Reviser's note: *(1) RCW 71A.10.020 was amended by 2022 c 277 § 2, changing subsection (5) to subsection (6).

Short title—Right of action—2016 sp.s. c 29: See notes following RCW 71.05.010.

Effective date—2014 c 225: See note following RCW 71.24.016.

Effective date—2011 c 89: See note following RCW 18.320.005.

Findings—2011 c 89: See RCW 18.320.005.

Findings—Intent—Severability—Application—Construction—Captions, part headings, subheadings not law—Adoption of rules—Effective dates—2005 c 504: See notes following RCW 71.05.027.

Alphabetization—Correction of references—2005 c 504: See note following RCW 71.05.020.

Findings—Intent—2004 c 157: "The legislature finds that recent state and federal case law requires clarification of state statutes with regard to competency evaluations and involuntary medication ordered in the context of competency restoration.

The legislature finds that the court in *Born v. Thompson*, 117 Wn. App. 57 (2003) interpreted the term "nonfatal injuries" in a manner that conflicts with the stated intent of the legislature to: "(1) Clarify that it is the nature of a person's current conduct, current mental condition, history, and likelihood of committing future acts that pose a threat to public safety or himself or herself, rather than

simple categorization of offenses, that should determine treatment procedures and level; ... and (3) provide additional opportunities for mental health treatment for persons whose conduct threatens himself or herself or threatens public safety and has led to contact with the criminal justice system" as stated in section 1, chapter 297, Laws of 1998. Consequently, the legislature intends to clarify that it intended "nonfatal injuries" to be interpreted in a manner consistent with the purposes of the competency restoration statutes.

The legislature also finds that the decision in *Sell v. United States*, ___ U.S. ___ (2003), requires a determination whether a particular criminal offense is "serious" in the context of competency restoration and the state's duty to protect the public. The legislature further finds that, in order to adequately protect the public and in order to provide additional opportunities for mental health treatment for persons whose conduct threatens themselves or threatens public safety and has led to contact with the criminal justice system in the state, the determination of those criminal offenses that are "serious" offenses must be made consistently throughout the state. In order to facilitate this consistency, the legislature intends to determine those offenses that are serious in every case as well as the standards by which other offenses may be determined to be serious. The legislature also intends to clarify that a court may, to the extent permitted by federal law and required by the *Sell* decision, inquire into the civil commitment status of a defendant and may be told, if known." [2004 c 157 § 1.]

Severability—2004 c 157: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2004 c 157 § 7.]

Effective date—2004 c 157: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 26, 2004]." [2004 c 157 § 8.]

Purpose—Construction—1999 c 13: "The purpose of this act is to make technical nonsubstantive changes to chapters 10.77 and 71.05 RCW. No provision of this act shall be construed as a substantive change in the provisions dealing with persons charged with crimes who are subject to evaluation under chapter 10.77 or 71.05 RCW." [1999 c 13 § 1.]

Alphabetization of section—1998 c 297 § 29: "The code reviser shall alphabetize the definitions in RCW 10.77.010 and correct any references." [1998 c 297 § 51.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

offense charged for which the person was committed, or was acquitted by reason of insanity.

(2) Whenever any person committed under any provision of this chapter has not been released within seven days of the maximum possible penal sentence under subsection (1) of this section, and the professional person in charge of the facility believes that the person presents a likelihood of serious harm or is gravely disabled due to a mental disorder, the professional person shall, prior to the expiration of the maximum penal sentence, notify the appropriate designated crisis responder of the impending expiration and provide a copy of all relevant information regarding the person, including the likely release date and shall indicate why the person should not be released.

(3) A designated crisis responder who receives notice and records under subsection (2) of this section shall, prior to the date of the expiration of the maximum sentence, determine whether to initiate proceedings under chapter 71.05 RCW. [2016 sp.s. c 29 § 406; 2000 c 94 § 13; 1998 c 297 § 31.]

(1) Evidence of insanity is not admissible unless the defendant, at the time of arraignment or within ten days thereafter or at such later time as the court may for good cause permit, files a written notice of his or her intent to rely on such a defense.

(2) Insanity is a defense which the defendant must establish by a preponderance of the evidence.

(3) No condition of mind proximately induced by the voluntary act of a person charged with a crime shall constitute insanity. [1998 c 297 § 32; 1974 ex.s. c 198 § 3; 1973 1st ex.s. c 117 § 3.]

RCW 10.77.040 Instructions to jury on special verdict. Whenever the issue of insanity is submitted to the jury, the court shall instruct the jury to return a special verdict in substantially the following form:

- | | answer
yes or no |
|---|---------------------|
| 1. Did the defendant commit the act charged? | |
| 2. If your answer to number 1 is yes, do you acquit him or her because of insanity existing at the time of the act charged? | |
| 3. If your answer to number 2 is yes, is the defendant a substantial danger to other persons unless kept under further control by the court or other persons or institutions? | |
| 4. If your answer to number 2 is yes, does the defendant present a substantial likelihood of committing criminal acts jeopardizing public safety or security unless kept under further control by the court or other persons or institutions? | |
| 5. If your answers to either number 3 or number 4 is yes, is it in the best interests of the defendant and others that the defendant be placed in treatment that is less restrictive than detention in a state mental hospital? | |

RCW 10.77.050 Mental incapacity as bar to proceedings. No incompetent person shall be tried, convicted, or sentenced for the commission of an offense so long as such incapacity continues. [1974 ex.s. c 198 § 5; 1973 1st ex.s. c 117 § 5.]

RCW 10.77.060 Plea of not guilty due to insanity—Doubt as to competency—Evaluation—Bail—Report—Competency to stand trial status check. (1) (a) Whenever a defendant has pleaded not guilty by reason of insanity, or there is reason to doubt his or her competency, the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(b) The signed order of the court shall serve as authority for the evaluator to be given access to all records held by any mental health, medical, educational, or correctional facility that relate to

the present or past mental, emotional, or physical condition of the defendant. If the court is advised by any party that the defendant may have a developmental disability, the evaluation must be performed by a developmental disabilities professional and the evaluator shall have access to records of the developmental disabilities administration of the department.

(c) The evaluator shall assess the defendant in a jail, detention facility, in the community, or in court to determine whether a period of inpatient commitment will be necessary to complete an accurate evaluation. If inpatient commitment is needed, the signed order of the court shall serve as authority for the evaluator to request the jail or detention facility to transport the defendant to a hospital or secure mental health facility for a period of commitment not to exceed fifteen days from the time of admission to the facility. Otherwise, the evaluator shall complete the evaluation.

(d) The court may commit the defendant for evaluation to a hospital or secure mental health facility without an assessment if:

(i) The defendant is charged with murder in the first or second degree; (ii) the court finds that it is more likely than not that an evaluation in the jail will be inadequate to complete an accurate evaluation; or (iii) the court finds that an evaluation outside the jail setting is necessary for the health, safety, or welfare of the defendant. The court shall not order an initial inpatient evaluation for any purpose other than a competency evaluation.

(e) The order shall indicate whether, in the event the defendant is committed to a hospital or secure mental health facility for evaluation, all parties agree to waive the presence of the defendant or to the defendant's remote participation at a subsequent competency hearing or presentation of an agreed order if the recommendation of the evaluator is for continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to the expiration of the authorized commitment period.

(f) When a defendant is ordered to be evaluated under this subsection (1), or when a party or the court determines at first appearance that an order for evaluation under this subsection will be requested or ordered if charges are pursued, the court may delay granting bail until the defendant has been evaluated for competency or sanity and appears before the court. Following the evaluation, in determining bail the court shall consider: (i) Recommendations of the evaluator regarding the defendant's competency, sanity, or diminished capacity; (ii) whether the defendant has a recent history of one or more violent acts; (iii) whether the defendant has previously been acquitted by reason of insanity or found incompetent; (iv) whether it is reasonably likely the defendant will fail to appear for a future court hearing; and (v) whether the defendant is a threat to public safety.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the evaluation authorized by subsection (1) of this section, and that the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon the

request of the defendant assist him or her in obtaining an expert or professional person.

(3) The report of the evaluation shall include the following:

(a) A description of the nature of the evaluation;

(b) A diagnosis or description of the current mental status of the defendant;

(c) If the defendant suffers from a mental disease or defect, or has a developmental disability, an opinion as to competency;

(d) If the defendant has indicated his or her intention to rely on the defense of insanity pursuant to RCW 10.77.030, and an evaluation and report by an expert or professional person has been provided concluding that the defendant was criminally insane at the time of the alleged offense, an opinion as to the defendant's sanity at the time of the act, and an opinion as to whether the defendant presents a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, provided that no opinion shall be rendered under this subsection (3)(d) unless the evaluator or court determines that the defendant is competent to stand trial;

(e) When directed by the court, if an evaluation and report by an expert or professional person has been provided concluding that the defendant lacked the capacity at the time of the offense to form the mental state necessary to commit the charged offense, an opinion as to the capacity of the defendant to have a particular state of mind which is an element of the offense charged;

(f) An opinion as to whether the defendant should be evaluated by a designated crisis responder under chapter 71.05 RCW.

(4) The secretary may execute such agreements as appropriate and necessary to implement this section and may choose to designate more than one evaluator.

(5) In the event that a person remains in jail more than 21 days after service on the department of a court order to transport the person to a facility designated by the department for inpatient competency restoration treatment, upon the request of any party and with notice to all parties, the department shall perform a competency to stand trial status check to determine if the circumstances of the person have changed such that the court should authorize an updated competency evaluation. The status update shall be provided to the parties and the court. Status updates may be provided at reasonable intervals. RCW 10.77.065 Mental condition evaluations—Reports and recommendations required—Discharge of defendant when determined competent to stand trial. (1)(a)(i) The expert conducting the evaluation shall provide his or her report and recommendation to the court in which the criminal proceeding is pending. For a competency evaluation of a defendant who is released from custody, if the evaluation cannot be completed within twenty-one days due to a lack of cooperation by the defendant, the evaluator shall notify the court that he or she is unable to complete the evaluation because of such lack of cooperation.

(ii) A copy of the report and recommendation shall be provided to the designated crisis responder, the prosecuting attorney, the defense attorney, and the professional person at the local correctional facility where the defendant is being held, or if there is no professional person, to the person designated under (a)(iv) of this subsection. Upon request, the evaluator shall also provide copies of any source documents relevant to the evaluation to the designated crisis responder.

(iii) Any facility providing inpatient services related to competency shall discharge the defendant as soon as the facility determines that the defendant is competent to stand trial. Discharge shall not be postponed during the writing and distribution of the evaluation report. Distribution of an evaluation report by a facility providing inpatient services shall ordinarily be accomplished within two working days or less following the final evaluation of the defendant. If the defendant is discharged to the custody of a local correctional facility, the local correctional facility must continue the medication regimen prescribed by the facility, when clinically appropriate, unless the defendant refuses to cooperate with medication and an involuntary medication order by the court has not been entered.

(iv) If there is no professional person at the local correctional facility, the local correctional facility shall designate a professional person as defined in RCW 71.05.020 or, in cooperation with the behavioral health administrative services organization, a professional person at the behavioral health administrative services organization to receive the report and recommendation.

(v) Upon commencement of a defendant's evaluation in the local correctional facility, the local correctional facility must notify the evaluator of the name of the professional person, or person designated under (a)(iv) of this subsection, to receive the report and recommendation.

(b) If the evaluator concludes, under RCW 10.77.060(3)(f), the person should be evaluated by a designated crisis responder under chapter 71.05 RCW, the court shall order such evaluation be conducted prior to release from confinement when the person is acquitted or convicted and sentenced to confinement for twenty-four months or less,

or when charges are dismissed pursuant to a finding of incompetent to stand trial.

(2) The designated crisis responder shall provide written notification within twenty-four hours of the results of the determination whether to commence proceedings under chapter 71.05 RCW. The notification shall be provided to the persons identified in subsection (1)(a) of this section.

(3) The prosecuting attorney shall provide a copy of the results of any proceedings commenced by the designated crisis responder under subsection (2) of this section to the secretary.

(4) A facility conducting a civil commitment evaluation under RCW *10.77.086(4) or **10.77.088(1)(c)(ii) that makes a determination to release the person instead of filing a civil commitment petition must provide written notice to the prosecutor and defense attorney at least twenty-four hours prior to release. The notice may be given by email, facsimile, or other means reasonably likely to communicate the information immediately.

(5) The fact of admission and all information and records compiled, obtained, or maintained in the course of providing services under this chapter may also be disclosed to the courts solely to prevent the entry of any evaluation or treatment order that is inconsistent with any order entered under chapter 71.05 RCW. RCW 10.77.068 Competency to stand trial, admissions for inpatient competency restoration services—Performance targets and maximum time limits—Duties of the department—Report—New entitlement or cause of action not created—No basis for contempt or motion to dismiss. (1)(a) The legislature establishes a performance target of seven days or fewer to extend an offer of admission to a defendant in pretrial custody for inpatient competency evaluation or inpatient competency restoration services, when access to the services is legally authorized.

(b) The legislature establishes a performance target of 14 days or fewer for the following services related to competency to stand trial, when access to the services is legally authorized:

(i) To complete a competency evaluation in jail and distribute the evaluation report; and

(ii) To extend an offer of admission to a defendant ordered to be committed to a state hospital following dismissal of charges based on incompetency to stand trial under RCW 10.77.086.

(c) The legislature establishes a performance target of 21 days or fewer to complete a competency evaluation in the community and distribute the evaluation report.

(2)(a) A maximum time limit of seven days as measured from the department's receipt of the court order, or a maximum time limit of 14 days as measured from signature of the court order, whichever is shorter, is established to complete the services specified in subsection (1)(a) of this section, subject to the limitations under subsection (9) of this section.

(b) A maximum time limit of 14 days as measured from the department's receipt of the court order, or a maximum time limit of 21 days as measured from signature of the court order, whichever is shorter, is established to complete the services specified in subsection (1)(b) of this section, subject to the limitations under subsection (9) of this section.

(3) The legislature recognizes that these targets may not be achievable in all cases, but intends for the department to manage, allocate, and request appropriations for resources in order to meet these targets whenever possible without sacrificing the accuracy and quality of competency services.

(4) It shall be a defense to an allegation that the department has exceeded the maximum time limits for completion of competency services described in subsection (2) of this section if the department can demonstrate by a preponderance of the evidence that the reason for exceeding the maximum time limits was outside of the department's control including, but not limited to, the following circumstances:

(a) Despite a timely request, the department has not received necessary medical information regarding the current medical status of a defendant;

(b) The individual circumstances of the defendant make accurate completion of an evaluation of competency to stand trial dependent upon review of mental health, substance use disorder, or medical history information which is in the custody of a third party and cannot be immediately obtained by the department, provided that

completion shall not be postponed for procurement of information which is merely supplementary;

(c) Additional time is needed for the defendant to no longer show active signs and symptoms of impairment related to substance use so that an accurate evaluation may be completed;

(d) The defendant is medically unavailable for competency evaluation or admission to a facility for competency restoration;

(e) Completion of the referral requires additional time to accommodate the availability or participation of counsel, court personnel, interpreters, or the defendant;

(f) The defendant asserts legal rights that result in a delay in the provision of competency services; or

(g) An unusual spike in the receipt of evaluation referrals or in the number of defendants requiring restoration services has occurred, causing temporary delays until the unexpected excess demand for competency services can be resolved.

(5) The department shall provide written notice to the court when it will not be able to meet the maximum time limits under subsection (2) of this section and identify the reasons for the delay and provide a reasonable estimate of the time necessary to complete the competency service. Good cause for an extension for the additional time estimated by the department shall be presumed absent a written response from the court or a party received by the department within seven days.

(6) The department shall:

(a) Develop, document, and implement procedures to monitor the clinical status of defendants admitted to a state hospital for competency services that allow the state hospital to accomplish early discharge for defendants for whom clinical objectives have been achieved or may be achieved before expiration of the commitment period;

(b) Investigate the extent to which patients admitted to a state hospital under this chapter overstay time periods authorized by law and take reasonable steps to limit the time of commitment to authorized periods; and

(c) Establish written standards for the productivity of forensic evaluators and utilize these standards to internally review the performance of forensic evaluators.

(7) Following any quarter in which a state hospital has failed to meet one or more of the performance targets or maximum time limits under subsection (1) or (2) of this section, the department shall report to the executive and the legislature the extent of this deviation and describe any corrective action being taken to improve performance. This report shall be made publicly available. An average may be used to determine timeliness under this subsection.

(8) The department shall report annually to the legislature and the executive on the timeliness of services related to competency to stand trial and the timeliness with which court referrals accompanied by charging documents, discovery, and criminal history information are provided to the department relative to the signature date of the court order. The report must be in a form that is accessible to the public and that breaks down performance by county.

(9) This section does not create any new entitlement or cause of action related to the timeliness of competency to stand trial services, nor can it form the basis for contempt sanctions under chapter 7.21 RCW or a motion to dismiss criminal charges. [2022 c 288 § 3; 2015 c 5 § 1; 2012 c 256 § 2.]

Purpose—2012 c 256: "The purpose of this act is to sustainably improve the timeliness of services related to competency to stand trial by setting performance expectations, establishing new mechanisms for accountability, and enacting reforms to ensure that forensic resources are expended in an efficient and clinically appropriate manner without diminishing the quality of competency services, and to reduce the time defendants with mental illness spend in jail awaiting evaluation and restoration of competency." [2012 c 256 § 1.]

Effective date—2012 c 256: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect May 1, 2012." [2012 c 256 § 14.]

RCW 10.77.070 Examination rights of defendant's expert or professional person. When the defendant wishes to be examined by a qualified expert or professional person of his or her own choice such examiner shall be permitted to have reasonable access to the defendant for the purpose of such examination, as well as to all relevant medical and psychological records and reports. [1998 c 297 § 36; 1973 1st ex.s. c 117 § 7.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

RCW 10.77.074 Competency evaluation—Forensic navigator. (1) Subject to the limitations described in this section, a court may appoint an impartial forensic navigator employed by or contracted by the department to assist individuals who have been referred for competency evaluation.

(2) A forensic navigator must assist the individual to access services related to diversion and community outpatient competency restoration. The forensic navigator must assist the individual, prosecuting attorney, defense attorney, and the court to understand the options available to the individual and be accountable as an officer of the court for faithful execution of the responsibilities outlined in this section.

(3) The duties of the forensic navigator include, but are not limited to, the following:

(a) To collect relevant information about the individual, including behavioral health services and supports available to the individual that might support placement in outpatient restoration, diversion, or some combination of these;

(b) To meet with, interview, and observe the individual;

(c) To present information to the court in order to assist the court in understanding the treatment options available to the individual to support the entry of orders for diversion from the forensic mental health system or for community outpatient competency restoration, and to facilitate that transition; and

(d) When the individual is ordered to receive community outpatient restoration, to provide services to the individual including:

(i) Assisting the individual with attending appointments and classes relating to outpatient competency restoration;

(ii) Coordinating access to housing for the individual;
(iii) Meeting with the individual on a regular basis;
(iv) Providing information to the court concerning the individual's progress and compliance with court-ordered conditions of release, which may include appearing at court hearings to provide information to the court;

(v) Coordinating the individual's access to community case management services and mental health services;

(vi) Assisting the individual with obtaining prescribed medication and encouraging adherence with prescribed medication;

(vii) Planning for a coordinated transition of the individual to a case manager in the community behavioral health system;

(viii) Attempting to follow-up with the individual to check whether the meeting with a community-based case manager took place;

(ix) When the individual is a high utilizer, attempting to connect the individual with high utilizer services; and

(x) Attempting to check up on the individual at least once per month for up to sixty days after coordinated transition to community behavioral health services, without duplicating the services of the community-based case manager.

(4) Forensic navigators may submit nonclinical recommendations to the court regarding treatment and restoration options for the individual, which the court may consider and weigh in conjunction with the recommendations of all of the parties.

(5) Forensic navigators shall be deemed officers of the court for the purpose of immunity from civil liability.

(6) The signed order for competency evaluation from the court shall serve as authority for the forensic navigator to be given access to all records held by a behavioral health, educational, or law enforcement agency or a correctional facility that relates to an individual. Information that is protected by state or federal law, including health information, shall not be entered into the court record without the consent of the individual or their defense attorney.

(7) Admissions made by the individual in the course of receiving services from the forensic navigator may not be used against the individual in the prosecution's case in chief.

(8) A court may not issue an order appointing a forensic navigator unless the department certifies that there is adequate forensic navigator capacity to provide these services at the time the order is issued. [2019 c 326 § 2.]

Intent—2019 c 326: "The legislature recognizes that there has been a nationwide increase in the number of individuals with behavioral health disorders in the criminal justice system. The legislature also recognizes that reforms must be made to our own behavioral health systems and services to meet the increasing demands in our state, to provide timely competency evaluations and restoration services, and to comply with federal court orders issued in *A.B., by and through Trueblood, et al., v. DSHS, et al.*, No. 15-35462 ("Trueblood"). The legislature acknowledges that these reforms will require the support of a broad range of stakeholders, including local law enforcement, prosecuting attorneys, defense attorneys, community members, and health care providers. The legislature further acknowledges the significant efforts of the parties to the Trueblood litigation to establish a road map and framework within their

settlement agreement for proposed systemic reforms to the forensic mental health care system. It is the intent of the legislature to enact appropriate reforms consistent with the goals agreed to in the Trueblood settlement agreement, to continue to engage with stakeholders and community partners to address the needs of this vulnerable population, and to ensure that the public safety needs of our communities are met." [2019 c 326 § 1.]

RCW 10.77.075 Competency evaluation or competency restoration treatment—Court order. Within twenty-four hours of the signing of a court order requesting the secretary to provide a competency evaluation or competency restoration treatment:

(1) The clerk of the court shall provide the court order and the charging documents, including the request for bail and certification of probable cause, to the state hospital. If the order is for competency restoration treatment and the competency evaluation was provided by a qualified expert or professional person who was not designated by the secretary, the clerk shall also provide the state hospital with a copy of all previous court orders related to competency or criminal insanity and a copy of any of the evaluation reports;

(2) The prosecuting attorney shall provide the discovery packet, including a statement of the defendant's criminal history, to the state hospital; and

(3) If the court order requires transportation of the defendant to a state hospital, the jail administrator shall provide the defendant's medical clearance information to the state hospital admission staff. [2015 1st sp.s. c 7 § 2.]

Finding—2015 1st sp.s. c 7: "(1) The legislature finds that there are currently no alternatives to competency restoration provided in the state hospitals. Subject to the availability of amounts appropriated for this specific purpose, the legislature encourages the department of social and health services to develop, on a phased-in basis, alternative locations and increased access to competency restoration services under chapter 10.77 RCW for individuals who do not require inpatient psychiatric hospitalization level services.

(2) The department of social and health services shall work with counties and the court to develop a screening process to determine which individuals are safe to receive competency restoration treatment outside the state hospitals." [2015 1st sp.s. c 7 § 1.]

Effective dates—2015 1st sp.s. c 7: "(1) Section 7 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [June 10, 2015].

(2) Sections 1 through 6 and 8 through 15 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2015.

(3) Section 16 of this act takes effect April 1, 2016." [2015 1st sp.s. c 7 § 19.]

RCW 10.77.078 Competency evaluation or restoration services—Offer of admission—City or county jail to transport defendant. (1) A city or county jail shall transport a defendant to a state hospital or other secure facility designated by the department within one day of receipt of an offer of admission of the defendant for competency evaluation or restoration services.

(2) City and county jails must cooperate with competency evaluators and the department to arrange for competency evaluators to have reasonable, timely, and appropriate access to defendants for the purpose of performing evaluations under this chapter to accommodate the seven-day performance target for completing competency evaluations for defendants in custody. [2015 1st sp.s. c 7 § 3.]

Finding—2015 1st sp.s. c 7: See note following RCW 10.77.075.

Effective dates—2015 1st sp.s. c 7: See note following RCW 10.77.075.

RCW 10.77.079 Competency to stand trial—Continuation of competency process, dismissal of charges—Exceptions. (1) If the issue of competency to stand trial is raised by the court or a party under RCW 10.77.060, the prosecutor may continue with the competency process or dismiss the charges without prejudice and refer the defendant for assessment by a mental health professional, substance use disorder professional, co-occurring disorder specialist, or developmental disabilities professional to determine the appropriate service needs for the defendant.

(2) This section does not apply to defendants with a current charge or prior conviction for a violent offense or sex offense as defined in RCW 9.94A.030, or a violation of RCW 9A.36.031(1) (d), (f), or (h). [2019 c 444 § 8; 2015 1st sp.s. c 7 § 9.]

Finding—2015 1st sp.s. c 7: See note following RCW 10.77.075.

RCW 10.77.080 Motion for acquittal on grounds of insanity—Hearing—Findings. The defendant may move the court for a judgment of acquittal on the grounds of insanity: PROVIDED, That a defendant so acquitted may not later contest the validity of his or her detention on the grounds that he or she did not commit the acts charged. At the hearing upon the motion the defendant shall have the burden of proving by a preponderance of the evidence that he or she was insane at the time of the offense or offenses with which he or she is charged. If the court finds that the defendant should be acquitted by reason of insanity, it shall enter specific findings in substantially the same form as set forth in RCW 10.77.040. If the motion is denied, the question may be submitted to the trier of fact in the same manner as other issues of fact. [1998 c 297 § 37; 1974 ex.s. c 198 § 7; 1973 1st ex.s. c 117 § 8.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

RCW 10.77.084 Stay of proceedings—Treatment—Restoration of competency—Commitment—Other procedures. (1) (a) If at any time during the pendency of an action and prior to judgment the court finds, following a report as provided in RCW 10.77.060, a defendant is incompetent, the court shall order the proceedings against the defendant be stayed except as provided in subsection (4) of this section.

(b) The court may order a defendant who has been found to be incompetent to undergo competency restoration treatment at a facility designated by the department if the defendant is eligible under RCW 10.77.086 or 10.77.088. At the end of each competency restoration period or at any time a professional person determines competency has been, or is unlikely to be, restored, the defendant shall be returned to court for a hearing, except that if the opinion of the professional person is that the defendant remains incompetent and the hearing is held before the expiration of the current competency restoration period, the parties may agree to waive the defendant's presence, to remote participation by the defendant at a hearing, or to presentation of an agreed order in lieu of a hearing. The facility shall promptly notify the court and all parties of the date on which the competency restoration period commences and expires so that a timely hearing date may be scheduled.

(c) If, following notice and hearing or entry of an agreed order under (b) of this subsection, the court finds that competency has been restored, the court shall lift the stay entered under (a) of this subsection. If the court finds that competency has not been restored, the court shall dismiss the proceedings without prejudice, except that the court may order a further period of competency restoration treatment if it finds that further treatment within the time limits established by RCW 10.77.086 or 10.77.088 is likely to restore competency, and a further period of treatment is allowed under RCW 10.77.086 or 10.77.088.

(d) If at any time during the proceeding the court finds, following notice and hearing, a defendant is not likely to regain competency, the court shall dismiss the proceedings without prejudice and refer the defendant for civil commitment evaluation or proceedings if appropriate under RCW 10.77.065, 10.77.086, or 10.77.088.

(2) If the defendant is referred for evaluation by a designated crisis responder under this chapter, the designated crisis responder shall provide prompt written notification of the results of the evaluation and whether the person was detained. The notification shall be provided to the court in which the criminal action was pending, the prosecutor, the defense attorney in the criminal action, and the facility that evaluated the defendant for competency.

(3) The fact that the defendant is unfit to proceed does not preclude any pretrial proceedings which do not require the personal participation of the defendant.

(4) A defendant receiving medication for either physical or mental problems shall not be prohibited from standing trial, if the medication either enables the defendant to understand the proceedings against him or her and to assist in his or her own defense, or does not disable him or her from so understanding and assisting in his or her own defense.

(5) At or before the conclusion of any commitment period provided for by this section, the facility providing evaluation and treatment shall provide to the court a written report of evaluation which meets

the requirements of RCW 10.77.060(3). For defendants charged with a felony, the report following the second competency restoration period or first competency restoration period if the defendant's incompetence is determined to be solely due to a developmental disability or the evaluator concludes that the defendant is not likely to regain competency must include an assessment of the defendant's future dangerousness which is evidence-based regarding predictive validity. RCW 10.77.0845 Evaluation and determination of individual with developmental disability—Program placement—Admissions, limitation.

(1) A defendant found incompetent by the court under RCW 10.77.084 must be evaluated at the direction of the secretary and a determination made whether the defendant is an individual with a developmental disability. Such evaluation and determination must be accomplished as soon as possible following the court's placement of the defendant in the custody of the secretary.

(2) When appropriate, and subject to available funds, if the defendant is determined to be an individual with a developmental disability, he or she may be placed in a program specifically reserved for the treatment and training of persons with developmental disabilities where the defendant has the right to habilitation according to an individualized service plan specifically developed for the particular needs of the defendant. A copy of the evaluation must be sent to the program.

(a) The program must be separate from programs serving persons involved in any other treatment or habilitation program.

(b) The program must be appropriately secure under the circumstances and must be administered by developmental disabilities professionals who shall direct the habilitation efforts.

(c) The program must provide an environment affording security appropriate with the charged criminal behavior and necessary to protect the public safety.

(3) The department may limit admissions of such persons to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services.

(4) The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department. [2012 c 256 § 7.]

Purpose—Effective date—2012 c 256: See notes following RCW 10.77.068.

RCW 10.77.086 Competency restoration—Procedure in felony charge. (1) If the defendant is charged with a felony and determined to be incompetent, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, but in any event for a period of no longer than 90 days, the court shall commit the defendant to the custody of the secretary for inpatient competency restoration, or may alternatively order the defendant to receive outpatient competency restoration based on a recommendation from a forensic navigator and input from the parties.

(a) To be eligible for an order for outpatient competency restoration, a defendant must be clinically appropriate and be willing to:

(i) Adhere to medications or receive prescribed intramuscular medication;

(ii) Abstain from alcohol and unprescribed drugs; and

(iii) Comply with urinalysis or breathalyzer monitoring if needed.

(b) If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration.

(c) If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with a contracted outpatient competency restoration program. The department, in conjunction with the health care authority, must establish rules for conditions of participation in the outpatient competency restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

(d) If a defendant fails to comply with the restrictions of the outpatient restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration. The outpatient competency restoration program shall coordinate with the authority, the department, and any law

enforcement personnel under (d) (i) of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, or triage facility for medical clearance once a bed is available at the designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the defendant to a facility for inpatient competency restoration or for medical clearance, or authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the close of the next judicial day. The court shall schedule a hearing within five days to review the conditions of release of the defendant and anticipated release from treatment and issue appropriate orders.

(e) The court may not issue an order for outpatient competency restoration unless the department certifies that there is an available appropriate outpatient competency restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

(2) For a defendant whose highest charge is a class C felony, or a class B felony that is not classified as violent under RCW 9.94A.030, the maximum time allowed for the initial competency restoration period is 45 days if the defendant is referred for inpatient competency restoration, or 90 days if the defendant is referred for outpatient competency restoration, provided that if the outpatient competency restoration placement is terminated and the defendant is subsequently admitted to an inpatient facility, the period of inpatient treatment during the first competency restoration period under this subsection shall not exceed 45 days.

(3) If the court determines or the parties agree before the initial competency restoration period or at any subsequent stage of the proceedings that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo an initial or further period of competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection (5) of this section.

(4) On or before expiration of the initial competency restoration period the court shall conduct a hearing to determine whether the defendant is now competent to stand trial. If the court finds by a

preponderance of the evidence that the defendant is incompetent to stand trial, the court may order an extension of the competency restoration period for an additional period of 90 days, but the court must at the same time set a date for a new hearing to determine the defendant's competency to stand trial before the expiration of this second restoration period. The defendant, the defendant's attorney, and the prosecutor have the right to demand that the hearing be before a jury. No extension shall be ordered for a second or third competency restoration period if the defendant's incompetence has been determined by the secretary to be solely the result of a developmental disability which is such that competence is not reasonably likely to be regained during an extension.

(5) At the hearing upon the expiration of the second competency restoration period, or at the end of the first competency restoration period if the defendant is ineligible for a second or third competency restoration period under subsection (4) of this section, if the jury or court finds that the defendant is incompetent to stand trial, the court shall dismiss the charges without prejudice and order the defendant to be committed to a state hospital for up to 120 hours if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services and up to 72 hours if the defendant engaged in inpatient competency restoration services starting from admission to the facility, excluding Saturdays, Sundays, and holidays, for evaluation for the purpose of filing a civil commitment petition under chapter 71.05 RCW. However, the court shall not dismiss the charges if the court or jury finds that: (a) The defendant (i) is a substantial danger to other persons; or (ii) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; and (b) there is a substantial probability that the defendant will regain competency within a reasonable period of time. If the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months.

(6) Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility. Findings—2013 c 289: "The legislature finds that persons with a mental illness or developmental disability are more likely to be victimized by crime than to be perpetrators of crime. The legislature further finds that there are a small number of individuals who commit repeated violent acts against others while suffering from the effects of a mental illness and/or developmental disability that both contributes to their criminal behaviors and renders them legally incompetent to be held accountable for those behaviors. The

legislature further finds that the primary statutory mechanisms designed to protect the public from violent behavior, either criminal commitment to a corrections institution, or long-term commitment as not guilty by reason of insanity, are unavailable due to the legal incompetence of these individuals to stand trial. The legislature further finds that the existing civil system of short-term commitments under the Washington's involuntary treatment act is insufficient to protect the public from these violent acts. Finally, the legislature finds that changes to the involuntary treatment act to account for this small number of individuals is necessary in order to serve Washington's compelling interest in public safety and to provide for the proper care of these individuals." RCW 10.77.088 Competency restoration—Procedure in nonfelony charge. (1) If the defendant is charged with a nonfelony crime which is a serious offense as identified in RCW 10.77.092 and found by the court to be not competent, then the court:

(a) Shall dismiss the proceedings without prejudice and detain the defendant for sufficient time to allow the designated crisis responder to evaluate the defendant and consider initial detention proceedings under chapter 71.05 RCW, unless the prosecutor objects to the dismissal and provides notice of a motion for an order for competency restoration treatment, in which case the court shall schedule a hearing within seven days.

(b) At the hearing, the prosecuting attorney must establish that there is a compelling state interest to order competency restoration treatment for the defendant. The court may consider prior criminal history, prior history in treatment, prior history of violence, the quality and severity of the pending charges, any history that suggests whether competency restoration treatment is likely to be successful, in addition to the factors listed under RCW 10.77.092. If the prosecuting attorney proves by a preponderance of the evidence that there is a compelling state interest in ordering competency restoration treatment, then the court shall issue an order in accordance with subsection (2) of this section.

(2) If a court finds pursuant to subsection (1)(b) of this section that there is a compelling state interest in pursuing competency restoration treatment, the court shall commit the defendant to the custody of the secretary for inpatient competency restoration, or may alternatively order the defendant to receive outpatient competency restoration based on a recommendation from a forensic navigator and input from the parties.

(a) To be eligible for an order for outpatient competency restoration, a defendant must be clinically appropriate and be willing to:

(i) Adhere to medications or receive prescribed intramuscular medication;

(ii) Abstain from alcohol and unprescribed drugs; and
(iii) Comply with urinalysis or breathalyzer monitoring if needed.

(b) If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration under subsection (3) of this section.

(c) If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with a contracted outpatient competency restoration program. The department, in conjunction with the health care authority, must establish rules for conditions of participation in the outpatient competency restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

(d) If a defendant fails to comply with the restrictions of the outpatient competency restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration. The outpatient competency restoration program shall coordinate with the authority, the department, and any law enforcement personnel under (d)(i) of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, or triage facility for medical clearance once a bed is available at the designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the defendant to a facility for inpatient competency restoration or for medical clearance, or authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the

close of the next judicial day. The court shall schedule a hearing within five days to review the conditions of release of the defendant and anticipated release from treatment and issue appropriate orders.

(e) The court may not issue an order for outpatient competency restoration unless the department certifies that there is an available appropriate outpatient restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

(3) The placement under subsection (2) of this section shall not exceed 29 days if the defendant is ordered to receive inpatient competency restoration, and shall not exceed 90 days if the defendant is ordered to receive outpatient competency restoration. The court may order any combination of this subsection, but the total period of inpatient competency restoration may not exceed 29 days.

(4) If the court has determined or the parties agree that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection (5) of this section.

(5) (a) If the proceedings are dismissed under RCW 10.77.084 and the defendant was on conditional release at the time of dismissal, the court shall order the designated crisis responder within that county to evaluate the defendant pursuant to chapter 71.05 RCW. The evaluation may be conducted in any location chosen by the professional.

(b) If the defendant was in custody and not on conditional release at the time of dismissal, the defendant shall be detained and sent to an evaluation and treatment facility for up to 120 hours if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services and up to 72 hours if the defendant engaged in inpatient competency restoration services, excluding Saturdays, Sundays, and holidays, for evaluation for purposes of filing a petition under chapter 71.05 RCW. The 120-hour or 72-hour period shall commence upon the next nonholiday weekday following the court order and shall run to the end of the last nonholiday weekday within the 120-hour or 72-hour period.

(6) If the defendant is charged with a nonfelony crime that is not a serious offense as defined in RCW 10.77.092 and found by the court to be not competent, the court may stay or dismiss proceedings and detain the defendant for sufficient time to allow the designated crisis responder to evaluate the defendant and consider initial detention proceedings under chapter 71.05 RCW. The court must give notice to all parties at least 24 hours before the dismissal of any proceeding under this subsection, and provide an opportunity for a hearing on whether to dismiss the proceedings.

(7) If at any time the court dismisses charges under subsections (1) through (6) of this section, the court shall make a finding as to whether the defendant has a history of one or more violent acts. If the court so finds, the defendant is barred from the possession of firearms until a court restores his or her right to possess a firearm under RCW 9.41.047. The court shall state to the defendant and provide written notice that the defendant is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

(8) Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility. RCW 10.77.089 Competency restoration—Report to the governor and legislature. The authority shall report annually to the governor and relevant committees of the legislature, beginning November 1, 2022, and shall make the report public, describing:

(1) How many individuals are being served by outpatient competency restoration programs and in what locations;

(2) The length of stay of individuals in outpatient competency restoration programs;

(3) The number of individuals who are revoked from an outpatient competency restoration program into inpatient treatment, and the outcomes of other individuals, if any, whose participation in an outpatient competency restoration program were terminated before the completion of the program; and

(4) For individuals who were revoked from an outpatient competency restoration program into an inpatient competency restoration program, how many days the individuals spent in outpatient competency restoration treatment and inpatient competency restoration treatment, and whether the restoration programs resulted in a finding of competent to stand trial or another outcome. [2022 c 288 § 8.]

RCW 10.77.091 Placement—Secure facility—Treatment and rights—Custody—Reports. (1) If the secretary determines in writing that a person committed to the custody of the secretary for treatment as criminally insane presents an unreasonable safety risk which, based on behavior, clinical history, and facility security is not manageable in

a state hospital setting, and the secretary has given consideration to reasonable alternatives that would be effective to manage the behavior, the secretary may place the person in any secure facility operated by the secretary or the secretary of the department of corrections. The secretary's written decision and reasoning must be documented in the patient's medical file. Any person affected by this provision shall receive appropriate mental health treatment governed by a formalized treatment plan targeted at mental health rehabilitation needs and shall be afforded his or her rights under RCW 10.77.140, 10.77.150, and 10.77.200. The secretary of the department of social and health services shall retain legal custody of any person placed under this section and review any placement outside of a department mental health hospital every three months, or sooner if warranted by the person's mental health status, to determine if the placement remains appropriate.

(2) Beginning December 1, 2010, and every six months thereafter, the secretary shall report to the governor and the appropriate committees of the legislature regarding the use of the authority under this section to transfer persons to a secure facility. The report shall include information related to the number of persons who have been placed in a secure facility operated by the secretary or the secretary of the department of corrections, and the length of time that each such person has been in the secure facility. [2015 c 253 § 1; 2010 c 263 § 2.]

Effective date—2015 1st sp.s. c 7: "Section 1, chapter 253, Laws of 2015 is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect June 30, 2015." [2015 1st sp.s. c 7 § 20.]

RCW 10.77.092 Involuntary medication—Serious offenses. (1) For purposes of determining whether a court may authorize involuntary medication for the purpose of competency restoration pursuant to RCW 10.77.084 and for maintaining the level of restoration in the jail following the restoration period, a pending charge involving any one or more of the following crimes is a serious offense per se in the context of competency restoration:

(a) Any violent offense, sex offense, serious traffic offense, and most serious offense, as those terms are defined in RCW 9.94A.030;

(b) Any offense, except nonfelony counterfeiting offenses, included in crimes against persons in RCW 9.94A.411;

(c) Any offense contained in chapter 9.41 RCW (firearms and dangerous weapons);

(d) Any offense listed as domestic violence in RCW 10.99.020;

(e) Any offense listed as a harassment offense in chapter 9A.46 RCW;

(f) Any violation of chapter 69.50 RCW that is a class B felony;

or
(g) Any city or county ordinance or statute that is equivalent to an offense referenced in this subsection.

(2) (a) In a particular case, a court may determine that a pending charge not otherwise defined as serious by state or federal law or by a city or county ordinance is, nevertheless, a serious offense within the context of competency restoration treatment when the conduct in

the charged offense falls within the standards established in (b) of this subsection.

(b) To determine that the particular case is a serious offense within the context of competency restoration, the court must consider the following factors and determine that one or more of the following factors creates a situation in which the offense is serious:

(i) The charge includes an allegation that the defendant actually inflicted bodily or emotional harm on another person or that the defendant created a reasonable apprehension of bodily or emotional harm to another;

(ii) The extent of the impact of the alleged offense on the basic human need for security of the citizens within the jurisdiction;

(iii) The number and nature of related charges pending against the defendant;

(iv) The length of potential confinement if the defendant is convicted; and

(v) The number of potential and actual victims or persons impacted by the defendant's alleged acts. [2014 c 10 § 2; 2008 c 213 § 2; 2004 c 157 § 3.]

Finding—2014 c 10: "The legislature finds that there is currently no clear language authorizing courts to order involuntary medications in order to maintain the level of competency restoration in the jail following a competency restoration period and subsequent discharge from a state hospital. This act specifies that maintenance of competency in jail is a purpose for which the court may order a criminal defendant facing serious charges to be involuntarily medicated." [2014 c 10 § 1.]

Findings—Intent—Severability—Effective date—2004 c 157: See notes following RCW 10.77.010.

RCW 10.77.093 Involuntary medication—Civil commitment. When the court must make a determination whether to order involuntary medications for the purpose of competency restoration or for maintenance of competency, the court shall inquire, and shall be told, and to the extent that the prosecutor or defense attorney is aware, whether the defendant is the subject of a pending civil commitment proceeding or has been ordered into involuntary treatment pursuant to a civil commitment proceeding. [2004 c 157 § 4.]

Findings—Intent—Severability—Effective date—2004 c 157: See notes following RCW 10.77.010.

RCW 10.77.094 Antipsychotic medication, administration. (1) A state hospital may administer antipsychotic medication without consent to an individual who is committed under this chapter as criminally insane by following the same procedures applicable to the administration of antipsychotic medication without consent to a civilly committed patient under RCW 71.05.217, except for the following:

(a) The maximum period during which the court may authorize the administration of medication without consent under a single involuntary medication petition shall be the time remaining on the

individual's current order of commitment or one hundred eighty days, whichever is shorter; and

(b) A petition for involuntary medication may be filed in either the superior court of the county that ordered the commitment or the superior court of the county in which the individual is receiving treatment, provided that a copy of any order that is entered must be provided to the superior court of the county that ordered the commitment following the hearing. The superior court of the county of commitment shall retain exclusive jurisdiction over all hearings concerning the release of the patient.

(2) The state has a compelling interest in providing antipsychotic medication to a patient who has been committed as criminally insane when refusal of antipsychotic medication would result in a likelihood of serious harm or substantial deterioration or substantially prolong the length of involuntary commitment and there is no less intrusive course of treatment than medication that is in the best interest of the patient. [2012 c 256 § 12.]

Purpose—Effective date—2012 c 256: See notes following RCW 10.77.068.

RCW 10.77.095 Findings—Developmental disabilities. The legislature finds that among those persons who endanger the safety of others by committing crimes are a small number of persons with developmental disabilities. While their conduct is not typical of the vast majority of persons with developmental disabilities who are responsible citizens, for their own welfare and for the safety of others the state may need to exercise control over those few dangerous individuals who are developmentally disabled, have been charged with crimes that involve a threat to public safety or security, and have been found either incompetent to stand trial or not guilty by reason of insanity. The legislature finds, however, that the use of civil commitment procedures under chapter 71.05 RCW to effect state control over dangerous developmentally disabled persons has resulted in their commitment to institutions for the mentally ill. The legislature finds that existing programs in mental institutions may be inappropriate for persons who are developmentally disabled because the services provided in mental institutions are oriented to persons with mental illness, a condition not necessarily associated with developmental disabilities. Therefore, the legislature believes that, where appropriate, and subject to available funds, persons with developmental disabilities who have been charged with crimes that involve a threat to public safety or security and have been found incompetent to stand trial or not guilty by reason of insanity should receive state services addressing their needs, that such services must be provided in conformance with an individual habilitation plan, and that their initial treatment should be separate and discrete from treatment for persons involved in any other treatment or habilitation program in a manner consistent with the needs of public safety. RCW 10.77.097 Records and reports accompany defendant upon transfer. A copy of relevant records and reports as defined by the department, in consultation with the department of corrections, made pursuant to this chapter, and including relevant information necessary to meet the requirements of RCW 10.77.065(1) and 10.77.084, shall accompany the defendant upon transfer to a mental health facility or a correctional institution or facility. RCW 10.77.100 Experts or professional persons as witnesses. Subject to the rules of evidence, experts or professional persons who have reported pursuant to this chapter may be called as witnesses at any proceeding held pursuant to this chapter. Both the prosecution and the defendant may summon any other qualified expert or professional persons to testify. [1974 ex.s. c 198 § 9; 1973 1st ex.s. c 117 § 10.]

RCW 10.77.110 Acquittal of crime. (1) If a defendant is acquitted of a crime by reason of insanity, and it is found that he or she is not a substantial danger to other persons, and does not present a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, the court shall direct the defendant's release. If it is found that such defendant is a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, the court shall order his or her hospitalization, or any appropriate alternative treatment less restrictive than detention in a state mental hospital, pursuant to the terms of this chapter.

(2) If the defendant has been found not guilty by reason of insanity and a substantial danger, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, so as to require treatment then the secretary shall immediately cause the defendant to be evaluated to ascertain if the defendant is developmentally disabled. When appropriate, and subject to available funds, the defendant may be committed to a program specifically reserved for the treatment and training of developmentally disabled persons. A person so committed shall receive habilitation services according to an individualized service plan specifically developed to treat the behavior which was the subject of the criminal proceedings. The treatment program shall be administered by developmental disabilities professionals and others trained specifically in the needs of developmentally disabled persons. The treatment program shall provide physical security to a degree consistent with the finding that the defendant is dangerous and may incorporate varying conditions of security and alternative sites when the dangerousness of any particular defendant makes this necessary.

The department may limit admissions to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services. The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department.

(3) If it is found that such defendant is not a substantial danger to other persons, and does not present a substantial likelihood of committing criminal acts jeopardizing public safety or security, but that he or she is in need of control by the court or other persons or institutions, the court shall direct the defendant's conditional release. [2000 c 94 § 14; 1998 c 297 § 39; 1989 c 420 § 6; 1983 c 25 § 1; 1979 ex.s. c 215 § 4; 1974 ex.s. c 198 § 10; 1973 1st ex.s. c 117 § 11.]

RCW 10.77.120 Care and treatment of committed person—Hearings—Release. (1) The secretary shall provide adequate care and individualized treatment to persons found criminally insane at one or several of the state institutions or facilities under the direction and control of the secretary. In order that the secretary may adequately determine the nature of the mental illness or developmental disability of the person committed as criminally insane, all persons who are committed to the secretary as criminally insane shall be promptly examined by qualified personnel in order to provide a proper evaluation and diagnosis of such individual. The examinations of all persons with developmental disabilities committed under this chapter shall be performed by developmental disabilities professionals. Any person so committed shall not be released from the control of the secretary except by order of a court of competent jurisdiction made after a hearing and judgment of release.

(2) Whenever there is a hearing which the committed person is entitled to attend, the secretary shall send the person in the custody of one or more department employees to the county in which the hearing is to be held at the time the case is called for trial. During the time the person is absent from the facility, the person may be confined in a facility designated by and arranged for by the department, but shall at all times be deemed to be in the custody of the department employee and provided necessary treatment. If the decision of the hearing remits the person to custody, the department employee shall return the person to such institution or facility designated by the secretary. If the state appeals an order of release, such appeal shall operate as a stay, and the person shall remain in custody and be returned to the institution or facility designated by the secretary until a final decision has been rendered in the cause. [2010 c 263 § 4; 2000 c 94 § 15; 1989 c 420 § 7; 1974 ex.s. c 198 § 11; 1973 1st ex.s. c 117 § 12.]

RCW 10.77.140 Periodic examinations—Developmentally disabled—Reports—Notice to court.

Each person committed to a hospital or other facility or conditionally released pursuant to this chapter shall have a current

examination of his or her mental condition made by one or more experts or professional persons at least once every six months. The person may retain, or if the person is indigent and so requests, the court may appoint a qualified expert or professional person to examine him or her, and such expert or professional person shall have access to all hospital records concerning the person. In the case of a committed or conditionally released person who is developmentally disabled, the expert shall be a developmental disabilities professional. The secretary, upon receipt of the periodic report, shall provide written notice to the court of commitment of compliance with the requirements of this section. [1998 c 297 § 40; 1989 c 420 § 8; 1974 ex.s. c 198 § 12; 1973 1st ex.s. c 117 § 14.]

RCW 10.77.145 Authorization to leave facility where person is confined prohibited—Exceptions—Approval by secretary—Notification to county or city law enforcement agency. (1) No person committed to the custody of the department for the determination of competency to stand trial under RCW 10.77.060, the restoration of competency for trial under RCW 10.77.084, 10.77.086, or 10.77.088, or following an acquittal by reason of insanity shall be authorized to leave the facility where the person is confined, except in the following circumstances:

(a) In accordance with conditional release or furlough authorized by a court;

(b) For necessary medical or legal proceedings not available in the facility where the person is confined;

(c) For visits to the bedside of a member of the person's immediate family who is seriously ill; or

(d) For attendance at the funeral of a member of the person's immediate family.

(2) Unless ordered otherwise by a court, no leave under subsection (1) of this section shall be authorized unless the person who is the subject of the authorization is escorted by a person approved by the secretary. During the authorized leave, the person approved by the secretary must be in visual or auditory contact at all times with the person on authorized leave.

(3) Prior to the authorization of any leave under subsection (1) of this section, the secretary must give notification to any county or city law enforcement agency having jurisdiction in the location of the leave destination. [2010 c 262 § 1.]

RCW 10.77.150 Conditional release—Application—Secretary's recommendation—Order—Procedure. (1) Persons examined pursuant to RCW 10.77.140 may make application to the secretary for conditional release. The secretary shall, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, forward to the court of the county which ordered the person's commitment the person's application for conditional release as well as the secretary's recommendations concerning the application and any proposed terms and conditions upon which the secretary reasonably believes the person can be conditionally released.

Conditional release may also contemplate partial release for work, training, or educational purposes.

(2) In instances in which persons examined pursuant to RCW 10.77.140 have not made application to the secretary for conditional release, but the secretary, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, reasonably believes the person may be conditionally released, the secretary may submit a recommendation for release to the court of the county that ordered the person's commitment. The secretary's recommendation must include any proposed terms and conditions upon which the secretary reasonably believes the person may be conditionally released. Conditional release may also include partial release for work, training, or educational purposes. Notice of the secretary's recommendation under this subsection must be provided to the person for whom the secretary has made the recommendation for release and to his or her attorney.

(3) (a) The court of the county which ordered the person's commitment, upon receipt of an application or recommendation for conditional release with the secretary's recommendation for conditional release terms and conditions, shall within thirty days schedule a hearing. The court may schedule a hearing on applications recommended for disapproval by the secretary.

(b) The prosecuting attorney shall represent the state at such hearings and shall have the right to have the person examined by an expert or professional person of the prosecuting attorney's choice. If the committed person is indigent, and he or she so requests, the court shall appoint a qualified expert or professional person to examine the person on his or her behalf.

(c) The issue to be determined at such a hearing is whether or not the person may be released conditionally to less restrictive alternative treatment under the supervision of a multidisciplinary transition team under conditions imposed by the court, including access to services under RCW 10.77.175 without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security.

(d) In cases that come before the court under subsection (1) or (2) of this section, the court may deny conditional release to a less restrictive alternative only on the basis of substantial evidence. The court may modify the suggested terms and conditions on which the person is to be conditionally released. Pursuant to the determination of the court after hearing, the committed person shall thereupon be released on such conditions as the court determines to be necessary, or shall be remitted to the custody of the secretary.

(4) If the order of conditional release provides for the conditional release of the person to a less restrictive alternative, including residential treatment or treatment in the community, the conditional release order must also include:

(a) A requirement for the committed person to be supervised by a multidisciplinary transition team, including a specially trained community corrections officer, a representative of the department of social and health services, and a representative of the community behavioral health agency providing treatment to the person under RCW 10.77.175.

(i) The court may omit appointment of the representative of the community behavioral health agency if the conditional release order does not require participation in behavioral health treatment;

(ii) The court may omit the appointment of a community corrections officer if it makes a special finding that the appointment of a community corrections officer would not facilitate the success of the person, or the safety of the person and the community;

(b) A requirement for the person to comply with conditions of supervision established by the court which shall include at a minimum reporting as directed to a designated member of the transition team, remaining within prescribed geographical boundaries, and notifying the transition team prior to making any change in the person's address or employment. If the person is not in compliance with the court-ordered conditions of release, the community corrections officer or another designated transition team member shall notify the secretary or the secretary's designee; and

(c) If the court requires participation in behavioral health treatment, the name of the licensed or certified behavioral health agency responsible for identifying the services the person will receive under RCW 10.77.175, and a requirement that the person cooperate with the services planned by the licensed or certified behavioral health agency. The licensed or certified behavioral health agency must comply with the reporting requirements of RCW 10.77.160, and must immediately report to the court, prosecutor, and defense counsel any substantial withdrawal or disengagement from medication or treatment, or any change in the person's mental health condition that renders him or her a potential risk to the public.

(5) The role of the transition team appointed under subsection (4) of this section shall be to facilitate the success of the person on the conditional release order by monitoring the person's progress in treatment, compliance with court-ordered conditions, and to problem solve around extra support the person may need or circumstances that may arise that threaten the safety of the person or the community. The transition team may develop a monitoring plan that may be carried out by any member of the team. The transition team shall meet according to a schedule developed by the team, and shall communicate as needed if issues arise that require the immediate attention of the team.

(6) The department of corrections shall collaborate with the department to develop specialized training for community corrections officers under this section. The lack of a trained community corrections officer must not be the cause of delay to entry of a conditional release order. Another community corrections officer may be appointed if no specially trained officer is available.

(7) Any person, whose application for conditional release has been denied, may reapply after a period of six months from the date of denial, or sooner with the support of the department.

(8) A person examined under RCW 10.77.140 or the department may make a motion for limited conditional release under this section, on the grounds that there is insufficient evidence that the person may be released conditionally to less restrictive alternative treatment under subsection (3)(c) of this section, but the person would benefit from the opportunity to exercise increased privileges while remaining under the custody and supervision of the department and with the supervision of the department these increased privileges can be exercised without substantial danger to other persons or substantial likelihood of committing criminal acts jeopardizing public safety or security. The department may respond to a person's application for conditional release by instead supporting limited conditional release. [2021 c 263 § 1; 2010 c 263 § 5; 1998 c 297 § 41; 1993 c 31 § 6; 1982 c 112 § 1; 1974 ex.s. c 198 § 13; 1973 1st ex.s. c 117 § 15.]

Application—2021 c 263: "The provisions of this act apply to persons who are committed for inpatient treatment under chapter 10.77 or 71.05 RCW as of July 25, 2021." [2021 c 263 § 20.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

RCW 10.77.152 Conditional release—Application—County of origin.

(1) In determining whether to support an application for conditional release on behalf of a person committed as criminally insane which would permit the person to reside outside of a state hospital, the secretary may not support a conditional release application to a location outside the person's county of origin unless it is determined by the secretary that the person's return to his or her county of origin would be inappropriate considering any court-issued protection orders, victim safety concerns, the availability of appropriate treatment, negative influences on the person, or the location of family or other persons or organizations offering support to the person. When the department assists in developing a placement under this section which is outside of the county of origin, and there are two or more options for placement, it shall endeavor to develop the placement in a manner that does not have a disproportionate effect on a single county.

(2) If the committed person is not conditionally released to his or her county of origin, the department shall provide the law and justice council of the county in which the person is conditionally released with a written explanation.

(3) For purposes of this section, the offender's county of origin means the county of the court which ordered the person's commitment. [2011 c 94 § 1.]

RCW 10.77.155 Conditional release, furlough—Secretary's recommendation. No court may, without a hearing, enter an order conditionally releasing or authorizing the furlough of a person committed under this chapter, unless the secretary has recommended the release or furlough. If the secretary has not recommended the release or furlough, a hearing shall be held under RCW 10.77.150. [1994 c 150 § 1.]

RCW 10.77.160 Conditional release—Reports. When a conditionally released person is required by the terms of his or her conditional release to report to a physician, department of corrections community corrections officer, or medical or mental health practitioner on a regular or periodic basis, the physician, department of corrections community corrections officer, medical or mental health practitioner, or other such person shall monthly, for the first six months after release and semiannually thereafter, or as otherwise directed by the court, submit to the court, the secretary, the institution from which released, and to the prosecuting attorney of the county in which the person was committed, a report stating whether the person is adhering to the terms and conditions of his or her conditional release, and detailing any arrests or criminal charges filed and any significant change in the person's mental health

condition or other circumstances. [2010 c 263 § 6; 1993 c 31 § 7; 1973 1st ex.s. c 117 § 16.]

RCW 10.77.163 Furlough—Notice—Temporary restraining order. (1)

Before a person committed under this chapter is permitted temporarily to leave a treatment facility for any period of time without constant accompaniment by facility staff, the superintendent, professional person in charge of a treatment facility, or his or her professional designee shall in writing notify the prosecuting attorney of any county to which the person is released and the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision conditionally to release the person. The notice shall be provided at least forty-five days before the anticipated release and shall describe the conditions under which the release is to occur.

(2) In addition to the notice required by subsection (1) of this section, the superintendent of each state institution designated for the custody, care, and treatment of persons committed under this chapter shall notify appropriate law enforcement agencies through the state patrol communications network of the furloughs of persons committed under RCW 10.77.086 or 10.77.110. Notification shall be made at least thirty days before the furlough, and shall include the name of the person, the place to which the person has permission to go, and the dates and times during which the person will be on furlough.

(3) Upon receiving notice that a person committed under this chapter is being temporarily released under subsection (1) of this section, the prosecuting attorney may seek a temporary restraining order to prevent the release of the person on the grounds that the person is dangerous to self or others.

(4) The notice requirements contained in this section shall not apply to emergency medical furloughs.

(5) The existence of the notice requirements contained in this section shall not require any extension of the release date in the event the release plan changes after notification.

(6) The notice provisions of this section are in addition to those provided in RCW 10.77.205. [2008 c 213 § 4; 1994 c 129 § 4; 1990 c 3 § 106; 1989 c 420 § 9; 1983 c 122 § 2.]

Findings—Intent—1994 c 129: See note following RCW 4.24.550.

RCW 10.77.165 Escape or disappearance—Notification requirements. (1) In the event of an escape by a person committed under this chapter from a state facility or the disappearance of such a person on conditional release or other authorized absence, the superintendent shall provide notification of the person's escape or disappearance for the public's safety or to assist in the apprehension of the person.

(a) The superintendent shall notify:

(i) State and local law enforcement officers located in the city and county where the person escaped and in the city and county which had jurisdiction of the person on the date of the applicable offense;

(ii) Other appropriate governmental agencies; and

(iii) The person's relatives.

(b) The superintendent shall provide the same notification as required by (a) of this subsection to the following, if such notice has been requested in writing about a specific person committed under this chapter:

(i) The victim of the crime for which the person was convicted or the victim's next of kin if the crime was a homicide;

(ii) Any witnesses who testified against the person in any court proceedings if the person was charged with a violent offense; and

(iii) Any other appropriate persons.

(2) Information regarding victims, next of kin, or witnesses requesting the notice, information regarding any other person specified in writing by the prosecuting attorney to receive the notice, and the notice are confidential and shall not be available to the person committed under this chapter.

(3) The notice provisions of this section are in addition to those provided in RCW 10.77.205. [2011 c 305 § 6; 2010 c 28 § 1; 1993 c 31 § 8; 1990 c 3 § 107; 1989 c 420 § 10; 1983 c 122 § 3.]

Findings—2011 c 305: See note following RCW 74.09.295.

RCW 10.77.170 Payments to conditionally released persons. As funds are available, the secretary may provide payment to a person conditionally released pursuant to RCW 10.77.150, consistent with the provisions of RCW 72.02.100 and 72.02.110, and may adopt rules and regulations to do so. [1973 1st ex.s. c 117 § 17.]

RCW 10.77.175 Conditional release—Planning—Less restrictive alternative treatment. (1) Conditional release planning should start at admission and proceed in coordination between the department and the person's managed care organization, or behavioral health administrative services organization if the person is not eligible for medical assistance under chapter 74.09 RCW. If needed, the department shall assist the person to enroll in medical assistance in suspense status under RCW 74.09.670. The state hospital liaison for the managed care organization or behavioral health administrative services organization shall facilitate conditional release planning in collaboration with the department.

(2) Less restrictive alternative treatment pursuant to a conditional release order, at a minimum, includes the following services:

(a) Assignment of a care coordinator;

(b) An intake evaluation with the provider of the conditional treatment;

(c) A psychiatric evaluation or a substance use disorder evaluation, or both;

(d) A schedule of regular contacts with the provider of the less restrictive alternative treatment services for the duration of the order;

(e) A transition plan addressing access to continued services at the expiration of the order;

(f) An individual crisis plan;

(g) Consultation about the formation of a mental health advance directive under chapter 71.32 RCW;

(3) Less restrictive alternative treatment pursuant to a conditional release order may additionally include requirements to participate in the following services:

- (a) Medication management;
- (b) Psychotherapy;
- (c) Nursing;
- (d) Substance use disorder counseling;
- (e) Residential treatment;
- (f) Partial hospitalization;
- (g) Intensive outpatient treatment;
- (h) Support for housing, benefits, education, and employment; and
- (i) Periodic court review.

(4) Nothing in this section prohibits items in subsection (2) of this section from beginning before the conditional release of the individual.

(5) If the person was provided with involuntary medication under RCW 10.77.094 or pursuant to a judicial order during the involuntary commitment period, the less restrictive alternative treatment pursuant to the conditional release order may authorize the less restrictive alternative treatment provider or its designee to administer involuntary antipsychotic medication to the person if the provider has attempted and failed to obtain the informed consent of the person and there is a concurring medical opinion approving the medication by a psychiatrist, physician assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, or physician or physician assistant in consultation with an independent mental health professional with prescribing authority.

(6) Less restrictive alternative treatment pursuant to a conditional release order must be administered by a provider that is certified or licensed to provide or coordinate the full scope of services required under the less restrictive alternative order and that has agreed to assume this responsibility.

(7) The care coordinator assigned to a person ordered to less restrictive alternative treatment pursuant to a conditional release order must submit an individualized plan for the person's treatment services to the court that entered the order. An initial plan must be submitted as soon as possible following the intake evaluation and a revised plan must be submitted upon any subsequent modification in which a type of service is removed from or added to the treatment plan.

(8) A care coordinator may disclose information and records related to mental health treatment under RCW 70.02.230(2)(k) for purposes of implementing less restrictive alternative treatment pursuant to a conditional release order.

(9) For the purpose of this section, "care coordinator" means a representative from the department of social and health services who coordinates the activities of less restrictive alternative treatment pursuant to a conditional release order. The care coordinator coordinates activities with the person's transition team that are necessary for enforcement and continuation of the conditional release order and is responsible for coordinating service activities with other agencies and establishing and maintaining a therapeutic

relationship with the individual on a continuing basis. [2022 c 210 § 22; 2021 c 263 § 4.]

Application—2021 c 263: See note following RCW 10.77.150.

RCW 10.77.180 Conditional release—Periodic review of case.

Each person conditionally released pursuant to RCW 10.77.150 shall have his or her case reviewed by the court which conditionally released him or her no later than one year after such release and no later than every two years thereafter, such time to be scheduled by the court. Review may occur in a shorter time or more frequently, if the court, in its discretion, on its own motion, or on motion of the person, the secretary of social and health services, the secretary of corrections, medical or mental health practitioner, or the prosecuting attorney, so determines. The sole question to be determined by the court is whether the person shall continue to be conditionally released. The court in making its determination shall be aided by the periodic reports filed pursuant to RCW 10.77.140 and 10.77.160, and the opinions of the secretary and other experts or professional persons. [1998 c 297 § 42; 1993 c 31 § 9; 1974 ex.s. c 198 § 14; 1973 1st ex.s. c 117 § 18.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

RCW 10.77.190 Conditional release—Revocation or modification of terms—Procedure.

(1) Any person submitting reports pursuant to RCW 10.77.160, the secretary, or the prosecuting attorney may petition the court to, or the court on its own motion may schedule an immediate hearing for the purpose of modifying the terms of conditional release if the petitioner or the court believes the released person is failing to adhere to the terms and conditions of his or her conditional release or is in need of additional care and treatment.

(2) If the prosecuting attorney, the secretary of social and health services, the secretary of corrections, or the court, after examining the report filed with them pursuant to RCW 10.77.160, or based on other information received by them, reasonably believes that a conditionally released person is failing to adhere to the terms and conditions of his or her conditional release the court or secretary of social and health services or the secretary of corrections may order that the conditionally released person be apprehended and taken into custody. The court shall be notified of the apprehension before the close of the next judicial day. The court shall schedule a hearing within thirty days to determine whether or not the person's conditional release should be modified or revoked. Both the prosecuting attorney and the conditionally released person shall have the right to request an immediate mental examination of the conditionally released person. If the conditionally released person is indigent, the court or secretary of social and health services or the secretary of corrections or their designees shall, upon request, assist him or her in obtaining a qualified expert or professional person to conduct the examination.

(3) If the hospital or facility designated to provide outpatient care determines that a conditionally released person presents a threat

to public safety, the hospital or facility shall immediately notify the secretary of social and health services or the secretary of corrections or their designees. The secretary shall order that the conditionally released person be apprehended and taken into custody.

(4) The court, upon receiving notification of the apprehension, shall promptly schedule a hearing. The issue to be determined is whether the conditionally released person did or did not adhere to the terms and conditions of his or her release, or whether the person presents a threat to public safety. Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or his or her conditional release shall be revoked and he or she shall be committed subject to release only in accordance with provisions of this chapter. [2010 c 263 § 7; 1998 c 297 § 43; 1993 c 31 § 10; 1982 c 112 § 2; 1974 ex.s. c 198 § 15; 1973 1st ex.s. c 117 § 19.]

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

RCW 10.77.195 Conditional release—Court approval—Compliance—Secretary to coordinate with designated treatment providers, department of corrections staff, and local law enforcement—Rules. For persons who have received court approval for conditional release, the secretary or the secretary's designee shall supervise the person's compliance with the court-ordered conditions of release in coordination with the multidisciplinary transition team appointed under RCW 10.77.150. The level of supervision provided by the secretary shall correspond to the level of the person's public safety risk. In undertaking supervision of persons under this section, the secretary shall coordinate with any treatment providers or department of corrections staff designated pursuant to RCW 10.77.150, and local law enforcement, if appropriate. The secretary shall adopt rules to implement this section. [2021 c 263 § 10; 2010 c 263 § 9.]

Application—2021 c 263: See note following RCW 10.77.150.

RCW 10.77.200 Release—Procedure. (1) Upon application by the committed or conditionally released person, the secretary shall determine whether or not reasonable grounds exist for release. In making this determination, the secretary may consider the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case. If the secretary approves the release he or she then shall authorize the person to petition the court.

(2) In instances in which persons have not made application for release, but the secretary believes, after consideration of the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case, that reasonable grounds exist for release, the secretary may petition the court. If the secretary petitions the court for release under this subsection, notice of the petition must be provided to the person who is the subject of the petition and to his or her attorney.

(3) The petition shall be served upon the court and the prosecuting attorney. The court, upon receipt of the petition for release, shall within forty-five days order a hearing. Continuance of the hearing date shall only be allowed for good cause shown. The prosecuting attorney shall represent the state, and shall have the right to have the person who is the subject of the petition examined by an expert or professional person of the prosecuting attorney's choice. If the secretary is the petitioner, the attorney general shall represent the secretary. If the person who is the subject of the petition is indigent, and the person so requests, the court shall appoint a qualified expert or professional person to examine him or her. If the person who is the subject of the petition has a developmental disability, the examination shall be performed by a developmental disabilities professional. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney. The burden of proof shall be upon the petitioner to show by a preponderance of the evidence that the person who is the subject of the petition no longer presents, as a result of a mental disease or defect, a substantial danger to other persons, or a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions. If the person who is the subject of the petition will be transferred to a state correctional institution or facility upon release to serve a sentence for any class A felony, the petitioner must show that the person's mental disease or defect is manageable within a state correctional institution or facility, but must not be required to prove that the person does not present either a substantial danger to other persons, or a substantial likelihood of committing criminal acts jeopardizing public safety or security, if released.

(4) For purposes of this section, a person affected by a mental disease or defect in a state of remission is considered to have a mental disease or defect requiring supervision when the disease may, with reasonable medical probability, occasionally become active and, when active, render the person a danger to others. Upon a finding that the person who is the subject of the petition has a mental disease or defect in a state of remission under this subsection, the court may deny release, or place or continue such a person on conditional release.

(5) Nothing contained in this chapter shall prohibit the patient from petitioning the court for release or conditional release from the institution in which he or she is committed. The petition shall be served upon the court, the prosecuting attorney, and the secretary. Upon receipt of such petition, the secretary shall develop a recommendation as provided in subsection (1) of this section and provide the secretary's recommendation to all parties and the court. The issue to be determined on such proceeding is whether the patient, as a result of a mental disease or defect, is a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

(6) Nothing contained in this chapter shall prohibit the committed person from petitioning for release by writ of habeas corpus. [2013 c 289 § 7; 2010 c 263 § 8; 2000 c 94 § 16; 1998 c 297 § 44; 1993 c 31 § 11; 1989 c 420 § 11; 1983 c 25 § 2; 1974 ex.s. c 198 § 16; 1973 1st ex.s. c 117 § 20.]

Findings—2013 c 289: See note following RCW 10.77.086.

Effective dates—Severability—Intent—1998 c 297: See notes following RCW 71.05.010.

(d) The thirty-day notice requirement contained in (a) and (b) of this subsection shall not apply to emergency medical furloughs.

(e) The existence of the notice requirements in (a) and (b) of this subsection shall not require any extension of the release date in the event the release plan changes after notification.

(2) If a person who has been found not guilty of a sex, violent, or felony harassment offense by reason of insanity and who is committed under this chapter escapes, the superintendent shall immediately notify, by the most reasonable and expedient means available, the chief of police of the city and the sheriff of the county in which the person resided immediately before the person's arrest. If previously requested, the superintendent shall also notify the witnesses and the victim, if any, of the crime for which the person was committed or the victim's next of kin if the crime was a homicide. The superintendent shall also notify appropriate persons pursuant to RCW 10.77.165. If the person is recaptured, the secretary shall send notice to the persons designated in this subsection as soon as possible but in no event later than two working days after the department learns of such recapture.

(3) If the victim, the victim's next of kin, or any witness is under the age of sixteen, the notice required by this section shall be sent to the parents or legal guardian of the child.

(4) The department shall send the notices required by this chapter to the last address provided to the department by the requesting party. The requesting party shall furnish the department with a current address.

(5) For purposes of this section the following terms have the following meanings:

(a) "Violent offense" means a violent offense under RCW 9.94A.030;

(b) "Sex offense" means a sex offense under RCW 9.94A.030;

(c) "Next of kin" means a person's spouse, state registered domestic partner, parents, siblings, and children;
