RAP 18.13A — ACCELERATED REVIEW OF JUVENILE DEPENDENCY DISPOSITION ORDERS AND ORDERS TERMINATING PARENTAL RIGHTS

(a) Generally. Juvenile dependency disposition orders and orders terminating parental rights under RCW 13.34 may be reviewed by a commissioner on the merits by accelerated review as provided in this rule. Review from other orders entered in juvenile dependency and termination actions are not subject to this rule. The provisions of this rule supersede all other provisions of the Rules of Appellate Procedure to the contrary, and this rule shall be construed so that appeals from juvenile dependency disposition orders and orders terminating parental rights under RCW 13.34 shall be heard as expeditiously as possible.

[(b) - (j) unchanged]

(k) Termination Appeals-Notice of Intent to Deliver Consent to Adoption. When an order terminating parental rights is under review, the department of social and health services or supervising agency having the right to consent to an adoption should serve a written notice of its intent to deliver consent to adoption. The notice of intent should specify the intended delivery date, and should be served on all parties to the appeal and on anyone appointed to represent the interests of the child, no fewer than 30 days before the intended delivery date. After service of the notice of intent, any party may move the court in which the appeal is pending to stay the order terminating parental rights, but only to the extent it authorized consent to adoption. The department or supervising agency should not deliver its consent to adoption if any party seeks a stay before the intended delivery date, pending a ruling on the motion to stay. The appellate court will hear the motion to stay on an expedited basis. Any stay of enforcement shall ter-

PUBLIC NOTICE

Final Issuance of the Modified Aquatic Plant and Algae Management General Permit

Permit Modification: The Washington state department of ecology (ecology) issued a new modified aquatic plant and algae management general permit (permit) April 4, 2012. The permit is a joint national pollutant discharge elimination system (NPDES) and state waste discharge general permit. The permit covers the discharge of products used to control aquatic plants and algae in Washington lakes. The permit also allows treatment of emergent plants along roadsides and ditch banks. Control products include aquatic herbicides, algaecides, biological clarification products, aquatic dyes, adjuvants, and nutrient inactivation products such as alum.

Purpose of the Permit Modification:

- The modification adds four new Environmental Protection Agency (EPA) reduced-risk herbicides to the permit. Information about these four herbicides is found in ecology's recent *Environmental Impact Statement for Penoxsulam, Imazamox, Bispyribac-sodium, flumioxazin, and Carfentrazone-ethyl - Addendum to the Final Supplemental Environmental Impact Statement for Freshwater Aquatic Plant Management* at http://www.ecy.wa.gov/programs/wq/pesticides/final_pesticide_permits/noxious/docs/eis100511.pdf. Ecology updated Table 3 in the permit to include the new

herbicides and added a sign template for each new chemical.

- Ecology updated Table 2 - Listed adjuvants based on new information from the Washington state department of agriculture about which adjuvants met their criteria for aquatic toxicity.
- Ecology added a sign template for nutrient inactivation products and clarified that permittees do not need to post signs for continuous alum treatments.

Purpose of the NOI Modification: Ecology added a statement about treatment timing windows and included a checkbox for applicants to request a timing window change.

Copies of the Modified Permit: You may download copies of the modified permit from [the] following web site www.ecy.wa.gov/programs/wq/pesticides/final_pesticide_permits/aquatic_plants/aquatic_plant_permit_index.html.

You may request copies of the permit from Julie Robertson at (360) 407-6575 or by e-mail at julie.robertson@ecy.wa.gov.

Public Notice Process and Comments: Ecology accepted written comments on the draft permit from February 1, 2012, until March 7, 2012. Ecology held one public hearing and workshop on the permit March 5, 2012, in Lacey, Washington. The comments and ecology's response to comments and other permit documents are available on-line at www.ecy.wa.gov/programs/wq/pesticides/final_pesticide_permits/aquatic_plants/aquatic_plant_permit_index.html.

Your Right to Appeal the Permit Modifications: You have a right to appeal the modifications to the permit to the pollution control hearing[s] board (PCHB) within thirty days of the date of receipt of this notice. The appeal process is governed by chapters 43.21B RCW and 371-08 WAC. "Date of receipt" is defined in RCW 43.21B.001(2).

PUBLIC NOTICE

**Announcing the Public Comment Period and Hearings
 for the Adjustment of Fees for Agricultural Burning
 Permits**

The department of ecology (ecology) proposes to adjust the fees for agricultural burn permits to the level determined by the agricultural burning practices and research task force (ag burn task force). The ag burn task force proposed the following new fee levels at its regularly scheduled meeting on November 8, 2011.

Table 1. Proposed Agricultural Burning Fee Schedule, Starting July 1, 2012

Fee	Minimum Fee	Variable Fee
Field Burning	\$37.50 for the first 10 acres	\$3.75 for each additional acre
Pile Burning	\$80 for the first 80 tons	\$1.00 for each additional ton
Spot Burning	\$37.50 for 10 acres or less	None

The increase in fees is to be allocated entirely towards smoke management.

RCW 70.94.6528(5) requires that the fees for field burning shall not exceed three dollars and seventy-five cents per acre to be burned, or in the case of pile burning shall not exceed one dollar per ton of material burned. RCW 70.94.-6528 (6)(b) designates the ag burn task force as the entity responsible for determining the level of the fees for agricultural burning permits, and requires the ag burn task force to determine the fees based upon the level necessary to cover the costs of administering and enforcing the permit programs, to provide funds for research into alternative methods to reduce emissions from such burning, and to the extent possible be consistent with fees charged for such burning permits in neighboring states.

WAC 173-430-042 sets out the process required for the ag burn task force and ecology to adjust fees for agricultural burning. This process requires the following:

1. The ag burn task force makes the decision to adjust fees at a regularly scheduled meeting of the ag burn task force.
2. Ecology posts the proposed fee schedule on the agency web site for public review and comment (available at http://www.ecy.wa.gov/programs/air/aginfo/fee_change.htm).
3. Ecology publishes a notice of a public hearing.
4. Ecology holds a public hearing and accepts written comments on the proposed fee schedule, considers comments received, and provides a written response to comments to the task force and anyone who commented.
5. Ecology publishes the final fee schedule by notifying stakeholders and permit holders of the new fees, and posts a response to comments on the ecology web site.

Proviso language in the 2012 supplemental budget legislation authorizes ecology to make the fee adjustment (determined by the ag burn task force on November 8, 2011) effective on July 1, 2012.

Submitting Written Comments: Ecology will accept written comments on the proposed fee increase from **February 1, 2012, to April 30, 2012, at 5 p.m.** Ecology prefers comments submitted by e-mail. E-mailed comments must contain the commenter's name and postal address. Comments should reference the agricultural burning fee.

Ecology prefers comments be submitted by e-mail to paro461@ecy.wa.gov. Written comments must be post-marked or received via e-mail no later than **April 30, 2012, at 5 p.m.**

Submit written, hard copy comments to Paul Rossow, Department of Ecology, 4601 North Monroe Street, Spokane, WA 99205-1295.

Public Hearings: On April 24 and April 26, 2012, ecology will host public hearings and workshops to explain the proposed changes to the permit fees and provide an opportunity for people to give formal oral testimony and comments on the proposed permit fees.

April 24, 2012 6:30 p.m. USDA Service Center 325 North 13th Street Walla Walla, WA 99362-9999	April 26, 2012 6:30 p.m. Washington Department of Ecology Central Regional Office 15 West Yakima Avenue Suite 200 Yakima, WA 98902-3401
-----------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------

Fee Schedule Finalization: After ecology receives and considers all public comments, it will issue the final fee schedule and a response to comments. Ecology expects to issue the fee schedule in May 2012, with an effective date of July 1, 2012. Ecology will publish the final fee schedule and response to comments at www.ecy.wa.gov/.
