PREPROPOSAL STATEMENT OF INQUIRY
DEPARTMENT OF HEALTH
(Dental Quality Assurance Commission)

[Filed March 8, 2021, 10:37 a.m.]

Subject of Possible Rule Making: WAC 246-817-581 Novel coronavirus disease 2019 vaccination delegation. The dental quality assurance commission (commission) is considering permanent rule making allowing dentists to delegate administration of novel coronavirus disease 2019 (COVID-19) vaccination to licensed dental hygienists with close supervision and demonstration of competency.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 18.29.050 and 18.32.0365.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: In response to the COVID-19 pandemic, dentists are among the essential health providers who can safely administer vaccinations and help address this public health emergency. Mass vaccination across the state takes cooperation and coordination across the entire health system. Dentists and delegated dental hygienists can increase capacity for priority populations who may not otherwise be connected to the traditional health care system during the pandemic. Increased capacity of health care workers administering the COVID-19 vaccine will help Washington end

this pandemic. Allowing delegation of COVID-19 vaccination to dental hygienists also assists dentists by reducing their workload to effectively continue providing dental care to patients.

On January 7, 2021, the commission approved emergency rule making for COVID-19 vaccination delegation. The commission intends for the emergency rule to be in place until the permanent rule is adopted.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Process for Developing New Rule: Collaborative rule making.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Jennifer Santiago, P.O. PREPROPOSAL STATEMENT OF INQUIRY EMPLOYMENT SECURITY DEPARTMENT

[Filed March 18, 2021, 9:17 a.m.]

Subject of Possible Rule Making: Adjusting the hours unemployment claimants must be available for work in order to be eligible for unemployment benefits and updating factors used to determine suitable work.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 50.12.010 and 50.12.040 provide general rule-making authority to the employment security department (ESD). RCW 50.12.042 provides specific rule-making authority regarding the requirement that unemployment claimants be able to work, available for work, and actively seek work. RCW 50.20.100 provides rule-making authority to determine what factors are used to determine suitable work.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Under current rules, unemployment claimants must be available for work during all the usual hours and days of the week customary for their occupation. This requirement can be unobtainable for some claimants who work in 24/7 professions, especially those claimants who have family caregiving responsibilities. Rule making is necessary to set a more obtainable standard. Additionally, rule making is necessary to include shifts of employment as a factor used to determine suitable work, consistent with Unemployment Insurance Program Letter No. 41-98.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: The United States Department of Labor (USDOL) reviews the state's administration of the unemployment insurance program to ensure conformity to federal statutes and regulations. The state has broad flexibility in the implementation of the unemployment insurance laws so long as conformity is maintained. The proposed regulations will be shared with USDOL prior to adoption.

Process for Developing New Rule: The proposed rule will be shared with stakeholders as identified through the standard rule-making process. ESD will solicit input and consider all comments in the development of the final rule.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Josh Dye, P.O. PREPROPOSAL STATEMENT OF INQUIRY STATE BOARD OF EDUCATION

[Filed March 24, 2021, 11:30 a.m.]

Subject of Possible Rule Making: The state board of education adopted rules on chapter 180-16 WAC that required the state board of education to revisit rules on instructional hours by its regularly scheduled July 2021 board meeting and this rule making initiates the rule-making process for that review. The state board of education is proposing amendments to chapter 180-16 WAC to make changes as necessary to align rule to current policy or practice, correct references to law, implement recently passed legislation, improve readability of the rule, and make other changes identified during the review of the WAC chapter. The state board of education is responding to emergent COVID-19 issues in the education system with this rule making on instructional hours, the school day, and basic education compliance reporting. The state board of education is also considering rule making to allow districts continuity of operations of delivery of basic education in emergency situations that threaten public health and welfare or limit the ability to hold in-person instruction so that they may continue to deliver instructional hours through modalities other than in-person education during disruptions that limit the ability to hold in-person instruction.

The state board of education is proposing amendments to chapter 180-90 WAC to allow for schools on an individual basis to offer instruction online as needed to address health and safety concerns of students and staff, make changes as necessary to align rule to current policy or practice, correct references to law, implement recently passed legislation, improve readability of the rule, and make other changes identified during the review of the WAC chapter.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 28A.150.220(7), 28A.195.010, and 28A.195.040.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: RCW 28A.150.220(7) states that the state board of education shall adopt rules to implement and ensure compliance with program requirements of basic education. To ensure that basic education can be delivered during emergency situations that threaten public health and welfare or disrupt, the state board of education is engaging in rule making so districts can count modalities of delivering instruction other than in-person delivery during disruptions. RCW 28A.195.040 states that the state board of education has the authority to make rules and regulations that establish the terms and conditions for allowing private schools to maintain their approval status when private

schools are unable to fulfill the requirement of a full school year of one hundred eighty days or the annual average total instructional hour offering imposed by RCW 28A.195.010 due to a significant disruption resulting from an emergency. The COVID-19 pandemic has caused significant disruption.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: Office of superintendent of public instruction.

Process for Developing New Rule: [No information supplied].

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Parker Teed, 600 Washington Street S.E., Olympia, WA 98504, phone 360-742-4037, fax 360-753-6712, email parker.teed@k12.wa.us, website www.sbe.wa.gov.
