RCW 41.28.020 Retirement system created—Adoption by cities. A retirement system is hereby created and established in each city of the first class in each county with a population of one hundred twenty-five thousand or more to be known as the "employees' retirement system". This chapter shall become effective as to any such city when by ordinance of the city duly enacted its terms are expressly accepted and made applicable thereto. This section shall not be construed as preventing performance before July 1, 1939, of any preliminary work which any city council, city commission or board of administration shall deem necessary. [1991 c 363 s 118; 1939 c 207 s 3; RRS s 9592-103. FORMER PART OF SECTION: 1939 c 207 s 1; RRS s 9592-101 now codified as RCW 41.28.005.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

RCW 41.28.030 Employees within or excluded from system. (1) With the exception of those employees who are excluded from membership as herein provided, all employees shall become members of the retirement system as follows:

(a) Every employee in city service as defined in this chapter, on July 1, 1939, shall become a member of the retirement system on that date.

(b) Every employee who enters or reenters city service after July 1, 1939, shall become a member of the retirement system upon the completion of six months of continuous service.

(2) The following shall be specifically exempted from the provisions of this chapter:

(a) Members of the police departments who are entitled to the benefits of the police relief and pension fund as established by state law.

(b) Members of the fire departments who are entitled to the benefits of the firefighters' relief and pension fund as established by state law.

(3) It shall be the duty of the head of each office or department to give immediate notice in writing to the board of administration of the change in status of any member of his or her office or department, resulting from transfer, promotion, leave of absence, resignation, reinstatement, dismissal or death. The head of each office or department shall furnish such other information concerning any member as the board may require.

(4) Each member shall be subject to all the provisions of this chapter and to all the rules and regulations adopted by the board of administration. Should the service of any member, in any period of ten consecutive years, amount to less than five years, or should he or she withdraw more than one quarter of his or her accumulated contributions, or should he or she die or be retired, he or she shall thereupon cease to be a member. [2012 c 117 s 44; 1939 c 207 s 4; RRS s 9592-104.]

RCW 41.28.040 Rates of contribution—Deduction and payment into fund. (1) The normal rate of contribution of members shall be those adopted by the board of administration, subject to the approval of the city council or city commission, and for the first five-year period such rates shall be based on sex and on age of entry into the retirement system, which age shall be the age at the birthday nearest the time of entry into the system. The rates so adopted shall remain in full force and effect until revised or changed by the board of administration in the manner provided in RCW 41.28.060. The normal rates of contribution shall be so fixed as to provide an annuity which, together with the pension provided by the city, shall give as nearly as may be a retirement allowance at the age of sixty-two years of one and one-third percent of the final compensation multiplied by the number of years of service of the retiring employee. The normal rate established for age sixty-one shall be the rate for any member who has attained a greater age before entry into the retirement system. The normal rate of contribution for age twenty shall be the rate for any member who enters the retirement system at an earlier age.

(2) Subject to the provision of this chapter, the board of administration shall adopt rules and regulations governing the making of deductions from the compensation of employees and shall certify to the head of each office or department the normal rate of contribution for each member provided for in subdivision (1) of this section. The head of the department shall apply such rate of contribution, and shall certify to the city comptroller on each and every payroll the amount to be contributed and shall furnish immediately to the board a copy of each and every payroll; and each of said amounts shall be deducted by the city comptroller and shall be paid into the retirement fund, hereinafter provided for, and shall be credited by the board together with regular interest to an individual account of the member for whom the contribution was made.

Every member shall be deemed to consent and agree to the contribution made and provided for herein, and shall receipt in full for his or her salary or compensation. Payment less said contribution shall be a full and complete discharge of all claims and demands

whatsoever for the service rendered by such person during the period covered by such payment, except his or her claim to the benefits to which he or she may be entitled under the provisions of this chapter.

(3) At the end of each payroll period, the board shall determine the aggregate amount of the normal contributions for such period, and shall certify such aggregate to the city comptroller, who shall thereupon transfer to the retirement fund, hereinafter provided for, from the money appropriated for that purpose in the budget for the fiscal year, an amount equal to the aggregate normal contributions for the period received from members.

(4) Any member may elect to contribute at rates in excess of those provided for in subdivision (1) of this section, for the purpose of providing additional benefits, but the exercise of this privilege by a member shall not place on the city any additional financial obligation. The board of administration, upon application, shall furnish to such member information concerning the nature and amount of additional benefits to be provided by such additional contribution. [2012 c 117 s 45; 1967 c 185 s 2; 1939 c 207 s 5; RRS s 9592-105.]

RCW 41.28.050 Allowance of service credit. (1) Subject to the following and all other provisions of this chapter, including such rules and regulations as the board shall adopt in pursuance thereof, the board, subject to the approval of the city council or city commission, shall determine and may modify allowance for service.

Time during which a member is absent on leave without pay shall not be allowed in computing service: PROVIDED, HOWEVER, That any member shall be given credit for any period served by him or her in the national guard, or in the United States army, navy, or marine corps, upon the call of the president, if at the time of such service such member was a regular employee under leave of absence. Certificate of honorable discharge from and/or documentary evidence of such service shall be submitted to the board in order to obtain credit for such service.

Each member shall file with the board such information affecting his or her status as a member of the retirement system as the board may require.

(2) The board shall grant credit for prior service to each member entering the retirement system on July 1, 1939, and to each member entering after that date, if such entry is within one year after rendering service prior to July 1, 1939: PROVIDED, HOWEVER, That the board may grant credit for prior service to those entering the retirement system after July 1, 1939, where the employee, because of sickness or other disability, has been on leave of absence, regularly granted, since discontinuance of city service, regardless of the length of such leave. No prior service credit shall be used as a basis for retirement or other benefit unless the membership continues until retirement on a retirement allowance or until the granting of other benefits. [2012 c 117 s 46; 1939 c 207 s 6; RRS s 9592-106.]

RCW 41.28.060 Board of administration to administer system— Powers and duties—Actuarial investigations and valuations—Reports, records, and accounts. The administration of the retirement system is hereby vested in the board of administration created in RCW 41.28.080.

The board shall exercise the powers and duties conferred upon it by said section, and in addition thereto:

(1) The board shall keep in convenient form such data as shall be necessary for the actuarial valuation of the retirement fund created by this chapter. At the end of the five-year period beginning with the year 1939, and at the end of every five-year period thereafter, the board shall cause to be made an actuarial investigation into the mortality, service and compensation experience of the members, and beneficiaries as defined by this chapter; and shall further cause to be made an actuarial valuation of the assets and liabilities of the retirement fund, and upon the basis of such investigation and valuation and subject to the approval of the city council or city commission, shall:

(a) Make any necessary changes in the rate of interest;

(b) Adopt for the retirement system such mortality, service and other tables as shall be necessary;

(c) Revise or change the rates of contribution by members on the basis of such mortality, service and other tables.

(2) The board shall promptly transmit to the city council or city commission a report covering the actuarial investigation and actuarial valuation provided for in subdivision (1) of this section.

(3) In addition to other records and accounts, the board shall keep such detailed reports and accounts as shall be necessary to show the financial condition of the retirement fund at all times.

(4) The board shall annually transmit to the city council or city commission a report showing the financial condition of the fund established by this chapter. [1939 c 207 s 7; RRS s 9592-107.]

RCW 41.28.070 Employees' retirement fund created—Composition.

A fund is hereby created and established in all cities of the first class as under this chapter provided to be known as the "employees' retirement fund" and shall consist of all the moneys paid into it in accordance with the provisions of this chapter, whether such moneys shall take the form of cash, securities, or other assets. [1939 c 207 s 8; RRS s 9592-108.]

RCW 41.28.080 Board of administration—Members—Duties—Fiscal affairs.

(1) There is hereby created and established a board of administration in each city coming under this chapter, which shall, under the provisions of this chapter and the direction of the city council or city commission, administer the retirement system and the retirement fund created by this chapter. Under and pursuant to the direction of the city council or city commission, the board shall provide for the proper investment of the moneys in the said retirement fund.

(2) The board of administration shall consist of seven members, as follows: Three members appointed by the regular appointing authority of the city, and three employees who are eligible to membership in the retirement system, to be elected by the employees. The above six members shall appoint the seventh member.

(3) The investment of all or any part of the retirement fund shall be subject to chapter 35.39 RCW.

(4) Subject to such provisions as may be prescribed by law for the deposit of municipal funds in banks, cash belonging to the

retirement fund may be deposited in any licensed national bank or in any bank, banks or corporations authorized or licensed to do a banking business and organized under the laws of the state of Washington.

(5) The city treasurer shall be the custodian of the retirement fund. All payments from said fund shall be made by the city treasurer but only upon warrant duly executed by the city comptroller.

(6) Except as herein provided, no member and no employee of the board of administration shall have any interest, direct or indirect, in the making of any investments from the retirement fund, or in the gains or profits accruing therefrom. And no member or employee of said board, directly or indirectly, for himself or herself or as an agent or partner of others, shall borrow any of its funds or deposits or in any manner use the same except to make such current and necessary payments as are authorized by said board; nor shall any member or employee of said board become an endorser or surety or become in any manner an obligor for moneys invested by the board. [2012 c 117 s 47; 1983 c 3 s 93; 1969 ex.s. c 211 s 2; 1939 c 207 s 9; RRS s 9592-109.]

RCW 41.28.085 Legislative intent—Investments. In order that the intent of the legislature may be made clear with respect to investments, but without restricting the necessary flexibility that must exist for successful investing of the retirement and pension funds, the legislature makes this declaration of its desire that the investment authority shall give primary consideration to dealing with brokerage firms which maintain offices in the state of Washington so that the investment programs may make a meaningful contribution to the economy of the state. It is further the desire of the legislature that the retirement and pension funds shall be used as much as reasonably possible to benefit and expand the business and economic climate within the state of Washington so long as such use would be consistent with sound investment policy. [1969 ex.s. c 211 s 3.]

RCW 41.28.090 Contributions by city. (1) There shall be paid into the retirement fund by contributions of the city, the amounts necessary to pay all pensions and all other benefits allowable under this chapter to members on account of prior service, and minimum allowances provided for in RCW 41.28.130. Until the amount accumulated in the retirement fund becomes at least as large as the present value of all amounts thereafter payable from said fund the amount annually due to the said fund under this section shall be the amount payable from said fund in the ensuing fiscal year on account of prior service and minimum allowances. [1939 c 207 s 10; RRS s 9592-110.]

RCW 41.28.100 City obligated to contribute. The payments of the city due the retirement fund as provided for in this chapter are hereby made obligations of the city as defined in this chapter. The board shall annually, on or before the tenth day of July each year, prepare and submit to the city council or city commission an estimate of the amounts necessary to meet such obligations, and the city council or city commission shall provide for the raising of such amounts as are necessary to make such payments. [1939 c 207 s 11; RRS s 9592-111.]

RCW 41.28.110 Payments on discontinuance of service—

Reemployment—Redeposit. (1) Should the service of a member be discontinued, except by death or retirement, he or she shall be paid not later than six months after the day of discontinuance such part of his or her accumulated contributions as he or she shall demand: PROVIDED, HOWEVER, That a member may appeal to the board and by unanimous vote, the board may grant a request for immediate withdrawal of contributions. If in the opinion of the board said member is permanently separated from service by reason of such discontinuance he or she shall be paid forthwith all of his or her accumulated contributions with interest: AND PROVIDED ALSO, That the board may, in its discretion, withhold for not more than one year after a member last rendered service all or part of his or her accumulated normal contributions if after a previous discontinuance of service he or she withdrew all or part of his or her accumulated normal contributions and failed to redeposit such withdrawn amount in the retirement fund as provided in this section: PROVIDED FURTHER, That the city shall receive credit for the full amount deposited by the city in the retirement fund for such member's benefit plus interest. Any member may redeposit in the retirement fund an amount equal to that which he or she previously withdrew therefrom at the last termination of his or her membership, such redeposit to be paid into the retirement fund in accordance with rules established by the board. If a member upon reentering the retirement system after a termination of his or her membership shall not make such a redeposit as hereinabove provided, the rate of his or her contributions for future years shall be the normal rate provided for in RCW 41.28.040(1) at his or her age of reentrance; otherwise his or her rate of contribution for future years shall be the same as his or her rate prior to the termination of his or her membership. In the event such redeposit is made by a member, an amount equal to the accumulated normal contributions so redeposited shall again be held for the benefit of said member, and shall no longer be included in the amounts available to meet the obligations of the city on account of benefits that have been granted or liabilities that have been assumed on account of prior service of members, and the city shall reinstate the prior service credit for such member. [2012 c 117 s 48; 1939 c 207 s 12; RRS s 9592-112.]

RCW 41.28.120 Retirement for service. Retirement of member for service shall be made by the board of administration as follows:

(1) Each member in the city service on June 8, 1967, who, on or before such effective date, has attained the age of sixty-five years or over, shall be forthwith retired on the first day of the calendar month next succeeding the month in which the employee shall have attained the age of sixty-five: PROVIDED, That none of such members shall be subject to compulsory retirement for a period of five years following said effective date, but during such period any member having attained the age of sixty-five may voluntarily retire after attaining such age. Members attaining the age of sixty-five after June 8, 1967 shall be retired on the first day of the calendar month next succeeding the month in which the member shall have attained the age of sixty-five, but none of such members shall be subject to compulsory retirement until five years after said effective date: PROVIDED, FURTHER, That any member attaining the age of seventy years during said five year period shall be forthwith retired on the first day of

the calendar month next succeeding the month in which the employee shall have attained the age of seventy years, except as otherwise provided in this chapter. The board shall extend the time of retirement for any member hired prior to June 8, 1967 so as to enable said member to qualify for retirement benefits under this chapter, but in no event should such extension extend beyond the age of seventy years.

(2) Any member in the city service may retire by filing with the board a written application, stating when he or she desires to be retired, such application to be made at least thirty days prior to date of retirement: PROVIDED, HOWEVER, That said member, at the time specified for his or her retirement, shall have completed ten years of city service as defined in this chapter, and shall have attained the age of fifty-seven years, or shall have completed thirty years of city service as defined in this chapter. Permanent discontinuance of city service after age of fifty-seven shall entitle the member to his or her retirement allowance: PROVIDED, That such employee has had at least ten years of city service to his or her credit: AND PROVIDED FURTHER, That permanent discontinuance of city service after the completion of thirty years of city service shall entitle the member to his or her retirement allowance. [2012 c 117 s 49; 1967 c 185 s 3; 1939 c 207 s 13; RRS s 9592-113.]

(b) A pension purchased by the contributions of the city, equal to the annuity purchased by the accumulated normal contributions of the member.

(c) For any member having credit for prior service an additional pension, purchased by the contributions of the city equal to one and one-third percent of the final compensation, multiplied by the number of years of prior service credited to said member, except that if a member shall retire before attaining the age of sixty-two years, the additional pension shall be reduced to an amount which shall be equal to a lesser percentage of final compensation, multiplied by the number of years of prior service credited to said member, which lesser percentage shall be applied to the respective ages of retirement in accordance with the following tabulation:

(2) If the retirement allowance of the member as provided in this section, exclusive of any annuity purchased by his or her accumulated additional contributions, is in excess of two-thirds of his or her final salary, the pension of the member, purchased by the contributions of the city, shall be reduced to such an amount as shall make the member's retirement allowance, exclusive of any annuity purchased by his or her accumulated additional contributions, equal to two-thirds of his or her final salary, and the actuarial equivalent of such reduction shall remain in the retirement fund to the credit of the city: PROVIDED, That the retired member will be granted a cost of living increase, in addition to the allowance provided in this section, of one percent commencing January 1, 1968 and an additional one percent on the first day of each even-numbered year thereafter if the U.S. Bureau of Labor Statistics' Cost of Living Index has increased one percent or more since the last cost of living increase in the member's retirement allowance; such increases shall apply only to retirement allowances approved on or after January 1, 1967.

(3) Any member, who enters the retirement system on July 1, 1939, or who enters after that date and who is given the credit for prior service, and who is retired by reason of attaining the age of seventy years, shall receive such additional pension on account of prior service, purchased by the contributions of the city, as will make his or her total retirement allowance not less than four hundred twenty dollars per year.

(4) Any member who, at the time of his or her retirement, has at least ten years of creditable service, as defined in this chapter, and who has attained the age of sixty-five years or over, shall receive such additional pension, purchased by the contributions of the city, as will make his or her total retirement allowance not less than nine hundred sixty dollars per year. RCW 41.28.140 Retirement for disability. Any member while in city service may be retired by the board of administration for permanent and total disability, either ordinary or accidental, upon examination, as follows:

(1) Any member who has not attained the age of sixty-five years and who has at least ten years of city service as defined in this chapter, to his or her credit: PROVIDED, That the required ten years of city service shall have been credited to the member over a period of not to exceed fifteen years immediately preceding retirement, within three months after the discontinuance of city service, or while physically or mentally incapacitated for the performance of duty, if such incapacity has been continuous from discontinuance of city service, shall be examined by a physician or surgeon, appointed by the board of administration upon the application of the head of the office or department in which said member is employed, or upon application of

said member, or a person acting in his or her behalf, stating that said member is permanently and totally incapacitated, either physically or mentally, for the performance of duty and ought to be retired. If such medical examination shows, to the satisfaction of the board, that the said member is permanently and totally incapacitated either physically or mentally for the performance of duty and ought to be retired, the board shall retire the said member for disability forthwith.

(2) The board shall secure such medical services and advice as it may deem necessary to carry out the purpose of this section and of RCW 41.28.160, and shall pay for such medical services and advice such compensation as the board shall deem reasonable. [2012 c 117 s 51; 1939 c 207 s 15; RRS s 9592-115.]

RCW 41.28.150 Disability retirement allowances—Grounds for denial. (1) Upon retirement for disability, as hereinabove provided: PROVIDED, The disability is not due to intemperance, willful misconduct or violation of law, of which the board shall be the judge, a member shall receive a retirement allowance which shall consist of:

(1) The board of administration may at its pleasure require any disability beneficiary under age sixty-two years to undergo medical examination to be made by a physician or surgeon appointed by the board, at a place to be designated by the board. Upon the basis of such examination the board shall determine whether such disability beneficiary is still totally and permanently incapacitated either mentally or physically for service in the office or department of the

city where he or she was employed or in any other city service for which he or she is qualified. If the board of administration shall determine that said beneficiary is not so incapacitated, his or her retirement allowance shall be canceled and he or she shall be reinstated forthwith in the city service.

When said disability beneficiary reaches the age of sixty-two years, his or her retirement allowance shall be made equal to the amount upon which he or she was originally retired, and shall not again be modified for any cause except as provided in RCW 41.28.220.

(4) Should the retirement allowance of any disability beneficiary be canceled for any cause other than reentrance into the city service he or she shall be paid his or her accumulated contributions, less annuity payments made to him or her. [2012 c 117 s 53; 1939 c 207 s 17; RRS s 9592-117.]
