WSR 20-13-004**AGENDA****DEPARTMENT OF
FINANCIAL INSTITUTIONS**

(Division of Credit Unions)

[Filed June 4, 2020, 11:51 a.m.]

**Semi-Annual Agenda for Rules under Development
July 1 - December 31, 2020****DIVISION OF CREDIT UNIONS**

- Investment rules. Possibly amend rules in chapter 208-436 WAC, as HB 1247 (passed in the 2019 session) allowed additional investment authority for credit unions. These possible rule changes streamline the application process so that credit unions would not have to submit as many applications for approvals of certain investments.
- Member business loans (MBL). Possibly amend rules in chapter 208-460 WAC to clarify that loans secured by a one to four family dwelling is not considered a member business loan, as well as other possible MBL changes.

POLICY STATEMENT
DEPARTMENT OF AGRICULTURE

[Filed June 10, 2020, 6:03 a.m.]

On June 9, 2020, a policy statement regarding products procured under the United States Department of Agriculture's (USDA) Farmers to Families Food Box Program and the applicability of grade inspections and labeling regulatory requirements specified in chapter 15.17 RCW - Standards of Grades and Packs. In light of the operational difficulties associated with the COVID-19 pandemic and the Farmers to Families Program's intent to provide products to food banks expeditiously, the USDA is in the best position to ensure the quality and safety of food products procured pursuant to its Farmers to Families Program. In order to avoid potential disruptions to the federal program and to continue utilizing state resources in a manner that facilitates COVID-19 response and recovery efforts, the Washington state department of agriculture (WSDA) has determined that products procured pursuant to the federal program do not require WSDA grade inspections or compliance with state labeling requirements.

A copy of the policy statement may be obtained by accessing our website or by contacting Gloriann Robinson, Agency Rules Coordinator, 1111 Washington Street S.E., P.O. Box 42560, Olympia, WA 98504-2560, phone 360-902-1802, email wsdarulescomments@agr.wa.gov.

POLICY STATEMENT
Number: CI-20-0002

Subject: Grade inspections and labeling requirements for products procured for USDA's Farmers to Families Food Box Program.

Supersedes: Not applicable.

Contact: Jessica Allenton, assistant director, commodity inspection division, email jallenton@agr.wa.gov, phone 360-902-1828.

Approved By: Derek I. Sandison, Director.

Date Approved: June 9, 2020.

To provide clarity in regards to products procured under the United States Department of Agriculture's (USDA) Farmers to Families Food Box Program and the applicability of grade inspections and labeling regulatory requirements specified in chapter 15.17 RCW, Standards of grades and packs, WSDA issues this policy statement pursuant to RCW 34.05.-230.

Background: On April 17, 2020, United States Secretary of Agriculture Sonny Perdue announced the USDA Farmers to Families Food Box Program as part of the Coronavirus Food Assistance Program developed to help farmers, ranchers, and consumers in response to the COVID-19 national emergency.

Through this program, USDA's Agricultural Marketing Service (AMS) is partnering with national, regional, and local suppliers, whose workforces have been significantly impacted by the closure of restaurants, hotels, and other food

service businesses, to purchase up to \$3 billion in fresh produce, dairy, and meat products. The program will purchase \$461 million in fresh fruits and vegetables, \$317 million in a variety of dairy products, \$258 million in meat products, and \$175 million in a combination box of fresh produce, dairy, or meat products. Suppliers will package these products into family-sized boxes, then transport them to food banks, community and faith-based organizations, and other nonprofits serving Americans in need from May 15 through June 30, 2020. AMS may elect to extend the period of performance of the contracts, via option periods, depending on program success and the availability of remaining funds.

Additional information on the Farmers to Families Food Box Program is available on the AMS website at www.ams.usda.gov/selling-food-to-usda/farmers-to-families-food-box.

Description: Chapter 15.17 RCW provides for the fair and orderly marketing of fruits and vegetables in the state of Washington by establishing uniform grades and standards and by providing for the inspection of these products. RCW 15.17.270 permits the WSDA to cooperate with USDA in order to carry out the purpose and provisions of the chapter. Under its Farmers to Families Program, the USDA will provide oversight of fruit and vegetables procured through its program and conduct audits to ensure food safety plans are followed, that only domestic produce is provided, and that quality products are delivered. In light of the operational difficulties associated with the COVID-19 pandemic and the Farmers to Families Program's intent to provide products to food banks expeditiously, the USDA is in the best position to ensure the quality and safety of food products procured pursuant to its Farmers to Families Program. In order to avoid potential disruptions to the federal program and to continue utilizing state resources in a manner that facilitates COVID-19 response and recovery efforts, WSDA has determined that products procured pursuant to the federal program do not require WSDA grade inspections or compliance with state labeling requirements.

Under RCW 15.17.213, sales of up to five hundred pounds per day of a fruit or vegetable by a producer or handler directly to an individual ultimate consumer are generally not subject to the requirements of the chapter unless otherwise established by rule. In addition, the chapter does not apply to the movement in bulk of any fruits or vegetables from the premises where they are grown to a packing shed, warehouse, or processing plant for the purpose of grading, packing, or processing prior to entering commercial channels for wholesale or retail sale. Due to the Farmers to Families Program operational structure and its intent to provide food directly to food banks, WSDA does not consider shipments of agricultural products procured under the Farmers to Families Program to constitute "commercial lots" or to have entered commercial channels for wholesale or retail sale.

NOTICE

Title or Subject: Medicaid State Plan Amendment (SPA) 20-0023 July 2020. Fee Schedule Effective Date Updates.

Effective Date: July 1, 2020.

Description: The health care authority (HCA) intends to submit medicaid SPA 20-0024 to update the fee schedule effective dates for several medicaid programs and services. This is a regular, budget neutral update to keep rates and billing codes in alignment with the coding and coverage changes from the Centers for Medicare and Medicaid Services (CMS), the state, and other sources. These changes are routine and do not reflect significant changes to policy or payment. SPA 20-0024 addresses the fee schedule effective dates for the following:

- Alcohol and drug detoxification services.
- Applied behavioral analysis services.
- Ambulance services.
- Ambulatory surgery center services.
- Conversion factors.
- Dental services.
- Home health services.
- Outpatient hospital services.
- Other services that may be subsequently identified.

SPA 20-0024 is expected to have no effect on the annual aggregate expenditures/payments for the services listed above. These changes are routine and do not reflect significant changes to policy or payment.

HCA is in the process of developing the SPA. HCA would appreciate any input or concerns regarding this SPA. To request a copy of the SPA when it becomes available or submit comments, you may contact the people named below (please note that all comments are subject to public review and disclosure, as are the names of those who comment).

DEPARTMENT OF ECOLOGY
 [Filed June 17, 2020, 10:10 a.m.]

PUBLIC NOTICE

Announcing the Public Comment Period and Hearings for the Draft Construction Stormwater General Permit

The Washington state department of ecology (ecology) proposes to revise and reissue the construction stormwater national pollutant discharge elimination system (NPDES) and state waste discharge general permit (permit). The current permit was issued November 18, 2015, and will expire on December 31, 2020. The draft permit and fact sheet are available for review and public comment from **July 1 through August 14, 2020, at 11:59 p.m.** Ecology will host two informational public workshops followed by public hearings on the draft permit.

Purpose of the Permit: The proposed permit authorizes the discharge of stormwater and authorized nonstormwater associated with construction activity.

The construction stormwater general permit is a combined NPDES and state waste discharge permit that limits the discharge of pollutants to surface waters under the authority of the Federal Water Pollution Control Act (33 U.S.C. 1251) and limits the discharge of pollutants to surface and groundwater under the authority of the State Water Pollution Control Act (chapter 90.48 RCW).

Applying for Coverage under the Permit: Facilities covered under the existing permit that reapply for permit coverage in 2020 will be covered under the new permit. New or unpermitted construction sites may obtain coverage under the permit by submitting a complete notice of intent (NOI) to ecology. The permittee must satisfy all applicable public notice and State Environmental Policy Act requirements (WAC 173-226-200). The NOI is available online at <https://secureaccess.wa.gov>.

Copies of the Draft Permit: The draft permit and fact sheet are available online at <https://ecology.wa.gov/constructionstormwaterpermit>. You may request a hard copy from Dena Jaskar at dena.jaskar@ecy.wa.gov, or 360-407-6401.

Submitting Written Comments: Ecology will accept written comments on the draft permit and fact sheet from **July 1 through August 14, 2020, at 11:59 p.m.** If you would like to receive a response to comments, you must include contact information in your comment submittal. Comments should reference specific permit text when possible.

Ecology prefers comments be submitted electronically using the online comment form available at <http://wq.ecology.commentinput.com/?id=p89sC>. Written comments must be postmarked or received via email no later than **August 14, 2020, at 11:59 p.m.**

Submit written, hard copy comments to: Noel Tamboer, Water Quality Program, Department of Ecology, P.O. Box 47696, Olympia, WA 98504-7696.

Workshop and Public Hearing: Ecology will host two workshops followed by public hearings to provide an opportunity for interested parties to learn about proposed changes to the permit and give formal oral comments on the draft permit. The public hearings will immediately follow the workshops. The workshops and public hearings will be held on August 4, 2020, at 9 a.m. and August 6, 2020, at 5:30 p.m., online webinar format.

Register to attend on ecology's construction stormwater website <https://ecology.wa.gov/constructionstormwaterpermit>. **Please note: Due to the COVID-19 pandemic, ecology will not hold in-person public gatherings.**

Issuing the Permit: After ecology receives and considers all public comments, we will make a permit issuance decision and provide a response to comments. Ecology expects to issue the final permit by December 2, 2020, with an effective date of January 1, 2021.
