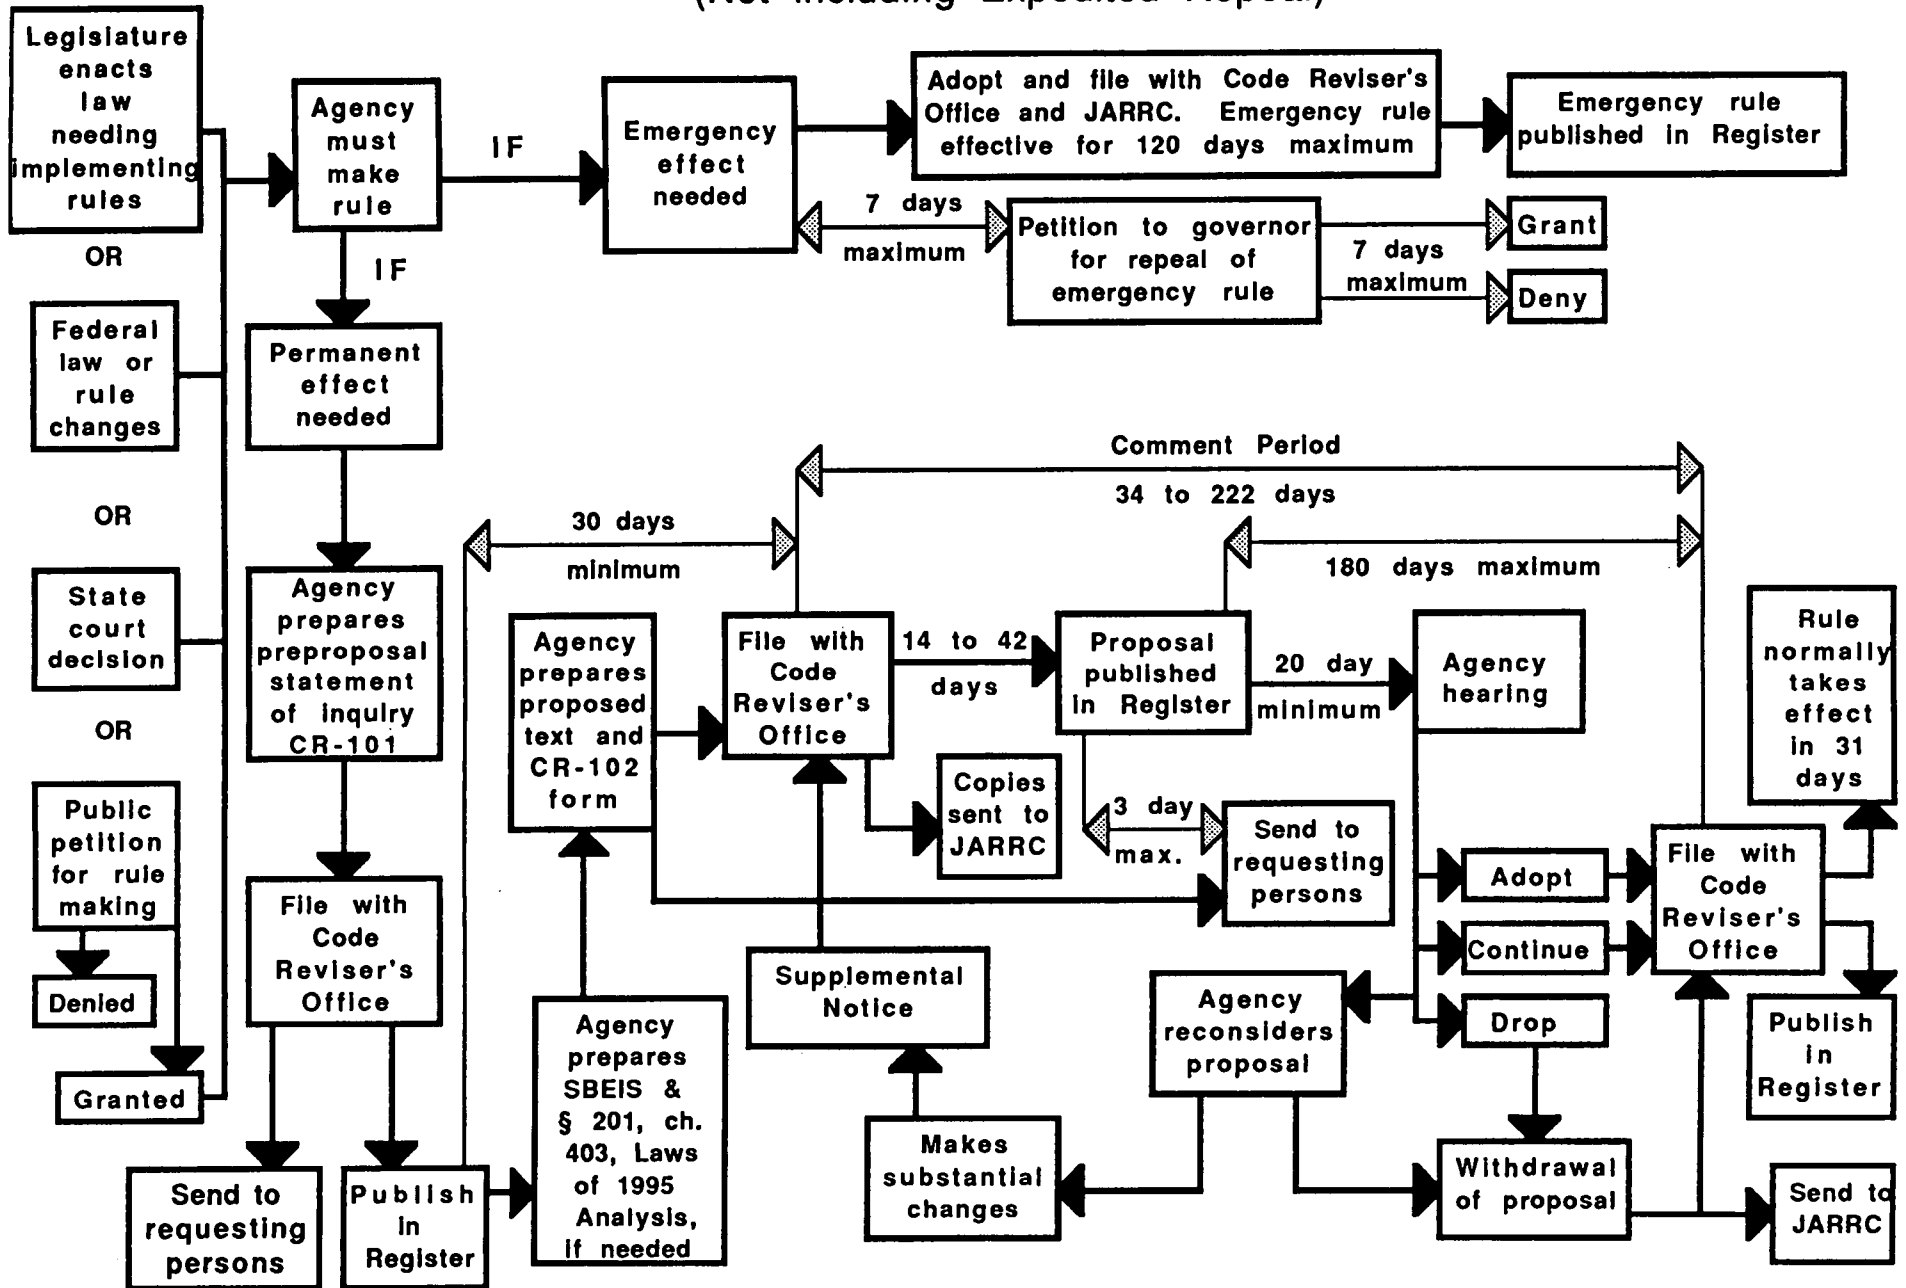

The rule REDUCES costs to business (although an SBEIS may be a useful tool for demonstrating this reduced impact);

The rule is adopted as an emergency rule, although an SBEIS may be required when an emergency rule is proposed for adoption as a permanent rule; or

The rule is pure restatement of state statute.

RULE-MAKING PROCESS

(Not including Expedited Repeal)

WSR 96-23-001

PREPROPOSAL STATEMENT OF INQUIRY
FOREST PRACTICES BOARD

[Filed November 7, 1996, 9:49 a.m.]

Subject of Possible Rule Making: Regulatory process for forest practices in the Columbia River Gorge National Scenic Area's special management area.

Statutes Authorizing the Agency to Adopt Rules on this Subject: Chapter 76.09 RCW, Forest Practices Act; chapter 35.05 [34.05] RCW, Administrative Procedure Act; and chapter 43.21C RCW, State Environmental Policy Act.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The Forest Practices Board passed a motion at its August 14, 1996, meeting to begin negotiated rule making to address the regulatory process for forest practices in the special management area of the Columbia River Gorge National Scenic Area. The board directed staff to meet with legal representatives from each of the following groups: Forest Practices Board, Department of Natural Resources, Columbia River Gorge Commission, United States Forest Service, gorge area landowners, gorge area environmental groups, Washington Farm Forestry Association, Washington Forest Protection Association, Washington Environmental Council, and the Yakama Indian Nation. The board directed that these meetings be open to the public.

A notice of two initial meetings to begin negotiated rule making was published in WSR 96-20-119 and mailed to TFW liaisons and persons who participated in the board's workshop on gorge issues held in May 1996. The meetings were held October 9 and November 5, 1996. Notice of all future negotiation meetings will be distributed in the same way. The negotiating team will make periodic reports to the Forest Practices Board.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: Columbia River Gorge Commission, United States Forest Service.

FOREST PRACTICES BOARD
NEGOTIATED RULE MAKING

Staff Proposal for the
Columbia River Gorge National Scenic Act
Special Management Area
August 14, 1996

Is there a need for a rule to address forest practices in the SMA? There has been a great deal of controversy about how the forest practices guidelines of the management plan for the Columbia River Gorge National Scenic Area are implemented in the special management area. This controversy has involved disputes over responsibilities and process, as well as substantive objections to the management plan criteria. It is unlikely that a rule could solve the substantive disputes, but a rule that addresses the regulatory process for forest practices in the special management area could eliminate many of the procedural disputes.

What is negotiated rule making? The Administrative Procedure Act indicates negotiated rule making is a process for developing a rule proposal that promotes consensus among interested parties. It involves having representatives of an agency and of the interests that are affected by a subject of rule making seek to reach consensus on the terms

of the proposed rule and on the process by which it is negotiated. Once the negotiated rule proposal is developed, the agency must publish it in the state Register and must provide opportunity for a public hearing before adoption.

Is negotiated rule making appropriate? An informative workshop on Columbia Gorge issues was held at the May meeting of the Forest Practices Board. At the work plan portion of the meeting, the Forest Practices Board considered whether negotiated rule making was appropriate to address forest practices in the special management area of the Columbia River Gorge National Scenic Area and asked staff to prepare a recommendation. Based on the presentations at the meeting and an apparent willingness of affected interests to find solutions to problems in the special management area that does not involve litigation, staff believe collaborative development of a rule proposal addressing a regulatory process for forest practices in the special management area could be successful. A rule developed through a collaborative process is more likely to produce an acceptable process for forest practices in the special management area.

What kind of a negotiated rule-making process does staff recommend? Staff recommend pursuing negotiated rule making with one legal representative from each of the following groups: Forest Practices Board, Department of Natural Resources, Columbia River Gorge Commission, Forest Service, gorge area landowners, gorge area environmental groups, Washington Farm Forestry Association, Washington Forest Protection Association, Washington Environmental Council, and the Yakama Indian Nation. Because of the extensive legal and procedural issues involved in negotiating a workable rule, staff believe the negotiations would be most efficient with legal representatives. Staff recommend that the representatives design the framework for the negotiating process, including whether a neutral facilitator is necessary. In addition, staff should publish a statement of intent with the code reviser which describes the negotiated rule-making process and indicates how members of the public can comment at this stage. The negotiators should report back to the board about their progress at the November 13, 1996, meeting. Although it may not be possible to have a recommendation at that time, negotiators should be encouraged to work as diligently as possible on a consensus proposal.

What happens if the negotiators are unable to develop a proposal? The Forest Practices Board must decide whether it wishes to pursue rule making absent a consensus proposal.

What happens when a negotiated proposal is developed? Once a proposal is developed, the Forest Practices Board will need to comply with all procedural requirements for agency rule making, including publication of the proposal and providing an opportunity for public comment, before the rule can be adopted.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by sending comments to Judith Holter, Forest Practices Board, Rules Coordinator, Department of Natural Resources, Forest Practices Division, P.O. Box 47012, Olympia, WA 98504-7012, phone (360) 902-1412, FAX (360) 902-1784.

OFFICE OF MINORITY AND
WOMEN'S BUSINESS ENTERPRISES

[Filed November 7, 1996, 10:55 a.m.]

Subject of Possible Rule Making: State certification costs distribution, formula for determining the appropriate charge to individual political subdivisions of the state.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 39.19.220.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The current rule sets forth a procedure for calculating the fees to be charged which is based on the construction dollars spent with businesses certified by the office. This may have the unintended consequence of discouraging the use of such firms or at least the reporting of such usage. The office desires to equitably distribute the costs of certification among the political subdivisions without this consequence.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Process for Developing New Rule: Negotiated rule making.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Juan Huey-Ray, Rules Coordinator, 406 South Water Street, Olympia, WA 98504-1160, phone (360) 586-1228, FAX (360) 586-7079.

JOINT CENTER
FOR HIGHER EDUCATION

[Filed November 7, 1996, 3:58 p.m.]

By this memo, I am withdrawing the proposed rule for the Joint Center for Higher Education Board. The proposal was announced as WSR 96-18-056 for preproposal statement of inquiry, and then recently proposed for rule making under chapter 249A-04 WAC, as "Alcoholic Beverages on Riverpoint Higher Education Park Campus."

The item is officially withdrawn and will not be heard on December 11, 1996.

PREPROPOSAL STATEMENT OF INQUIRY
PUBLIC DISCLOSURE COMMISSION

[Filed November 19, 1996, 3:10 p.m.]

Subject of Possible Rule Making: Political party expenditures.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 42.17.370(1).

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Initiative 134 imposes limits on contributions to candidates for state-wide and legislative office, including contributions made by political parties to those candidates. The law distinguishes between contributions given to candidates and independent expenditures. Independent expenditures are made to support or oppose a candidate, but are not made directly to a candidate's campaign. While the law may limit contributions, independent expenditures may not constitutionally be limited by law. In order to qualify as an independent expenditure, the expenditure must not be made in cooperation or consultation with the candidate.

In order to fully implement contribution limits, the Public Disclosure Commission promulgated rules further explaining what expenditures are considered to be contributions and what are considered to be independent expenditures not subject to limit.

WAC 390-05-210 provides guidance as to when an expenditure is made in cooperation or consultation with a candidate. WAC 390-16-313 describes application of the definition of independent expenditure. Subsection (2) of WAC 390-16-313 provides that expenditures by political parties supporting or opposing candidates are considered to be contributions, the idea being that political parties are too closely aligned with their candidates to make independent expenditures. Similarly, subsection (3) provides that expenditures supporting or opposing legislative candidates by caucus political committees are contributions.

The United States Supreme Court ruled earlier this year that political parties cannot constitutionally be precluded from making independent expenditures. Therefore, subsection (2) of WAC 390-16-313 should be repealed since it does, in effect, preclude political parties from making independent expenditures, and constitutionally cannot be applied. Similarly, subsection (3) should also be repealed since the Supreme Court has thrown doubt upon the ability of the state to impose any absolute restriction on noncandidates making independent expenditures.

The remainder of WAC 390-16-313 and 390-305-210 also need to be examined for possible adjustment in light of the Supreme Court ruling.

Process for Developing New Rule: The Public Disclosure Commission will hold at least one stakeholder meeting in mid-January. Persons interested in attending should contact Melissa Warheit at (360) 753-1111 by January 3, 1997. Other interested persons are invited to submit written comments to Ms. Warheit by January 31, 1997, at P.O. Box 40908, Olympia, WA 98504-0908.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Public Disclosure Commission Executive Director Melissa Warheit, at P.O. Box 40908, 711 Capitol Way, Room 403, Olympia, WA 98504-0908, or

(360) 753-1111. A discussion of the topic will likely be scheduled for the commission's meeting on February 25, 1997. Public testimony is welcome at that time, or written comments may be submitted by February 14, 1997, for consideration at the meeting.

PREPROPOSAL STATEMENT OF INQUIRY
PUBLIC DISCLOSURE COMMISSION

[Filed November 19, 1996, 3:12 p.m.]

Subject of Possible Rule Making: Revising C-4 Form filed by political committees and candidates.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 42.17.090 (1)(k) and [42.17].370(1).

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: As part of the campaign disclosure reporting process, political committees (including PACs, political parties, and caucus political committees) and candidates itemize expenditures of over \$50 as part of the C-4 campaign disclosure report. One of the types of political committee expenditures that is becoming more popular since the passage of contribution limits in I-134 is independent expenditures that support or oppose a candidate for office. There is no special reporting of these independent expenditures. They only appear as part of the political committee's C-4 report. There are approximately four hundred business and union PACs that may choose to make independent expenditures in lieu of or in addition to directly giving to candidates. Also, the political parties may now make independent expenditures since a ruling by the United States Supreme Court earlier this year held that parties may not be precluded by law from making such expenditures. Similarly, it does not appear that caucus political committees can be precluded from making independent expenditures.

One of the purposes of the disclosure law is to allow voters to learn before an election how much money an entity is spending to influence an election. In order to facilitate tracking of independent expenditures by the public and the Public Disclosure Commission, the commission proposes to adopt a rule requiring political committees, including PACs, political parties, and caucus political committees, to indicate on the front of the form whether the report contains any independent expenditures supporting or opposing a state or local office candidate.

Process for Developing New Rule: Interested persons are invited to submit written comments by January 31, 1997, to Melissa Warheit, Public Disclosure Commission, P.O. Box 40908, Olympia, WA 98504-0908.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Public Disclosure Commission Executive Director Melissa Warheit, at P.O. Public testimony is welcome at that time, or written comments may be submitted by February 14, 1997, for consideration at the hearing.

EXECUTIVE ETHICS BOARD

[Filed November 20, 1996, 11:02 a.m.]

Subject of Possible Rule Making: Ethics in the executive branch of state government.

Statutes Authorizing the Agency to Adopt Rules on this Subject: Chapter 42.52 RCW, RCW 42.52.360 (2)(b).

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: To implement chapter 42.52 RCW. The board is responsible for enforcing chapter 42.52 RCW with regard to state officers and state employees of the executive branch of state government and is authorized by RCW 42.52.360 (2)(e) to impose sanctions including monetary penalties. The new rules will establish criteria regarding the levels of civil penalties appropriate for violations of this chapter and rules adopted under it pursuant to RCW 42.52.360 (2)(a).

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Process for Developing New Rule: The board will request written comments from persons who may be interested in the development of the rules implementing chapter 42.52 RCW. Comments received will be considered by the board before proposed rules are published pursuant to a formal notice.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication. Written comments must be received by January 31, 1997. These comments will be considered by the board at its February regular meeting. Thereafter, the board will proceed with rule making. PREPROPOSAL STATEMENT OF INQUIRY DEPARTMENT OF AGRICULTURE

[Filed November 20, 1996, 11:44 a.m.]

Subject of Possible Rule Making: Establishing a quarantine of seeds and vegetative parts of lentils and related crops originating or grown in the Canadian provinces of Manitoba, Saskatchewan, and Alberta, or the states of North Dakota, South Dakota, and Montana to prevent introduction of the fungal disease anthracnose to the Washington lentil crop.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 17.24.041.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Anthracnose of lentils (caused by the plant pathogen *Colletotrichum truncatum*) is a potentially devastating disease to the Washington lentil crop. In recent years it has been introduced to mid-Canadian provinces and contiguous lentil-growing areas of the United States, but not to Idaho or Washington. The proposed rules are intended to prevent the spread of the disease into this state.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None in this state.

Process for Developing New Rule: Several affected industry groups have requested rules on this subject. Representatives of the Washington State Department of Agriculture discuss options for specific provisions of the proposal with industry representatives, neighboring states' departments of agriculture, and knowledgeable research personnel, and publish rule proposal.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Mary Toohey, Assistant Director, Washington State Department of Agriculture, Laboratory Services Division, P.O. Box 42560, Olympia, WA 98504-2560, phone (360) 902-1907, FAX (360) 902-2094, e-mail mtoohey@agr.wa.gov; or Tim McGreevy, Administrator, USA Dry Pea and Lentil Council, 5071 Highway 8 West,

Moscow, Idaho 83843, phone (208) 882-3023, FAX (208) 882-6406.

PREPROPOSAL STATEMENT OF INQUIRY DEPARTMENT OF AGRICULTURE

[Filed November 20, 1996, 11:46 a.m.]

Subject of Possible Rule Making: Revision of existing rules relating to apple maggot and plum curculio quarantine.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 17.24.041.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Recent survey, data indicate that the established range of the pest insect, apple maggot, has increased and that several Washington counties should be added to the area currently under interior quarantine to prevent its further spread. Other provisions of the existing quarantine may need to be revised to bring it into compliance with internationally accepted conventions and terminology.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None in this state.

Process for Developing New Rule: Representatives of the apple industry have requested revision of the existing quarantine. The Washington State Department of Agriculture will develop a rule proposal after consultation with the apple maggot working group, knowledgeable research and scientific personnel, and other states' regulatory agencies.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Mike Klaus, Project Entomologist, Washington State Department of Agriculture, Laboratory Services Division, 2015 South 1st Street, Mailstop 7, Yakima, WA 98903-2231, phone (509) 454-4189, FAX (509) 454-7858; or Mike Willett, Technical Issues Manager, Northwest Horticulture Council, P.O. Box 570, Yakima, WA 98907, phone (509) 453-3193, FAX (509) 457-7615.

WSR 96-23-009**PROPOSED RULES****DEPARTMENT OF COMMUNITY,
TRADE AND ECONOMIC DEVELOPMENT**

[Filed November 8, 1996, 1:45 p.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-19[-014].

Title of Rule: Bond cap allocation program, chapter 365-135 WAC, provides tax-exempt financing for bonds to be issued that have public purposes but have private involvement.

Purpose: Clarify and add criteria for the small issue and exempt facility categories, and add a reallocation section.

Statutory Authority for Adoption: Chapter 39.86 RCW and RCW 43.330.040 (2)(g).

Statute Being Implemented: Chapter 39.86 RCW.

Summary: Clarify and add criteria for the small issue and exempt facility categories, and add a reallocation section.

Reasons Supporting Proposal: The Bond Cap Advisory Group and businesses discussed and agreed to proposed changes. Clarifies criteria and what participants can expect of the program.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Bill Colè, 906 Columbia Street S.W., Olympia, WA, (360) 753-0307.

Name of Proponent: Bond cap allocation program, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: This proposed rule making will amend and add to existing rules under chapter 365-135 WAC. The purpose is to give users of the bond cap allocation program clearer criteria and expectations for the program.

Proposal Changes the Following Existing Rules: Changes department name in WAC 365-135-010, 365-135-020, and 365-135-050. Adds WAC 365-135-035 regarding reallocations in September of each year, providing criteria. WAC 365-135-040 gives priority for carryforward to the housing category. WAC 365-135-060 changes the ratios for dollars per job and adds criteria for prioritizing projects within the small issue category. WAC 365-135-070 adds new criteria to the exempt facilities category, clarifies converting from taxable to tax-exempt financing, and limits the amount of allocation for projects over \$50,000,000.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The average number of small businesses that use this program is about twenty per year. The proposed changes will assist in prioritizing projects when applications are compared to one another. The proposed changes will not eliminate projects, nor will it make the process more difficult.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. This rule falls under subsection (5)(b)(ii), "Rules relating only to internal governmental operations that are not subject to violation by a nongovernment party." This rule is not regulatory in nature, it is to assist both public and private parties in using the program.

Hearing Location: 906 Columbia Street S.W., Room 5A, Olympia, WA, on December 27, 1996, at 9:00 - 12:00.

Assistance for Persons with Disabilities: Contact Bill Cole by December 26, 1996, (360) 753-0307.

Submit Written Comments to: Bill Cole, P.O. Box 48300, Olympia, WA 98504-8300, FAX (360) 664-3029, by December 26, 1996.

Date of Intended Adoption: January 2, 1997.

J. McGavick

Deputy Director

AMENDATORY SECTION (Amending Order 87-18, filed 9/16/87)

WAC 365-135-010 Purpose. The federal Tax Reform Act of 1986 imposes an annual ceiling on each state limiting the dollar volume of certain private activity bonds that can be issued. To allocate this ceiling among eligible issuers in Washington state, chapter 297, Laws of 1987 has been enacted. In accordance with the statute, the department of community, trade, and economic development will allocate the state's private activity bond ceiling and establish by rule a fee schedule. The department will carry out such functions through the bond cap allocation program (BCAP).

AMENDATORY SECTION (Amending Order 93-05, filed 6/7/93, effective 1/1/94)

WAC 365-135-020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly provides otherwise.

Allocation fee: The total fee paid by the issuer to the department for receiving allocation from the BCAP. It is assessed by the department based on the following formula: 1/40 of one percent (.00025) of the approved allocation amount or five hundred dollars, whichever is greater. The allocation fee, which includes the nonrefundable five hundred dollar filing fee, is due from the issuer upon filing an application.

Department: The Washington state department of community, trade, and economic development.

Extension fee: The fee the department may assess when an issuer requests and is granted an extension for issuing the allocation or carryforward of the allocation. The amount of the fee will not exceed two hundred fifty dollars and is nonrefundable.

Filing fee: The nonrefundable five hundred dollar portion of the allocation fee.

Reallocation: The assignment of an unused portion of the state ceiling from one bond use category to another or the provision of a certificate of approval to any issuer for an allocation amount which previously had been returned to the department.

Statute: Chapter 39.86 RCW.

NEW SECTION

WAC 365-135-035 Reallocations. (1) Housing programs and projects will be given priority for the first fifty percent of the bond cap available after September 1 each year because of the need for affordable housing, the program's ability to serve lower-income households, its contribution to and support of economic development and long-term benefits that may be achieved.

PROPOSED

PROPOSED

(2) Bond cap will consider other categories of applications including industrial development bonds, exempt facilities, public utility districts, and student loans for allocation from the remaining bond cap available after September 1.

(a) The program will consider and then evaluate and balance the public benefits listed in statute and in rule in making allocation decisions. Allocations will be based upon the likelihood of a project achieving the highest overall public purposes and the degree to which a project:

(i) Provides an economic boost to an economically distressed community (based on the three-year unemployment figures from employment security);

(ii) Creates or retains jobs that pay higher than the median wage for the county in which it is located, in sustainable industries, particularly for lower-income persons;

(iii) Retains or expands the local tax base;

(iv) Encourages and facilitates the provision of student loans for institutions of higher education;

(v) Reduces environmental pollution;

(vi) Facilitates investments in new manufacturing technologies enabling Washington industries to stay competitive;

(vii) Diverts solid waste from disposal and manufactures it into value-added products;

(viii) Encourages the environmentally sound handling of solid waste using best management's practices; or

(ix) Produces competitively priced energy for use in the state.

(b) The criteria in this section and other applicable criteria otherwise established in statute and rule shall not be considered as ranked in any particular order but shall be weighed and balanced for each application and among applications in making allocation decisions.

AMENDATORY SECTION (Amending Order 93-05, filed 6/7/93, effective 1/1/94)

WAC 365-135-040 Procedure for obtaining an allocation, extension, or carryforward. No issuer may receive an allocation of the state ceiling without a certificate of approval from the department.

Issuers may apply for a certificate of approval by submitting a completed allocation request form to the department and paying an allocation fee. An allocation request form will be available from the department.

The department will respond to any such completed request in accordance with the statute. If an issuer does not issue private activity bonds or mortgage credit certificates in the amount and by the date for which it has received a certificate of approval, the unused amount shall revert to the department for reallocation, unless an extension or carryforward is granted.

An issuer may apply for an extension or carryforward of its allocation by submitting its request to the department and supplying any additional information required by the department. The department will promptly notify the issuer if any fees are due and respond to the request for extension or carryforward in a timely manner.

The housing category will be given priority for carry-forward allocations.

AMENDATORY SECTION (Amending Order 93-05, filed 6/7/93, effective 1/1/94)

WAC 365-135-050 Fees. (1) A fee schedule is hereby established, which will consist of:

(a) An allocation fee, due at the time a request is filed with the department of community, trade, and economic development; and

(b) In certain cases, an extension or carryforward fee. If an issuer's allocation request is denied, the allocation fee, less the five hundred dollar filing fee, will be refunded.

Annually, the department will determine if an adjustment of the fees is warranted by reviewing the account of BCAP revenues and expenses for the preceding fiscal year and by considering BCAP budget projections for the following fiscal year.

(2) Payment of the fees will occur as indicated by the schedule below.

(a) Filing. Upon filing an allocation request, the issuer must submit the total allocation fee, of which the five hundred dollar filing fee is nonrefundable.

(b) Extensions and carryforwards. The department may assess an extension fee, not to exceed two hundred fifty dollars, upon any request for extension or carryforward. The extension fee must be paid prior to the extension being granted. However, if the BCAP administrator determines that an issuer's allocation fee included a sufficient amount to pay for the additional administrative expenses associated with granting or denying such a request, the additional fee shall be waived.

(c) Refunds. If a requesting issuer pays any fee greater than the amount assessed by the department, that amount shall be refunded by the department.

If the allocation request is denied or a partial allocation is approved, the issuer will receive either a full or partial refund of the allocation fee, less the five hundred dollar filing fee. Once the allocation amount is approved, the allocation fee is not refundable, even if the issuer does not issue all or any of the approved allocation.

AMENDATORY SECTION (Amending Order 87-18, filed 9/16/87)

WAC 365-135-060 Criteria for small issue (industrial revenue) bonds. In addition to the statute, the following guidelines will be used as criteria for evaluating small issue requests:

(1) Until June 1 of each year, a minimum percentage of the ceiling available for small issues will be set aside for issuers in those locations which BCAP designates by certain geographic and distress indicators, as follows:

| <u>Designation</u> | <u>Allocation set-aside</u> |
|--------------------|-----------------------------|
| East/distressed | 15% or greater |
| West/distressed | 15% or greater |
| East/nondistressed | 10% or greater |

(2) In evaluating the number of ~~((employment opportunities))~~ jobs created or retained a project would offer in relationship to the dollars which would be allocated from the ceiling, priority will be given to those projects, relative to their appropriate designation, which do not exceed the following ratios for dollars allocated per job:

| <u>Designation</u> | <u>\$ (in thousands) per job offered</u> |
|--------------------|--|
| East/distressed | (\$292.2/job) \$192.2/job |
| East/nondistressed | 121.6/job |
| West/distressed | (246.2/job) 146.2/job |
| West/nondistressed | (206.6/job) 106.6/job |
| State-wide | (216.8/job) 116.8/job |

(3) The program will consider the number and type of jobs that will be created or retained. Projects that create new jobs will, in general, have priority over others. Projects that involve relocation from one part of Washington to another will, in general, have a lower priority than those that create net new jobs, unless the relocation was caused through displacement for other job creating or economic development activity.

(4) Projects that involve the creation of semiskilled and skilled jobs as well as unskilled jobs, or that will provide special training and promotion opportunities to employees, will have priority over those that do not. Projects that will be located in enterprise communities, neighborhood empowerment zones, or distressed areas will be accorded priority over other projects.

(5) Priority will be given to projects that result in publicly owned facilities over privately owned facilities.

(6) If the department finds that a particular project does not meet the guidelines in this section, but is nonetheless in the best interest of the state, the department may approve the request. Factors that may lead to such a finding include the following:

(a) The level of unemployment in a particular community within a county, to the extent that figures are available from the Washington state employment security department; and

(b) The number of secondary or spin-off jobs expected to be generated by the project.

~~((4))~~ (7) If demand for allocation exceeds the amount available, priority will be given to counties designated as distressed, using unemployment figures from the employment security department.

~~((5))~~ (8) The department will review these guidelines at least annually.

AMENDATORY SECTION (Amending Order 93-05, filed 6/7/93, effective 1/1/94)

WAC 365-135-070 Criteria for exempt facility bonds. (1) In addition to the state statute, the following guidelines will be used as criteria for evaluating exempt facility requests:

(a) Until September 1st of each year, any one exempt facility project may not receive more than thirty percent of the initial allocation amount available in the exempt facility category.

(b) The level of unemployment in a particular community within a county, to the extent that figures are available from the Washington state employment security department.

(c) The number of direct jobs and secondary or spin-off jobs expected to be generated by the project.

(d) The degree to which the project proposes to provide jobs for lower-income persons from the community.

(e) The number of jobs created in proportion to the amount of the bond cap allocation.

(f) The proportionate number of persons in relationship to the size of the community who will benefit from the project.

(g) The degree to which the project provides an economic boost to an economically distressed community (based on the three-year unemployment figures from employment security).

(h) The degree to which the project retains or expands the local tax base.

(i) The degree to which the project reduces environmental pollution.

(j) The degree to which the project diverts solid waste from disposal and manufactures it into value-added products.

(k) The degree to which the project produces energy at a lower cost than alternative or existing energy sources.

(l) The environmental benefit of the project to the particular community, the county or the state.

~~((e))~~ (m) The availability of bond cap from the exempt facility category.

(n) Recognize and accommodate the unique timing, and issuance needs of large scale projects that may require allocations in more than one year.

(p) Projects that result in publicly owned facilities over privately owned facilities.

(2) Exempt facility applications will not be considered for allocation until:

~~((+))~~ (a) The department receives:

~~((A))~~ (i) A list of all permits required to complete the project and the date each permit application was submitted to and/or granted by the appropriate authority;

~~((B))~~ (ii) A copy of any environmental impact statements; and

~~((+))~~ (b) Significant progress is demonstrated in securing project financing.

~~((2))~~ (3) The criteria in this section and other applicable criteria otherwise established in rule and statute shall not be considered as ranked in any particular order but shall be weighed and balanced for each application and among applications in making allocation decisions.

(4) After September 1st of each year, the department may approve an allocation amount prior to the issuer completing all of the criteria listed above.

(5) Exempt facility projects may receive an allocation in order to convert taxable financing to tax-exempt financing, but only in January or September of any year. The request for conversion will be compared against other requests for conversion and current exempt facility applications. Projects that use the Washington economic development finance authority to complete their financing will have priority over projects in obtaining future allocations to convert to tax-exempt financing. Conversion is only allowed within the federal guidelines of one year after the project comes on-line or two calendar years after the Washington economic development finance authority financing is approved, whichever comes first.

PROPOSED

(6) Exempt facility projects up to \$50,000,000 may receive an allocation for up to one hundred percent of the total project cost. Projects from \$50,000,001 to \$75,000,000 may receive an allocation for up to ninety percent of the total project cost. Projects from \$75,000,001 to \$100,000,000 may receive an allocation for up to eighty percent of the total project cost. Projects over \$100,000,000 may receive an allocation for up to seventy percent of the total project cost. A project may obtain additional allocation above these percentages after September 1 of the last year of eligibility only if the total demand for cap is lower than the amount available.

Reviser's note: The typographical error in the above section occurred in the copy filed by the agency and appears in the Register pursuant to the requirements of RCW 34.08.040.

**WSR 96-23-013
PROPOSED RULES**

DEPARTMENT OF AGRICULTURE

[Filed November 12, 1996, 9:09 a.m.]

Continuance of WSR 96-18-037.

Preproposal statement of inquiry was filed as WSR 96-10-079.

Title of Rule: Chapter 16-101X WAC, Degrades, license suspensions and revocations for dairy producers and processors.

Purpose: To establish criteria for penalties that are imposed when a degrade action is taken by the department and to establish criteria when a dairy producer or processing plant license may be revoked.

Other Identifying Information: This continuance is on WAC 16-101X-010 (16-1019-010), 16-101X-020 (16-1019-020), and 16-101X-050 (16-1019-050) to extend adoption date.

Statutory Authority for Adoption: RCW 15.36.021.

Statute Being Implemented: RCW 15.36.111.

Summary: These rules provide criteria for determining the length of time a dairy producer or processor is on degrade based on the number and severity of violations when a degrade action is taken by the department. The rules also provide criteria for taking a dairy producer or processor license revocation action based on pattern of noncompliance.

Reasons Supporting Proposal: The 1996 legislative change in RCW 15.36.111 no longer allows the department to take an "immediate" degrade action for repeat violations, in most cases. It is required that the department provide opportunity for hearing under the Administrative Procedure Act in these actions and these rules establish a fair and equitable process for determining the length of the degrade period.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Michael J. Donovan, Department of Natural Resources Building, 2nd Floor, 1111 Washington Street, Olympia, (360) 902-1883.

Name of Proponent: Washington State Department of Agriculture, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The general goal of chapter 15.36 RCW, the Fluid Milk Act, is to protect the consuming public by ensuring the dairy products produced in this state are safe and unadulterated through regulation of the sanitation practices of the dairy industry, bacterial and other quality standards and drug residue levels of dairy products. The specific objectives are to see that farms, plants and the hauling industry comply with sanitation and product standards and that licensed dairy technicians perform in compliance with certain standards and demonstrate a prescribed level of knowledge, skill and ability before engaging in operation of critical equipment or testing, sampling and/or handling of products. To ensure compliance with chapter 15.36 RCW, the chapter authorizes penalty action be taken in situations of noncompliance. One enforcement action authorized and required is that a degrade action be taken on consecutive repeat violations of the chapter. The rule outlines a fair and equitable penalty schedule required by the Administrative Procedure Act when the degrade action is applied.

Proposal does not change existing rules.

No small business economic impact statement has been prepared under chapter 19.85 RCW. These rules establish a criteria for determining degrade penalties under the requirement of RCW 15.36.111.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. The Washington State Department of Agriculture is not a listed agency in section 201.

AMENDATORY SECTION (Amending Order 3845, filed 4/5/95, effective 5/6/95)

WAC 388-511-1160 SSI-related resource exemptions.

(1) The department shall exempt the following resources in determining eligibility for medical care programs:

(a) Home;

(i) "Home" means any shelter:

(A) In which a client has ownership interest; and

(B) The client uses as the principal place of residence.

The department shall only consider one home as the client's principal place of residence.

(ii) The client's absence from the home shall not affect the home exemption. The client's home shall remain the principal place of residence as long as:

(A) The client intends to return home. The department shall accept the client's statement of intent without challenge; or

(B) A client's spouse or dependent relative uses the home during the client's absence. The department shall:

(I) Consider a person a dependent relative when such a person is either financially or medically dependent on the client; and

(II) Accept the client's or dependent relative's written statement of dependency or relationship unless the department has reason to question such statement.

(iii) The department shall exempt the proceeds from the sale of the home providing the client uses the proceeds to purchase another home within three months of the receipt of the proceeds. Proceeds include:

(A) Real estate contracts(+) or any similar home financing arrangements(+); and

(B) The amount of income (produced) that does not reflect interest from such a contract.

(iv) The department shall evaluate transfers of the home by an institutional client or client's spouse under WAC 388-513-1365;

(b) Household goods and personal effects;

(c) Vehicle; the department shall:

(i) Exempt one vehicle regardless of its value if, for the client or a member of the client's household, the vehicle is:

(A) Necessary for employment; or

(B) Necessary for the treatment of a specific or regular medical problem; or

(C) Modified for operation by, or transportation of, a handicapped person; or

(D) Necessary due to climate, terrain, distance, or similar factors to provide the client transportation to perform essential daily activities.

(ii) Exempt one of the client's vehicles to the extent its current market value does not exceed four thousand five hundred dollars;

(iii) Count any excess against the resource limit;

(iv) Exempt a vehicle under this subsection only if a vehicle is not exempt under (c)(i) of this subsection;

(v) Treat the client's ownership of other vehicles as nonexempt resources and count the equity value toward the resource limit.

(d) Property essential to self-support. The department shall exempt:

(i) Property regardless of value, when the client uses the property:

(A) In a trade or business;

(B) As an employee for work; or

(C) As authorized by the government for income-producing activity.

(ii) Nonbusiness property up to six thousand dollars equity, when the client uses the property for producing goods or services essential to daily activities, solely for the client's household;

(iii) Nonbusiness property up to six thousand dollars equity, when the client uses the property to produce an annual income return of six percent or more of the exempt equity or is expected to produce at least a six percent return within a twenty-month period as long as the client:

(A) Currently uses the property in the activities described in subsection (1)(d) of this section; or

(B) Is expected to resume using the property in the activities described in subsection (1)(d) of this section within twelve months;

(e) Resources necessary to fulfill an approved plan for a blind or disabled client to achieve self-support as long as such plan remains in effect;

(f) Alaska Native Claims Settlement Act:

(i) Shares of stock held in a regional or village corporation;

(ii) Cash received from a native corporation, including cash dividends on stock received from a native corporation to the extent the cash does not exceed two thousand dollars per person per year;

(iii) Stock issued or distributed by a native corporation as a dividend or distribution on the stock;

(iv) A partnership interest;

PROPOSED

(v) Land or an interest in land, including land or an interest in land received from a native corporation, as a dividend or distribution on stock;

(vi) An interest in a settlement trust.

(g) Life insurance:

(i) The department shall exempt the total cash surrender value when the total face value of all policies held by each person is one thousand five hundred dollars or less;

(ii) The cash surrender value applies to the resource limit under WAC 388-511-1110 if the face value of all policies held by each person is over one thousand five hundred dollars; and

(iii) When determining total face value in subsection (1)(g)(i) of this section, the department shall not include term or burial insurance with no cash surrender value.

(h) Restricted allotted land owned by an enrolled tribal member and spouse, if married, if such land cannot be sold, transferred, or otherwise disposed of without the permission of other persons, the tribe, or an agency of the federal government;

~~(i) ((Insurance settlements the client receives from an insurance company for purposes of repairing or replacing a resource providing the client uses the total amount of the cash to repair or replace the exempt resource within nine months. The department may extend the nine month period based on circumstances beyond the control of the client to a maximum of nine additional months. The department shall consider any cash not used within the time period as an available resource;))~~ A settlement the client receives for the purpose of repairing or replacing a specific exempt resource for a period of:

(i) Nine months when the client uses the total amount of the cash to repair or replace the exempt resource;

(ii) Nine additional months when:

(A) Circumstances beyond the control of the client prevent the repair or replacement of the exempt resource; and

(B) The client uses the total amount of the cash to repair or replace the exempt resource; and

(iii) Twelve additional months, for a maximum of thirty months, when:

(A) The settlement is a result of a catastrophe which is declared a major disaster by the President of the United States;

(B) The exempt resource is geographically within the disaster area as defined by the presidential order;

(C) The client intends to repair or replace the exempt resource; and

(D) Circumstances beyond the control of the client prevented the repair or replacement of the exempt resource in the time frames described under subsection (1)(i)(i) and (ii) of this section.

(iv) The department shall consider any settlement excluded and not used within the allowable time period as described under subsection (1)(i) of this section as an available resource.

(j) Burial spaces for the client, the client's spouse, or any member of the client's immediate family.

(i) The department shall consider burial spaces includes conventional grave sites, crypts, mausoleums, urns, and other repositories customarily and traditionally used for the remains of deceased persons.

(ii) The department shall consider burial spaces as including a burial space purchase agreement as well as any interest accrued on and left to accumulate as part of the value of the burial space purchase agreement.

(iii) For purposes of subsection (1)(j) and (k) of this section, "immediate family" means a client's minor and adult children, including adopted children and stepchildren; a client's brothers, sisters, parents, adoptive parents, and the spouses of those persons. The department shall not consider dependency or living-in-the-same-household as factors in determining whether a person is an immediate family member;

(k) Burial funds:

(i) The department shall ensure funds specifically set aside for the burial arrangements of a client or the client's spouse not exceed one thousand five hundred dollars for each spouse. The department shall count burial funds in excess of this limit toward the resource limit in WAC 388-511-1110.

(ii) The department shall require funds set aside for burial expenses to be kept separate from all other resources and separately identified and designated as set aside for burial. If the exempt burial funds are mixed with other resources, the department shall not apply this exemption to any portion of the funds unless the client intends to use the nonexempt funds for burial-related items or services. The department may exempt designated burial funds retroactively back to the first day of the month in which the person intended the funds to be set aside for burial.

(iii) Funds set aside for burial include revocable burial contracts, burial trusts, other burial arrangements, cash, accounts, or other financial instruments with a definite cash value the person clearly designates as set aside solely for the person's or spouse's burial expenses.

(iv) The department shall reduce the one thousand five hundred dollar exemption by:

(A) The face value of the client's insurance policies owned by the person or spouse on the life of the person if the policies have been exempted as provided in subsection (1)(g) of this section; and

(B) Amounts in an irrevocable burial trust.

(v) The department shall exempt the interest earned on exempt burial funds and appreciation in the value of exempt burial arrangements if the exempt interest and appreciation are left to accumulate and become part of the separately identified burial fund.

(vi) When used for other purposes, the department shall consider as available income any exempt burial funds, interest, or appreciated values set aside for burial expenses if, at the first of the month of use, when added to other nonexempt resources, the total exceeds the resource limit;

(l) Other resources considered exempt by federal statute;

(m) Retroactive SSI payments, including benefits a client receives under the interim assistance reimbursement agreement with the Social Security Administration, or OASDI payments for six months following the month of receipt. This exemption applies to:

(i) Payments received by the client, spouse, or any other person received that the department considers available to meet the client's needs;

(ii) SSI payments made to the client for benefits due for a month before the month of payment;

(iii) OASDI payments made to the client for benefits due for a month that is two or more months before the month of payment; and

(iv) Payments that remain in the form of cash, checking accounts, or saving accounts. The department shall not apply this exemption once the retroactive payment has been converted to any other form.

(n) Payments for medical or social services, for one-calendar month following the month of receipt, certain cash payments an SSI person receives from a governmental or nongovernmental medical or social service agency to pay for medical or social services;

(o) Restitution payment and any interest earned from such payment to persons of Japanese or Aleut ancestry relocated and interned during war time, under P.L. 100-383;

(p) The annuity payment of trust funds to Puyallup Tribal Indians received under P.L. 101-41;

(q) Funds received from the Agent Orange Settlement Fund or any other funds established to settle Agent Orange liability claims under P.L. 101-201;

(r) Payments from the Dutch government under the Netherlands' Act on Benefits for Victims of Persecution (WUV). See WAC 388-511-1140 (1)(aa) for the treatment of interest earned on such payment.

(s) Payments to certain survivors of the Holocaust under the Federal Republic of Germany's Law for Compensation of National Socialist Persecution or German Restitution Act. Interest earned on conserved payment is not exempt;

(t) Unspent assistance payments the client receives because of a presidential declaration of a major disaster, under P.L. 93-288, are exempt for nine months from the date of receipt.

(i) The department shall determine the exemption may extend an additional nine months, if circumstances beyond the client's control:

(A) Prevents the client from repairing or replacing the damaged or destroyed property; or

(B) Keeps the client from contracting for such repair or replacement.

(ii) Interest earned on the exempt resource is exempt for the period the exemption applies;

(u) Earned income tax credit refunds and payments are exempt during the month of receipt and the following month;

(v) Payments from a state administered victim's compensation program for a period of nine calendar months after the month of receipt;

(w) Payments, or interest accrued on payments received under the Radiation Exposure Compensation Act received by the injured person, the surviving spouse, children, grandchildren, or grandparents;

(x) Payments under section 500 through 506 of the Austrian General Social Insurance Act. The department shall:

(i) Not consider such payments as income or resources for determining eligibility or post-eligibility; and

(ii) Count the interest from such payments as unearned income for the client.

(2) The department shall consider a sales contract:

(a) An exempt resource when the current market value of the contract:

(i) Is zero or the contract is unsalable; or

(ii) When combined with other resources, exceeds the resource limit, and the sales contract was executed:

(A) On or before November 30, 1993; or

(B) On or after December 1, 1993, and:

(I) Was received as compensation for the sale of the client's principal place of residence. For an institutionalized client, this rule shall apply only to the client's principal place of residence before institutionalization of the client; and

(II) Provides for an interest rate within prevailing rates at the time of the sale; and

(III) Requires the repayment of a principal amount equal to the fair market value of the property; and

(IV) Payment on the amount owed does not exceed thirty years.

(iii) The department shall consider payment of principal and interest on a sales contract meeting the criteria of subsection (2)(a)(i) or (ii) of this section under WAC 388-505-0590 ((~~(3)~~)) (4)(b);

(b) An available resource when the current market value of a sales contract does not meet the requirements in subsection (2)(a)(i) or (ii) of this section. For a sales contract the department determines to be an available resource, the department shall consider the payment that represents:

(i) Principal, an available resource; and

(ii) Interest, under WAC 388-505-0590 ((~~(3)~~)) (4)(c).

(c) An available resource when transferred by the client to a person other than the client's spouse. See WAC 388-513-1365; and

(d) An exempt resource to the extent the proceeds from the sale of a home are used to purchase another home. The department shall not consider payments received under such sales contract as income as described under subsection (1)(a)(iii) of this section.

(3) The department shall consider cash received from the sale of an exempt resource as a nonexempt resource to the extent that the cash is not:

(a) Used to replace an exempt resource; or

(b) Invested in an exempt resource within the same month, unless specified differently under this section.

(b) Supplemental security income (SSI) including a grandfathered person and a person with an essential spouse; or

(c) State supplemental payment (SSP) to a person as assistance based on need in supplementation of SSI benefits. This payment includes mandatory state supplement or optional state supplement as defined under WAC 388-500-0005. The ineligible spouse of an SSI beneficiary receiving a state supplement payment for the ineligible spouse is not eligible for noninstitutional categorically needy medical assistance.

(2) A person twenty years of age or younger who meets the:

(a) One-person AFDC financial requirements and is in:
(i) Foster care; or
(ii) Subsidized adoption; or

(iii) A nursing facility or intermediate care facility for mentally retarded (ICF/MR); or

(iv) An approved inpatient psychiatric facility.

(b) Eligibility requirements under chapter 388-509 WAC.

(3) A current client of Title II, Social Security Administration (SSA) benefits who:

(a) Was a concurrent client of Title II and SSI benefits;

(b) Is ineligible for SSI benefits and/or state supplementary payments; and

(c) Would be eligible for SSI benefits if the department deducts the following from the current Title II benefit amount:

(i) All Title II cost-of-living benefit increases under P.L. 94-566, Section 503 received by the client since termination from SSI/SSP; and

(ii) All Title II cost-of-living benefit increases received during the time period in subsection (3)(c)(i) of this section by the client's spouse and/or other financially responsible family member living in the same household.

(4) An SSI client, after January 1, 1981, who continues to be eligible for medical assistance under P.L. 96-265 and 99-643;

(5) A currently disabled client receiving widow's or widower's benefits under Section 202 (e) or (f) of the Social Security Act if the disabled client:

(a) Was entitled to a monthly insurance benefit under Title II of the Social Security Act for December 1983; and

(b) Was entitled to and received a widow's or widower's benefit based on a disability under Section 202 (e) or (f) of the Social Security Act for January 1984;

(c) Became ineligible for SSI/SSP in the first month in which the increase provided under Section 134 of P.L. 98-21 was paid to the client;

(d) Has been continuously entitled to a widow's or widower's benefit under Section 202 (e) or (f) of the act;

(e) Would be eligible for SSI/SSP benefits if the amount of that increase, and any subsequent cost-of-living increases provided under Section 215(i) of the act, were disregarded;

(f) Is fifty through fifty-nine years of age; and
(g) Filed an application for Medicaid coverage before July 1, 1988.

(6) Effective January 1, 1991, any person receiving Title II disabled widow/widower benefits (DWB) under Section 202 (e) or (f) of the SSA, if the person:

(a) Is not eligible for the hospital insurance benefits under Medicare Part A of Title XVIII;

(b) Received SSI/SSP payments in the month before receiving such Title II benefits;

(c) Became ineligible for SSI/SSP due to receipt of or increase in such Title II benefits; and

(d) Would be eligible for SSI/SSP if the amount of such Title II benefits or increase in such Title II benefits under Section 202 (e) or (f) of the SSA, and any subsequent cost-of-living increases provided under Section 215(i) of the act were disregarded.

(7) A disabled or blind client receiving Title II Disabled Adult Childhood (DAC) benefits under Section 202(d) of the SSA if the client:

(a) Has attained eighteen years of age;

(b) Lost SSI/SSP on or after July 1, 1988, due to receipt of or increase in DAC benefits; and

(c) Would be eligible for SSI/SSP if the amount of the DAC benefits or increase under Section 202(d) of the SSA and any subsequent cost-of-living increases provided under Section 215(i) of the SSA Act were disregarded.

(8) A client who:

(a) In August 1972, received:

(i) Old age assistance (OAA);

(ii) Aid to blind (AB);

(iii) Aid to families with dependent children (AFDC); or

(iv) Aid to the permanently and totally disabled (APTD); and

(b) Was entitled to or received retirement, survivors, and disability insurance (RSDI) benefits; or

(c) Is ineligible for OAA, AB, AFDC, SSI or APTD solely because of the twenty percent increase in Social Security benefits under P.L. 92-336.

(9) A pregnant woman whose family income is at or below one hundred eighty-five percent of the Federal Poverty Level (FPL), or postpartum woman as described under WAC 388-508-0830;

(10) A child, born to a woman eligible for and receiving medical assistance on the date of the child's birth, from the date of birth for a period of one year when the child remains a member of the mother's household;

(11) A child eighteen years of age or younger meeting residence, citizenship, and Social Security number requirements whose countable family income is at or under two hundred percent of the FPL.

(12) In a family unit ineligible for AFDC financial assistance as a result (wholly or in part) of the collection or increased collection of child or spousal support shall be eligible for medical assistance for four months beginning with the month of ineligibility, if the family unit received AFDC financial assistance in at least three of the six months immediately preceding the month of ineligibility;

(13) In a family unit which becomes ineligible for AFDC before April 1, 1990, solely because of increased hours or increased income from employment shall remain categorically eligible for medical assistance for four calendar months beginning with the month of ineligibility, provided:

(a) The family received AFDC in at least three of the six months immediately preceding the month of ineligibility; and

(b) A member of such family continues to be employed; and

(c) The department considers earned income tax credits (EITC) as income for the purposes of this subsection.

(14) Denied AFDC cash payments solely because of a departmental recovery of an overpayment;

(15) In a medical facility and:

(a) Who would be eligible for cash assistance if the person was not institutionalized; or

(b) Is an SSI-related institutionalized person and has gross income above the cash assistance level but below three hundred percent of the Federal Benefit Rate.

(17) A person eligible for and accepting hospice services as described under WAC 388-86-047 and who shall be:

(a) SSI categorically related with gross income less than three hundred percent of the SSI Federal Benefit Rate; or

(b) AFDC categorically related.

(18) Blind or presumptively disabled under SSI criteria, as described under WAC 388-511-1105, and the person receives continuing general assistance (GA-X) cash assistance;

(19) An alien ineligible for AFDC or SSI cash assistance because of deeming of income of the alien's sponsors;

(20) Not an inmate of a public institution;

(21) Not receiving cash assistance because of special situations as defined under WAC 388-507-0740; or

(22) A client who:

(a) Was entitled to RSDI benefits in August 1972; and

(b) Is ineligible for AFDC or SSI solely because of the twenty percent increase in Social Security benefits under PL 92-336.

(23) Suspended from receipt of SSI benefits for non-compliance with drug or alcohol treatment requirements; or

(24) Determined eligible for SSI benefits based on a finding that alcoholism/drug addiction is a contributing factor to the person's disability and such benefits have been exhausted after receipt for thirty-six months.

AMENDATORY SECTION (Amending Order 3845, filed 4/5/95, effective 5/6/95)

WAC 388-511-1105 SSI-related eligibility requirements. (1) For the purposes of SSI-related medical assistance, the client shall be:

(a) Sixty-five years of age or over; or

(b) Blind with:

(i) Central visual acuity of 20((-)/200 ((degrees)) or less in the better eye with the use of a correcting lens; or

(ii) A limitation in the fields of vision so the widest diameter of the visual field subtends an angle no greater than twenty degrees; or

(c) Disabled.

(i) Decisions on SSI-related disability are the responsibility of the medical assistance administration (MAA) and shall be subject to the authority of:

(A) Federal statutes and regulations codified at 42 U.S.C. Sec 1382c and 20 C.F.R. Parts 404 and 416, as amended; or

(B) Controlling federal court decisions which define the OASDI and SSI disability standard and determination process.

(ii) For MAA's purposes, "disabled" means unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which:

(A) Can be expected to result in death; or

(B) Has lasted or can be expected to last for a continuous period of not less than twelve months.

(iii) In the case of a child seventeen years of age or younger, if the child suffers from any medically determinable physical or mental impairment of comparable severity.

(2) When a person has applied for Title II or Title XVI benefits and the SSA has denied the person's application solely because of a failure to meet Title II and Title XVI blindness or disability criteria, the SSA denial shall be binding on the department, unless the applicant's:

(a) SSA denial is under appeals in the reconsideration stage, the SSA's administrative hearing process, or the SSA's appeals council; or

(b) Medical condition has changed since the SSA denial was issued.

(3) The ineligible spouse₂ of an SSI beneficiary receiving a state supplement payment for the ineligible spouse₂ shall not be eligible for Medicaid as noninstitutional categorically needy. Such ineligible spouse may be eligible for noninstitutional medically needy.

(4) The client shall be resource eligible under WAC 388-511-1110 on the first day of the month to be eligible for any day or days of that month. The department shall make a resource determination of the first moment of the first day of the month. The department shall determine changes in the amount of a client's countable resources during a month do not affect eligibility or ineligibility for that month. Refer to WAC 388-513-1395 for an institutionalized client.

(5) The department shall consider a client under 1619(b) of the Social Security Act as eligible for SSI.

(6) The department shall provide a resident of Washington requiring medical assistance outside the United States care according to WAC 388-501-0180.

**WSR 96-23-031
PROPOSED RULES**

WASHINGTON STATE PATROL

[Filed November 15, 1996, 2:02 p.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-14-076 [96-19-047].

Title of Rule: Chapter 204-91A WAC, Towing businesses. Amend section regarding applications for a letter of appointment to provide towing services for the state patrol. Amend the length of vehicles used in calculating basic storage fees.

Purpose: Clarify criteria necessary for a letter of appointment to the state patrol's rotational tow list. Allow tow businesses more space for vehicle storage in tow impound yards.

Statutory Authority for Adoption: RCW 46.37.005, 46.55.050, 46.61.567.

Summary: Amendment will state grounds for refusing an application to provide towing services for the Washington State Patrol and allow the towing industry to store more vehicles in tow impound yards.

Reasons Supporting Proposal: Safeguard public and provide quality services by ensuring tow operators on the state patrol rotational tow list meet certain criteria. Bring the vehicle lengths used to calculate storage fees into line with current standard vehicle lengths.

Name of Agency Personnel Responsible for Drafting: Ms. Carol Morton, 4242 Martin Way, Olympia, WA 98504, (360) 412-8934; Implementation: Sergeant Jim Gallagher, 4242 Martin Way, Olympia, WA 98504, (360) 412-8932; and Enforcement: Captain Tim Erickson, General Administration Building, 210 11th Avenue, Olympia, WA, (360) 753-0360.

Name of Proponent: Washington State Patrol, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Amendment will set standards for applicants to the Washington State Patrol rotational tow list. The state patrol would be able to refuse approval to a tow business if each applicant, partner, or employee does not meet the standards. This would help to ensure the public receives quality towing services from the patrol. By bringing the rule into line with current standard vehicle lengths, the towing industry would be able to store more vehicles in tow impound yards.

Proposal Changes the Following Existing Rules: Adds verbiage stating that the Washington State Patrol may refuse to approve an applicant to the patrol's rotational towing list based on certain criteria. Storage fees will be calculated on vehicles with a standard length of twenty feet, rather than twenty-five feet. This will allow tow business operators to store more vehicles in tow impound yards.

No small business economic impact statement has been prepared under chapter 19.85 RCW. Under this amendment, tow businesses may still operate, however, only reputable businesses may provide towing services for the state patrol. Amending vehicle lengths will benefit the towing industry by allowing them to store more vehicles.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption.

Hearing Location: Washington State Patrol, Fleet Section Conference Room, 4242 Martin Way, Olympia, WA 98504, on January 7, 1997, at 9:00 a.m. - noon.

Assistance for Persons with Disabilities: Contact Ms. Jan Baca by January 2, 1997, (360) 753-0626.

Submit Written Comments to: Ms. Carol Morton, Washington State Patrol, Equipment Review Unit, P.O. Box 42635, Olympia, WA 98504-2635, FAX (360) 493-9090, by January 2, 1997.

Date of Intended Adoption: January 16, 1997.

Chief

AMENDATORY SECTION (Amending WSR 94-18-083, filed 9/2/94, effective 10/3/94)

WAC 204-91A-060 Application for letter of appointment. (1) An application for a letter of appointment will not be considered or approved until the applicant is qualified as a licensed and registered tow truck operator with at least one approved "A" or "B" class tow truck. Additional trucks are optional.

Note: An exception may be made if an operator desires a letter of appointment for class "C" tows only. In such situations, only a class "C" truck is required.

Upon request, the section shall advise the applicant of the contents of the department's regulations and of the standards established for the issuance of a letter of appointment.

(2) An application for a letter of appointment to provide towing service for the patrol shall be filed by the applicant with the local state patrol district office on a form prescribed by the patrol. The state patrol may refuse to approve an application if the applicant, partner, or employee has been convicted of a felony during the ten years preceding the date of application or if convicted of a felony while operating the

tow business. Each applicant, partner, or employee shall be of good moral character prior to approval being granted for the tow business to be appointed to the Washington state patrol rotational tow list. In the case of a partnership, each partner shall apply on the form prescribed. In the case of a corporation, the patrol may require that each of the present and any subsequent officers, managers, and stockholders holding ten percent or more of the total issued and outstanding stock of the applicant corporation complete an application form. A signed "letter of contractual agreement" listing the maximum tow rates to be charged for services resulting from state patrol originated calls will be attached to the application.

(3) The district commander or designee shall complete tow zone portion of the form. He/she will enter "approved" or "disapproved" and will sign the form next to the zone designation. The application and "letter of contractual agreement" will be forwarded to the section.

(4) The application form will be assigned a docket number, by the section, which shall be its permanent identification number for all matters relating to appointments, granted or denied, and any other correspondence with the section thereafter.

(5) The filing of an application for a letter of appointment does not in itself authorize the operator to provide towing services pursuant to this chapter until a letter of appointment has been issued by the section. However, nothing herein shall prohibit the patrol from calling the towing business upon the specific request of a person responsible for a vehicle or his agent.

AMENDATORY SECTION (Amending WSR 89-21-044, filed 10/13/89, effective 11/13/89)

WAC 204-91A-140 Fees. (1) All towing fees shall be based on a flat, hourly rate only and shall apply without regard for the hour of day, day of the week or whether the service was performed on a Saturday, Sunday, or holiday. The hourly rate for each class of truck shall be the only charge for services performed for initial tows and secondary tows performed during business hours. Charges for secondary tows performed during nonbusiness hours, on weekends or holidays, if different from the hourly rate, shall be negotiated and agreed upon with the vehicle owner/agent before the tow is made.

(2) The chief of the state patrol shall, prior to October 15 of each year, establish maximum hourly towing rates for each class of tow truck and maximum daily storage rates that tow operators may charge for services performed as a result of state patrol calls. The maximum rates shall be determined after consulting with members of the towing industry, review of current private towing rates, and such other economic factors as the chief may deem appropriate.

When signed by the chief (or his/her designee) and the tow operator, a contractual agreement to charge no more than the maximum rates shall become part of the operator's letter of appointment. The tow operator may, however, adopt a rate schedule charging less than the maximum rates established by the chief.

The hourly rate shall:

(a) Be the only basis used to compute total charges for towing services.

(b) Apply when the call is made by the state patrol, for whatever reason, including but not limited to accidents, incidents, disableds, and impound requests.

(c) Include all ancillary activities such as, but not limited to, removal of glass and debris from the roadway and any other area referred to as the "scene or incident," necessary winching, dolly service, drive line removal, installing chains on the tow truck, installation of portable lights, vehicle hookup for towing or transporting, tire replacement (on vehicle to be towed) and standby time.

(d) Be considered to include one person (the driver) per truck. Any charges for additional labor and/or ancillary vehicles (trailers, pickups, etc.), for removing debris, cargo, etc., must have prior authorization from the legal or registered owner/agent, or a member of the patrol at the scene.

(e) Be computed from the actual time the truck departs in response to a call until it returns to the starting location or it begins responding to another call minus any down time.* The hourly rate shall be applied to the resulting net time and, after the first hour, shall be rounded to the nearest fifteen minutes. The operator may charge the hourly rate for the first hour or any portion thereof. After the first hour, no more than one-quarter of the hourly rate may be charged for each fifteen minutes of tow or service work performed.

*Down time includes coffee or meal breaks, personal errands by the operator, and/or any mechanical failure on the truck or equipment.

(3) The basic storage fee:

(a) Shall be calculated on a twenty-four-hour basis and shall be charged to the nearest half day from the time the vehicle arrived at the secure storage area; and

(b) Shall be the same for all three and four-wheel vehicles less than ~~((twenty-five))~~ twenty feet in length; and

(c) For vehicles or combinations exceeding ~~((twenty-five))~~ twenty feet shall be computed by multiplying each ~~((twenty-five))~~ twenty feet of vehicle length, or any portion thereof, by the basic storage fee;

(d) For two-wheel motorcycles shall be one-half the basic storage fee for three and four-wheel vehicles.

(4) After hours release fee. If an operator or employee is already present, for other reasons, at the storage facility after business hours when a customer arrives, the vehicle and/or property shall be released as if it were during business hours. No "after hours fee" may be assessed. If the operator or employee is called to the place of business specifically for the purpose of releasing the vehicle and/or property, an "after hours fee," equivalent to one-half of the maximum Class "A" hourly rate, may be assessed.

(5) Any tow operator who charges the general public (i.e., private citizens) rates lower than those identified in the contractual agreement for services listed below shall charge the same lower rate for similar services performed as a result of state patrol originated calls.

(a) Roadside mechanical service, including fuel transfer, tire and belt changes, etc.;

(b) Disabled vehicle tow/transportation;

(c) Storage;

(d) After hours release fees.

Any such price requirement shall not be imposed for unoccupied vehicle situations in which the owner/operator has had no prior contact with either the state patrol or the tow operator.

PROPOSED RULES
WASHINGTON STATE PATROL

[Filed November 15, 1996, 2:04 p.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-20-108.

Title of Rule: New section in chapter 204-10 WAC, Equipment standards, will clarify the definition of an antique motor-driven cycle.

Purpose: The Senate Law and Justice Committee requested a clear definition of an antique motor-driven cycle in order to eliminate confusion over what types of motor-driven cycles are exempt from the helmet law.

Statutory Authority for Adoption: RCW 46.37.005 and 46.37.530.

Summary: Add new section to chapter 204-10 WAC to define an antique motor-driven cycle as stated in RCW 46.04.332.

Reasons Supporting Proposal: Requested by the Senate Law and Justice Committee. Will clear up misunderstandings on what type of antique motor-driven cycles are exempt from the helmet law.

Name of Agency Personnel Responsible for Drafting and Implementation: Ms. Carol Morton, 4242 Martin Way, Olympia, WA 98504, (360) 412-8934; and **Enforcement:** Captain Tim Erickson, General Administration Building, 210 11th Avenue, Olympia, WA, (360) 753-0360.

Name of Proponent: Washington State Patrol, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Add new section to chapter 204-10 WAC, Equipment standards, to define antique motor-driven cycles. Requested by Senate Law and Justice Committee to eliminate confusion in court proceedings regarding what types of antique motor-driven cycles are exempt from the helmet law. This addition will match the rule with RCW 46.04.332 and differentiate between motorcycles in general and antique motor-driven cycles.

Proposal does not change the existing rules.

No small business economic impact statement has been prepared under chapter 19.85 RCW. This rule will have no effect on small businesses.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. Agency not included under subsection (5)(a)(i) of section 201.

Hearing Location: Washington State Patrol, Fleet Section Conference Room, 4242 Martin Way, Olympia, WA 98504, on January 7, 1997, at 8:30 to 9:00 a.m.

Assistance for Persons with Disabilities: Contact Ms. Jan Baca by January 2, 1997, (360) 753-0626.

Explanation of Rule, its Purpose, and Anticipated Effects: See Purpose above.

Proposal Changes the Following Existing Rules: See Purpose above.

A small business economic impact statement has been prepared under chapter 19.85 RCW.

SMALL BUSINESS ECONOMIC IMPACT STATEMENT

Subject: Deduction of guardianship and associated attorney fees from income prior to participation in nursing facility costs.

Background: The Medical Assistance Administration (MAA) and Aging and Adult Services (AASA) of the Department of Social and Health Services (DSHS) are proposing new rules related to guardianship fees and costs and related attorney fees for certain DSHS clients who are subjects of guardianships. The rules are proposed under the authority of RCW 11.92.180 and 43.20B.460.

The rule will be effective in early 1997, but the total impact will be phased in over three years as guardianship orders are renewed.

This statement has been prepared for consideration with the notice of proposed rule making under the Administrative Procedure Act, chapter 34.05 RCW, and is intended to comply with the Regulatory Fairness Act, chapter 19.85 RCW.

Summary of Rule Change: The proposed rule amends WAC 388-513-1380 and other sections to make reference to WAC 388-513-1380. The rule sets allowable fees and sets out a suggested list of services covered by those fees. It provides for an organizational period and emergencies. It would allow fees for establishing guardianships and for annual reports.

Presently fees are allowed as an exception to policy. These rules would make that process unnecessary.

Affected Businesses: The Standard Industrial Codes for affected businesses are:

8111 Legal Services
8399 Social Services, unclassified (guardians)

Costs of Compliance: Potential costs to the affected businesses will be in the form of reduced revenue resulting from control of the fees allowed. The fee restrictions apply only to those fees charged to a person who has been determined eligible as a client of the Department of Social and Health Services; who is residing in a nursing facility or in a residential or home setting and who is required to contribute toward their cost of care. This proposed rule does not regulate or limit the fees charged by guardians or the related attorneys fees for a person who is not a DSHS client.

The proposed amendments do not impose additional reporting, record-keeping or any other compliance requirements. There will be few if any costs of compliance with the new law and rules. Costs presently incurred by guardians may be reduced as follows:

- The rule will allow the guardian to deal with only the local DSHS office, and the clients contribution towards the cost of care will be determined from the court order rather than by an exception to policy. This should speed turn around time, and decrease the problem of having every case decided at the DSHS headquarters level;
- There should be no increased costs of equipment, supplies, or labor, and the costs per employee should be stable or go down.

Real Impact: Based on figures developed from past exceptions to policy requesting deduction of fees from participation, the department estimates a potential loss of revenue to the industry. This loss may increase each year for three years and then stabilize.

The department has collected data from its exception to policy applications for several years. In addition there have been informal discussions with guardians over the last

several years. The table below has been developed from this data:

COMPARISON OF TOTAL ANNUAL COSTS
UNDER PRESENT SYSTEM AND WITH A LIMIT OF \$125 PER MONTH
(WITHOUT REGARD TO ATTORNEY FEES OR ADD ON)

| Year | Number of Cases per Year | Annual Cost of Exceptions to Policy | Average Monthly Cost of Exceptions | Annual Cost at \$125 per Month per Case | Annual Savings at \$125 per month per case |
|------|--------------------------|-------------------------------------|------------------------------------|---|--|
| 1992 | 266 | \$863,562.00 | \$270.54 | \$399,000.00 | \$464,562.00 |
| 1993 | 550 | 1,708,194.00 | 258.82 | \$825,000.00 | \$883,194.00 |
| 1994 | 640 | 1,976,639.00 | 257.37 | \$960,000.00 | \$1,016,639.00 |
| 1995 | 705 | 2,762,005.00 | 326.48 | \$1,057,500.00 | \$1,704,505.00 |

Please Note: The yearly figures given are not cumulative. The data may also be incomplete because there may be cases outside the Medicaid review process, or which receive an exception without headquarters review. Therefore, the figures given are a minimum subset of the whole.

DSHS has been told in discussions and meetings that all of the guardianship firms have some DSHS cases. Some firms have as many as seventy to eighty percent of their clients receiving DSHS services. If so, then using 1995 data provided in the above chart, the proposed fee of \$125 represents a sixty-two percent reduction from the average fee of \$326. If seventy percent of the firm's clients receive DSHS services, this sixty-two percent reduction in DSHS clients fees represents a fifty-six percent reduction in total income for the firm, assuming that all clients are charged the same \$326 fee.

The drop in income will occur over a three-year period as the new fees are phased in. Firms with seventy percent of their clients receiving DSHS services would therefore not experience a fifty-six percent drop in income immediately. Additionally, the percentage drop in income is dramatically less if a smaller percentage of the firm's clients receive DSHS services. For example, if thirty percent of a firm's clients receive DSHS services, then the firm will experience approximately a nineteen percent drop in total income between the effective date of the \$125 maximum fee and the third year of the fee phase-in. This assumes that DSHS clients are charged the same as private pay clients. To the extent that they are not, this would be different.

This is mitigated by using best practices thus reducing costs, and the projected loss of revenue can also be mitigated by expanding the percentage of private practice clients.

The department has included the impacted small businesses in the review of these rule amendments and notification of the public hearing. The impacted providers have been given an opportunity to examine options and make recommendations to the department concerning delivery of services to this client population. DSHS has received comments from Washington State Association of Professional Guardians. Department personnel have held discussions with several individual guardians.

These discussions with members of the guardianship industry indicate that there is a widespread feeling that a fee of \$90 per month as initially proposed is too low. The industry points out that many other states allow from \$125 to \$150 per month as a presumptive fee.

Reviewing the material sent to us by the Washington Association of Guardians, and based on the materials developed by LA Plus, it would seem that a proposed \$90 figure may be too low. Using the figures given, it would appear that a low cost guardianship results in charges of approximately \$1,200 to \$1,500 per year. (Based on the described tasks of renewing oath and bond, personal care planning, monitoring care, and giving informed consent at least once.)

In response to input from the guardians, DSHS has raised the maximum basic fee to \$125 per month in the proposed rule (\$1,500 per year) to be closer to the present cost structure and less harmful to those small businesses that rely on DSHS clients for a majority of their business. The maximum fee may include file set up and emergencies which would raise the fees to about \$1,900 per year. As noted above, the savings from new cases assuming no additional fees, would meet the budget goals. Existing cases will come up for review over the next three to four years and the savings should grow as fees are set within the new standards.

Mitigation Factors: There should be faster cash flow because court orders will not have to be sent to DSHS headquarters for review. There should be more certainty as to expectations of both the department and the providers. Little can be done to mitigate the loss of revenue; except raise the allowed fee, but providers have had time to adapt, since the legislation was enacted in 1994, find new sources of revenue, and the total effect of the rule will not be felt for three years.

Increasing the proposed maximum fees to \$125 per month from the earlier proposal of \$90 (not including add ons and related attorney fees) will help mitigate the impact.

Conclusion: The department must implement RCW 11.92.180 and 43.20B.460. These amendments will have an economic impact on the listed businesses in the form of reduced revenue. The department has undertaken to mitigate the impact as stated above. Any changes or alternatives to the rule amendments in an attempt to further reduce the economic impact upon businesses would not result in meeting the necessary budget reductions imposed by the legislature.

Funding for guardianships as a deduction from DSHS clients contribution towards the costs of care is decreased in the present biennial state budget.

AMENDATORY SECTION (Amending Order 3963, filed 4/10/96, effective 5/11/96)

WAC 388-513-1380 Institutional—Participation. (1) In reducing payment ~~((to the institution))~~ for institutional nursing facility care, the department shall consider the institutionalized client's:

(a) Income under WAC 388-513-1330 (3)(a), (b), (c), and (d); and

(b) Resources under WAC 388-513-1350, 388-513-1360, and 388-513-1365.

(2) In reducing payment ~~((to the institution))~~ for institutional nursing facility care, the department shall consider the eligible institutionalized client's excess resources available to meet the cost of care after the following allocations:

(a) Health insurance and Medicare premiums, deductions, and co-insurance not paid by a third party; and

(b) Noncovered medical bills which are the liability of the client and not paid by a third party.

(3) The department shall not use allocations used to reduce excess resources under subsection (2) of this section to reduce income under subsection (4) of this section.

(4) ~~((The department shall deduct the following amounts, in the following order,))~~ From the institutionalized client's total income, ~~((including))~~ which shall include the income amounts disregarded in determining eligibility, the department shall deduct the following amounts, in the following order:

(a) Specified personal needs allowance (PNA) as follows:

(i) One hundred sixty dollars for a veteran living in a Medicaid-certified state veteran's home nursing facility;

(ii) Ninety dollars for a single veteran, or widow or widower of a veteran, receiving an improved veteran's pension; or

(iii) Forty-one dollars and sixty-two cents for all other clients in a medical ~~((institutions))~~ facility.

(b) Federal, state, or local income taxes:

(i) Mandatorily withheld from earned or unearned income for income tax purposes before receipt by the client;

(ii) Not covered by withholding, but are owed or have been paid by the client; and

(iii) ~~((Does))~~ Which do not exceed the one-person medically needy income level (MNIL) less the client's personal needs allowance.

(c) ~~Wages not to exceed the one-person ~~((medically needy income level-))~~ MNIL ~~((+))~~~~ less the client's personal needs allowance for a client who:

(i) Is SSI-related; and

(ii) Receives the wages as part of a department-approved training or rehabilitative program designed to prepare the client for a less restrictive placement. When determining this deduction, the department shall:

(A) Not allow a deduction for employment expenses; and

(B) Apply the client's wages not deducted under this subsection to the client's cost of care.

(d) Guardianship fees and costs only:

(i) When the court establishes a legal guardianship and the court order requires an annual review or accounting on or after February 1, 1997;

(ii) In an amount ordered by the court not to exceed one hundred twenty-five dollars per month;

(iii) For services which may include but are not limited to:

(A) Informed consent for health care decisions for the client, other than decisions which may be left to the client under an appropriate limited guardianship order;

(B) Financial management when the guardianship includes:

(I) The estate as well as the person;

(II) Acting as representative payee;

(III) Reviewing financial accounting by bank or facility;

(IV) Preparation of an income tax return, if necessary;

and

(V) Management of the client's personal needs allowance, and of assets, if any.

(C) Participation in and cooperation with the department of social and health services concerning:

(I) Program eligibility process, including eligibility reviews; and

(II) Timely actions to preserve income when the guardian is essential to receive the income.

(D) Advocacy and participation in service decisions;

(E) Visits to the client;

(F) Communication with service providers; and

(G) Reporting of problems to an appropriate agency

including, but not limited to:

(I) Adult protective services;

(II) Law enforcement body;

(III) Licensing body; or

(IV) The residential care facility where the client lives.

(v) An exceptional additional fee as ordered by the court, in an amount not to exceed fifty dollars per month shall be allowed during the first six months of the guardianship, if necessary, to allow for asset searches and stabilization of the client's living situation; and

(v) An emergency fee as ordered by the court, in an amount not to exceed fifty dollars per month for a period of up to four months as determined necessary in the court's discretion.

PROPOSED

(e) Attorney fees directly related to maintaining the guardianship only:

(i) In an amount, ordered by the court, not to exceed five hundred dollars when a guardianship is initiated for a client of the department of social and health services after February 1, 1997;

(ii) After a guardianship is established, the amount of ten dollars per month as a retainer;

(iii) An additional fee, as ordered by the court, in an amount not to exceed fifty dollars per month shall be allowed during the first six months of the guardianship, if necessary, to allow for asset searches and stabilization of the client's living situation;

(iv) An emergency fee as ordered by the court, not to exceed fifty dollars per month shall be allowed for a period of up to four months when determined necessary in the courts discretion.

(f) The amount of income garnisheed for child support:

(i) In the same time period covered by the PNA; and

(ii) When the amount of the garnishment is not deducted under another provision in the eligibility process.

(g) The total amounts deducted under subsection (4)(a), (b), ~~(and)~~ (c), (d), (e), and (f) of this section shall not exceed the one-person MNIL or the maintenance standard specified under the waiver.

~~((e))~~ (h) A monthly needs allowance for the community spouse not to exceed, effective January 1, 1996, one thousand nine hundred nineteen dollars, unless specified in subsection (6) of this section. The department shall ensure the monthly needs allowance is:

(i) An amount added to the community spouse's gross income to provide a total community spouse's income of one thousand two hundred ninety-five dollars;

(ii) Excess shelter expenses as specified under subsection (5) of this section; and

(iii) Allowed only to the extent income of the institutionalized spouse is made available to the community spouse.

~~((f))~~ (i) An amount for the maintenance needs of each dependent family member residing with the community spouse:

(i) Equal to one-third of the amount one thousand two hundred ninety-five dollars exceeds the family member's income. Child support received from an absent parent is the child's income.

(ii) "Family member" means a:

(A) Dependent or minor child;

(B) Dependent parent; or

(C) Dependent sibling of the institutionalized or community spouse.

~~((g))~~ (j) When an institutional client does not have a community spouse, an amount for the maintenance needs of family members residing in the client's home equal to the ~~(medically needy income level)~~ MNIL for the number of legal dependents in the home less the income of the dependents.

~~((h))~~ (k) Amounts for incurred medical expenses not subject to third-party payment which are the current liability of the client including, but not limited to:

(i) Health insurance premiums, coinsurance, or deductible charges; and

(ii) Necessary medical care recognized under state law, but not covered under Medicaid.

~~((i))~~ (l) Maintenance of the home of a single person or couple:

(i) Up to one hundred percent of the one-person federal poverty level per month;

(ii) Limited to a six-month period; and

(iii) When a physician has certified that the client is likely to return to the home within the six-month period; and

(iv) When social service staff documents initial need for the income exemption and reviews the person's circumstances after ninety days.

(5) For the purposes of this section, the department shall:

(a) Determine shelter expenses to be the actual required maintenance expenses for the community spouse's principal residence for:

(i) Rent;

(ii) Mortgage;

(iii) Taxes and insurance;

(iv) Any maintenance care for a condominium or cooperative; and

(v) The food stamp standard allowance for utilities, provided the utilities are not included in the maintenance charges for a condominium or cooperative.

(b) Consider the standard shelter allocation to be three hundred eighty-nine dollars, effective April 1, 1996.

(c) Consider as "excess shelter expenses" an amount equal to the actual expenses under subsection (5)(a) of this section less the standard shelter allocation under subsection (5)(b) of this section.

(6) The department shall determine the amount the institutional spouse allocates to the community spouse may only be greater than the amount in subsection (4)~~((e))~~(h)(i) of this section when:

(a) A court enters an order against the institutionalized client for the community spouse support; or

(b) A hearing officer determines a greater amount is needed because of exceptional circumstances resulting in extreme financial duress.

(7) The client shall use the income remaining after allocations specified in subsection (4) and (6) of this section toward payment of the client's cost of care at the department rate.

(8) SSI-related clients.

(a) SSI-related clients shall continue to receive total payment under 1611 (b)(1) of the Social Security Act for the first three full calendar months of institutionalization in a public or Medicaid-approved medical institution or facility when the:

(i) Stay in the institution or facility is not expected to exceed three months; and

(ii) SSI-related clients plan to return to former living arrangements.

(b) The department shall not consider the SSI payment when computing the client's participation amount.

(9) The department shall not consider income from reparation payments made by the Federal Republic of Germany when computing the client's participation amount.

PROPOSED RULES
DEPARTMENT OF
VETERANS AFFAIRS

[Filed November 19, 1996, 10:00 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-20-036 and 96-20-053.

Title of Rule: Chapter 484-20 WAC, State veterans homes, WAC 484-20-103 Administrative action, notice of and 484-20-120 Transfer and discharge of state veterans home residents and denial of colony benefits.

Purpose: To reflect changes made to applicable RCWs.

Statutory Authority for Adoption: RCW 43.60A.070.

Statute Being Implemented: RCW 72.36.030.

Summary: Update WAC 484-20-103 and 484-20-120 to reflect changes made to applicable RCWs.

Reasons Supporting Proposal: RCW 70.129.110 gives guidance on federal laws related to discharges from long-term care facilities. Proposed changes bring WAC 484-20-103 and 484-20-120 into line with federal and state laws related to discharges from the state veterans homes.

PROPOSED RULES

DEPARTMENT OF LICENSING

[Filed November 19, 1996, 10:46 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 95-17-082.

Title of Rule: Chapter 308-56A WAC, Certificates of title—Motor vehicles, etc.

Purpose: To clarify the application for certificates of ownership procedures for vehicles held in trust for the rightful owner. The amended rules include application for so called living trusts and family trusts.

Statutory Authority for Adoption: RCW 46.01.110 and 46.12.030.

Statute Being Implemented: RCW 46.12.030.

Summary: The amendatory rules will provide instruction for making application to have vehicles titled in the name of a trust executed pursuant to chapter 11.98 RCW.

Reasons Supporting Proposal: The department is experiencing more applications for trust ownership. Existing rules are inadequate to assist the public in making applications for this type of ownership.

Name of Agency Personnel Responsible for Drafting: Jack L. Lince, 1125 Washington Street, Olympia, WA, (360) 902-3773; Implementation: Debra McCurley, 1125 Washington Street, Olympia, WA, (360) 902-4045; and Enforcement: Nancy Kelly, 1125 Washington Street, Olympia, WA, (360) 902-3754.

Name of Proponent: Department of Licensing, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: No new rules are being proposed.

Proposal Changes the Following Existing Rules: WAC 308-56A-065, this section is amended to authorize names of trust and trustees to appear on the certificates of ownership and registration. Provides instructions on how to change trustees.

WAC 308-56A-070 and 308-56A-075, administrative changes to delete "Vehicles held in trust" from the title. These sections pertain to more than vehicles held in trust and may be misconstrued.

No small business economic impact statement has been prepared under chapter 19.85 RCW. A small business economic impact statement is not required pursuant to RCW 19.85.030 (1)(a). The proposed rule making does not impose more than a minor cost on businesses in an industry.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. The contents of the proposed rules are explicitly and specifically dictated by statute.

Hearing Location: Highways-Licenses Building, Conference Room 303, 1125 Washington Street S.E., Olympia, WA, on December 27, 1996, at 10:00 a.m.

Assistance for Persons with Disabilities: Contact Jack Lince by December 27, 1996, TDD (360) 664-8885.

Submit Written Comments to: Jack L. Lince, Contracts Manager, Title and Registration Services, P.O. Box 2957, Olympia, WA 98507-2957, FAX (360) 664-0831, by December 27, 1996.

Date of Intended Adoption: January 15, 1997.

Title and Registration Services

AMENDATORY SECTION (Amending Order MV 208, filed 7/31/74)

WAC 308-56A-065 Vehicles held in trust. (1) The trustee of a trust, including family trusts, executed pursuant to chapter 11.98 RCW listing a vehicle on the property schedule shall ((be shown on any)) make application for certificate of ((title as registered owner if a vehicle is held in trust for the benefit of another)) ownership and registration in the name of the trustee, pursuant to chapters 46.12 and 46.16 RCW. ((There is no requirement that)) The certificates of ownership and registration shall show the trustee as registered or legal owner followed by the word "trustee" ((be placed after)) and the name of ((any such owner)) the trust. The name of the trust may be abbreviated to fit into available space.

~~(2) ((If the application and subsequently issued title includes the word "trustee" after the name of the registered owner, any signature releasing interest in the vehicle by that owner shall include that designation.~~

~~(3) Upon the death of the trustee, a co-trustee or successor trustee shall make application for transfer of title into his/her own name. An affidavit that he is the successor or co-trustee and a copy of the documents so designating him shall accompany any such application-)) Applications for licensing activities on the vehicle, including release of~~

interest and transfer of ownership shall be requested over the signature of the trustee until the trustee is replaced or the trust is terminated. The replacement trustee shall make application for transfer of ownership as provided in subsection (1) of this section. If a replacement trustee is not appointed or the trust is terminated, the beneficiary of the vehicle shall make application for ownership as provided in chapter 46.12 RCW.

AMENDATORY SECTION (Amending Order MV 208, filed 7/31/74)

WAC 308-56A-070 (~~(Vehicles held in trust)~~) **Leased vehicles.** If the vehicle is leased and operated in Washington, it must be titled and licensed in Washington.

(1) The application for title is to be completed with the name of the lessee as registered owner, followed by the word "lessee." The name of the lessor is shown as the secured party or legal owner, followed by the word "lessor."

(2) If the vehicle is subject to a security agreement, the application will be completed as above except the lessor's name will be immediately below the lessee's name and will be identified by the word "lessor." The address shown will be the lessee's. The secured party's name and address will be shown in the legal owner's space.

(3) Dealers and persons engaged in the business of vehicle leasing may simply show the lessor as sole registered owner if a copy of the lease or rental agreement is attached to the application. This does not apply if the lease contains an option to purchase or if it is for more than one year.

AMENDATORY SECTION (Amending Order MV 208, filed 7/31/74)

WAC 308-56A-075 (~~(Vehicles held in trust)~~) **Two legal owners.** If one of two legal owners shown on a certificate of title has his/her security interest in the vehicle satisfied, that interest in the vehicle shall be released in the appropriate manner and the appropriate documentation forms forwarded to the remaining legal owner. The remaining legal owner shall either (1) retain that documentation and forward it to the department at the time his/her interest is satisfied along with an application for reissue or (2) the documentation shall be immediately presented to the department with an application for reissue of title to show the remaining secured party as the sole legal owner of the vehicle. If the outstanding certificate of title does not show the address of the remaining legal owner, there must be an application for reissue of title in order that the address of the remaining legal owner may be indicated on the outstanding certificate of title.

PROPOSED RULES
DEPARTMENT OF REVENUE
 [Filed November 19, 1996, 3:54 p.m.]

Original Notice.

Exempt from preproposal statement of inquiry under RCW 34.05.310(4).

Title of Rule: Amendatory section WAC 458-18-220 Refunds—Rate of interest.

Purpose: To update rule so it reflects the rate of interest for auction year 1996 that will be included when property taxes are refunded.

Statutory Authority for Adoption: RCW 84.08.010, 84.08.070.

Statute Being Implemented: RCW 84.60.100.

Summary: The rates of interest set forth in this rule are used when property taxes are refunded. The rates of interest are itemized according to the year in which the property taxes are paid or when the claim for refund is filed.

Reasons Supporting Proposal: RCW 84.69.100 requires interest to be included when property taxes are refunded. This statute also requires the department to adopt the rate of interest by rule.

Name of Agency Personnel Responsible for Drafting: Kim M. Qually, 711 Capitol Way South, #303, Olympia, WA, (360) 664-0086; Implementation and Enforcement: William Rice, 6004 Capitol Boulevard, Tumwater, WA, (360) 753-5503.

Name of Proponent: Department of Revenue, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: RCW 84.60.100 calls for interest to be paid when property taxes are refunded. WAC 458-18-220 sets forth the rate of interest on a yearly basis and will be used by county officials to calculate the total amount of property tax and interest to be refunded to the taxpayer.

Proposal Changes the Following Existing Rules: This proposed rule amends the current version of WAC 458-18-220. The amendments to this rule specify the rate of interest to be paid when taxes are paid or a claim for refund is filed in 1997.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The changes to this rule are made to conform to mandates of the legislature and the department is given no discretionary latitude. The department is not aware of any new or additional administrative responsibilities placed on a business as a result of this rule.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. The amendatory section proposed is not a significant legislative rule as defined in section 201. This proposal concerns a rule the content of which is explicitly and specifically dictated by statute.

Hearing Location: Evergreen Plaza Building, 711 Capitol Way South, 2nd Floor Conference Room, Olympia, WA, on December 27, 1996, at 9:30 a.m.

Assistance for Persons with Disabilities: Contact Janet Schilter by December 15, 1996, TDD 1-800-451-7985, or (360) 753-3217.

Submit Written Comments to: Kim M. Qually, Department of Revenue, P.O. Box 47467, Olympia, WA 98504-7467, FAX (360) 664-0693, by December 27, 1996.

Date of Intended Adoption: December 31, 1996.

PROPOSED

AMENDATORY SECTION (Amending WSR 96-01-093, filed 12/19/95, effective 1/1/96)

WAC 458-18-220 Refunds—Rate of interest. The following rates of interest shall apply on refunds of taxes made pursuant to RCW 84.69.010 through 84.69.090 in accordance with RCW 84.69.100. The following rates shall also apply to judgments entered in favor of the plaintiff pursuant to RCW 84.68.030. The interest rate is derived from the equivalent coupon issue yield of the average bill rate for twenty-six week treasury bills as determined at the first bill market auction conducted after June 30th of the calendar year preceding the date the taxes were paid or the claim for refund is filed, whichever is later. The rate thus determined shall be applied to the amount of the judgment or the amount of the refund, until paid:

| Year tax paid (chapter 84.68 RCW); Year tax paid or claim filed (whichever is later) (chapter 84.69 RCW) | Auction Year | Rate |

PROPOSED RULES
DEPARTMENT OF REVENUE
[Filed November 19, 1996, 3:57 p.m.]

Original Notice.

Exempt from preproposal statement of inquiry under RCW 34.05.310(4).

Title of Rule: Amendatory section WAC 458-30-590 Rates of inflation.

Purpose: To provide a rate of inflation that is used by county officials to calculate interest in certain circumstances.

Statutory Authority for Adoption: RCW 84.34.360.

Statute Being Implemented: RCW 84.34.310.

Summary: Special benefit assessments that relate to farm and agricultural and timber land classified under chapter 84.34 RCW may be deferred by the land owner. If the land owner has chosen to defer these assessments and the classified land is subsequently removed or withdrawn from classification under chapter 84.34 RCW, the deferred special benefit assessments become due and payable. This rule provides the rate of inflation that is used to calculate interest and the total amount of deferred benefit assessments due.

Reasons Supporting Proposal: RCW 84.34.310(6) authorizes the department to determine the rate of inflation and to publish this rate prior to January 1st each year.

Name of Agency Personnel Responsible for Drafting: Kim M. Qually, 711 Capitol Way South, #303, Olympia, WA, (360) 664-0086; Implementation and Enforcement: William Rice, 6004 Capitol Boulevard, Tumwater, WA, (360) 753-5503.

Name of Proponent: Department of Revenue, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: This amendatory rule is necessary to update the rate of inflation to include 1996. The rate of inflation is used when land classified as farm and agricultural or timber land under chapter 84.34 RCW is removed or withdrawn from classification and special benefit assessments relating to this land have been deferred by the land owner. This rate is added to the amount of assessments deferred to calculate the total amount due.

Proposal Changes the Following Existing Rules: This proposed rule amends the current version of WAC 458-30-590. The proposed rule adds the rate of inflation for 1996.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The changes to this rule are made to conform to mandates of the legislature and the department is given no discretionary latitude. The department is not aware of any new or additional administrative responsibilities placed on a business as a result of this rule.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. The amendatory section proposed is not a significant legislative rule as defined in section 201. This proposal sets or adjusts fees or rates pursuant to legislative standards and is excluded from compliance with section 201.

Hearing Location: Evergreen Plaza Building, 711 Capitol Way South, 2nd Floor Conference Room, Olympia, WA, on December 27, 1996, at 9:30 a.m.

PROPOSED RULES
DEPARTMENT OF REVENUE
 [Filed November 19, 1996, 4:00 p.m.]

Original Notice.

Exempt from preproposal statement of inquiry under RCW 34.05.310(4).

Title of Rule: Amendatory section WAC 458-30-262 Agricultural land valuation—Interest rate—Property tax component.

Purpose: To provide county assessors with the rate of interest and property tax component to be used in valuing farm and agricultural land classified under chapter 84.34 RCW during assessment year 1997.

Statutory Authority for Adoption: RCW 84.08.010, 84.08.070, 84.34.360.

Statute Being Implemented: RCW 84.34.065.

Summary: The amendments to this rule update the interest rate and the property tax component used in valuing farm and agricultural land classified under chapter 84.34 RCW.

Reasons Supporting Proposal: RCW 84.34.065 requires the department to annually determine a rate of interest and property tax component and to publish a rule containing these determinations by January 1st each year.

Name of Agency Personnel Responsible for Drafting: Kim M. Qually, 711 Capitol Way South, #303, Olympia, WA, (360) 664-0086; Implementation and Enforcement: William Rice, 6004 Capitol Boulevard, Tumwater, WA (360) 753-5503.

Name of Proponent: Department of Revenue, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: WAC 458-30-262 provides county assessors with information that will be used in assessment year 1997 to value land classified as farm and agricultural land under chapter 84.34 RCW. The rate of interest and property tax component contained in this rule are used to determine the earning and productive capacity of classified farm and agricultural land. This rule must be updated annually to reflect the changes in the interest rate and property tax component used by the county assessors to determine the value of classified farm and agricultural land during the upcoming assessment year.

Proposal Changes the Following Existing Rules: This proposed rule amends the current version of WAC 458-30-262. The amendments to this rule relate to assessment year 1997 and change the interest rate and the property tax component. These figures will be used to value classified farm and agricultural land during assessment year 1997.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The changes to this rule are made to conform to mandates of the legislature and the department is given no discretionary latitude. The department is not aware of any new or additional administrative responsibilities placed on a business as a result of this rule.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. The amendatory section proposed is not a significant legislative rule as defined in section 201. This proposal sets or adjusts fees or rates pursuant to legislative standards and is excluded from compliance with section 201.

Preproposal statement of inquiry was filed as WSR 96-06-078 on March 6, 1996.

Title of Rule: Agriculture-pesticides (worker protection standard).

Purpose: Chapter 296-306 WAC, Safety standards for agriculture, state-initiated amendments to chapter 296-306 WAC are made to repeal WAC 296-306-060 Personal protective equipment, 296-306-330 Decontamination, 296-306-400 Posting requirements, 296-306-40007 Emergency medical care information, and 296-306-40009 Emergency assistance. This action is being taken to correct an error in a previous rules proposal and adoption.

Recently, the Department of Labor and Industries and the Department of Agriculture worked together to jointly adopt the federal Environmental Protection Agency worker protection standard to fulfill the requirements of SHB 2703. This adoption occurred September 30, 1996, with an effective date of November 1, 1996. In that adoption, the new pesticides sections adopted were included in the new agriculture standard chapter, chapter 296-306A WAC. It was the department's intention to repeal the old pesticide sections in the old chapter, chapter 296-306 WAC, at the same time. However, due to a filing oversight, these sections were not repealed as intended.

An emergency adoption on November 1, 1996, repealed the old pesticide sections so two sets of pesticide rules are not in effect at the same time. Because an emergency adoption is not a permanent adoption, the department is proposing to permanently adopt the repeal of these rules to meet the requirements of the Administrative Procedure Act.

Statutory Authority for Adoption: Chapter 49.17 RCW.

Name of Proponent: Department of Labor and Industries, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: See Purpose above.

Proposal Changes the Following Existing Rules: See Purpose above.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The department has determined a small business economic impact statement is not required to meet the requirements of the Regulatory Fairness Act, chapter 19.85 RCW, because the proposed amendments do not place more than minor impact on business.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. Significant rule-making criteria does not apply to these rule amendments because they meet the exempt criteria outlined in RCW 34.05.328 (5)(b).

Hearing Location: Department of Labor and Industries Building, Auditorium, 7273 Linderson Way, Tumwater, WA, on December 27, 1996, at 9:30 a.m.

PROPOSED RULES
DEPARTMENT OF
LABOR AND INDUSTRIES
 [Filed November 20, 1996, 11:10 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-06-034.

Title of Rule: Agriculture-clear rule writing, chapter 296-306A WAC.

PROPOSED

Purpose: Chapter 296-306A WAC, Safety standards for agriculture, state-initiated proposed amendments are made to correct an inadvertent housekeeping error in the October 31, 1996, adoption of the new agriculture standard which became effective on December 1, 1996. The sole purpose of the new agriculture standard's proposal and adoption was to produce a clearly written agriculture standard that was easy to use that did not change existing requirements. After adoption, the department discovered an unintended error in the adopted standard. The department is proposing to adopt a correction to this error.

WAC 296-306A-16003 How must camp shelters be constructed? Proposed amendments are made to:

- insert subsection (11) in between the two sentences of subsection (10).

- renumber subsection (12) to subsection (11).

Statutory Authority for Adoption: Chapter 49.17 RCW.
Statute Being Implemented: RCW 49.17.040, [49.17].050, [49.17].060.

Summary: See Purpose above.

Name of Agency Personnel Responsible for Drafting: Tracy Spencer, 7273 Linderson Way, Tumwater, WA, (360) 902-5530; Implementation and Enforcement: Frank Leuck, 7273 Linderson Way, Tumwater, WA, (360) 902-5495.

Name of Proponent: Department of Labor and Industries, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: See Purpose above.

Proposal Changes the Following Existing Rules: See Purpose above.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The department has determined that an economic impact statement is not required by chapter 19.85 RCW because there are no probable costs associated with the amendments proposed.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. Significant rule-making criteria does not apply. The proposed rule proposes no significant modifications to the standard.

Hearing Location: Department of Labor and Industries Building, Auditorium, 7273 Linderson Way, Tumwater, WA, on December 27, 1996, at 9:30 a.m.

AMENDATORY SECTION (Amending WSR 96-22-048, filed 10/31/96, effective 12/1/96)

WAC 296-306A-16003 How must camp shelters be constructed? (1) You must ensure that every shelter in the camp is constructed to provide protection against the elements.

(2) Each room used for sleeping purposes must have at least 50 square feet of floor space for each occupant. The room must have at least a 7-foot ceiling.

(3) You must provide beds, cots, or bunks, and suitable storage facilities such as wall lockers for clothing and personal articles in every sleeping room.

(a) Beds must be at least 36 inches apart, both laterally and end to end, and the frame must keep mattresses at least 12 inches off the floor.

(b) Double-deck bunks must be spaced at least 48 inches apart, both laterally and end to end.

(c) The minimum clear space between lower and upper bunks must be at least 27 inches.

(d) Triple-deck bunks are prohibited.

(4) The floors of each shelter must be constructed of wood, asphalt, or concrete. Wooden floors must be smooth and tight. The floors must be kept in good repair.

(5) All wooden floors must be elevated at least 1 foot above ground level at all points to prevent dampness and to permit free air circulation.

(6) You may "bank" around outside walls with earth or other suitable material to guard against extreme low temperatures.

(7) All living quarters must have windows covering a total area equal to at least one-tenth of the floor area. You must ensure that at least one-half of each window can be opened for ventilation.

(8) All exterior openings must be screened with 16-mesh material. All screen doors must have self-closing devices.

(9) You must ensure that each dwelling unit has at least 70 square feet of floor space for the first occupant and at least 50 square feet of floor space for each additional occupant. In a family unit, the husband and wife must have a separate sleeping area whenever living with one or more children over six years old.

(10) In camps with common cooking facilities, you must provide stoves in an enclosed and screened shelter. You must provide sanitary facilities for storing and preparing food. You must provide one stove for every 10 people or one stove for every two families.

(11) (~~You must provide sanitary facilities for storing and preparing food.~~

(12)) If a camp is used during cold weather, you must provide adequate heating equipment.

Note: All heating, cooking, and water heating equipment must be installed according to state and local ordinances, codes, and regulations governing such installations.

PROPOSED RULES
DEPARTMENT OF HEALTH
 [Filed November 20, 1996, 11:29 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-17-062.

Title of Rule: Hearing instrument fitter/dispenser, audiologists and speech-language pathologist fees.

Purpose: The rule is needed to establish fees for hearing instrument fitter/dispensers, audiologists and speech-language pathologists. The rule will allow the department to collect fees for the cost of the application, renewal, examination and disciplinary processes and therefore support the program.

Other Identifying Information: Implementation of this rule will create a self-supporting hearing and speech program.

Statutory Authority for Adoption: RCW 18.35.090 and 43.70.250.

Statute Being Implemented: RCW 18.35.090.

Summary: This rule amends (decreases) the existing hearing instrument fitter/dispenser licensing fees and creates audiologist and speech-language pathologist fees.

Reasons Supporting Proposal: The legislature requires that the department shall license or certify each qualified applicant upon payment of a fee and that the secretary of the department establish the fee.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Diane Young, 1300 Quince Street, Olympia, WA, (360) 586-0205.

Name of Proponent: Department of Health, Health Professions Quality Assurance, Hearing and Speech Program, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: This rule will decrease existing hearing instrument fitter/dispenser licensing fees and create fees for the certification of audiologists and speech-language pathologists. The rule is necessary to generate revenue to support the licensing and certification application, examination and disciplinary processes. This rule will affect licensed hearing instrument fitter/dispensers by decreasing all licensing fees. This rule will affect audiologists and speech-language pathologists who choose to become certified, they will be charged a certification fee that does not currently exist.

Proposal Changes the Following Existing Rules: The proposed rule decreases the amount of all application, licensing, renewal and examination fees for hearing instrument fitter/dispensers.

A small business economic impact statement has been prepared under chapter 19.85 RCW.

ECONOMIC IMPACT ANALYSIS
and

SMALL BUSINESS ECONOMIC IMPACT STATEMENT

This report contains, the economic impact analysis used by Health Professions Quality Assurance in determining program costs associated with issuing licenses and certificates. The proposed fees are based on this analysis.

Background: The proposed regulation of speech-language pathologists and audiologists is intended to protect the public from being misled by incompetent, unethical and unauthorized persons; and to assure the availability of hearing and speech services of high quality to citizens of Washington state.

The potential for physical, economical and mental harm compelled the industry to seek regulation. Some examples of harm that could and have resulted from incompetent practice include: Defrauding individuals of thousands of dollars; failure to recognize early signs of chronic disease and misuse of hearing instrumentation causing infections or lacerations of the ear or perforation of the ear drum.

Pursuant to RCW 18.35.080 and 18.35.090 the department shall license or certify each qualified applicant upon payment of a fee and each person who engages in practice under the chapter shall pay to the department a fee established by the secretary.

ESHB 2309 expanded the professionals regulated under chapter 18.35 RCW to include not only hearing instrument fitter/dispensers as it did previously but also audiologists and speech-language pathologists. Rules are in place that define the fee structure for licensing of hearing instrument fitter/dispensers and the proposed regulation creates a reduction in fees for fitter/dispensers. The proposed regulation creates a voluntary certification with a fee for speech-language pathologists and audiologists. The proposed voluntary certification of these professions will provide defined standards of practice and a means for the public to verify that the professional meets those defined standards.

Economic Impact Analysis

Costs to a Business: Due to the possibility of an increase in the number of professionals regulated under this chapter the impact to hearing instrument fitter/dispensers is a reduction of licensing fees.

Due to the voluntary nature of certification of speech-language pathologists and audiologists there is no imposed impact on business. However, those who choose to become certified will be impacted by an initial fee of \$225.00 and an annual renewal fee of \$200.00. This is a cost these two professions are not experiencing at this time.

There would be no disproportionate effect on small and large entities. The regulated entities are all small businesses. These businesses have been involved in work groups to develop the fee rules and suggestions submitted by individuals in writing have been incorporated into the proposed rule.

Department of Health Costs to Administer the Regulation: Audiology and speech-language pathology are new health professions; therefore there is no program history on cost. Estimated expenditures are based on the Department of Health standard cost factors for budgeting. These include phase-in costs support staffing, purchase of workstation furniture and other equipment, purchase of attorney general services, the Department of Health investigation services and agency indirect costs.

This revenue must be collected from fees assessed on the regulated entities.

The required program revenue includes funds to support both start-up costs as well as recurring expenses for program administration.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. These rules are fee rules, therefore, not significant under section 201, chapter 403, Laws of 1995.

PROPOSED RULES
DEPARTMENT OF HEALTH
[Filed November 20, 1996, 11:31 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-17-061.

Purpose: In amendments to chapter 18.35 RCW the legislature provides an opportunity for individuals involved in the profession of speech-language pathology before June 7, 1996, to waive the examination requirements and be granted a certificate. Providing that the applicants meet the commonly accepted standards for the profession and apply before July 1, 1997. This rule will define the commonly accepted standards for the profession of speech-language pathology.

Statutory Authority for Adoption: RCW 18.35.080(2).
Statute Being Implemented: RCW 18.35.080(2).

Summary: This rule defines the commonly accepted standards for the profession of speech-language pathology, required for certification with examination.

Reasons Supporting Proposal: This rule meets the legislature's requirement that the board of hearing and speech define commonly accepted standards by rule.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Diane Young, 1300 Quince Street, Olympia, WA, (360) 586-0205.

Name of Proponent: Department of Health, Health Professions Quality Assurance, Hearing and Speech Program, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: RCW 18.35.080(2) requires that the board of

PROPOSED

hearing and speech shall waive the examination and grant a speech-language pathology certificate to a person engaged in the profession in this state on June 6, 1996, if the board determines that the person meets commonly accepted standards for the profession as defined by rules adopted by the board. This rule defines the commonly accepted standards. This rule will affect individual[s] engaged in the profession on June 6, 1996, applying for certification prior to July 1, 1997.

Proposal does not change existing rules.

A small business economic impact statement has been prepared under chapter 19.85 RCW.

ECONOMIC IMPACT ANALYSIS
and

SMALL BUSINESS ECONOMIC IMPACT STATEMENT

This report contains the economic impact analysis used by Health Professions Quality Assurance in determining program costs associated with issuing licenses and certificates. The proposed fees are based on this analysis.

Background: The state of Washington recognizes speech-language pathology as a profession that provides services related to the development and disorders that impede oral, pharyngeal, or laryngeal sensorimotor competencies and the normal process of communication. These services are provided in a number of professional health care and educational settings to infants, children, adults and elderly.

The state of Washington recognizes audiology as a profession that provides services related to hearing and the disorders of hearing and to related language and speech disorders, that impede the normal process of communication. It is also acknowledged that this profession fits and dispenses hearing instruments and provides cerumen management. These services are provided in a number of professional health care and education settings to infants, children, adults and elderly.

The proposed regulation of speech-language pathologists and audiologists is intended to protect the public from being misled by incompetent, unethical and unauthorized persons; and to assure the availability of hearing and speech services of high quality to citizens of Washington state.

The potential for physical, economical and mental harm compelled the industry to seek regulation. Some examples of harm that could and have resulted from incompetent practice include: Defrauding individuals of thousands of dollars; failure to recognize early signs of chronic disease and misuse of hearing instrumentation causing infections or lacerations of the ear or perforation of the ear drum.

Pursuant to RCW 18.35.080(2), the board shall waive the examination and grant a speech-language pathology certificate to a person engaged in the profession in this state on June 6, 1996, if the board determines that the person meets commonly accepted standards for the profession as defined by rules adopted by the board.

ESHB 2309 expanded the professionals regulated under chapter 18.35 RCW to include not only hearing instrument fitter/dispensers as it did previously but also audiologists and speech-language pathologists. Rules are in place that define the standards for hearing instrument fitter/dispensers. The proposed regulation creates a voluntary certification for speech-language pathologists and audiologists. The proposed

voluntary certification of these professions will provide defined standards of practice and a means for the public to verify that the professional meets those defined standards.

Economic Impact Analysis

Costs to a Business: Due to the voluntary nature of certification of speech-language pathologists there is no imposed impact on business. Those individuals who were practicing in the profession on June 6, 1996, will experience no impact by the rules defining commonly accepted standards as all individuals with current certification from the national organization or from the state of Washington Superintendent of Public Instruction or the equivalent will be granted a certificate without obtaining further education, training or testing. Research demonstrates that the majority of professionals currently practicing meet these requirements.

There would be no disproportionate effect on small and large entities. The regulated entities are all small businesses. These businesses have been involved in work groups to develop the rules defining commonly accepted standards for the profession and suggestions submitted by individuals in writing have been incorporated into the proposed rule.

Department of Health Costs to Administer the Regulation: Audiology and speech-language pathology are new health professions; therefore, there is no program history on cost. Estimated expenditures are based on the Department of Health standard cost factors for budgeting. These include phase-in costs support staffing, purchase of workstation furniture and other equipment, purchase of attorney general services, the Department of Health investigation services and agency indirect costs.

This revenue must be collected from fees assessed on the regulated entities.

The required program revenue includes funds to support both start-up costs as well as recurring expenses for program administration.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. These rules are fee rules, therefore, not significant under section 201, chapter 403, Laws of 1995.

PROPOSED RULES
DEPARTMENT OF AGRICULTURE**
[Filed November 20, 1996, 11:42 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 96-13-102.

Title of Rule: WAC 16-218-02001 Schedule of charges for chemical analysis of hops, hop extract, hop pellets or hop powder.

Purpose: To establish a fee for sampling a spectrophotometric analysis of hops without determination of moisture content.

Statutory Authority for Adoption: RCW 22.09.790.

Statute Being Implemented: RCW 22.09.790.

Summary: At hop industry request, establishment of a fee for a new nonmandatory service activity of the department's hop chemistry laboratory is proposed.

Reasons Supporting Proposal: Hop industry request.

Name of Agency Personnel Responsible for Drafting and Implementation: Joyce Forbes, 2017 South 1st Street, Yakima, WA 98903, (509) 575-2759; and Enforcement: Royal Schoen, 2017 South 1st Street, Yakima, WA 98903, (509) 575-2759.

Name of Proponent: Ann George, Administrator, Washington Hop Commission, 504 North Naches Avenue, #1, Yakima, WA 98901-2457, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The existing fee schedule establishes a fee for hop spectrophotometric analysis accompanied by a determination of moisture content. The Washington State Department of Agriculture clients' business needs have changed and some clients do not need a moisture reading. The Washington State Department of Agriculture seeks to offer an additional option of a spectro without moisture at a lesser fee.

Proposal does not change existing rules.

No small business economic impact statement has been prepared under chapter 19.85 RCW. This change would represent a five cent per bale cost savings from services

offered in the current fee schedule. Those businesses which would utilize the proposed, lesser level of service would universally experience a beneficial economic impact.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption.

Hearing Location: Washington State Department of Agriculture Conference Room A, 2015 South 1st Street, Yakima, WA 98903, on January 22, 1997, at 3:00 p.m.

Assistance for Persons with Disabilities: Contact Cathy Jensen by January 12, 1997, TDD (360) 902-1996, or (360) 902-1976.

AMENDATORY SECTION (Amending WSR 93-15-069, filed 7/16/93, effective 8/16/93)

WAC 16-218-02001 Schedule of charges for chemical analyses of hops, hop extract, hop pellets or hop powder. The following is the schedule of charges for chemical analyses of hops, hop extract, hop pellets or hop powder:

(1) Official samples of hops drawn by department personnel shall be composited either from the cores drawn for grade analysis, or from cores specifically drawn on a schedule for brewing value only. Charges for analysis are: Thirty-five cents per bale, with a minimum charge of thirty dollars for the ASBC spectrophotometric with moisture, thirty cents per bale, with a minimum charge of thirty dollars for the ASBC spectrophotometric without moisture, and ASBC or EBC conductometric methods. An official brewing value certificate shall be used.

(2) Extra time and mileage charges. If through no fault of the inspection service, lots of hops cannot be sampled at the time such sampling has been requested by the applicant or there is an undue delay in making a lot of hops available for sampling, extra time and mileage charges shall be assessed. Fees for hourly wages shall be charged at the current established sampler hourly rate and mileage shall be charged at the rate established by the state office of financial management.

To be considered available for sampling and certification, each and every bale in the lot of hops shall be readily accessible so that each bale may be properly stenciled and samples drawn from those bales selected by the inspector.

(3) The following fees shall be charged by the department for samples submitted to the chemical and hop laboratory for analysis:

- (a) ASBC spectro \$30.00
- (b) ASBC conducto \$30.00
- (c) EBC conducto \$30.00
- (d) EBC conducto (Wollmer, Zurich, Mebak, Verzele, Ganzlin and hard and/or soft resins) \$60.00
- (e) Spectro of tannins, Wollmer, etc. \$55.00
- (f) Methylene chloride \$80.00
- (g) Tannin \$55.00

PROPOSED

- (h) Ash \$20.00
- (i) SO₂ \$25.00
- (j) H₂O \$10.00
- (k) HPLC \$100.00
- (l) Oil \$25.00
- (m) Wort test, particle size \$10.00

(4) A fee shall be charged by the department for any other analysis not listed in this section such as isoconversion products from alpha and beta resins and possible adulterants such as residues. Fees shall be based on labor costs, laboratory equipment costs, chemical and material costs, administrative and overhead costs.

PROPOSED RULES
UTILITIES AND TRANSPORTATION
COMMISSION**

[Filed November 20, 1996, 11:57 a.m.]

Original Notice.

Title of Rule: Private, not-for-profit transportation providers (PNTP).

Purpose: To establish rules for the provision of transportation services to persons with special transportation needs by private, not-for-profit corporations. Docket No. TC-961102.

Statutory Authority for Adoption: RCW 80.01.040.

Statute Being Implemented: Chapter 450, Laws of 1961.

Summary: The commission seeks to ensure that private, not-for-profit transportation providers serving the special transportation needs of persons, and their attendants, who because of physical or mental disability, income status, or age are unable to transport themselves, do so in a safe and reasonable manner.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Steve McLellan, Secretary, 1300 South Evergreen Park Drive S.W., Olympia, WA, (360) 753-6451.

Name of Proponent: Washington Utilities and Transportation Commission, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The 1996 legislature expanded the definition of elderly and handicapped person for regulatory purposes. The definition now includes persons with special transportation needs. The rule corresponds regulation of transportation providers to these persons with the new statute.

The rule ensures that PNTP serving the needs of persons with special transportation needs, as defined by state law, do so in a safe and responsible manner. The rules address the provision of service in this manner through provisions for licensing providers; issuance of certificates to qualified service providers; reasonable rates for services; ensuring adequate insurance coverage; establishing consumer complaint procedures; and addressing equipment and driver safety requirements.

The rules will ensure the transportation services of PNTPs meet the requirements of safe and responsible provision of service.

Proposal Changes the Following Existing Rules: See explanation above.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The impact of these rules on PNTPs is negligible.

Hearing Location: Commission Hearing Room, Second Floor, Chandler Plaza Building, 1300 South Evergreen Park Drive S.W., Olympia, WA 98504, on December 30, 1996, at 9:00 a.m.

Assistance for Persons with Disabilities: Contact TTY (360) 586-8203, or (360) 753-6447, by December 18, 1996.

Submit Written Comments to: Steve McLellan, Secretary, P.O. Box 47250, Olympia, WA 98504-7250, by December 18, 1996.

Date of Intended Adoption: December 30, 1996.

**Chapter 480-31 WAC
PRIVATE, NONPROFIT TRANSPORTATION
PROVIDERS**

NEW SECTION

WAC 480-31-010 Purpose. The purpose of this section is to ensure that private, nonprofit transportation providers, who primarily operate by using revenues received from governmental grants and/or charitable organizations, do so in a manner that is safe and reasonable for persons with special transportation needs.

NEW SECTION

WAC 480-31-020 Application of rules. These rules will apply to any private, nonprofit transportation provider so defined by the laws of the state of Washington, engaged in the business of providing transportation subject to the jurisdiction of this commission for persons with special transportation needs.

Any tariff filed by a provider will conform to these rules. In the event of acceptance of a tariff which is in conflict with these rules, such acceptance will not be deemed a waiver of these rules. Tariffs which are in conflict with these rules are hereby superseded unless the commission authorizes the deviation in writing.

Cases of erroneous or doubtful interpretation of these rules by a provider or any other person or corporation are subject to appeal to the commission by any interested and proper party affected.

Upon proper showing of any provider, the commission may waive or modify, as to that provider, the provisions of any rule herein, except when such provisions are fixed by statute. No deviation from these rules will be permitted without written authorization by the commission. Violations will be subject to the penalty provisions of chapter 81.04 RCW.

The adoption of these rules will in no way preclude the commission from altering or amending the same, in whole or in part, or from requiring any other or additional service, equipment or standard, not otherwise herein provided for either upon complaint or upon its own motion, or upon the

application of any party, and further, these rules will in no way relieve any provider from any of its duties under the laws of the state of Washington.

Whenever the designation "director, office of motor carrier safety," "director, regional motor carrier safety office," "regional highway administrator," and "federal highway administration" are used in the respective parts of Title 49, Code of Federal Regulations, as described in this section, such designations for the purpose of this rule will mean the "Washington utilities and transportation commission."

NEW SECTION

WAC 480-31-030 Definitions. Unless the language or context indicates that a different meaning is intended, the following words, terms, and phrases will, for the purpose of this chapter, mean the following:

- (1) State - The state of Washington.
- (2) Commission - The Washington utilities and transportation commission.
- (3) Certificate - A grant of authority issued by the commission to a private, nonprofit transportation provider for the transportation of persons with special transportation needs as provided in chapter 81.66 RCW.
- (4) Corporation - A corporation, company, association, or joint stock association.
- (5) Public highway - Every street, road or highway in this state.
- (6) Motor vehicle - Every self-propelled vehicle with seating capacity of seven or more persons, including the driver.
- (7) Commercial motor vehicle - A motor vehicle or combination of motor vehicles used in commerce to transport passengers or property if the motor vehicle is designed to transport sixteen or more passengers, including the driver.
- (8) Person - An individual, firm, or copartnership.
- (9) Private, nonprofit transportation provider - A private, nonprofit corporation providing transportation services for compensation to persons with special transportation needs.
- (10) Provider - Private, nonprofit transportation provider.
- (11) Persons with special transportation needs - Those persons, including their personal attendants, who because of physical or mental disability, income status, or age are unable to transport themselves or to purchase appropriate transportation.
- (12) Tariff - A public document setting forth services being offered, rates and charges with respect to services and governing rules, regulations and practices relating to those services.
- (13) Donation - A gift without compulsion or consideration, that is, resting solely on the generosity of the donor.

NEW SECTION

WAC 480-31-040 Licenses, and rules and regulations. No provider may operate a motor vehicle upon the public highways of this state until the owner of the vehicle or person lawfully responsible for the vehicle has complied with the laws of this state pertaining to licenses, obtained a certificate from the commission, and complied with all rules

and regulations of the commission governing the operation of private, nonprofit transportation providers.

NEW SECTION

WAC 480-31-050 Certificates. (1) The commission will issue a certificate to any corporation which files a completed application, as provided by the commission, which provides:

- (a) Satisfactory proof of its status as a private, nonprofit corporation;
 - (b) Information sufficient to determine the particular service to be provided;
 - (c) Satisfactory proof of insurance or surety bond, in accordance with WAC 480-31-070;
 - (d) The number and type of vehicles to be operated, together with satisfactory proof that the vehicles are adequate for the proposed service, that the vehicles are or will be licensed in compliance with the laws of the state, and that drivers of such vehicles will be adequately trained and qualified;
 - (e) Any proposed rates, fares, or charges.
- (2) Applications for certificates must be on forms to be furnished by the commission, giving all information requested and accompanied by a fifty dollar application fee.
- (3) Remittances will be made by money order, bank draft, personal check or certified check, made payable to the Washington utilities and transportation commission.
- (4) No provider may operate, establish, or begin operation of any business for the purpose of transporting persons with special transportation needs on the public highways of this state, without first having obtained from the commission a certificate.
- (5) No certificate will be issued to persons operating under a trade name, unless a certificate of said trade name is filed in accordance with the provisions of RCW 19.80.010, and a copy thereof filed with the commission.
- (6) Each vehicle operated by a provider must carry a copy of the company's certificate, and will be subject at all times to inspection by an authorized representative of the commission.
- (7) Any certificate to operate as a private, nonprofit transportation provider obtained by any false affidavit or representation will be subject to cancellation by the commission.
- (8) No certificate will be sold, assigned, leased, acquired, or transferred except upon authorization of the commission.

NEW SECTION

WAC 480-31-060 Tariff. (1) Each provider that assesses to or collects charges, rates, or fares from passengers must file with the commission a tariff setting forth its rates on forms provided by the commission. However, it is not required that a tariff be filed to cover collection of donations when the donations are entirely voluntary and a specific amount is not required to ride in the motor vehicle.

- (2) In the event that a provider proposes a new tariff or amendment which will effect an increase in fares, rates or charges, or will in any respect restrict the service offered under the currently effective tariff, a notice must be given to the public at least thirty days before the effective date

thereof, unless the commission has granted authority for a lesser period. A copy of the notice must be placed in a conspicuous place on each vehicle. The notice must plainly indicate that the notice has been posted "in compliance with regulations of the Washington utilities and transportation commission," and state the commission's mailing address. A waiver of the thirty-day notice provision may be applied for on forms provided by the commission.

(3) Any provider that receives compensation solely from private, governmental or charitable grants or contracts and donations is not required to file tariffs with the commission concerning these contracts or donations.

NEW SECTION

WAC 480-31-070 Insurance. (1) Evidence of liability and property damage insurance or a surety bond must be on file before a certificate will be issued. The insurance or surety bond must have been written by a company authorized to write such insurance in the state of Washington. The combined bodily injury and property damage liability insurance or surety bond must not be less than:

Five hundred thousand dollars combined single limit for vehicles with a passenger capacity of less than sixteen passengers, including the driver;

One million dollars combined single limit for vehicles with a passenger capacity of sixteen or more passengers, including the driver.

Failure to file and keep such insurance or surety bond in full force and effect will be cause for dismissal of an application or cancellation of a certificate.

(2) Evidence of insurance must be submitted on a "uniform motor carrier bodily injury and property damage liability certificate of insurance (form E).

(3) All liability and property damage insurance policies issued to providers must carry a "uniform motor carrier bodily injury and property damage liability endorsement."

(4) Insurance termination. All insurance policies issued must provide that the same will continue in full force and effect until canceled by at least thirty days written notice served on the insured and the commission by the insurance company. The thirty-day notice will commence to run from the date notice is actually received by the commission, except for binders which may be canceled on ten days' written notice.

Notice of cancellation or expiration must be submitted in duplicate on forms prescribed by the commission and must not be submitted more than sixty days before the desired termination date, except binders which may be canceled by ten days' written notice from the insurance agency or company.

(5) No provider may operate upon the public highways of this state without insurance as required by this section. The permit of any provider who fails to maintain evidence on file that its insurance is in current effect will be suspended by operation of law beginning with the time of the failure, until the permit is canceled or the cause of the suspension is cured and the permit is reinstated. The commission will make a good faith effort to notify providers of impending suspension for failure to maintain evidence of insurance and enter a timely order of suspension, but failure to do so will not invalidate the suspension.

NEW SECTION

WAC 480-31-080 Fees and annual report. (1) A provider must pay to the commission the sum of ten dollars annually for each vehicle operated. The annual fee must be paid with the filing of the annual report of the provider.

(2) At the close of each calendar year, every provider must secure from the commission the proper forms and file with the commission its annual report as soon as possible after the close of the calendar year, but no later than May 1st of the succeeding year. Failure to file such report will be sufficient cause for the commission, in its discretion to revoke a certificate.

NEW SECTION

WAC 480-31-090 Passenger complaints and disputes. Any complaint or dispute involving a passenger and a provider for which the commission has jurisdiction must be treated in the following manner:

(1) Each complaint or dispute received by a provider from a passenger must be investigated promptly as required by the particular case, and the results reported to the passenger. When the circumstances indicate the need for corrective action, such action must be taken as soon as possible.

(2) Each provider must ensure that personnel engaged in initial contact with a dissatisfied or complaining passenger will inform the passenger that if dissatisfied with the decision or explanation provided, the passenger has the right to have the problem considered and acted upon by supervisory personnel. The passenger must be provided with the name or department of such supervisory personnel and a telephone number by which they can be reached.

(3) Each provider must ensure that supervisory personnel contacted by a dissatisfied passenger will inform a still-dissatisfied passenger of the availability of the commission for further review of any complaint or dispute. The telephone number and address of the commission must also be provided.

(4) All parties to a dispute between a passenger and the provider have the right to bring before the commission an informal complaint pursuant to the provisions of WAC 480-09-150 and/or a formal complaint pursuant to the provisions of WAC 480-09-420.

(5) When a complaint is referred to a provider by the commission, the provider must, within two business days, report the results of any investigation made regarding the complaint to the commission and must keep the commission currently informed as to progress made with respect to the solution of, and final disposition of, the complaint. If warranted in a particular case, the provider may request an extension of time.

(6) Records - each provider must keep a record of all complaints concerning its service or rates. The record must show at least the name and address of the complainant, the nature and date of the complaint, action taken, and the final disposition of the complaint. Such records must be maintained in a suitable place readily available for commission review and will be provided to the commission upon request.

All written complaints made to a provider must be acknowledged within five business days. Correspondence

and records of complaints must be retained by the provider for a minimum period of one year.

NEW SECTION

WAC 480-31-100 Equipment—Safety. In addition to other laws and regulations of this state, all providers must comply with the following:

The rules and regulations governing motor carrier safety prescribed by the United States Department of Transportation in Title 49, Code of Federal Regulations, part 392 (Driving of Motor Vehicles), part 393 (Parts and Accessories Necessary for Safe Operation), part 396 (Inspection, Repair and Maintenance), and part 397 (Transportation of Hazardous Materials; Driving and Parking rules).

NEW SECTION

WAC 480-31-110 Identification of motor vehicle equipment. Providers must display identification markings on the driver and passenger side of the vehicles.

The markings must include the name of the provider as registered with the commission and the certificate number. Provided however, providers holding both intrastate and interstate authority may display either the U.S. Department of Transportation certificate number, commission certificate number, or both.

The markings must be clearly legible, with letters no less than three inches high, in a color that contrasts with the surrounding body panel. Leased vehicles may display either permanent markings or placards on the driver and passenger sides of the vehicle.

Vehicles operated by or under lease must display the name and permit number of either the business operating the vehicle or the registered owner. The markings may be permanent or placards on the driver and passenger sides of the vehicle.

When identification of the provider would create an embarrassment to the persons with special transportation needs, the name of the provider may be omitted when authorized by letter from the secretary of the commission.

NEW SECTION

WAC 480-31-120 Equipment—Inspection—Ordered for repairs. (1) All motor vehicles operated by providers must be maintained in a safe and sanitary condition. They must at all times be subject to inspection by the commission and its duly authorized representatives who will have power to order out-of-service any vehicle failing to meet the standards set forth in this section, or if not being operated in compliance with state laws in regard to equipment or method.

(2) Every provider must ensure that all its vehicles are regularly inspected, repaired and maintained, as required by the United States Department of Transportation in Title 49, Code of Federal Regulations, part 396 (Inspection, Repair and Maintenance).

(3) All vehicle parts and accessories must be in safe and proper working condition at all times.

(4) Equipment standards. The purpose of this subsection is to identify critical vehicle inspection items and provide criteria for placing a vehicle(s) in an out-of-service

category. The criteria for out-of-service condition are those defined in the current North American Uniform Out-Of-Service Criteria.

Out-of-service condition. When any motor vehicle(s) is in out-of-service condition, no provider will require nor will any person operate such motor vehicle until all required repairs have been satisfactorily completed.

NEW SECTION

WAC 480-31-130 Operation of motor vehicles. (1) All motor vehicles must be operated in accordance with the requirements of existing state laws and no driver or operator will operate the same in any other than a careful and prudent manner, nor at any greater speed than is reasonable or proper, having due regard to the traffic and use of the highways by others, or so as to endanger the life and limb of any person.

(2) Qualification of drivers. The rules and regulations governing qualifications of drivers prescribed by the United States Department of Transportation in Title 49, Code of Federal Regulations, part 391 (Qualifications of Drivers), are adopted and prescribed by the commission to be observed by all providers. Vehicles meeting the definition of a commercial motor vehicle must also comply with part 382 (Controlled Substances and Alcohol Use and Testing), and part 383 (Commercial Driver's License Standards; Requirements and Penalties).

(3) The rules and regulations relating to drivers' logs and drivers' hours of service adopted by the United States Department of Transportation in Title 49, Code of Federal Regulations, part 39 (Hours of Service of Drivers), are adopted and prescribed by the commission.

(4) No driver or operator of a motor vehicle carrying passengers may smoke any cigar, cigarette, tobacco or other substance in such vehicle while driving the vehicle.

(5) No driver or operator of any motor vehicle will permit smoking on said vehicle by passengers or other persons.

Suitable signs, of sufficient size and number to adequately inform passengers, must be placed in buses to inform passengers that smoking is not permitted in the motor vehicle.

(6) No driver or operator of a motor vehicle will create any disturbance or unnecessary noise to attract persons to the vehicle.

(7) The driver or operator of any motor vehicle may refuse to carry any person who is in an intoxicated condition or conducting themselves in an unreasonably boisterous or disorderly manner or is using profane language, or whose condition is such as to be obnoxious to other passengers. A driver is responsible for the comfort and safety of passengers and should be constantly on the alert for and immediately correct any act of misconduct on the part of occupants of the vehicle.

NEW SECTION

WAC 480-31-140 Safety inspections. All providers must keep on file in their main office, subject to inspection by an authorized representative of the commission, or subject to provision to the commission upon request:

(1) Description of each vehicle used, including make, serial number, and year. If the provider does not own the vehicle, the records must show the name of the person providing the vehicle;

(2) Driver's hours of service (duty status);

(3) Each driver's license number;

(4) Records of complaints, as required by WAC 480-31-090;

(5) Records of repair, inspection and maintenance, to include their date and type, as required by the United States Department of Transportation in Title 49, Code of Federal Regulations, part 396.

PROPOSED

WSR 96-23-003**PERMANENT RULES****DEPARTMENT OF TRANSPORTATION**

[Filed November 7, 1996, 1:55 p.m.]

Date of Adoption: November 7, 1996.

Purpose: Segregates rules related to permitting nonreducible loads from rules related to permitting reducible loads. Defines rules for measuring maximum lengths for reducible loads (single trailers, double trailers and a log truck pulling a stinger-steered pole trailer).

Citation of Existing Rules Affected by this Order: Amending WAC 468-38-070.

Statutory Authority for Adoption: RCW 46.44.090.

Adopted under notice filed as WSR 96-20-040 on September 23, 1996.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, amended 0, repealed 0; Federal Rules or Standards: New 0, amended 0, repealed 0; or Recently Enacted State Statutes: New 0, amended 0, repealed 0.

for Operations

AMENDATORY SECTION (Amending Order 39, Resolution No. 195, filed 7/25/83)

WAC 468-38-070 Maximums for special permits—Nonreducible. (1) Overwidth: 14 feet on any two-lane highway; 20 feet on any multiple-lane highway where a physical barrier serving as a median divider separates the oncoming and opposing traffic lanes; 32 feet on any multiple-lane undivided highway.

The regulations on movement of buildings are in WAC 468-38-360.

(2) Overheight: A load over 14 feet high must be moved by permit, but the permittee is to be governed by the clearance of overhead obstructions such as bridges, underpasses, wires, overhead signs and other objects. The issuance of a permit does not insure the route to be free of low overhead structures. It is the responsibility of the permittee to check the proposed route and detour when necessary. County or city road detours for this purpose require authorization from respective jurisdictions. ~~((Vehicles hauling empty apple bins may be issued permits to haul such bins up to 14 feet 10 inches high.))~~

(3) Overlength: The permit will allow movement on routes on which the permittee can negotiate curves, interchanges, entrance and exit roadways and other obstacles. In

all instances the general safety of the public is considered paramount.

(4) Overweight: 22,000 pounds on a single axle; 43,000 pounds on tandem axles. (RCW 46.44.091)

NEW SECTION

WAC 468-38-071 Maximums for special permits—Reducible. (1) Overlength: Permits for reducible loads shall not exceed 56 feet for a single trailer and 68 feet for double trailers. Measurement for a single trailer will be from the front of the trailer, or load, to the rear of the trailer, or load, whichever provides the greater distance up to 56 feet. Measurement for double trailers will be from the front of the first trailer, or load, to the rear of the second trailer, or load, whichever provides the greatest distance up to 68 feet. A log truck pulling a pole-trailer, trailer combination, carrying two distinct and separate loads will be treated as a tractor-semitrailer-trailer (doubles). Measurement for the log truck, pole-trailer, trailer combination will be from the front of the first bunk on the truck to the rear of the second trailer, or load, whichever provides the greatest distance up to 68 feet. Measurements shall not include nonload carrying devices designed for the safe and efficient operation of the semitrailer or trailer; for example: External refrigeration unit, resilient bumper, and aerodynamic shells.

(2) Overheight: Vehicles hauling empty apple bins may be issued permits to haul such bins up to 14 feet 10 inches high.

AMENDATORY SECTION (Amending Order 3809, filed 11/23/94, effective 1/1/95)

WAC 388-49-015 General provisions. (1) The rules in this chapter are for the purpose of administering the food stamp program. Rules and definitions in other chapters of Title 388 of the Washington Administrative Code do not apply to provisions of this chapter unless specifically identified.

(2) The department of social and health services shall administer the food stamp program in accordance with an approved plan with the food and ~~((nutrition))~~ consumer service ~~((FNS))~~ (FCS) of the United States Department of Agriculture.

(3) The department shall comply with all ~~((FNS))~~ FCS directives to reduce, suspend, or terminate all or any portion of the food stamp program.

(4) During a presidential or ~~((FNS))~~ FCS-declared disaster, the department shall certify affected households in accordance with ~~((FNS))~~ FCS instructions.

(5) The department shall retain:

(a) Food stamp case records for three years from the month of closure of each record; and

(b) Fiscal and accountable documents for three years from the date of fiscal or administrative closure.

(6) The department shall not discriminate against any applicant or participant in any aspect of program administration for reason of:

(a) Age;

(b) Race;

(c) Color;

(d) Sex;

(e) Handicap;

(f) Religious creed;

(g) Political beliefs; or

(h) National origin.

(7) The department shall display nondiscrimination posters provided by ~~((FNS))~~ FCS in all offices administering the food stamp program.

(8) The department shall fully translate into the primary language of the limited English proficient applicants and recipients:

(a) Written notices of denial, termination, or reduction of benefits; and

(b) Written requests for additional information.

(9) A person believing the person has been subject to discrimination may file a written complaint with the:

(a) Food and ~~((nutrition))~~ consumer service; or

(b) State office for equal opportunity.

(10) The department shall restrict use or disclosure of information obtained from applying or participating households to:

(a) A person directly connected with the administration or enforcement of the provisions of:

(i) The Food Stamp Act or regulations;

(ii) Other federal assistance programs; or

(iii) Federally assisted state programs providing assistance on a means-tested basis to a low-income person; and

(iv) Child support program under Title IV-D of the Social Security Act.

(b) An employee of the Comptroller General's Office of the United States for audit examination authorized by any other provision of law; and

(c) A local, state, or federal law enforcement official, upon written request, for the purpose of investigating an alleged violation of the Food Stamp Act or regulations. The written request shall include the:

(i) Identity of the person requesting the information;

(ii) Authority of the person to make the request;

(iii) Violation being investigated; and

(iv) Identity of the person about whom the information is requested.

(d) A local, state, or federal law enforcement officer, upon written request, when the request:

(i) Identifies the requestor, authority to make the request, and household member; and

(ii) Clearly states that the request is being made in the proper exercise of an official duty; and

(iii) Clearly states that locating or apprehending the household member is an official duty; and

(iv) Clearly states that the household member is fleeing to avoid prosecution, or custody or confinement after conviction, for a crime that is a felony under the law of the place the person is fleeing, or is violating a condition of probation or parole imposed under a federal or state law as determined by an administrative body or court of competent jurisdiction; or

(v) Clearly states that the household member has information necessary for the officer to conduct an official duty related to the circumstances described in (d)(iv) of this subsection; and

(vi) Limits the requested information to the address, Social Security Number, and, if available, photograph of the household member.

(11) The department shall make the household's case file available to the household or household's representative for inspection during regular office hours as provided in chapter 388-320 WAC.

(12) The department shall make the following program information available to the public upon request during regular office hours:

(a) Federal regulations, federal procedures in ~~((FNS))~~ FCS notices and policy memos, and the state plan of operation at the state office; and

(b) Washington Administrative Code and the *Food Stamp Procedures Manual* at the local office.

(13) The coupon allotment provided any eligible household shall not be considered income or resources for any purpose under any federal, state, or local laws.

(14) The department shall not permit a volunteer or other person not an employee of the department to conduct a certification interview or certify a food stamp applicant except:

AMENDATORY SECTION (Amending Order 3732, filed 5/3/94, effective 6/3/94)

WAC 388-215-1375 Deprivation—Unemployment—Defined. The department shall consider the qualifying parent to be unemployed when the qualifying parent:

(1) Is employed less than one hundred hours a month; or

(2) Is employed one hundred hours or more for a particular month if:

(a) The qualifying parent was employed less than one hundred hours for each of the two previous months; and

(b) Is expected to be employed less than one hundred hours during the next month; or

(3) Is a recipient who works one hundred hours or more a month for up to eighteen consecutive months; or

(4) Participates in institutional and work experience training under the JOBS program and is not otherwise employed over one hundred hours.

AMENDATORY SECTION (Amending Order 3971, filed 4/26/96, effective 5/27/96.)

WAC 388-215-1390 Deprivation—Redetermination of eligibility when deprivation ceases. When deprivation due to death, absence, incapacity, or unemployment ceases and the child remains in need, the department shall determine if another basis for deprivation exists.

(1) If it appears that another basis for deprivation may exist, but additional information or verification is needed to establish eligibility, the department shall:

(a) Request the necessary information or verification from the client following rules in chapter 388-212 WAC; and

(b) Continue assistance during the eligibility redetermination process.

(2) ~~((If deprivation ceases solely due to the qualifying parent working one hundred hours or more a month, the department shall extend AFDC-E eligibility for up to an additional six-month period, if the child remains otherwise eligible.~~

(3)) If no other basis for deprivation exists, the department shall:

(a) Determine the child ineligible for AFDC according to WAC 388-245-1510; and

(b) Terminate assistance following rules in chapter 388-245 WAC.

(a) Annually producing income consistent with its fair market value (FMV) even if only used on a seasonal basis; or

(b) Work-related equipment necessary for employment or self-employment of a household member.

(3) The department shall consider unlicensed vehicles the same as licensed vehicles if the vehicles are driven by Indian tribal members on those reservations not requiring vehicle licensing.

(4) The department shall count toward the household's resource maximum either the FMV in excess of four thousand six hundred dollars or the equity value of licensed vehicles, whichever is greater. Except, the department shall only count the FMV in excess of four thousand six hundred fifty dollars for the following vehicles:

(a) One licensed vehicle per household regardless of the vehicle's use; and

(b) Any other licensed vehicle used for:

(i) Transportation to and from employment;

(ii) Seeking employment; or

(iii) Transportation for training or education.

(5) The department shall determine the FMV using vehicles listed in publications written for the purpose of providing guidance to automobile dealers and loan companies.

AMENDATORY SECTION (Amending Order 93-35 [95-11], filed 2/28/95 [10/9/96], effective 3/31/95 [11/9/96])

WAC 173-422-170 Exemptions. The following motor vehicles are exempt from the inspection requirement:

(1) Vehicles proportionally registered pursuant to chapter 46.85 RCW.

(2) Vehicles whose model year is 1967 or earlier.

(3) New motor vehicles whose equitable or legal title has never been transferred to a person who in good faith purchases the vehicle for purposes other than resale; this does not exempt motor vehicles that are or have been leased.

(4) Motor vehicles that use propulsion units powered exclusively by electricity.

(5) Motor-driven cycles as defined in chapter 46.04 RCW as amended.

(6) Farm vehicles as defined in chapter 46.04 RCW as amended.

(7) Vehicles not required to be licensed.

(8) Mopeds as defined in chapter 46.04 RCW as amended.

(9) Vehicles garaged and operated out of the emission contributing area.

(10) Vehicles registered with the state but not for highway use.

(11) Used vehicles at the time of sale by a Washington licensed motor vehicle dealer.

(12) Motor vehicles fueled by propane, compressed natural gas, or liquid petroleum gas and so registered by the department of licensing.

(13) Motor vehicles whose manufacturer or engine manufacturer provides information that the vehicle cannot meet emission standards because of its design. In lieu of exempting these vehicles, alternative standards and or inspection procedures may be established.

(14) Motor vehicles whose registered ownership is being transferred between parents, siblings, grandparents, grandchildren, spouse or present co-owners and all transfers to the legal owner or a public agency.

(15) To ensure a biennial inspection of vehicles registered in the emission contributing areas, motor vehicles with model year matching (even to even, odd to odd) the expiration year of the license being purchased. This does not apply to vehicles being inspected because the registered owner is being changed.

(16) When the model year of the vehicle is the same as the year in which the vehicle's license expires.

(17) When the difference between the model year of the vehicle and the expiration year of the license being purchased is four or less. This exemption applies only to vehicles registered in the Clark County United States Postal Service Zip Codes 98604, 98606, 98629, and 98642.

AMENDATORY SECTION (Amending Order 88-01, filed 3/2/88)

WAC 400-12-100 Authority. This chapter is promulgated by the Puget Sound water quality ~~((authority))~~ action team pursuant to chapter ~~((90.70-RCW))~~ 138, Laws of 1996.

(1) It is the intent of this chapter that the department of ecology coordinate all aspects of this program, including interpreting this chapter for local entities, state agencies, tribes, and affected parties as they carry out their responsibilities under this chapter, and that the department shall consult with the ~~((authority))~~ action team as needed regarding the interpretation of this chapter.

(2) As required by RCW ~~((90.70.070))~~ 90.71.070, the ~~((authority))~~ council shall review the progress of state agencies and local governments regarding timely implementation of ~~((programs))~~ the work plan established pursuant to this chapter.

~~((3) Pursuant to RCW 90.70.080, local governments and state agencies are authorized to adopt ordinances, rules, and/or regulations to implement action plans.))~~

AMENDATORY SECTION (Amending WSR 91-22-096, filed 11/6/91, effective 12/7/91)

WAC 400-12-120 Applicability. This chapter applies to the Puget Sound basin ~~(as identified by RCW 90.70.060)~~ and does not apply outside of the Puget Sound basin.

AMENDATORY SECTION (Amending WSR 91-22-096, filed 11/6/91, effective 12/7/91)

WAC 400-12-200 Definitions. For the purposes of this chapter, the following definitions shall apply:

~~((1))~~ "Action plan" means a locally developed and department-approved plan which is implemented to prevent and control nonpoint pollution in a priority watershed or an early action watershed.

"Action team" means the Puget Sound water quality action team pursuant to RCW 90.71.020.

~~((2))~~ "Affected parties" means both those whose beneficial use of water is being impaired, or potentially impaired, by nonpoint pollution and those groups associated with the nonpoint sources of pollution identified in WAC 400-12-515(2).

~~((3))~~ "Authority" means the Puget Sound water quality authority.

(4) "Beneficial uses" means uses identified by water quality standards for waters of the state of Washington (chapter 173-201 WAC) as desirable uses for given classes of waters. Examples are water supplies for domestic, industrial, or agricultural purposes; fish, shellfish, and wildlife habitat; recreation; and navigation.

~~((5))~~ "Best management practices" means agricultural, structural, and/or managerial practices that, when used singly or in combination as part of an approved site development plan or farm plan, provide minimum essential action or treatment needed to solve, prevent, or reduce site-specific water quality problems.

~~((6))~~ "Chair" means chair of the Puget Sound water quality action team.

"Council" means the Puget Sound council as established in RCW 90.71.030.

"Comprehensive land use plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to Title 35 RCW, Title 35A RCW, chapter 36.70, or 36.70A RCW.

~~((7))~~ "Consensus" means achievement of general agreement on an issue by the watershed management committee during the planning process.

~~((8))~~ "Department" means the Washington state department of ecology.

~~((9))~~ "Document review" means solicitation of comment from interested and affected parties on reports, proposals, or plans during various stages of development of action plans.

~~((10))~~ "Early action watersheds" means those watersheds selected by the department for development of action plans prior to promulgation of this chapter.

~~((11))~~ "Failed," "failing," or "failure" of an on-site sewage disposal system means failure as defined by chapter 70.118 RCW (On-site sewage disposal systems) and chapter 246-272 WAC (On-site sewage system).

~~((12))~~ "Farm" means a property where domestic animals are kept to provide primary or supplemental income,

for personal consumption, or for recreational use, or where crops are grown for resale.

~~((13))~~ "Farm plan" also known as "farm water quality management plan" means a site-specific plan developed by a farm operator in cooperation with a resource agency (such as those developed under the "208" water quality management program with assistance of a conservation district or the soil conservation service) and approved by the conservation district board of supervisors, for managing resources to protect water quality.

~~((14))~~ "Federal agencies" means units of the federal government having major facilities or substantial land holdings in the watershed, such as the Departments of Defense, Interior, Agriculture, or Transportation.

~~((15))~~ "Ground water management areas" means areas designated and defined in chapter 173-100 WAC and administered by the department.

~~((16))~~ "Implementing entity" means a federal or state agency, Indian tribe, local government, organization, or special purpose district responsible for carrying out the day-to-day activities of the applicable provisions of an action plan once it is approved by the department and, where applicable, adopted by the legislative body of the entity.

~~((17))~~ "Lead agency" means any entity selected in accordance with WAC 400-12-400 with responsibility for coordinating the development and implementation of a watershed action plan. The lead agency must possess the financial and staff resources in order to fulfill its responsibilities under this chapter. The lead agency must be a governmental agency or division thereof with power to pass resolutions, enact ordinances, and appropriate funds for expenditure; an Indian tribe recognized as such by the federal government with territory or usual and accustomed fishing grounds within waters in or adjacent to the county; a conservation district; a metropolitan municipal corporation; or a council of governments.

~~((18))~~ "Local government" means the city or town council, board of county commissioners, county council, special purpose district commission, metropolitan municipal corporation, council of governments, or that body assigned legislative duties by a city, county, or district charter.

~~((19))~~ "Nonpoint pollution" means pollution, as defined by chapter 90.48 RCW, (Water pollution control) that enters any waters of the state within Puget Sound basin from any dispersed land-based or water-based activities or sources, including farm practices, storm water and erosion, on-site sewage disposal, forest practices, marinas and boats, atmospheric deposition, garbage, and other residential, commercial, and industrial sources.

~~((20))~~ "Nonpoint pollution control programs" or "nonpoint pollution control strategy" means programs using education, technical and financial assistance, regulation, incentives or disincentives, monitoring, and/or enforcement to control, prevent, and mitigate pollution from nonpoint sources.

~~((21))~~ "On-site sewage disposal system" means a septic tank and drainfield or alternative treatment and disposal system as defined in chapter 246-272 WAC (On-site sewage system).

~~((22))~~ "Pesticides" means those substances intended to control pests and unwanted plants as defined in chapter 15.58 RCW, the Washington Pesticide Control Act.

~~((23))~~ "Plan" means the ~~((1991))~~ 1994 Puget Sound water quality management plan, which has been approved as the comprehensive conservation management plan for Puget Sound, and subsequent revisions.

~~((24))~~ "Planning entity" means a governmental or nongovernmental body that prepares reports, makes recommendations, and participates in developing an action plan. An agency may serve both as a planning entity and implementing entity.

~~((25))~~ "Prevention" means application of laws, ordinances, administrative procedures, and/or land management practices or education and public involvement programs which reduce or eliminate the potential for nonpoint pollution.

~~((26))~~ "Priority" means highest or higher in importance or rank.

~~((27))~~ "Public hearing" means a formal public meeting to take testimony on a pending action.

~~((28))~~ "Public meeting" means an informal public proceeding, including a workshop, that informs the public and provides an opportunity for the public to ask questions and voice opinions.

~~((29))~~ "Public notification" means use of public information techniques to ensure that:

~~((a))~~ • Information on decisions to be made or actions to be taken is complete and understandable;

~~((b))~~ • A full explanation is provided on the effects of decisions or actions on the public, especially the effects on specific groups or geographic areas; and

~~((c))~~ • The ways in which the public may influence the decision-maker and appeal the decision are explained.

~~((30))~~ "Puget Sound" means all waters of Puget Sound south of the Admiralty Inlet including Hood Canal and Saratoga Passage; the waters north to the Canadian border, including portions of the Strait of Juan de Fuca south of the Canadian border; and all land draining into these waters as mapped by WAC 173-500-040, water resource inventory areas, number 1 through 19.

~~((31))~~ "Regional watershed" means a large geographic region draining into a major river or body of water as identified and numbered by the state of Washington water resource inventory areas as defined in chapter 173-500 WAC.

~~((32))~~ "Regulation" means laws, rules, or ordinances to establish legal standards or administrative procedures to control nonpoint pollution.

~~((33))~~ Section 313 of the Clean Water Act specifies that the federal government shall be subject to and comply with all federal, state, interstate and local requirements, administrative authority and process and sanctions respecting the control and abatement of water pollution.

~~((34))~~ Section 319 of the Clean Water Act requires states to assess and rank their waters for impacts to beneficial uses from nonpoint source pollution and to develop and implement management programs to address the ranked waters.

~~((35))~~ "Special purpose district" means a district established pursuant to statute or ordinance in a specific geographic area to carry out specific responsibilities which affect water quality. Examples are soil and water conservation districts, port districts or on-site sewage disposal system maintenance districts.

~~((36))~~ "Special surveys" means intensive assessments of land use and water quality designed to obtain information on specific sources or pollutants not available through routine water sampling.

~~((37))~~ "State-wide forest practices program" means chapter 76.09 RCW, the Washington state Forest Practices Act; forest practices regulations as adopted by the state forest practices board and the department of ecology; administration of the Forest Practices Act and regulations; and implementation of the Timber, Fish, and Wildlife Agreement.

~~((38))~~ "Subwatershed" means a geographic and hydrologic subunit of a watershed or regional watershed.

~~((39))~~ "Technical assistance" means service provided by state, tribal, or federal agencies to assist local entities in watershed ranking and/or action plan development and implementation.

~~((40))~~ "Timber, fish, and wildlife agreement" means a voluntary agreement which was drawn up by resource agencies, tribes, industry, and environmental groups to address forest practices on state and private lands within the state of Washington.

~~((41))~~ "208 water quality management plans" means nonpoint source control plans prepared in accordance with Section 208 of the Federal Clean Water Act.

~~((42))~~ "Watershed" means a geographic region within which water drains into a particular river, stream, or body of water as identified and numbered by the state of Washington water resource inventory areas as defined in chapter 173-500 WAC, or as defined and delineated by a watershed ranking committee through the watershed ranking process.

~~((43))~~ "Watershed improvement projects" means those projects within ranked watersheds which are expected to enhance water and habitat quality and protect beneficial uses, and which are based upon an existing local watershed action plan or are identified as part of a proposed new watershed planning process.

"Watershed management committee" means a local committee formed to develop an action plan in accordance with criteria set forth in this chapter and in the plan.

~~((44))~~ "Watershed ranking committee" means a committee convened to identify and rank all of the watersheds within a county in accordance with criteria set forth in this chapter and as generally described in the plan.

~~((45))~~ "Watershed rating criteria for nonpoint sources of pollution" means criteria developed by the United States Department of Agriculture Puget Sound Cooperative River Basin Study team to rank watersheds.

~~((46))~~ "Water quality violation" means a violation of local, state, and/or federal water quality laws or regulations.

~~((47))~~ "Wetlands" means areas as determined in accordance with element W 4.1.1 of the plan.

"Work plan" means the biennial work plan prepared by the action team pursuant to RCW 90.71.050.

AMENDATORY SECTION (Amending WSR 91-22-096, filed 11/6/91, effective 12/7/91)

WAC 400-12-525 Phase 2—Action plan nonpoint pollution control strategy. (1) Purpose. This section guides the development of control strategies to prevent and minimize nonpoint pollution, protect beneficial uses, and

achieve enhancement of water quality. Nonpoint pollution control strategies shall address the existing or potential nonpoint pollutants and sources identified by the watershed management committee as priorities. Control strategies for pollutants or sources which are not identified as priorities may be included in the action plan, but are not required.

(2) Approach. Watershed management committees may select voluntary, educational, and/or regulatory approaches for addressing nonpoint pollution in the watershed. Educational programs must involve agencies and/or individuals with expertise in education in program development and implementation, while regulatory programs must provide adequate enforcement.

(3) Minimum requirements. The watershed management committee shall prepare a description and analysis of nonpoint pollution control strategies for each pollutant or source category which has been designated a priority. A source control strategy would address the pollutants from each source category which has been designated as a priority. A pollutant-by-pollutant strategy still entails control of sources in order to reduce or prevent pollutant loadings, but would be across the range of sources for that pollutant. The committee shall not be limited to the approaches described in subsection (4) of this section. The rationale for choosing or not choosing the approaches described in subsection (4) of this section for each source or pollutant control strategy shall be discussed, including the feasibility, cost, likelihood of success, and likelihood of achieving the stated goals and objectives. In addition, the committee shall describe the ways in which the nonpoint pollution control strategies will achieve enhancement of water quality and protection of beneficial uses in the watershed.

(4) Nonpoint pollution source categories. When addressing pollutants from farm practices, storm water and erosion, on-site septic systems, forest practices, marinas and boating, or other sources as applicable, the committee shall consider including the following in developing the nonpoint pollution control strategies:

(a) **Farm practices.** The intent of this strategy is to control nonpoint pollution that results from farm practices, and to emphasize education and incentives to obtain voluntary action for prevention and correction, the use of best management practices implemented as part of farm water quality management plans, and special considerations for noncommercial farms. Implementation of farm plans, including best management practices that meet USDA Soil Conservation Service technical standards, is the recommended control tool for action plans. The committee shall consider including a compliance and enforcement element for those cases where voluntary action is not obtained, and shall consider including the following:

(i) A farm inventory element that identifies all farms in the watershed, and includes information on the status of existing farm plans;

(ii) A prevention and corrective action element which includes: Provisions for encouraging farm operators without farm plans to develop and implement farm plans and to update existing farm plans; provisions for the local conservation district and lead implementing agency to evaluate on an ongoing basis the effectiveness of farm plan implementation; and special provisions to address nonpoint pollution from noncommercial farms;

(iii) An education element, coordinated with the conservation district and/or cooperative extension service, informing the agricultural community about nonpoint pollution from farm activities and the financial and technical assistance available to implement farm plans;

(iv) A compliance and enforcement element which includes: Incorporation of the Agriculture Compliance Memorandum of Agreement between the department, the Conservation Commission and conservation districts; additional enforcement provisions of the § 208 water quality management plans, such as the requirement for a National Pollutant Discharge Elimination system permit when applicable; and compliance with other applicable state and local laws and rules, such as the state water quality standards, and the federal Clean Water Act; and

(v) An exceptions element stating that any farm implementing an approved farm plan, as agreed upon by the operator and the conservation district, shall be exempt from further water quality regulation under this chapter unless there is a water quality violation pursuant to chapter 90.48 RCW (Water pollution control), chapter 90.52 RCW (Pollution Disclosure Act of 1971), or chapter 90.54 RCW (Water Resources Act of 1971) and/or degradation of water quality. In cases where a violation cannot be attributed to a specific farm or farms, the committee shall consider surveying and evaluating all pollution sources potentially contributing to the violation.

(b) **Storm water and erosion.** The intent of this strategy is to correct and prevent pollution from storm water and erosion originating in urban, suburban, and urbanizing areas of the watershed through focusing on a combination of problem evaluation, public education, use of best management practices, and management of the quality and quantity of storm water runoff. This strategy does not apply to drainage and erosion control activities of farm operations or forest practices addressed pursuant to (a) and (d) of this subsection. The committee shall consider including the following:

(i) An evaluation of existing drainage and erosion control ordinances, policies, and programs to determine their effectiveness in controlling erosion and managing storm water to enhance water quality and protect beneficial uses;

(ii) A ranked list of the most significant storm water and erosion problems in the watershed as determined by the severity of their threat to or impacts on beneficial uses, an explanation of the criteria used to complete the ranking, and identification of needed monitoring information when existing information is not adequate to fully rank the problems;

(iii) A prevention and corrective action element that includes applicable requirements of the Plan elements SW-1 through SW-4. If a watershed includes jurisdictions that encompass both urbanized areas as well as those not considered urbanized, as defined by the Plan, the watershed management committee, together with local government entities responsible for stormwater management, shall propose an appropriate boundary for SW-2 application based on the following criteria: Urban growth areas defined in chapter 36.70A RCW (Growth Management Act), land use designations, and other special purpose district boundaries under the urbanized designation. A watershed management committee may choose storm water management and erosion

control requirements that are more stringent than those in the Plan;

(iv) Coordination with local hazardous waste plans pursuant to chapter 70.105 RCW (Hazardous waste management); and

(v) Compliance with the provisions of the National Flood Insurance Program, 44 C.F.R. Parts 59 and 60, and chapter 86.16 RCW, Flood plain management; consideration of and coordination with NPDES Permit Application Regulations for Stormwater Discharges 40 C.F.R. Parts 122, 123, and 124, where appropriate.

(c) **On-site sewage disposal.** The intent of this strategy is to control nonpoint pollution that results from on-site sewage disposal systems and to emphasize prevention and remediation of water quality problems through education, regulation, correction of failing systems, and system maintenance. The committee shall consider including the following:

(i) Identification of geographic areas within the watershed with potential and existing risk of system failure, divided into categories of high, moderate, and low risk of failure, with an explanation of the criteria used. High risk areas are considered to be areas where systems are failing, where soils have severe limitations for sewage treatment, where development is occurring at high densities, or where other site conditions create a potential for surface or ground water contamination when on-site systems are used;

(ii) A prevention and corrective action element that includes: Provisions requiring adherence to chapter 246-272 WAC (On-site sewage system), particularly that failing systems be repaired or replaced; required use of alternative on-site sewage disposal systems in high risk areas, if site conditions permit the use of on-site sewage disposal; consideration of whether high risk areas would be better served, and water quality better protected, by a community or municipal sewage treatment system; provisions for an ongoing operation and maintenance program in high risk areas for existing and new systems utilizing a maintenance district or other mechanism that ensures proper functioning of systems; and in low and moderate risk areas, provisions for periodically informing users of on-site systems of the need for regular system maintenance; and

(iii) An education element directed at owners and those who install and service on-site systems, informing them about basic principles of system siting, design, installation, operation, and maintenance; local and state health requirements; available alternative systems; and financial assistance for remedial actions.

(d) **Forest practices.** The intent of this strategy is to control nonpoint pollution that results from forest practices and to emphasize coordination with forest practices and forest management programs. The committee shall consider including the following:

(i) Identification and ranking, with an explanation of criteria used, of water quality impacts in the watershed resulting from forest practices, using in part the watershed analysis tools available from the department of natural resources, and/or the cooperative evaluation, monitoring and research steering committee with the timber/fish/wildlife agreement, categorized by type of forest practice, geographic area of impact, and land ownership, and ranked according to the severity of threat to beneficial uses and public resources;

(ii) A coordination element that specifies how the water quality impact will be addressed, including the forest practices rule and regulations and timber/fish/wildlife agreement for state and private forest lands, and the national forest planning process for federal forest lands. Proposals for correcting water quality or fish habitat problems should be coordinated with the department of fisheries or department of wildlife;

(iii) Provisions to ensure that the requirements of the Forest Practices Act and rules and regulations for land use conversions are implemented consistently to their fullest extent by all jurisdictions in the watershed;

(iv) Provisions for ensuring consistency among local jurisdictions in the watershed in carrying out the forest practices provisions in WAC 222-50-020(3) relating to the Shoreline Management Act; review of proposed regulations, and proposal of new regulations, pursuant to RCW 76.09.040 and review of forest practice applications pursuant to RCW 76.09.050;

(v) An education element coordinated with the department of natural resources that informs private landowners, especially small landowners, about the availability of technical assistance on water quality best management practices and compliance with forest practices rules and regulations, and informs watershed residents about opportunities for information and comment on forest practices in the watershed; and

(vi) Procedures for coordinating water quality monitoring on forest lands in the watershed with state, federal and timber/fish/wildlife monitoring programs.

(e) **Marinas and boats.** The intent of this strategy is to control nonpoint pollution from marinas and boats, focusing on coordinated education efforts for the boating public and marina operators to reduce pollutants from improper sewage disposal and boat maintenance. The committee shall consider including:

(i) Provisions for coordinating with the state parks and recreation commission, the department of health, and the state agency task force and advisory committees under MB-1 of the plan; and

(ii) An education program in coordination with element MB-4 of the plan to inform marina operators and the boating public about nonpoint pollution from boating activities, as well as the available methods to control such pollution and applicable federal, state, and local programs, including: On-board sanitation; near-shore and on-shore sewage disposal facilities; use of paints and solvents; solid waste disposal; and other practices related to the use, repair, or maintenance of boats that may contribute to water quality degradation. The boating public shall also be informed of the importance of preventing discharges in sensitive areas particularly shellfish beds and swimming areas; and

(iii) Measures may be developed for shoreside sewage disposal facilities at marinas, regulation of waste discharges from recreational boats and liveaboards, and for the storage, use, and disposal of hazardous materials such as fuels, paints, and solvents.

(f) **Other nonpoint sources.** The intent is to control other priority or potential priority sources of nonpoint pollution in the watershed, including but not limited to pesticides, landfills, mines, sand and gravel pits, seepage

disposal practices, and contaminated sites, as needed. The committee shall consider including the following:

(i) A pesticides management strategy, emphasizing an education program coordinated with the cooperative extension service, conservation district, forest and farm practices strategies pursuant to this chapter, and the state department of agriculture. This will include informing users of pesticides in the watershed about the potential water quality problems associated with the improper use, storage, and disposal of pesticides, and the less toxic alternatives, including integrated pest management practices and nonpesticide substances and techniques that do not degrade water quality. The education program shall consider utilizing the Puget Sound Pest Management Information Program developed under element ~~((NP-17))~~ PS-2 of the plan, and other appropriate actions, including possible use of the Pesticide Usage Survey developed under element ~~((NP-16))~~ PS-1 of the plan. The strategy shall also consider including provisions which recognize the state preemption to regulate pesticides pursuant to chapter 16-228 WAC (Pesticide regulations), chapter 17.21 RCW (Washington Pesticide Application Act) and chapter 15.58 RCW (Washington Pesticide Control Act).

(ii) A management strategy for addressing nonpoint pollution from landfills, mines, and sand and gravel pits shall consider including measures that local governments can incorporate into their permitting processes to minimize sedimentation, turbidity, particulates, and leachates from closed, active, and proposed landfills, mining, and excavation activities; an education program to inform those engaged in landfill and resource excavation activities about the potential water quality problems associated with these operations, existing applicable regulations, and effective methods to reduce erosion and leachates from these activities; and other appropriate actions.

(iii) A management strategy for septage disposal practices, including coordination with the local agency administering the regulations pursuant to chapter 173-304 WAC, Minimal functional standards for solid waste handling.

(iv) A management strategy for contaminated sites, including coordination with the plan, related federal superfund plans, and any relevant state cleanup plans.

(v) When addressing nonpoint pollution from other nonpoint sources, strategies shall be developed by the watershed management committee.

AMENDATORY SECTION (Amending WSR 91-22-096, filed 11/6/91, effective 12/7/91)

WAC 400-12-535 Phase 3—Action plan implementation strategy. The watershed management committee shall prepare a strategy for implementing the action plan, including the following:

(1) A description of the specific actions required of each implementing agency and local government, including federal compliance requirements pursuant to Section 313 of the Federal Clean Water Act, and a means of coordinating these actions within and among control strategies. Where possible, the implementation strategy shall include, but is not limited to, specifically worded statements, such as model ordinances, recommended government policy statements,

interagency agreements, proposed legislative changes, and proposed amendments to local comprehensive plans;

(2) A schedule that includes annual milestones for implementing nonpoint pollution control strategies and a specified time frame for achieving action plan objectives;

(3) Estimated implementation costs and budget, including a financing element that identifies existing and potential local, state, and federal funding sources to fully implement the action plan. ~~Optional federal ((and state)) funding sources include: Sections 319, 104 (b)(3) and 205(j) of the Clean Water Act, ((as well as)) funds from the U.S. Forest Service and U.S. Fish and Wildlife Service implementing the federal forest plan, Clean Vessel Act grants, Army Corps of Engineers environmental restoration project funds, U.S. Environmental Protection Agency environmental education grants, U.S. Department of Agriculture Rural Economic and Community Development Water and Waste Disposal and Low Income Repair loans and grants, U.S. Department of Agriculture Natural Resource Conservation Service funds, and Coastal Zone Management 306 grants, among others.~~ Optional state funding sources include: The state revolving loan program ((and)) the Centennial Clean Water Fund, the Jobs for the Environment program, department of transportation watershed mitigation investment funds, department of ecology public participation grants, the Washington state conservation commission nonpoint water quality implementation grants and habitat restoration fisher assistance program, the department of natural resources aquatic lands enhancement account, the interagency committee for outdoor recreation Washington wildlife and recreation fund, the department of community, trade, and economic development community development block grants, the public works trust fund, and others. The financing element shall include local long-term funding sources ~~((, such as utility districts,))~~ that are capable of generating revenues needed to sustain nonpoint pollution control programs, such as: Sewer and water utility districts, shellfish protection districts, conservation assessments, aquifer protection districts, lake management districts, flood control zone districts, drainage districts, on-site septic maintenance districts, conservation futures programs, and bonds, as well as current expense accounts. Additionally, the action team will maintain an updated list of funding sources and contacts which can be obtained by the public;

(4) Identification of a lead agency which must be willing and able to assume a leadership role in coordinating the implementation of the action plan and the public involvement process;

(5) A dispute resolution process to resolve disputes between the lead implementing agency and other implementing entities;

(6) A process and strategy for coordination and integration with ongoing planning and management programs within the watershed which impact water quality, including local, state, federal, and tribal plans and programs. Such plans and programs shall include comprehensive land use plans under the Growth Management Act, storm water and highway runoff plans, drainage basin plans, ground water management programs, flood control plans, wetlands management and protection programs, Coastal Zone Management Act Section 6217 coastal nonpoint pollution control programs, the Shoreline Master Program (chapter 173-19

WAC), shellfish and fisheries management programs, and others as appropriate;

(7) Provisions for public involvement in the preparation and adoption of implementation plans, policies, and/or ordinances. Such public involvement may include the designation of a watershed management council or similar body to advise and assist the lead implementing agency with overseeing implementation of the action plan; and

(8) A method of evaluating the overall effectiveness of the action plan in preventing and correcting ground and surface water quality impacts from nonpoint pollution and protecting beneficial uses, including:

(a) A long-term monitoring program. The long-term monitoring program shall provide information on trends related to water quality, habitat, biological conditions, and land use to determine whether the nonpoint pollution control strategies in the approved action plan are effective; and

(b) A process for annual review. The lead implementing agency shall annually evaluate the effectiveness of the action plan and report the results of the evaluation to the department and affected parties. Every other year, this report shall include the results from the long-term monitoring program, as applicable, and shall coincide with the departmental biennial audit.

AMENDATORY SECTION (Amending WSR 91-22-096, filed 11/6/91, effective 12/7/91)

WAC 400-12-545 Phase 4—Action plan review and approval. (1) Departmental review. The watershed management committee and lead agency shall periodically consult with the department for technical assistance in the preparation of the draft plan to be submitted for the public and agency review in subsection (2) of this section. The watershed management committee and lead agency shall submit draft portions of the plan, as each phase is completed, to the department for review.

(2) Public and agency review.

(a) As soon as the watershed management committee completes the draft action plan, the lead agency shall:

(i) Forward this draft action plan to the department for review;

(ii) Forward this draft action plan to the planning and implementing entities identified in the action plan for review and to initiate the process for obtaining concurrence;

(iii) Distribute this draft action plan to the public; and

(iv) Initiate the SEPA review process.

(b) Within thirty days after distribution of the draft action plan, the watershed management committee and implementing entities shall conduct a joint public hearing to take public testimony on the draft action plan.

(c) Each planning and implementing entity shall evaluate those provisions of the draft action plan which require the entity's involvement.

(d) The department, planning and implementing agencies, and the public shall provide comments to the lead agency within sixty days of the distribution of the draft action plan.

(e) The lead agency shall collect the comments and present them to the watershed management committee.

(f) The committee shall prepare final revisions to the action plan and a summary of responses to the comments

and forward these, preferably within sixty days, to the lead agency and planning and implementing agencies for statements of concurrence.

(3) Statements of concurrence.

(a) Within sixty days of publication of the final proposed action plan, each implementing entity shall submit a statement of its concurrence to the watershed management committee, indicating its intent to adopt implementing policies, ordinances, and programs as required, or a statement of nonconcurrence with the final proposed action plan which recommends specific revisions to those sections requiring its involvement. The lead agency need only concur with those provisions of the final proposed action plan which require its involvement.

(b) The committee shall attempt to resolve statements of nonconcurrence utilizing their dispute resolution process, prepare final revisions to the action plan, and approve it, preferably within sixty days.

(4) Action plan submittal. The final revised action plan shall be forwarded to the lead agency for submittal to the department. If there are unresolved issues or if there are statements of nonconcurrence which could not be resolved by the watershed management committee, these shall be described and included with the final revised action plan for submittal to the department. The lead agency shall propose solutions to any remaining statements of nonconcurrence and submit them to the department as part of the final action plan.

(5) Ecology approval process. Not more than thirty days from receipt of the final action plan, the department shall notify the lead agency, in writing, of its decision to approve or reject all or any portion of the final action plan. The lead agency shall promptly notify the watershed management committee of the decision of the department. Implementation of approved portions may proceed while approval of other portions is pending. To approve all or part of an action plan, the department must conclude that:

(a) The action plan is consistent with the goals and requirements of the plan;

(b) The action plan has been developed in accordance with the process described in this chapter;

(c) The plan contains a summary of the water quality characterization, the problem definition, and a statement of goals and objectives;

(d) The plan specifies a set of actions to be carried out by implementing entities to address the priority nonpoint pollution problems in the watershed and to meet the goals and objectives of the plan;

(e) The plan includes statements of concurrence from entities responsible for implementing recommendations of the action plan; in making a determination, the department shall consider the impact of any statements of nonconcurrence submitted with the action plan;

(f) The action plan includes a budget and implementation schedule;

(g) Adequate public involvement and participation has occurred in development of the action plan and a process for adequate public involvement in implementation of the plan is provided for in the action plan; and

(h) The plan complies with applicable state and federal laws.

(6) ~~((Authority))~~ Action team chair review. If the department disapproves all or part of the action plan and the lead agency cannot reach agreement with the department on approval within sixty days, either the lead agency, the watershed management committee, or the department may request review by the ~~((authority))~~ chair. The ~~((authority))~~ chair will review the decision for consistency with the plan and forward its determination to the department, lead agency, and watershed management committee.

AMENDATORY SECTION (Amending WSR 91-22-096, filed 11/6/91, effective 12/7/91)

WAC 400-12-615 Responsibilities of implementing entities. (1) Implementing entities are encouraged to adopt action plans, or applicable parts thereof, once approved by the department. Each local and state implementing entity identified in the action plan approved by the department shall be responsible for carrying out its portion of the action plan within the prescribed schedule, using the approaches described in the action plan, pursuant to RCW ~~((90.70.070))~~ 90.71.050 and 90.71.070.

(2) In addition, affected local governments and state agencies with jurisdiction in the watershed shall be guided by the action plan in developing and approving all studies, plans, permits, and facilities in the watershed. The lead implementing agency shall seek to ensure consistency of federal agency actions pursuant to Section 313 and Section 319 of the Clean Water Act, 33 U.S.C. 1251 et seq., as amended, if applicable.

NEW SECTION

WAC 400-12-645 County responsibilities. Each county within the Puget Sound Basin will develop a prioritized list of watershed improvement projects.

AMENDATORY SECTION (Amending WSR 91-22-096, filed 11/6/91, effective 12/7/91)

WAC 400-12-700 Default procedure. If a planning or implementing entity does not carry out its responsibilities pursuant to this chapter, such as develop action plans, and/or carry out its responsibilities under the approved action plan, and has not been granted an exception under WAC 400-12-710, the department shall work directly with that entity to identify reasons why and to develop an appropriate strategy for addressing nonpoint pollution concerns. If the planning or implementing entity fails to prepare and/or implement a watershed action plan, or portions thereof, the ~~((authority))~~ council shall follow procedures in ~~((chapter 90.70))~~ RCW 90.71.070 and in element EM-8 of the plan to seek action. In addition, the department shall use its regulatory authority under chapter 90.48 RCW (Water pollution control) to require that water quality problems are corrected and, as a last resort, prepare action plans, and/or implement portions thereof.

PERMANENT RULES

UTILITIES AND TRANSPORTATION COMMISSION

[Docket No. UT-960687, General Order No. R-438—Filed November 20, 1996, 11:55 a.m.]

In the matter of amending WAC 480-120-405 relating to the definition of a local calling area.

The Washington Utilities and Transportation Commission takes this action under Notice No. WSR 96-17-052, filed with the code reviser on August 20, 1996. The commission brings this proceeding pursuant to RCW 80.01.040.

This proceeding complies with the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.05 RCW), the State Register Act (chapter 34.08 RCW), the State Environmental Policy Act of 1971 (chapter 34.21C RCW), and the Regulatory Fairness Act (chapter 19.85 RCW).

The commission scheduled this matter for oral comment and adoption under Notice No. WSR 96-17-052, for 9:00 a.m., Wednesday, September 25, 1996, in the Commission's Hearing Room, Second Floor, Chandler Plaza Building, 1300 South Evergreen Park Drive S.W., Olympia, WA. The notice provided interested persons the opportunity to submit written comments to the commission until September 13, 1996.

No written comments were submitted to the commission. The rule revision addressed local call area definitions as defined in WAC 480-120-405 which defines local calling as "seven digit" dialing. The revision will allow ten digit dialing in the local calling areas due to technical requirements resulting from the implementation of new area codes in Washington.

The rule change proposal was considered for adoption at the commission's regularly scheduled open public meeting on September 25, 1996, before Chairman Sharon L. Nelson,

Commissioner Richard Hemstad, and Commissioner William R. Gillis. No oral comments were made to the commission. After consideration, the commission adopted the proposed rules, without changes.

In reviewing the entire record, the commission determines that WAC 480-120-405 shall be amended to read as set forth in Appendix A, as a rule of the Washington Utilities and Transportation Commission, to take effect pursuant to RCW 34.05.380.

Number of Sections Adopted in Order to Comply with Federal Statute: New 0, amended 0, repealed 0; Federal Rules or Standards: New 0, amended 0, repealed 0; or Recently Enacted State Statutes: New 0, amended 0, repealed 0.

Number of Sections Adopted at Request of a Nongovernmental Entity: New 0, amended 0, repealed 0.

Number of Sections Adopted on the Agency's own Initiative: New 0, amended 1, repealed 0.

Number of Sections Adopted in Order to Clarify, Streamline, or Reform Agency Procedures: New 0, amended 1, repealed 0.

Number of Sections Adopted using Negotiated Rule Making: New 0, amended 0, repealed 0; Pilot Rule Making: New 0, amended 0, repealed 0; or Other Alternative Rule Making: New 0, amended 0, repealed 0.

ORDER

THE COMMISSION ORDERS That WAC 480-120-405 is amended to read as set forth in Appendix A, as a rule of the Washington Utilities and Transportation Commission, to take effect pursuant to RCW 34.05.380.

THE COMMISSION FURTHER ORDERS That this order and the rule shown below, after being recorded in the register of the Washington Utilities and Transportation Commission, shall be forwarded to the code reviser for filing pursuant to chapter 34.05 RCW and chapter 1-21 WAC.

THE COMMISSION Adopts the commission staff memoranda, presented at those times which the commission considered formal notice and adoption of this proposal, as its brief explanatory statement of the reasons for adoption, and for any variances between noticed and adopted versions, and for failure to make suggested changes in the noticed proposal, under RCW 34.05.325(6).

DATED at Olympia, Washington, this 15th day of November 1996.

Washington Utilities and Transportation Commission
Richard Hemstad, Commissioner
William R. Gillis, Commissioner

AMENDATORY SECTION (Amending Order R-314, Docket No. U-89-2709-R, filed 1/14/91, effective 2/14/91)

WAC 480-120-405 Definition of extended area service. (1) As used in this chapter, "exchange" shall be as defined in WAC 480-120-021.

(2) As used in this chapter, "extended area service" means mandatory, two-way(~~(, seven digit)~~) local calling service between exchanges that provides the ability to call from one exchange to another exchange without incurring a toll charge.

(3) As used in this chapter, "embedded extended area service routes" means those extended area service routes

which exist prior to the effective date of WAC 480-120-400 through 480-120-435.

(4) As used in this chapter, "local calling capability" means the percent of the total intrastate intraLATA minutes originating in an exchange that terminates within the local calling area, except where an interLATA extended area service route is proposed, in which case "local calling capability" means the percent of total intrastate minutes originating in an exchange that terminates within the local calling area. In calculating the local calling area, the local exchange company shall treat calling by foreign exchange subscribers as toll calling.

EMERGENCY RULES
DEPARTMENT OF TRANSPORTATION

[Filed November 8, 1996, 9:22 a.m.]

Date of Adoption: November 7, 1996.

Purpose: Segregates rules related to permitting nonreducible loads from rules related to permitting reducible loads. Defines rules for measuring maximum lengths for reducible loads (single trailers, double trailers and a log truck pulling a stinger-steered pole trailer).

Citation of Existing Rules Affected by this Order: Amending WAC 468-38-070.

Statutory Authority for Adoption: RCW 46.44.090.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Thirty-one-day waiting period would be contrary to public interest. Haulers may adapt loads to WAC as amended immediately.

AMENDATORY SECTION (Amending Order 39, Resolution No. 195, filed 7/25/83)

WAC 468-38-070 Maximums for special permits—Nonreducible. (1) Overwidth: 14 feet on any two-lane highway; 20 feet on any multiple-lane highway where a physical barrier serving as a median divider separates the oncoming and opposing traffic lanes; 32 feet on any multiple-lane undivided highway.

The regulations on movement of buildings are in WAC 468-38-360.

(2) Overheight: A load over 14 feet high must be moved by permit, but the permittee is to be governed by the clearance of overhead obstructions such as bridges, underpasses, wires, overhead signs and other objects. The issuance of a permit does not insure the route to be free of low overhead structures. It is the responsibility of the permittee to check the proposed route and detour when

necessary. County or city road detours for this purpose require authorization from respective jurisdictions. (~~Vehicles hauling empty apple bins may be issued permits to haul such bins up to 14 feet 10 inches high.~~)

(3) Overlength: The permit will allow movement on routes on which the permittee can negotiate curves, interchanges, entrance and exit roadways and other obstacles. In all instances the general safety of the public is considered paramount.

(4) Overweight: 22,000 pounds on a single axle; 43,000 pounds on tandem axles. (RCW 46.44.091)

NEW SECTION

WAC 468-38-071 Maximums for special permits—Reducible. (1) Overlength: Permits for reducible loads shall not exceed 56 feet for a single trailer and 68 feet for double trailers. Measurement for a single trailer will be from the front of the trailer, or load, to the rear of the trailer, or load, whichever provides the greater distance up to 56 feet. Measurement for double trailers will be from the front of the first trailer, or load, to the rear of the second trailer, or load, whichever provides the greatest distance up to 68 feet. A log truck pulling a pole-trailer, trailer combination, carrying two distinct and separate loads will be treated as a tractor-semitrailer-trailer (doubles). Measurement for the log truck, pole-trailer, trailer combination will be from the front of the first bunk on the truck to the rear of the second trailer, or load, whichever provides the greatest distance up to 68 feet. Measurements shall not include nonload carrying devices designed for the safe and efficient operation of the semitrailer or trailer; for example: External refrigeration unit, resilient bumper, and aerodynamic shells.

(2) Overheight: Vehicles hauling empty apple bins may be issued permits to haul such bins up to 14 feet 10 inches high.

[Order 96-195—Filed November 8, 1996, 2:38 p.m., effective November 11, 1996, noon]

Date of Adoption: November 8, 1996.

Purpose: Commercial fishing regulations.

Citation of Existing Rules Affected by this Order: Amending WAC 220-40-027.

Statutory Authority for Adoption: RCW 75.08.080.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Harvestable numbers of coho salmon are available in Willapa Bay; chum salmon have cleared the commercial fishing area.

NEW SECTION

WAC 220-40-02700N Willapa Bay salmon—Fall fishery. Notwithstanding the provisions of WAC 220-40-027, it is unlawful to fish for salmon in Willapa Bay for commercial purposes or to possess salmon taken from those waters for commercial purposes, except that:

FISHING PERIOD

(1) Gill net gear may be used to fish for salmon from: noon November 11 to 6:00 p.m. November 30, 1996 in SMCRA 2G, 2H, 2J, 2K, and 2M;

(2) The Tokeland Boat Basin is closed to commercial fishing during the openings in SMCRA 2G described in this section. The Tokeland Boat Basin means that portion of SMCRA 2G bounded on the south by the shoreline of the boat basin, on the west by the seawall and on the north and east by a line from the Tokeland Channel Marker "3" (flashing green, 4-second) to Tokeland Channel Marker "4" to the tip of the seawall.

GEAR

(3) Gill net gear shall be used as provided in WAC 220-40-015, except that after November 19, the minimum mesh size is 7-1/2 inches.

REPEALER

The following section of the Washington Administrative Code is repealed effective 6:00 p.m. November 30, 1996.

Date of Adoption: November 8, 1996.
Purpose: Commercial fishing regulations.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-47-708.

Statutory Authority for Adoption: RCW 75.08.080.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Scheduled fishery in Areas 7 and 7A cancelled relative to Canada Department of Fisheries and Oceans update of 2.7 million chum entering Johnstone Strait. Chum annex of United States/Canada Pacific Salmon Treaty does not provide for United States fisheries when chum abundance is less than 3.0 million.

Openings in Areas 7B, 10, and 11 provide opportunity to harvest the nontreaty allocation of chum salmon destined for the Nooksack-Samish and south Puget Sound regions of origin per preseason schedule and relative to south Puget Sound chum run size update of 444,700. The Port Madison restriction is necessary to reduce impacts on local chum stocks.

Openings in Areas 8, 8A and 8D provide opportunity to harvest chum salmon destined for the Skagit and Stillaguamish-Snohomish regions of origin per preseason agreement. Modification of scheduled fishing hours provides separation of nontreaty net and crab gear. The requirement to release all coho and chinook salmon in Area 8 is by preseason agreement designed to reduced nontreaty impacts to weak stocks.

Openings in Areas 12 and 12B provide opportunity to harvest chum salmon destined for the Hood Canal region of origin per preseason agreement. Modification of scheduled fishing hours designed to allow timely run size update following nontreaty fishery. The requirement to release all coho and chinook salmon in Hood Canal is by preseason agreement designed to reduced nontreaty impacts to weak stocks.

All other Puget Sound areas are closed to prevent overharvest of local salmon stocks.

AMENDATORY SECTION (Amending WSR 96-21-031, filed 10/9/96, effective 11/9/96)

WAC 388-530-1150 Noncovered drugs and pharmaceutical supplies. The department shall not pay for:

(1) Noncontract drugs, brand or generic, when the manufacturer has not signed a rebate agreement with the

federal Department of Health and Human Services, except as provided under WAC 388-530-1100(4) of this chapter;

(2) Covered outpatient drugs, biological products, insulin, supplies, appliances, and equipment included in other reimbursement methods, including, but not limited to:

- (a) Diagnosis-related group (DRG);
- (b) Ratio of cost to charges (RCC);
- (c) Nursing facility per diem;
- (d) Managed care capitation rates; and
- (e) Block grants.

(3) Any drug regularly supplied as an integral part of program activity by other public agencies;

(4) A drug when the drug is prescribed:

- (a) For weight loss or gain;
- (b) To promote fertility;
- (c) For cosmetic purposes or hair growth;
- (d) To promote smoking cessation; or
- (e) For an indication which is not medically accepted as

determined by MAA in consultation with federal guidelines, the Drug Utilization Education Council (DUEC), and MAA medical and pharmacy consultants.

(5) OTC drugs/supplies, unless approved for formulary use or family planning as described under WAC 388-86-035;

(6) Drugs listed in the federal register as "less-than-effective" ("DESI" drugs) or which are identical, similar, or related to such drugs;

(7) Covered outpatient drugs for which the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or manufacturer's designee;

(8) Prescription vitamins and mineral products in the absence of a condition that is clinically recognized to produce a deficiency state, except prenatal vitamins and fluoride preparations. Prenatal vitamins are covered only when prescribed and dispensed to pregnant women. Fluoride preparations are covered only for children, under the early and periodic screening, diagnosis, and treatment (EPSDT or "healthy kids") services;

(9) Drugs that are experimental, investigational, or of unproven efficacy or safety;

(10) Formulary or nonformulary drugs requiring prior authorization for which department authorization has been denied;

(11) Preservatives, flavoring, and/or coloring agents used in the process of compounding;

(12) Less than a one-month supply of drugs for long-term therapy, except as provided under WAC 388-530-1250, Prior authorization. For a definition of long-term therapy, see WAC 388-530-1050(39);

(13) Prescriptions written on pre-signed prescription blanks filled out by nursing facility operators or pharmacists. The department shall terminate the core provider agreement of pharmacies involved in this practice;

(14) Drugs used to replace those taken from nursing facility emergency kits;

(15) Drugs used to replace a physician's stock supply;

(16) Free pharmaceutical samples;

(17) Obsolete NDCs, except that the department may allow reimbursement to a pharmacy for a drug product with an obsolete NDC when the product is dispensed to an eligible client not later than two years from the date the

NDC is designated obsolete, if the drug is not a terminated drug product; and

(18) Terminated drug products.

AMENDATORY SECTION (Amending WSR 96-21-031, filed 10/9/96, effective 11/9/96)

WAC 388-530-1200 Drug formulary. (1) For the purposes of this section, "medically accepted indication" shall mean any use for a covered outpatient drug which is approved under the Federal Food, Drug, and Cosmetic Act or the use of which is supported by one or more citations included or approved for inclusion in the following compendia:

(a) American Hospital Formulary Service Drug Information;

(b) United States Pharmacopeia Drug Information; or

(c) American Medical Association Drug Evaluations.

(2) The medical assistance administration (MAA) shall not require prior approval for drug preparations listed in the MAA drug formulary for the initial prescription.

(a) MAA shall apply certain setting restrictions, such as nursing home or home use only as well as limits on quantity.

(b) MAA shall update the formulary list as necessary and shall publish the list periodically.

~~((2))~~ (3) To request inclusion of a drug product in MAA's drug formulary, a drug manufacturer shall send to the pharmacist consultant a written request and the following supporting documentation:

(a) Background data about the drug as requested by MAA;

(b) Product package information as requested by MAA;

(c) Any pertinent clinical studies; and

(d) Any additional information the manufacturer feels appropriate.

~~((3))~~ MAA's pharmacist consultants and an advisory board shall evaluate drugs for formulary inclusion. The consultants and board may include MAA's medical consultants, the drug utilization and education council (DUEC), and/or participating MAA pharmacy providers.)

(4) The drug utilization and education council, established under WAC 388-530-1850, shall evaluate drugs for formulary inclusion and advise the department based on its evaluation. MAA's pharmacy consultants, medical consultants, the drug utilization and education council (DUEC), and/or participating MAA pharmacy providers may evaluate whether a drug should be covered with or without restrictions.

~~((6))~~ (5) The criteria for evaluating whether to include or exclude a drug from MAA's formulary include, but are not limited to the following:

(a) The manufacturer has signed a federal drug rebate contract agreement;

(b) ~~((Like drugs are already on the formulary;~~

~~(e))~~ The drug is a less-than-effective drug, or is identical, similar, or related to a less-than-effective drug; and

~~((d))~~ (c) The drug falls into one of the categories authorized by federal law to be excluded from coverage(~~(~~

~~(e) There are already less costly therapeutic alternatives in the formulary; and~~

~~(f) The drug has a potential for abuse).~~

~~((5) The MAA shall determine whether a drug should be covered with or without restrictions in a manner similar to how formulary status is determined.~~

~~(6) The department shall ensure decisions made in subsections (3) and (5) of this section are subject to review by the MAA assistant secretary or his/her designee. Manufacturers may seek review of adverse decisions by writing to the medical director.~~

~~(7) The department may require double blind drug studies to be performed when there is a question of medical necessity or efficacy and the medical literature on the issue is inconclusive. MAA may use the double blind study when:~~

~~(a) Considering addition or deletion of a drug to the formulary;~~

~~(b) Evaluating the relative merits of two drugs for general use or for a specific individual;~~

~~(e) Evaluating requests for prior authorization; or~~

~~(d) For whatever purpose the department deems necessary.)~~

~~(6) Decisions regarding formulary development and coverage restrictions shall be made by the MAA assistant secretary or his/her designee. Manufacturers may seek review of adverse decisions by writing to the medical director.~~

~~(7) Development of the formulary shall be based on the following criteria and as provided in subsection (8) of this section:~~

~~(a) Whether the manufacturer has entered into and complies with a federal drug rebate agreement;~~

~~(b) Whether the drug is a less-than-effective drug, or is identical, similar, or related to a less-than-effective drug; and~~

~~(c) Whether the drug falls into one of the categories authorized by federal law to be excluded or otherwise restricted from coverage.~~

~~(8) MAA may exclude a covered outpatient drug with respect to the treatment of a specific disease or condition for an identified population (if any) based on the drug's labeling (or in the case of a drug, the prescribed use of which is not approved under the Federal Food, Drug, and Cosmetic Act but is a medically accepted indication, based on information from the appropriate compendia described in subsection (1) of this section) if:~~

~~(a) The excluded drug does not have a significant, clinically meaningful therapeutic advantage in terms of safety, effectiveness or clinical outcome of such treatment for such population over other drugs included in the formulary; and~~

~~(b) MAA provides a written explanation of the basis for the exclusion and makes this explanation available to the public.~~

~~(9) Coverage of a drug excluded from the formulary, other than any drug excluded or otherwise restricted under subsection (7)(c) of this section, is permitted if approved under the prior authorization program established in WAC 388-530-1250.~~

Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

WSR 96-23-041
EMERGENCY RULES
POLLUTION LIABILITY
INSURANCE AGENCY

[Filed November 18, 1996, 10:50 a.m.]

Date of Adoption: November 18, 1996.

Purpose: This rule is being adopted to amend existing language in chapter 374-70 WAC. RCW 70.149.070 directs disbursement from the trust fund established by RCW 70.149.080. The Pollution Liability Insurance Agency is amending sections of chapter 374-70 WAC to protect the trust fund from future pollution liability insurance claims based on suspected heating oil releases from active heating oil tanks. This rule change will ensure that the purpose of the program is satisfied, but that program funds will not be expended to discover whether or not contamination actually exists. The burden of proof that a release has occurred is the responsibility of the tank owner/operator. Excavation of an underground heating oil tank is the responsibility of the tank owner/operator. These amendments will ensure fairness in the distribution of services and solvency of the heating oil pollution liability insurance program.

Citation of Existing Rules Affected by this Order: Repealing WAC 374-70-110; and amending WAC 374-70-020, 374-70-030, 374-70-060, 374-70-070, 374-70-080, 374-70-090, 374-70-100, 374-70-120, and 374-70-130.

Statutory Authority for Adoption: Chapter 70.149 RCW.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The heating oil pollution liability insurance program was established to address a solution to the threat posed to human health and the environment by accidental releases of heating oil from active heating oil tanks. The Pollution Liability Insurance Agency believes it is in the best interest of the citizens of Washington state that in order to protect the trust fund established by chapter 70.149 RCW, it is imperative that the burden of proof that a release from an active heating oil tank has occurred is the responsibility of owners/operators of active heating oil tanks. These amendments will ensure fairness in the distribution of services and solvency of the heating oil pollution liability insurance program.

AMENDATORY SECTION (Amending WSR 96-01-101, filed 12/19/95, effective 1/19/96)

WAC 374-70-020 Definitions. Unless the context requires otherwise, the definitions in this section shall apply throughout this chapter.

(1) "Abandoned heating oil tank" means a heating oil tank system that has been abandoned or decommissioned and is no longer active and in use.

(2) "Accidental release" means a sudden or nonsudden release of heating oil from an active heating oil tank that results in bodily injury, property damage, or a need for corrective action, neither expected nor intended by the owner or operator.

(3) "Active" heating oil tank means a heating oil tank that:

(a) Is in use at the time of registration for the heating oil pollution liability insurance program;

(b) Has been in continuous use for a period of eighteen months prior to registration; and

(c) Has been continuously in use between registration and submission of a notice of claim.

(4) "Agency" means the Washington state pollution liability insurance agency established pursuant to chapter 70.148 RCW. For purposes of chapter 70.149 RCW, agency shall also mean staff or employees of the pollution liability insurance agency.

(5) "Bodily injury" means bodily injury, sickness, or disease sustained by a person, including death at any time, resulting from the injury, sickness, or disease.

(6) "Claim" means a demand made by a named insured, or the insured's representative, for payment of the benefits provided under the heating oil pollution liability insurance program.

(7)(a) "Corrective action" means those actions reasonably required to be undertaken by the insured to remove, treat, neutralize, contain, or clean up an accidental release in order to comply with a statute, ordinance, rule, regulation, directive, order, or similar legal requirement, in effect at the time of an accidental release, of the United States, the state of Washington, or a political subdivision of the United States or the state of Washington. "Corrective action" includes, where agreed to in writing, in advance by the insurer, action to remove, treat, neutralize, contain, or clean up an accidental release to avert, reduce, or eliminate the liability of the insured for corrective action, bodily injury, or property damage. "Corrective action" also includes actions reasonably necessary to monitor, assess, and evaluate an accidental release.

(b) "Corrective action" does not include:

(i) Removal, replacement or repair of heating oil tanks or other receptacles; ((or))

(ii) Replacement or repair of piping, connections, and valves of tanks or other receptacles; or

(iii) Costs directly associated with tank removal.

(8) "Director" means the director of the Washington state pollution liability insurance agency or the director's appointed representative.

(9) "Heating oil" means any petroleum product used for space heating in oil-fired furnaces, heaters, and boilers, including stove oil, diesel fuel, or kerosene. "Heating oil" does not include petroleum products used as fuels in motor vehicles, marine vessels, trains, buses, aircraft, or any off-highway equipment not used for space heating, or for industrial processing or the generation of electrical energy.

(10) "Heating oil tank" means an active tank and its connecting pipes, whether above or below ground, or in a basement, with pipes connected to the tank for space heating of human living or working space on the premises where the tank is located. "Heating oil tank" does not include a decommissioned or abandoned heating oil tank, or a tank used solely for industrial process heating purposes or generation of electrical energy.

(11) "Heating oil tank service provider" is an independent contractor responsible for ~~((all aspects of))~~ corrective action including ~~((excavation, tank line removal,))~~ sampling and testing, remedial actions, site restoration, and submittal of required reports to PLIA.

(12) "Insurer" means the commercial insurance company providing pollution liability insurance to registered owners of heating oil tanks under the heating oil pollution liability insurance program. PLIA is the reinsurer of the commercial insurance company and acts as the designated representative of the insurer for the heating oil pollution liability insurance program.

(13) "MTCA" means the Model Toxics Control Act (chapter 70.105D RCW).

~~((13))~~ (14) "Named insured" means the individual insureds who are heating oil tank owners registered for coverage under the heating oil pollution liability insurance program.

~~((14))~~ (15) "Occurrence" means an accident, including continuous or repeated exposure to conditions, that results in an accidental release from an active heating oil tank.

~~((15))~~ (16) "Owner" means the person, or his or her authorized representative, legally responsible for a heating oil tank, its contents, and the premises upon which the heating oil tank is located.

~~((16))~~ (17) "Owner or operator" means a person in control of, or having responsibility for, the daily operation of a heating oil tank.

~~((17))~~ (18) "Per occurrence, per site, per year" means one accidental release per site, per year.

~~((18))~~ (19) "Pollution liability insurance agency" (PLIA) means the Washington state pollution liability insurance agency established pursuant to chapter 70.148 RCW. For purposes of chapter 70.149 RCW, pollution liability insurance agency shall also mean staff or employees of the pollution liability insurance agency.

~~((19))~~ (20) "Pollution liability insurance agency trust account" means the pollution liability insurance agency trust account established under chapter 70.148 RCW and established in the custody of the state treasurer. Expenditures from the account are used for the purposes of chapter 70.148 RCW including the payment of costs of administering the pollution liability insurance program, and payment of reinsurance claims.

~~((20))~~ (21) "Property damage" means:

(a) Physical injury to, destruction of, or contamination of tangible property, including the loss of use of the property resulting from the injury, destruction, or contamination; or

(b) Loss of use of tangible property that has not been physically injured, destroyed, or contaminated but has been evacuated, withdrawn from use, or rendered inaccessible because of an accidental release.

~~((21))~~ (22) "Property damage restoration" means the restoration of property to a similar condition to that of the property prior to the accidental release. Restoration includes the replacement of sod, plants or concrete driveway or walkway, or the cleaning or replacement of carpet in the case of a basement tank.

~~((22))~~ (23) "Release" means a spill, leak, emission, escape, or leaching into the environment.

~~((23))~~ (24) "Third-party claimant" means a person alleged to have suffered property damage requiring corrective action or bodily injury as a direct result of a leak or spill from the heating oil tank of a named insured.

~~((24))~~ (25) "Third-party liability" means the liability of a heating oil tank owner to another person due to property damage requiring corrective action or bodily injury that results from a leak or spill from an active heating oil tank.

AMENDATORY SECTION (Amending WSR 96-01-101, filed 12/19/95, effective 1/19/96)

WAC 374-70-030 Responsibility. (1) The director of the pollution liability insurance agency is directed by chapter 70.149 RCW to establish the heating oil pollution liability insurance program to assist owners and operators of active heating oil tanks. The agency implements and administers the pollution liability insurance program established by chapter 70.148 RCW and the heating oil pollution liability insurance program established by chapter 70.149 RCW.

(2) The location of the principal office and the mailing address of the agency is:

Pollution Liability Insurance Agency
State of Washington
1015 10th Avenue, S.E.
P.O. Box 40930
Olympia, WA 98504-0930

(3) The principal administrative and appointing officer of the agency is the director. The director may designate other employees of the agency to act in his or her behalf in the director's absence or with respect to those matters in which so doing would enhance the efficiency of the agency's operations.

(4) In administering the heating oil pollution liability insurance program, PLIA acts as the designated representative of the insurer providing pollution liability insurance to registered owners of heating oil tanks.

AMENDATORY SECTION (Amending WSR 96-01-101, filed 12/19/95, effective 1/19/96)

WAC 374-70-060 Coverage. (1) The effective date of coverage under the heating oil pollution liability insurance program is January 1, 1996. Thereafter, individual heating oil tank coverage shall become effective upon receipt, by PLIA, of the completed registration form. Corrective action

for an accidental release occurring prior to the effective date of coverage will not be covered under the program.

(2) The heating oil pollution liability insurance program provides coverage for corrective action costs up to sixty thousand dollars per occurrence, per site, per year, exclusive of other valid insurance or warranties.

(3) **Corrective action costs covered under the heating oil pollution liability insurance program include:**

(a) Corrective action if the accidental release occurs after the registration of an active heating oil tank;

(b) Actions necessary to determine the extent and severity of an accidental release;

(c) Costs, not to exceed sixty thousand dollars per occurrence, per site, per year;

(d) Costs in excess of other valid insurance or warranties;

(e) First-party property damage restoration, including landscaping, limited to one thousand five hundred dollars per occurrence, per site, per year;

(f) Third-party property damage restoration, including landscaping, limited to one thousand five hundred dollars for each third-party claimant per occurrence, per site, per year;

(g) Excavation, treatment and/or removal and proper disposal of any soil or water contaminated by the accidental release and ~~((removal and))~~ proper disposal of nonrepairable heating oil tank or tanks; and

(h) Required soil and water sampling and testing to determine if corrective action standards have been met.

(4) **Corrective action costs not covered under the heating oil pollution liability insurance program include:**

(a) Corrective action if the accidental release occurred prior to the registration of an active heating oil tank;

(b) Costs covered by other valid insurance or warranties;

(c) Costs in excess of sixty thousand dollars per occurrence, per site, per year, exclusive of other valid insurance or warranties;

(d) Cleanup of contamination from other sources;

(e) Removal, repair or replacement of the heating oil tank, lines, or furnace;

(f) Emergency heat restoration procedures;

(g) Cleanup of a site beyond the MTCA cleanup levels;

(h) Corrective action associated with an abandoned or decommissioned heating oil tank or site;

(i) First-party property damage restoration, including landscaping, in excess of one thousand five hundred dollars per occurrence, per site, per year;

(j) Third-party property damage restoration, including landscaping, in excess of one thousand five hundred dollars for each third-party claimant per occurrence, per site, per year; and

(k) Defense costs, including the costs of legal representation, expert fees, and related costs and expenses incurred in defending against claims or actions brought by or on behalf of:

(i) The United States, the state of Washington, or a political subdivision of the United States or state of Washington to require corrective action or to recover costs of corrective action; or

(ii) A third party for bodily injury or property damage caused by an accidental release.

(5) If a claim exceeds sixty thousand dollars in total damages, coverage within the sixty thousand dollar policy

limit shall be on a pro rata basis between the insured heating oil tank owner and third-party claimant(s).

(6) A claim will be accepted for coverage only after an investigation has confirmed the existence of an accidental release which is eligible for coverage under these rules.

AMENDATORY SECTION (Amending WSR 96-01-101, filed 12/19/95, effective 1/19/96)

WAC 374-70-070 Parties involved with an accidental release and corrective action. Among the potential parties involved when an accidental release is suspected from a heating oil tank or line are the heating oil tank owner or operator, adjacent property owners, heating oil supplier, PLIA, third-party administrator, department of ecology, and heating oil tank service providers.

(1) Heating oil tank owner or operator. All liabilities caused by an accidental release originating from a heating oil tank are the sole responsibility of the heating oil tank owner. The pollution liability insurance agency and/or the state of Washington accepts no liability, nor portion of the liability, from the heating oil tank owner. The heating oil tank operator may submit forms to PLIA on behalf of the owner, however, no corrective action may be performed without the specific written consent of the heating oil tank owner. The heating oil tank owner or operator is responsible for ~~((selecting a heating oil tank service provider from the prequalified list supplied by PLIA, working with that service provider to file the appropriate forms and reports with PLIA, and for))~~ notifying the heating oil supplier in the case of a suspected accidental release and investigating the source and extent of the suspected accidental release. The heating oil tank owner is responsible for notification of homeowner's insurer and determination of whether coverage will be provided. If corrective action is implemented, the heating oil tank owner is responsible for selecting a service provider approved by the insurer and approving the completed corrective action.

(2) Adjacent property owners. If an accidental release migrates off-site, or is suspected to have migrated, the adjacent property owner may be involved in the corrective action. In this situation, the heating oil tank owner or operator shall notify PLIA of the occurrence and provide the adjacent property owner's name, address and telephone number.

(3) Heating oil supplier. Some heating oil suppliers provide customer services which may be a resource to evaluate a suspected accidental release to the environment. If after investigating a heating system malfunction, a heating oil supplier determines that an accidental release may have occurred, the heating oil supplier should inform the owner or operator of the accidental release.

~~((PLIA registers heating oil tanks, purchases insurance and provides reinsurance, provides a list of prequalified heating oil tank service providers, manages claims, investigates sites and provides certification that a claim is closed.~~

~~((5) Third party administrator. PLIA will appoint a third party administrator to perform all initial investigations and site assessments. Investigation will include, but not necessarily be limited to, verification that the accidental release is from an active, registered heating oil tank, investigation of the existence of any other valid insurance or~~

warranties providing coverage for the heating oil tank and/or property, and determination of the extent and severity of the accidental release. The heating oil tank owner or operator shall cooperate fully with the third party administrator and supply any information necessary for the third party administrator to complete the initial investigation and site assessment, including, but not limited to, a copy of any homeowner, pollution liability, or environmental impairment insurance policy(ies). A report of the investigation will be submitted to PLIA. If no contamination requiring corrective action is discovered during the investigation, all costs associated with the investigation will be the responsibility of the heating oil tank owner.) PLIA acts as the designated representative of the insurer for purposes of the heating oil pollution liability insurance program. PLIA provides informal advice and assistance to heating oil tank owners and operators, registers heating oil tanks for insurance coverage, provides listings of service providers approved by the insurer, manages claims for the insurer and provides certification that a claim is closed.

(5) Third-party administrator. PLIA may appoint a third-party administrator to assist in monitoring, investigation and corrective action.

(6) Department of ecology. The department of ecology administers state-wide laws and rules detailing MTCA cleanup standards for both soil and ground water. To be eligible for coverage under the heating oil pollution liability insurance program, corrective action must satisfy MTCA and pertinent local government requirements.

(7) Heating oil tank service provider. A heating oil tank service provider is an independent contractor (responsible for all aspects of corrective action including excavation, tank/line removal, sampling and testing, remedial actions, site restoration, and submittal of required reports to PLIA) who contracts with an owner or operator to perform corrective action, including submitting reports to PLIA on behalf of the owner or operator.

AMENDATORY SECTION (Amending WSR 96-01-101, filed 12/19/95, effective 1/19/96)

WAC 374-70-080 Claims ((procedures)). Coverage under the heating oil pollution liability insurance program shall be in excess of other valid insurance and warranties. Payment of a claim will be made only if the cleanup of contamination resulting from an accidental release is not covered by other valid insurance and warranties. Corrective action will be accomplished by the most cost-effective method available. To receive payment from the heating oil pollution liability insurance program for covered corrective action costs, the following actions are required:

(1) The claim must be for corrective action resulting from an accidental release from an active heating oil tank which has been registered with PLIA prior to the accidental release;

(2) The claim must satisfy all requirements and restrictions established by chapter 70.149 RCW and this chapter. Any failure to satisfy all requirements and restrictions may be a basis for denial of claim;

(3) The heating oil tank owner or operator must provide notice to PLIA that a potential claim exists within ((seven))

ten days of discovery that an accidental release may have occurred;

(4) Upon receipt of notice of a potential claim, PLIA will commence completion of the notice of claim, and will provide the heating oil tank owner or operator with a list of ((prequalified)) insurer approved heating oil tank service providers;

(5) The heating oil tank operator may submit reports and forms on behalf of the heating oil tank owner; however, no corrective action will be initiated or performed without the specific written consent of the heating oil tank owner;

(6) ~~((Initial investigation and site assessment will be performed by a third party administrator appointed by PLIA. Investigation will include, but not necessarily be limited to, verification that the accidental release is from an active, registered heating oil tank, investigation of the existence of any other valid insurance or warranties providing coverage for the heating oil tank and/or property, and determination of the extent and severity of the accidental release. The heating oil tank owner or operator shall cooperate fully with the third party administrator and supply any information necessary for the third party administrator to complete the initial investigation and site assessment, including, but not limited to, a copy of any homeowner, pollution liability, or environmental impairment insurance policy(ies). A report of the investigation will be submitted to PLIA. If no contamination requiring corrective action is discovered during the investigation, all costs associated with the investigation will be the responsibility of the heating oil tank owner;))~~ The heating oil tank owner is responsible for investigation to determine the source and extent of a suspected accidental release. The heating oil tank owner is also responsible for notification of the homeowner's insurer and determination of whether coverage will be provided;

(7) If the claim is determined by PLIA to be valid, PLIA will so notify the heating oil tank owner or operator ((will be notified by PLIA to select)). The corrective action shall be performed by a heating oil tank service provider ((from the list of prequalified heating oil tank service providers, to perform corrective action. PLIA's list of prequalified heating oil tank service providers will be updated quarterly. The heating oil tank owner or operator must contact PLIA, prior to selecting a heating oil tank service provider, to confirm that the heating oil tank service provider is still included on the agency's list of prequalified heating oil tank service providers)) approved by the insurer;

(8) The ((prequalified)) heating oil tank service provider will notify PLIA of selection by the heating oil tank owner or operator. PLIA will then forward to the heating oil tank service provider the following forms:

(a) Scope of work proposal. This form will provide the heating oil tank owner or operator and PLIA a proposal of the extent and elements of corrective action, as well as a specific cost proposal;

(b) Change order. This form provides a proposal for change or deviation from the scope of work proposal;

(c) Project field report. This form provides a record of all corrective action and work elements, as well as a record of detailed costs. The project field report must include color photographs of the project at commencement, completion, and any significant steps in between, as well as appropriate project sketches and/or plans; and

(d) Claim report. This form will include a project closeout report, final cleanup report, and corrective action cost claim;

(9) The ~~((prequalified))~~ heating oil tank service provider will submit for approval to the heating oil tank owner or operator and to PLIA a scope of work proposal for corrective action at the heating oil tank site;

(10) Upon receipt of approval by the heating oil tank owner or operator and PLIA of the scope of work proposal, the heating oil tank service provider may commence work to accomplish corrective action ~~((in compliance with MTCA independent remedial action))~~;

(11) All work performed by the heating oil tank service provider on behalf of the heating oil tank owner or operator and PLIA must be within the terms of the contract and the approved scope of work proposal and shall not exceed costs included in the scope of work proposal. Any change(s) or deviation(s) from the approved scope of work proposal must be accomplished through a change order request which must be approved in advance by the heating oil tank owner or operator and PLIA. Any work performed by the heating oil tank service provider that has not been approved, prior to performance, by the heating oil tank owner or operator and PLIA, or is beyond the terms of the scope of work proposal or change order(s), or is in excess of costs approved in the scope of work proposal or change order(s), will not be paid or reimbursed under the heating oil pollution liability insurance program. Such work or excess costs will be the responsibility of the heating oil tank owner and/or heating oil tank service provider;

(12) Corrective action activities and costs must be recorded by the heating oil tank service provider on the project field report form provided by PLIA ~~((The project field report must include color photographs of the project at commencement, completion and any significant steps between, as well as appropriate project sketches and/or plans))~~;

(13) Upon completion of all corrective action, the heating oil tank owner or operator must sign the project closeout report indicating approval of and satisfaction with all work performed by the heating oil tank service provider;

(14) Upon completion of ~~((and))~~ corrective action and approval by the heating oil tank owner or operator, the heating oil tank service provider must submit to PLIA a complete claim report ~~((The claim report will include the project closeout report, project field report, final cleanup report and corrective action cost claim. After review and approval of the claim report by PLIA, the heating oil tank service provider will receive payment))~~;

(15) Upon completion of corrective action that appears to satisfy the requirements of all applicable state and local statutes, the director will certify that the claim has been closed;

(16) Approval of claims and payment of covered costs are contingent upon the availability of revenue. The director reserves the right to defer payment at any time that claim demands exceed the revenue available for the heating oil pollution liability insurance program. Payment will commence with sufficient revenue;

(17) PLIA will maintain all records associated with a claim for a period of ten years; and

(18) In the case of an emergency, the director may authorize deviation from this procedure to the extent necessary to adequately respond to the emergency.

AMENDATORY SECTION (Amending WSR 96-01-101, filed 12/19/95, effective 1/19/96)

WAC 374-70-090 Third-party claims ((procedures)). Coverage under the heating oil pollution liability insurance program shall be in excess of other valid insurance and warranties. Payment of a claim will be made only if the cleanup of contamination resulting from an accidental release is not covered by other valid insurance and warranties. Corrective action will be accomplished by the most cost-effective method available. For a third party to receive payment from the heating oil pollution liability insurance program for covered corrective action costs, the following actions are required:

(1) The claim must be for corrective action resulting from a leak or spill from an active heating oil tank which has been registered with PLIA prior to the leak or spill;

(2) The claim must satisfy all requirements and restrictions established for third-party claims by chapter 70.149 RCW and this chapter. Any failure to satisfy all requirements and restrictions may be a basis for denial of claim;

(3) The third-party claimant must provide notice to PLIA that a potential third-party claim may exist within ~~((ten))~~ fifteen days of discovery that damage may have occurred from a leak or spill from a named insured's active heating oil tank;

(4) Upon receipt of notice of a potential claim, PLIA will commence completion of the notice of claim;

(5) ~~((Initial investigation and site assessment will be performed by a third party administrator appointed by PLIA. Investigation will include, but not necessarily be limited to, verification that the leak or spill is from an active, registered heating oil tank, investigation of the existence of any other valid insurance or warranties providing coverage for the heating oil tank and/or property, and determination of the extent and severity of the leak or spill. The third party claimant shall cooperate fully with the third party administrator and supply any information necessary for the third party administrator to complete the initial investigation and site assessment. A report of the investigation will be submitted to PLIA. If no contamination requiring corrective action is discovered during the investigation, all costs associated with the investigation will be the responsibility of the heating oil tank owner.))~~ If an accidental release from a named insured's heating oil tank has been confirmed, PLIA, as designated representative of the insurer will initiate an investigation to determine the extent and source of the contamination. Investigation will be performed by PLIA or a designated representative approved by the insurer. PLIA may also assist the named insured heating oil tank owner in determining if the insured's homeowner's insurance provides coverage for third-party damage. The third-party claimant shall cooperate fully with the investigator and provide any information or access necessary to complete the investigation;

(6) If the claim is determined by PLIA to be valid, the third-party claimant will be notified by PLIA to select a heating oil tank service provider, ~~((from the list of~~

~~prequalified heating oil tank service providers)) approved by the insurer, to perform corrective action((~~PLIA's list of prequalified heating oil tank service providers will be updated quarterly. The third-party claimant must contact PLIA, prior to selecting a heating oil tank service provider, to confirm that the heating oil tank service provider is still included on the agency's list of prequalified heating oil tank service providers~~));~~

(7) The ~~((prequalified))~~ heating oil tank service provider will notify PLIA of selection by the third-party claimant. PLIA will then forward to the heating oil tank service provider the following forms:

(a) Scope of work proposal. This form will provide the third-party claimant and PLIA a proposal of the extent and elements of corrective action, as well as a specific cost proposal;

(b) Change order. This form provides a proposal for change or deviation from the scope of work proposal;

(c) Project field report. This form provides a record of all corrective action and work elements, as well as a record of detailed costs. The project field report must include color photographs of the project at commencement, completion, and any significant steps in between, as well as appropriate project sketches and/or plans; and

(d) Claim report. This form will include a project closeout report, final cleanup report, and corrective action cost claim;

(8) The ~~((prequalified))~~ heating oil tank service provider will submit for approval to the third-party claimant and to PLIA a scope of work proposal for corrective action;

(9) Upon receipt of approval by the third-party claimant and PLIA of the scope of work proposal, the heating oil tank service provider may commence work to accomplish corrective action ~~((in compliance with MTCA independent remedial action));~~

(10) All work performed by the heating oil tank service provider on behalf of the third-party claimant and ~~((PLIA))~~ the insurer must be within the terms of the contract and the approved scope of work proposal and shall not exceed costs included in the scope of work proposal. Any change(s) or deviation(s) from the approved scope of work proposal must be accomplished through a change order request which must be approved in advance by the third-party claimant and PLIA. Any work performed by the heating oil tank service provider that has not been approved, prior to performance, by the third-party claimant and PLIA, or is beyond the terms of the scope of work proposal or change order(s), or is in excess of costs approved in the scope of work proposal or change order(s), will not be paid or reimbursed under the heating oil pollution liability insurance program. Such work or excess costs will be the responsibility of the third-party claimant and/or heating oil tank service provider;

(11) Corrective action activities and costs must be recorded by the heating oil tank service provider on the project field report form provided by PLIA~~((The project field report must include color photographs of the project at commencement, completion and any significant steps between, as well as appropriate project sketches and/or plans));~~

(12) Upon completion of all corrective action, the third-party claimant must sign the project closeout report indicat-

ing approval of and satisfaction with all work performed by the heating oil tank service provider;

(13) Upon completion of ~~((all))~~ corrective action and approval by the third-party claimant, the heating oil tank service provider must submit to PLIA a complete claim report. ~~((The claim report will include the project closeout report, project field report, final cleanup report and corrective action cost claim.))~~ After review and approval of the claim report by PLIA, the heating oil tank service provider will receive payment;

(14) Upon completion of corrective action that appears to satisfy the requirements of all applicable state and local statutes, the director will certify that the claim has been closed;

(15) Approval of claims and payment of covered costs are contingent upon the availability of revenue. The director reserves the right to defer payment at any time that claim demands exceed the revenue available for the heating oil pollution liability insurance program. Payment will commence with sufficient revenue;

(16) PLIA will maintain all records associated with a claim for a period of ten years; and

(17) In the case of an emergency, the director may authorize deviation from this procedure to the extent necessary to adequately respond to the emergency.

AMENDATORY SECTION (Amending WSR 96-01-101, filed 12/19/95, effective 1/19/96)

WAC 374-70-100 Service provider requirements and procedures. (1) All corrective action shall be performed by ~~((prequalified))~~ insurer approved heating oil tank service providers. A heating oil tank service provider is an independent contractor responsible for ~~((all aspects of))~~ corrective action including excavation, ~~((tank/line removal,))~~ sampling and testing, remedial actions, site restoration, and submittal of required reports to PLIA. ~~((PLIA will maintain a list of prequalified heating oil tank service providers. This list will be made available to heating oil tank owners and operators. PLIA will continually monitor the performance of the prequalified heating oil tank service providers.~~

~~(2) To qualify as a prequalified heating oil tank service provider, a contractor must submit to PLIA the following documents:~~

~~(a) Certificates of insurance covering general liability, vehicles, and workers' compensation, including limits of coverage;~~

~~(b) Copy of state general contractor's license; and~~

~~(c) A signed agreement to terms and conditions, established by PLIA, for prequalified heating oil tank service providers.~~

~~(3))~~ (2) Once retained, the heating oil tank service provider works with the insurer, PLIA, as the insurer's designated representative, the heating oil tank owner or operator and/or the third-party claimant to perform the following:

(a) Perform the corrective action;

(b) Document the costs of the corrective action; and

(c) File the forms required to receive payment from the heating oil pollution liability insurance program.

~~((4))~~ (3) All ~~((prequalified))~~ heating oil tank service providers must follow claims procedures as outlined in WAC 374-70-070.

~~((5))~~ (4) Whenever possible, all corrective action activities must meet the criteria established by MTCA and any pertinent local ordinances or requirements.

AMENDATORY SECTION (Amending WSR 96-01-101, filed 12/19/95, effective 1/19/96)

WAC 374-70-120 Appeals. (1) A person may appeal any of the following decisions made under the heating oil pollution liability insurance program to the director:

- (a) A denial of eligibility for coverage;
- (b) Amount of payment allowed for corrective action;
- (c) Amount of payment allowed for property damage;
- (d) Amount of payment allowed for a third-party claim;

and

(e) A determination that cleanup does not meet MTCA standards(~~(f)~~

~~(f) A denial of inclusion on the agency's list of prequalified heating oil tank service providers; and~~

~~(g) Removal of a heating oil tank service provider from the agency's list of prequalified heating oil tank service providers)).~~

(2) A person has forty-five days after the decision to file a written request for a hearing.

(3) If the written request for a hearing is received within forty-five days, the director shall conduct an adjudicative hearing proceeding under chapter 34.05 RCW.

(4) If the written request for a hearing is not received within forty-five days after the decision, no further consideration will be given to the appeal.

AMENDATORY SECTION (Amending WSR 96-01-101, filed 12/19/95, effective 1/19/96)

WAC 374-70-130 Confidentiality of information. (1) All information obtained during heating oil tank registration shall be confidential and may not be ~~((made))~~ subject to public ~~((or otherwise disclosed to any person, firm, corporation, agency, association, government body, or other entity))~~ disclosure under chapter 42.17 RCW.

(2) All examination and proprietary reports and information obtained in soliciting bids from insurers and in monitoring the selected insurer shall be confidential and may not be made public or otherwise disclosed to any person, firm, corporation, agency, association, government body, or other entity.

EMERGENCY RULES
DEPARTMENT OF
RETIREMENT SYSTEMS
[Filed November 18, 1996, 1:26 p.m.]

Date of Adoption: November 18, 1996.

Purpose: Modification of WAC 415-512-090 to implement change in IRC Section 457 (effective January 1, 1997) which will allow deferred compensation plan participants to elect to postpone what has previously been an irrevocable date to begin payout.

Citation of Existing Rules Affected by this Order: Amending WAC 415-512-090.

Statutory Authority for Adoption: RCW 41.50.050.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: IRC Section 457 was amended effective January 1, 1997, to allow deferred compensation plan participants to elect to postpone what has previously been an irrevocable date to begin payout. If the rule is not adopted as an emergency, persons who elected a payout date before the effective date of the federal law change would be unable to take advantage of the law change. The lack of ability to exercise this option could negatively impact their personal finances.

AMENDATORY SECTION (Amending WSR 96-16-020, filed 7/29/96, effective 7/29/96)

WAC 415-512-090 Elections regarding distribution. Each participant (or in the event of death, each beneficiary other than an organization, an estate, or a trust) shall elect when his/her payout will begin and the payout period.

(1) Election regarding time of payment. The election regarding the ~~((time))~~ date when payment will begin shall be made when a participant separates from service (or dies having separated from service and having previously elected when payment will begin).

Once made, the election regarding when payout will begin is irrevocable as to the participant or beneficiary making the election, unless the participant or beneficiary, more than thirty days prior to the elected date payment is to begin, elects to postpone the original date. Only one such postponement is allowed. The election regarding when payment will begin:

(a) By a participant who separates from service other than by reason of death, must be made not later than sixty days after separation from service. Payment may begin on the central payroll date nearest the twenty-fifth day of the month following the month in which an election is filed with the department on forms provided for that purpose, and payment must begin within the time prescribed by WAC 415-512-110;

(b) By a beneficiary, other than an organization, estate or trust, where the participant was not already receiving payments, must be made not later than sixty days after the participant's death. Payment may begin on the central payroll date nearest the twenty-fifth day of the month following the month in which an election is filed with the department on forms provided for that purpose, and payment must begin within the time prescribed by WAC 415-512-110.

(2) Election regarding method of payment. The participant (or beneficiary) who makes an election regarding the date payment will begin, may also elect the period over which payments will be made. The payout period election may be made either at the time he/she elects a beginning date for payout or at any time not later than sixty days prior to the date payout is to begin. Once having made this election, the participant (or beneficiary, other than an organization, estate, or trust) may change the payout period election not later than ~~((sixty))~~ thirty days prior to the date payout is to begin. Such a beneficiary may also make this election where the participant was already receiving payments but, as provided in WAC 415-512-110 (3)(a), must receive distribution at least as rapidly as it was being distributed to the participant. Such a beneficiary must make the payout period election not later than sixty days after the death of the participant and payout will be suspended following the participant's death until the beneficiary either makes a payout period election or begins receiving payment as provided in subsection (4) of this section. Provided, if the participant was receiving payout in the form of an annuity contract, then the successor's right shall be limited by the terms of that contract.

(3) How elections are made. A participant or beneficiary makes elections allowed under this section by completing and filing applicable payment request forms with the department.

(4) Consequences in absence of a timely election regarding time of payment. Absent a timely election regarding when payout is to begin, payout will begin on the central payroll date nearest the twenty-fifth day of the month following the month in which the election period ends, and will be made, in a lump sum if the accumulated deferrals as of the end of the election period are less than twenty-five thousand dollars or, if the accumulated deferrals are twenty-five thousand dollars or more, in equal monthly installments over a period of one hundred twenty months or such lesser period:

(a) As may be necessary under the minimum payout requirements of Section 457 (d)(2)(B)(i)(I) of the Internal Revenue Code, requiring amounts to be paid not later than as determined under Section 401 (a)(9)(G) of the Internal Revenue Code; or

(b) As may be necessary under Section 457 (d)(2)(B)(i)(II) of the Internal Revenue Code, requiring amounts not distributed to the participant during his/her life to be distributed at least as rapidly as they were being distributed as of the participant's death.

(5) Effects of certain employment changes. Transfers from the plan are allowed in the circumstances described in WAC 415-512-015(2).

(6) Consequences in absence of a timely election regarding method of payment. In the absence of a timely election regarding the period of time over which payment will be made, payment will be made in the manner described in subsection (4) of this section.

(7) Payment to an organization, estate, or trust. Any amount payable to an organization, estate, or trust shall be paid in a lump sum as prescribed in WAC 415-512-110(3).

EMERGENCY RULES
FOREST PRACTICES BOARD

[Filed November 18, 1996, 4:33 p.m.]

Date of Adoption: November 14, 1996.

Purpose: To modify forest practices rules, in order to protect public resources while maintaining a viable forest products industry.

Citation of Existing Rules Affected by this Order:
Amending WAC 222-12-090 and 222-16-030.

Statutory Authority for Adoption: RCW 76.09.040 and chapter 34.05 RCW.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: New data has shown that the physical characteristics of streams, as defined in the current forest practices rules, are no longer accurate. This emergency rule updates those physical characteristics based on current knowledge so that appropriate resource protection can be provided to fish habitat and water quality.

AMENDATORY SECTION (Amending WSR 92-15-113, filed 7/21/92, effective 8/21/92)

WAC 222-12-090 Forest practices board manual. When approved by the board the manual serves as an advisory technical supplement to these forest practices regulations. The department, in cooperation with the departments of fisheries, wildlife, agriculture, ecology, and such other agencies, affected Indian tribes, or interested parties as may have appropriate expertise, is directed to prepare, and submit to the board for approval, revisions to the forest practices board manual. The manual shall include:

- (1) **Method for determination of adequate shade requirements on streams** needed for use with WAC 222-30-040.
- (2) **The standard methods** for measuring channel width, stream gradient and flow which are used in the water typing criteria WAC 222-16-030.
- (3) **A chart** for establishing recommended permanent culvert sizes and associated data.
- (4) **Guidelines** for clearing slash and debris from Type 4 and 5 Waters.
- (5) **Guidelines** for landing location and construction.
- (6) **Guidelines** for determining acceptable stocking levels.
- (7) **Guidelines** for calculating average widths of riparian management zones.
- (8) **Guidelines** for wetland delineation.
- (9) **Guidelines** for wetland replacement or substitution.
- (10) A list of nonnative wetland plant species.
- (11) The standard methodology, which shall specify the quantitative methods, indices of resource conditions, and definitions, for conducting watershed analysis under chapter 222-22 WAC. The department, in consultation with Timber/Fish/Wildlife's Cooperative Monitoring, Evaluation and Research Committee (CMER), may make minor modifications to the version of the standard methodology approved by the board. Substantial amendments to the standard methodology requires approval by the board.
- (12) A list of special concerns related to aerial application of pesticides developed under WAC 222-16-070(3).
- (13) **Guidelines for determining fish use for the purpose of typing waters** under WAC 222-16-030.

AMENDATORY SECTION (Amending WSR 94-01-134, filed 12/20/93, effective 1/1/94)

WAC 222-16-030 Water typing system. *The department in cooperation with the departments of fisheries, wildlife and ecology, and in consultation with affected Indian tribes shall classify streams, lakes and ponds and prepare stream classification maps showing the location of Type 1, 2, 3 and 4 Waters within the various forested areas of the state. Such maps shall be available for public inspection at

region offices of the department. The waters will be classified using the following criteria. If a dispute arises concerning a water type the department shall make available informal conferences, which shall include the departments of fisheries, wildlife and ecology, and affected Indian tribes and those contesting the adopted water types. These conferences shall be established under procedures established in WAC 222-46-020.

***(1) "Type 1 Water"** means all waters, within their ordinary high-water mark, as inventoried as "shorelines of the state" under chapter 90.58 RCW and the rules promulgated pursuant to chapter 90.58 RCW, but not including those waters' associated wetlands as defined in chapter 90.58 RCW.

***(2) "Type 2 Water"** shall mean segments of natural waters which are not classified as Type 1 Water and have a high fish, wildlife, or human use. These are segments of natural waters and periodically inundated areas of their associated wetlands, which:

(a) Are diverted for domestic use by more than 100 residential or camping units or by a public accommodation facility licensed to serve more than 100 persons, where such diversion is determined by the department to be a valid appropriation of water and the only practical water source for such users. Such waters shall be considered to be Type 2 Water upstream from the point of such diversion for 1,500 feet or until the drainage area is reduced by 50 percent, whichever is less;

(b) Are diverted for use by federal, state, tribal or private fish hatcheries. Such waters shall be considered Type 2 Water upstream from the point of diversion for 1,500 feet and tributaries if highly significant for protection of downstream water quality;

(c) Are within a federal, state, local, or private campground having more than 30 camping units: *Provided*, That the water shall not be considered to enter a campground until it reaches the boundary of the park lands available for public use and comes within 100 feet of a camping unit, trail or other park improvement;

~~((+))~~ (d) Are used by substantial numbers of anadromous or resident game fish for spawning, rearing or migration. Waters having the following characteristics are presumed to have highly significant fish populations:

(i) Stream segments having a defined channel 20 feet or greater in width between the ordinary high-water marks and having a gradient of less than 4 percent.

(ii) Lakes, ponds, or impoundments having a surface area of 1 acre or greater at seasonal low water.

~~((+))~~ (e) Are used by salmonids for off-channel habitat. These areas are critical to the maintenance of optimum survival of juvenile salmonids. This habitat shall be identified based on the following criteria:

(i) The site must be connected to a stream bearing salmonids and accessible during some period of the year; and

(ii) The off-channel water must be accessible to juvenile salmonids through a drainage with less than a 5% gradient.

***(3) "Type 3 Water"** shall mean segments of natural waters which are not classified as Type 1 or 2 Water and have a moderate to slight fish, wildlife, and human use. These are segments of natural waters and periodically inundated areas of their associated wetlands which:

(a) Are diverted for domestic use by more than 10 residential or camping units or by a public accommodation facility licensed to serve more than 10 persons, where such diversion is determined by the department to be a valid appropriation of water and the only practical water source for such users. Such waters shall be considered to be Type 3 Water upstream from the point of such diversion for 1,500 feet or until the drainage area is reduced by 50 percent, whichever is less;

(b) Are used by significant numbers of anadromous or resident game fish for spawning, rearing or migration. Guidelines for determining fish use are described in the *Forest Practices Board Manual*. If fish use has not been determined:

(i) Waters having the following characteristics are presumed to have significant anadromous or resident game fish use:

~~((#))~~ (A) Stream segments having a defined channel of ~~((5))~~ 2 feet or greater in width between the ordinary high-water marks in Western Washington; or 3 feet or greater in width between the ordinary high-water marks in Eastern Washington; and having a gradient ~~((of less than 12))~~ 16 percent ~~((and not upstream of a falls of more than 10 vertical feet))~~ or less;

(B) Stream segments having a defined channel of 2 feet or greater in width between the ordinary high-water marks in Western Washington; or 3 feet or greater in width between the ordinary high-water marks in Eastern Washington; and having a gradient greater than 16 percent and less than or equal to 20 percent; and having greater than 50 acres in contributing basin size in Western Washington; or greater than 175 acres in contributing basin size in Eastern Washington based on hydrographic boundaries;

(ii) The department shall waive or modify the characteristics in (i) above where:

(A) Waters have confirmed, long term, naturally occurring water quality parameters incapable of supporting anadromous or resident game fish;

(B) Snowmelt streams have short flow cycles that do not support successful life history phases of anadromous or resident game fish. These streams typically have no flow in the winter months and discontinue flow by June 1; or

(C) Sufficient information about a geographic region is available to support a departure from the characteristics in (i), as determined in consultation with the department of fish and wildlife, department of ecology, affected tribes and interested parties.

~~((#))~~ (iii) Ponds or impoundments having a surface area of less than 1 acre at seasonal low water and having an outlet to an anadromous fish stream.

~~((e))~~ Are used by significant numbers of resident game fish. Waters with the following characteristics are presumed to have significant resident game fish use:

~~((i))~~ Stream segments having a defined channel of 10 feet or greater in width between the ordinary high-water marks; and a summer low flow greater than 0.3 cubic feet per second; and a gradient of less than 12 percent.

~~((#))~~ (iv) For resident game fish ponds or impoundments having a surface area greater than 0.5 acre at seasonal low water.

~~((#))~~ (c) Are highly significant for protection of downstream water quality. Tributaries which contribute

greater than 20 percent of the flow to a Type 1 or 2 Water are presumed to be significant for 1,500 feet from their confluence with the Type 1 or 2 Water or until their drainage area is less than 50 percent of their drainage area at the point of confluence, whichever is less.

* (4) "Type 4 Water" classification shall be applied to segments of natural waters which are not classified as Type 1, 2 or 3, and for the purpose of protecting water quality downstream are classified as Type 4 Water upstream until the channel width becomes less than 2 feet in width between the ordinary high-water marks. Their significance lies in their influence on water quality downstream in Type 1, 2, and 3 Waters. These may be perennial or intermittent.

* (5) "Type 5 Water" classification shall be applied to all natural waters not classified as Type 1, 2, 3 or 4; including streams with or without well-defined channels, areas of perennial or intermittent seepage, ponds, natural sinks and drainageways having short periods of spring or storm runoff.

* (6) For purposes of this section:

(a) "Residential unit" means a home, apartment, residential condominium unit or mobile home, serving as the principal place of residence.

(b) "Camping unit" means an area intended and used for:

(i) Overnight camping or picnicking by the public containing at least a fireplace, picnic table and access to water and sanitary facilities; or

(ii) A permanent home or condominium unit or mobile home not qualifying as a "residential unit" because of part time occupancy.

(c) "Resident game fish" means game fish as described in the Washington game code that spend their life cycle in fresh water. Steelhead, searun cutthroat and Dolly Varden trout are anadromous game fish and should not be confused with resident game fish.

(d) "Public accommodation facility" means a business establishment open to and licensed to serve the public, such as a restaurant, tavern, motel or hotel.

(e) "Natural waters" only excludes water conveyance systems which are artificially constructed and actively maintained for irrigation.

(f) "Seasonal low flow" and "seasonal low water" mean the conditions of the 7-day, 2-year low water situation, as measured or estimated by accepted hydrologic techniques recognized by the department.

(g) "Channel width and gradient" means a measurement over a representative section of at least 500 linear feet with at least 10 evenly spaced measurement points along the normal stream channel but excluding unusually wide areas of negligible gradient such as marshy or swampy areas, beaver ponds and impoundments. Channel gradient may be determined utilizing stream profiles plotted from United States geological survey topographic maps.

(h) "Intermittent streams" means those segments of streams that normally go dry.

INTERPRETIVE OR POLICY STATEMENT
DEPARTMENT OF
SOCIAL AND HEALTH SERVICES

[Filed November 12, 1996, 3:36 p.m.]

DESCRIPTION OF INTERPRETIVE OR POLICY STATEMENT

Document Title: Administrative Policy 13.07.
Subject: Client Service Contracting Policy.
Effective Date: October 31, 1996.

Document Description: This policy builds upon Administrative Policy 13.06, "General Contracting Policy." This policy proposal provides department staff with general guidelines for the selection and screening of contractors who provide direct services to clients, and details the options for preparing, executing, amending and monitoring client service contracts.

This policy proposes some selected changes to the current client service contract process that will afford better protection for the department and staff. Specifically, the use of work orders signed by program staff is now restricted to client service contracts, and these client service work orders can only be signed by staff who have signing authority delegated from the secretary. This policy also details who is responsible for each aspect of the client service contracting process.

To receive a copy of the interpretive or policy statement, contact Christy Gullion, Office of Contracts and Asset Management, P.O. Box 45811, Olympia, WA 98504-5811, phone (360) 902-7649, TDD (360) 753-4542, FAX (360) 586-8487, e-mail cgullion@dshs.wa.gov.

NOTICE OF REQUEST
FOR ATTORNEY GENERAL'S OPINION
WASHINGTON ATTORNEY GENERAL

The Washington Attorney General issues formal published opinions in response to requests by the heads of state agencies, state legislators, and county prosecuting attorneys. When it appears that individuals outside the Attorney General's Office have information or expertise that will assist in the preparation of a particular opinion, a summary of that opinion request will be published in the state register. If you are interested in commenting on a

request listed in this volume of the register, you should notify the Attorney General's Office of your interest by December 11, 1996. This is not the due date by which comments must be received. However, if you do not notify the Attorney General's Office of your interest in commenting on an opinion request by December 11, 1996, the opinion may be issued before your comments have been received. You may notify the Attorney General's Office of your intention to comment by calling (360) 753-4114, or by writing to the Solicitor General, Office of the Attorney General, P.O. Box 40100, Olympia, WA 98504-0100. When you notify the office of your intention to comment, you will be provided with a copy of the opinion request in which you are interested; information about the Attorney General's Opinion process; information on how to submit your comments; and a due date by which your comments must be received to ensure that they are fully considered.

The Attorney General's Office seeks public input on the following opinion request(s).

**96-11-01 Request by John Knodell
Prosecuting Attorney for Grant County**

Does a deferred sentence imposed by a judge in district court enable a defendant to have the subject sentence removed from the criminal history "record" upon successful completion of the terms and conditions of the sentence and concomitant dismissal by the sentencing court?
