EXPEDITED RULES

DEPARTMENT OF REVENUE

[Filed September 21, 2022, 1:34 p.m.]

Title of Rule and Other Identifying Information: WAC 458-20-135 Extracting natural products, 458-20-136 Manufacturing, processing for hire, fabricating, 458-20-13601 Manufacturers and processors for hire—Sales and use tax exemptions for machinery and equipment, 458-20-209 Farming for hire and horticultural services performed for farmers, 458-20-210 Sales of tangible personal property for farming—Sales of agricultural products by farmers, and 458-20-244 Food and food ingredients.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The department of revenue (DOR) intends to update and amend the above rules to recognize 2022 legislation (2SHB 1210), which changes the terminology referencing "marijuana" to "cannabis."

Reasons Supporting Proposal: The Washington state legislature enacted a statutory change in 2022 that changes the term "marijuana" to "cannabis" in the above rule. The legislature found that the use of the term "marijuana" in the United States has discriminatory origins and should be replaced with the more scientifically accurate term "cannabis." This change is technical in nature and no substantive legal changes are intended or implied.

Statutory Authority for Adoption: RCW 82.32.300, 82.01.060.

Statute Being Implemented: RCW 82.04.100, 82.04.260, 82.08.02565, 82.04.213, 82.04.331, 82.08.0293.

Rule is not necessitated by federal law, federal or state court decision.

Name of Proponent: DOR, governmental.

Name of Agency Personnel Responsible for Drafting: Melinda Mandell, 6400 Linderson Way S.W., Tumwater, WA, 360-534-1584; Implementation and Enforcement: Heidi Geathers, 6400 Linderson Way S.W., Tumwater, WA, 360-534-1615.

This notice meets the following criteria to use the expedited adoption process for these rules:

Adopts or incorporates by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of statewide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule.

NOTICE

THIS RULE IS BEING PROPOSED UNDER AN EXPEDITED RULE-MAKING PROCESS THAT WILL ELIMINATE THE NEED FOR THE AGENCY TO HOLD PUBLIC HEARINGS, PREPARE A SMALL BUSINESS ECONOMIC IMPACT STATEMENT, OR PROVIDE RESPONSES TO THE CRITERIA FOR A SIGNIFICANT LEGISLATIVE RULE. IF YOU OBJECT TO THIS USE OF THE EXPEDITED RULE-MAKING PROCESS, YOU MUST EXPRESS YOUR OBJECTIONS IN WRITING AND THEY MUST BE SENT TO Melinda Mandell, DOR, P.O. Box 47453, phone 360-534-1584, fax 360-534-1606, email MelindaM@dor.wa.gov, AND RECEIVED BY December 5, 2022.

AMENDATORY SECTION (Amending WSR 14-23-060, filed 11/17/14, effective 12/18/14)

WAC 458-20-135 Extracting natural products. (1) Introduction.

This rule explains the application of the business and occupation (B&O), retail sales, and use taxes to persons extracting natural products. Persons extracting natural products often use the same extracted products in a manufacturing process. This rule provides guidance for determining when an extracting activity ends and the manufacturing activity begins. In addition to all other taxes, commercial fishermen may be subject to the enhanced food fish excise tax levied by chapter 82.27 RCW (Tax on enhanced food fish).

Persons engaging in activities associated with timber harvest operations should refer to WAC 458-20-13501 (Timber harvest operations). Persons engaged in a manufacturing activity should also refer to WAC 458-20-136 (Manufacturing, processing for hire, fabricating) and 458-20-13601 (Manufacturers and processors for hire—Sales and use tax exemptions for machinery and equipment).

(2) **Who is an "extractor"?** RCW 82.04.100 defines the term "extractor" to mean every person who, from the person's own land or from the land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services, for sale or for commercial or industrial use mines, quarries, takes or produces coal, oil, natural gas, ore, stone, sand, gravel, clay, mineral, or other natural resource product. The term includes a person who fells, cuts, or takes timber, Christmas trees other than plantation Christmas trees, or other natural products. It also includes any person who takes fish, shellfish, or other sea or inland water foods or products.

(a) **Persons excluded from the definition of "extractor."** The term "extractor" does not include:

(i) Persons performing under contract the necessary labor or mechanical services for others (these persons are extractors for hire, see subsection (4) of this section); or

(ii) Persons who are farmers as defined in RCW 82.04.213. Refer to WAC 458-20-209 and 458-20-210 for tax-reporting information for farmers and persons selling property to or performing horticultural services for farmers; or

(iii) Persons producing ((~~marijuana~~)) cannabis.

(b) **When an extractor is also a manufacturer.** An extractor may subsequently take an extracted product and use it as a raw material in a manufacturing process. The following examples explain when an extracting process ends and a manufacturing process begins for various situations. These examples should be used only as a general guide. A determination of when extracting ends and manufacturing begins for

other situations can be made only after a review of all of the facts and circumstances.

(i) **Mining and quarrying.** Mining and quarrying operations are extracting activities, and generally include the screening, sorting, and piling of rock, sand, stone, gravel, or ore. For example, an operation that extracts rock, then screens, sorts, and with no further processing places the rock into piles for sale, is an extracting operation.

(A) The crushing and/or blending of rock, sand, stone, gravel, or ore are manufacturing activities. These are manufacturing activities whether or not the materials were previously screened or sorted.

(B) Screening, sorting, piling, or washing of the material, when the activity takes place in conjunction with crushing or blending at the site where the materials are taken or produced, is considered a part of the manufacturing operation if it takes place after the first screen. If there is no separate first screen, only those activities subsequent to the materials being deposited into the screen are considered a part of the manufacturing operation.

(ii) **Commercial fishing.** Commercial fishing operations, including the taking of any fish in Washington waters (within the statutory limits of the state of Washington) and the taking of shellfish or other sea or inland water foods or products, are extracting activities. These activities often include the removal of meat from the shell and the icing of fish or sea products.

(A) A person growing, raising, or producing a product of aquaculture as defined in RCW 15.85.020 on the person's own land or on land in which the person has a present right of possession is considered a farmer. RCW 82.04.213.

(B) Cleaning (removal of the head, fins, or viscera), filleting, and/or steaking fish are manufacturing activities. The cooking of fish or seafood is also a manufacturing activity. Refer to RCW 82.04.260 and WAC 458-20-136 for information regarding the special B&O tax rate/classification that applies to the manufacturing of seafood products that remain in a raw, raw frozen, or raw salted state.

(C) The removal of meat from the shell or the icing of fish or sea products, when the activity is performed in conjunction with and at the site where manufacturing takes place (e.g., cooking the fish or seafood), is considered a part of the manufacturing operation.

(3) **Tax-reporting responsibilities for income received by extractors.** Extractors are subject to the extracting B&O tax upon the value of the extracted products. (See WAC 458-20-112 regarding "value of products.") Extractors who sell the products at retail or wholesale in this state are subject to either the retailing or wholesaling B&O tax, as the case may be. In such cases, the extractor must report under both the "production" (extracting) and "selling" (wholesaling or retailing) classifications of the B&O tax, and claim a tax credit under the multiple activities tax credit (MATC). See also WAC 458-20-19301 (Multiple activities tax credits) for a more detailed explanation of the MATC reporting requirements. Extractors that manufacture tangible personal property that they sell to buyers who will either resell the tangible personal property without any intervening use, or will include the tangible personal property as a component or ingredient in another product for sale by the buyer to another customer, are making wholesale sales. To document the wholesale nature of any transaction, sellers making wholesale sales must obtain from the buyer a resale certificate for sales made before January 1, 2010, or reseller permit for sales made on or after January 1, 2010. See also WAC 458-20-102A (Resale certificates) and WAC 458-20-102 (Reseller permits) for a more

detailed explanation of a seller's obligation to document its whole-sale sales. Even though resale certificates are no longer used after December 31, 2009, they must be kept on file by the seller for five years from the date of last use or until December 31, 2014, whichever first occurs.

For example, Corporation quarries rock without further processing. Corporation sells and delivers the rock to Landscaper, who is located in Washington. Landscaper provides Corporation with a resale certificate (WAC 458-20-102A) for purchases made before January 1, 2010, or a reseller permit (WAC 458-20-102) for purchases made on or after January 1, 2010. Corporation should report under both the extracting and wholesaling B&O tax classifications, and claim a MATC per WAC 458-20-19301. Had Corporation delivered the quarried rock to an out-of-state location, Corporation would have incurred only an extracting B&O tax liability.

(a) **When extractors use their products in a manufacturing process.** Persons who extract products, use these extracted products in a manufacturing process, and then sell the products all within Washington are subject to both "production" taxes (extracting and manufacturing) and the "selling" tax (wholesaling or retailing), and may claim the appropriate credits under the MATC. (See also WAC 458-20-136 on manufacturing.)

For example, Company quarries rock (an extracting activity), crushes and blends the rock (a manufacturing activity), and sells the resulting product at retail. The taxable value of the extracted rock is \$50,000 (the amount subject to the extracting B&O tax). The taxable value of the crushed and blended rock is \$140,000 (the amount subject to the manufacturing B&O tax). The crushed and blended rock is sold for \$140,000 (the amount subject to the retailing B&O tax). Assume the tax rates for the extracting and manufacturing B&O taxes are .00484, and the tax rate for the retailing B&O tax is .00471. Company should compute its tax liability as follows:

(i) **Reporting B&O tax on the combined excise tax return:**

(A) Extracting B&O tax liability of \$242 ($\$50,000 \times .00484$);

(B) Manufacturing B&O tax liability of \$678 ($\$140,000 \times .00484$);

and

(C) Retailing B&O tax liability of \$659 ($\$140,000 \times .00471$).

(ii) **Completing the multiple activities tax credit (Part II of**

Schedule C) :

Activity which results in a tax credit	Taxable Amount	Business and Occupation Tax Reported				
		Extracting	Manufacturing	Wholesaling	Retailing	Total Credit
Washington extracted products manufactured in Washington	50,000	242	242			242
Washington extracted products sold in Washington						
Washington manufactured products sold in Washington	140,000		678		659	659
			Multiple Activities Tax Credit Subtotal of taxes paid to Washington state			901
					Credit ID 800	901

Schedule C helps taxpayers calculate and claim the multiple activities tax credit provided by RCW 82.04.440. In the Schedule C exam-

ple above, materials that a person extracts and then uses in a manufacturing process in Washington are entered at their value when extracting ceases and manufacturing begins (\$50,000 shown on the "Washington extracted products manufactured in Washington" line of the Schedule C). The taxable amount reported on the "Washington manufactured products sold in Washington" line of the Schedule C is the value of products at the point that manufacturing ceases (\$140,000), not simply the value added by the manufacturing activity. For more information and examples that are helpful in determining the value of products, refer to WAC 458-20-112 (Value of products).

(b) When extractors sell their products at retail or wholesale.

An extractor making retail sales must collect and remit retail sales tax on all sales to consumers, unless the sale is exempt by law (e.g., see WAC 458-20-244 regarding sales of certain food products). Extractors making wholesale sales must obtain resale certificates for sales made before January 1, 2010, or reseller permits for sales made on or after January 1, 2010, from their customers to document the wholesale nature of any transaction as provided in WAC 458-20-102A (Resale certificates) and WAC 458-20-102 (Reseller permits). Even though resale certificates are no longer used after December 31, 2009, they must be kept on file by the seller for five years from the date of last use or until December 31, 2014, whichever first occurs.

(4) Tax-reporting responsibilities for income received by extractors for hire. Persons performing extracting activities for extractors are subject to the extracting for hire B&O tax upon their gross income from those services.

For example, a person removing ore, waste, or overburden at a mining pit for the operator of the mining operation is an extractor for hire. Likewise, a person drilling to locate or provide access to a satisfactory grade of ore at the mining pit for the operator is also an extractor for hire. The gross income derived from these activities is subject to the extracting for hire B&O tax classification.

(5) Mining or mineral rights. Royalties or charges in the nature of royalties for granting another the privilege or right to remove minerals, rock, sand, or other natural resource product are subject to the service and other activities B&O tax. The special B&O tax rate provided by RCW 82.04.2907 does not apply because this statute specifically excludes compensation received for any natural resource. Refer also to RCW 82.45.035 and WAC 458-61-520 (Mineral rights and mining claims) for more information regarding the sale of mineral rights and the real estate excise tax.

Income derived from the sale or rental of real property, whether designated as royalties or another term, is exempt of the B&O tax.

(6) Tax liability with respect to purchases of equipment or supplies and property extracted and/or manufactured for commercial or industrial use. The retail sales tax applies to all purchases of equipment, component parts of equipment, and supplies by persons engaging in extracting or extracting for hire activities unless a specific exemption applies. If the seller fails to collect the appropriate retail sales tax, the buyer is required to remit the retail sales tax (commonly referred to as "deferred retail sales tax") or use tax directly to the department.

(a) Exemption available for certain manufacturing equipment. RCW 82.08.02565 and 82.12.02565 provide retail sales and use tax exemptions for certain machinery and equipment used by manufacturers and processors for hire. While this exemption does not extend to extractors or extractors for hire, persons engaged in both extracting and

manufacturing activities should refer to WAC 458-20-13601 for an explanation of how these exemptions may apply to them.

(b) **Property manufactured for commercial or industrial use.** Persons manufacturing tangible personal property for commercial or industrial use are subject to both the manufacturing B&O and use taxes upon the value of the property manufactured, unless a specific exemption applies. (See also WAC 458-20-134 on commercial or industrial use.)

If the person also extracts materials used in the manufacturing process, the extracting B&O tax is due on the value of the extracted materials and a MATC may be taken. For example, Quarry extracts rock, crushes the rock into desired size, and then uses the crushed rock in its parking lot. The use of the crushed rock by Quarry in its parking lot is a commercial or industrial use. Quarry is subject to the extracting and manufacturing B&O taxes and may claim a MATC. Quarry is also responsible for remitting use tax on the value of the crushed rock applied to the parking lot.

OTS-4105.1

AMENDATORY SECTION (Amending WSR 15-01-005, filed 12/4/14, effective 1/4/15)

WAC 458-20-136 Manufacturing, processing for hire, fabricating.

(1) **Introduction.** This rule explains the application of the business and occupation (B&O), retail sales, and use taxes to manufacturers. It identifies the special tax classifications and rates that apply to specific manufacturing activities. The law provides a retail sales and use tax exemption for certain machinery and equipment (M&E) used by manufacturers. Refer to RCW 82.08.02565, 82.12.02565, and WAC 458-20-13601 (Manufacturers and processors for hire—Sales and use tax exemption for machinery and equipment) for more information regarding this exemption. Effective June 12, 2014, chapter 140, Laws of 2014 (SB 6505), machinery and equipment used directly in the manufacturing, research and development, or testing of (~~marijuana~~) cannabis, including related services, are not eligible for the M&E retail sales and use tax exemption. For purposes of this rule, "~~marijuana~~" cannabis is any product with a THC concentration greater than .03 percent. Persons engaging in both extracting and manufacturing activities should

also refer to WAC 458-20-135 (Extracting natural products) and 458-20-13501 (Timber harvest operations).

(2) **Manufacturing activities.** RCW 82.04.120 explains that the phrase "to manufacture" embraces all activities of a commercial or industrial nature wherein labor or skill is applied, by hand or machinery, to materials so that as a result thereof a new, different, or useful substance or articles of tangible personal property is produced for sale or commercial or industrial use. The phrase includes the production or fabrication of special-made or custom-made articles.

(a) "To manufacture" includes, but is not limited to:

(i) The production or fabrication of dental appliances, devices, restorations, substitutes, or other dental laboratory products by a dental laboratory or dental technician;

(ii) The cutting, delimiting, and measuring of felled, cut, or taken trees;

(iii) The crushing and/or blending of rock, sand, stone, gravel, or ore;

(iv) The cleaning (removal of the head, fins, or viscera) of fish; and

(v) The production of compressed or liquefied natural gas for use as transportation fuel as defined in RCW 82.16.310.

(b) "To manufacture" does not include:

(i) The conditioning of seed for use in planting;

(ii) The cubing of hay or alfalfa;

(iii) The growing, harvesting, or producing of agricultural products;

(iv) The cutting, grading, or ice glazing of seafood which has been cooked, frozen, or canned outside this state;

(v) The packing of agricultural products, including sorting, washing, rinsing, grading, waxing, treating with fungicide, packaging, chilling, or placing in controlled atmospheric storage; and

(vi) The repairing and reconditioning of tangible personal property for others.

(3) **Manufacturers and processors for hire.** RCW 82.04.110 defines "manufacturer" to mean every person who, either directly or by contracting with others for the necessary labor or mechanical services, manufactures for sale or for commercial or industrial use from his or her own materials or ingredients any articles, substances, or commodities. However, a nonresident of the state of Washington who is the owner of materials processed for it in this state by a processor for hire is not deemed to be a manufacturer in this state because of that processing. Additionally, any owner of materials from which a nuclear fuel assembly is fabricated in this state by a processor for hire is also not deemed to be a manufacturer because of such processing.

(a) The term "processor for hire" means a person who performs labor and mechanical services upon property belonging to others so that as a result a new, different, or useful article of tangible personal property is produced for sale or commercial or industrial use. Thus, a processor for hire is any person who would be a manufacturer if that person were performing the labor and mechanical services upon his or her own materials.

(b) If a particular activity is excluded from the definition of "to manufacture," a person performing the labor and mechanical services upon materials owned by another is not a processor for hire. For example, the cutting, grading, or ice glazing of seafood that has been cooked, frozen, or canned outside this state is excluded from the definition of "to manufacture." Because of this exclusion, a person who

performs these activities on seafood belonging to others is not a "processor for hire."

(c) A person who produces aluminum master alloys, regardless of the portion of the aluminum provided by that person's customer, is considered a "processor for hire." RCW 82.04.110. For the purpose of this specific provision, the term "aluminum master alloy" means an alloy registered with the Aluminum Association as a grain refiner or a hardener alloy using the American National Standards Institute designating system H35.3.

(d) In some instances, a person furnishing the labor and mechanical services undertakes to produce an article, substance, or commodity from materials or ingredients furnished in part by the person and in part by the customer. Depending on the circumstances, this person will either be considered a manufacturer or a processor for hire.

(i) If the person furnishing the labor and mechanical services furnishes materials constituting less than (~~twenty~~) 20 percent of the value of all of the materials or ingredients which become a part of the produced product, that person will be presumed to be processing for hire.

(ii) The person furnishing the labor and mechanical services will be presumed to be a manufacturer if the value of the materials or ingredients furnished by the person is equal to or greater than (~~twenty~~) 20 percent of the total value of all materials or ingredients which become a part of the produced product.

(iii) If the person furnishing the labor and mechanical services supplies, sells, or furnishes to the customer, before processing, (~~twenty~~) 20 percent or more in value of the materials or ingredients from which the product is produced, the person furnishing the labor and mechanical services will be deemed to be the owner of the materials and considered a manufacturer.

(e) There are occasions where a manufacturing facility and ingredients used in the manufacturing process are owned by one person, while another person performs the actual manufacturing activity. The person operating the facility and performing the manufacturing activity is a processor for hire. The owner of the facility and ingredients is the manufacturer.

(4) **Tax-reporting responsibilities for income received by manufacturers and processors for hire.** Persons who manufacture products in this state are subject to the manufacturing B&O tax upon the value of the products, including by-products (see also WAC 458-20-112 regarding "value of products"), unless the activity qualifies for one of the special tax rates discussed in subsection (5) of this rule. See also WAC 458-20-193 (Inbound and outbound interstate sales of tangible personal property).

For example, Corporation A stains door panels that it purchases. Corporation A also affixes hinges, guide wheels, and pivots to unstained door panels. Corporation B shears steel sheets to dimension, and slits steel coils to customer's requirements. The resulting products are sold and delivered to out-of-state customers. Corporation A and Corporation B are subject to the manufacturing B&O tax upon the value of these manufactured products. These manufacturing activities take place in Washington, even though the manufactured product is delivered out-of-state. A credit may be available if a gross receipts tax is paid on the selling activity to another state. (See also WAC 458-20-19301 on multiple activities tax credits.)

(a) Manufacturers who sell their products at retail or wholesale in this state are also subject to either the retailing or wholesaling

B&O tax, as the case may be. In such cases, the manufacturer must report under both the "production" (manufacturing) and "selling" (wholesaling or retailing) classifications of the B&O tax, and claim a multiple activities tax credit (MATC). See also WAC 458-20-19301 for a more detailed explanation of the MATC reporting requirements. Manufacturers are making wholesale sales when their buyer will resell the tangible personal property without intervening use, or includes the tangible personal property as a component or ingredient in another product for sale by the buyer to another customer. Sellers in these wholesale sales must obtain a reseller permit from the buyer. Reseller permits replaced resale certificates effective January 1, 2010. Even though resale certificates are no longer used after December 31, 2009, they must be kept on file by the seller for five years from the date of last use or December 31, 2014, whichever first occurs. For additional information on reseller permits see WAC 458-20-102.

For example on January 1, 2010, Raw Fish Incorporated purchases raw fish that it manufactures into fillets. The resulting product is then sold at wholesale to its customer, Fish Distributor LLC. Fish Distributor LLC resells the fillets without intervening use to its customers and provides Raw Fish Incorporated with a copy of its reseller permit. Raw Fish Incorporated is subject to both the manufacturing raw seafood B&O tax upon the value of the manufactured product, and the wholesaling B&O tax upon the gross proceeds of sale. Raw Fish Incorporated is entitled to claim a MATC.

(b) Processors for hire are subject to the processing for hire B&O tax upon the total charge made for those services, including any charge for materials furnished by the processor. The B&O tax applies whether the resulting product is delivered to the customer within or outside this state.

(c) The measure of tax for manufacturers and processors for hire with respect to "cost-plus" or "time and material" contracts includes the amount of profit or fee above cost received, plus the reimbursements or prepayments received on account of materials and supplies, labor costs, taxes paid, payments made to subcontractors, and all other costs and expenses incurred by the manufacturer or processor for hire.

(d) A manufacturing B&O tax exemption is available for the cleaning of fish, if the cleaning activities are limited to the removal of the head, fins, or viscera from fresh fish without further processing other than freezing. RCW 82.04.2403. Processors for hire performing these cleaning activities remain subject to the processing for hire B&O tax.

(e) Amounts received by hop growers or dealers for hops shipped outside the state of Washington for first use, even though the hops have been processed into extract, pellets, or powder in this state are exempt from the B&O tax. RCW 82.04.337. However, a processor for hire with respect to hops is not exempt on amounts charged for processing these products.

(f) Manufacturers and processors for hire making retail sales must collect and remit retail sales tax on all sales to consumers, unless the sale is exempt by law (e.g., see WAC 458-20-244 regarding sales of certain food products). A manufacturer or processor for hire making wholesale sales must obtain a reseller permit from the buyer. Reseller permits replaced resale certificates effective January 1, 2010. Even though resale certificates are no longer used after December 31, 2009, they must be kept on file by the seller for five years from the date of last use or December 31, 2014, whichever first oc-

curs. For additional information on reseller permits see WAC 458-20-102.

(g) Effective July 1, 2015, a gas distribution business manufacturing or selling liquefied natural gas or compressed natural gas for use as transportation fuel is exempt from state and local public utility taxes. The sale of natural gas from which the buyer manufactures compressed natural gas or liquefied natural gas, where the compressed natural gas or liquefied natural gas is to be sold or used as transportation fuel, is also exempt from state and local public utility taxes. The gross receipts from these activities are subject to the manufacturing, wholesaling, or retailing B&O tax and local taxes, as applicable. The retail sale of compressed natural gas or liquefied natural gas is also subject to fuel taxes, if it is used in a motor vehicle. If the fuel is not used in a motor vehicle (off-road, boat, etc.) the fuel is subject to retail sales or use tax.

(5) **Manufacturing - Special tax rates/classifications.** RCW 82.04.260 provides several special B&O tax rates/classifications for manufacturers engaging in certain manufacturing activities. In all such cases the principles set forth in subsection (4) of this rule concerning multiple activities and the resulting credit provisions are also applicable.

Special tax classifications/rates are provided for the activities of:

(a) Manufacturing wheat into flour, barley into pearl barley, soybeans into soybean oil, canola into canola oil, meal, or canola by-products, or sunflower seeds into sunflower oil;

(b) Splitting or processing dried peas;

(c) Manufacturing seafood products, which remain in a raw, raw frozen, or raw salted state;

(d) Manufacturing by canning, preserving, freezing, processing, or dehydrating fresh fruits and vegetables ("fruits" and "vegetables" does not include (~~marijuana~~) cannabis);

(e) Slaughtering, breaking, and/or processing perishable meat products and/or selling the same at wholesale and not at retail; and

(f) Manufacturing nuclear fuel assemblies.

(6) **Repairing and/or refurbishing distinguished from manufacturing.** The term "to manufacture" does not include the repair or refurbishing of tangible personal property. To be considered "manufacturing," the application of labor or skill to materials must result in a "new, different, or useful article." If the activity merely restores an existing article of tangible personal property to its original utility, the activity is considered a repair or refurbishing of that property. (See WAC 458-20-173 for tax-reporting information on repairs.)

(a) In making a determination whether an activity is manufacturing as opposed to a repair or reconditioning activity, consideration is given to a variety of factors including, but not limited to:

(i) Whether the activity merely restores or prolongs the useful life of the article;

(ii) Whether the activity significantly enhances the article's basic qualities, properties, or functional nature; and

(iii) Whether the activity is so extensive that a new, different, or useful article results.

(b) The following example illustrates the distinction between a manufacturing activity resulting in a new, different, or useful article, and the mere repair or refurbishment of an existing article. This example should only be used as a general guide. The tax results of

other situations must be determined after a review of all the facts and circumstances. In cases of uncertainty, persons should contact the department for a ruling.

(i) Corporation rebuilds engine cores. When received, each core is assigned an individual identification number and disassembled. The cylinder head, connecting rods, crankshaft, valves, springs, nuts, and bolts are all removed and retained for reassembly into the same engine core. Unusable components are discarded. The block is then baked to burn off dirt and impurities, then blasted to remove any residue. The cylinder walls are rebored because of wear and tear. The retained components are cleaned, and if needed straightened and/or reground. Corporation then reassembles the cores, replacing the pistons, gaskets, timing gears, crankshaft bearings, and oil pumps with new parts. The components retained from the original engine core are incorporated only into that same core.

(ii) Corporation is under these circumstances not engaging in a manufacturing activity. The engine cores are restored to their original condition, albeit with a slightly larger displacement because of wear and tear. The cores have retained their original functional nature as they run with approximately the same efficiency and horsepower. The rebuilding of these cores is not so extensive as to result in a new, different, or useful article. Each engine core has retained its identity because all reusable components of the original core are reassembled in the same core. Corporation has taken an existing article and extended its useful life.

(7) Combining and/or assembly of products to achieve a special purpose as manufacturing. The physical assembly of products from various components is manufacturing because it results in a "new, different, or useful" product, even if the cost of the assembly activity is minimal when compared with the cost of the components. For example, the bolting of a motor to a pump, whether bolted directly or by using a coupling, is a manufacturing activity. Once physically joined, the resulting product is capable of performing a pumping function that the separate components cannot.

(a) In some cases the assembly may consist solely of combining parts from various suppliers to create an entirely different product that is sold as a kit for assembly by the purchaser. In these situations, the manufacturing B&O tax applies even if the person combining the parts does not completely assemble the components, but sells them as a package. For example, a person who purchases component parts from various suppliers to create a wheelbarrow, which will be sold in a "kit" or "knock-down" condition with some assembly required by purchaser, is a manufacturer. The purchaser of the wheelbarrow kit is not a manufacturer, however, even though the purchaser must attach the handles and wheel.

(b) The department considers various factors in determining if a person combining various items into a single package is engaged in a manufacturing activity. Any single one of the following factors is not considered conclusive evidence of a manufacturing activity, though the presence of one or more of these factors raises a presumption that a manufacturing activity is being performed:

- (i) The ingredients are purchased from various suppliers;
- (ii) The person combining the ingredients attaches his or her own label to the resulting product;
- (iii) The ingredients are purchased in bulk and broken down to smaller sizes;

(iv) The combined product is marketed at a substantially different value from the selling price of the individual components; and

(v) The person combining the items does not sell the individual items except within the package.

(c) The following examples should be used only as a general guide. The specific facts and circumstances of each situation must be carefully examined to determine if the combining of ingredients is a manufacturing activity or merely a packaging or marketing activity. In cases of uncertainty, persons combining items into special purpose packages should contact the department for a ruling.

(i) Combining prepackaged food products and gift items into a wicker basket for sale as a gift basket is not a manufacturing activity when:

(A) The products combined in the basket retain their original packaging;

(B) The person does not attach his or her own labels to the components or the combined basket;

(C) The person maintains an inventory for sale of the individual components and does sell these items in this manner as well as the combined baskets.

(ii) Combining bulk food products and gift items into a wicker basket for sale as a gift basket is a manufacturing activity when:

(A) The bulk food products purchased by the taxpayer are broken into smaller quantities; and

(B) The taxpayer attaches its own labels to the combined basket.

(iii) Combining components into a kit for sale is not a manufacturing activity when:

(A) All components are conceived, designed, and specifically manufactured by and at the person's direction to be used with each other;

(B) The person's label is attached to or imprinted upon the components by supplier;

(C) The person packages the components with no further assembly, connection, reconfiguration, change, or processing.

(8) Tax liability with respect to purchases of equipment or supplies and property manufactured for commercial or industrial use. The retail sales tax applies to purchases of tangible personal property by manufacturers and processors for hire unless the property becomes an ingredient or component part of a new article produced for sale, or is a chemical used in the processing of an article for sale. If the seller fails to collect the appropriate retail sales tax, the buyer is required to remit the retail sales tax (commonly referred to as "deferred retail sales tax") or use tax directly to the department. Refer to WAC 458-20-113 for additional information about what qualifies as an ingredient or component or a chemical used in processing.

(a) RCW 82.08.02565 and 82.12.02565 provide a retail sales and use tax exemption for certain machinery and equipment used by manufacturers and/or processors for hire. Effective June 12, 2014, machinery and equipment used directly in the manufacturing, research and development, or testing of (~~marijuana~~) cannabis, including related services, are not eligible for the M&E retail sales and use tax exemption. Refer to WAC 458-20-13601 for additional information regarding how these exemptions apply.

(b) Persons manufacturing tangible personal property for commercial or industrial use are subject to both the manufacturing B&O and use taxes upon the value of the property manufactured, unless a specific exemption applies. (See also WAC 458-20-134 on commercial or industrial use.) Persons who also extract the product used as an ingre-

dient in a manufacturing process should refer to WAC 458-20-135 for additional information regarding their tax-reporting responsibilities.

AMENDATORY SECTION (Amending WSR 16-07-046, filed 3/14/16, effective 4/14/16)

WAC 458-20-13601 Manufacturers and processors for hire—Sales and use tax exemptions for machinery and equipment. (1) Introduction.

(a) This rule explains the retail sales and use tax exemptions provided by RCW 82.08.02565 and 82.12.02565 for sales to or use by manufacturers or processors for hire of machinery and equipment (M&E) used directly in a manufacturing operation or research and development operation. This rule explains the requirements that must be met to substantiate a claim of exemption. For information regarding the sales and use tax deferral for manufacturing and research/development activities in high unemployment counties, refer to WAC 458-20-24001 and chapter 82.60 RCW. For the high technology business sales and use tax deferral refer to chapter 82.63 RCW.

(b) Effective June 12, 2014, the retail sales and use tax exemptions provided by RCW 82.08.02565 and 82.12.02565 do not apply to:

(i) Sales of machinery and equipment used directly in the manufacturing, research and development, or testing of (~~marijuana~~) cannabis; and

(ii) Sales of or charges made for labor and services rendered in respect to installing, repairing, cleaning, altering, or improving such machinery and equipment.

(c) Effective August 1, 2015, an ineligible person, as defined in subsection (2)(e) of this rule, does not qualify for the retail sales and use tax exemptions provided by RCW 82.08.02565 and 82.12.02565, unless the taxpayer first used the qualifying machinery and equipment in this state prior to August 1, 2015.

(2) **Definitions.** For purposes of the manufacturing machinery and equipment tax exemptions, the following definitions apply:

(a) **Affiliated group.** "Affiliated group" means a group of two or more entities that are either:

(i) Affiliated as defined in RCW 82.32.655; or
(ii) Permitted to file a consolidated return for federal income tax purposes.

(b) **Cogeneration.** "Cogeneration" means the simultaneous generation of electrical energy and low-grade heat from the same fuel. See RCW 82.08.02565.

(c) **Device.** "Device" means an item that is not attached to the building or site. Examples of devices are: Forklifts, chainsaws, air compressors, clamps, free standing shelving, software, ladders, wheelbarrows, and pulleys.

(d) **Industrial fixture.** "Industrial fixture" means an item attached to a building or to land. Fixtures become part of the real estate to which they are attached and at the time of attachment are classified as real property, not personal property. Examples of "industrial fixtures" are fuel oil lines, boilers, craneways, and certain concrete slabs.

(e) **Ineligible person.** "Ineligible person" means all members of an affiliated group if all of the following apply:

(i) At least one member of the affiliated group was registered with the department of revenue (department) to do business in Washington state on or before July 1, 1981;

(ii) As of August 1, 2015, the combined employment in this state of the affiliated group exceeds (~~forty thousand~~) 40,000 full-time and part-time employees, based on data reported to the employment security department by the affiliated group; and

(iii) The business activities of the affiliated group primarily include development, sales, and licensing of computer software and services.

(f) **Machinery and equipment (M&E).** "Machinery and equipment" means industrial fixtures, devices, and support facilities, and tangible personal property that becomes an ingredient or component thereof, including repair parts and replacement parts. M&E includes pollution control equipment installed and used in a qualifying operation to prevent air pollution, water pollution, or contamination that might otherwise result from the operation.

(g) **Manufacturer.** "Manufacturer" has the same meaning as provided in chapter 82.04 RCW. Manufacturer also includes a person that prints newspapers or other materials; and effective August 1, 2015, a person engaged in the development of prewritten computer software that is not transferred to purchasers by means of tangible storage media. RCW 82.08.02565, chapter 5, Laws of 2015 3rd sp. sess. (ESSB 6138).

(h) **Manufacturing.** "Manufacturing" has the same meaning as "to manufacture" in chapter 82.04 RCW.

(i) **Manufacturing operation.** "Manufacturing operation" means the manufacturing of articles, substances, or commodities for sale as tangible personal property. A manufacturing operation begins at the point where the raw materials enter the manufacturing site and ends at the point where the processed material leaves the manufacturing site. The operation includes storage of raw materials at the site, the storage of in-process materials at the site, and the storage of the processed material at the site. The manufacturing operation is defined in terms of a process occurring at a location. To be eligible as a qualifying use of M&E, the use must take place within the manufacturing operation, unless specifically exempted by law. Storage of raw material or other tangible personal property, packaging of tangible personal property, and other activities that potentially qualify under the "used directly" criterion, and that do not constitute manufacturing in and

of themselves, are not within the scope of the exemption unless they take place at a manufacturing site. The statute specifically allows testing to occur away from the site.

The term "manufacturing operation" also includes that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part. The term does not include the production of electricity by a light and power business as defined in RCW 82.16.010 or the preparation of food products on the premises of a person selling food products at retail.

(i) Neither duration or temporary nature of the manufacturing activity nor mobility of the equipment determine whether a manufacturing operation exists. For example, operations using portable saw mills or rock crushing equipment are considered "manufacturing operations" if the activity in which the person is engaged is manufacturing. Rock crushing equipment that deposits material onto a roadway is not used in a manufacturing operation because this is a part of the constructing activity, not a manufacturing activity. Likewise, a concrete mixer used at a construction site is not used in a manufacturing operation because the activity is constructing, not manufacturing. Other portable equipment used in nonmanufacturing activities, such as continuous gutter trucks or trucks designed to deliver and combine aggregate, or specialized carpentry tools, do not qualify for the same reasons.

(ii) Manufacturing tangible personal property for sale can occur in stages, taking place at more than one manufacturing site. For example, if a taxpayer processes pulp from wood at one site, and transfers the resulting pulp to another site that further manufactures the product into paper, two separate manufacturing operations exist. The end product of the manufacturing activity must result in an article, substance, or commodity for sale.

(j) **((Marijuana) Cannabis.** "~~((Marijuana) Cannabis~~" is any product with a THC concentration greater than ~~((-03))~~ .3 percent.

(k) **Processor for hire.** "Processor for hire" has the same meaning as used in chapter 82.04 RCW and as explained in WAC 458-20-136 Manufacturing, processing for hire, fabricating.

(l) **Qualifying operation.** "Qualifying operation" means a manufacturing operation, a research and development operation, or a testing operation.

(m) **Research and development operation.** "Research and development operation" means engaging in research and development as defined in RCW 82.63.010 by a manufacturer or processor for hire. RCW 82.63.010 defines "research and development" to mean: Activities performed to discover technological information, and technical and nonroutine activities concerned with translating technological information into new or improved products, processes, techniques, formulas, inventions, or software. The term includes exploration of a new use for an existing drug, device, or biological product if the new use requires separate licensing by the Federal Food and Drug Administration under chapter 21, C.F.R., as amended. The term does not include adaptation or duplication of existing products where the products are not substantially improved by application of the technology, nor does the term include surveys and studies, social science and humanities research, market research or testing, quality control, sale promotion and service, computer software developed for internal use, and research in areas such as improved style, taste, and seasonal design.

(n) **Sale.** "Sale" has the same meaning as "sale" in chapter 82.08 RCW, which includes by reference RCW 82.04.040. RCW 82.04.040 includes

by reference the definition of "retail sale" in RCW 82.04.050. "Sale" includes renting or leasing, conditional sale contracts, leases with option to purchase, and any contract under which possession of the property is given to the purchaser but title is retained by the vendor as security for the payment of the purchase price.

(o) **Site.** "Site" means the location at which the manufacturing or testing takes place.

(p) **Support facility.** "Support facility" means a part of a building, or a structure or improvement, used to contain or steady an industrial fixture or device. A support facility must be specially designed and necessary for the proper functioning of the industrial fixture or device and must perform a function beyond being a building or a structure or an improvement. It must have a function relative to an industrial fixture or a device. To determine if some portion of a building is a support facility, the parts of the building are examined. For example, a highly specialized structure, like a vibration reduction slab under a microchip clean room, is a support facility. Without the slab, the delicate instruments in the clean room would not function properly. The ceiling and walls of the clean room are not support facilities if they only serve to define the space and do not have a function relative to an industrial fixture or a device.

(q) **Tangible personal property.** "Tangible personal property" has its ordinary meaning.

(r) **Testing.** "Testing" means activities performed to establish or determine the properties, qualities, and limitations of tangible personal property.

(s) **Testing operation.** "Testing operation" means the testing of tangible personal property for a manufacturer or processor for hire. A testing operation begins at the point where the tangible personal property enters the testing site and ends at the point where the tangible personal property leaves the testing site. The term also includes that portion of a cogeneration project that is used to generate power for consumption within the site of which the cogeneration project is an integral part. The term does not include the production of electricity by a light and power business as defined in RCW 82.16.010 or the preparation of food products on the premises of a person selling food products at retail. The testing operation is defined in terms of a process occurring at a location. To be eligible as a qualifying use of M&E, the use must take place within the testing operation, unless specifically excepted by law.

(3) **Retail sales and use tax exemptions.** The M&E exemptions provide retail sales and use tax exemptions for machinery and equipment used directly in a manufacturing operation or research and development operation, except for such sales or use relating to (~~marijuana~~) cannabis effective June 12, 2014. Sales of or charges made for labor and services rendered in respect to installing, repairing, cleaning, altering, or improving qualifying machinery and equipment are also exempt from sales tax, except for such sales or charges relating to (~~marijuana~~) cannabis effective June 12, 2014. However, because the exemption is limited to items with a useful life of one year or more, some charges for repair, labor, services, and replacement parts may not be eligible for the exemption. In the case of labor and service charges that cover both qualifying and nonqualifying repair and replacement parts, the labor and services charges are presumed to be exempt. If all of the parts are nonqualifying, the labor and service charge is not exempt, unless the parts are incidental to the service

being performed, such as cleaning, calibrating, and adjusting qualifying machinery and equipment.

The exemption may be taken for qualifying machinery and equipment used directly in a testing operation by a person engaged in testing for a manufacturer or processor for hire, with the exception of such testing relating to ((marijuana)) cannabis effective June 12, 2014.

Sellers remain subject to the retailing B&O tax on all sales of machinery and equipment to consumers if delivery is made within the state of Washington, notwithstanding that the sale may qualify for an exemption from the retail sales tax.

(a) **Sales tax.** The purchaser must provide the seller with an exemption certificate. The exemption certificate must be completed in its entirety. The seller must retain a copy of the certificate as a part of its records. This certificate may be issued for each purchase or in blanket form certifying all future purchases as being exempt from sales tax. Blanket certificates are valid for as long as the buyer and seller have a recurring business relationship. A "recurring business relationship" means at least one sale transaction within a period of ((twelve)) 12 consecutive months. RCW 82.08.050 (7) (c).

The form must contain the following information:

- (i) Name, address, and registration number of the buyer;
- (ii) Name of the seller;
- (iii) Name and title of the authorized agent of the buyer/user;
- (iv) Authorized signature;
- (v) Date; and
- (vi) Whether the form is a single use or blanket-use form.

A copy of an M&E certificate form may be obtained from the department's website at dor.wa.gov, or by contacting the department's taxpayer services division at:

Taxpayer Services
Department of Revenue
P.O. Box 47478
Olympia, WA 98504-7478
1-800-647-7706

(b) **Use tax.** The use tax complements the retail sales tax by imposing a tax of like amount on the use within this state as a consumer of any tangible personal property purchased at retail, where the user has not paid retail sales tax with respect to the purchase of the property used. For additional information on use tax see chapter 82.12 RCW and WAC 458-20-178. If the seller fails to collect the appropriate retail sales tax, the purchaser is required to pay the retail sales tax (commonly referred to as "deferred sales tax") or the use tax directly to the department unless the purchase and/or use is exempt from the retail sales and/or use taxes. A qualifying person using eligible machinery and equipment in Washington in a qualifying manner is exempt from the use tax. If an item of machinery and equipment that was eligible for use tax or sales tax exemption fails to overcome the majority use threshold or is entirely put to use in a nonqualifying manner, use tax is due on the fair market value at the time the item was put to nonqualifying use. See subsection (9) of this rule for an explanation of the majority use threshold.

(4) **Who may take the exemption?** The exemption may be taken by a manufacturer or processor for hire who manufactures articles, substances, or commodities for sale as tangible personal property (excluding ((marijuana)) cannabis), and who, for the item in question, meets the used directly test and overcomes the majority use threshold. (See sub-

section (8) of this rule for a discussion of the "used directly" criterion and see subsection (9) of this rule for an explanation of the majority use threshold.) However, for research and development operations, there is no requirement that the operation produce tangible personal property for sale. A processor for hire who does not sell tangible personal property is eligible for the exemption if the processor for hire manufactures articles, substances, or commodities that will be sold by the manufacturer. For example, a person who is a processor for hire but who is manufacturing with regard to tangible personal property that will be used by the manufacturer, rather than sold by the manufacturer, is not eligible. For additional information on manufacturing, processing for hire, or fabricating, see WAC 458-20-136 and RCW 82.04.110. Persons who engage in testing for manufacturers or processors for hire are eligible for the exemption. To be eligible for the exemption, the taxpayer need not be a manufacturer or processor for hire in the state of Washington, but must meet the definition of manufacturer provided in subsection (2)(g) of this rule.

(5) **What is eligible for the exemption?** Machinery and equipment used directly in a qualifying operation by a qualifying person is eligible for the exemption, subject to overcoming the majority use threshold.

There are three classes of eligible machinery and equipment: Industrial fixtures, devices, and support facilities. Also eligible is tangible personal property that becomes an ingredient or component of the machinery and equipment, including repair parts and replacement parts. "Machinery and equipment" also includes pollution control equipment installed and used in a qualifying operation to prevent air pollution, water pollution, or contamination that might otherwise result from the operation.

(6) **What is not eligible for the exemption?** In addition to items that are not eligible because they do not meet the used directly test or fail to overcome the majority use threshold, the following four categories of property are statutorily excluded from eligibility:

(a) **Hand-powered tools.** Screw drivers, hammers, clamps, tape measures, and wrenches are examples of hand-powered tools. Electric powered, including cordless tools, are not hand-powered tools, nor are calipers, plugs used in measuring, or calculators.

(b) **Property with a useful life of less than one year.** All eligible machinery and equipment must satisfy the useful life criterion, including repair parts and replacement parts. For example, items such as blades and bits are generally not eligible for the exemption because, while they may become component parts of eligible machinery and equipment, they generally have a useful life of less than one year. Blades generally having a useful life of one year or more, such as certain sawmill blades, are eligible. See subsection (7) of this rule for thresholds to determine useful life.

(c) **Buildings.** Buildings, other than machinery and equipment that is permanently affixed to or becomes a physical part of a building. Buildings provide work space for people or shelter machinery and equipment or tangible personal property. The building itself is not eligible, however some of its components might be eligible for the exemption. The industrial fixtures and support facilities that become affixed to or part of the building might be eligible. The subsequent real property status of industrial fixtures and support facilities does not affect eligibility for the exemption.

(d) **Building fixtures.** Building fixtures that are not integral to the manufacturing operation, testing operation, or research and devel-

opment operation that are permanently affixed to and become a physical part of a building, such as utility systems for heating, ventilation, air conditioning, communications, plumbing, or electrical. Examples of nonqualifying fixtures are: Fire sprinklers, building electrical systems, or washroom fixtures. Fixtures that are integral to the manufacturing operation might be eligible, depending on whether the item meets the other requirements for eligibility, such as the used directly test.

(7) **The "useful life" threshold.** RCW 82.08.02565 has a per se exception for "property with a useful life of less than one year." Property that meets this description is not eligible for the M&E exemption. The useful life threshold identifies items that do not qualify for the exemption, such as supplies, consumables, and other classes of items that are not expected or intended to last a year or more. For example, tangible personal property that is acquired for a one-time use and is discarded after use, such as a mold or a form, has a useful life of less than one year and is not eligible. If it is clear from taxpayer records or practice that an item is used for at least one year, the item is eligible, regardless of the answers to the four threshold questions. A taxpayer may work directly with the department to establish recordkeeping methods that are tailored to the specific circumstances of the taxpayer. The following steps should be used to determine whether an item meets the "useful life" threshold. The series of questions progress from simple documentation to complex documentation. To substantiate qualification under any step, a taxpayer must maintain adequate records or be able to establish by demonstrating through practice or routine that the threshold is overcome. Catastrophic loss, damage, or destruction of an item does not affect eligibility of machinery and equipment that otherwise qualifies. Assuming the machinery and equipment meets all of the other M&E requirements and does not have a single one-time use or is not discarded during the first year, useful life should be determined by answering the following questions for an individual piece of machinery and equipment:

(a) Is the machinery and equipment capitalized for either federal tax purposes or accounting purposes?

- If the answer is "yes," it qualifies for the exemption.
- If the answer is "no,"

(b) Is the machinery and equipment warranted by the manufacturer to last at least one year?

- If the answer is "yes," it qualifies for the exemption.
- If the answer is "no,"

(c) Is the machinery and equipment normally replaced at intervals of one year or more, as established by industry or business practice? (This is commonly based on the actual experience of the person claiming the exemption.)

- If the answer is "yes," it qualifies for the exemption.
- If the answer is "no,"

(d) Is the machinery and equipment expected at the time of purchase to last at least one year, as established by industry or business practice? (This is commonly based on the actual experience of the person claiming the exemption.)

- If the answer is "yes," it qualifies for the exemption.
- If the answer is "no," it does not qualify for the exemption.

(8) **The "used directly" criteria.** Items that are not "used directly" in a qualifying operation are not eligible for the exemption. The statute provides eight descriptions of the phrase "used directly." The manner in which a person uses an item of machinery and equipment

must match one of these descriptions. Examples of items that are not used directly in a qualifying operation are cafeteria furniture, safety equipment not part of qualifying M&E, packaging materials, shipping materials, or administrative equipment. Machinery and equipment is "used directly" in a manufacturing operation, testing operation, or research and development operation, if the machinery and equipment meets any one of the following criteria:

(a) **Acts on or interacts with.** It acts on or interacts with an item of tangible personal property. Examples include drill presses, concrete mixers (agitators), ready-mix concrete trucks, hot steel rolling machines, rock crushers, and band saws. Also included is machinery and equipment used to repair, maintain, or install tangible personal property. Computers qualify under this criterion if:

(i) They direct or control machinery or equipment that acts on or interacts with tangible personal property; or

(ii) If they act on or interact with an item of tangible personal property.

(b) **Conveys, transports, handles, or temporarily stores.** It conveys, transports, handles, or temporarily stores an item of tangible personal property at the manufacturing site or the testing site. Examples include wheelbarrows, handcarts, storage racks, forklifts, tanks, vats, robotic arms, piping, and concrete storage pads. Floor space in buildings does not qualify under this criterion. Also not eligible under this criterion are items that are used to ship the product or in which the product is packaged, as well as materials used to brace or support an item during transport.

(c) **Controls, guides, measures, verifies, aligns, regulates or tests.** It controls, guides, measures, verifies, aligns, regulates, or tests tangible personal property at the site or away from the site. Examples of "away from the site" are road testing of trucks, air testing of planes, or water testing of boats, with the machinery and equipment used off site in the testing eligible under this criterion. Machinery and equipment used to take readings or measurements is eligible under this criterion.

(d) **Provides physical support.** It provides physical support for or access to tangible personal property. Examples include catwalks adjacent to production equipment, scaffolding around tanks, braces under vats, and ladders near controls. Machinery and equipment used for access to the building or to provide a work space for people or a space for tangible personal property or machinery and equipment, such as stairways or doors, is not eligible under this criterion.

(e) **Produces power or lubricates.** It produces power for or lubricates machinery and equipment. A generator providing power to a sander is an example of machinery and equipment that produces such power. An electrical generating plant that provides power for a building is not eligible under this criterion. Lubricating devices, such as hoses, oil guns, pumps, and meters, whether or not attached to machinery and equipment, are eligible under this criterion.

(f) **Produces another item.** It produces another item of tangible personal property for use in the manufacturing operation, testing operation, or research and development operation. Examples include machinery and equipment that make dies, jigs, or molds, and printers that produce camera-ready images.

(g) **Packs.** It places tangible personal property in the container, package, or wrapping in which the tangible personal property is normally sold or transported.

(h) **Is integral to research and development.** It is integral to "research and development" as it is defined in RCW 82.63.010.

(9) **The majority use threshold.**

(a) **M&E used both in a qualifying and nonqualifying manner.** Machinery and equipment used both directly in a qualifying operation and also in a nonqualifying manner is eligible for the exemption only if the qualifying use satisfies the majority use requirement. Examples of situations in which an item of machinery and equipment is used for qualifying and nonqualifying purposes include: The use of machinery and equipment in manufacturing and repair activities, such as using a power saw to make cabinets in a shop versus using it to make cabinets at a customer location; the use of machinery and equipment in manufacturing and constructing activities, such as using a forklift to move finished sheet rock at the manufacturing site versus using it to unload sheet rock at a customer location; and the use of machinery and equipment in manufacturing and transportation activities, such as using a mixer truck to make concrete at a manufacturing site versus using it to deliver concrete to a customer. Majority use can be expressed as a percentage, with the minimum required amount of qualifying use being greater than (~~fifty~~) 50 percent compared to overall use. To determine whether the majority use requirement has been satisfied, the person claiming the exemption must retain records documenting the measurement used to substantiate a claim for exemption or, if time, value, or volume is not the basis for measurement, be able to establish by demonstrating through practice or routine that the requirement is satisfied. Majority use is measured by looking at the use of an item during a calendar year using any of the following:

(i) **Time.** Time is measured using hours, days, or other unit of time, with qualifying use of the M&E the numerator, and total time used the denominator. Suitable records for time measurement include employee time sheets or equipment time use logs.

(ii) **Value.** Value means the value to the person, measured by revenue if both the qualifying and nonqualifying uses produce revenue. Value is measured using gross revenue, with revenue from qualifying use of the M&E the numerator, and total revenue from use of the M&E the denominator. If there is no revenue associated with the use of the M&E, such as in-house accounting use of a computer system, the value basis may not be used. Suitable records for value measurement include taxpayer sales journals, ledgers, account books, invoices, and other summary records.

(iii) **Volume.** Volume is measured using amount of product, with volume from qualifying use of the M&E the numerator and total volume from use of the M&E the denominator. Suitable records for volume measurement include production numbers, tonnage, and dimensions.

(iv) **Other comparable measurement for comparison.** The department may agree to allow a taxpayer to use another measure for comparison, provided that the method results in a comparison between qualifying and nonqualifying uses. For example, if work patterns or routines demonstrate typical behavior, the taxpayer with the department's approval can satisfy the majority use test using work site surveys as proof.

(b) **Bundling similar M&E into classes.** Each piece of M&E does not require a separate record if the taxpayer can establish that it is reasonable to bundle M&E into classes. Classes may be created only from similar pieces of machinery and equipment and only if the uses of the pieces are the same. For example, forklifts of various sizes and models can be bundled together if the forklifts are doing the same work, as in moving wrapped product from the assembly line to a storage

area. An example of when not to bundle classes of M&E for purposes of the majority use threshold is the use of a computer that controls a machine through numerical control versus use of a computer that creates a camera ready page for printing.

(c) **Industry-wide standards.** Typically, whether the majority use threshold is met is decided on a case-by-case basis, looking at the specific manufacturing operation in which the item is being used. However, for purposes of applying the majority use threshold, the department may develop industry-wide standards. For instance, the aggregate industry uses concrete mixer trucks in a consistent manner across the industry. Based on a comparison of selling prices of the processed product picked up by the customer at the manufacturing site and delivery prices to a customer location, and taking into consideration the qualifying activity (interacting with tangible personal property) of the machinery and equipment compared to the nonqualifying activity (delivering the product) of the machinery and equipment, the department has determined that concrete trucks qualify under the majority use threshold. Only in those limited instances where it is apparent that the use of the concrete truck is atypical for the industry would the taxpayer be required to provide recordkeeping on the use of the truck to support the exemption.

AMENDATORY SECTION (Amending WSR 15-01-007, filed 12/4/14, effective 1/4/15)

WAC 458-20-209 Farming for hire and horticultural services performed for farmers. (1) **Introduction.** This rule provides tax reporting information for persons performing horticultural services for farmers. Persons providing horticultural services to persons other than farmers should refer to WAC 458-20-226 (Landscape and horticultural services). Farmers and persons making sales to farmers may also want to refer to the following rules:

(a) WAC 458-20-210 (Sales of tangible personal property for farming—Sales of agricultural products by farmers); and

(b) WAC 458-20-239 (Sales to nonresidents of farm machinery or implements, and related services).

(2) **Definitions.** For the purposes of this rule, the following definitions apply:

(a) "Farmer" means any person engaged in the business of growing, raising, or producing, upon the person's own lands or upon the lands

in which the person has a present right of possession, any agricultural product to be sold. "Farmer" does not include a person growing, raising, or producing such products for the person's own consumption; a person selling any animal or substance obtained therefrom in connection with the person's business of operating a stockyard or a slaughter or packing house; or a person in respect to the business of taking, cultivating, or raising timber. RCW 82.04.213.

(b) "Agricultural product" means any product of plant cultivation or animal husbandry including, but not limited to: A product of horticulture, grain cultivation, vermiculture, viticulture, or aquaculture as defined in RCW 15.85.020; plantation Christmas trees; short-rotation hardwoods as defined in RCW 84.33.035; turf; or any animal including, but not limited to, an animal that is a private sector cultured aquatic product as defined in RCW 15.85.020, or a bird, or insect, or the substances obtained from such an animal. "Agricultural product" does not include animals defined as pet animals under RCW 16.70.020. Effective June 12, 2014, "agricultural product" may not be construed to include (~~marijuana. Marijuana~~) cannabis. Cannabis is any product with a THC concentration greater than (~~(.03)~~) .3 percent. RCW 82.04.213.

(c) "Horticultural services" include services related to the cultivation of vegetables, fruits, grains, field crops, ornamental floriculture, and nursery products.

(i) The term "horticultural services" includes, but is not limited to, the following:

(A) Soil preparation services such as plowing or weed control before planting;

(B) Crop cultivation services such as planting, thinning, pruning, or spraying; and

(C) Crop harvesting services such as threshing grain, mowing and baling hay, or picking fruit.

(ii) Effective June 12, 2014, horticultural services does not include services related to the cultivation of (~~marijuana. Marijuana~~) cannabis. Cannabis is any product with a THC concentration greater than (~~(.03)~~) .3 percent.

(3) **Business and occupation (B&O) tax.** Persons performing horticultural services for farmers are generally subject to the service and other business activities B&O tax upon the gross proceeds. However, if the person providing horticultural services also sells tangible personal property for a separate and distinct charge, the charge made for the tangible personal property will be subject to either the wholesaling or retailing B&O tax, depending on the nature of the sale. Persons making sales of tangible personal property to farmers should refer to WAC 458-20-210 to determine whether the wholesaling or retailing tax applies, and under what circumstances retail sales tax must be collected.

(a) A farmer who occasionally assists another farmer in planting or harvesting a crop is generally not considered to be engaged in the business of performing horticultural services. These activities are generally considered to be casual and incidental to the farming activity. For example, a farmer owning baling equipment which is used primarily for baling hay produced by the farmer, but who may occasionally accommodate neighboring farmers by baling small quantities of hay produced by them, is not considered to be in business with respect thereto.

(b) The extent to which horticultural services are performed for others is determinative of whether or not they are considered taxable

business activities. Persons who advertise or hold themselves out to the public as being available to perform farming for hire will be considered as being engaged in business. For example, a person who regularly engages in baling hay or threshing grain for others is engaged in business and taxable upon the gross proceeds derived therefrom, irrespective of the amount of such business or that this person also does some farming of his or her own land.

(c) In cases where doubt exists in determining whether or not a person is engaged in the business of performing horticultural services, all pertinent information should be submitted to the department of revenue (department) for a specific ruling. The department may be contacted using the website dor.wa.gov and selecting "contact us"; or by telephone at 1-800-647-7706.

(4) **Deferred sales or use tax.** If the seller fails to collect the appropriate retail sales tax, the purchaser is required to pay the deferred sales or use tax directly to the department.

(a) Purchases of machinery, machinery parts and repair, tools, and cleaning materials by persons performing horticultural services are subject to retail sales tax.

(b) Persons taxable under the service and other business activities B&O tax classification are defined as consumers of anything they use in performing their services. (Refer to RCW 82.04.190.) As such, these persons are required to pay retail sales or use tax upon the purchase of all items used in performing the service, such as fertilizers, spray materials, and baling wire, which are not sold separate and apart from the service they perform.

(5) **Examples.** The following examples identify a number of facts and then state a conclusion. These examples should be used only as a general guide. The tax results of other situations must be determined after a review of all of the facts and circumstances.

(a) John Doe is a wheat farmer owning threshing equipment which is generally used only for threshing his own wheat. Occasionally a neighbor's threshing equipment may break down and John will use his own equipment to assist the neighbor in completing the neighbor's wheat harvest. While John receives payment for providing the threshing assistance, this activity is considered to be a casual and isolated sale. John does not hold himself out as being in the business of performing farming (threshing) for hire. John Doe is not considered to be engaging in taxable business activities. The amounts John Doe receives for assisting in the harvest of his neighbors' wheat is not subject to tax.

(b) X Spraying applies fertilizer to orchards owned by Farmer A. The sales invoice provided to Farmer A by X Spraying reflects a "lump sum" amount with no segregation of charges for the fertilizer and the application. When reporting its tax liability, X Spraying would report the total charge under the service B&O tax classification. X Spraying must also remit retail sales or use tax upon the purchase of the fertilizer. The entire amount charged by X Spraying is for horticultural services, and X Spraying is considered the consumer of the fertilizer.

(c) Z Flying aerial sprays pesticides on crops owned by Farmer B. The sales invoice Z Flying provides to Farmer B segregates the charge for the pesticides and the charge for the application. When reporting its tax liability, Z Flying would report the charge for the application under the service B&O tax classification. The charge for the sale of the spray materials is subject to the wholesaling B&O tax provided it is properly documented by a reseller permit. Reseller permits replaced resale certificates effective January 1, 2010. For additional

information on reseller permits see WAC 458-20-102. Z Flying's purchase of the pesticides is a purchase for resale and not subject to the retail sales tax. Even though resale certificates are no longer used after December 31, 2009, they must be kept on file by Z Flying for five years from the date of last use or December 31, 2014, whichever first occurs.

OTS-4107.1

AMENDATORY SECTION (Amending WSR 19-02-057, filed 12/27/18, effective 1/27/19)

WAC 458-20-210 Sales of tangible personal property for farming—Sales of agricultural products by farmers. (1) **Introduction.** This rule explains the application of business and occupation (B&O), retail sales, and use taxes to the sale and/or use of feed, seed, fertilizer, spray materials, and other tangible personal property for farming. This rule also explains the application of B&O, retail sales, and litter taxes to the sale of agricultural products by farmers. Farmers should refer to WAC 458-20-101 (Tax registration and tax reporting) to determine whether they must obtain a tax registration endorsement or a temporary registration certificate from the department of revenue (department).

(a) **Examples.** This rule contains examples that identify a number of facts and then state a conclusion. These examples should be used only as a general guide. The tax results of other situations must be determined after a review of all facts and circumstances.

(b) **Other rules that may be relevant.** Farmers and persons making sales to farmers may also want to refer to rules in the following list for additional information:

(i) WAC 458-20-178 Use tax and the use of tangible personal property;

(ii) WAC 458-20-209 Farming for hire and horticultural services performed for farmers;

(iii) WAC 458-20-222 Veterinarians;

(iv) WAC 458-20-239 Sales to nonresidents of farm machinery or implements, and related services;

(v) WAC 458-20-243 Litter tax; and

(vi) WAC 458-20-262 Retail sales and use tax exemptions for agricultural employee housing.

(2) **Who is a farmer?** A "farmer" is any person engaged in the business of growing, raising, or producing, on the person's own lands or on the lands in which the person has a present right of possession,

any agricultural product to be sold. Effective July 1, 2015, a "farmer" also includes eligible apiarists that grow, raise, or produce honey bee products for sale, or provide bee pollination services. A "farmer" does not include a person growing, raising, or producing agricultural products for the person's own consumption; a person selling any animal or substance obtained therefrom in connection with the person's business of operating a stockyard, slaughterhouse, or packing house; or a person in respect to the business of taking, cultivating, or raising timber. RCW 82.04.213.

(3) **What is an agricultural product?** An "agricultural product" is any product of plant cultivation or animal husbandry including, but not limited to: A product of horticulture, grain cultivation, vermiculture, viticulture, or aquaculture as defined in RCW 15.85.020; plantation Christmas trees; short-rotation hardwoods as defined in RCW 84.33.035; turf; or any animal, including, but not limited to, an animal that is a private sector cultured aquatic product as defined in RCW 15.85.020, a bird, an insect, or the substances obtained from such animals. Effective July 1, 2015, "agricultural product" includes honey bee products. An "agricultural product" does not include animals defined under RCW 16.70.020 as "pet animals." Effective June 12, 2014, RCW 82.04.213 excludes ((marijuana)) cannabis from the definition of "agricultural product." ((Marijuana)) Cannabis is any product with a THC concentration greater than ((.03)) .3 percent. RCW 82.04.213.

(4) **Who is an eligible apiarist?** An "eligible apiarist" is a person who owns or keeps one or more bee colonies and who grows, raises, or produces honey bee products for sale at wholesale and is registered under RCW 15.60.021.

(5) **What are honey bee products?** "Honey bee products" are queen honey bees, packaged honey bees, honey, pollen, bees wax, propolis, or other substances obtained from honey bees. "Honey bee products" do not include manufactured substances or articles.

(6) **What is ((marijuana)) cannabis?** ((Marijuana)) Cannabis is any product with a THC concentration greater than ((.03)) .3 percent. For additional information on ((marijuana)) cannabis see RCW 69.50.101.

(7) **Sales to farmers.** Persons making sales of tangible personal property to farmers are generally subject to wholesaling or retailing B&O tax, as the case may be, on the gross proceeds of sales. Sales of some services performed for farmers, such as installing or repairing tangible personal property, are retail sales and subject to retailing B&O tax on the gross proceeds of such sales. Persons making retail sales must collect retail sales tax from the buyer, unless the sale is specifically exempt by law. Refer to subsection (9) of this rule for information about specific sales tax exemptions available for sales to farmers.

(a) **Documenting wholesale sales.** A seller must take and retain from the buyer a copy of the buyer's reseller permit, or a completed "Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions" to document the wholesale nature of any transaction.

(b) **Buyer's responsibility when the seller does not collect retail sales tax on a retail sale.** If the seller does not collect retail sales tax on a retail sale, the buyer must pay the retail sales tax (commonly referred to as "deferred sales tax") or use tax directly to the department, unless the sale is specifically exempt by law. The excise tax return does not have a separate line for reporting deferred sales tax. Consequently, deferred sales tax liability should be reported on the use tax line of the buyer's excise tax return. If a defer-

red sales tax or use tax liability is incurred by a farmer who is not required to obtain a tax registration endorsement from the department, the farmer must report the tax on a "Consumer Use Tax Return" and remit the appropriate tax to the department. For detailed information regarding use tax see WAC 458-20-178.

The Consumer Use Tax Return may be obtained by calling the department's telephone information center at 1-800-647-7706. The return may also be obtained from the department's website at dor.wa.gov.

(c) **Feed, seed, seedlings, fertilizer, spray materials, and agents for enhanced pollination.** Sales to farmers of feed, seed, seedlings, fertilizer, spray materials, and agents for enhanced pollination, including insects such as bees, to be used for the purpose of producing an agricultural product, whether for wholesale or retail sale, are wholesale sales.

However, when these items are sold to consumers for purposes other than producing agricultural products for sale, the sales are retail sales. For example, sales of feed to riding clubs, racetrack operators, boarders, or similar persons who do not resell the feed at a specific charge are retail sales. Sales of feed for feeding pets or work animals, or for raising animals for the purpose of producing agricultural products for personal consumption are also retail sales. Sales of seed, fertilizer, and spray materials for use on lawns and gardens, or for any other personal use, are likewise retail sales.

(i) **What is feed?** "Feed" is any substance used as food to sustain or improve animals, birds, fish, bees, or other insects, including whole and processed grains or mixtures thereof, hay and forages or meals made therefrom, mill feeds and feeding concentrates, stock salt, hay salt, sugar, pollen patties, bone meal, fish meal, cod liver oil, double purpose limestone grit, oyster shell, and other similar substances. Food additives that are given for their beneficial growth or weight effects are "feed."

Hormones or similar products that do not make a direct nutritional or energy contribution to the body are not "feed," nor are products used as medicines.

(ii) **What is seed?** "Seed" is the propagative portions of plants commonly used for seeding or planting whether true seed, bulbs, plants, seed-like fruits, seedlings, or tubers. For purposes of this rule, "seed" does not include seeds or propagative portions of plants used to grow ((marijuana)) cannabis.

(iii) **What is fertilizer?** "Fertilizer" is any substance containing one or more recognized plant nutrients and is used for its plant nutrient content and/or is designated for use in promoting plant growth. "Fertilizer" includes limes, gypsum, and manipulated animal and vegetable manures. There is no requirement that fertilizers be applied directly to the soil.

(iv) **What are spray materials?** "Spray materials" are any substance or mixture of substances in liquid, powder, granular, dry flowable, or gaseous form, which is intended to prevent, destroy, control, repel, or mitigate any insect, rodent, nematode, mite, mollusk, fungus, weed, and any other form of plant or animal life normally considered to be a pest. The term includes treated materials, such as grains, that are intended to destroy, control, or repel such pests. "Spray materials" also include substances that act as plant regulators, defoliants, desiccants, or spray adjuvants.

(v) **Examples.**

(A) **Example 1.** Sue grows vegetables for retail sale at a local market. Sue purchases fertilizers and spray materials that she applies

to the vegetable plants. She also purchases feed for poultry that she raises to produce eggs for her personal consumption. Because the vegetables are an agricultural product produced for sale, retail sales tax does not apply to Sue's purchases of fertilizers and spray materials, provided she gives the seller a copy of her reseller permit, or a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions. Retail sales tax applies to her purchases of poultry feed, as the poultry is raised to produce eggs for Sue's personal consumption.

(B) **Example 2.** WG Vineyards (WG) grows grapes that it uses to manufacture wine for sale. WG purchases pesticides and fertilizers that are applied to its vineyards. WG may purchase these pesticides and fertilizers at wholesale, provided WG gives the seller a copy of their reseller permit, or a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions.

(C) **Example 3.** Seed Co. contracts with farmers to raise seed. Seed Co. provides the seed and agrees to purchase the crop if it meets specified standards. The contracts provide that ownership of the crop is retained by Seed Co., and the risk of crop loss is borne by the farmers. The farmers must pay for the seed whether or not the crop meets the specified standard. The transfer of the possession of the seed to each farmer is a wholesale sale, provided Seed Co. obtains a copy of their reseller permit, or a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions from that farmer.

(d) **Chemical sprays or washes.** Sales of chemical sprays or washes, whether to farmers or other persons, for the purpose of post-harvest treatment of fruit for the prevention of scald, fungus, mold, or decay are wholesale sales.

(e) **Farming equipment.** Sales to farmers of farming equipment such as machinery, machinery parts and repair, tools, and cleaning materials are retail sales and subject to retailing B&O and retail sales taxes, unless specifically exempt by law. Refer to subsections (7)(i) and (9) of this rule for information about sales tax exemptions available to farmers.

(f) **Packing materials and containers.** Sales of packing materials and containers, or tangible personal property that will become part of a container, to a farmer who will sell the property to be contained therein are wholesale sales, provided the packing materials and containers are not put to intervening use by the farmer. Thus, sales to farmers of binder twine for binding bales of hay that will be sold or wrappers for fruit and vegetables to be sold are subject to wholesaling B&O tax. However, sales of packing materials and containers to a farmer who will use the items as a consumer are retail sales and subject to retailing B&O and retail sales taxes. Thus, sales of binder twine to a farmer for binding bales of hay that will be used to feed the farmer's livestock are retail sales.

(g) **Purchases for dual purposes.** A buyer normally engaged in both consuming and reselling certain types of tangible personal property who is unable to determine at the time of purchase whether the particular property purchased will be consumed or resold must purchase according to the general nature of his or her business. RCW 82.08.130. If the buyer principally consumes the articles in question, the buyer should not give a copy of its reseller permit for any part of the purchase. If the buyer principally resells the articles, the buyer may provide a copy of its reseller permit for the entire purchase. For the purposes of this subsection, the term "principally" means greater than ((fifty)) 50 percent.

If a buyer makes a purchase for dual purposes and does not give a copy of their reseller permit for any of the purchase and thereafter resells some of the articles purchased, the buyer may claim a "taxable amount for tax paid at source" deduction. For additional information regarding purchases for dual purposes and the "taxable amount for tax paid at source" deduction see WAC 458-20-102.

(i) **Potential deferred sales tax liability.** If the buyer gives a copy of its reseller permit for all purchases and thereafter consumes some of the articles purchased, the buyer is liable for deferred sales tax and must remit the tax directly to the department. Refer to (b) of this subsection, WAC 458-20-102 and 458-20-178 for more information regarding deferred sales tax and use tax.

(ii) **Example 4.** A farmer purchases binder twine for binding bales of hay. Some of the hay will be sold and some will be used to feed the farmer's livestock. More than (~~fifty~~) 50 percent of the binder twine is used for binding bales of hay that will be sold. Because the farmer principally uses the binder twine for binding bales of hay that will be sold, the farmer may provide a copy of their reseller permit, or a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions to the seller for the entire purchase. The farmer is liable for deferred sales tax on the binder twine used for binding bales of hay that are used to feed the farmer's livestock and must remit the tax directly to the department.

(h) **"Fruit bin rentals" by fruit packers.** Fruit packers often itemize their charges to farmers for various services related to the packing and storage of fruit. An example is a charge for the bins that the packer uses in the receiving, sorting, inspecting, and storing of fruit (commonly referred to as "bin rentals"). The packer delivers the bins to the grower, who fills them with fruit for eventual storage in the packer's warehouse. Charges by fruit packers to farmers for such bin rentals do not constitute the rental of tangible personal property to the farmer where the bins are under the control of the packer for use in the receiving, sorting, inspecting, and storing of fruit. These charges are income to the packer related to the receipt or storage of fruit. The packer, as the consumer of the bins, is subject to retail sales or use tax on the purchase or use of the bins. For information regarding the taxability of fruit packing by cooperative marketing associations and independent dealers acting as agents for others in the sales of fruit and produce see WAC 458-20-214.

(i) **Machinery and equipment used directly in a manufacturing operation.** Machinery and equipment used directly in a manufacturing operation by a manufacturer or processor for hire is exempt from sales and use taxes provided that all requirements for the exemptions are met. RCW 82.08.02565 and 82.12.02565. These exemptions are commonly referred to as the M&E exemption. Farmers who use agricultural products that they have grown, raised, or produced as ingredients in a manufacturing process may be entitled to the M&E exemption on the acquisition of machinery and equipment used directly in their manufacturing operation. For more information on the M&E exemption see WAC 458-20-13601.

(8) **Sales by farmers.** Farmers are not subject to B&O tax on wholesale sales of agricultural products. Effective July 1, 2015, bee pollination services provided to farmers by eligible apiarists also qualify for the exemption provided by RCW 82.04.330. Farmers who manufacture products using agricultural products that they have grown, raised, or produced should refer to (b) of this subsection for tax-reporting information.

Farmers are subject to retailing B&O tax on retail sales of agricultural products and retailing or wholesaling B&O tax on sales of nonagricultural products, as the case may be, unless specifically exempt by law. Also, B&O tax applies to sales of agricultural products that the seller has not grown, raised, or produced on the seller's own land or on land in which the seller has a present right of possession, whether these products are sold at wholesale or retail. Likewise, B&O tax applies to sales of animals or substances derived from animals in connection with the business of operating a stockyard, slaughterhouse, or packing house. Farmers may be eligible to claim a small business B&O tax credit if the amount of B&O tax liability in a reporting period is under a certain amount. For more information about the small business B&O tax credit see WAC 458-20-104.

(a) **Litter tax.** The gross proceeds of sales of certain products, including food for human or pet consumption, are subject to litter tax. RCW 82.19.020. Litter tax does not apply to sales of agricultural products that are exempt from B&O tax under RCW 82.04.330. RCW 82.19.050. Thus, farmers are not subject to litter tax on wholesale sales of agricultural products but are liable for litter tax on the gross proceeds of retail sales of agricultural products that constitute food for human or pet consumption. In addition, farmers that manufacture products for use and consumption within this state (e.g., a farmer who produces wine from grapes that the farmer has grown) may be liable for litter tax measured by the value of the products manufactured. For more information about the litter tax see chapter 82.19 RCW and WAC 458-20-243.

Example 5. RD Orchards (RD) grows apples at its orchards. Most apples are sold at wholesale, but RD operates a seasonal roadside fruit stand from which it sells apples at retail. The wholesale sales of apples are exempt from both B&O and litter taxes. The retail sales of apples are subject to retailing B&O and litter taxes but are exempt from sales tax because the apples are sold as a food product for human consumption. Refer to subsection (9)(d) of this rule for more information about the retail sales tax exemption applicable to sales of food products for human consumption.

(b) **Farmers using agricultural products in a manufacturing process.** The B&O tax exemption provided by RCW 82.04.330 does not apply to any person selling manufactured substances or articles. Thus, farmers who manufacture products using agricultural products that they have grown, raised, or produced are subject to manufacturing B&O tax on the value of products manufactured. Farmers who sell their manufactured products at retail or wholesale in the state of Washington are also generally subject to the retailing or wholesaling B&O tax, as the case may be. In such cases, a multiple activities tax credit (MATC) may be available. Refer to WAC 458-20-136 (Manufacturing, processing for hire, fabricating) and WAC 458-20-19301 (Multiple activities tax credits), respectively, for more information about the manufacturing B&O tax and the MATC.

(i) **Manufacturing fresh fruits and vegetables.** RCW 82.04.4266 provides a B&O tax exemption to persons manufacturing fresh fruits or vegetables by canning, preserving, freezing, processing, or dehydrating fresh fruits or vegetables. For purposes of this rule, "fruits" and "vegetables" does not include ((marijuana)) cannabis.

Wholesale sales of fresh fruits or vegetables canned, preserved, frozen, processed, or dehydrated by the seller and sold to purchasers who transport the goods out of this state in the ordinary course of business are also eligible for this exemption. A seller must keep and

preserve records for the period required by RCW 82.32.070 establishing that the purchaser transported the goods out of Washington state.

(A) A person claiming the exemption must file a complete annual tax performance report with the department under RCW 82.32.534. In addition, persons claiming this tax preference must report the amount of the exemption on their monthly or quarterly excise tax return. For more information on reporting requirements for this tax preference see RCW 82.32.808.

(B) RCW 82.04.4266 is scheduled to expire July 1, 2025, at which time the preferential B&O tax rate under RCW 82.04.260 will apply.

(ii) **Manufacturing dairy products.** RCW 82.04.4268 provides a B&O tax exemption to persons manufacturing dairy products, not including any ((marijuana-infused)) cannabis-infused product, that as of September 20, 2001, are identified in 21 C.F.R., chapter 1, parts 131, 133, and 135. These products include milk, buttermilk, cream, yogurt, cheese, and ice cream, and also include by-products from the manufacturing of dairy products such as whey and casein.

The exemption also applies to persons selling manufactured dairy products to purchasers who transport the goods out of Washington state in the ordinary course of business. Unlike the exemption for certain wholesale sales of fresh fruits or vegetables (see (b)(i) of this subsection), the exemption for sales of qualifying dairy products does not require that the sales be made at wholesale.

A seller must keep and preserve records for the period required by RCW 82.32.070 establishing that the purchaser transported the goods out of Washington state or the goods were sold to a manufacturer for use as an ingredient or component in the manufacturing of a dairy product.

(A) A person claiming the exemption must file a complete annual tax performance report with the department under RCW 82.32.534. In addition, persons claiming this tax preference must report the amount of the exemption on their monthly or quarterly excise tax return. For more information on reporting requirements for this tax preference see RCW 82.32.808.

(B) RCW 82.04.4268 is scheduled to expire July 1, 2025, at which time the preferential B&O tax rate under RCW 82.04.260 will apply.

(C) Effective October 1, 2013, the exemption provided by RCW 82.04.4268 expanded to include wholesale sales by a dairy product manufacturer to a purchaser who uses the dairy products as an ingredient or component in the manufacturing in Washington of another dairy product. The definition of dairy products was expanded to include products comprised of not less than ((seventy)) 70 percent dairy products measured by weight or volume.

(c) **Raising cattle for wholesale sale.** RCW 82.04.330 provides a B&O tax exemption to persons who raise cattle for wholesale sale provided that the cattle are held for at least ((sixty)) 60 days prior to the sale. Persons who hold cattle for fewer than ((sixty)) 60 days before reselling the cattle are not considered to be engaging in the normal activities of growing, raising, or producing livestock for sale.

Example 6. A feedlot operation purchases cattle and feeds them until they attain a good market condition. The cattle are then sold at wholesale. The feedlot operator is exempt from B&O tax on wholesale sales of cattle if it held the cattle for at least ((sixty)) 60 days while they were prepared for market. However, the feedlot operator is subject to wholesaling B&O tax on wholesale sales of cattle held for fewer than ((sixty)) 60 days prior to the sale.

(d) **B&O tax exemptions available to farmers.** In addition to the exemption for wholesale sales of agricultural products, several other B&O tax exemptions available to farmers are discussed in this subsection.

(i) **Growing, raising, or producing agricultural products owned by other persons.** RCW 82.04.330 exempts amounts received by a farmer for growing, raising, or producing agricultural products owned by others, such as custom feed operations.

Example 7. A farmer is engaged in the business of raising cattle owned by others (commonly referred to as "custom feeding"). After the cattle attain a good market condition, the owner sells them. Amounts received by the farmer for custom feeding are exempt from B&O tax under RCW 82.04.330, provided that the farmer held the cattle for at least (~~sixty~~) 60 days. Farmers are not considered to be engaging in the activity of raising cattle for sale unless the cattle are held for at least (~~sixty~~) 60 days while the cattle are prepared for market. (See (c) of this subsection.)

(ii) **Processed hops shipped outside Washington for first use.** RCW 82.04.337 exempts amounts received by hop growers or dealers for hops shipped outside the state of Washington for first use, if those hops have been processed into extract, pellets, or powder in this state. However, the processor or warehouse of such products is not exempt on amounts charged for processing or warehousing such products.

(iii) **Sales of hatching eggs or poultry.** RCW 82.04.410 exempts amounts received for the sale of hatching eggs or poultry by farmers producing hatching eggs or poultry, when these agricultural products are for use in the production for sale of poultry or poultry products.

(9) **Retail sales tax and use tax exemptions.** This subsection provides information about a number of retail sales tax and corresponding use tax exemptions available to farmers and persons buying tangible personal property at retail from farmers. Some exemptions require the buyer to provide the seller with an exemption certificate. Refer to subsection (10) of this rule for additional information regarding exemption certificates.

(a) **Pollen.** RCW 82.08.0277 and 82.12.0273 exempt the sale and use of pollen from retail sales and use taxes.

(b) **Semen.** RCW 82.08.0272 and 82.12.0267 exempt the sale and use of semen used in the artificial insemination of livestock from retail sales and use taxes.

(c) **Feed for livestock at public livestock markets.** RCW 82.08.0296 and 82.12.0296 exempt the sale and use of feed to be consumed by livestock at a public livestock market from retail sales and use taxes.

(d) **Food products.** RCW 82.08.0293 and 82.12.0293 exempt the sale and use of food products for human consumption from retail sales and use taxes. These exemptions also apply to the sale or use of livestock for personal consumption as food. For more information about food products that qualify for this exemption see WAC 458-20-244.

(e) **Auction sales of farm property.** RCW 82.08.0257 and 82.12.0258 exempt from retail sales and use taxes tangible personal property, including household goods, which has been used in conducting a farm activity, if the property is purchased from a farmer, as defined in RCW 82.04.213, at an auction sale held or conducted by an auctioneer on a farm. Effective June 12, 2014, these exemptions do not apply to personal property used by a person in the production of (~~marijuana~~) cannabis.

(f) **Poultry.** RCW 82.08.0267 and 82.12.0262 exempt from retail sales and use taxes the sale and use of poultry used in the production for sale of poultry or poultry products.

Example 8. A poultry hatchery produces poultry from eggs. The resulting poultry are sold to egg producers. These sales are exempt from retail sales tax under RCW 82.08.0267. (They are also exempt from B&O tax. See subsection (8)(d)(iii) of this rule.)

(g) **Leases of irrigation equipment.** RCW 82.08.0288 and 82.12.0283 exempt the lease or use of irrigation equipment from retail sales and use taxes, but only if:

(i) The lessor purchased the irrigation equipment for the purpose of irrigating land controlled by the lessor;

(ii) The lessor has paid retail sales or use tax upon the irrigation equipment;

(iii) The irrigation equipment is attached to the land in whole or in part;

(iv) Effective June 12, 2014, the irrigation equipment is not used in the production of (~~marijuana~~) cannabis; and

(v) The irrigation equipment is leased to the lessee as an incidental part of the lease of the underlying land and is used solely on such land.

(h) **Beef and dairy cattle.** RCW 82.08.0259 and 82.12.0261 exempt the sale and use of beef and dairy cattle, to be used by a farmer in producing an agricultural product, from retail sales and use taxes.

Example 9. John operates a farm where he raises beef and dairy cattle for sale. He also raises other livestock for sale including hogs, sheep, and goats. John's sales of beef and dairy cattle for use on a farm are exempt from retail sales tax. However, John must collect retail sales tax on all retail sales of sheep, goats, and hogs unless the sales qualify for either the food products exemption described in (d) of this subsection, or the exemption for sales of livestock for breeding purposes described in this subsection (9)(i) of this rule.

(i) **Livestock for breeding purposes.** RCW 82.08.0259 and 82.12.0261 exempt the sale or use of livestock, as defined in RCW 16.36.005, for breeding purposes where the animals are registered in a nationally recognized breed association from retail sales and use taxes.

Example 10. ABC Farms raises and sells quarter horses registered in the American Quarter Horse Association (AQHA). Quarter horses are generally recognized as a definite breed of horse, and the AQHA is a nationally recognized breed association. Therefore, ABC Farms is not required to collect sales tax on retail sales of quarter horses for breeding purposes, provided it receives and retains a completed exemption certificate from the buyer.

(j) **Bedding materials for chickens.** RCW 82.08.920 and 82.12.920 exempt from retail sales and use taxes the sale to and use of bedding materials by farmers to accumulate and facilitate the removal of chicken manure, provided the farmer is raising chickens that are sold as agricultural products.

(i) **What are bedding materials?** "Bedding materials" are wood shavings, straw, sawdust, shredded paper, and other similar materials.

(ii) **Example 11.** Farmer raises chickens for use in producing eggs for sale. When the chickens are no longer useful for producing eggs, Farmer sells them to food processors for soup and stew meat. Farmer purchases bedding materials used to accumulate and facilitate the removal of chicken manure. The purchases of bedding materials by Farmer are exempt from retail sales tax as long as Farmer provides the seller

with a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions. See subsection (10) of this rule for where to find an exemption certificate. The seller must retain a copy of the exemption certificate for its records.

The exemption merely requires that the chickens be sold as agricultural products. It is immaterial that Farmer primarily raises the chickens to produce eggs.

(k) **Propane or natural gas used to heat structures housing chickens.** RCW 82.08.910 and 82.12.910 exempt from retail sales and use taxes the sale to and use of propane or natural gas by farmers to heat structures used to house chickens. The propane or natural gas must be used exclusively to heat the structures, and the structures must be used exclusively to house chickens that are sold as agricultural products.

(i) **What are "structures"?** "Structures" are barns, sheds, and other similar buildings in which chickens are housed.

(ii) **Example 12.** Farmer purchases natural gas that is used to heat structures housing chickens. The natural gas is used exclusively to heat the structures, and the structures are used exclusively to house chickens. The chickens are used to produce eggs. When the chickens are no longer useful for producing eggs, Farmer sells the chickens to food processors for soup and stew meat. The purchase of natural gas by Farmer is exempt from retail sales tax as long as Farmer provides the seller with a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions. See subsection (10) of this rule for where to find an exemption certificate. The seller must retain a copy of the exemption certificate for its records.

The exemption merely requires that the chickens be sold as agricultural products. It is immaterial that Farmer primarily houses these chickens to produce eggs.

(iii) **Example 13.** Farmer purchases natural gas that is used to heat structures used in the incubation of chicken eggs and structures used for washing, packing, and storing eggs. The natural gas used to heat these structures is not exempt from retail sales tax because the structures are not used exclusively to house chickens that are sold as agricultural products.

(l) **Farm fuel used for agricultural purposes.**

(i) **Diesel, biodiesel and aircraft fuels.** RCW 82.08.865 and 82.12.865 exempt from retail sales and use taxes the sale and use of diesel fuel, biodiesel fuel, and aircraft fuel, to farm fuel users for agricultural purposes. The exemptions apply to a fuel blend if all of the component fuels of the blend would otherwise be exempt if the component fuels were sold as separate products. The buyer must provide the seller with a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions. See subsection (10) of this rule for where to find an exemption certificate. The seller must retain a copy of the exemption certificate for its records.

(A) The exemptions apply to nonhighway uses for production of agricultural products and for providing horticultural services to farmers. Horticultural services include:

- (I) Soil preparation services;
- (II) Crop cultivation services;
- (III) Crop harvesting services.

(B) The exemptions do not apply to uses other than for agricultural purposes. Agricultural purposes do not include:

(I) Heating space for human habitation or water for human consumption; or

(II) Transporting on public roads individuals, agricultural products, farm machinery or equipment, or other tangible personal property, except when the transportation is incidental to transportation on private property and the fuel used for such transportation is not subject to tax under chapter 82.38 RCW.

(ii) **Propane and natural gas used in distilling mint on a farm.**

Effective October 1, 2013, RCW 82.08.220 and 82.12.220 exempt from retail sales and use taxes sales to and use by farmers of propane or natural gas used exclusively to distill mint on a farm. The buyer must provide the seller with a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions. The seller must retain a copy of the exemption certificate for its records. See subsection (10) of this rule for where to find an exemption certificate. The seller must also report amounts claimed for exemption when electronically filing excise tax returns. This exemption is scheduled to expire July 1, 2017.

(m) **Nutrient management equipment and facilities.** RCW 82.08.890 and 82.12.890 provide retail sales and use tax exemptions for the sale to or use by eligible persons of:

(i) Qualifying livestock nutrient management equipment;

(ii) Labor and services rendered in respect to installing, repairing, cleaning, altering, or improving qualifying livestock nutrient management equipment; and

(iii) Labor and services rendered in respect to repairing, cleaning, altering, or improving qualifying livestock nutrient management facilities, or to tangible personal property that becomes an ingredient or component of qualifying livestock nutrient management facilities in the course of repairing, cleaning, altering, or improving such facilities.

(iv) Nonqualifying labor and services. This subsection

(9) (m) (iii) of this rule does not include the sale of or charge made for labor and services rendered in respect to the constructing of new, or replacing previously existing, qualifying livestock nutrient management facilities, or tangible personal property that becomes an ingredient or component of qualifying livestock nutrient management facilities during the course of constructing new, or replacing previously existing qualifying livestock nutrient management facilities.

(v) Nutrient management plan must be certified or approved. The exemptions provided by RCW 82.08.890 and 82.12.890 apply to sales made after the livestock nutrient management plan is:

(A) Certified under chapter 90.64 RCW;

(B) Approved as part of the permit issued under chapter 90.48 RCW; or

(C) Approved by a conservation district and who qualifies for the exemption provided under RCW 82.08.855. Effective June 12, 2014, the requirement for the department to issue exemption certificates was removed. A Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions should be completed and provided to the seller.

(vi) **Definitions. For the purpose of these exemptions, the following definitions apply:**

(A) **"Animal feeding operation"** means a lot or facility, other than an aquatic animal production facility, where the following conditions are met:

• Animals, other than aquatic animals, have been, are, or will be stabled or confined and fed or maintained for a total of (~~forty-five~~) 45 days or more in any (~~twelve-month~~) 12-month period; and

• Crops, vegetation, forage growth, or post-harvest residues are not sustained in the normal growing season over any portion of the lot or facility.

(B) **"Conservation district"** means a subdivision of state government organized under chapter 89.08 RCW.

(C) **"Eligible person"** means a person:

• Licensed to produce milk under chapter 15.36 RCW who has a certified dairy nutrient management plan, as required by chapter 90.64 RCW; or

• Who owns an animal feeding operation and has a permit issued under chapter 90.48 RCW; or

• Who owns an animal feeding operation and has a nutrient management plan approved by a conservation district as meeting natural resource conservation service field office technical guide standards and who qualifies for the exemption provided under RCW 82.08.855.

(D) **"Handling and treatment of livestock manure"** means the activities of collecting, storing, moving, or transporting livestock manure, separating livestock manure solids from liquids, or applying livestock manure to the agricultural lands of an eligible person other than through the use of pivot or linear type traveling irrigation systems.

(E) **"Permit"** means either a state waste discharge permit or a National Pollutant Discharge Elimination System permit, or both.

(F) **"Qualifying livestock nutrient management equipment"** means the tangible personal property listed below for exclusive use in the handling and treatment of livestock manure, including repair and replacement parts for the same equipment:

Aerators
 Agitators
 Augers
 Conveyers
 Gutter cleaners
 Hard-hose reel traveler irrigation systems
 Lagoon and pond liners and floating covers
 Loaders
 Manure composting devices
 Manure spreaders
 Manure tank wagons
 Manure vacuum tanks
 Poultry house cleaners
 Poultry house flame sterilizers
 Poultry house washers
 Poultry litter saver machines
 Pipes
 Pumps
 Scrapers
 Separators
 Slurry injectors and hoses
 Wheelbarrows, shovels, and pitchforks.

(G) **"Qualifying livestock nutrient management facilities"** means the exclusive use in the handling and treatment of livestock manure of the facilities listed below:

Flush systems
 Lagoons

Liquid livestock manure storage structures, such as concrete tanks or glass-lined steel tanks

Structures used solely for dry storage of manure, including roofed stacking facilities.

(n) **Anaerobic digesters (effective July 1, 2018).**

(i) RCW 82.08.900 and 82.12.900 provide retail sales and use tax exemptions for purchases and uses by eligible persons:

(A) In respect to equipment necessary to process biogas from a landfill into marketable coproducts including, but not limited to, biogas conditioning, compression, and electrical generation equipment, or to services rendered in respect to installing, constructing, repairing, cleaning, altering, or improving equipment necessary to process biogas from a landfill into marketable coproducts; and

(B) Establishing or operating anaerobic digesters or to services rendered in respect to installing, constructing, repairing, cleaning, altering, or improving an anaerobic digester. The exemptions include sales of tangible personal property that becomes an ingredient or component of the anaerobic digester. Anaerobic digester means a facility that processes organic material into biogas and digestate using microorganisms in a decomposition process within a closed, oxygen-free container as well as the equipment necessary to process biogas or digestate produced by an anaerobic digester into marketable coproducts including, but not limited to, biogas conditioning, compression, nutrient recovery, and electrical generation equipment.

(ii) **Exemption certificate.** Effective July 24, 2015, eligible persons no longer need to apply for an exemption certificate. An "eligible person" is any person establishing or operating an anaerobic digester or landfill or processing biogas from an anaerobic digester or landfill into marketable coproducts.

(iii) **Records retention.** Persons claiming the exemptions under RCW 82.08.900 and 82.12.900 must keep records necessary for the department to verify eligibility. Sellers may make tax exempt sales only if the buyer provides the seller with a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions, and the seller retains a copy of the certificate for its files. See subsection (10) of this rule for where to find an exemption certificate.

(o) **Anaerobic digesters (effective until July 1, 2018).** RCW 82.08.900 and 82.12.900 provide retail sales and use tax exemptions for purchases and uses by eligible persons establishing or operating anaerobic digesters or to services rendered in respect to installing, constructing, repairing, cleaning, altering, or improving an anaerobic digester. The exemptions include sales of tangible personal property that becomes an ingredient or component of the anaerobic digester. The anaerobic digester must be used primarily (more than (~~fifty~~) 50 percent measured by volume or weight) to treat livestock manure. Anaerobic digester is a facility that processes manure from livestock into biogas and dried manure using microorganisms in a decomposition process within a closed, oxygen-free container.

(i) **Exemption certificate.** Effective July 24, 2015, eligible persons no longer need to apply for an exemption certificate. An "eligible person" is any person establishing or operating an anaerobic digester to treat primarily livestock manure.

(ii) **Records retention.** Persons claiming the exemptions under RCW 82.08.900 and 82.12.900 must keep records necessary for the department to verify eligibility. Sellers may make tax exempt sales only if the buyer provides the seller with a completed Farmers' Certificate for

Wholesale Purchases and Sales Tax Exemptions, and the seller retains a copy of the certificate for its files. See subsection (10) of this rule for where to find an exemption certificate.

(p) **Animal pharmaceuticals.** RCW 82.08.880 and 82.12.880 exempt from retail sales and use taxes the sale of and use of certain animal pharmaceuticals when sold to, or used by, farmers or veterinarians. To qualify for the exemption, the animal pharmaceutical must be administered to an animal raised by a farmer for the purpose of producing an agricultural product for sale. In addition, the animal pharmaceutical must be approved by the United States Department of Agriculture (USDA) or the United States Food and Drug Administration (FDA).

(i) **Who is a veterinarian?** A "veterinarian" means a person who is licensed to practice veterinary medicine, surgery, or dentistry under chapter 18.92 RCW.

(ii) **How can I determine whether the FDA or USDA has approved an animal pharmaceutical?** The FDA and USDA have an established approval process set forth in federal regulations. The FDA maintains a list of all approved animal pharmaceuticals called the "*Green Book*." The USDA maintains a list of approved biotechnology products called the "*Veterinary Biologics Product Catalogue*." Pharmaceuticals that are not on either of these lists have not been approved and are not eligible for the exemption.

(iii) **Example 17.** Dairy Farmer purchases sterilizing agents. The sterilizing agents are applied to the equipment and facilities where Dairy Farmer's cows are milked. Dairy Farmer also purchases teat dips, antiseptic udder washes, and salves that are not listed in either the FDA's *Green Book* of approved animal pharmaceuticals or the USDA's *Veterinary Biologics Product Catalogue* of approved biotechnology products. The purchases of sterilizing agents are not exempt as animal pharmaceuticals because the sterilizing agents are not administered to animals. The teat dips, antiseptic udder washes, and salves are likewise not exempt because they have not been approved by the FDA or USDA.

(iv) **What type of animal must the pharmaceutical be administered to?** As explained above, the exemptions are limited to the sale and use of animal pharmaceuticals administered to an animal that is raised by a farmer for the purpose of producing an agricultural product for sale. The conditions under which a farmer may purchase and use tax-exempt animal pharmaceuticals are similar to those under which a farmer may purchase and use feed at wholesale. Both types of purchases and uses require that the particular product be sold to or used by a farmer (or a veterinarian in the case of animal pharmaceuticals), and that the product be given or administered to an animal raised by a farmer for the purpose of producing an agricultural product for sale.

(v) **Examples of animals raised for the purpose of producing agricultural products for sale.** For purposes of the exemptions, the following is a nonexclusive list of examples of animals that are being raised for the purpose of producing an agricultural product for sale, presuming all other requirements for the exemption are met:

(A) Horses, cattle, or other livestock raised by a farmer for sale;

(B) Cattle raised by a farmer for the purpose of slaughtering, if the resulting products are sold;

(C) Milk cows raised and/or used by a dairy farmer for the purpose of producing milk for sale;

(D) Horses raised by a farmer for the purpose of producing foals for sale;

(E) Sheep raised by a farmer for the purpose of producing wool for sale; and

(F) "Private sector cultured aquatic products" as defined by RCW 15.85.020 (e.g., salmon, catfish, and mussels) raised by an aquatic farmer for the purpose of sale.

(vi) **Examples of animals that are not raised for the purpose of producing agricultural products for sale.** For purposes of the exemptions, the following nonexclusive list of examples do not qualify because the animals are not being raised for the purpose of producing an agricultural product for sale:

(A) Cattle raised for the purpose of slaughtering if the resulting products are not produced for sale;

(B) Sheep and other livestock raised as pets;

(C) Dogs or cats, whether raised as pets or for sale. Dogs and cats are pet animals; therefore, they are not considered to be agricultural products. (See subsection (3) of this rule); and

(D) Horses raised for the purpose of racing, showing, riding, and jumping. However, if at some future time the horses are no longer raised for racing, showing, riding, or jumping and are instead being raised by a farmer for the purpose of producing foals for sale, the exemption will apply if all other requirements for the exemption are met.

(vii) **Do products that are used to administer animal pharmaceuticals qualify for the exemption?** Sales and uses of products that are used to administer animal pharmaceuticals (e.g., syringes) do not qualify for the exemptions, even if they are later used to administer a tax-exempt animal pharmaceutical. However, sales and uses of tax-exempt animal pharmaceuticals contained in a product used to administer the animal pharmaceutical (e.g., a dose of a tax-exempt pharmaceutical contained in a syringe or cotton applicator) qualify for the exemption.

(q) **Replacement parts for qualifying farm machinery and equipment.** RCW 82.08.855 and 82.12.855 exempt from retail sales and use taxes sales to and uses by eligible farmers of replacement parts for qualifying farm machinery and equipment. Also included are: Labor and services rendered during the installation of repair parts; and labor and services rendered during repair as long as no tangible personal property is installed, incorporated, or placed in, or becomes an ingredient or component of the qualifying equipment other than replacement parts.

(i) **The following definitions apply to this subsection:**

(A) "Eligible farmer" as defined in RCW 82.08.855(4).

(B) "Qualifying farm machinery and equipment" means machinery and equipment used primarily by an eligible farmer for growing, raising, or producing agricultural products, and effective July 1, 2015, providing bee pollination services, or both.

(C) "Qualifying farm machinery and equipment" does not include:

- Vehicles as defined in RCW 46.04.670, other than farm tractors as defined in RCW 46.04.180, farm vehicles and other farm implements. "Farm implements" means machinery or equipment manufactured, designed, or reconstructed for agricultural purposes and used primarily by an eligible farmer to grow, raise, or produce agricultural products, but does not include lawn tractors and all-terrain vehicles;

- Aircraft;

- Hand tools and hand-powered tools; and

- Property with a useful life of less than one year.

(D) "Replacement parts" means those parts that replace an existing part, or which are essential to maintain the working condition, of a piece of qualifying farm machinery or equipment. Paint, fuel, oil, hydraulic fluids, antifreeze, and similar items are not replacement parts except when installed, incorporated, or placed in qualifying farm machinery and equipment during the course of installing replacement parts as defined here or making repairs as described above in (p) of this subsection.

(ii) **Exemption certificate.** Prior to June 12, 2014, the department was required to provide an exemption certificate to an eligible farmer or renew an exemption certificate when the eligible farmer applied for a renewal.

(A) Persons claiming the exemptions must keep records necessary for the department to verify eligibility. Sellers making tax-exempt sales must obtain, and retain in its files, a completed Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions from the farmer. In lieu of the exemption certificate, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement.

(B) The exemptions provided by RCW 82.08.890 and 82.12.890 do not apply to sales made from July 1, 2010, through June 30, 2013.

(10) **Sales tax exemption certificates.** As indicated in subsection (9) of this rule, certain sales of tangible personal property and retail services either to or by farmers are exempt from retail sales tax. A person claiming an exemption must keep records necessary for the department to verify eligibility for each claimed exemption. Effective June 12, 2014, the requirement for the department to issue certificates to qualified farmers was removed. Instead, farmers may complete and use the department's Farmers' Certificate for Wholesale Purchases and Sales Tax Exemptions. Refer to the department's website at dor.wa.gov for the exemption certificate. In lieu of an exemption certificate, a seller may capture the relevant data elements as provided under the streamlined sales and use tax agreement as allowed under RCW 82.08.050. Sellers must retain a copy of the exemption certificate or the data elements in their files. Without proper documentation, sellers are liable for payment of the retail sales tax on sales claimed as exempt.

OTS-4108.1

AMENDATORY SECTION (Amending WSR 22-14-014, filed 6/23/22, effective 7/24/22)

WAC 458-20-244 Food and food ingredients. (1) Introduction.

This rule provides guidelines for determining if food or food ingredients qualify for the retail sales tax and use tax exemptions under RCW 82.08.0293 and 82.12.0293 (collectively referred to in this rule as the "exemptions").

There is no corresponding business and occupation (B&O) tax exemption. Even if a sale of food or food ingredients is exempt from retail sales tax or use tax under the exemptions, gross proceeds from sales of food or food ingredients remain subject to the retailing B&O tax.

(2) **Other rules that may apply.** Rules in the following list may contain additional relevant information:

(a) WAC 458-20-119 Sales by caterers and food service contractors;

(b) WAC 458-20-124 Restaurants, cocktail bars, taverns and similar businesses;

(c) WAC 458-20-166 Hotels, motels, boarding houses, rooming houses, resorts, hostels, trailer camps, short-term rentals and similar lodging businesses;

(d) WAC 458-20-167 Educational institutions, school districts, student organizations, and private schools;

(e) WAC 458-20-168 Hospitals, nursing homes, assisted living facilities, adult family homes and similar health care facilities;

(f) WAC 458-20-169 Nonprofit organizations;

(g) WAC 458-20-229 Refunds; and

(h) WAC 458-20-243 Litter tax.

(3) **Items qualifying for the exemptions.**

(a) **In general.** The exemptions apply to food and food ingredients. "Food and food ingredients" means substances, whether in liquid, concentrated, solid, frozen, dried, or dehydrated form, that are sold for ingestion or chewing by humans and are consumed for their taste or nutritional value.

(b) **Items not used solely for ingestion or chewing.** Items that are commonly ingested or chewed by humans for their taste or nutritional value but which may also be used for other purposes are generally treated as food or food ingredients. For example, pumpkins are presumed to be a food or food ingredient unless the pumpkin is sold painted or is otherwise clearly for decorative purposes rather than consumption. This is true even though the purchaser may use an undecorated pumpkin for carving and display rather than for eating.

(4) **Items not qualifying for the exemptions.** The exemptions do not apply to the following items, which are not considered "food or food ingredients" or which are otherwise specifically excluded from the exemptions:

(a) **Items sold for medical or hygiene purposes.** Items commonly used for medical or hygiene purposes, such as cough drops, breath sprays, toothpaste, etc., are not ingested for taste or nutrition and are not considered a food or food ingredient. In contrast, breath mints are commonly ingested for taste and are considered a food or food ingredient.

(b) **Bulk sales of ice.** Ice sold in bags, containers, or units of greater than 10 pounds and blocks of ice of any weight are not considered a food or food ingredient. Ice sold in cubed, shaved, or crushed form in packages or quantities of 10 pounds or less is considered a food or food ingredient. Refer to WAC 458-20-120, Sales of ice, for additional guidance on the sale of ice.

(c) **Alcoholic beverages.** Alcoholic beverages are excluded from the definition of food and food ingredients. "Alcoholic beverages" means beverages that are suitable for human consumption and contain one-half of one percent or more of alcohol by volume.

(d) **Tobacco.** Tobacco is excluded from the definition of food and food ingredients. "Tobacco" includes cigarettes, cigars, chewing or pipe tobacco, or any other item that contains tobacco.

(e) (~~(**Marijuana.** Marijuana, useable marijuana, marijuana concentrates, or marijuana-infused~~) **Cannabis.** Cannabis, useable cannabis, cannabis concentrates, or cannabis-infused products, as defined in RCW 69.50.101, are excluded from the definition of food and food ingredients. "~~(**Marijuana**)~~ **Cannabis**" means all parts of the plant *Cannabis*, whether growing or not, with a THC concentration greater than 0.3 percent on a dry weight basis.

(f) **Bottled water.** Bottled water is excluded from the exemptions for food and food ingredients. "Bottled water" means water that is placed in a safety sealed container or package for human consumption.

(i) Bottled water is calorie free and does not contain sweeteners or other additives except that it may contain:

- (A) Antimicrobial agents;
- (B) Fluoride;
- (C) Carbonation;
- (D) Vitamins, minerals, and electrolytes;
- (E) Oxygen;
- (F) Preservatives; and

(G) Only those flavors, extracts, or essences derived from a spice or fruit.

(ii) **Exemptions for tax on bottled water.** There are limited retail sales tax exemptions on bottled water. Sellers must collect the retail sales tax on all sales of bottled water, unless the bottled water is delivered to the buyer as described in (f)(ii)(C) of this subsection. Any buyer that has paid at least \$25.00 in state and local taxes on purchases of bottled water subject to the exemptions described in (f)(ii)(A) and (B) of this subsection may apply for a refund of the taxes directly from the department.

(A) **Prescription issued bottled water.** Bottled water prescribed to patients for use in the cure, mitigation, treatment, or prevention of disease or other medical condition is exempt. RCW 82.08.9994. The bottled water must be prescribed, through an order, formula, or recipe issued in any form of oral, written, electronic, or other means of

transmission, by a licensed practitioner authorized by Washington law to prescribe.

(B) **Primary water source unsafe.** Bottled water for human use by persons whose primary source of drinking water is unsafe is exempt. RCW 82.08.99941. A person's primary source of drinking water is unsafe if:

(I) The public water system providing the drinking water has issued a public notification that the drinking water may pose a health risk, and the notification is still in effect on the date that the bottled water was purchased;

(II) Test results on the person's drinking water, which are no more than 12 months old, from a laboratory certified to perform drinking water testing show that the person's drinking water does not meet safe drinking water standards applicable to public water systems; or

(III) The person otherwise establishes, to the department's satisfaction, that the person's drinking water does not meet safe drinking water standards applicable to public water systems.

(C) **Bottled water delivered to the buyer in a reusable container not sold with the water.** Buyers claiming an exemption listed in (f)(ii)(A) or (B) of this subsection that have the qualifying water delivered in a reusable container that is not sold with the water must complete a retail sales exemption certificate and provide it to the seller. The seller must retain a copy of the certificate.

(iii) For information regarding exemption certificates and refund requests, visit dor.wa.gov.

(g) **Soft drinks.** Soft drinks are excluded from the exemptions for food and food ingredients. "Soft drinks" means any nonalcoholic beverage that contains natural or artificial sweeteners, except beverages that contain:

(i) Milk or milk products;

(ii) Soy, rice, or similar milk substitutes; or

(iii) More than 50 percent by volume of vegetable or fruit juice.

For example, sweetened sports beverages are considered "soft drinks," but a sweetened soy beverage is a food or food ingredient.

Beverage mixes that are not sold in liquid form are not soft drinks even though they are intended to be made into a beverage by the customer. Examples include powdered fruit drinks, powdered tea or coffee drinks, and frozen concentrates. These items are food or food ingredients and are not subject to retail sales tax.

(h) **Dietary supplements.** Dietary supplements are excluded from the exemptions for food and food ingredients. "Dietary supplement" means any product intended to supplement the diet, other than tobacco, which meets all of the following requirements:

(i) Contains a vitamin; mineral; herb or other botanical; an amino acid; a substance for use by humans to increase total dietary intake; or a concentrate, metabolite, constituent, extract; or a combination of any of these ingredients;

(ii) Is intended for ingestion in tablet, capsule, powder, soft gel, gelcap, or liquid form, or if not intended for ingestion in such a form, is not represented as conventional food and is not represented for use as a sole item of a meal or of the diet; and

(iii) Is required to be labeled with a Food and Drug Administration "supplement facts" box. If a product is otherwise considered a food or food ingredient and labeled with both a "supplement facts" box and "nutrition facts" box, the product is treated as a food or food ingredient.

Nutrition products formulated to provide balanced nutrition as a sole source of a meal or of the diet are considered a food or food ingredient and not a dietary supplement. Refer to RCW 82.08.925 for information on the retail sales tax exemption applicable to dietary supplements dispensed under a prescription.

(i) **Prepared food.** Prepared food is excluded from the exemptions for food and food ingredients. Prepared food generally means heated foods, combined foods, or foods sold with utensils provided by the seller, as described in more detail in subsection (5) of this rule.

(5) **Items designated as prepared foods.** Food or food ingredients are "prepared foods" if any one of the following is true:

(a) **Heated foods.** Food or food ingredients are "prepared foods" if sold in a heated state or are heated by the seller, except bakery items. "Bakery items" include bread, rolls, buns, biscuits, bagels, croissants, pastries, donuts, Danish, cakes, tortes, pies, tarts, muffins, bars, cookies, and tortillas. Food is sold in a heated state or is heated by the seller when the seller provides the food to the customer at a temperature that is higher than the air temperature of the seller's establishment. Food is not sold in a heated state or heated by the seller if the customer, rather than the seller, heats the food in a microwave provided by the seller.

(b) **Combined foods.** Food or food ingredients are "prepared foods" if the item sold consists of two or more foods or food ingredients mixed or combined by the seller for sale as a single item, unless the food or food ingredients are any of the following:

(i) Bakery items (defined in (a) of this subsection);

(ii) Items that the seller only cuts, repackages, or pasteurizes;

(iii) Items that contain eggs, fish, meat, or poultry, in a raw or undercooked state requiring cooking as recommended by the federal Food and Drug Administration in chapter 3, part 401.11 of *The Food Code*, published by the Food and Drug Administration, as amended or renumbered as of January 1, 2003, so as to prevent foodborne illness; or

(iv) Items sold in an unheated state as a single item at a price that varies based on weight or volume.

(c) **Food sold with utensils provided by the seller.** Food or food ingredients are "prepared foods" if sold with utensils provided by the seller. Utensils include plates, knives, forks, spoons, glasses, cups, napkins, and straws. A plate does not include a container or packaging used to transport the food.

(i) **Utensils are customarily provided by the seller.** A food or food ingredient is "sold with utensils provided by the seller" if the seller's customary practice for that item is to physically deliver or hand a utensil to the customer with the food or food ingredient as part of the sales transaction. If the food or food ingredient is pre-packaged with a utensil, the seller is considered to have physically delivered a utensil to the customer unless the food and utensil are prepackaged together by a food manufacturer classified under sector 311 of the NAICS. Examples of utensils provided by such manufacturers include juice boxes that are packaged with drinking straws, and yogurt or ice cream cups that are packaged with wooden or plastic spoons.

(ii) **Utensils are necessary to receive the food.** Individual food or food ingredient items are "sold with utensils provided by the seller" if a plate, glass, cup, or bowl is necessary to receive the food or food ingredient and the seller makes those utensils available to its customers. For example, items obtained from a self-serve salad bar are sold with utensils provided by the seller, because the customer

must use a bowl or plate provided by the seller in order to receive the items.

(iii) **More than 75 percent prepared food sales with utensils available.** All food and food ingredients sold at an establishment, including foods prepackaged with a utensil by a manufacturer classified under sector 311 of the NAICS, are "sold with utensils provided by the seller" if the seller makes utensils available to its customers and the seller's gross retail sales of prepared food under (a), (b), and (c)(ii) of this subsection equal more than 75 percent of the seller's gross retail sales of all food and food ingredients, including prepared food, soft drinks, bottled water, and dietary supplements.

(A) **Exception for four or more servings.** Even if a seller has more than 75 percent prepared food sales, four servings or more of food or food ingredients packaged for sale as a single item and sold for a single price are not "sold with utensils provided by the seller" unless the seller's customary practice for the package is to physically hand or otherwise deliver a utensil to the customer as part of the sales transaction. Whenever available, the number of servings included in a package of food or food ingredients is to be determined based on the manufacturer's product label. If no label is available, the seller must reasonably determine the number of servings.

(B) **Determining total sales of prepared foods.** The seller must determine a single prepared food sales percentage annually for all the seller's establishments in the state based on the prior year of sales. The seller may elect to determine its prepared food sales percentage based either on the prior calendar year or on the prior fiscal year. A seller may not change its elected method for determining its prepared food percentage without the written consent of the department of revenue. The seller must determine its annual prepared food sales percentage as soon as possible after accounting records are available, but in no event later than 90 days after the beginning of the seller's calendar or fiscal year. A seller may make a good faith estimate of its first annual prepared food sales percentage if the seller's records for the prior year are not sufficient to allow the seller to calculate the prepared food sales percentage. The seller must adjust its good faith estimate prospectively if its relative sales of prepared foods in the first 90 days of operation materially depart from the seller's estimate.

(d) **Examples.** The following examples identify a number of facts and then state a conclusion. These examples should be used only as a general guide. The tax results of other situations must be determined after a review of all of the facts and circumstances.

(i) **Example 1.** Fast Cafe sells hot and cold coffee and mixed coffee and mixed milk beverages, cold soft drinks, milk and juice in single-serving containers, sandwiches, whole fruits, cold pasta salad, cookies and other pastries. Fast Cafe prepares the pasta salad on-site. It orders the pastries from a local bakery, including specialty cakes which it sells both as whole cakes and by the slice. It purchases its sandwiches from a local caterer. The sandwiches are delivered by the caterer prewrapped in plastic with condiments and a plastic knife. Fast Cafe makes straws, napkins and cup lids available for all customers by placing them on a self-service stand. In its first full year of operation, Fast Cafe's annual gross retail sales of all food and food ingredients, including prepared food, soft drinks, bottled water, and dietary supplements is \$100,000. Of this gross retail sales total, \$80,000 is from the sale of hot coffee and hot and cold mixed

coffee and milk beverages, all sold in disposable paper or plastic cups with the Fast Cafe logo.

Because more than 75 percent of Fast Cafe's total retail sales of food and food ingredients, including prepared food, soft drinks, bottled water, and dietary supplements are sales of food or food ingredients that are heated or combined by the seller or sold with a utensil (cups) necessary to receive the food, Fast Cafe has more than 75 percent prepared food sales. Because Fast Cafe makes utensils available for its customers, all food and food ingredients sold by Fast Cafe are considered "prepared food," including the cold milk beverages, cookies and pastries, pasta salad, sandwiches and whole fruits. The only exception is the sale of whole specialty cakes. Because a whole cake contains four or more servings, it is not subject to retail sales tax unless Fast Cafe customarily hands a utensil to the customer as part of the sale transaction.

(ii) **Example 2.** Assume the same facts as in Example 1, but that only \$60,000 of Fast Cafe's Year 1 gross retail sales were sales of hot coffee and hot and cold mixed coffee and milk beverages. The remainder of its retail sales were sales of sandwiches, whole fruits, cookies and other pastries. Under these facts, Fast Cafe does not have more than 75 percent prepared food sales. Thus, the items sold by Fast Cafe are taxed as follows:

(A) Hot coffee and milk beverages are heated by the seller and are also sold by Fast Cafe with a utensil (a paper cup) necessary to receive the food. The hot coffee and milk beverages are "prepared food" for either reason and are subject to retail sales tax.

(B) Cold mixed milk beverages are a combination of two or more foods or food ingredients and are also sold by Fast Cafe with a utensil (a paper or plastic cup) necessary to receive the food. The cold milk beverages are "prepared food" for either reason and are subject to retail sales tax.

(C) Cold soft drinks are not exempt and are subject to retail sales tax.

(D) Sandwiches prepared by the caterer are subject to retail sales tax. Even though the caterer, rather than the seller, combines the ingredients and includes a utensil, Fast Cafe is considered to have provided the utensil because the caterer is not a food manufacturer classified under sector 311 of the NAICS.

(E) Pasta salad is combined by the seller and is subject to retail sales tax. Note that if the pasta salad was sold by the pound, rather than by servings, it would not be subject to retail sales tax.

(F) Milk and juice in single serving containers, whole fruit, cookies, pastries, slices of cake, and whole cakes are not subject to retail sales tax unless the seller's customary practice is to hand a utensil to the customer as part of the sales transaction. None of these items are heated by the seller, combined by the seller, or require a plate, glass, cup, or bowl in order to receive the item. Even if Fast Cafe heats the pastries for its customers, the pastries are not subject to retail sales tax.

(iii) **Example 3.** A pizza restaurant sells whole hot pizzas, hot pizza by the slice, and unheated ready-to-bake pizzas. The whole hot pizzas and hot pizza sold by the slice, including delivered pizzas, are "prepared food" because these items are sold in a heated state. If the unheated ready-to-bake pizzas are prepared by the seller, they are "prepared food" because the seller has mixed or combined two or more food ingredients. This is true even though some ingredients in the unheated pizzas are raw or uncooked, because those ingredients do not

require cooking to prevent foodborne illness. If the unheated ready-to-bake pizzas are prepared by a manufacturer other than the seller, they will be taxable as "prepared food" only if sold with utensils provided by the seller.

(6) **Combined sales of taxable and exempt items.** Where two or more distinct and identifiable items of tangible personal property, at least one of which is a food or food ingredient, are sold for one nonitemized price that does not vary based on the selection by the purchaser of items included in the transaction:

(a) The entire transaction is taxable if the seller's purchase price or sales price of the taxable items is greater than 50 percent of the combined purchase price or sales price; and

(b) The entire transaction is exempt from retail sales tax if the seller's purchase price or sales price of the taxable items is 50 percent or less of the combined purchase price or sales price.

The seller may make the determination based on either purchase price or sales price, but may not use a combination of the purchase price and sales price.

Example. A combination wine and cheese picnic basket contains four items packaged together: A bottle of wine, a wine opener, single-serving cheeses, and the picnic basket holding these items. The seller's purchase price for the wine, wine-opener, and picnic basket totals \$10.00. The seller's purchase price for the cheeses is two dollars. The seller must collect retail sales taxes on the entire package, because the seller's purchase price for the taxable items (\$10.00) is greater than 50 percent of the combined purchase price (\$12.00).

(c) **Incidental packaging.** "Distinct and identifiable items" does not include packaging which is immaterial or incidental to the sale of another item or items. For example, a decorative bag sold filled with candy is not the sale of "distinct and identifiable" items where the bag is merely ornamental packaging immaterial in the sale of the candy.

(d) **Free items.** "Distinct and identifiable items" does not include items provided free of charge. An item is only provided free of charge if the seller's sales price does not vary depending on whether the item is included in the sale.

(7) **Seller's accounting requirements.** All sales of food and food ingredients at an establishment will be treated as taxable unless the seller separately accounts for sales of exempt and nonexempt food and food ingredients. It is sufficient separation for accounting purposes if cash registers or the like are programmed to identify items that are not tax exempt and to calculate and assess the proper sales tax accordingly.

(8) **Other retail sales tax exemptions that may apply.**

(a) **Meals served to certain persons.** The exemptions apply to food and food ingredients furnished, prepared, or served as meals:

(i) Under a state-administered nutrition program for the aged as provided for in the Older Americans Act (Public Law 95-478 Title III) and RCW 74.38.040(6);

(ii) Provided to senior citizens, individuals with disabilities, or low-income persons by a nonprofit organization organized under chapter 24.03A or 24.12 RCW; or

(iii) Provided to residents, 62 years of age or older, of a qualified low-income senior housing facility by the lessor or operator of the facility. The sale of a meal that is billed to both spouses of a marital community or both domestic partners of a domestic partner-

ship meets the age requirement in this subsection (a)(iii) if at least one of the spouses or domestic partners is at least 62 years of age. For purposes of this subsection, "qualified low-income senior housing facility" means a facility:

(A) That meets the definition of a qualified low-income housing project under Title 26 U.S.C. Sec. 42 of the federal Internal Revenue Code, as existing on August 1, 2009;

(B) That has been partially funded under Title 42 U.S.C. Sec. 1485 of the federal Internal Revenue Code; and

(C) For which the lessor or operator has at any time been entitled to claim a federal income tax credit under Title 26 U.S.C. Sec. 42 of the federal Internal Revenue Code.

(b) **Foods exempt under the Supplemental Nutrition Assistance Program (SNAP).** Under RCW 82.08.0297, eligible foods purchased with food benefits under the SNAP or a successor program are exempt from the retail sales tax. This is a separate and broader exemption than the retail sales tax exemption for food and food ingredients under RCW 82.08.0293. For example, bottled water, soft drinks, garden seeds, and plants which produce food for the household to eat are "eligible foods" but are not "food or food ingredients." If such items are purchased with food benefits under SNAP or a successor program, they are exempt from the retail sales tax under RCW 82.08.0297, even though the items do not qualify for the exemption under RCW 82.08.0293.

(i) **Use of food benefits combined with other means of payment.** When both food benefits and other means of payment are used in the same sales transaction, for purposes of collecting retail sales taxes, the other means of payment must be applied first to items which are food and food ingredients exempt under RCW 82.08.0293. The intent is to apply the benefits and other means of payment in such a way as to provide the greatest possible exemption from retail sales tax.

(ii) **Example.** A customer purchases the following at a grocery store: Meat for three dollars, cereal for three dollars, canned soft drinks for five dollars, and soap for two dollars for a total of \$13.00. The customer pays with seven dollars in benefits and six dollars in cash. The cash is applied first to the soap because the soap is neither exempt under RCW 82.08.0293 nor an eligible food under SNAP. The remaining cash (four dollars) is applied first to the meat and the cereal. The food benefits are applied to the balance of the meat and cereal (two dollars) and to the soft drinks (five dollars). Retail sales tax is due only on the soap.

(9) **Vending machine sales.** The exemptions do not apply to sales of food and food ingredients dispensed from vending machines. There are special requirements for reporting retail sales tax collected on vending machine sales, discussed in (a) of this subsection. "Honor box" sales (sales of snacks or other items from open display trays) are not considered vending machine sales.

(a) **Calculating and reporting retail sales tax collected on vending machine sales.** Vending machine owners do not need to state the retail sales tax amount separately from the selling price. See RCW 82.08.050 and 82.08.0293. Instead, vending machine owners must determine the amount of retail sales tax collected on the sale of food or food ingredients by using one of the following methods:

(i) **Food or food ingredients dispensed in a heated state, soft drinks, and bottled water.** For food or food ingredients dispensed from vending machines in a heated state (e.g., hot coffee, soups, tea, and hot chocolate) and vending machine sales of soft drinks and bottled water, a vending machine owner must calculate the amount of retail

sales tax that has been collected ("tax in gross") based on the gross vending machine proceeds. The "tax in gross" is a deduction against the gross amount of both retailing B&O and retail sales. The formula is:

$$\text{gross machine proceeds} - [(\text{gross machine proceeds}) / (1 + \text{sales tax rate})] = \text{tax in gross}$$

(ii) **All other food or food ingredients.** For all other food and food ingredients dispensed from vending machines, a vending machine owner must calculate the amount of retail sales tax that has been collected ("tax in gross") based on 57 percent of the gross vending machine proceeds. The "tax in gross" is a deduction against the gross amount of both retailing B&O and retail sales. The formula is:

$$(\text{gross machine proceeds} \times .57) \times \text{sales tax rate} = \text{tax in gross}$$

The remaining 43 percent of the gross vending machine proceeds, less the "tax in gross" amount, is reported as an exempt food sales deduction against retail sales proceeds only calculated as follows:

$$(\text{gross machine proceeds} \times .43) - \text{tax in gross} = \text{exempt food deduction}$$

(b) **Example.** Jane owns a vending machine business with machines in Spokane and Seattle. In each location, she has a vending machine selling candy and a second vending machine selling hot cocoa and coffee drinks. Her annual sales for the vending machines and the combined retail sales tax rates for Seattle and Spokane are as follows:

	Coffee Machine (cocoa & coffee)	Candy Machine	Combined Retail Sales Tax Rate
Seattle	\$2,500	\$10,000	.101
Spokane	\$3,000	\$6,000	.089

To determine the amount of retail sales tax she collected on the sale of cocoa and coffee (food dispensed in a heated state, subject to retail sales tax), Jane calculates the "tax in gross" deduction amount as follows:

$$\text{gross machine proceeds} - [(\text{gross machine proceeds}) / (1 + \text{sales tax rate})] = \text{tax in gross}$$

$$\begin{aligned} \$2,500 - (\$2,500 / 1.101) &= \$229.34 && \text{(Seattle coffee machine)} \\ \$3,000 - (\$3,000 / 1.089) &= \$245.18 && \text{(Spokane coffee machine)} \\ &= \underline{\$474.52} && \end{aligned}$$

Thus, for both retailing B&O and retail sales, Jane must report her total gross coffee machine proceeds of \$5,500 with a "tax in gross" deduction of \$474.52.

To determine the amount of retail sales tax she collected on the sale of candy, Jane calculates the "tax in gross" deduction amount as follows:

$$(\text{gross machine proceeds} \times .57) \times \text{sales tax rate} = \text{tax in gross}$$

$$\begin{aligned} \$10,000 \times .57 \times .101 &= \$575.70 && \text{(Seattle candy machine)} \\ \$6,000 \times .57 \times .089 &= \$304.38 && \text{(Spokane candy machine)} \\ &= \underline{\$880.08} && \end{aligned}$$

Thus, for both retailing B&O and retail sales, Jane must report her total gross candy machine proceeds of \$16,000 with a "tax in gross" deduction of \$880.08.

Jane must also report an exempt food sales deduction representing the remaining 43 percent of the gross candy machine proceeds.

(43% x gross machine proceeds) - tax in gross = exempt food deduction

$$(.43 \times \$16,000) - \$880.08 = \$5999.92$$

Jane reports the exempt food sales deduction only against the gross amount of her retail sales. The deduction does not apply to re-tailing B&O.

EXPEDITED RULES

DEPARTMENT OF REVENUE

[Filed September 21, 2022, 1:36 p.m.]

Title of Rule and Other Identifying Information: WAC 458-53-030
Stratification of assessment rolls—Real property.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The department of revenue (DOR) intends to update and amend the above rules to recognize 2022 legislation (2SHB 1210), which changes the terminology referencing "marijuana" in the rules to "cannabis."

Reasons Supporting Proposal: The Washington state legislature enacted a statutory change in 2022 that changes the term "marijuana" to "cannabis" in the above rule. The legislature found that the use of the term "marijuana" in the United States has discriminatory origins and should be replaced with the more scientifically accurate term "cannabis." This change is technical in nature and no substantive legal changes are intended or implied.

Statutory Authority for Adoption: RCW 84.08.010, 84.08.070.

Statute Being Implemented: RCW 84.48.075.

Rule is not necessitated by federal law, federal or state court decision.

Name of Proponent: DOR, governmental.

Name of Agency Personnel Responsible for Drafting: Melinda Mandell, 6400 Linderson Way S.W., Tumwater, WA, 360-534-1584; Implementation and Enforcement: Heidi Geathers, 6400 Linderson Way S.W., Tumwater, WA, 360-534-1615.

This notice meets the following criteria to use the expedited adoption process for these rules:

Adopts or incorporates by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of statewide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule.

NOTICE

THIS RULE IS BEING PROPOSED UNDER AN EXPEDITED RULE-MAKING PROCESS THAT WILL ELIMINATE THE NEED FOR THE AGENCY TO HOLD PUBLIC HEARINGS, PREPARE A SMALL BUSINESS ECONOMIC IMPACT STATEMENT, OR PROVIDE RESPONSES TO THE CRITERIA FOR A SIGNIFICANT LEGISLATIVE RULE. IF YOU OBJECT TO THIS USE OF THE EXPEDITED RULE-MAKING PROCESS, YOU MUST EXPRESS YOUR OBJECTIONS IN WRITING AND THEY MUST BE SENT TO Melinda Mandell, DOR, P.O. AMENDATORY SECTION (Amending WSR 16-11-031, filed 5/10/16, effective 6/10/16)

WAC 458-53-030 Stratification of assessment rolls—Real property.

(1) **Introduction.** This rule explains the stratification process for real property. The stratification process is the grouping of real property within each county into homogeneous classifications based upon certain criteria in order to obtain representative samples. Stratification is used in determining the number of appraisals to be included in the ratio study and also for ratio calculation. The county's most current certified assessment rolls are used for stratification. Counties must stratify rolls using a land use code stratification system as prescribed by the department. (See RCW 36.21.100.)

(2) **Stratification - Parcel count and total value - Exclusions.** The stratification of the real property assessment rolls must include a parcel count and a total value of the taxable real property parcels in each stratum, excluding the following:

- (a) Designated forest lands. (See chapter 84.33 RCW);
- (b) Timberland classified under chapter 84.34 RCW. (See RCW 84.34.060);
- (c) Current use properties in those counties where a separate study is conducted pursuant to WAC 458-53-095(3);
- (d) State assessed properties; and
- (e) State-owned game lands as defined in RCW 77.12.203(2).

(3) **Stratification - By county.** For the real property ratio study, the assessment roll must be stratified for individual counties according to land use categories and substratified by value classes as determined by the department. Stratification will be reviewed at least every other year by the department to determine if changes need to be made to improve sampling criteria. After the strata have been determined, the department will notify the counties of the strata limits, and each county must provide the department with the following, taken from the county's assessment rolls:

- (a) A representative number of samples, as determined by the department, in each stratum, together with:
 - (i) The name and address of the taxpayer for each sample;
 - (ii) The land use code for each sample;
 - (iii) The previous year's assessed value for each sample;
 - (iv) The current year's assessed value for each sample; and
 - (v) The actual number of samples;
- (b) The total number of real property parcels in each stratum;

and

- (c) The total assessed value in each stratum for both the previous year and the current year.

(4) **Counties to provide information timely.** The stratification information described in subsection (3) of this rule must be provided by the counties to the department in a timely manner to enable the department to certify the preliminary ratios in accordance with WAC 458-53-200(1). Failure to provide the information in a timely manner will result in the department using its best estimate of stratum values to calculate the real property ratio.

(5) **Standard two-digit land use code.** The following two-digit land use code will be used as the standard to identify the actual use of the land. Counties may elect to use a more detailed land use code system using additional digits, however, no county land use code system may use fewer than the standard two digits.

WAC 458-30-200 Definitions. (1) **Introduction.** This rule provides definitions for the terms used in conjunction with land classified under the Open Space Taxation Act, codified as chapter 84.34 RCW. The terms listed in this rule are intended to act in concert with each other as appropriate.

(2) **Definitions.** For purposes of land classified under chapter 84.34 RCW, the following definitions apply:

(a) "Additional tax" means the additional property taxes that will be collected when classification is withdrawn or removed from land classified under chapter 84.34 RCW.

(b) "Affidavit" means the real estate excise tax affidavit required by chapters 82.45 RCW and (~~chapter~~) 458-61 WAC. The affidavit will be prescribed by the department and furnished to county treasurers. This form is used by landowners to report sales or transfers of classified land. The owner or transferor and the purchaser or transferee, or agents of each, must sign the affidavit under penalty of perjury.

(c) "Agreement" means an agreement executed between an owner and the granting authority regarding the classification or reclassification of land as either open space or timber land under chapter 84.34 RCW.

(d) "Agricultural product" means livestock and plants that are produced for commercial purposes and includes any agricultural, horticultural, or aquacultural produce or crop; the raising of livestock, poultry, bees, or fur-bearing animals; or the production of milk, eggs, wool, fur, meat, honey, or other substances obtained therefrom. When used in relation to livestock or fur-bearing animals used for food or fiber, "raising" means breeding or increasing the value, size, or weight of the animal. (i) In terms of farm and agricultural land, an appurtenance is something used for a particular sort of farm and is widely and routinely used in the operation of the commercial agricultural enterprise.

An owner or lessee must engage in commercial agricultural activities on the land to demonstrate a commercial agricultural purpose.

(o) "Contiguous" means land that adjoins and touches other land owned by the same owner or held under the same ownership. Land that is an integral part of a farming operation is considered contiguous even though the land may be separated by a public road, railroad, right of way, or waterway.

For purposes of this subsection (2) (o):

(i) "Same ownership" means owned by the same person or persons, except that parcels owned by different persons are deemed held by the same ownership if the parcels are:

(t) "Current use value" means the taxable value of a parcel of land placed on the assessment rolls following its classification or reclassification under chapter 84.34 RCW.

(u) "Department" means the department of revenue.

(v) "Farm and agricultural conservation land" means either:

(i) Land previously classified as farm and agricultural land that no longer meets the criteria and is reclassified as open space land; or

(ii) Traditional farmland that is not classified under chapter 84.33 or 84.34 RCW, has not been irrevocably devoted to a use inconsistent with agricultural uses, and has a high potential for returning to commercial agriculture.

(w) "Farm and agricultural land" means:

(i) Any parcel of land (~~(twenty)~~) 20 or more acres in size or multiple parcels of land that are contiguous and total (~~(twenty)~~) 20 or more acres in size when the lands are:

(A) One hundred dollars or more in cash per acre per year for three of the five calendar years preceding the date of application for classification when the application was made prior to January 1, 1993; or

(B) Two hundred dollars or more in cash per acre per year for three of the five calendar years preceding the date of application for classification when the application is made on or after January 1, 1993.

For the purposes of meeting the minimum gross income requirements as described in (w)(ii)(A) and (B) of this subsection for leased classified farm and agricultural land, the owner may use either the cash income received from leasing his or her classified farm and agricultural land, or the cash income received by the lessee for the production of the agricultural product on the owner's classified farm and agricultural land.

(iii) Any parcel of land or contiguous parcels of land at least five acres, but less than (~~(twenty)~~) 20 acres in size that are primarily used for commercial agricultural purposes and that have:

(A) Standing crops with an expectation of harvest within seven years and a demonstrable investment in the production of those crops

equivalent to (~~one hundred dollars~~) \$100 or more per acre in the current or previous calendar year; or

(B) Standing crops of short rotation hardwoods with an expectation of harvest within (~~fifteen~~) 15 years and a demonstrable investment in the production of those crops equivalent to (~~one hundred dollars~~) \$100 or more per acre in the current or previous calendar year.

For the purposes of meeting the minimum investment requirements as described in (w)(iii)(A) and (B) of this subsection for leased classified farm and agricultural land, the owner may use either the cash income received from leasing his or her classified farm and agricultural land, or the cash income invested by the lessee in the production of the standing crop on the owner's classified farm and agricultural land.

(A) One thousand dollars or more in cash per year for three of the five calendar years preceding the date of application for classification when the application was made prior to January 1, 1993; or

(B) One thousand five hundred dollars or more in cash per year for three of the five calendar years preceding the date of application for classification when the application is made on or after January 1, 1993.

For the purposes of meeting the minimum gross income requirements as described in (w)(iv)(A) and (B) of this subsection for leased classified farm and agricultural land, the owner may use either the cash income received from leasing his or her classified farm and agricultural land, or the cash income received by the lessee for the production of the agricultural product on the owner's classified farm and agricultural land.

(v) Farm and agricultural land also includes:

(A) Land on which employee housing or the principal residence of the farm owner or operator is located, if the housing or residence is on or contiguous to a classified farm and agricultural land parcel of (~~twenty~~) 20 acres or more or multiple parcels that are contiguous and total (~~twenty~~) 20 acres or more, and the use of the housing or residence is integral to the use of the classified farm and agricultural land for commercial agricultural purposes;

(B) Land on which appurtenances necessary for the production, preparation, or sale of the agricultural products are situated when the appurtenances are used in conjunction with the land(s) producing agricultural products, such as a machinery maintenance shed or a shipping facility located on farm and agricultural land that produces the products to be shipped;

(C) Land incidentally used for an activity or enterprise that is compatible with commercial agricultural purposes as long as the incidental use does not exceed (~~twenty~~) 20 percent of the classified land. An incidental use of classified farm and agricultural land may include, but is not limited to, wetland preservation, a gravel pit, a farm woodlot, or a produce stand;

(D) A noncontiguous parcel of land from one to five acres in size that constitutes an integral part of the commercial agricultural operation being conducted on land qualifying as "farm and agricultural land." (E) Land used primarily for equestrian related activities for which a charge is made including, but not limited to, stabling, train-

ing, riding, clinics, schooling, shows, or grazing for feed and that otherwise meets the requirements in (w)(i), (ii), or (iv) of this subsection; or

(F) Land used primarily for horticultural purposes including growing plants in the ground or in a container, regardless of whether under a structure, such as a greenhouse, subject to the following:

(I) The land is not primarily used for the storage, care, or selling of plants purchased from other growers for retail sale;

(II) If the land is less than five acres and used primarily to grow plants in containers, such land does not qualify as "farm and agricultural land" if more than (~~twenty-five~~) 25 percent of the land used primarily to grow plants in containers is open to the general public for on-site retail sales;

(III) If more than (~~twenty~~) 20 percent of the land used for growing plants in containers is covered by pavement, none of the paved area is eligible for classification as "farm and agricultural land." However, this limitation does not prevent up to (~~twenty~~) 20 percent of the paved area from qualifying as "incidental use" as described in (bb) of this subsection; and

(IV) If the land classified under (w)(v)(F) of this subsection, in addition to any contiguous land classified under (w) of this subsection, is less than (~~twenty~~) 20 acres, it must meet the applicable income or investment requirements described in (w)(ii), (iii), or (iv) of this subsection.

However, for applications within an incorporated area of a county, the granting authority is made up of three members of the county legislative authority and three members of the city legislative authority in the county in which the land is located in a meeting where members may be physically absent but participating through telephonic connection or separate affirmative acts by both the county and city legislative authorities where both affirm the entirety of the application either without modification or with identical modifications;

(ii) Farm and agricultural land classification under RCW 84.34.020(2) and 84.34.035 is the assessor or the assessor's designee; and

(iii) Timber land classification under RCW 84.34.020(3) and 84.34.041 is the county legislative authority. (aa) "Gross income" means cash income derived from commercial agricultural purposes, as defined in (n) of this subsection. Gross income includes payments received from the United States Department of Agriculture for participating in a crop reduction or acreage set-aside program when such payments are based on the productive capacity of the land. (nn) "Rating system" means a public benefit rating system adopted for classified open space land according to RCW 84.34.055.

(pp) "Removal" or "removed" means land classified under chapter 84.34 RCW is removed from classification by the assessor because the owner requests removal, the new owner fails to sign the notice of continuance, the assessor does not approve a notice of continuance, or

(ww) "True and fair value" is the value of a parcel of land placed on the assessment rolls at its highest and best use without regard to its current use. The term also refers to market value, that is, the amount of money a buyer of property willing, but not obligated to buy would pay a seller of property willing but not obligated to sell, taking into consideration all uses to which the property is adapted and might reasonably be applied.

(xx) "Withdrawal" or "withdrawn" means action taken by the owner of land classified under chapter 84.34 RCW by filing a notice of request to withdraw the land from classification under the current use program in compliance with RCW 84.34.070. Once land has been classified under chapter 84.34 RCW, it must remain classified for at least (~~ten~~) 10 assessment years from the date of classification. After the initial (~~ten-year~~) 10-year classification period has elapsed, the owner may file a notice of request to withdraw all or a portion of the land from classification with the assessor of the county in which the land is located. Land is withdrawn from classification as a result of a voluntary act by the owner. However, if the assessor has given writ-

ten notice of removal as provided in RCW 84.34.108 (1)(d)(i) for all or a portion of the land prior to the owner providing the assessor with a request for withdrawal, then the land will be removed from classification.

AMENDATORY SECTION (Amending WSR 22-08-114A, filed 3/31/22, effective 5/1/22)

WAC 458-20-195 Taxes, deductibility. (1) **Introduction.** This rule explains the circumstances under which taxes may be deducted from the gross amount reported as the measure of tax under the business and occupation tax, retail sales tax, and public utility tax. It also lists deductible and nondeductible taxes.

(2) **Deductibility of taxes.** In computing tax liability, the amount of certain taxes may be excluded or deducted from the gross amount reported as the measure of tax under the business and occupation (B&O) tax, the retail sales tax, and the public utility tax. These taxes may be deducted provided they have been included in the gross amount reported under the classification with respect to which the deduction is sought, and have not been otherwise deducted through inclusion in the amount of another allowable deduction, such as credit losses.

The amount of taxes which are not allowable as deductions or exclusions must in every case be included in the gross amount reported. License and regulatory fees are not deductible. Questions regarding the deductibility or exclusion of a tax that is not specifically identified in this rule should be submitted to the department of revenue for determination.

(3) **Motor vehicle fuel taxes.** RCW 82.04.4285 provides a B&O tax deduction for certain state and federal motor vehicle fuel taxes when the taxes are included in the sales price. These taxes include:

- Fuel tax..... chapter 82.38 RCW;
- Federal tax on diesel and special motor fuels (including leaking underground storage tank taxes), except train and aviation fuels..... 26 U.S.C.A. Sec. 4041;
- Federal tax on inland waterway commercial fuel... 26 U.S.C.A. Sec. 4042;
- Federal tax on gasoline and diesel fuel for use in highway vehicles and motorboats.... 26 U.S.C.A. Sec. 4081.

(4) **Taxes collected as an agent of municipalities, the state, or the federal government.** The amount of taxes collected by a taxpayer, as agent for municipalities, the state of Washington or its political subdivisions, or the federal government, may be deducted from the gross amount reported. These taxes are deductible under each tax classification of the Revenue Act under which the gross amount from such sales or services must be reported.

This deduction applies only where the amount of such taxes is received by the taxpayer as collecting agent and is paid by the agent directly to a municipality, the state, its political subdivisions, or to the federal government. When the taxpayer is the person upon whom a tax is primarily imposed, no deduction or exclusion is allowed, since in such case the tax is a part of the cost of doing business. The mere fact that the amount of tax is added by the taxpayer as a separate item to the price of goods sold, or to the charge for services ren-

dered, does not in itself, make such taxpayer a collecting agent for the purpose of this deduction. Examples of deductible taxes include:

FEDERAL—	
Tax on communications services (telephone and teletype-writer exchange services).....	26 U.S.C.A. Sec. 4251;
Tax on transportation of persons.....	26 U.S.C.A. Sec. 4261;

EXPEDITED RULES
OFFICE OF MINORITY AND
WOMEN'S BUSINESS ENTERPRISES
[Filed September 26, 2022, 4:03 p.m.]

Title of Rule and Other Identifying Information: WAC 326-20-125 Processing fee.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The proposed amendment adds a provision allowing the office of minority and women's business enterprises (OMWBE) to waive processing fees for businesses applying for certification. This change will give OMWBE the flexibility to waive fees to promote certification and reduce barriers for businesses, increasing the number of certified minority- and women-owned businesses in Washington.

Reasons Supporting Proposal: OMWBE is currently in the process of identifying barriers to certification and conducting outreach efforts to promote certification with businesses in regions and industries where the legislature has identified a need for increased certified businesses. Having the flexibility to waive fees will allow OMWBE to reduce the barriers for business owners and also help generate new interest in certification.

Statutory Authority for Adoption: RCW 39.19.210, 39.19.030.

Statute Being Implemented: RCW 39.19.210.

Rule is not necessitated by federal law, federal or state court decision.

OTS-4119.1

AMENDATORY SECTION (Amending WSR 20-07-102, filed 3/17/20, effective 4/17/20)

WAC 458-29A-400 Leasehold excise tax—Exemptions. (1) Introduction.

(a) This rule explains the exemptions from leasehold excise tax provided by RCW 82.29A.125, 82.29A.130, 82.29A.132, 82.29A.134, 82.29A.135, and 82.29A.136. To be exempt from the leasehold excise tax, the property subject to the leasehold interest must be used exclusively for the purposes for which the exemption is granted.

(b) This rule also explains the expiration date for new tax preferences for the leasehold excise tax pursuant to the language found at RCW 82.32.805.

(c) **Rule examples.** This rule includes a number of examples that identify a set of facts and then states a conclusion. The examples should be used only as a general guide. The department of revenue (department) will evaluate each case on its particular facts and circumstances and apply both this rule and other statutory and common law authority.

(2) **Definitions.** For purposes of this rule, the following definitions apply:

(a) "New tax preference" means a tax preference that initially takes effect after August 1, 2013, or a tax preference in effect as of August 1, 2013, that is expanded or extended after August 1, 2013, even if the expanding or extending legislative amendment includes any other changes to the tax preference.

(b) "Tax preference" has the same meaning as in RCW 43.136.021 with respect to any state tax administered by the department, except does not include the Washington estate and transfer tax in chapter 83.100 RCW.

(3) **Operating properties of a public utility.**

(a) All leasehold interests that are part of the operating properties of a public utility are exempt from leasehold excise tax if the leasehold interest is assessed and taxed as part of the operating property of a public utility under chapter 84.12 RCW.

(b) **Example.** Assume ABC Railroad Company is a public utility. Tracks leased to ABC Railroad Company are exempt from leasehold excise tax because ABC Railroad Company is a public utility assessed and taxed under chapter 84.12 RCW and the tracks are part of the railroad's operating properties.

(4) **Student housing at public and nonprofit schools and colleges.**

(a) All leasehold interests in facilities owned or used by a school, college, or university which leasehold provides housing to students are exempt from leasehold excise tax if the student housing is exempt from property tax under RCW 84.36.010 and 84.36.050.

(b) **Example.** Assume State Public University leases a building to use as a dormitory for its students. The leasehold interest associated with this building is exempt from the leasehold excise tax. This is

because the dormitory is used to house State Public University's students.

(5) **Subsidized housing.**

(a) All leasehold interests of subsidized housing are exempt from leasehold excise tax if the property is owned in fee simple by the United States, the state of Washington or any of its political subdivisions, and residents of the housing are subject to specific income qualification requirements.

(b) **Example.** Assume an apartment building and the property on which it is located is:

- Owned in fee simple by the state of Washington; and
- Used as subsidized housing for residents subject to income qualification requirements.

If the United States Department of Housing and Urban Development holds the leasehold interest on the property it is exempt from leasehold excise tax. This is because the property is owned in fee simple by the state of Washington, used for subsidized housing, and the residents are subject to income qualification requirements.

(6) **Nonprofit fair associations.**

(a) All leasehold interests used for fair purposes of a nonprofit fair association are exempt from leasehold excise tax if the fair association sponsors or conducts a fair or fairs supported by revenues collected under RCW 67.16.100 and allocated by the director of the department of agriculture. The property must be owned in fee simple by the United States, the state of Washington or any of its political subdivisions. However, if a nonprofit association subleases exempt property to a third party, the sublease is a taxable leasehold interest.

(b) **Example.** Assume a leasehold interest held by Local Nonprofit Fair Association is exempt from leasehold excise tax. Local Nonprofit Fair Association subleases some of the buildings on the fairgrounds to private parties for storage during the winter. These subleases are subject to the leasehold excise tax.

(7) **Public employee housing.**

(a) All leasehold interests in public property or property of a community center which is exempt from property tax used as a residence by an employee of the public owner or the owner of the community center which is exempt from property tax are exempt from leasehold excise tax if the employee is required to live on the public property or community center which is exempt from property tax as a condition of his or her employment. The "condition of employment" requirement is met only when the employee is required to accept the lodging in order to enable the employee to properly perform the duties of his or her employment. However, the "condition of employment" requirement can be met even if the employer does not compel an employee to reside in a publicly owned residence or residence owned by a community center which is exempt from property tax.

(b) **Examples.**

(i) A park ranger employed by the National Park Service, an agency of the United States government, resides in a house furnished by the agency at a national park. The ranger is required to be on call (~~(twenty-four)~~) 24 hours a day to respond to requests for assistance from park visitors staying at an adjacent overnight campground. The use of the house is exempt from leasehold excise tax because the lodging enables the ranger to properly perform her duties.

(ii) An employee of the Washington department of fish and wildlife resides in a house furnished by the agency at a fish hatchery al-

though, under the terms of a collective bargaining agreement, the agency may not compel the employee to live in the residence as a condition of employment. In exchange for receiving use of the housing provided by the agency, the employee is required to perform additional duties, including regularly monitoring certain equipment at the hatchery during nights and on weekends and escorting public visitors on tours of the hatchery on weekends. The use of the house is exempt from leasehold excise tax because the lodging enables the employee to properly perform the duties of his employment. The use is exempt even though the employee would continue to be employed by the agency if the additional duties were not performed and even though state employees of an equal job classification are not required to perform the additional duties.

(iii) A professor employed by State University is given the choice of residing in university-owned campus housing free of charge or of residing elsewhere and receiving a cash allowance in addition to her regular salary. If she elects to reside in the campus housing free of charge, the value of the lodging furnished to the professor would be subject to leasehold excise tax because her residence on campus is not required for her to perform properly the duties of her employment.

(8) Interests held by enrolled Indians.

(a) Leasehold interests held by enrolled Indians are exempt from leasehold excise tax if the lands are owned or held by any Indian or Indian tribe, and the fee ownership of the land is vested in or held in trust by the United States, unless the leasehold interests are subleased to a lessee which would not qualify under chapter 82.29A RCW, RCW 84.36.451 and 84.40.175 and the tax on the lessee is not preempted due to the balancing test (see WAC 458-20-192).

(b) Any leasehold interest held by an enrolled Indian or a tribe, where the leasehold is located within the boundaries of an Indian reservation, on trust land, on Indian country, or is associated with the treaty fishery or some other treaty right, is not subject to leasehold excise tax.

(c) **Example.** Assume an enrolled member of the Puyallup Tribe leases port land at which the member keeps his or her boat, and the boat is used in a treaty fishery. The leasehold interest is exempt from the leasehold tax. For more information on excise tax issues related to enrolled Indians, see WAC 458-20-192 (Indians—Indian country).

(9) Leases on Indian lands to non-Indians.

(a) Leasehold interests held by non-Indians (not otherwise exempt from tax due to the application of the balancing test described in WAC 458-20-192) in any real property of any Indian or Indian tribe, band, or community that is held in trust by the United States or subject to a restriction against alienation imposed by the United States are exempt from leasehold excise tax if the amount of contract rent paid is greater than or equal to ~~((ninety))~~ 90 percent of fair market rental value. In determining whether the contract rent of such lands meets the required level of ~~((ninety))~~ 90 percent of market value, the department will use the same criteria used to establish taxable rent under RCW 82.29A.020 (2)(g) and WAC 458-29A-200.

(b) **Example.** Harry leases land held in trust by the United States for the Yakama Nation for the sum of \$900 per month. The fair market value for similar lands used for similar purposes is \$975 per month. The lease is exempt from the leasehold excise tax because Harry pays at least ~~((ninety))~~ 90 percent of the fair market value for the quali-

fied lands. For more information on the preemption analysis and other tax issues related to Indians, see WAC 458-20-192.

(10) **Annual taxable rent is less than (~~two hundred fifty dollars~~) \$250.**

(a) Leasehold interests for which the taxable rent is less than \$250 per year are exempt from leasehold excise tax. For the purposes of this exemption, if the same lessee has a leasehold interest in two or more contiguous parcels of property owned by the same lessor, the taxable rent for each contiguous parcel will be combined and the combined taxable rent will determine whether the threshold established by this exemption has been met. To be considered contiguous, the parcels must be in closer proximity than merely within the boundaries of one piece of property. When determining the annual leasehold rent, the department will rely upon the actual substantive agreement between the parties. Rent payable pursuant to successive leases between the same parties for the same property within a (~~twelve-month~~) 12-month period will be combined to determine annual rent; however, a single lease for a period of less than one year will not be projected on an annual basis.

(b) **Examples.**

(i) The yacht club rents property from the Port of Bay City for its clubhouse and moorage. It also rents a parking stall for its commodore. The parking stall is separated from the clubhouse only by a common walkway. The parking stall lease is a part of the clubhouse lease because it is contiguous to the clubhouse, separated only by a necessary walkway.

(ii) Ace Flying Club rents hangars, tie downs, and ramps from the Port of Desert City. It has separate leases for several parcels. The hangars are separated from the tie down space by a row of other hangars, each of which is leased to a different party. Common ramps and roadways also separate the club's hangars from its tie-downs. The hangars, because they are adjacent to one another, create a single leasehold interest. The tie downs are a separate taxable leasehold interest because they are not contiguous with the hangars used by Ace Flying Club.

(iii) Grace leases a lot from the City of Flora, from which she sells crafts at different times throughout the year. She pays \$50 per month for the lot, and has a separate lease for each season during which she sells. She has one lease from May through September, and a separate lease for the time between Thanksgiving and Christmas, which might run (~~thirty to forty~~) 30 to 40 days, depending on the year. The leases will be combined for the purposes of determining the leasehold excise tax. They relate to the same piece of property, for the same activity by the same lessee, and occur within the same year.

(iv) Elizabeth owns a Christmas tree farm. Every year she rents a small lot from the Port of Capital City, adjacent to its airport, to sell Christmas trees. She pays \$125 to the port to rent the lot for (~~6~~) six weeks. It is the only time during the year that she rents the lot. Her lease is exempt from the leasehold excise tax, because it does not exceed \$250 per year in taxable rent.

(11) **Leases for a continuous period of less than (~~thirty~~) 30 days.** Leasehold interests that provide use and possession of public property or property of a community center which is exempt from property tax for a continuous period of less than (~~thirty~~) 30 days are exempt from leasehold excise tax. In determining the duration of the lease, the department will rely upon the actual agreement and/or practice between the parties. If a single lessee is given successive

leases or lease renewals of the same property, the arrangement is considered a continuous use and possession of the property by the same lessee. A leasehold interest does not give use and possession for a period of less than (~~thirty~~) 30 days based solely on the fact that the lessor has reserved the right to use the property or to allow third parties to use the property on an occasional, temporary basis.

(12) Month-to-month leases in residential units to be demolished or removed.

(a) Leasehold interests in properties rented for residential purposes on a month-to-month basis pending destruction or removal for construction of a public highway or public building are exempt from the leasehold excise tax. Thus, if the state or other public entity has acquired private property for purposes of building or expanding a highway, or for the construction of public buildings at an airport, the capitol campus, or some other public facility, and the public entity rents the property for residential purposes on a month-to-month basis pending destruction or removal for construction, these leases do not create taxable leasehold interests. This exemption does not require evidence of imminent removal of the residential units; the term "pending" merely means "while awaiting." The exemption is based upon the purpose for which the public entity holds the units.

(b) **Example.** State University has obtained capital development funding for the construction of new campus buildings, and has purchased a block of residential property adjacent to campus for the sole purpose of expansion. Jim leases these houses from State University pursuant to a month-to-month rental agreement and rents them to students. Construction of the new buildings is not scheduled to begin for two years. Jim is not subject to the leasehold excise tax, because State University is holding the residential properties for the sole purpose of expanding its facilities, and Jim is leasing them pending their certain, if not imminent, destruction.

(13) Public works contracts.

(a) Leasehold interests in publicly owned real or personal property held by a contractor solely for the purpose of a public improvements contract or work to be executed under the public works statutes of Washington state or the United States are exempt from leasehold excise tax. To receive this exemption, the contracting parties must be the public owner of the property and the contractor that performs the work under the public works statutes.

(b) **Example.** Assume Tinker Construction is a contractor performing work to construct a second deck on the Nisqually Bridge pursuant to a public works contract between the state of Washington and Tinker Construction. During construction of the second deck on the Nisqually Bridge any leasehold interest in real or personal property created for Tinker Construction solely for the purpose of performing the work necessary under the terms of the contract is exempt from leasehold excise tax.

(14) Correctional industries in state adult correctional facilities.

(a) Leasehold interests for the use and possession of state adult correctional facilities for the operation of correctional industries under RCW 72.09.100 are exempt from leasehold excise tax.

(b) Examples.

(i) Assume ABC Retail Company, a for-profit corporation, operates and manages a business within a state prison under an agreement between it and the department of corrections. ABC Retail Company is ex-

empt from leasehold excise tax for its use and possession of state property.

(ii) Assume ABC Charitable Society, a nonprofit organization, operates and manages a business within a state prison under an agreement between it and the department of corrections. ABC Charitable Society is exempt from leasehold excise tax for its use and possession of state property.

(15) **Camp facilities for persons with disabilities.**

(a) Leasehold interests in a camp facility are exempt from leasehold excise tax if the property is used to provide organized and supervised recreational activities for persons with disabilities of all ages, and for public recreational purposes, by a nonprofit organization, association, or corporation which would be exempt from property tax under RCW 84.36.030(1) if it owned the property.

(b) **Example.** Assume a county park with camping facilities is leased to Charity Campgrounds, a nonprofit charitable organization that allows the property to be used by the general public for recreational activities throughout the year and as a camp for disabled persons for two weeks during the summer. Charity Campgrounds is exempt from leasehold excise tax because the nonprofit allows the property to be used by the general public for recreational activities throughout the year, and to be used as a camp for disabled persons for two weeks during the summer.

(16) **Public or entertainment areas of certain baseball stadiums.**

(a) Leasehold interests in public or entertainment areas of a baseball stadium with natural turf and a retractable roof or canopy, located in a county with a population of over (~~one million~~) 1,000,000 people, with a seating capacity of over (~~forty thousand~~) 40,000, and constructed on or after January 1, 1995, are exempt from leasehold excise tax.

(b) "Public or entertainment areas" for the purposes of this subsection include ticket sales areas, ramps and stairs, lobbies and concourses, parking areas, concession areas, restaurants, hospitality and stadium club areas, kitchens or other work areas primarily servicing other public areas, public rest rooms, press and media areas, control booths, broadcast and production areas, retail sales areas, museum and exhibit areas, scoreboards or other public displays, storage areas, loading, staging, and servicing areas, seating areas and suites, the playing field, and any other areas to which the public has access or that are used for the production of the entertainment event or other public usage, and any other personal property used for such purposes. "Public or entertainment areas" does not include locker rooms or private offices used exclusively by the lessee.

(17) **Public or entertainment areas of certain football stadiums and exhibition centers.** Leasehold interests in the public or entertainment areas of an open-air stadium suitable for national football league football and for Olympic and world cup soccer, with adjacent exhibition facilities, parking facilities, and other ancillary facilities constructed on or after January 1, 1998, are exempt from leasehold excise tax. For the purpose of this subsection, the term "public and entertainment areas" has the same meaning as set forth in subsection (16) of this rule.

(18) **Public facilities districts.** All leasehold interests in public facilities districts, as provided in chapter 36.100 or 35.57 RCW are exempt from leasehold excise tax.

(19) **State route 16 corridor transportation systems.** All leasehold interests in the state route number 16 corridor transportation

systems and facilities constructed and operated under chapter 47.46 RCW are exempt from leasehold excise tax. RCW 82.29A.132.

(20) **Sales/leasebacks by regional transit authorities.** All leasehold interests in property of a regional transit authority or public corporation created under RCW 81.112.320 under an agreement under RCW 81.112.300 are exempt from leasehold excise tax. RCW 82.29A.134.

(21) **Interests consisting of (~~three thousand~~) 3,000 or more residential and recreational lots.** All leasehold interests consisting of (~~three thousand~~) 3,000 or more residential and recreational lots that are or may be subleased for residential and recreational purposes are exempt from leasehold excise tax. Any combination of residential and recreational lots totaling at least (~~three thousand~~) 3,000 satisfies the requirement of this exemption. RCW 82.29A.136.

(22) **Historic sites owned by the United States government or municipal corporations.** All leasehold interests in property listed on any federal or state register of historical sites are exempt from leasehold excise tax if the property is:

(a) Owned by the United States government or a municipal corporation; and

(b) Wholly contained within a designated national historic reserve under 16 U.S.C. Sec. 461.

(23) **Amphitheaters.**

(a) All leasehold interests in the public or entertainment areas of an amphitheater are exempt from leasehold excise tax if a private entity is responsible for (~~one hundred~~) 100 percent of the cost of constructing the amphitheater which is not reimbursed by the public owner, both the public owner and the private lessee sponsor events at the facility on a regular basis, the lessee is responsible under the lease or agreement to operate and maintain the facility, and the amphitheater has a seating capacity of over (~~seventeen thousand~~) 17,000 reserved and general admission seats and is in a county that had a population of over (~~three hundred fifty thousand~~) 350,000, but less than (~~four hundred twenty five thousand~~) 425,000 when the amphitheater first opened to the public.

(b) For the purposes of this subsection, "public or entertainment areas" include box offices or other ticket sales areas, entrance gates, ramps and stairs, lobbies and concourses, parking areas, concession areas, restaurants, hospitality areas, kitchens or other work areas primarily servicing other public or entertainment areas, public rest room areas, press and media areas, control booths, broadcast and production areas, retail sales areas, museum and exhibit areas, scoreboards or other public displays, storage areas, loading, staging, and servicing areas, seating areas including lawn seating areas and suites, stages, and any other areas to which the public has access or which are used for the production of the entertainment event or other public usage, and any other personal property used for these purposes. "Public or entertainment areas" do not include office areas used predominantly by the lessee.

(24) **Military housing.**

(a) All leasehold interests in real property used for the placement of housing that consists of military housing units and ancillary supporting facilities are exempt from leasehold excise tax if the property is situated on land owned in fee by the United States, is used for the housing of military personnel and their families, and is a development project awarded under the military housing privatization initiative of 1996, 10 U.S.C. Sec. 2885, as existing on June 12, 2008.

(b) For the purposes of this subsection, "ancillary supporting facilities" means facilities related to military housing units, including facilities to provide or support elementary or secondary education, child care centers, day care centers, child development centers, tot lots, community centers, housing offices, dining facilities, unit offices, and other similar facilities for the support of military housing.

(25) Community colleges and technical colleges.

(a) All leasehold interests in facilities owned or used by a community college or technical college are exempt from leasehold excise tax if the leasehold interest provides:

(i) Food services for students, faculty, and staff;

(ii) The operation of a bookstore on campus; or

(iii) Maintenance, operational, or administrative services to the community college or technical college.

(b) Provisions of RCW 82.32.805 and 82.32.808 do not apply to the exemption specified in this subsection.

(26) Anaerobic digesters.

(a) Beginning July 1, 2018, all leasehold interests in buildings, machinery, equipment, and other personal property which are used primarily for the operation of an anaerobic digester, the land upon which this property is located, and land that is reasonably necessary in the operation of an anaerobic digester are exempt from leasehold taxes for a period of six years from the date on which the facility or the addition to the existing facility becomes operational.

(b) Claims for the exemption described in (a) of this subsection must be filed with the department on the form *Leasehold excise tax exemption to operate an anaerobic digester* available at <https://dor.wa.gov>. Once filed, the exemption is valid for six assessment years following the date on which the facility or the addition to the existing facility becomes operational and may not be renewed. The department must verify and approve claims as it determines to be justified and in accordance with this subsection. No claims may be filed after December 31, 2024.

(c) For the purposes of this subsection, "anaerobic digester" means a facility that processes organic material into biogas and digestate using microorganisms in a decomposition process within a closed, oxygen-free container as well as the equipment necessary to process biogas or digestate produced by an anaerobic digester into marketable coproducts including, but not limited to, biogas conditioning, compression, nutrient recovery, and electrical generation equipment. See RCW 82.08.900.

(27) Exemption for public or entertainment areas of certain arenas. Leasehold interests in the public or entertainment areas of an arena are exempt from the leasehold excise tax if the arena has seating capacity of more than (~~two thousand~~) 2,000, and is located on land owned by a city with a population over (~~two hundred thousand~~) 200,000 within a county with a population of less than (~~one million five hundred thousand~~) 1,500,000. For the purpose of this subsection, the term "public or entertainment areas" has the same meaning as set forth in subsection (23) of this rule.

(28) Certain facilities owned by the state parks and recreation commission. Beginning January 1, 2023, leasehold interests in facilities owned by the state parks and recreation commission that are listed on the national register of historic places or the Washington heritage register are exempt from leasehold excise tax. This exemption expires January 1, 2034.

(29) Electric vehicle infrastructure.

(a) Until July 1, 2025, leasehold interests in public lands for the purpose of installing, maintaining, and operating electric vehicle infrastructure are exempt from leasehold excise tax.

(b) For purposes of this subsection, the following definitions apply:

(i) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(ii) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully automated process, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(iii) "Electric vehicle infrastructure" means structures, machinery, and equipment necessary and integral to support an electric vehicle, including battery charging stations, rapid charging stations, battery exchange stations, fueling stations that provide hydrogen for fuel cell electric vehicles, green electrolytic hydrogen production facilities, and renewable hydrogen production facilities. See RCW 82.29A.125.

(iv) "Green electrolytic hydrogen" means hydrogen produced through electrolysis, and does not include hydrogen manufactured using steam reforming or any other conversion technology that produces hydrogen from a fossil fuel feedstock.

(v) "Rapid charging station" means an industrial grade electrical outlet that allows for faster recharging of electric vehicle batteries through higher power levels, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(vi) "Renewable hydrogen" means hydrogen produced using renewable resources both as the source for hydrogen and the source for energy input into the production process.

(vii) "Renewable resource" means: Water, wind, solar energy; geothermal energy; renewable natural gas; renewable hydrogen; wave, ocean, or tidal power; biodiesel fuel not derived from crops raised on land cleared from old growth or first growth forests; or biomass energy.

(30) Expiration date for new tax preferences.

(a) RCW 82.29A.025 incorporates the language found at RCW 82.32.805 establishing the expiration date of new tax preferences for the leasehold excise tax.

(i) Generally, every new tax preference expires on the first day of the calendar year that is subsequent to the calendar year that is ~~(ten)~~ 10 years from the effective date of the tax preference.

(ii) A future legislative amendment that expands a tax preference does not extend the tax preference beyond the period provided in this subsection unless an extension is expressly and unambiguously stated in the legislative amendment.

(b) This subsection does not apply if legislation creating a new tax preference includes an expiration date for the new tax preference.

(c) This subsection does not apply to an existing tax preference that is amended to clarify an ambiguity or correct a technical incon-

sistency. Future enacted legislation intended to make such clarifications or corrections must explicitly indicate that intent.

Statutory Authority for Adoption: RCW 82.01.060, 82.32.300.

Statute Being Implemented: RCW 82.32.534.

Rule is not necessitated by federal law, federal or state court decision.

Name of Proponent: DOR, governmental.

Name of Agency Personnel Responsible for Drafting: Michael Hwang, 6400 Linderson Way S.W., Tumwater, WA, 360-534-1575; Implementation and Enforcement: Heidi Geathers, 6400 Linderson Way S.W., Tumwater, WA, 360-534-1615.

This notice meets the following criteria to use the expedited adoption process for these rules:

Adopts or incorporates by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of statewide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule.

Corrects typographical errors, make address or name changes, or clarify language of a rule without changing its effect.

Explanation of the Reason the Agency Believes the Expedited Rule-Making Process is Appropriate: The expedited rule-making process is appropriate for this rule update because DOR is incorporating changes resulting from 2022 legislation.

AMENDATORY SECTION (Amending WSR 20-22-089, filed 11/3/20, effective 12/4/20)

WAC 458-20-267 Annual tax performance reports for certain tax preferences. (1) **Introduction.** Effective for tax reporting periods beginning January 1, 2018, taxpayers taking certain tax preferences must file an annual tax performance report with the department of revenue (department) providing information about their business. This rule explains how to file a report, the information that must be included in the report, due dates for filing, and other filing requirements.

(a) **References to related rules.** For tax reporting periods through December 31, 2017, readers may want to refer to the following rules:

- (i) WAC 458-20-267A Annual reports for certain tax preferences;
- (ii) WAC 458-20-268 Annual surveys for certain tax preferences.

(b) **Definitions.** For purposes of this rule the following definitions apply:

(i) **Person.** "Person" has the meaning under RCW 82.04.030 and also includes the state and its departments and institutions.

(ii) **Tax preference.** As defined under RCW 43.136.021, "tax preference" means:

(A) An exemption, exclusion, or deduction from the base of a state tax; a credit against a state tax; a deferral of a state tax; or a preferential state tax rate; and

(B) For purposes of this rule, tax preference includes only the tax preferences requiring an annual tax performance report under RCW 82.32.534.

(c) **Elimination of annual survey.** For tax preferences claimed for tax reporting periods beginning in January 2018 and later, taxpayers are no longer required to complete both an annual report and an annual survey.

(d) **Examples.** This rule includes examples that identify a set of facts and then state a conclusion. These examples should only be used as a general guide. The department will evaluate each case on its particular facts and circumstances.

(2) **Tax preferences requiring an annual tax performance report.** Taxpayers may refer to the department's website at dor.wa.gov for the "Annual Tax Performance Report for Preferential Tax Rates/Credits/Exemptions/Deferrals Worksheet." This worksheet lists tax preferences that require an annual tax performance report. Taxpayers may also contact the telephone information center at ((800-647-7706)) 360-705-6210 to determine whether they must file an annual tax performance report.

(3) **How to file annual tax performance reports.**

(a) **Electronic filing.** Annual tax performance reports must be filed electronically unless the department waives this requirement upon a showing of good cause. A report is filed electronically when the department receives the report in an electronic format through the "MyDOR" system at dor.wa.gov.

(b) **Required paper form.** If the department waives the electronic filing requirement for a person who shows good cause, that person must use the annual tax performance report form developed by the department unless that person obtains prior written approval from the department to file an annual tax performance report in an alternative format.

(c) **How to obtain the form.** Persons who have received a waiver of the electronic filing requirement from the department or who otherwise would like a paper copy of the report may obtain the annual tax performance report form from the department's website at dor.wa.gov. It may also be obtained by calling the ~~((telephone information center))~~ department at 360-705-6705, or by contacting the department at:

Attn: Tax Incentive Team
Taxpayer Account Administration
Department of Revenue
Post Office Box 47476
Olympia, WA 98504-7476

(d) **Special requirement for persons who did not file an annual tax performance report during the previous calendar year.** If a person is a first-time filer or otherwise did not file an annual tax performance report with the department during the previous calendar year, or prior to 2019 did not file an annual report or annual survey, the annual tax performance report must include information on employment and wages for the two calendar years immediately preceding the due date of the report.

(e) **Due date of annual tax performance report for tax preferences other than deferrals.** Every person claiming a tax preference that requires an annual tax performance report under RCW 82.32.534 must file the report annually with the department in the year following the calendar year in which the person becomes eligible to claim the tax preference. The due date for filing the report is May 31st.

(f) **Due date of annual tax performance report for tax preferences that are deferrals.** If the tax preference is a deferral of tax, an annual tax performance report must be filed by May 31st in the year following the calendar year in which the investment project is certified by the department as operationally complete, and by May 31st ~~((of each of the seven succeeding calendar years))~~ succeeding calendar year through the calendar year in which the deferred taxes are fully repaid or are immediately due and payable because the recipient of the deferral is no longer eligible for the deferral.

(g) **Due date extensions.** The department may extend the due date for filing annual tax performance reports as provided in subsection (15) of this rule.

(h) **Example 1.** A manufacturer of commercial airplanes begins construction on a new facility in Washington. This facility will be used to manufacture fuselages of commercial airplanes. This firm first claimed the sales and use tax exemption provided by RCW 82.08.980 for construction of new facilities used to manufacture commercial airplanes, fuselages, or wings of commercial airplanes in 2020. By May 31, 2021, the aerospace firm was required to submit an annual tax performance report covering calendar years 2019 and 2020. If the aerospace firm continues to utilize the exemption provided by RCW 82.08.980 during calendar year 2021, an annual tax performance report is due by May 31, 2022, covering calendar year 2021.

(i) **Example 2.** An aluminum smelter first claimed the B&O tax rate provided by RCW 82.04.2909 for aluminum smelters on July 31, 2017. By May 31, 2018, the aluminum smelter must provide an annual report covering calendar years 2016 and 2017. If the aluminum smelter continues to claim the B&O tax rate provided by RCW 82.04.2909 during calendar year 2018, an annual tax performance report is due by May 31, 2019, covering calendar year 2018.

(4) **Amount of tax preference.** The annual tax performance report must include the amount of the tax preference claimed for the calendar year covered by the report.

(5) **What employment positions are included in the annual tax performance report?**

(a) **General rule.** Except as provided in (a)(i), (ii), or (b) of this subsection, the report must include information detailing employment positions in the state of Washington.

(i) **Alternative to reporting employment and wage data.** A person may elect to allow, on their behalf, the employment security department to release wage and employment data to the department and the joint legislative audit and review committee. Each taxpayer electing this option must affirm that election in accordance with procedures approved by the employment security department.

(ii) **Additional reporting requirements for public research institutions claiming an exemption for machinery and equipment.** For a person that claimed an exemption provided in RCW 82.08.025651 or RCW 82.12.025651, the report must include the amount of tax exempted under those sections in the prior calendar year for each general area or category of research and development for which exempt machinery and equipment and labor and services were acquired in the prior calendar year.

(b) **Alternative method.** Persons engaged in manufacturing commercial airplanes or their components may report employment positions per job at the manufacturing site.

(i) **What is a "manufacturing site"?** For purposes of the annual tax performance report, a "manufacturing site" is one or more immediately adjacent parcels of real property located in Washington state on which manufacturing occurs that support activities qualifying for a tax preference. Adjacent parcels of real property separated only by a public road comprise a single site. A manufacturing site may include real property that supports the qualifying activity, such as administration offices, test facilities, warehouses, design facilities, and shipping and receiving facilities. It may also include portions of the manufacturing site that support nonqualifying activities.

(ii) **If the person files per job at the manufacturing site, which manufacturing site is included in the annual tax performance report for the aerospace manufacturing industry tax preferences?** The location(s) where a person is manufacturing commercial airplanes or components of such airplanes within this state is the manufacturing site(s) included in the annual tax performance report. A "commercial airplane" has its ordinary meaning, which is an airplane certified by the Federal Aviation Administration (FAA) for transporting persons or property, and any military derivative of such an airplane. A "component" means a part or system certified by the FAA for installation or assembly into a commercial airplane.

(iii) **Are there alternative methods for reporting separately for each manufacturing site?** For purposes of completing the annual tax performance report, the department may agree to allow a person whose manufacturing sites are within close geographic proximity to consolidate its manufacturing sites onto a single annual tax performance report provided that the jobs located at the manufacturing sites have equivalent employment positions, and wages. A person may request written approval to consolidate manufacturing sites by contacting the department at:

Attn: Tax Incentive Team

Taxpayer Account Administration
Department of Revenue
Post Office Box 47476
Olympia, WA 98504-7476

(c) **Example 3.** ABC Airplanes, a company manufacturing FAA certified airplane landing gear, conducts activities at three locations in Washington state. ABC Airplanes claims the Aerospace Property and Leasehold Excise Tax B&O credit provided by RCW 82.04.4463 for property taxes paid on qualified buildings used exclusively in manufacturing commercial airplanes or component parts. In Seattle, WA, ABC Airplanes maintains its corporate headquarters and administrative offices. In Spokane, WA, ABC Airplanes manufactures the brake systems for the landing gear. In Vancouver, WA, ABC Airplanes assembles the landing gear using the components manufactured in Spokane, WA. If filing per manufacturing site, ABC Airplanes must file separate annual tax performance reports for employment positions at its manufacturing sites in Spokane and Vancouver because these are the Washington state locations in which manufacturing occurs that supports activities qualifying for a tax preference.

(6) What jobs are included in the annual tax performance report?

The annual tax performance report covers all full-time, part-time, and temporary jobs in this state or, for persons filing as provided in subsection (5)(b) of this rule, at the manufacturing site as of December 31st of the calendar year for which an applicable tax preference is claimed. Jobs that support nonqualifying activities or support both nonqualifying and qualifying activities for a tax preference are included in the report if the job is located in Washington state or, for persons filing as provided in subsection (5)(b) of this rule, at the manufacturing site.

Example 4. XYZ Aluminum, an aluminum smelter company, manufactures aluminum in Tacoma, WA. The company is reporting tax under the B&O tax rate provided by RCW 82.04.2909 for aluminum smelters. XYZ Aluminum's annual tax performance report for its Tacoma, WA location will include all of its employment positions in this state, including its nonmanufacturing employment positions.

(7) How is employment detailed in the annual tax performance report? The annual tax performance report requires reporting of the total hours and wages for employees in Washington for each quarter or for the calendar year, as determined by the department.

(8) What is total employment? The annual tax performance report must provide information on all full-time, part-time, and temporary employment positions located in Washington. Total employment includes employees who are on authorized leaves of absences such as sick leave, vacation, disability leave, jury duty, military leave, regardless of whether those employees are receiving wages. Leaves of absences do not include separations of employment such as layoffs or reductions in force. Vacant positions are not included in total employment.

(9) What are full-time, part-time, and temporary employment positions? An employer must provide information on the total number of employees that are employed in full-time, part-time, or temporary employment positions on December 31st of the calendar year for which an applicable tax preference is claimed.

(a) Full-time and part-time employment positions. For a position to be treated as full time or part time, the employer must intend for the position to be filled for at least (~~fifty-two~~) 52 consecutive

weeks or (~~twelve~~) 12 consecutive months. A full-time position is a position that satisfies any one of the following minimum thresholds:

- (i) Works (~~thirty-five~~) 35 hours per week for (~~fifty-two~~) 52 consecutive weeks;
- (ii) Works (~~four hundred fifty-five~~) 455 hours, excluding overtime, each quarter for four consecutive quarters; or
- (iii) Works (~~one thousand eight hundred twenty~~) 1,820 hours, excluding overtime, during a period of (~~twelve~~) 12 consecutive months.

A part-time position is a position in which the employee works less than the hours required for a full-time position. In some instances, an employee may not be required to work the hours required for full-time employment because of paid rest and meal breaks, health and safety laws, disability laws, shift differentials, or collective bargaining agreements, but receives wages equivalent to a full-time job. If, in the absence of these factors, the employee would be required to work the number of hours for a full-time position to receive full-time wages, the position should be reported as a full-time employment position.

(b) **Temporary positions.** A temporary position is a position that is intended to be filled for period of less than (~~twelve~~) 12 consecutive months. Positions in seasonal employment are temporary positions. Temporary positions include workers furnished by staffing companies regardless of the duration of the placement with the person required to file the annual tax performance report.

(c) **The following facts apply to the examples in (c) of this subsection.** National Airplane Inc. manufactures wings for commercial airplanes. National Airplane Inc. begins construction of a new facility to store raw materials used in manufacturing wings for commercial planes in Tacoma, WA, and claims the Aerospace Manufacturing Site Sales and Use Tax Exemption in RCW 82.08.980 and 82.12.980. National Airplane Inc. employs (~~one hundred~~) 100 people. Seventy-five of the employees work directly in the manufacturing operation and are classified as (U.S. Department of Labor Standard Occupation Code) SOC Production Occupations. Five employees work in the engineering and design division and are classified as SOC Architect and Engineering Occupations. Five employees are sales representatives and are classified as SOC Sales and Related Occupations. Five employees are service technicians and are classified as SOC Installation, Maintenance, and Repair Occupations. Five employees are administrative assistants and are classified as SOC Office and Administrative Support. Five executives are classified as SOC Management Occupations.

(i) **Example 5.** Through a college work-study program, National Airplane Inc. employs six interns from September through June in its engineering department. The interns each work (~~twenty~~) 20 hours a week. The six interns are reported as temporary employees, and not as part-time employees, because the intern positions are intended to be filled for a period of less than (~~twelve~~) 12 consecutive months. Assuming the five employees classified as SOC Architect and Engineering Occupations are full-time employees, National Airplane Inc. will report a total of (~~eleven~~) 11 employment positions in SOC Architect and Engineering Occupations with five in full-time employment positions and six in temporary employment positions.

(ii) **Example 6.** National Airplane Inc. manufactures navigation systems in two shifts of production. The first shift works eight hours from 8:00 a.m. to 5:00 p.m. Monday through Friday. The second shift works six hours from 6:00 p.m. to midnight Monday through Friday. The

second shift works fewer hours per week (~~((thirty))~~ 30 hours) than the first shift (~~((forty))~~ 40 hours) as a pay differential for working in the evening. If a second shift employee transferred to the first shift, the employee would be required to work (~~((forty))~~ 40 hours with no overall increase in wages. The second shift employees should be reported as full-time employment positions, rather than part-time employment positions.

(iii) **Example 7.** On December 1st, (~~((ten))~~ 10 National Airplane Inc. full-time employees classified as SOC Production Occupations take family and medical leave for (~~((twelve))~~ 12 weeks. National Airplane Inc. hires five people to perform the work of the employees on leave. Because the (~~((ten))~~ 10 employees classified as SOC Production Occupations are on authorized leave, National Airplane Inc. will include those employees in the annual tax performance report as full-time employment positions. The five people hired to replace the absent employees classified as SOC Production Occupations will be included in the report as temporary employees. National Airplane Inc. will report a total of (~~((eighty))~~ 80 employment positions in SOC Production Occupations with (~~((seventy-five))~~ 75 in full-time employment positions and five in temporary employment positions.

(iv) **Example 8.** On December 1st, one full-time employee classified as SOC Sales and Related Occupations resigns from her position. National Airplane Inc. contracts with Jane Smith d/b/a Creative Enterprises, Inc. to finish an advertising project assigned to the employee who resigned. Because Jane Smith is an independent contractor, National Airplane Inc. will not include her employment in the annual tax performance report. Because the resignation has resulted in a vacant position, the total number of employment positions National Airplane Inc. will report in SOC Sales and Related Occupations is reduced to four employment positions.

(v) **Example 9.** All National Airplane Inc. employees classified as SOC Office and Administrative Support Occupations work (~~((forty))~~ 40 hours a week, (~~((fifty-two))~~ 52 weeks a year. On November 1st, one employee must limit the number of hours worked to (~~((thirty))~~ 30 hours each week to accommodate a disability. The employee receives wages based on the actual hours worked each week. Because the employee works less than (~~((thirty-five))~~ 35 hours a week and is not paid a wage equivalent to a full-time position, the employee's position is a part-time employment position. National Airplane Inc. will report a total of five employment positions in SOC Office and Administrative Support Occupations with four in full-time employment positions and one in part-time employment positions.

(10) **What are wages?** For the purposes of the annual tax performance report, "wages" means the base compensation paid to an individual for personal services rendered to an employer, whether denominated as wages, salary, commission, or otherwise. Generally, compensation in the form of overtime, tips, bonuses, benefits (insurance, paid leave, meals, etc.), stock options, and severance pay are not "wages." For employees that earn an annual salary, hourly wages are determined by dividing annual salary by 2080. If an employee is paid by commission, hourly wages are determined by dividing the total amount of commissions paid during the calendar year by 2080.

(11) **How are wages detailed for the annual tax performance report?**

(a) An employer must report the total wages for employees in Washington for each quarter or for the calendar year, as determined by the department.

(b) For purposes of the annual tax performance report, wages are measured on December 31st of the calendar year for which an applicable tax preference is claimed.

(12) **Reporting workers furnished by staffing companies.** For temporary positions filled by workers that are furnished by staffing companies, the person filling out the annual tax performance report must provide the following information:

(a) Total number of staffing company employees furnished by staffing companies;

(b) Average duration of all staffing company employees.

(13) **Additional reporting for aluminum smelters and electrolytic processing businesses.** For an aluminum smelter or electrolytic processing business, the annual tax performance report must indicate the quantity of product produced in this state during the time period covered by the report.

(14) **Are annual tax performance reports confidential?** Except for the additional information that the department and the joint legislative audit and review committee may request which it deems necessary to measure the results of, or to determine eligibility for the tax preference, annual tax performance reports are not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(15) **What are the consequences for failing to file a complete annual tax performance report?**

(a) **What is a "complete annual tax performance report"?** An annual tax performance report is complete if:

(i) The annual tax performance report is filed on the form required by this rule or in an electronic format as required by law; and

(ii) The person makes a good faith effort to substantially respond to all report questions required by this rule.

Responses such as "varied," "various," or "please contact for information" are not considered good faith responses to a question.

(b) **Amounts due for late filing.** Except for deferrals, if a person does not timely file a required annual tax performance report, then the following amounts are immediately due and payable:

For reports due on or after July 1, 2017 or annual tax performance reports due on or after May 31, 2019:

(i) Thirty-five percent of the amount of the tax preference claimed for the previous calendar year; and

(ii) An additional (~~fifteen~~) 15 percent of the amount of the tax preference claimed for the previous calendar year if the person has previously been assessed under (b) of this subsection for failure to timely submit a report for the same tax preference.

(c) **Tax deferrals.** If the tax preference is a deferral of tax, (~~twelve and one-half percent of the deferred tax~~) an amount equal to the deferred tax divided by the number of years in the waiver/repayment period is immediately due. If the economic benefits of the deferral are passed to a lessee, the lessee is responsible for payment to the extent the lessee has received the economic benefit.

(d) **Interest and penalties.** The department may not assess interest or penalties on amounts due under (b) and (c) of this subsection.

(e) **Extension for circumstances beyond the control of the taxpayer.** If the department finds the failure of a taxpayer to file an annual tax performance report by the due date was the result of circumstances beyond the control of the taxpayer, the department will extend the time for filing the report. The extension will be for a period of (~~thirty~~) 30 days from the date the department issues its written no-

tification to the taxpayer that it qualifies for an extension under this rule. The department may grant additional extensions as it deems proper under RCW 82.32.590.

In determining whether the failure of a taxpayer to file an annual tax performance report by the due date was the result of circumstances beyond the control of the taxpayer, the department will apply the provisions in WAC 458-20-228 for the waiver or cancellation of penalties when the underpayment or untimely payment of any tax was due to circumstances beyond the control of the taxpayer.

(f) **One-time only extension.** A taxpayer that fails to file an annual tax performance report, as required under this rule, by the due date of the report is entitled to an extension of the due date. A request for an extension under this subsection must be made in writing to the department.

(i) To qualify for an extension, a taxpayer must have filed all annual tax performance reports, annual reports and annual surveys, if any, due in prior years by their respective due dates, beginning with annual reports and annual surveys due in the calendar year 2010.

(ii) The extension is for (~~ninety~~) 90 days from the original due date of the annual tax performance report.

(iii) No taxpayer may be granted more than one (~~ninety-day~~) 90-day extension.

AMENDATORY SECTION (Amending WSR 21-01-063, filed 12/9/20, effective 1/9/21)

WAC 458-16-110 Initial application and renewal declaration.

(1) **Introduction.** This rule explains the requirements in RCW 84.36.815 that property owners must follow to apply for and renew all real and personal property exemptions or leasehold excise tax exemptions under chapter 84.36 RCW. It also explains the late filing penalty that is due whenever an application or renewal declaration is received after the filing deadline.

(2) **Application required.** All foreign national governments; cemeteries; nongovernmental nonprofit corporations, organizations, or associations; soil and water conservation districts; hospitals established under chapter 36.62 RCW; and public hospital districts established under chapter 70.44 RCW, seeking a property tax exemption or a leasehold excise tax exemption under chapter 84.36 RCW must submit an application for exemption with supporting documentation to the department of revenue (department). Unless otherwise exempted by law, no real or personal property or leasehold interest is exempt from taxation until an application is submitted and an exemption is granted.

(3) **Where to obtain initial application and renewal declaration forms.** An initial application for exemption may be obtained from any county assessor's office or on the department's website at dor.wa.gov. Renewal declaration forms are provided by the department to all entities receiving a property tax or leasehold excise tax exemption, except for certain cemeteries, military housing providers, and tribal governments. Refer to subsection (8) of this rule for additional information on renewal declarations.

(4) **Initial application.** Generally, initial applications for exemption must be filed with the department on or before March 31st to exempt the property from taxes due in the following year. However, an initial application may be filed after March 31st if the property is acquired or converted to an exempt use after that date, if the property may qualify for an exemption under chapter 84.36 RCW. For property acquired or converted after March 31st, the initial application must be submitted within ~~((sixty))~~ 60 days of acquisition or conversion to an exempt use. If an initial application is not received within this ~~((sixty-day))~~ 60-day period, the late filing penalty described in subsection (12) of this rule is imposed.

The following requirements apply to all initial applications:

(a) The application must be made on a form prescribed by the department and signed by the applicant or the applicant's authorized agent;

(b) One application can be submitted for all real property that is contiguous and part of a homogeneous unit. If exemption is sought for multiple parcels of real property, which are not contiguous or not

part of a homogeneous unit, a separate application for each parcel must be submitted. However, multiple applications are not required for church property with a noncontiguous parsonage or convent.

(i) "Contiguous property" means real property adjoining other real property, all of which is under the control of a single applicant even though the properties may be separated by public roads, railroads, rights of way, or waterways.

(ii) "Homogeneous unit" means the property is controlled by a single applicant and the operation and use of the property is integrated with and directly related to the exempt activity of the applicant.

(5) **Documentation required for initial application.** Unless the following information was previously submitted to the department and is still current, the applicant must submit the following in addition to the initial application:

(a) A legal description of all real property, listing the county tax parcel number;

(b) A copy of the deed for real property owned by the applicant or a copy of the lease agreement if the property is being leased. If leased, the applicant must also indicate how the property is being used, and the monthly amount of maintenance and operation costs related to rented or loaned property if a nonprofit entity is claiming an exemption for property leased to another party;

(c) A copy of the bylaws of the nonprofit entity, and articles of incorporation or association, constitution, or other establishing documents, as well as all current amendments to these documents showing nonprofit status, if requested by the department;

(d) A copy of any current letter issued by the Internal Revenue Service that exempts the applicant from federal income taxes; and

(e) An accurate map identifying by dimension the use or proposed use of all real property that shows buildings, building sites, parking areas, landscaping, vacant areas, and if requested by the department, floor plans of the buildings. The map will be used to determine whether the property is entitled to a total or partial exemption based upon the use of the total area.

(6) **Initial application review and notice of determination.** Upon receipt of an initial application for exemption, the department will review the application and all supporting documentation. Additional information may be requested by the department about the ownership and use of the property to determine if the exemption should be granted. An application for exemption is not considered complete until all required and requested information is received by the department.

(a) Physical inspection. The department may physically inspect the property as part of the application review process.

(b) Deadline. If a complete application is received by March 31st of the assessment year, the department will issue a determination about the application by August 1st of that same year. If a complete application is not received by March 31st, the determination will be made within (~~thirty~~) 30 days of the date the complete application is received by the department or by August 1st, whichever is later.

(c) Notice to applicant. The department will issue a written determination about the exemption application to the applicant. An application may be approved or denied, in whole or in part. If the application is denied for any portion of the property covered by the application, the department must clearly explain its reason for denial in its written determination.

(d) Notice to assessor. Once the department makes its determination about the application for exemption, it will notify the assessor

of the county in which the property is located regarding the determination. The assessor will then take appropriate action so the department's determination is reflected on the county's assessment roll.

(7) **Effective date of exemption.** If an initial application is approved, the property is exempt from property taxes due the year immediately following the year the application for exemption is submitted.

For example, if an application for exemption is submitted to the department in 2020 and the application is approved for assessment year 2020, the property will be exempt from taxes due in 2021.

Retroactive initial applications for exemption for previous years are accepted, up to a maximum of three years from the date taxes were due on the property, if the applicant provides the department with acceptable proof that the property qualified for exemption during the pertinent assessment years and pays the late filing penalties described in subsection (12) of this rule.

(8) **Renewal declarations.** The renewal declaration is a form provided by the department and may be submitted electronically.

(a) Annual renewal declaration. Except as provided in (b) and (c) of this subsection, any entity receiving an exemption must annually submit a renewal declaration certifying that the use and exempt status of the real and personal property has not changed.

(b) Other renewal declarations. Nonprofits receiving an exemption under RCW 84.36.560 or 84.36.675 must file a renewal declaration on or before March 31st of every third year following initial qualification for the exemption. (~~Except for~~) In addition to this renewal requirement, all other requirements in this rule apply to (~~this~~) these exemptions. Refer to WAC 458-16-560 Housing for qualifying households, for additional information about this exemption.

(c) No renewal declaration. Nonprofit cemeteries receiving an exemption under RCW 84.36.020 and nonprofits (~~low-income housing developers~~) receiving an exemption under RCW 84.36.049, are not required to file a renewal declaration. See subsection (11) of this rule for additional information on renewal declarations for cemeteries.

(9) **Documentation required for renewal declaration.** Unless otherwise indicated in subsection (8) of this rule, the following requirements apply to all renewal declarations:

(a) On or before January 1st of each year, the department will send information about the renewal declaration to the entity receiving an exemption for the property. If an entity changes its mailing or contact information at any time during the year, it must notify the department within (~~sixty~~) 60 days about the change.

(b) The renewal declaration, signed by the exempt entity or the exempt entity's authorized agent, must be submitted to the department no later than March 31st of each year.

(i) The renewal declaration must include information about any change of use of the exempt property and a statement certifying the truth and accuracy of the information listed.

(ii) The renewal declaration is due on or before March 31st of each year even if the department fails to send the declaration to the exempt entity. A renewal declaration form may be requested from the department to renew the exemption or the exempt entity may use the department's online system to submit the declaration.

(c) If the renewal declaration (~~and renewal fee are~~) is not received by March 31st, the department will send a second notice to the exempt entity. If the exempt entity fails to respond to the second notice, the department will remove the exemption from the property and

notify the assessor of the county in which the property is located that the exemption has been canceled.

(d) Real property, which was previously exempt from taxation, is assessed and taxed as provided in RCW 84.40.350 through 84.40.390 when it loses its exempt status.

(i) Property that no longer retains its exempt status is subject to a pro rata portion of the taxes allocable to the remaining portion of the year after the date the property lost its exempt status.

(ii) The assessor lists and assesses the property with reference to its true and fair value on the date the property lost its exempt status.

(iii) RCW 84.40.380 provides the dates that taxes are payable when property loses its exempt status. Taxes due and payable under RCW 84.40.350 through 84.40.390 constitute a lien on the property that attaches on the date the property loses its exempt status.

(10) **Failure to submit a renewal declaration.** When property loses its exempt status because the renewal declaration was not submitted and the owner wishes to reapply for the property tax exemption:

(a) If the owner reapplies within the same assessment year the exemption was removed, the owner must submit the renewal declaration and pay the required late filing penalties; or

(b) If the owner reapplies after the assessment year the exemption was removed, the owner must submit an initial application and pay the required late filing penalties.

(11) **Initial application and renewal declaration procedures for cemeteries.** There are several types of cemeteries. The initial application for exemption and renewal declaration procedures are specific as to the type of cemetery at issue.

(a) The assessor will consider the following types of cemeteries exempt from property tax, and no initial application or renewal declaration is required for:

(i) Cemeteries owned, controlled, operated, and maintained by a cemetery district authorized by RCW 68.52.090; or

(ii) Indian cemeteries, which are considered to be held by the tribe or held in trust for the tribe by the United States.

(b) An initial application is submitted to the department, but no renewal declaration is required, for:

(i) Family cemeteries;

(ii) Historical cemeteries;

(iii) Community cemeteries; and

(iv) Cemeteries belonging to nonprofit organizations, associations, or corporations.

(c) An initial application is submitted to the department, and a renewal declaration is required annually by all for-profit cemeteries seeking a property tax exemption.

(12) **Late filing penalty.** When an initial application or renewal declaration is submitted after the due date, a late filing penalty of (~~ten dollars~~) \$10.00 is due for every month, or portion of the month. This penalty is calculated from the date the initial application or renewal declaration was due until the postmark date shown on the application or declaration or the date the application or declaration is received by the department. RCW 84.36.825.

(13) **Refund of filing penalty.** No late filing penalty is refunded after a determination on the application is issued by the department. However, the late filing penalty will be refunded under the following circumstances:

(a) A duplicate application or renewal declaration for the same property is submitted during the same calendar year;

(b) An application or renewal declaration is received by the department and the department has no authority to grant the exemption requested; or

(c) A written request to withdraw the application is received before the department issues a determination. The withdrawal request must be submitted by the owner or the owner's authorized agent.

(14) **Appeals.** Any applicant that receives a negative determination from the department on either an initial application or a renewal declaration may appeal this determination to the state board of tax appeals (BTA). Similarly, any assessor who disagrees with the department's determination may appeal the determination to the BTA. See WAC 458-16-120 Appeals, for specific information about the appeal process.

AMENDATORY SECTION (Amending WSR 21-01-063, filed 12/9/20, effective 1/9/21)

WAC 458-16-150 Cessation of use—Taxes collectible for prior years. (1) **Introduction.** This rule explains what occurs when property loses its tax exempt status and is placed back on the tax rolls. It also describes the back taxes and interest that are collected when an exempt use ceases, unless the property has been exempt for more than (~~ten~~) 10 consecutive years or is otherwise exempt from the provisions of RCW 84.36.810. This rule does not apply to property that received an exemption as a nature conservancy under RCW 84.36.260. RCW 84.36.262 and WAC 458-16-290 Nature conservancy lands, provide additional information about the collection of back taxes for nature conservancies.

(2) **Definitions.** For purposes of this rule, the following definitions apply:

(a) "Back taxes" means the property taxes that would have been paid but for the existence of the property tax exemption during the three years immediately preceding the cancellation or removal of the exemption or during the life of the exemption, whichever is less, plus interest at the same rate and computed in the same way as delinquent

property taxes. However, if the property was exempt under RCW 84.36.050(2), "back taxes" means the taxes that would have been collected but for the existence of the property tax exemption during the seven years immediately preceding the cancellation or removal of the exemption or during the life of the exemption, whichever is less.

(b) "Cessation of use" means that an owner or user of exempt real property has ceased to use the property for an exempt purpose. The term also refers to property that has lost its exempt status because it was transferred, loaned, or rented to an owner that is not entitled to an exemption.

(c) "Department" means the ((state)) department of revenue.

(d) "Relocation of the activity" means that a portion or all of an exempt use has been relocated from the original site to a new location. The term does not include undeveloped property of camp facilities.

(e) "Rollback" means the back taxes and interest imposed in accordance with RCW 84.36.810 because the exempt property has lost its exempt status and is now taxable. However, when an exemption granted to a nature conservancy under RCW 84.36.260 is canceled or removed different rollback procedures apply. See RCW 84.36.262 and WAC 458-16-290 Nature conservancy lands, for additional information.

(3) **Applicability of this rule.** Upon cessation of a use for which an exemption was granted under one of the statutes listed below, and if directed to do so by the department, the county treasurer must collect all taxes which would have been paid if not for the existence of the property tax exemption. If the property was exempt for more than ((ten)) 10 consecutive years, no back taxes or interest are due. Back taxes and interest will be collected only when ownership of property is transferred or when ((fifty-one)) 51 percent or more of the total exempt property loses its exempt status.

(a) **Generally applied rollback - Three years of back taxes plus interest.** When the status of real property changes from exempt to taxable, all taxes that would have been collected if not for the existence of the exemption during the three preceding years, or the life of the exemption, whichever is less, plus interest at the same rate and computed in the same way as that on delinquent property taxes are due. The rollback provisions of RCW 84.36.810 apply if the property was previously exempt from property tax under any of the following statutes:

(b) **Exception to general rollback provision - Property exempt under RCW 84.36.050(2) - Seven years of back taxes plus interest.** If property owned by a not-for-profit foundation but leased to and used by an institution of higher education, as defined in RCW 28B.10.016, loses its exempt status and it has not been exempt for at least

((ten)) 10 consecutive years under RCW 84.36.050(2), the county treasurer, if directed by the department to do so, will collect all taxes that would have been paid on the property but for the existence of the exemption during the seven preceding years, or the life of the exemption, whichever is less, plus interest at the same rate and computed in the same way as that on delinquent property taxes are due.

(c) **No rollback imposed.** Back taxes and interest are not imposed if the cessation of use results solely from any of the following:

(i) Transfer to a nonprofit organization, association, or corporation for a use that also qualifies for and is granted exemption under the provisions of chapter 84.36 RCW;

(ii) A taking through an exercise of the power of eminent domain;

(iii) A sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of this power;

(iv) An official action by an agency of the state of Washington or by the county or city within which the exempt property is located that disallows the present exempt use of the property;

(v) A natural disaster (such as a flood, windstorm, earthquake, or other such calamity) that changes the use of the property;

(vi) Relocation of the activity and use of another location or site except for undeveloped properties of camp facilities exempt under RCW 84.36.030. This exemption does not apply to property leased to a state institution of higher education and exempt under RCW 84.36.050(2);

(vii) Cancellation of a lease on property previously exempt as:

(A) A nonprofit child day care center;

(B) A library as defined under WAC 458-16-260;

(C) An orphanage or orphan shelter;

(D) A home for the sick or infirm;

(E) A hospital;

(F) An outpatient dialysis facility;

(G) A nonprofit home for the aging;

(H) A nonpermanent shelter for low-income homeless persons or victims of domestic violence;

(I) An organization that either produces or performs, or both, musical, dance, artistic, dramatic, or literary works;

(J) Housing for low-income eligible persons with developmental disabilities;

(K) A nonprofit cancer clinic or center; or

(L) Rental housing for qualifying households.

(viii) A change in the exempt portion of a home for the aging under RCW 84.36.041(3) that is partially exempt from property tax, as long as some portion of the home remains exempt; or

(ix) Transfer to an agency of the state of Washington or the city or county within which the property is located.

(4) **Duty to notify.**

(a) An owner of exempt property who knows of or who has information regarding a change in the use of exempt property must notify the department of this change. If any portion of the exempt property is loaned or rented, the owner is required to report this change to the department because the loan or rental may affect the taxable status of the property. RCW 84.36.813.

(b) Any other person who knows or has information regarding a change in use of exempt property is to notify the county assessor of any such change. The assessor is required to report this information to the department.

(c) The department may physically inspect exempt property after being notified about a change in the use or ownership of exempt property. It may also conduct physical inspections at any time it deems necessary to determine the exempt use of the property and may conduct routine inspections.

(d) The department will determine whether the property may retain its exempt status or whether it will become taxable after a change in use is reported.

(5) **Notice to owner.** The department must notify the current owner and, in the case of a transfer, the previous legal owner of the exempt property that the cessation of use of the property for an exempt purpose has changed the property's taxable status. The notice must address the applicability of the rollback provisions in subsection (3) of this rule. Within (~~thirty~~) 30 days of receiving this notice, the owner(s) may submit comments or information to the department as to why the exemption should not be removed or rollback provisions should not be applied. The department will then issue a final determination.

(6) **County treasurer.** The treasurer will calculate and collect the back taxes and interest due when the department notifies the treasurer that the property tax exemption is to be canceled or removed. The interest will be computed at the same rate and in the same manner as that on delinquent property taxes. The back taxes collected are disbursed to the taxing districts impacted by the previous property tax exemption. The interest collected is placed in the county current expense fund.

AMENDATORY SECTION (Amending WSR 18-04-006, filed 1/25/18, effective 2/25/18)

WAC 458-16-165 Conditions under which nonprofit organizations, associations, or corporations may obtain a property tax exemption.

(1) **Introduction.** This rule describes the conditions in RCW 84.36.805 and 84.36.840 that most nonprofit organizations, associations, and corporations must satisfy in order to receive a property tax exemption under chapter 84.36 RCW.

(2) **Definitions.** For purposes of this rule, the following definitions apply:

(a) "Department" means the department of revenue.

(b) "Inadvertent use" or "inadvertently used" means the use of the property in a manner inconsistent with the purpose for which the exemption is granted through carelessness, lack of attention, lack of knowledge, mistake, surprise, or neglect.

(c) "Maintenance and operation expenses" means items of expense allowed under generally accepted accounting principles to maintain and operate the loaned or rented portion of the exempt property.

(d) "Revenue" means income received from the loan or rental of exempt property when the income exceeds the amount of maintenance and operation expenses attributable to the portion of the property loaned or rented.

(e) "Personal service contract" means a contract between a non-profit organization, association, or corporation and an independent contractor under which the independent contractor provides a service on the organization's, association's, or corporation's tax exempt property. (See example ((contained)) in subsection (5)(c) of this rule.)

(3) **Examples.** This rule includes examples that identify a set of facts and then state a conclusion. These examples should only be used as a general guide. The department will evaluate each case on its particular facts and circumstances.

(4) **Applicability of this rule.** This rule does not apply to exemptions granted to:

(a) Public burying grounds or cemeteries under RCW 84.36.020;

(b) Churches, parsonages, convents, and church grounds under RCW 84.36.020;

(c) Administrative offices of nonprofit recognized religious organizations under RCW 84.36.032;

(d) Nonprofit homeownership development entities under RCW 84.36.049;

(e) Water distribution property owned by a nonprofit corporation or cooperative association under RCW 84.36.250;

(f) Nonprofit fair associations under RCW 84.36.480(2); or

(g) Multipurpose senior citizen centers under RCW 84.36.670.

(5) **Exclusive use.** Exempt property must be exclusively used for the actual operation of the activity for which the nonprofit organization, association, corporation, hospital established under chapter 36.62 RCW, or public hospital district established under chapter 70.44 RCW, received the property tax exemption unless the authorizing statute states otherwise. The property exempted from taxation must not exceed an area reasonably necessary to facilitate the exempt purpose.

(a) Loan or rental of exempt property. As a general rule, the loan or rental of exempt property does not make it taxable if:

(i) The rents or donations received for the use of the property are reasonable and do not exceed the maintenance and operation expenses attributable to the portion of the property loaned or rented; and

(ii) Except for the exemptions under RCW 84.36.030(4), 84.36.037, 84.36.050, and 84.36.060 (1)(a) and (b), the property would be exempt from tax if owned by the organization to which it is loaned or rented.

(b) Fund-raising events. The use of exempt property for fund-raising events conducted by an exempt organization, association, corporation, hospital established under chapter 36.62 RCW, or public hospital district established under chapter 70.44 RCW, does not jeopardize the exemption if the fund-raising events are consistent with the purposes for which the exemption was granted. The term "fund-raising" means any revenue-raising event limited to less than five days in

length that disburses (~~(fifty-one)~~) 51 percent or more of the profits realized from the event to the exempt nonprofit entity conducting the fund-raising event.

(i) Example 1. A nonprofit social service agency holds an art auction in the auditorium of its tax exempt facility to raise funds. The event must be less than five days in length and (~~(fifty-one)~~) 51 percent of the profits must be disbursed to the social service agency because the fund-raising event is being held on exempt property.

(ii) Example 2. A nonprofit school has a magazine subscription drive to raise funds and the subscriptions are being sold door-to-door by students. There are no limitations on this fund-raising event because the subscription drive is not being held on exempt property.

(c) Personal service contract - Exempt programs. Programs provided under a personal service contract will not jeopardize the exemption if the following conditions are met:

(i) The program is compatible and consistent with the purposes of the exempt organization, association, or corporation;

(ii) The exempt organization, association, or corporation maintains separate financial records as to all receipts and expenses related to the program; and

(iii) A summary of all receipts and expenses of the program are provided to the department upon request.

(iv) Example 3. A nonprofit school may decide to contract with a provider to offer aerobic classes to promote general health and fitness. All brochures and bulletins advertising these classes must show that the school is sponsoring the classes. Under the terms of the contract between the nonprofit school and the aerobics instructor, an independent contractor, the instructor must provide the classes for a predetermined fee. All fees collected from the participants of the classes must be received by the school; the school, in turn, will absorb all costs related to the classes.

(d) Personal service contract - Nonexempt programs. Programs provided under a personal service contract (i) that require the contractor to reimburse the nonprofit organization for program expenses, or (ii) in which the instructor is paid a fee based on the number of people who attend the program will be viewed as a rental agreement and will subject the property to property tax.

(e) Inadvertent use. An inadvertent use of the property in a manner inconsistent with the purpose for which the exemption was granted does not subject the property to tax if the inadvertent use is not part of a pattern of use. A "pattern of use" is presumed when an inadvertent use is repeated in the same assessment year or in two or more successive assessment years.

(6) **No discrimination allowed.** The exempt property and the services offered must be available to all persons regardless of race, color, national origin, or ancestry.

(7) **Compliance with licensing or certification requirements.** A nonprofit entity, hospital established under chapter 36.62 RCW, or public hospital district established under chapter 70.44 RCW seeking or receiving a property tax exemption must comply with all applicable licensing and certification requirements imposed by law or regulation.

(8) **Property sold subject to an option to repurchase.** Property sold to a nonprofit entity, hospital established under chapter 36.62 RCW, or public hospital district established under chapter 70.44 RCW with an option to be repurchased by the seller cannot qualify for an exemption. This prohibition does not apply to:

(a) Limited equity cooperatives as defined in RCW 84.36.675; or

(b) Property sold to a nonprofit entity, as defined in RCW

84.36.560(~~(7)~~), by:

(~~(a)~~) (i) A nonprofit as defined in RCW 84.36.800 that is exempt from income tax under section 501(c) of the federal Internal Revenue Code;

(~~(b)~~) (ii) A governmental entity established under RCW 35.21.660, 35.21.670, or 35.21.730;

(~~(c)~~) (iii) A housing authority created under RCW 35.82.030;

(~~(d)~~) (iv) A housing authority meeting the definition of RCW 35.82.210 (2) (a); or

(~~(e)~~) (v) A housing authority established under RCW 35.82.300.

(9) **Duty to produce financial records.** (~~In order~~) To determine whether a nonprofit entity is entitled to receive a property tax exemption under the provisions of chapter 84.36 RCW and before the exemption is renewed each year, the entity claiming exemption must submit a signed statement made under oath, with the department. This sworn statement must include a declaration that the income, receipts, and donations of the entity seeking the exemption have been used to pay the actual expenses incurred to maintain and operate the exempt facility or for its capital expenditures and to no other purpose. It must also include a statement listing the receipts and disbursements of the organization, association, or corporation. This statement must be made on a form prescribed and furnished by the department.

(a) The provisions of this subsection do not apply to an entity either applying for or receiving an exemption under RCW 84.36.020 (~~(e)~~), 84.36.030, or 84.36.049.

(b) This signed statement must be submitted on or before March 31st each year by any entity currently receiving a tax exemption. If this statement is not received on or before March 31st, the department will remove the tax exemption from the property. However, the department will allow a reasonable extension of time for filing if the exempt entity has submitted a written request for an extension on or before the required filing date and for good cause.

(10) **Caretaker's residence.** If a nonprofit entity, hospital established under chapter 36.62 RCW, or public hospital district established under chapter 70.44 RCW exempt from property tax under chapter 84.36 RCW employs a caretaker to provide either security or maintenance services and the caretaker's residence is located on exempt property, the residence may qualify for exemption if the following conditions are met:

(a) The caretaker's duties include regular surveillance, patrolling the exempt property, and routine maintenance services;

(b) The nonprofit entity, hospital established under chapter 36.62 RCW, or the public hospital district established under chapter 70.44 RCW demonstrates the need for a caretaker at the facility;

(c) The size of the residence is reasonable and appropriate in light of the caretaker's duties and the size of the exempt property; and

(d) The caretaker receives the use of the residence as part of his or her compensation and does not pay rent. Reimbursement of utility expenses created by the caretaker's presence is not considered rent.

(11) **Nonexempt uses of property.** The use of property exempt under this chapter, other than as specifically authorized by this chapter, nullifies the exemption otherwise available for the property for the assessment year. However, the exemption is not nullified by the use of the property by any individual, group, or entity, where such use is

not otherwise authorized by this chapter, for not more than ((fifty)) 50 days in each calendar year, and the property is not used for pecuniary gain or to promote business activities for more than ((fifteen)) 15 of the ((fifty)) 50 days in each calendar year. The ((fifty and fifteen-day)) 50 and 15-day limitations do not include days for setup and takedown activities that take place immediately preceding or following a meeting or other event. If these requirements are not met, the exemption is removed for the affected portion of the property for that assessment year.

(12) **Farmers markets.** The 50 and 15-day limitations in subsection (11) of this rule do not apply to exempt property under RCW 84.36.037 if the property is used for activities related to a qualifying farmers market, for up to 53 days each calendar year, and all income received from the rental or use of the exempt property is used for capital improvements to the exempt property, maintenance and operation of the exempt property, or exempt purposes. For purposes of this rule, "farmers market" has the same meaning as "qualifying farmers market" as defined in RCW 66.24.170.

(13) **Segregation of nonqualifying property.** Any portion of exempt property not meeting the qualifications of this rule will lose its exempt status. Nonqualifying property must be segregated from property used for exempt purposes. For example, if a portion of a building owned by a nonprofit hospital is rented to a sandwich shop, this portion of the hospital must be segregated from the remainder of the building that is being used for exempt hospital purposes. The portion of the building rented to the sandwich shop is subject to property tax.

AMENDATORY SECTION (Amending WSR 15-07-021, filed 3/10/15, effective 4/10/15)

WAC 458-16-190 Churches, parsonages and convents. (1) **Introduction.** This rule explains the property tax exemption available under the provisions of RCW 84.36.020 to churches, parsonages, and convents.

(2) **Definitions.** For purposes of this rule, the following definitions apply:

(a) "Church purposes" means the use of real and personal property owned by a nonprofit religious organization for religious worship or related administrative, educational, eleemosynary, and social activities. This definition is to be broadly construed. The term "use" in-

cludes real property owned by a nonprofit religious organization upon which a church will be built.

(b) "Clergy person" means a person ordained or regularly licensed for religious service and includes both male and female individuals.

(c) "Commercial" refers to an activity or enterprise that has profit making as one of its primary purposes.

(d) "Convent" means a house or set of buildings occupied by a community of clergy or nuns devoted to religious life under a superior.

(e) "Eleemosynary" means charitable, including types of activities in which some social objective is served or general welfare is advanced.

(f) "Owned" means owned in fee or by contract purchase.

(g) "Parsonage" means a residence, owned by a church, that is occupied by a clergy person designated for a particular congregation and who holds regular services for that congregation.

(h) "Regular services" means religious services that are conducted on a routine and systematic basis at prearranged times, days, and places. This term includes religious services that are conducted by a visiting or circuit clergy person who may only hold services once a month in a particular location if that person is scheduled to conduct services on a routine and prearranged basis on the exempt property.

(i) "Unoccupied land" means land that is undeveloped, unused, and upon which no structures or improvements have been built.

(i) This land includes, but is not limited to, greenbelt, wetland, and other undeveloped areas contiguous to an exempt church, parsonage, or convent.

(ii) This land does not include parking lots, landscaped grounds, or playing fields.

(3) **Property exempt and extent of exemption.** The church and the ground upon which a church is or will be built, together with a parsonage, convent, structures and ground necessary for street access, parking, light, ventilation, and buildings and improvements required to maintain and safeguard the property owned by a nonprofit religious organization and wholly used for church purposes will be exempt from property taxation to the following extent:

(a) The exempt area must not exceed five acres of land, including ground that is occupied and unoccupied. Occupied ground is ground covered by the church, parsonage, convent, structures and ground necessary for street access, parking, light, ventilation, and buildings and improvements required for the maintenance and security of such property.

(b) The unoccupied land included within this five-acre limitation may not exceed one-third of an acre (~~((fourteen thousand four hundred))~~ 14,400 square feet), unless additional unoccupied land is required to conform with state or local codes, zoning, or licensing requirements.

(4) **Noncontiguous property.** A parsonage or convent may qualify for exemption even if located on land that is not contiguous to the church property; however, the five acre limitation still applies, as does the limitation described in subsection (3)(b) of this rule with respect to unoccupied land.

(5) **Exemption of caretaker's residence.** A caretaker's residence located on church property may qualify for exemption if the following conditions are met:

(a) The caretaker's duties include regular surveillance and patrolling of the property;

(b) The size of the residence is reasonable and appropriate in light of the caretaker's duties and the size of the exempt property;

(c) The caretaker is required to provide either security or maintenance service described as follows:

(i) Security of the premises is provided by the caretaker, not merely by his or her presence, but by regular surveillance and patrolling of the grounds, locking gates if necessary, and generally acting in a manner to ensure the security of the property; or

(ii) Maintenance service is provided on a daily basis to open and close the premises, activate or shut down environmental systems, and provide other maintenance and custodial services necessary for the effective operation and utilization of the facilities; and

(d) The caretaker receives the use of the residence as part of his or her compensation and does not pay rent. Reimbursement of utilities expenses created by the caretaker's presence will not be considered as rent.

(6) **Property not used for church purposes.** Except as provided in this rule, when property is not used for church purposes, the exemption is lost. If a portion of the exempt property is used for commercial rather than church purposes, that portion must be segregated and taxed whether or not the proceeds received by the church from the commercial use are applied to church purposes.

(7) **Loan, rental, or use of exempt property.** If the rental income or donations, if any, are reasonable and do not exceed the maintenance and operation expenses attributable to the portion of the property being loaned or rented, the tax exempt status of any property exempt under this rule will not be affected by:

(a) The loan or rental to a nonprofit organization, association, corporation, or school to conduct eleemosynary activities (~~or to conduct activities related to a farmers market. Activities related to a farmers market may not occur on the property more than fifty-three days each assessment year. For the purposes of this rule, "farmers market" has the same meaning as "qualifying farmers market" as defined in RCW 66.24.170~~);

(b) The rental or use of the property by any individual, group, or entity, where such rental or use is not otherwise authorized by this rule, for not more than ~~((fifty))~~ 50 days in each calendar year, and the property is not used for pecuniary gain or to promote business activities for more than ~~((fifteen))~~ 15 of the ~~((fifty))~~ 50 days in each calendar year. The ~~((fifty and fifteen-day))~~ 50 and 15-day limitations do not include days for setup and takedown activities preceding or following a meeting or event; ~~((or))~~

(c) The rental or use of the property by any individual, group, or entity, to conduct activities related to a qualifying farmers market for up to 53 days each calendar year. The 15-day and 50-day limitations provided in (b) of this subsection do not apply to the use of the property for pecuniary gain or for business activities if the property is used for activities related to a qualifying farmers market, and all income received from the rental or use of the exempt property is used for capital improvements to the exempt property, maintenance and operation of the exempt property, or exempt purposes. For purposes of this rule, "qualifying farmers market" has the same meaning as "qualifying farmers market" as defined in RCW 66.24.170; or

(d) An inadvertent use of the property in a manner inconsistent with the purpose for which the exemption was granted, if the inadvertent use is not part of a pattern of use. A pattern of use is presumed

when an inadvertent use is repeated in the same assessment year or in two or more successive assessment years.

(8) **Fund-raising events.** The use of exempt property for fund-raising events sponsored by an exempt organization, association, or corporation does not subject the property to taxation if the fund-raising events are consistent with the purposes for which the exemption was granted. The term "fund-raising" means any revenue-raising event limited to less than five days in length, that disburses (~~(fifty-one)~~) 51 percent or more of the profits realized from the event to the exempt nonprofit organization, association, or corporation that is holding the fund-raising, and that takes place on exempt property.

(a) Example 1. An exempt nonprofit social service agency holds an art auction in the church basement to raise funds. Since the fund-raising event is being held on exempt property, the event must be less than five days in length and (~~(fifty-one)~~) 51 percent of the profits must be disbursed to the social service agency.

(b) Example 2. (~~(The women's)~~) A church's auxiliary (~~(of the church)~~) has a candy sale to raise funds for the church's program to provide meals to the homeless during which the candy is sold door-to-door by members of the auxiliary. Since the candy sale is not being held on the exempt property, the sale is not limited to five days in duration nor do (~~(fifty-one)~~) 51 percent of the profits from this fund-raising event have to be remitted to the church.

AMENDATORY SECTION (Amending WSR 16-16-005, filed 7/20/16, effective 8/20/16)

WAC 458-16-300 Public meeting hall—Public meeting place—Community meeting hall. (1) **Introduction.** This rule explains the property tax exemption available under the provisions of RCW 84.36.037 for real and personal property owned by a nonprofit organization, association, or corporation and used exclusively as a public meeting hall, public meeting place, or community meeting hall.

(2) **Definitions.** For purposes of this rule, the following definitions apply:

(a) "Affiliate" means an association, organization, or corporation that is a branch, unit, chapter, or appendant body of the property owner.

(b) "Property" means real or personal property owned by a nonprofit organization, association, or corporation.

(c) "Public gathering" means a meeting or event in which attendance is not limited or restricted to only members of the organization, association, or corporation that owns the property or members of an affiliate. Refer to subsection (4) of this rule for examples of public gatherings.

(3) **Exemption.** Real and personal property owned by a nonprofit organization, association, or corporation and used exclusively as a public assembly hall, public meeting place, or community meeting hall will be exempt from taxation under the following conditions:

(a) Exclusive use. The property is used exclusively for public gatherings and is available to any individual, organization, association, or corporation that may desire to use or rent the property. Membership in the organization, association, or corporation that owns the property or membership in an affiliate of the property owner cannot be a requirement or condition for those persons desiring to rent or use the property.

(i) Availability of property. To ensure the public is aware of the availability of the property, the property owner must provide written notification to the public that the property is available for use or rental. This written notification may include, but is not limited to, advertising in community newsletters or websites, on facility reader boards or signs, or in local newspapers. The property owner must make substantial and actual efforts to ensure that the public knows that the property is available for use or rental. Examples of substantial and actual efforts by the owner to ensure public awareness of the property availability can be found in subsection (4) of this rule.

(ii) Qualifying use of property. In a calendar year, the total number of hours used for public gatherings, as that term is defined in this rule, held at the property must exceed the total number of hours used for nonpublic gatherings held at the property, regardless of whether the owner, the owner's affiliate, or renter, hosted or benefited from the public gathering.

(b) Exemption for real property - Area. The area of real property exempt under this rule may not exceed one acre including the building(s), the land under the building(s), and any additional area needed for parking.

(c) Statement of availability and fees required. The owner of the property must prepare and make available upon request a schedule of fees, a policy on the availability of the facility, and any restrictions on the use of the facility. The owner may impose conditions or restrictions reasonably necessary to safeguard the property and to comply with the purposes of this exemption.

(d) Annual summary required. The owner must provide the department of revenue with a detailed summary containing the following information regarding the manner in which the exempt property was used during the preceding year:

(i) The name of the person, organization, association, or corporation that used the property;

(ii) The date(s) on which the property was used;

(iii) The purpose for which the property was used;

(iv) Whether the meeting or event was a public gathering;

(v) The duration of the meeting or event;

(vi) The methods used to advertise the availability of the property to the public;

(vii) The income derived from the rental of the property; and

(viii) The expenses incurred relating to the use of the property.

(4) **Examples.** Examples found in this rule identify a number of facts and then state a conclusion. These examples should be used only as a general guide. The tax results of other situations must be determined after a review of all facts and circumstances.

(a) Example 1. Prior to a member only meeting, a fraternal organization hosts a dinner at its facility that is open to nonmembers. The fraternal organization advertised the dinner on its website and reader board, which clearly conveyed the public could attend. The dinner and the member only meeting are considered two separate events. The dinner is considered a public gathering because nonmembers are allowed to attend. However, the member only meeting following the dinner is not considered a public gathering.

(b) Example 2. A (~~(boys)~~) youth organization hosts a spaghetti feed at its facility to raise money for a camping trip. The organization advertised the spaghetti feed in the local newspaper, which stated nonmembers are allowed to attend. The spaghetti feed is considered a public gathering.

(c) Example 3. A (~~(girls)~~) youth organization has weekly club meetings at its facility. The weekly meetings are advertised on the organization's public website as being open for nonmembers to also attend. The weekly club meetings are considered public gatherings.

(d) Example 4. A member only organization allows its public assembly hall to be rented for weddings, receptions, reunions, funerals, and other special events. The organization advertises the availability of its facility for rental by the public in a community newsletter. There are no restrictions on who can rent the hall, so these events are considered public gatherings. However, if the ability to rent the hall is based on membership in the owning organization or membership in an affiliate of the owning organization, then the events would not be considered public gatherings.

(e) Example 5. A garden club offers horticultural workshops for a fee at its facility one day each month. The workshop is advertised in the community newsletter as being open to anyone who wants to attend. The workshops are considered public gatherings because members of the public can attend, even if registration and/or payment are required. Although a fee is charged, the monthly workshops offered by the garden club do not count towards the (~~(fifteen-day)~~) 15-day pecuniary gain limitation described in subsection (5)(a) of this rule because the fee only covers the materials and supplies necessary to conduct the workshop.

(f) Example 6. A member only organization rents a public assembly hall for its monthly board meetings. The board meetings are not open to the public. The organization that owns the facility advertises its availability to the public in the local newspaper. The two organizations are not affiliated with each other. Although the monthly board meetings are not open to the public, they are considered public gatherings for the purpose of this exemption because the rental of the facility is not being restricted to only members of the owning organization or to members of affiliates of the owning organization.

(5) Use of property for pecuniary gain or to promote business activities. If a public meeting hall, public meeting place, or community meeting hall exempt under subsection (3) of this rule is used for pecuniary gain or to promote business activities, the property tax exemption will be lost. However, the exemption will not be lost if:

(a) The (~~exempt property is used for pecuniary gain or to promote business activities fifteen days or less in an assessment year~~) rental or use of the property by any individual, group, or entity, where such rental or use is not otherwise authorized by this rule, for not more than 50 days in each calendar year, and the property is not used for pecuniary gain or to promote business activities for more than 15 of the 50 days in each calendar year. The 50 and 15-day limi-

tations do not include days for setup and takedown activities preceding or following a meeting or event;

(b) The rental or use of the property by any individual, group, or entity to conduct activities related to a qualifying farmers market for up to 53 days each calendar year. The 15-day and 50-day limitations provided in (a) of this subsection do not apply to the use of the property for pecuniary gain or for business activities if the property is used for activities related to a qualifying farmers market, and all income received from the rental or use of the exempt property is used for capital improvements to the exempt property, maintenance and operation of the exempt property, or exempt purposes. For purposes of this rule, "qualifying farmers market" has the same meaning as "qualifying farmers market" as defined in RCW 66.24.170;

(c) In a county with a population of less than (~~twenty thousand~~) 20,000 people, the exempt property is used to promote the following business activities: Dance lessons; art classes; or music lessons. The rental income or donations, if any, must be reasonable and not exceed the maintenance and operation expenses attributable to the portion of the property loaned or rented; or

~~((c) The exempt property is used to conduct a farmers market, as defined in RCW 66.24.170, for fifty-three days or less each assessment year. The rental income or donations, if any, must be reasonable and not exceed the maintenance and operation expenses attributable to the portion of the property loaned or rented; or)~~

(d) All income received from the rental or use of the exempt property is used for capital improvements to the exempt property, maintenance and operation expenses of the exempt property, or exempt purposes.

(6) **Additional requirements.** Any nonprofit organization, association, or corporation that applies for a property tax exemption under this rule must also comply with the provisions of WAC 458-16-165. WAC 458-16-165 provides additional conditions and requirements that must be satisfied to obtain a property tax exemption pursuant to RCW 84.36.037.

WAC 458-16-310 Community celebration facilities. (1) **Introduction.** This rule explains the property tax exemption available under the provisions of RCW 84.36.037 for real and personal property owned by a nonprofit organization, association, or corporation and used primarily for annual community celebration events.

(2) **Definitions.** For purposes of this rule, the following definitions apply:

(a) "Public gathering" has the same meaning as provided in WAC 458-16-300.

(b) "Property" has the same meaning as provided in WAC 458-16-300.

(3) **Exemption.** Real and personal property owned by a nonprofit organization, association, or corporation and used primarily for annual community celebration events may be exempt from taxation under the following conditions:

(b) Primary use. The property has been primarily used for annual community celebration events for at least (~~ten~~) 10 years.

(c) Essentially unimproved property. The property is essentially unimproved except for restroom facilities and covered shelters. A "covered shelter," for example, may consist of a covered area that is not enclosed but allows some protection from the elements or it may provide a sheltered eating area with or without a picnic table or outside grill, or both.

(d) Purpose. The purpose of the property is to provide a facility for an annual community celebration.

(e) Statement of availability and fees required. The owner of the property must prepare and make available upon request a schedule of fees, a policy on the availability of the facility, and any restrictions on the use of the facility. The owner may impose conditions and restrictions that are reasonably necessary to safeguard the property and to promote the purposes of this exemption.

(f) Annual summary required. The owner must annually provide the department of revenue with a detailed summary containing the following information regarding the manner in which the exempt property was used during the preceding year:

However, the exemption will not be lost if:

(a) The (~~exempt property is used for pecuniary gain or to promote business activities fifteen days or less in an assessment year~~) rental or use of the property by any individual, group, or entity, where such rental or use is not otherwise authorized by this rule, for not more than 50 days in each calendar year, and the property is not used for pecuniary gain or to promote business activities for more than 15 of the 50 days in each calendar year. (b) The rental or use of the property by any individual, group, or entity, to conduct activities related to a qualifying farmers market for up to 53 days each calendar year. The 15-day and 50-day limitations provided in (a) of this subsection do not apply to the use of the property for pecuniary gain or for business activities if the property is used for activities related to a qualifying farmers market, and all income received from the rental or use of the exempt

(1) **Introduction.** This (~~section~~) rule explains the property tax exemption available under the provisions of RCW 84.36.350 (~~to~~) for real and personal property owned by a nonprofit organization, association, or corporation and used in operating a sheltered workshop for (~~handicapped~~) persons with disabilities.

(2) **Definitions.** For purposes of this (~~section~~) rule, the following definitions apply:

(a) "~~Handicapped~~) Person with disabilities" means an individual who is physically, mentally, or developmentally disabled. For purposes of this (~~section~~) rule, a person who engages in substance abuse, either drug or alcohol, (~~abuser~~) is considered physically disabled.

(b) "Sheltered workshop" means a facility, or (~~any~~) portion (~~thereof~~) of a facility, operated by a nonprofit organization, association, or corporation where business activities are carried on and whose primary purpose is:

For example, "inventory" includes, but is not limited to, raw materials, work in process, and finished products.

(b) The primary use of any property exempt under this ~~((section))~~ rule must be to provide training, gainful employment, or rehabilitation services to persons who meet the definition of "~~((handicapped))~~ person with disabilities" contained in subsection (2) of this ~~((section))~~ rule.

(c) Example. A sheltered workshop that teaches trade skills and work habits to the blind so that trainees might enter the competitive labor market may qualify for this exemption. This workshop may also qualify if it provides training in recreational activities and living skills, such as housekeeping and cooking.

AMENDATORY SECTION (Amending WSR 16-12-075, filed 5/27/16, effective 6/27/16)

WAC 458-20-240 Manufacturer's new employee tax credits—Applications filed after June 30, 2010. (1) **Introduction.** Chapter 82.62 RCW provides business and occupation (B&O) tax credits to certain persons engaged in manufacturing and research and development activities. These credits are intended to stimulate the economy by creating employment opportunities in specific rural counties and community empowerment zones of this state. The credits are as much as \$4,000 per qualified employment position. This rule explains the eligibility requirements and application procedures for this program. It is important to note that an application for the tax credits must be submitted to the department of revenue (department) within (~~ninety~~) 90 consecutive days after the first qualified employment position is filled. See subsection (6) of this rule for additional information regarding this application requirement.

(2) **Who is eligible for these tax credits?** Subject to certain qualifications, an applicant (person applying for a tax credit under chapter 82.62 RCW) who is engaged in an eligible business project is entitled to the tax credits provided by chapter 82.62 RCW.

(a) **What is an eligible business project?** An "eligible business project" means:

(i) Manufacturing, commercial testing, or research and development activities conducted by an applicant;

(ii) In an eligible area at a specific facility;

(iii) Where employment increases as described under subsection (3) of this rule; and

(iv) Does not include any portion of a business project undertaken by a light and power business or any portion of a business project creating employment positions outside an eligible area.

To be considered an "eligible business project," the applicant's number of average full-time qualified employment positions at the specific facility must increase by (~~fifteen~~) 15 percent in the four consecutive full calendar quarters after the calendar quarter during which the first qualified employment position is filled. Subsection (4) of this rule explains how to determine whether this threshold is satisfied.

New businesses meeting all requirement of the program, whether new to Washington or newly formed, are eligible for all qualified employment positions filled during the four consecutive full calendar quarters immediately preceding the quarter during which the first qualified employment position is filled.

(b) **What is an eligible area?** An "eligible area" is:

(i) A rural county, which is a county with fewer than (~~one hundred~~) 100 persons per square mile or, a county smaller than (~~two hundred twenty-five~~) 225 square miles, as determined annually by the office of financial management and published by the department effective for the period of July 1st through June 30th (see RCW 82.14.370); or

(ii) A community empowerment zone (CEZ). CEZ means an area meeting the requirements of RCW 43.31C.020 and officially designated by the director of the department of commerce. For a business located in

a CEZ, credit is only earned for those employees, who at the time of hire, are residents of the CEZ in which the project is located.

(iii) **How to determine whether an area is an eligible area.** Rural county designation information can be obtained from the office of financial management internet website at www.ofm.wa.gov/pop/popden/rural.asp. The department has instituted a geographic information system (GIS), referred to as the Tax Rate Lookup Tool, to assist taxpayers in determining taxing jurisdiction boundaries, local tax rates, and a mapping and address lookup system to determine whether a specific address is within a CEZ. The system is available on the department's internet website at dor.wa.gov.

(c) **What are manufacturing and research and development activities?**

(i) **Manufacturing.** "Manufacturing" has the meaning given in RCW 82.04.120. In addition, for the purposes of chapter 82.62 RCW, "manufacturing" also includes the activities performed by research and development laboratories and commercial testing laboratories.

(ii) **Research and development.** "Research and development" means the development, refinement, testing, marketing, and commercialization of a product, service, or process before commercial sales have begun, but only when such activities are intended to ultimately result in the production of a new, different, or useful substance or article of tangible personal property for sale. "Commercial sales" does not include sales of prototypes or sales for market testing if the total gross receipts from such sales of the product, service, or process do not exceed (~~one million dollars~~) \$1,000,000.

(3) **What are the hiring requirements?** The average full-time qualified employment positions at the specific facility will be at least (~~fifteen~~) 15 percent greater in the four consecutive full calendar quarters after the calendar quarter during which the first qualified employment position is filled than the applicant's average qualified employment positions at the same facility in the four consecutive full calendar quarters immediately preceding the calendar quarter during which the first qualified employment position is filled.

(a) **What is a qualified employment position?** A "qualified employment position" means a position filled by a permanent full-time employee employed at an eligible business project for four consecutive full calendar quarters. Once a full-time position is established and filled it will continue to be considered "filled" even during periods of vacancy, provided the cumulative period of any vacancies in that position is not more than (~~one hundred twenty~~) 120 days in the four quarter period and the employer is training or actively recruiting a permanent replacement, full-time employee for the position.

(b) **What is a "permanent full-time employee"?** A "permanent full-time employee" is a position that is filled by an employee who satisfies any one of the following minimum thresholds:

(i) Works (~~thirty-five~~) 35 hours per week for (~~fifty-two~~) 52 consecutive weeks;

(ii) Works (~~four hundred fifty-five~~) 455 hours, excluding overtime, each quarter for four consecutive quarters; or

(iii) Works (~~one thousand eight hundred twenty~~) 1,820 hours, excluding overtime, during a period of (~~twelve~~) 12 consecutive months.

(c) **"Permanent full-time employee" - Seasonal operations.** For applicants that regularly operate on a seasonal basis only and that employ more than (~~fifty~~) 50 percent of their employees to work on a

seasonal basis, a "permanent full-time employee" is a permanent full-time employee as described above or an employee(s) that works the equivalent amount of hours on a seasonal basis.

(4) **How to determine if the (~~fifteen~~) 15 percent employment increase requirement is met.** The credit is only available to applicants who satisfy the (~~fifteen~~) 15 percent employment increase.

(a) **Determining the (~~fifteen~~) 15 percent increase.** To determine the projected number of permanent full-time qualified employment positions necessary to satisfy the (~~fifteen~~) 15 percent employment increase requirement:

(i) Determine the average number of permanent full-time qualified employment positions that existed at the facility during the four consecutive full calendar quarters immediately preceding the calendar quarter for which the first qualified employment position is filled.

(ii) Multiply the average number of full-time positions from subsection (i) by .15 or (~~fifteen~~) 15 percent. The resulting number equals the number of new positions that must be filled to meet the (~~fifteen~~) 15 percent increase. Numbers are rounded down to the nearest whole number.

(b) **When does hiring have to occur?** All hiring increases must occur during the four consecutive full calendar quarters after the calendar quarter during which the first qualified employment position is filled for purposes of meeting the (~~fifteen~~) 15 percent threshold test. Positions hired in the four consecutive full calendar quarters prior to the first qualified employment position being filled are not eligible for a credit but the positions are used as a base when calculating whether the (~~fifteen~~) 15 percent threshold has been met.

(c) **The department will assist applicants to determine their hiring requirements.** Accompanying the tax credit application is a worksheet to assist the applicant in determining if the (~~fifteen~~) 15 percent qualified employment threshold is satisfied. Based upon the information provided in the application, the department will advise applicants of their minimum number of hiring needs for which credits are being sought.

(d) **Examples.** The following examples identify a number of facts and then state a conclusion. These examples should be used only as a general guide. The tax status of each situation must be determined after a review of all of the facts and circumstances.

(i) ABC Company anticipates increasing employment at a manufacturing facility by an average of 15 full-time qualified employment positions for a total of 113 positions. The average number of full-time qualified employment positions for the four consecutive full calendar quarters immediately preceding the calendar quarter for which the first qualified employment position is filled was 98. To qualify for the tax credit program, the minimum average number of full-time qualified employment positions required for the four consecutive full calendar quarters after the calendar quarter for which the first qualified positions is filled is $98 \times .15 = 14.7$ (rounding down to 14 positions). Therefore, ABC Company's plan to hire 15 full-time qualified employees satisfies the 15% employment increase requirement.

(ii) ABC anticipates increasing employment positions at this same manufacturing facility by an average of 15 additional full-time qualified employment positions during the following four consecutive full calendar quarters for a total of 128 positions. To qualify for the tax credit program, the minimum average number of full-time qualified employment positions required for these four consecutive full calendar quarters is 16 ($113 \times .15 = 16.95$, rounding down to 16). Therefore,

ABC Company's plan to hire 15 full-time qualified employees does not satisfy the 15% employment increase requirement.

(5) **Restriction against displacing existing jobs within Washington.** The law provides that no recipient may use tax credits approved under this program to decertify a union or to displace existing jobs in any community of the state. Thus, the average expected increase of employment positions at the specific facility for which application is made must reflect a gross increase in the applicant's employment of persons at all locations in this state. Transfers of personnel from existing positions outside of an eligible area to new positions at the specific facility within an eligible area will not be allowed for purposes of approving tax credits. Also, layoffs or terminations of employment by the recipient at other locations in Washington but outside an eligible area for the purpose of hiring new positions within an eligible area will result in the withdrawal of any credits taken or approved.

(6) **Application procedures.** A taxpayer must file an application with and obtain approval from the department to receive tax credits under this program. A new application must be submitted after each group of four consecutive full calendar quarters that you project employment to increase over 15((%)) percent. RCW 82.62.020 requires that application for the tax credits be filed within the first ((~~ninety~~)) 90 days after the first qualified employment position is filled. Applications failing to satisfy this statutory requirement will be disapproved.

(a) **How to obtain and file applications.** ((~~Application~~)) Rural Area Application for New Employee B&O Tax Credit forms ((~~will be~~)) are provided by the department ((~~upon request either by calling 360-902-7175 or from~~)) at the department's internet website at dor.wa.gov under the option for forms. The completed application may be sent by fax ((~~to 360-586-0527 or mailed to the following address:~~

~~Taxpayer Account Administration
Washington State Department of Revenue
P.O. Box 47476~~

Olympia, WA 98504-7476)) or mail to the addresses provided in the application form.

The U.S. Post Office postmark or fax date will be used as the date of application.

(b) **Confidentiality.** Applications, reports, or any other information received by the department in connection with this tax credit program, except applications not approved by the department, are not confidential and are subject to disclosure. All other taxpayer information is subject to the confidentiality provisions in RCW 82.32.330.

(c) **Department to act upon application within ((~~sixty~~)) 60 days.** The department will determine if the applicant qualifies for tax credits on the basis of the information provided in the application and will approve or disapprove the application within ((~~sixty~~)) 60 days. If approved, the department will issue a credit approval ((~~notice~~)) letter containing the dollar amount of tax credits available for use and the procedures for taking the credit. If disapproved, the department will notify the applicant in writing of the specific reasons for disapproval. The applicant may seek administrative review of the department's disapproval of an application by filing a petition for review with the department. The petition must be filed within ((~~thirty~~)) 30 days from the date of notice of the disallowance pursuant to the provisions of WAC 458-20-100 (Informal administrative reviews).

(d) **No adjustment of credit after approval.** After an application is approved and tax credits are granted, no upward adjustment of the application will be made for the four calendar quarters for which the application was approved.

(7) **How much is the tax credit?** The amount of tax credit is based on the number of qualified employment positions created and the wages and benefits paid to these qualified employees.

(a) **How much tax credit may I claim for each qualified employment position?** The amount of tax credit that may be claimed for each position created is as follows:

(i) Two thousand dollars for each qualified employment position that pays (~~forty thousand dollars~~) \$40,000 or less in wages and benefits annually and is employed in an eligible business project; and

(ii) Four thousand dollars for each qualified employment position that pays more than (~~forty thousand dollars~~) \$40,000 in wages and benefits annually and is employed in an eligible business project.

(b) **What qualifies as wages and benefits?** For the purposes of chapter 82.62 RCW, "wages" means compensation paid to an individual for personal services, whether denominated as wages, salary, commission, bonus, or otherwise. "Benefits" means compensation not paid as wages and includes Social Security, retirement, health care, life insurance, industrial insurance, unemployment compensation, vacation, holiday, sick leave, military leave, and jury duty. "Benefits" does not include any amount reported as wages.

(8) **How to claim approved credits.** The recipients must take the tax credits approved under this program on excise tax returns filed using the department's (~~Efile~~) electronic filing system. These tax credits may not exceed the B&O tax liability.

(a) **When can credits be used?** The credits cannot be used until the department has approved the application. After approval, a recipient may use \$2,000 or \$4,000 of tax credit at the time it hires each new employee, depending on the wage/benefit level of the position filled.

(b) **No refunds for unused credits.** No tax refunds will be made for any tax credits which exceed tax liability during the life of this program. If tax credits derived from qualified hiring exceed the recipients' business and occupation tax liability in any one calendar year under this program, they may be carried forward to the next reporting period(s), until used or expired.

(c) **Expiration of unused credits.** All unused credits earned by the recipient expire on January 1st of the year that is six years after the year in which the latest of any one of the following events occurs:

(i) The department receives notice from the recipient or its representative that the recipient has ceased engaging in business in the state as those terms are defined in chapter 82.04 RCW;

(ii) The department closes the recipient's tax reporting account;
or

(iii) The filing with the department of the recipient's last return that claimed the credit.

(9) **Report to be filed by recipient.** A recipient of tax credits under this program must complete and submit a report of employment activities to substantiate that he or she has complied with the hiring and retention requirements for approved credits. RCW 82.62.050. This report must be filed with the department by the last day of the month immediately following the end of the four consecutive full calendar quarter period for which a credit is earned. Based upon this report,

the department will verify that the recipient is entitled to the tax credits approved by the department when the application was reviewed. Rural Area Annual Report for New Employee B&O Tax Credit forms are provided by the department at the department's internet website dor.wa.gov under the option for forms. The completed report may be sent by fax (~~to 360-586-0527 or mailed to the following address:~~

~~Taxpayer Account Administration
Washington State Department of Revenue
P.O. Box 47476~~

~~Olympia, WA 98504-7476))~~ or mail to the addresses provided in the report form.

The U.S. Post Office postmark or fax date will be used as the date of filing.

(a) **Verification of report.** The department will use the same report the recipient provides to the department of employment security, which is known as the quarterly employment security report, to verify the recipient's eligibility for tax credits. The recipient must maintain copies of the quarterly employment report for the four consecutive full calendar quarters prior to the quarter for which the first qualified employment position is filled, the five calendar quarters for which the credits are claimed (this includes the quarter for which the first qualified employment position is filled), and the four consecutive full calendar quarters following the hiring of persons to fill the qualified employment positions. (The recipient does not have to forward copies of the quarterly employment report to the department each quarter.) The department may use other wage information provided to the department by the department of employment security. The taxpayer must provide additional information to the department, as the department finds necessary to calculate and verify wage eligibility.

(b) **Failure to file report.** The law provides that if any recipient fails to submit a report or submits an inadequate report, the department may declare the amount of taxes for which credit has been used to be immediately due and payable. An inadequate report is one which fails to provide information necessary to confirm that the requisite number of employment positions has been created and maintained for four consecutive full calendar quarters.

(10) **What if the required number of positions is not created?** The law provides that if the department finds that a recipient is not eligible for tax credits for any reason, other than failure to create the required number of qualified employment positions, the amount of taxes for which any credit has been used will be immediately due. No interest or penalty will be assessed in such cases. However, if the department finds that a recipient has failed to create the specified number of qualified employment positions, the department will assess interest, but not penalties, on the taxes against which the credit has been used. This interest on the assessment is mandatory and will be assessed at the statutory rate under RCW 82.32.050, retroactively to the date the tax credit was used. The interest will accrue until the taxes for which the credit was used are fully repaid. RCW 82.32.050. The interest rates under RCW 82.32.050 can be obtained from the department's website at dor.wa.gov or by calling the department's information center at (~~1-800-647-7706~~) 360-705-6705.

(11) **Program thresholds.** The department cannot approve any credits that will cause the total credits approved to exceed (~~seven million five hundred thousand dollars~~) \$7,500,000 in any fiscal year. RCW 82.62.030. A "fiscal year" is the (~~twelve-month~~) 12-month period

of July 1st through June 30th. If all or part of an application for credit is disallowed due to cap limitations, the disallowed portion will be carried over for approval the next fiscal year. However, the applicant's carryover into the next fiscal year is only permitted if the total credits approved for the next fiscal year does not exceed the cap for that fiscal year as of the date on which the department has disallowed the application.

AMENDATORY SECTION (Amending WSR 08-14-017, filed 6/20/08, effective 7/21/08)

WAC 458-20-262 Retail sales and use tax exemptions for (~~agricultural employee~~) farmworker housing. (1) **Introduction.** RCW 82.08.02745 and 82.12.02685 provide a retail sales and use tax exemption for (~~agricultural employee~~) farmworker housing. This section also explains the exemptions, who is entitled to the exemptions and how to obtain an exemption certificate.

(2) **Definitions.** The following definitions apply throughout this section.

(a) (~~"Agricultural employee"~~) "Farmworker" means (~~any person who renders personal services to, or under the direction of, an agricultural employer in connection with the employer's agricultural activity (RCW 19.30.010)~~) a single person, or all members of a household, whether such persons are related or not, if the combined household income earned from farm work is at least \$3,000 per calendar year.

(b) "Farm work" means services relating to:

(i) Cultivating the soil, raising or harvesting, or catching, netting, handling, planting, drying, packing, grading, storing, or preserving in its unmanufactured state any agricultural or aquacultural commodity;

(ii) Delivering to storage, market, or a carrier for transportation to market or to processing any agricultural or aquacultural commodity; or

(iii) Working in a processing plant and directly handling agricultural or aquacultural product.

(c) "Agricultural employer" means any person engaged in agricultural activity, including the growing, producing, or harvesting of farm or nursery products, or engaged in the forestation or reforestation of lands, which includes but is not limited to the planting, transplanting, tubing, precommercial thinning, and thinning of trees and seedlings, the clearing, piling and disposal of brush and slash, the harvest of Christmas trees, and other related activities (~~(+)~~) as defined in RCW 19.30.010 (+); and including any employer engaged in aquaculture as defined in RCW 15.85.020.

(~~(e) "Agricultural employee"~~) (d) "Farmworker housing" means all facilities provided by an agricultural employer, housing authority, local government, state or federal agency, nonprofit community or neighborhood-based organization that is exempt from income tax under section 501(c) of the Internal Revenue Code of 1986 (26 U.S.C. sec. 501(c)), or for-profit provider of housing for housing (~~agricultural employees~~) farmworkers on a year-round or seasonal basis, including bathing, food handling, hand washing, laundry, and toilet facilities, single-family and multifamily dwelling units and dormitories (~~(, and includes)~~); and including labor camps as defined under RCW 70.114A.110.

(~~The term also includes but is not limited to~~) (i) "Farmworker housing" may include the following:

(A) Mobile homes, travel trailers, mobile bunkhouses, modular homes, fabricated components of a house, and tents (~~(. Agricultural employee)~~); and

(B) Housing occupied by a household with at least one member who is a farmworker; and

(C) Housing occupied by a farmworker on a seasonal basis, where the housing is not used as farmworker housing for a portion of the year, such as when it is rented to the general public when not being used for farmworker housing.

(ii) "Farmworker housing" does not include:

(A) Housing regularly provided on a commercial basis to the general public (~~(. Agricultural employee housing does not include)~~); and

(B) Housing provided by a housing authority unless at least ~~(eighty)~~ 80 percent of the occupants are ~~(agricultural employees)~~ farmworkers whose adjusted income is less than ~~(fifty)~~ 50 percent of median family income, adjusted for household size, for the county where the housing is provided; and

(C) Housing provided to farmworkers providing services related to the growing, raising, or producing of cannabis.

~~((d))~~ (e) "Person" means any individual, receiver, administrator, executor, assignee, trustee in bankruptcy, trust, estate, firm, copartnership, joint venture, club, company, joint stock company, business trust, municipal corporation, political subdivision of the state of Washington, corporation, limited liability company, association, society, or any group of individuals acting as a unit, whether mutual, cooperative, fraternal, nonprofit, or otherwise and the United States or any instrumentality thereof. ((+) RCW 82.04.030 ((+)).

~~((e))~~ (f) "Agricultural land" has the same meaning as "farm and agricultural ~~(and farm)~~ land" in RCW 84.34.020(2).

(3) Retail sales and use tax exemptions for ~~(agricultural employee)~~ farmworker housing. RCW 82.08.02745 and 82.12.02685, respectively, provide retail sales tax and use tax exemptions for the purchase, construction, and use of ~~(agricultural employee)~~ farmworker housing. ~~((Both exemptions require that agricultural employee housing provided to year-round employees of the agricultural employer must be built to the current building code for single-family or multifamily dwellings according to the state building code, chapter 19.27 RCW. Neither of these exemptions apply to housing built for the occupancy of an employer, family members of an employer, or persons owning stock or shares in a farm partnership or corporation business.))~~

(a) ((The)) Retail sales tax levied under RCW 82.08.020 does not apply to charges for labor and services rendered by any person in respect to the constructing, repairing, decorating, or improving of new or existing buildings or other structures, in which at least 50 percent of housing units in the development are used as ~~(agricultural employee)~~ farmworker housing (~~(. Also exempt are sales of tangible personal property that becomes an ingredient or component of the buildings or other structures, including but not limited to septic tanks, pump houses, cisterns, and driveways.)~~), or to sales of tangible personal property that becomes an ingredient or component of the buildings or other structures during the course of the constructing, repairing, decorating, or improving the buildings or other structures.

(b) Use tax levied under RCW 82.12.020 does not apply to the use of tangible personal property that becomes an ingredient or component of buildings or other structures, in which at least 50 percent of the housing units in the development are used as farmworker housing, during the course of constructing, repairing, decorating, or improving the buildings or other structures by any person.

(i) The use tax exemption for tangible personal property incorporated into buildings or other structures used as farmworker housing

also applies to persons/consumers constructing these buildings or structures for the federal government or county housing authorities. See also WAC 458-20-17001 on government contracting.

(ii) An agricultural employer claiming the exemption who retitles a used mobile home or titles a new mobile home acquired from an out-of-state seller must provide a completed exemption certificate to the department of licensing or its agent to substantiate the exempt nature of the home.

(c) Both exemptions require that farmworker housing provided on a year-round basis only applies if that housing is built to the current building code for single-family or multifamily dwellings according to the state building code, chapter 19.27 RCW.

(d) Any farmworker housing built under this section must be used according to this section for at least five consecutive years from the date the housing is approved for occupancy.

(e) Neither of these exemptions apply to housing built for the occupancy of an employer, family members of an employer, or persons owning stock or shares in a farm partnership or corporation business.

(f) The exemption does not apply to housing built exclusively for workers in the United States on an H-2A visa under the United States citizenship and immigration services. If during any agricultural season in the qualifying five years the housing is occupied by a farmworker who does not have an H-2A visa, then the housing will be considered not to be exclusively built for workers on an H-2A visa.

(g) The exemption is provided for all housing units in the development and is available only if the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department by rule.

(h) Examples of tangible personal property that may become ingredients or components of buildings or other structures include, but are not limited to, cement, lumber, nails, paint, and wallpaper.

(i) Appliances and furniture including, but not limited to, stoves, refrigerators, bed frames, lamps and television sets, bolted or strapped directly to the building or structure are considered components of the building or structure. Additionally, appliances and furniture bolted or strapped to another item that is bolted or strapped directly to the building or structure (e.g., a television set bolted to a refrigerator that is strapped to the structure) are considered components of the building or structure.

(ii) Items that are not bolted or strapped directly to the building or structure, or to another item similarly bolted or strapped, do not qualify for this exemption. These items include, but are not limited to, kitchen utensils, mattresses, bedding, portable heating units, and throw rugs. Stoves, refrigerators, bed frames, lamps and television sets that are not bolted or strapped as discussed in (a)(i) of this subsection, also do not qualify as components of the building or structure.

(iii) Purchases of labor and transportation charges necessary to move and set up mobile homes, mobile bunkhouses, and other property and component parts as ~~((agricultural employee))~~ farmworker housing are exempt ~~((of))~~ from retail sales tax.

(iv) As a condition for exemption, the seller must take from the buyer an exemption certificate completed by the buyer to document the exempt nature of the sale. This requirement may be satisfied by using the department of revenue's "Farmers' ~~((Retail))~~ Certificate for Wholesale Purchases and Sales Tax Exemptions ~~((Certificate))"~~ which can be obtained through the following means:

(A) From the department's internet site at <http://dor.wa.gov>;

(B) By calling taxpayer services at ((1-800-647-7706))

360-705-6705; or

(C) By writing to:

Taxpayer Services
Washington State Department of Revenue
P.O. Box 47478
Olympia, WA 98504-7478

The seller may accept a legible fax or duplicate copy of an original exemption certificate. In all cases, the exemption certificate must be retained by the seller for a period of at least five years. An exemption certificate may be provided for a single purchase or for multiple purchases over a period of time. If the certificate is provided for multiple purchases over a period of time, the certificate is valid for as long as the buyer and seller have a recurring business relationship. A "recurring business relationship" means at least one sale transaction within a period of ((twelve)) 12 consecutive months. RCW 82.08.050 (7)(c). Failure to comply with the provisions in this section may result in a denial of the exemption and the agricultural employer may be subject to use tax plus penalties and interest.

~~((b) The use tax exemption is available for the use of tangible personal property that becomes an ingredient or component of buildings or other structures used as agricultural employee housing during the course of constructing, repairing, decorating, or improving the buildings or other structures by any person. Again, appliances and furniture that are bolted or strapped to the actual building or structure are considered components of the building or structure.~~

~~(i) The exemption for materials incorporated into buildings or other structures used as agricultural employee housing also applies to persons/consumers constructing these buildings or structures for the federal government or county housing authorities. (See also WAC 458-20-17001 on government contracting.)~~

~~(ii) An agricultural employer claiming the exemption who retitles a used mobile home or titles a new mobile home acquired from an out-of-state seller must provide a completed exemption certificate to the department of licensing or its agent to substantiate the exempt nature of the home.)~~

(4) Requirement to remit payment of tax if ((agricultural)) farmworker housing fails to continue to satisfy the conditions of exemption. ((The agricultural employee))

AMENDATORY SECTION (Amending WSR 22-04-028, filed 1/24/22, effective 1/1/22)

WAC 458-30-590 Rate of inflation—Publication—Interest rate—

Calculation. (1) **Introduction.** This rule provides the rates of inflation discussed in RCW 84.34.330 and WAC 458-30-550 Exemption—Removal or withdrawal. It also explains the department of revenue's (department) obligation to annually publish a rate of inflation and the manner in which this rate is determined.

(2) **General duty of department - Basis for inflation rate.** Each year the department determines and publishes a rule establishing an annual rate of inflation. This rate of inflation is used in computing the interest that is assessed when farm and agricultural or timber land, which are exempt from special benefit assessments, is withdrawn or removed from current use classification.

(a) The rate of inflation is based on the implicit price deflator for personal consumption expenditures calculated by the United States Department of Commerce. This rate is used to calculate the rate of interest collected on exempt special benefit assessments.

(b) The rate is published by December 31st of each year and applies to all withdrawals or removals from the farm and agricultural or timber land classifications that occur the following year.

(3) **Assessment of rate of interest.** An owner of classified farm and agricultural or timber land is liable for interest on the exempt special benefit assessment. Interest accrues from the date the local improvement district is created until the land is withdrawn or removed from classification. Interest accrues and is assessed in accordance with WAC 458-30-550.

(a) Interest is assessed only for the time (years and months) the land remains classified under RCW 84.34.020 (2) or (3).

(b) If the classified land is exempt from the special benefit assessment for more than one year, the annual inflation rates are used to calculate an average rate of interest. This average is determined by adding the inflation rate for each year the classified land was exempt from the special benefit assessment after the local improvement district was created. The sum of the inflation rates is then divided by the number of years involved to determine the applicable rate of interest.

(c) Example. A local improvement district for a domestic water supply system was created in January 2010 and the owner used the statutory exemption provided in RCW 84.34.320. On July 1, 2017, the land was removed from the farm and agricultural classification. An average interest rate was calculated using the inflation rates for 2010 through 2017. The owner was then notified of the amount of previously exempt special benefit assessment, plus the average interest rate.

(4) **Rates of inflation.** The rates of inflation used to calculate the interest as required by WAC 458-30-550 are as follows:

1976	5.6	1977	6.5
1978	7.6	1979	11.3

WITHDRAWAL OF
EXPEDITED RULE MAKING
DEPARTMENT OF
LABOR AND INDUSTRIES**

[Filed October 5, 2022, 10:05 a.m.]

The department of labor and industries (L&I) is withdrawing the CR-105 expedited rule making regarding prevailing wage ordinary maintenance filed on June 21, 2022, and published under WSR 22-13-152.

L&I is withdrawing the CR-105 pertaining to the definition of ordinary maintenance in WAC 296-127-010. There were no objections to the use of expedited rule making. However, L&I received a request to amend the proposed language in WAC 296-127-010 to mirror the exact language stated in RCW 35.82.070(6), rather than having a reference to the statute. A new CR-105 will be filed on October 5, 2022.

EXPEDITED RULES
DEPARTMENT OF
LABOR AND INDUSTRIES
[Filed October 5, 2022, 10:25 a.m.]

Title of Rule and Other Identifying Information: Definition of ordinary maintenance. WAC 296-127-010 Definitions for chapter 296-127 WAC, Prevailing wage.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The legislature passed HB 1975 relating to property management services provided to housing authority properties, amending RCW 35.82.070. HB 1975 specifies that certain revenues collected by a property management services company from housing project tenants, when used to pay for administrative operating and ordinary maintenance costs, are treated as private funds. HB 1975 also includes a definition of what "ordinary maintenance" is specific to housing authorities. The department of labor and industries (L&I) now needs to include this language in WAC 296-127-010 to ensure the rule definition of "ordinary maintenance" is consistent with the definition in statute.

Reasons Supporting Proposal: L&I must update the definition of "ordinary maintenance" in WAC 296-127-010 to ensure the rule definition is consistent with the definition created in statute, in RCW 35.82.070, through the passage of HB 1975.

Statutory Authority for Adoption: Chapter 39.12 RCW.

Statute Being Implemented: HB 1975 (chapter 273, Laws of 2022).

Rule is not necessitated by federal law, federal or state court decision.

Name of Proponent: L&I, governmental.

Name of Agency Personnel Responsible for Drafting: Reasa L. Pearson, Tumwater, WA, 360-902-5331; Implementation and Enforcement: Jody Robbins, Tumwater, WA, 360-902-5330.

This notice meets the following criteria to use the expedited adoption process for these rules:

Adopts or incorporates by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of statewide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule.

Explanation of the Reason the Agency Believes the Expedited Rule-Making Process is Appropriate: Expedited rule making is appropriate because HB 1975 has passed, and includes a definition of what "ordinary maintenance" includes specific to housing authorities. L&I plans to mirror the language in its rules (WAC 296-127-010).

NOTICE

THIS RULE IS BEING PROPOSED UNDER AN EXPEDITED RULE-MAKING PROCESS THAT WILL ELIMINATE THE NEED FOR THE AGENCY TO HOLD PUBLIC HEARINGS, PREPARE A SMALL BUSINESS ECONOMIC IMPACT STATEMENT, OR PROVIDE RESPONSES TO THE CRITERIA FOR A SIGNIFICANT LEGISLATIVE RULE. IF YOU OBJECT TO THIS USE OF THE EXPEDITED RULE-MAKING PROCESS, YOU MUST EXPRESS YOUR OBJECTIONS IN WRITING AND THEY MUST BE SENT TO Reasa L.
