AR 6
Elected Judges Pro Tempore

(a) Generally. Wa. const. art. IV, § 7 and RCW 2.08.180 authorize the appointment of judges pro tempore. RCW 2.08.180(2) provides for the appointment of any elected sitting judge as an elected judge pro tempore.

(b) Assignment and Qualifications. The presiding judge of any superior court may, in the interest of justice, assign an elected sitting judge from the Supreme Court, Court of Appeals, District or Municipal Court to serve as an elected judge pro tempore. The presiding judge will obtain the consent of an elected judge pro tempore before making the assignment. Consent of the parties or attorneys is not required. The presiding judge will make these assignments based on the experience and demonstrated ability of the elected judge pro tempore with the subject matter and the level of complexity of the case.

(c) Number and Publication of Judges Pro Tempore. Each superior court shall file with the Administrative Office of the Courts (AOC) by February 1st the list of elected judges pro tempore to which it will be assigning cases during the year commencing on April 1st. Each court may appoint a minimum of three (3) elected judges pro tempore or one (1) elected judge pro tempore for every five (5) judges but in no event may the list contain more than fifteen (15) elected judges pro tempore. The list shall identify the court upon which the elected judge pro tempore serves and the number of years of judicial service. The list shall be disseminated in the same manner as required for local court rules by GR 7 and shall be published on the AOC website.

(d) Date of Filing of Action Controls Assignment of Elected Judges Pro Tempore. The list of elected judges pro tempore which is on file on the date of the filing of the action is the list from which an elected judge pro tempore shall be appointed by the presiding judge to hear matters for the duration of that case.

(e) Substitute Judge Pro Tempore. In the event an elected judge pro tempore appointed in accordance with section (c) becomes unable to serve as an elected judge pro tempore, a new elected judge pro tempore may be substituted on the list for the elected judge pro tempore who is unavailable. The appointment of a substitute elected judge pro tempore is not required to comply with the time periods set forth in section (c) but shall comply with identification and disqualification requirements set forth in that section. The provisions of section (b) and (d) shall apply to the appointment of a substitute elected judge pro tempore. For courts having three (3) elected judges pro tempore, one elected pro tempore judge may be substituted annually and in all other courts no more than two (2) elected judges pro tempore may be substituted annually.

(f) Notice of Change of Elected Judge Pro Tempore. In addition to RCW 4.12.050, any party to or any attorney appearing in any case which is assigned to an elected judge pro tempore shall be entitled to one (1) notice of change of judge when that judge has been assigned a matter over which to preside. Counsel shall file any "Notice of Change of Judge" before the noticed judge has made any discretionary ruling in the case, either on the motion of the party filing the notice of change of judge or on the motion of any other party to the action. The notice of change of judge shall be filed with the clerk of the court and copies served on all parties, the presiding judge, the court administrator and the noticed judge. Upon the filing of a notice or change of judge, the case shall be transferred to the presiding judge for reassignment and the noticed judge shall thereafter be ineligible to preside over any matters in that case.

NOTICE OF APPEAL
RCW 34.05.330(3)

Pursuant to RCW 34.05.330(3), you are hereby notified for publication in the Washington State Register that:

On October 17, the Governor received an appeal from Boyd Stacey of Aberdeen, Washington, relating to the Department of Corrections’ rule contained in WAC 137-28-260 (507 Infraction).

RE: Rule Petition under RCW 34.05 concerning WAC 137-28-260 (507 Infraction)
Your letter dated 9/15/05 (Received on 10/17/05)

Dear Mr. Stacy:

The Governor's Office has reviewed your petition under the Administrative Procedure Act (Act) concerning the Department of Corrections' (Department) rule contained in WAC 137-28-260 (507 Infraction). Having reviewed the documents submitted, including your several petitions to the Department under its rule appeal process (WAC 137-10-020 and 137-10-025), it is clear that the Department has neither fully considered nor formally denied your petition. As noted in your September 15, 2005, letter to the Governor's Office, the Department's response to you did not "specifically address the concerns [that you] raised." You further observed that the Department "did not comply" with WAC 137-10-020. Under these circumstances, and as the Department has neither fully considered nor formally denied your petition to it, the Governor is without statutory authority to review or otherwise act on your petition to her.

*The April, August, and December meetings will be canceled, circumstances permitting.
As you know, the Act in RCW 34.05.330(3) authorizes petitions to the Governor only after the agency promulgating the rule in question "denies" the petition to the agency concerning that rule. Consequently, the Governor's Office has advised the Department that it is required to address the issues raised in your petition and to formally grant or deny it under WAC 137-10-025 and the Act. The Department is in the process of preparing a formal and complete response to your petition to it. On receipt of the Department's response, you may wish to consider what, if any, additional administrative remedies are available to you.

Sincerely,

Richard E. Mitchell
General Counsel

Now, therefore, it is hereby

ORDERED:

(a) That the amendments as attached hereto are adopted.

(b) That pursuant to the emergency provisions of GR 9(j)(1), the amendments will be published expeditiously and become effective upon publication.

DATED at Olympia, Washington this 1st day of December 2005.

shall be responsible for the Court.

If findings of indigency and other papers relating to the motion for an order of indigency are transmitted to the Supreme Court, the Supreme Court will determine whether an order of indigency in that case should be entered by the superior court. The determination will be made by a department of the Supreme Court on a regular motion day without oral argument and based only on the papers transmitted to the Supreme Court by the trial court clerk, unless the Supreme Court directs otherwise. If the Supreme Court determines that the party is seeking review in good faith, that an issue of probable merit is presented, and that the party is entitled to review partially or wholly at public expense, the Supreme Court will enter an order directing the trial court to enter an order of indigency. In all other cases, the Supreme Court will enter an order denying the party's motion for an order of indigency. The clerk of the appellate court will transmit a copy of the order to the clerk of the trial court and notify all parties of the decision of the Supreme Court.

(e) Order of Indigency. An order of indigency shall designate the items of expense which are to be paid with public funds and, where appropriate, the items of expense to be paid by a party or the amount which the party must contribute toward the expense of review. The order shall designate the extent to which public funds are to be used for payment of the expense of the record on review, limited to those parts of the record reasonably necessary to review issues argued in good faith. The order of indigency must be transmitted to the appellate court as a part of the record on review.

(f) Continued Indigency Presumed. A party and counsel for the party who has been granted an order of indigency must bring to the attention of the trial court any significant improvement during review in the financial condition of the party. The appellate court will give a party the benefits of an order of indigency throughout the review unless the trial court finds the party's financial condition has improved to the extent that the party is no longer indigent.

(g) Appointment and Withdrawal of Counsel in Appellate Court. The appellate court shall determine questions relating to the appointment and withdrawal of counsel for an indigent party on review. The Office of Public Defense shall, in accordance with its indigent appellate representation policies, provide the names of indigent appellate counsel to the appellate courts on a case-by-case bases. If trial counsel is not appointed, trial counsel must assist counsel appointed for review in preparing the record.

(h) Review of Order of Indigency. Only a party in a case of a type listed in section (b)(1) of this rule may seek review of an order of indigency or an order denying an order of indigency entered by a trial court. Review must be sought by a motion for discretionary review.

(i) Withdrawal of Counsel in Appellate Court. If counsel can find no basis for a good faith argument on review, counsel should file a motion in the appellate court to withdraw as counsel for the indigent as provided in rule 18.3(a).

Before publishing the permanent volume, the advance sheet material shall be revised by adding volume and page numbers for recent citations and dispositions of motions for reconsideration, petitions for review, and other post filing dispositions. The reporter shall also make corrections for typographical errors noted in the advance sheets, revisions of language directed by modification orders, and changes otherwise directed by the courts. Opinions withdrawn shall be deleted, and tables and indexes shall be revised accordingly. Additional material such as memorials and rolls of attorneys shall be inserted in the permanent volume as directed by the courts or in the discretion of the reporter.

RE: RCW 34.05.350 Petition of Emergency Rule WAC 220-56-11600B

Dear Mr. Brummett:

With respect to your above-noted petition to review the Department of Fish and Wildlife's (Department) adoption of emergency rule WAC 220-56-11600B (saltwater hook rules), I have reviewed the Department's actions and respond as follows:

1) The Department adopted the emergency rule (WAC 220-56-11600A) in June 2006 because it determined that the current rule (WAC 220-56-115) was unenforceable as written. WAC 220-56-115 could only be enforced if the Department specified what barbless fishing hooks could and could not be used in the specified Catch Record Card areas.

2) Consistent with RCW 34.05.350(2), the Department adopted a second emergency rule (WAC 220-

After reviewing your petition, I have determined that the Department acted consistently with the Administrative Procedure Act, and did not act arbitrarily or capriciously. As a result, I am denying your petition to me.

Sincerely,

Public Comment Period on Proposed Modification of the Sand and Gravel General Permit

The Department of Ecology (ecology) is proposing to modify "The Sand and Gravel General Permit: A National Pollutant Discharge Elimination System and State Waste Discharge General Permit" (the sand and gravel general permit). On January 5, 2005, ecology issued the current sand and gravel general permit. In February 2005, Washington Concrete and Aggregates Association (WACA) and the Puget Sound Keeper Alliance (PSA) appealed the permit to the Pollution Control Hearings Board (PCHB).

Over the spring and summer of 2005, ecology worked with both appealing parties to reach a negotiated settlement of the two appeals of the sand and gravel general permit. In late September, the three parties reached a settlement, which resulted in the three parties signing a stipulation and agreed order of dismissal. On October 21, 2005, the PCHB entered the stipulation and agreed order of dismissal and closed the two appeals. Under the agreement, ecology must initiate a public comment period to modify the sand and gravel general permit within sixty days of the date that the PCHB enters the order of dismissal. As part of the settlement agreement, the appealing parties worked out the exact permit language for the proposed permit modifications.

NOTE: Copies of both appeals and settlement documents are available from the Department of Ecology web site at http://www.ecy.wa.gov/programs/wq/sand/settlement.html. To obtain a copy directly from ecology, contact Jennifer Hennessey at (360) 407-7529.

Ecology drafted a modified permit to reflect the settlement. The draft permit and fact sheet are available for review and public comment from December 21, 2005, to January 31, 2006. Ecology will host an informational workshop and public hearing on its proposed permit. The public is encouraged to give written comments during the public comment period or oral comments at the public hearings.

The public comment period is only on the proposed permit modifications. Ecology also agreed to provide an opportunity for public comment regarding the frequency of pH monitoring of the permit during the proposed permit modification comment period (see condition S2). Ecology will not consider comments received on any other parts of the permit (i.e. those parts of the permit that are not being changed).

Purpose of the General Permit: The proposed general permit covers discharges of stormwater and wastewater from sand and gravel operations to both surface and ground waters of Washington state. Under federal and state water quality law (federal Clean Water Act, Title 33 United States Code, Section 1251 et seq.) and state Water Pollution Control Act (RCW 90.48.160 and 90.48.260), a permit is required for the discharge of wastewater. The proposed permit addresses these legal requirements and controls the discharge of pollutants to protect surface water and ground water quality in Washington state.

A general permit is like an individual wastewater discharge permit except that it addresses a group of facilities as a whole. Ecology develops a single permit to use standard stormwater management, treatment, monitoring, and reporting requirements for all permit holders covered under the general permit. Interested persons are encouraged to obtain a copy of the proposed modified permit and fact sheet addendum and/or attend a workshop and hearing.

Some of the changes proposed in this permit modification include:

- Dropped the requirement to sample type 2 stormwater.
- Added language to make the permit consistent with other applicable laws. For example, no discharge can cause or contribute to a violation of other water quality standards.
- Changed total maximum daily load (TMDL) requirements. TMDLS issued after the final sand and gravel permit are only applicable to facility, if ecology imposes them through the issuance of an administrative order.
- Changed pH monitoring requirements. If a facility meets standards for eighteen consecutive months, it can reduce monitoring from once per month to once per quarter. The permit restores original monitoring frequency, if a facility violates pH limits or significantly changes its processing.
- Clarified conditions for reducing frequency of turbidity monitoring.
- Changed daily effluent limitation for oil sheen to "no visible sheen." The permittee may now monitor for oil sheen at representative locations, rather than the discharge point.
- Added new conditions for public access to a facility's stormwater pollution prevention plan.
- Changed reference for "equivalent stormwater management guidance documents" to the stormwater management manuals for either eastern or western Washington.
- Clarified inspection processes to make consistent with applicable laws and requirements for inactive mining sites and certification of inspection reports.

For all detailed changes, please consult the draft modified permit and fact sheet addendum.

Requesting Copies of the Permit: You can request copies of the proposed permit and fact sheet by contacting Jennifer Hennessey, Department of Ecology, P.O. Box 47600, Olympia, WA 98504-7600, phone (360) 407-7529, fax (360) 407-6426, e-mail jenh461@ecy.wa.gov.

The proposed permit and fact sheet are also available online at http://www.ecy.wa.gov/programs/wq/sand/settlement.html.

Submitting Written and Oral Comments: Ecology will accept written and oral comments on the proposed permit modifications and pH monitoring for the sand and gravel general permit. Comments should reference specific text when possible. Ecology is only accepting comments on its proposed changes and pH monitoring (section S2). Comments may address the following:

- Technical issues,
- Accuracy and completeness of information,
- The scope of facilities proposed for coverage,
• Adequacy of environmental protection and permit conditions, or
• Any other concern that would result from issuance of the revised permit.

Please submit written comments to Sand and Gravel General Permit Modification, Water Quality Program, Department of Ecology, P.O. Box 47600, Olympia, WA 98504-7600, fax (360) 407-6426, e-mail sandandgravel_comments@ecy.wa.gov.

Ecology must receive all written, e-mailed and faxed comments no later than 5 p.m., Tuesday, January 31, 2006. The public can provide oral comments by attending and testifying at the public hearings.

Public Workshop/Hearing: The workshop begins at 2 p.m. The hearings will begin when the workshop ends. The purpose of the workshop is to explain the general permit modifications and answer questions. The purpose of the hearing is to provide an opportunity for people to give formal comments on the proposed permit modifications. The public workshop and hearing on the draft general permit is in Olympia, on Wednesday, January 25, 2006, at 2 p.m., Department of Ecology, ROA 32, 300 Desmond Drive, Olympia, WA 98504.

Issuing the Final Modified Sand and Gravel General Permit: Ecology will issue the final permit after it considers all public comments. The schedule following the public comment period depends on the volume and nature of comments received. Ecology expects to issue the permit and have it effective no earlier than March 31, 2006. When ecology issues the permit, it will send a copy of the final permit decision and a copy of the responsiveness summary to everyone who commented or requests copies.

If you have special accommodation needs or require a copy of the permit and fact sheet in an alternative format, please contact the water quality program at (360) 407-6401. If you are a person with a speech or hearing impairment, call 711 or 800-833-6388 for TTY.
