RCW 28A.600.006 Condensed compliance reports—Second-class districts. Any compliance reporting requirements as a result of laws in this chapter that apply to second-class districts may be submitted in accordance with RCW 28A.330.250. [2011 c 45 § 45.]

Conflict with federal requirements—2011 c 45: See note following RCW 28A.330.250.

RCW 28A.600.010 Enforcement of rules of conduct—Due process guarantees—Computation of days for short-term and long-term suspensions. Every board of directors, unless otherwise specifically provided by law, shall:

(1) Enforce the rules prescribed by the superintendent of public instruction for the government of schools, pupils, and certificated employees.

(2) Adopt and make available to each pupil, teacher and parent in the district reasonable written rules regarding pupil conduct, discipline, and rights, including but not limited to short-term suspensions as referred to in RCW 28A.600.015 and suspensions in excess of ten consecutive days. Such rules shall not be inconsistent with any of the following: Federal statutes and regulations, state statutes, common law, and the rules of the superintendent of public instruction. The board's rules shall include such substantive and procedural due process guarantees as prescribed by the superintendent of public instruction under RCW 28A.600.015. When such rules are made available to each pupil, teacher, and parent, they shall be accompanied by a detailed description of rights, responsibilities, and authority of teachers and principals with respect to the discipline of pupils as prescribed by state statutory law, the superintendent of public instruction, and the rules of the school district.

For the purposes of this subsection, computation of days included in "short-term" and "long-term" suspensions shall be determined on the basis of consecutive school days.

(3) Suspend, expel, or discipline pupils in accordance with RCW 28A.600.015. [2006 c 263 § 901; 1997 c 265 § 4; 1990 c 33 § 496; 1979 ex.s. c 173 § 2; 1975-'76 2nd ex.s. c 97 § 2; 1975 1st ex.s. c 254 § 1; 1971 ex.s. c 268 § 1; 1969 ex.s. c 223 § 28A.58.101. RCW 28A.600.015 Expulsions and suspensions—Rules incorporating due process—Short-term and long-term suspensions—Emergency expulsions—Discretionary discipline.

(1) The superintendent of public instruction shall adopt and distribute to all school districts lawful and reasonable rules prescribing the substantive and procedural due process guarantees of pupils in the common schools. Such rules shall authorize a school district to use informal due process procedures in connection with the short-term suspension of students to the extent constitutionally permissible: PROVIDED, That the superintendent of public instruction deems the interest of students to be adequately protected. When a student suspension or expulsion is appealed, the rules shall authorize a school district to impose the suspension or expulsion temporarily after an initial hearing for no more than 10 consecutive school days or until the appeal is decided, whichever is earlier. Any days that the student is temporarily suspended or expelled before the appeal is decided shall be applied to the term of the student suspension or expulsion and shall not limit or extend the term of the student suspension or expulsion. An expulsion or suspension of a student may not be for an indefinite period of time.

(2) Short-term suspension procedures may be used for suspensions of students up to and including, 10 consecutive school days.

(3) Emergency removals must end or be converted to another form of corrective action within ten school days from the date of the emergency removal from school. Notice and due process rights must be provided when an emergency removal is converted to another form of corrective action.

(4) School districts may not impose long-term suspension or expulsion as a form of discretionary discipline.

(5) Any imposition of discretionary and nondiscretionary discipline is subject to the bar on suspending the provision of educational services pursuant to subsection (8) of this section.

(6) As used in this chapter, "discretionary discipline" means a disciplinary action taken by a school district for student behavior that violates rules of student conduct adopted by a school district board of directors under RCW 28A.600.010 and this section, but does not constitute action taken in response to any of the following:

(a) A violation of RCW 28A.600.420;

(b) An offense in RCW 13.04.155;

(c) Two or more violations of RCW 9A.46.120, 9.41.280, 28A.600.455, 28A.635.020, or 28A.635.060 within a three-year period; or

(d) Behavior that adversely impacts the health or safety of other students or educational staff.

(7) Except as provided in RCW 28A.600.420, school districts are not required to impose long-term suspension or expulsion for behavior that constitutes a violation or offense listed under subsection (6) (a) through (d) of this section and should first consider alternative actions.

(8) School districts may not suspend the provision of educational services to a student as a disciplinary action. A student may be excluded from a particular classroom or instructional or activity area for the period of suspension or expulsion, but the school district must provide an opportunity for a student to receive educational services during a period of suspension or expulsion.

(9) Nothing in this section creates any civil liability for school districts, or creates a new cause of action or new theory of negligence against a school district board of directors, a school district, or the state. [2023 c 242 § 9; 2016 c 72 § 105; 2013 2nd sp.s. c 18 § 302; 2006 c 263 § 701; 1996 c 321 § 2; 1975-'76 2nd ex.s. c 97 § 1; 1971 ex.s. c 268 § 2. Formerly RCW 28A.305.160, 28A.04.132.]

Finding—Intent—2016 c 72: "(1) The legislature has already established that it is a goal of the state to provide for a public school system that gives all students the opportunity to achieve personal and academic success. This goal contains within it a promise of excellence and opportunity for all students, not just some students. In 2012, in *McCleary v. State of Washington*, the Washington supreme court reaffirmed the positive constitutional right of every student by noting, "No child is excluded." In establishing the educational opportunity gap oversight and accountability committee in 2009, the legislature recognized that additional work was needed to fulfill the promise of excellence and opportunity for students of certain demographic groups, including English language learners.

(2) In its 2015 report to the legislature, the educational opportunity gap oversight and accountability committee made the following recommendations in keeping with its statutory purpose, which is to recommend specific policies and strategies to close the educational opportunity gap:

(a) Reduce the length of time students of color are excluded from school due to suspension and expulsion and provide students support for reengagement plans;

(b) Enhance the cultural competence of current and future educators and classified staff;

(c) Endorse all educators in English language learner and second language acquisition;

(d) Account for the transitional bilingual instruction program instructional services provided to English language learner students;

(e) Analyze the opportunity gap through deeper disaggregation of student demographic data;

(f) Invest in the recruitment, hiring, and retention of educators of color;

(g) Incorporate integrated student services and family engagement; and

(h) Strengthen student transitions at each stage of the education development pathway: Early learning to elementary, elementary to secondary, secondary to college and career.

(3) The legislature finds that these recommendations represent a holistic approach to making progress toward closing the opportunity gap. The recommendations are interdependent and mutually reinforcing.

Closing the opportunity gap requires highly skilled, culturally competent, and diverse educators who understand the communities and cultures that students come from; it requires careful monitoring of not only the academic performance but also the educational environment for all students, at a fine grain of detail to assure adequate accountability; and it requires a robust program of instruction, including appropriately trained educators, to help English language learners gain language proficiency as well as academic proficiency.

(4) Therefore, the legislature intends to adopt policies and programs to implement the six recommendations of the educational opportunity gap oversight and accountability committee and fulfill its promise of excellence and opportunity for all students." [2016 c 72 § 1.]

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

Findings—Purpose—Part headings not law—2006 c 263: See notes following RCW 28A.150.230.

RCW 28A.600.020 Exclusion of student from classroom—Written disciplinary procedures—Long-term suspension or expulsion. (1) The rules adopted pursuant to RCW 28A.600.010 shall be interpreted to ensure that the optimum learning atmosphere of the classroom is maintained, and that the highest consideration is given to the judgment of qualified certificated educators regarding conditions necessary to maintain the optimum learning atmosphere.

(2) Any student who creates a disruption of the educational process in violation of the building disciplinary standards while under a teacher's immediate supervision may be excluded by the teacher from his or her individual classroom and instructional or activity area for all or any portion of the balance of the school day, or up to the following two days, or until the principal or designee and teacher have conferred, whichever occurs first. Except in emergency circumstances, the teacher first must attempt one or more alternative forms of corrective action. In no event without the consent of the teacher may an excluded student return to the class during the balance of that class or activity period or up to the following two days, or until the principal or his or her designee and the teacher have conferred.

(3) In order to preserve a beneficial learning environment for all students and to maintain good order and discipline in each classroom, every school district board of directors shall provide that written procedures are developed for administering discipline at each school within the district. Such procedures shall be developed with the participation of parents and the community, and shall provide that the teacher, principal or designee, and other authorities designated by the board of directors, make every reasonable attempt to involve the parent or guardian and the student in the resolution of student discipline problems. Such procedures shall provide that students may be excluded from their individual classes or activities for periods of time in excess of that provided in subsection (2) of this section if such students have repeatedly disrupted the learning of other students. The procedures must be consistent with the rules of the

superintendent of public instruction and must provide for early involvement of parents in attempts to improve the student's behavior.

(4) The procedures shall assure, pursuant to RCW 28A.400.110, that all staff work cooperatively toward consistent enforcement of proper student behavior throughout each school as well as within each classroom.

(5) (a) A principal shall consider imposing long-term suspension or expulsion as a sanction when deciding the appropriate disciplinary action for a student who, after July 27, 1997:

(i) Engages in two or more violations within a three-year period of RCW 9A.46.120, 28A.600.455, 28A.600.460, 28A.635.020, 28A.600.020, 28A.635.060, or 9.41.280; or

(ii) Engages in one or more of the offenses listed in RCW 13.04.155.

(b) The principal shall communicate the disciplinary action taken by the principal to the school personnel who referred the student to the principal for disciplinary action.

(6) Any corrective action involving a suspension or expulsion from school for more than ten days must have an end date of not more than the length of an academic term, as defined by the school board, from the time of corrective action. Districts shall make reasonable efforts to assist students and parents in returning to an educational setting prior to and no later than the end date of the corrective action. Where warranted based on public health or safety, a school may petition the superintendent of the school district, pursuant to policies and procedures adopted by the office of the superintendent of public instruction, for authorization to exceed the academic term limitation provided in this subsection. The superintendent of public instruction shall adopt rules outlining the limited circumstances in which a school may petition to exceed the academic term limitation, including safeguards to ensure that the school district has made every effort to plan for the student's return to school. School districts shall report to the office of the superintendent of public instruction the number of petitions made to the school board and the number of petitions granted on an annual basis.

(7) Nothing in this section prevents a public school district, educational service district, the Washington center for deaf and hard of hearing youth, or the state school for the blind if it has suspended or expelled a student from the student's regular school setting from providing educational services to the student in an alternative setting or modifying the suspension or expulsion on a case-by-case basis. An alternative setting should be comparable, equitable, and appropriate to the regular education services a student would have received without the exclusionary discipline. Example alternative settings include alternative high schools, one-on-one tutoring, and online learning. Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

Findings—Purpose—Part headings not law—2006 c 263: See notes following RCW 28A.150.230.

Findings—Intent—Severability—1997 c 266: See notes following RCW 28A.600.455.

RCW 28A.600.022 Suspended or expelled students—Reengagement plan. (1) School districts should make efforts to have suspended or expelled students return to an educational setting as soon as possible. School districts must convene a meeting with the student and the student's parents or guardians within twenty days of the student's long-term suspension or expulsion, but no later than five days before the student's enrollment, to discuss a plan to reengage the student in a school program. Families must have access to, provide meaningful input on, and have the opportunity to participate in a culturally sensitive and culturally responsive reengagement plan.

(2) In developing a reengagement plan, school districts should consider shortening the length of time that the student is suspended or expelled, other forms of corrective action, and supportive interventions that aid in the student's academic success and keep the student engaged and on track to graduate. School districts must create a reengagement plan tailored to the student's individual circumstances, including consideration of the incident that led to the student's long-term suspension or expulsion. The plan should aid the student in taking the necessary steps to remedy the situation that led to the student's suspension or expulsion.

(3) Any reengagement meetings conducted by the school district involving the suspended or expelled student and his or her parents or guardians are not intended to replace a petition for readmission. [2016 c 72 § 107; 2013 2nd sp.s. c 18 § 308.]

Finding—Intent—2016 c 72: See note following RCW 28A.600.015.

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: "Nothing in chapter 18, Laws of 2013 2nd sp. sess. prevents a public school district, law enforcement agencies, or law enforcement personnel from enforcing laws protecting health and human safety." [2013 2nd sp.s. c 18 § 309.]

RCW 28A.600.025 Students' rights of religious expression—Duty of superintendent of public instruction to inform school districts.

(1) The First Amendment to the United States Constitution, and Article I, sections 5 and 11 of the Washington state Constitution guarantee that students retain their rights of free speech and free exercise of religion, notwithstanding the student's enrollment and attendance in a common school. These rights include, but are not limited to, the right of an individual student to freely express and incorporate the student's religious beliefs and opinions where relevant or appropriate in any and all class work, homework, evaluations or tests. School personnel may not grade the class work, homework, evaluation, or test on the religious expression but may grade the student's performance on scholastic content such as spelling, sentence structure, and grammar, and the degree to which the student's performance reflects the instruction and objectives established by the school personnel. School

personnel may not subject an individual student who expresses religious beliefs or opinions in accordance with this section to any form of retribution or negative consequence and may not penalize the student's standing, evaluations, or privileges. An employee of the school district may not censure a student's expression of religious beliefs or opinions, when relevant or appropriate, in any class work, homework, evaluations or tests, extracurricular activities, or other activities under the sponsorship or auspices of the school district.

(2) This section is not intended to impose any limit on the exchange of ideas in the common schools of this state. No officer, employee, agent, or contractor of a school district may impose his or her religious beliefs on any student in class work, homework, evaluations or tests, extracurricular activities, or other activities under the auspices of the school district.

(3) The superintendent of public instruction shall distribute to the school districts information about laws governing students' rights of religious expression in school. [1998 c 131 § 2.]

Findings—1998 c 131: "The legislature recognizes the right of free speech and freedom of religion as guaranteed through the First Amendment to the United States Constitution and Article I, sections 5 and 11 of the Washington state Constitution and that these rights extend to students enrolled in the common schools of our state.

The legislature also recognizes that students may choose to exercise these rights, as protected under the law, in response to the challenges of academic pursuit. While the legislature upholds the rights of students to freely express their religious beliefs and right of free speech, it also holds firmly that it is not the role of education to solicit student responses that force students to reveal, analyze, or critique their religious beliefs." [1998 c 131 § 1.]

RCW 28A.600.027 Student expression in school-sponsored media.

(1) Student editors of school-sponsored media are responsible for determining the news, opinion, feature, and advertising content of the media subject to the limitations of subsection (2) of this section. This subsection does not prevent a student media adviser from teaching professional standards of English and journalism to the student journalists. A student media adviser may not be terminated, transferred, removed, or otherwise disciplined for complying with this section.

(2) School officials may only prohibit student expression that:

(a) Is libelous or slanderous;

(b) Is an unwarranted invasion of privacy;

(c) Violates federal or state laws, rules, or regulations;

(d) Incites students to violate federal or state laws, rules, or regulations;

(e) Violates school district policy or procedure related to harassment, intimidation, or bullying pursuant to *RCW 28A.300.285 or the prohibition on discrimination pursuant to RCW 28A.642.010;

(f) Inciting of students so as to create a clear and present danger of:

(i) The commission of unlawful acts on school premises;

(ii) The violation of lawful school district policy or procedure;

or

(iii) The material and substantial disruption of the orderly operation of the school. A school official must base a forecast of material and substantial disruption on specific facts, including past experience in the school and current events influencing student behavior, and not on undifferentiated fear or apprehension; or

(g) Is in violation of the federal communications act or applicable federal communication commission rules or regulations.

(3) Political expression by students in school-sponsored media shall not be deemed the use of public funds for political purposes, for purposes of the prohibitions of RCW 42.17A.550.

(4) Any student, individually or through his or her parent or guardian, enrolled in a public high school may file an appeal of any alleged violation of subsection (1) of this section pursuant to chapter 28A.645 RCW.

(5) Expression made by students in school-sponsored media is not necessarily the expression of school policy. Neither a school official nor the governing board of the school or school district may be held responsible in any civil or criminal action for any expression made or published by students in school-sponsored media.

(6) Each school district that includes a high school shall adopt a written student freedom of expression policy in accordance with this section. The policy may include reasonable provisions for the time, place, and manner of student expression.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "School-sponsored media" means any matter that is prepared, substantially written, published, or broadcast by student journalists, that is distributed or generally made available, either free of charge or for a fee, to members of the student body, and that is prepared under the direction of a student media adviser. "School-sponsored media" does not include media that is intended for distribution or transmission solely in the classrooms in which they are produced.

(b) "Student journalist" means a student who gathers, compiles, writes, edits, photographs, records, or prepares information for dissemination in school-sponsored media.

(c) "Student media adviser" means a person who is employed, appointed, or designated by the school to supervise, or provide instruction relating to, school-sponsored media. [2018 c 125 § 2.]

***Reviser's note:** RCW 28A.300.285 was repealed by 2019 c 194 § 5.

Finding—Intent—2018 c 125: "The legislature finds that freedom of expression through school-sponsored media is a fundamental principle in our democratic society granted by the First Amendment to the United States Constitution and by Article I, section 5 of the state Constitution. It is the intent of the legislature to protect freedom of expression through school-sponsored media for both public school students and students at public institutions of higher education in this state in order to encourage students to become educated, informed, and responsible members of society." [2018 c 125 § 1.]

RCW 28A.600.030 Grading policies—Option to consider attendance.

Each school district board of directors may establish student grading policies which permit teachers to consider a student's attendance in determining the student's overall grade or deciding whether the

student should be granted or denied credit. Such policies shall take into consideration the circumstances pertaining to the student's inability to attend school. However, no policy shall be adopted whereby a grade shall be reduced or credit shall be denied for disciplinary reasons only, rather than for academic reasons, unless due process of law is provided as set forth by the superintendent of public instruction under RCW 28A.600.015. [2006 c 263 § 707; 1990 c 33 § 498; 1984 c 278 § 7. Formerly RCW 28A.58.195.]

Findings—Purpose—Part headings not law—2006 c 263: See notes following RCW 28A.150.230.

Severability—1984 c 278: See note following RCW 28A.185.010.

RCW 28A.600.035 Policies on secondary school access and egress. School district boards of directors shall review school district policies regarding access and egress by students from secondary school grounds during school hours. Each school district board of directors shall adopt a policy specifying any restrictions on students leaving secondary school grounds during school hours. [1995 c 312 § 82.]

Effective date—1995 c 312 §§ 71 and 82: See note following RCW 28A.225.095.

RCW 28A.600.045 Comprehensive guidance and planning programs for students. (1) The legislature encourages each middle school, junior high school, and high school to implement a comprehensive guidance and planning program for all students. The purpose of the program is to support students as they navigate their education and plan their future; encourage an ongoing and personal relationship between each student and an adult in the school; and involve parents in students' educational decisions and plans.

(2) A comprehensive guidance and planning program is a program that contains at least the following components:

(a) A curriculum intended to provide the skills and knowledge students need to select courses, explore options, plan for their future, and take steps to implement their plans. The curriculum may include such topics as analysis of students' test results; diagnostic assessments of students' academic strengths and weaknesses; use of assessment results in developing students' short-term and long-term plans; assessments of student interests and aptitude; goal-setting

skills; planning for high school course selection; independent living skills; exploration of options and opportunities for career and technical education at the secondary and postsecondary level; exploration of career opportunities in emerging and high-demand programs including apprenticeships; and postsecondary options and how to access them;

(b) Regular meetings between each student and a teacher who serves as an advisor throughout the student's enrollment at the school;

(c) Student-led conferences with the student's parents, guardians, or family members and the student's advisor for the purpose of demonstrating the student's accomplishments; identifying weaknesses; planning and selecting courses; and setting long-term goals; and

(d) Data collection that allows schools to monitor students' progress.

(3) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall provide support for comprehensive guidance and planning programs in public schools, including providing ongoing development and improvement of the curriculum described in subsection (2) of this section. [2008 c 170 § 303; 2006 c 117 § 2.]

Findings—Intent—2008 c 170: See RCW 28A.700.005.

Intent—2006 c 117: "The legislature recognizes that there are specific skills and a body of knowledge that each student needs to chart a course through middle school, high school, and posthigh school options. Each student needs active involvement from parents and at least one supportive adult in the school who knows the student well and cares about the student's progress and future. Students, parents, and teachers also need the benefit of immediate feedback and accurate diagnosis of students' academic strengths and weaknesses to inform the students' short-term and long-term plans. To empower and motivate all students and parents to take a greater role in charting the students' own educational experiences, the legislature intends to strengthen schools' guidance and planning programs." RCW 28A.600.050 State honors awards program established—

Purpose. The Washington state honors awards program is hereby established for the purpose of promoting academic achievement among high school students enrolled in public or approved private high schools by recognizing outstanding achievement of students in academic core subjects. This program shall be voluntary on the part of each school district and each student enrolled in high school. [1985 c 62 § 1. Formerly RCW 28A.03.440.]

Washington scholars' program: RCW 28A.600.100 through 28A.600.150.

RCW 28A.600.060 State honors awards program—Areas included.

The recipients of the Washington state honors awards shall be selected based on student achievement in both verbal and quantitative areas, as measured by a test or tests of general achievement selected by the superintendent of public instruction, and shall include student

performance in the academic core areas of English, mathematics, science, social studies, and languages other than English, which may be American Indian languages. The performance level in such academic core subjects shall be determined by grade point averages, numbers of credits earned, and courses enrolled in during the beginning of the senior year. RCW 28A.600.110 Washington scholars' program—Established—Scope.

There is established by the legislature of the state of Washington the Washington state scholars program. The purposes of this program annually are to:

(1) Provide for the selection of three seniors residing in each legislative district in the state graduating from high schools who have distinguished themselves academically among their peers, except that during fiscal year 2007, no more than two seniors plus one alternate may be selected.

(2) Maximize public awareness of the academic achievement, leadership ability, and community contribution of Washington state public and private high school seniors through appropriate recognition ceremonies and events at both the local and state level.

(3) Provide a listing of the Washington scholars to all Washington state public and private colleges and universities to facilitate communication regarding academic programs and scholarship availability.

(4) Make available a state level mechanism for utilization of private funds for scholarship awards to outstanding high school seniors.

(5) Provide, on written request and with student permission, a listing of the Washington scholars to private scholarship selection committees for notification of scholarship availability.

(6) Permit a waiver of tuition and services and activities fees as provided for in *RCW 28B.15.543 and grants under RCW 28B.76.660. [2005 c 518 § 915; 2004 c 275 § 46; 1994 c 234 § 4; 1988 c 210 § 4; 1987 c 465 § 1; 1981 c 54 § 2. Formerly RCW 28A.58.822.]

***Reviser's note:** RCW 28B.15.543 was amended by 2015 c 55 § 219, changing tuition waivers to grants for undergraduate coursework.

Findings—Intent—1999 c 159: "The legislature finds that approximately thirty-five percent of the recipients of the Washington scholars award under RCW 28A.600.100 through 28A.600.150 choose to enroll in an out-of-state college and therefore do not use the grants that would have been available to them under RCW 28B.80.245 had they chosen to attend a college or university in the state of Washington. It is the intent of the legislature to require high school seniors who are announced as recipients of the Washington scholars award to demonstrate in a timely manner that they will be using any grants they may receive with their awards to enroll in a college or university in Washington state during the fall term of the same year in which they receive the award. Any grants not used by initial recipients should be awarded to alternate recipients who must also demonstrate in a timely manner that they will be using their grants to enroll in a Washington college or university in Washington state during the fall term." RCW 28A.600.160 Educational pathways. Any middle school, junior high school, or high school using educational pathways shall ensure that all participating students will continue to have access to the courses and instruction necessary to meet admission requirements at baccalaureate institutions. Students shall be allowed to enter the

educational pathway of their choice. Before accepting a student into an educational pathway, the school shall inform the student's parent of the pathway chosen, the opportunities available to the student through the pathway, and the career objectives the student will have exposure to while pursuing the pathway. Providing online access to the information satisfies the requirements of this section unless a parent or guardian specifically requests information to be provided in written form. Parents and students dissatisfied with the opportunities available through the selected educational pathway shall be provided with the opportunity to transfer the student to any other pathway provided in the school. Schools may not develop educational pathways that retain students in high school beyond the date they are eligible to graduate, and may not require students who transfer between pathways to complete pathway requirements beyond the date the student is eligible to graduate. Educational pathways may include, but are not limited to, programs such as worksite learning, internships, career and technical education, running start, college in the high school, and preparation for technical college, community college, or university education. RCW 28A.600.190 Youth sports—Concussion and head injury guidelines—Injured athlete restrictions—Short title. (1) (a) Concussions are one of the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The centers for disease control and prevention estimates that as many as three million nine hundred thousand sports-related and recreation-related concussions occur in the United States each year. A concussion is caused by a blow or motion to the head or body that causes the brain to move rapidly inside the skull. The risk of catastrophic injuries or death are significant when a concussion or head injury is not properly evaluated and managed.

(b) Concussions are a type of brain injury that can range from mild to severe and can disrupt the way the brain normally works. Concussions can occur in any organized or unorganized sport or recreational activity and can result from a fall or from players colliding with each other, the ground, or with obstacles. Concussions occur with or without loss of consciousness, but the vast majority occurs without loss of consciousness.

(c) Continuing to play with a concussion or symptoms of head injury leaves the young athlete especially vulnerable to greater injury and even death. The legislature recognizes that, despite having generally recognized return to play standards for concussion and head injury, some affected youth athletes are prematurely returned to play resulting in actual or potential physical injury or death to youth athletes in the state of Washington.

(2) Each school district's board of directors shall work in concert with the Washington interscholastic activities association to develop the guidelines and other pertinent information and forms to inform and educate coaches, youth athletes, and their parents and/or guardians of the nature and risk of concussion and head injury including continuing to play after concussion or head injury. On a yearly basis, a concussion and head injury information sheet shall be

signed and returned by the youth athlete and the athlete's parent and/or guardian prior to the youth athlete's initiating practice or competition.

(3) A youth athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from competition at that time.

(4) A youth athlete who has been removed from play may not return to play until the athlete is evaluated by a licensed health care provider trained in the evaluation and management of concussion and receives written clearance to return to play from that health care provider. The health care provider may be a volunteer. A volunteer who authorizes a youth athlete to return to play is not liable for civil damages resulting from any act or omission in the rendering of such care, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

(5) This section may be known and cited as the Zackery Lystedt law. [2009 c 475 § 2.]

RCW 28A.600.192 Diagnosed concussions—Annual reports by public schools. (1) Beginning with the 2020-21 school year, public schools must annually report information about each diagnosed concussion sustained by a student during athletic and other activities using a procedure developed by the department of health under RCW 43.70.435.

(2) At a minimum, the following information must be reported: Student's grade and gender, whether the student had a previous concussion, the event date and location of the diagnosed concussion, the type and level of activity that the student was participating in at the time of the event, whether it was a practice or competition, any known cause of the event, when during the activity the injury occurred, whether protective equipment was worn on the injured student's head at the time of the event, the type of surface on which the event occurred, who initially examined the student at the time of the event, whether the student was removed from the activity at the time of the event, and follow-up information related to whether the student was given a written authorization to return to the activity by the end of the season in which the event occurred and the amount of time before the student was authorized to return to the learning environment. [2020 c 347 § 1.]

RCW 28A.600.195 Sudden cardiac arrest in youth athletes—Online pamphlet—Online prevention program for coaches. (1) The Washington interscholastic activities association shall work with member schools' board of directors, a nonprofit organization that educates communities about sudden cardiac arrest in youth athletes, and the University of Washington medicine center for sports cardiology to develop and make available an online pamphlet that provides youth athletes, their parents or guardians, and coaches with information about sudden cardiac arrest. The online pamphlet must include information on the nature, risk, symptoms and warning signs, prevention, and treatment of sudden cardiac arrest. The online pamphlet shall be posted on the office of the superintendent of public instruction's website.

(2) The Washington interscholastic activities association shall work with member schools' board of directors, an organization that provides educational training for safe participation in athletic

activity, and the University of Washington medicine center for sports cardiology to make available an existing online sudden cardiac arrest prevention program for coaches.

(3) On a yearly basis, prior to participating in an interscholastic athletic activity a sudden cardiac arrest form stating that the online pamphlet was reviewed shall be signed by the youth athlete and the athlete's parents and/or guardian and returned to the school.

(4) Every three years, prior to coaching an interscholastic athletic activity coaches shall complete the online sudden cardiac arrest prevention program described in this section. Coaches shall provide a certificate showing completion of the online sudden cardiac arrest prevention program to the school. [2015 c 26 § 3.]

Findings—Intent—2015 c 26: "The legislature finds that sudden cardiac death is the result of an unexpected failure of proper heart function that may occur during or immediately after exercise. The legislature further finds that it has been reported that cardiac arrest is the leading cause of death in young athletes. The legislature finds that approximately one in two hundred fifty young athletes has a heart disorder that may increase his or her risk of sudden cardiac arrest. The legislature intends to make youth athletes, their families, and coaches aware of sudden cardiac arrest." [2015 c 26 § 1.]

Short title—2015 c 26: "This act may be known and cited as the sudden cardiac arrest awareness act." [2015 c 26 § 4.]

RCW 28A.600.200 Interschool athletic and other extracurricular activities for students—Authority to regulate and impose penalties—Delegation of authority—Conditions. Each school district board of directors is hereby granted and shall exercise the authority to control, supervise and regulate the conduct of interschool athletic activities and other interschool extracurricular activities of an athletic, cultural, social or recreational nature for students of the district. A board of directors may delegate control, supervision and regulation of any such activity to the Washington interscholastic activities association or any other voluntary nonprofit entity and compensate such entity for services provided, subject to the following conditions:

(1) The voluntary nonprofit entity shall not discriminate in connection with employment or membership upon its governing board, or otherwise in connection with any function it performs, on the basis of race, creed, national origin, sex or marital status;

(2)(a) Any rules and policies adopted and applied by the voluntary nonprofit entity that governs student participation in any interschool activity shall be written; and

(b) Such rules and policies shall provide for notice of the reasons and a fair opportunity to contest such reasons prior to a final determination to reject a student's request to participate in or to continue in an interschool activity.

(3)(a) The association or other voluntary nonprofit entity is authorized to impose penalties for rules violations upon coaches, school district administrators, school administrators, and students, as appropriate, to punish the offending party or parties;

(b) No penalty may be imposed on a student or students unless the student or students knowingly violated the rules or unless a student gained a significant competitive advantage or materially disadvantaged another student through a rule violation;

(c) Any penalty that is imposed for rules violations must be proportional to the offense;

(d) Any decision resulting in a penalty shall be considered a decision of the school district conducting the activity in which the student seeks to participate or was participating and may be appealed pursuant to RCW 28A.600.205 and 28A.645.010 through 28A.645.030.

(4) The school districts, Washington interscholastic activities association districts, and leagues that participate in the interschool extracurricular activities shall not impose more severe penalties for rule violations than can be imposed by the rules of the association or the voluntary nonprofit entity.

(5) As used in this section and RCW 28A.600.205, "knowingly" means having actual knowledge of or acting with deliberate ignorance or reckless disregard for the prohibition involved. [2012 c 155 § 2; 2006 c 263 § 904; 1990 c 33 § 502; 1975-'76 2nd ex.s. c 32 § 1. Formerly RCW 28A.58.125.]

Finding—Intent—2012 c 155: "The legislature finds that the mission of the Washington interscholastic activities association is to assist member schools in operating student programs that foster achievement, respect, equity, enthusiasm, and excellence in a safe and organized environment. The legislature intends to ensure that this mission is successfully carried out so that arbitrary sanctions that result in students unfairly being denied to participate or cause students' achievements to be diminished do not occur. It is the intent of the legislature to impact the association's current processes for establishing penalties for rules violations and to redefine the scope of penalties that are permitted to be imposed. It is further the intent of the legislature to build protections into state law so that punishment, when necessary, is meted out to the appropriate party and in a proportional manner. The legislature further intends to ensure that state and local rules relating to interschool extracurricular activities be consistent with one another, promote fairness, and allow for a clear process of appeal." School buses, transport of general public to interscholastic activities—Limitations: RCW 28A.160.100.

RCW 28A.600.205 Interscholastic activities—Appeals from noneligibility issues—Appeals committee—Appeals to Washington interscholastic activities association executive board—Limitations on penalties and sanctions. (1)(a) The Washington interscholastic activities association shall establish a nine-person appeals committee to address appeals of noneligibility issues. The committee shall be comprised of the secretary from each of the activity districts of the

Washington interscholastic activities association. The committee shall begin hearing appeals by July 1, 2006. No committee member may participate in the appeal process if the member was involved in the activity that was the basis of the appeal.

(b) Any penalty or sanction that is imposed or upheld by the appeals committee must be proportional to the offense and must be imposed upon only the offending individual or individuals, including coaches, school district administrators, school administrators, and students. However, only the Washington interscholastic activities association executive board has the authority to remove a team from postseason competition. Should a school violate a Washington interscholastic activities association rule, that violation does not automatically remove that school's team from postseason competition. Penalties levied against coaches and school programs must be considered before removing a team from postseason competition. Removal of a team from postseason competition must be the last option.

(2) (a) A decision of the appeals committee may be appealed to the executive board of the association. If a matter is appealed to the executive board, then the board shall conduct a de novo review of the matter before making a decision.

(b) Any penalty or sanction that is imposed or upheld by the executive board must be proportional to the offense and must be imposed upon only the offending individual or individuals including coaches, school district administrators, school administrators, or students. However, only the Washington interscholastic activities association executive board has the authority to remove a team from postseason competition. Should a school violate a Washington interscholastic activities association rule, that violation does not automatically remove that school's team from postseason competition. Penalties levied against coaches and school programs must be considered before removing a team from postseason competition. Removal of a team from postseason competition must be the last option.

(c) If a rule violation is reported to the association within ten days of the relevant postseason play, then the only review shall be conducted by the executive board of the Washington interscholastic activities association so that a decision can be rendered in a timely manner. The executive board must take all possible actions to render a decision before the postseason play takes place. [2012 c 155 § 3; 2006 c 263 § 905.]

RCW 28A.600.210 School locker searches—Findings. The legislature finds that illegal drug activity and weapons in schools threaten the safety and welfare of school children and pose a severe threat to the state educational system. School officials need authority to maintain order and discipline in schools and to protect students from exposure to illegal drugs, weapons, and contraband. Searches of school-issued lockers and the contents of those lockers is a reasonable and necessary tool to protect the interests of the students of the state as a whole. [1989 c 271 § 244. Formerly RCW 28A.67.300.]

Severability—1989 c 271: See note following RCW 9.94A.510.

RCW 28A.600.220 School locker searches—No expectation of privacy. No right nor expectation of privacy exists for any student as to the use of any locker issued or assigned to a student by a school and the locker shall be subject to search for illegal drugs, weapons, and contraband as provided in RCW 28A.600.210 through 28A.600.240. [1990 c 33 § 503; 1989 c 271 § 245. Formerly RCW 28A.67.310.]

Severability—1989 c 271: See note following RCW 9.94A.510.

RCW 28A.600.230 School locker searches—Authorization—Limitations. (1) A school principal, vice principal, or principal's designee may search a student, the student's possessions, and the student's locker, if the principal, vice principal, or principal's designee has reasonable grounds to suspect that the search will yield evidence of the student's violation of the law or school rules. A search is mandatory if there are reasonable grounds to suspect a student has illegally possessed a firearm in violation of RCW 9.41.280.

(2) Except as provided in subsection (3) of this section, the scope of the search is proper if the search is conducted as follows:

(a) The methods used are reasonably related to the objectives of the search; and

(b) Is not excessively intrusive in light of the age and sex of the student and the nature of the suspected infraction.

(3) A principal or vice principal or anyone acting under their direction may not subject a student to a strip search or body cavity search as those terms are defined in RCW 10.79.070. [1999 c 167 § 3; 1989 c 271 § 246. Formerly RCW 28A.67.320.]

Severability—1989 c 271: See note following RCW 9.94A.510.

RCW 28A.600.240 School locker searches—Notice and reasonable suspicion requirements. (1) In addition to the provisions in RCW 28A.600.230, the school principal, vice principal, or principal's designee may search all student lockers at any time without prior notice and without a reasonable suspicion that the search will yield evidence of any particular student's violation of the law or school rule.

(2) If the school principal, vice principal, or principal's designee, as a result of the search, develops a reasonable suspicion that a certain container or containers in any student locker contain evidence of a student's violation of the law or school rule, the principal, vice principal, or principal's designee may search the container or containers according to the provisions of RCW 28A.600.230(2). [1990 c 33 § 504; 1989 c 271 § 247. Formerly RCW 28A.67.330.]

Severability—1989 c 271: See note following RCW 9.94A.510.

RCW 28A.600.270 Elective high school credit through paid work experience. (1) Beginning in the 2023-24 school year and in accordance with the requirements of this section, public high school students age 16 years and older may earn elective high school credit through paid work experience.

(2) Proposals for earning elective high school credit through paid work experience must:

(a) Be approved in advance and in writing by: The applicable school counselor, principal, or designee of the principal; and a work-based sponsor who will serve as the point of contact for the employer and participate in supervising the student during the student's employment;

(b) Be reflected in the student's high school and beyond plan required by RCW 28A.230.090;

(c) Include a student narrative describing how the paid work experience will enable the student to develop the knowledge and skills necessary to meet the goals of basic education, including and in particular those essential to understanding the importance of work and finance and how performance, effort, and decisions directly affect future career and educational opportunities as provided in RCW 28A.150.210(4); and

(d) Include provisions for demonstrating or otherwise assessing the student's:

(i) Grade-level proficiencies on the state financial education learning standards for employment and income or financial decisions as provided in the state financial education learning standards adopted in RCW 28A.300.469; and

(ii) Growth in proficiency in meeting the state financial education learning standards that occurred between prework and postwork experiences.

(3) One-half elective high school credit will be awarded for each 180 hours of paid and verified work experience to students who, as determined by the appropriate school official, meet the requirements of this section. High school credit may not be awarded for paid work experiences occurring before the approval required by subsection (2) of this section. No student may earn more than two elective high school credits under this section.

(4) Proposals for earning elective high school credit through paid work experience may only be approved at high schools that provide students with the opportunity to learn and master the state financial education learning standards adopted in RCW 28A.300.469.

(5) The office of the superintendent of public instruction shall adopt and may periodically revise rules to implement this section. The rules must permit school districts to award credit to students in accordance with the requirements of this section for work occurring outside of the regular school calendar. No school may approve a student's proposal for earning elective high school credit through paid work experience under this section before rules required by this subsection have been adopted. [2023 c 154 § 2.]

Finding—Intent—2023 c 154: "The purpose of a high school diploma as established in RCW 28A.230.090 is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

As directed by the legislature, the mastery-based learning work group developed a profile of a graduate, which was accepted without modification by the state board of education and subsequently submitted to the legislature. The profile is designed to clarify the skills, knowledge, attributes, and competencies indicating that a student is ready to transition successfully to life after high school. These indicators include: Effective communication in multiple modes and to multiple audiences; interdisciplinary application of core academic concepts and principles; critical and creative reasoning and problem solving; and navigation and exercise of life and civic responsibilities.

The legislature finds that paid work experiences can provide students with an opportunity to demonstrate the ability to cultivate personal growth and knowledge by setting personally meaningful goals and applying learning in new contexts as well as to master essential life skills and exercise self-agency by developing competence in personal finance and in taking initiative. The legislature recognizes that worksite learning and mastery-based learning options provide opportunities for students to earn academic credit through work, and intends to authorize the elective high school credit through paid work experience provided in section 2 of this act as a third option for earning academic credit through work." [2023 c 154 § 1.]

RCW 28A.600.280 Dual credit programs—Annual report. (1) The education data center established in RCW 43.41.400, in collaboration with the office of the superintendent of public instruction, the state board of education, the state board for community and technical colleges, the Washington state apprenticeship and training council, the workforce training and education coordinating board, the student achievement council, and the public four-year institutions of higher education, shall prepare the dual credit report required by this section.

(2) Annually, by September 1st, the education data center must submit the report to the appropriate committees of the legislature, in accordance with RCW 43.01.036.

(3) The report must include:

(a) Data about student participation rates, award of high school credit, award of postsecondary credit at an institution of higher education, and academic performance for each dual credit program; and

(b) Data on the total unduplicated head count and percentage of students enrolled, students who have been awarded high school credit, and students who have been awarded postsecondary credit at an institution of higher education, in at least one dual credit program course.

(4) Data described in subsection (3) of this section must be disaggregated by dual credit program, by the student categories and subcategories described in RCW 28A.300.042 (1) and (3), and by:

(a) Gender;

(b) Students who are dependent pursuant to chapter 13.34 RCW;

(c) Students who are homeless as defined in RCW 43.330.702; and

(d) Multilingual/English learners.

(5) (a) The report must also recommend additional categories of data reporting and disaggregation. For each additional category, the report must describe:

(i) The purpose for reporting on, or disaggregating by, the category;

(ii) The specific metric or indicator to be used;

(iii) Whether the specific metric or indicator is a new data point; and

(iv) Which educational entities should be responsible for collecting the data.

(b) The 2022 report must recommend whether to require: (i) Reporting of data related to the application of postsecondary credits earned through a dual credit program towards postsecondary credentials and degrees; and (ii) comparison of postsecondary credential and degree attainment between students who did or did not participate in a dual credit program, and between students who participated in different dual credit programs.

(6) For the purposes of this section, "dual credit program" means running start under RCW 28A.600.300, college in the high school under RCW 28A.600.287, career and technical education dual credit, Cambridge international, international baccalaureate, advanced placement, and other programs in which a student qualifies for postsecondary and high school credit upon either successfully completing the course or passing an exam. [2022 c 75 § 1; 2012 c 229 § 505; 2009 c 450 § 2.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

Findings—Intent—2009 c 450: "(1) The legislature finds that the economy of the state of Washington requires a well-prepared workforce. To meet the need, more Washington students need to be prepared for postsecondary education and training. Further, the personal enrichment and success of Washington citizens increasingly relies on their ability to use the state's postsecondary education and training system. To accomplish those ends, the legislature desires to increase the number of students who begin earning college credits while still in high school.

(2) The legislature further finds that dual credit programs introduce students to college-level work, provide a jump start on getting a college degree, and, perhaps most importantly, show students

that they can succeed in college. Dual credit programs also provide another avenue of student financial aid, since many programs are offered for little or no cost to students.

(3) The legislature also finds that students must be provided a choice when selecting a dual credit program that is right for them. Options should be available for the student who wants to learn on a college campus and the student who wants to stay at the high school and take college-level courses. Options must also be available for the hands-on learner who seeks to complete an apprenticeship program.

(4) The legislature intends to blur the line between high school and college by articulating a vision to dramatically increase participation in dual credit programs. It is for this reason that the legislature should call on all education stakeholders to come together to coordinate resources, track outcomes, and improve program availability.

(5) The legislature further intends to provide high schools, colleges, and universities with a set of tools for growing and coordinating dual credit programs. Institutions should be given some flexibility in determining the best methods to secure long-term, ample financial support for these programs, while students should be given some help in offsetting instructional costs." [2009 c 450 § 1.]

RCW 28A.600.285 Dual credit programs—Impact on financial aid eligibility—Guidelines. The superintendent of public instruction and the office of student financial assistance shall develop advising guidelines to assure that students and parents understand that college credits earned in high school dual credit programs may impact eligibility for financial aid. [2011 1st sp.s. c 11 § 131; 2009 c 450 § 4.]

Effective date—2011 1st sp.s. c 11 §§ 101-103, 106-202, 204-244, and 301: See note following RCW 28B.76.020.

Intent—2011 1st sp.s. c 11: See note following RCW 28B.76.020.

Findings—Intent—2009 c 450: See note following RCW 28A.600.280.

RCW 28A.600.287 College in the high school program. (1) College in the high school is a dual credit program located on a high school campus or in a high school environment in which a high school student is able to earn both high school and college credit by completing college level courses with a passing grade. A college in the high school program must meet the accreditation requirements in RCW 28B.10.035 and the requirements in this section.

(2) A college in the high school program may include both academic and career and technical education.

(3) Ninth, 10th, 11th, and 12th grade students, and students who have not yet received a high school diploma or its equivalent and are eligible to be in the ninth, 10th, 11th, or 12th grades, may participate in a college in the high school program.

(4) A college in the high school program must be governed by a local contract between an institution of higher education and a school district, charter school, or state-tribal compact school, in compliance with the rules adopted by the superintendent of public

instruction under this section. The local contract must include the qualifications for students to enroll in a program course.

(5) Enrollment information on persons registered under this section must be maintained by the institution of higher education separately from other enrollment information and may not be included in official enrollment reports, nor may such persons be considered in any enrollment statistics that would affect higher education budgetary determinations.

(6) Each school district, charter school, and state-tribal compact school must award high school credit to a student enrolled in a program course if the student successfully completes the course. If no comparable course is offered by the school district, charter school, or state-tribal compact school, the chief administrator shall determine how many credits to award for the successful completion of the program course. The determination must be made in writing before the student enrolls in the program course. The awarded credit must be applied toward graduation requirements and subject area requirements. Evidence of successful completion of each program course must be included in the student's high school records and transcript.

(7) Each institution of higher education offering college in the high school must:

(a) Award college credit to a student enrolled in a program course and provide evidence of completion of each program course on the student's college transcript;

(b) Grant undergraduate college credit as appropriate and applicable to the student's degree requirements; and

(c) Provide course equivalencies for college in the high school courses and policy for awarding credit on the institution's website.

(8) (a) A high school that offers a college in the high school program must provide general information about the program to all students in grades eight through 12 and to the parents and guardians of those students.

(b) A high school that offers a college in the high school program must include the following information about program courses in a notification to parents and guardians of students in grades eight through 12, including by email and in beginning of the year packets, and in the high school catalogue or equivalent:

(i) There is no fee for students to enroll in a program course for high school credit or for students to enroll in a program course for both high school and college credit; and

(ii) A notification that enrolling in a program course for college credit automatically starts an official college transcript with the institution of higher education offering the program course regardless of student performance in the program course, and that college credit earned upon successful completion of a program course may count only as elective credit if transferred to another institution of higher education.

(9) Full-time and part-time faculty at institutions of higher education, including adjunct faculty, are eligible to teach program courses.

(10) The superintendent of public instruction shall adopt rules for the administration of this section. The rules must be jointly developed by the superintendent of public instruction, the state board for community and technical colleges, the student achievement council, and the public baccalaureate institutions. The association of Washington school principals must be consulted during the rules development. The rules must outline quality and eligibility standards

that are informed by nationally recognized standards or models. In addition, the rules must encourage the maximum use of the program and may not narrow or limit the enrollment options.

(11)(a) State universities, regional universities, and the state college, as defined in RCW 28B.10.016, offering college in the high school courses shall coordinate with an organization representing the presidents of the public four-year institutions of higher education, and the community and technical colleges offering college in the high school courses shall coordinate with the state board for community and technical colleges to each prepare a report, each disaggregated by institution of higher education, that includes:

(i) Data about student participation rates, award of high school credit, award of postsecondary credit at an institution of higher education, academic performance, and subsequent enrollment in an institution of higher education;

(ii) Geographic data on college in the high school courses, including the name, number, location of courses, and student enrollment disaggregated by school districts and high schools;

(iii) Data on college in the high school student demographics, including race, ethnicity, gender, and receipt of free or reduced price lunch; and

(iv) Recommendations on additional categories of data reporting and disaggregation.

(b) Beginning September 1, 2024, and each year thereafter, the reports must be submitted to the appropriate committees of the legislature in accordance with RCW 43.01.036.

(12) The definitions in this subsection apply throughout this section, unless the context clearly requires otherwise.

(a) "Charter school" means a school established under chapter 28A.710 RCW.

(b) "High school" means a public school, as defined in RCW 28A.150.010, that serves students in any of grades nine through 12.

(c) "Institution of higher education" has the same meaning as in RCW 28B.10.016, and also means a public tribal college located in Washington and accredited by the northwest commission on colleges and universities or another accrediting association recognized by the United States department of education.

(d) "Program course" means a college course offered in a high school under a college in the high school program.

(e) "State-tribal compact school" means a school established under chapter 28A.715 RCW. [2023 c 314 § 2; 2021 c 71 § 1.]

RCW 28A.600.300 Running start program—Definition. (1) The program established in this section through RCW 28A.600.400 shall be known as the running start program.

(2) For the purposes of RCW 28A.600.310 through 28A.600.400, "participating institution of higher education" or "institution of higher education" means:

(a) A community or technical college as defined in RCW 28B.50.030;

(b) A public tribal college located in Washington and accredited by the northwest commission on colleges and universities or another accrediting association recognized by the United States department of education; and

(c) Central Washington University, Eastern Washington University, Washington State University, and The Evergreen State College, if the institution's governing board decides to participate in the program in RCW 28A.600.310 through 28A.600.400. [2009 c 450 § 7; 2005 c 207 § 5; 2002 c 80 § 1; 1994 c 205 § 1; 1990 1st ex.s. c 9 § 401.]

Findings—Intent—2009 c 450: See note following RCW 28A.600.280.

Findings—Intent—2005 c 207: "The legislature finds that the dropout rate of the state's Native American students is the highest in the state. Approximately one-half of all Native American high school students drop out before graduating with a diploma. The legislature also finds that culturally relevant educational opportunities are important contributors to other efforts to increase the rates of high school graduation for Native American students. The legislature further finds that the higher education participation rate for Native American students is the lowest in the state, and that more can be done to encourage Native American students to pursue higher educational opportunities. The legislature intends to authorize accredited public tribal colleges to participate in the running start program for the purposes of reducing the dropout rate of Native American students and encouraging greater participation rates in higher education." [2005 c 207 § 4.]

Finding—Severability—1990 1st ex.s. c 9: See notes following RCW 28A.225.220.

RCW 28A.600.310 Running start program—Enrollment in institutions of higher education—Student fees—Fee waivers—Transmittal of funds. (1) Every school district must allow eligible students as described in subsection (2) of this section to participate in the running start program.

(2) Student eligibility for the running start program is as follows: Eleventh and 12th grade students or students who have not yet received the credits required for the award of a high school diploma and are eligible to be in the 11th or 12th grade, including students receiving home-based instruction under chapter 28A.200 RCW and students attending private schools approved under chapter 28A.195 RCW, may apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education.

(3) Students receiving home-based instruction under chapter 28A.200 RCW enrolling in a public high school for the sole purpose of participating in courses or programs offered by institutions of higher education shall not be counted by the school district in any required state or federal accountability reporting if the student's parents or guardians filed a declaration of intent to provide home-based instruction and the student received home-based instruction during the school year before the school year in which the student intends to participate in courses or programs offered by the institution of higher education.

(4) Participating institutions of higher education, in consultation with school districts, may establish admission standards for eligible students. If the institution of higher education accepts a secondary school student for enrollment under this section, the institution of higher education shall send written notice to the

student and the student's school district within 10 days of acceptance. The notice shall indicate the course and hours of enrollment for that student.

(5) The course sections and programs offered as running start courses must be open for registration to matriculated students at the participating institution of higher education and may not be a course consisting solely of high school students offered at a high school campus.

(6) (a) In lieu of tuition and fees, as defined in RCW 28B.15.020 and 28B.15.041:

(i) Running start students shall pay to the community or technical college all other mandatory fees as established by each community or technical college and, in addition, the state board for community and technical colleges may authorize a fee of up to 10 percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041; and

(ii) All other institutions of higher education operating a running start program may charge running start students a fee of up to 10 percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041 in addition to technology fees.

(b) The fees charged under this subsection (6) shall be prorated based on credit load.

(c) Students may pay fees under this subsection (6) with advanced college tuition payment program tuition units at a rate set by the advanced college tuition payment program governing body under chapter 28B.95 RCW.

(7) (a) The institutions of higher education must make available fee waivers for low-income running start students. A student shall be considered low income and eligible for a fee waiver upon proof that the student meets federal eligibility requirements for free or reduced-price school meals. Acceptable documentation of low-income status may also include, but is not limited to, documentation that a student has been deemed eligible for free or reduced-price lunches in the last five years, or other criteria established in the institution's policy.

(b) (i) By the beginning of the 2020-21 school year, school districts, upon knowledge of a low-income student's enrollment in running start, must provide documentation of the student's low-income status, under (a) of this subsection, directly to institutions of higher education.

(ii) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction, in consultation with the Washington student achievement council, shall develop a centralized process for school districts to provide students' low-income status to institutions of higher education to meet the requirements of (b) (i) of this subsection.

(c) Institutions of higher education, in collaboration with relevant student associations, shall aim to have students who can benefit from fee waivers take advantage of these waivers. Institutions shall make every effort to communicate to students and their families the benefits of the waivers and provide assistance to students and their families on how to apply. Information about waivers shall, to the greatest extent possible, be incorporated into financial aid counseling, admission information, and individual billing statements. Institutions also shall, to the greatest extent possible, use all means of communication, including but not limited to websites, online catalogues, admission and registration forms, mass email messaging,

social media, and outside marketing to ensure that information about waivers is visible, compelling, and reaches the maximum number of students and families that can benefit.

(8) The student's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, participating institutions of higher education, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall be counted for the purpose of meeting enrollment targets in accordance with terms and conditions specified in the omnibus appropriations act.

(9) This section governs school operation and management under RCW 28A.710.040 and 28A.715.020 and applies to charter schools established under chapter 28A.710 RCW and state-tribal education compact schools established under chapter 28A.715 RCW to the same extent as it applies to school districts. RCW 28A.600.340 Running start program—Enrolled students not displaced. Once a pupil has been enrolled in a postsecondary course or program under RCW 28A.600.300 through 28A.600.400, the pupil shall not be displaced by another student. [1994 c 205 § 5; 1990 1st ex.s. c 9 § 405.]

Finding—Severability—1990 1st ex.s. c 9: See notes following RCW 28A.225.220.

RCW 28A.600.350 Running start program—Enrollment for secondary and postsecondary credit. A pupil may enroll in a course under RCW 28A.600.300 through 28A.600.390 for both high school credit and postsecondary credit. [1994 c 205 § 6; 1990 1st ex.s. c 9 § 406.]

Finding—Severability—1990 1st ex.s. c 9: See notes following RCW 28A.225.220.

RCW 28A.600.360 Running start program—Enrollment in postsecondary institution—Determination of high school credits—

Application toward graduation requirements. A school district shall grant academic credit to a pupil enrolled in a course for high school credit if the pupil successfully completes the course. If no comparable course is offered by the school district, the school district superintendent shall determine how many credits to award for the course. The determination shall be made in writing before the pupil enrolls in the course. The credits shall be applied toward graduation requirements and subject area requirements. Evidence of the successful completion of each course in an institution of higher education shall be included in the pupil's secondary school records and transcript. The transcript shall also note that the course was taken at an institution of higher education. [1994 c 205 § 7; 1990 1st ex.s. c 9 § 407.]

Finding—Severability—1990 1st ex.s. c 9: See notes following RCW 28A.225.220.

RCW 28A.600.370 Running start program—Postsecondary credit. Any state institution of higher education may award postsecondary credit for college-level academic and vocational courses successfully completed by a student while in high school and taken at an institution of higher education. The state institution of higher education shall not charge a fee for the award of the credits. [1994 c 205 § 8; 1990 1st ex.s. c 9 § 408.]

Finding—Severability—1990 1st ex.s. c 9: See notes following RCW 28A.225.220.

RCW 28A.600.380 Running start program—School district not responsible for transportation. Transportation to and from the institution of higher education is not the responsibility of the school district. [1994 c 205 § 9; 1990 1st ex.s. c 9 § 409.]

Finding—Severability—1990 1st ex.s. c 9: See notes following RCW 28A.225.220.

RCW 28A.600.385 Running start program—Cooperative agreements with community colleges in Oregon and Idaho. (1) School districts in Washington and community colleges in Oregon and Idaho may enter into cooperative agreements under chapter 39.34 RCW for the purpose of allowing eleventh and twelfth grade students who are enrolled in the school districts to earn high school and college credit concurrently.

(2) Except as provided in subsection (3) of this section, if a school district exercises the authority granted in subsection (1) of this section, the provisions of RCW 28A.600.310 through 28A.600.360 and 28A.600.380 through 28A.600.400 shall apply to the agreements.

(3) A school district may enter an agreement in which the community college agrees to accept an amount less than the statewide uniform rate under *RCW 28A.600.310(2) if the community college does not charge participating students tuition and fees. A school district may not pay a per-credit rate in excess of the statewide uniform rate under *RCW 28A.600.310(2).

(4) To the extent feasible, the agreements shall permit participating students to attend the community college without paying any tuition and fees. The agreements shall not permit the community college to charge participating students nonresident tuition and fee rates.

(5) The agreements shall ensure that participating students are permitted to enroll only in courses that are transferable to one or more institutions of higher education as defined in RCW 28B.10.016. [1998 c 63 § 2.]

***Reviser's note:** RCW 28A.600.310 was amended by 2009 c 450 § 8, changing subsection (2) to subsection (4). RCW 28A.600.310 was subsequently amended by 2023 c 350 § 2, changing subsection (4) to subsection (8).

Finding—1998 c 63: "The legislature finds that students may have difficulty attending community college for the purpose of the running start program due to the distance of the nearest community college. In these cases, it may be more advantageous for students in border counties to attend community colleges in neighboring states. The legislature encourages school districts to pursue interagency agreements with community colleges in neighboring states when it is in the best interests of the student's educational progress." [1998 c 63 § 1.]

RCW 28A.600.390 Running start program—Rules. The superintendent of public instruction, the state board for community and technical colleges, and the student achievement council shall jointly develop and adopt rules governing RCW 28A.600.300 through 28A.600.380 and 28A.600.402, if rules are necessary. The rules shall be written to encourage the maximum use of the program and shall not narrow or limit the enrollment options under RCW 28A.600.300 through 28A.600.380. [2023 c 350 § 3; 2012 c 229 § 506; 1994 c 205 § 10; 1990 1st ex.s. c 9 § 410.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

Finding—Severability—1990 1st ex.s. c 9: See notes following RCW 28A.225.220.

RCW 28A.600.400 Running start program—Existing agreements not affected. RCW 28A.600.300 through 28A.600.390 are in addition to and not intended to adversely affect agreements between school districts and institutions of higher education in effect on April 11, 1990. [2023 c 350 § 4; 1994 c 205 § 11; 1990 1st ex.s. c 9 § 412.]

Finding—Severability—1990 1st ex.s. c 9: See notes following RCW 28A.225.220.

RCW 28A.600.402 Running start program—Funding levels—Report.
(1) Students participating in running start programs may be funded up

to a combined maximum enrollment of 1.4 full-time equivalents, including school district and institution of higher education enrollment.

(2) In calculating the combined full-time equivalents, the office of the superintendent of public instruction:

(a) Must adopt rules to fund the participating student's enrollment in running start courses provided by the institution of higher education during the summer academic term, up to a maximum of 10 college credits per student per summer academic term; and

(b) May average the participating student's September through June enrollment to account for differences in the start and end dates for courses provided by the high school and the institution of higher education.

(3) Running start programs as a service delivery model and associated funding levels beyond 1.0 full-time equivalent per student are not part of the state's statutory program of basic education under chapter 28A.150 RCW.

(4) The office of the superintendent of public instruction, in consultation with the state board for community and technical colleges, the participating institutions of higher education, the student achievement council, and the education data center, must annually track, and report to the fiscal committees of the legislature, the combined full-time equivalent experience of students participating in running start programs, including course load analyses and enrollments by high school and participating institutions of higher education. [2023 c 350 § 1.]

RCW 28A.600.405 Participation in high school completion pilot program—Eligible students—Funding allocations—Rules—Information for students and parents.

(1) For purposes of this section and *RCW 28B.50.534, "eligible student" means a student who has completed all state and local high school graduation requirements except the certificate of academic achievement under **RCW 28A.655.061 or the certificate of individual achievement under RCW 28A.155.045, who is less than age twenty-one as of September 1st of the academic year the student enrolls at a community and technical college under this section, and who meets the following criteria:

(a) Receives a level 2 (basic) score on the reading and writing content areas of the high school statewide student assessment;

(b) Has not successfully met state standards on a retake of the assessment or an alternative assessment;

(c) Has participated in assessment remediation; and

(d) Receives a recommendation to enroll in courses or a program of study made available under *RCW 28B.50.534 from his or her high school principal.

(2) An eligible student may enroll in courses or a program of study made available by a community or technical college participating in the pilot program created under *RCW 28B.50.534 for the purpose of obtaining a high school diploma.

(3) For eligible students in courses or programs delivered directly by the community or technical college participating in the pilot program under *RCW 28B.50.534 and only for enrollment in courses that lead to a high school diploma, the superintendent of public instruction shall transmit to the colleges participating in the pilot program an amount per each full-time equivalent college student at

statewide uniform rates. The amount shall be the sum of (a), (b), and (c) of this subsection, as applicable.

(a) The superintendent shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 for purposes of making payments under this section. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW.

(b) The superintendent shall allocate an amount equal to the per funded student state allocation for the learning assistance program under chapter 28A.165 RCW for each full-time equivalent college student or a pro rata amount for less than full-time enrollment.

(c) For eligible students who meet eligibility criteria for the state transitional bilingual instruction program under chapter 28A.180 RCW, the superintendent shall allocate an amount equal to the per student state allocation for the transitional bilingual instruction program or a pro rata amount for less than full-time enrollment.

(4) The superintendent may adopt rules establishing enrollment reporting, recordkeeping, and accounting requirements necessary to ensure accountability for the use of basic education, learning assistance, and transitional bilingual program funds under this section for the pilot program created under *RCW 28B.50.534.

(5) All school districts in the geographic area of the two community and technical colleges selected pursuant to section 8, chapter 355, Laws of 2007 to participate in the pilot program shall provide information about the high school completion option under *RCW 28B.50.534 to students in grades ten, eleven, and twelve and the parents or guardians of those students. [2012 1st sp.s. c 10 § 4; 2007 c 355 § 4.]

Reviser's note: *(1) RCW 28B.50.534 expired August 1, 2015, pursuant to 2015 c 55 § 122.

** (2) RCW 28A.655.061 expired August 31, 2022.

Purpose—Construction—2012 1st sp.s. c 10: See note following RCW 84.52.0531.

Finding—Intent—2007 c 355: See note following RCW 28B.50.535.

RCW 28A.600.410 Alternatives to suspension—Encouraged. School districts are encouraged to find alternatives to suspension including reducing the length of a student's suspension conditioned by the commencement of counseling or other treatment services. Consistent with current law, the conditioning of a student's suspension does not obligate the school district to pay for the counseling or other treatment services except for those stipulated and agreed to by the district at the inception of the suspension. [1992 c 155 § 1.]

RCW 28A.600.420 Firearms on school premises, transportation, or facilities—Penalty—Exemptions. (1) Any elementary or secondary school student who is determined to have carried a firearm onto, or to have possessed a firearm on, public elementary or secondary school premises, public school-provided transportation, or areas of facilities while being used exclusively by public schools, shall be

expelled from school for not less than one year under RCW 28A.600.010. The superintendent of the school district, educational service district, or state school for the blind, or the director of the Washington center for deaf and hard of hearing youth, or the director's designee, may modify the expulsion of a student on a case-by-case basis.

(2) For purposes of this section, "firearm" means a firearm as defined in 18 U.S.C. Sec. 921, and a "firearm" as defined in RCW 9.41.010.

(3) This section shall be construed in a manner consistent with the individuals with disabilities education act, 20 U.S.C. Sec. 1401 et seq.

(4) Nothing in this section prevents a public school district, educational service district, the Washington center for deaf and hard of hearing youth, or the state school for the blind if it has expelled a student from such student's regular school setting from providing educational services to the student in an alternative setting.

(5) This section does not apply to:

(a) Any student while engaged in military education authorized by school authorities in which rifles are used but not other firearms; or

(b) Any student while involved in a convention, showing, demonstration, lecture, or firearms safety course authorized by school authorities in which the rifles of collectors or instructors are handled or displayed but not other firearms; or

(c) Any student while participating in a rifle competition authorized by school authorities.

(6) A school district may suspend or expel a student for up to one year subject to subsections (1), (3), (4), and (5) of this section, if the student acts with malice as defined under RCW 9A.04.110 and displays an instrument that appears to be a firearm, on public elementary or secondary school premises, public school-provided transportation, or areas of facilities while being used exclusively by public schools. [2019 c 266 § 23; 2009 c 381 § 31; 1997 c 265 § 5; 1995 c 335 § 304; 1995 c 87 § 2.]

Severability—1997 c 265: See note following RCW 13.40.160.

Part headings, table of contents not law—1995 c 335: See note following RCW 28A.150.360.

RCW 28A.600.455 Gang activity—Suspension or expulsion. (1) A student who is enrolled in a public school or an alternative school may be suspended or expelled if the student is a member of a gang and knowingly engages in gang activity on school grounds.

(2) "Gang" means a group which: (a) Consists of three or more persons; (b) has identifiable leadership; and (c) on an ongoing basis, regularly conspires and acts in concert mainly for criminal purposes. [1997 c 266 § 2.]

Findings—Intent—1997 c 266: "The legislature finds that the children of this state have the right to an effective public education and that both students and educators have the need to be safe and secure in the classroom if learning is to occur. The legislature also

finds, however, that children in many of our public schools are forced to focus on the threat and message of violence contained in many aspects of our society and reflected through and in gang violence activities on school campuses.

The legislature recognizes that the prevalence of weapons, including firearms and dangerous knives, is an increasing problem that is spreading rapidly even to elementary schools throughout the state. Gang-related apparel and regalia compound the problem by easily concealing weapons that threaten and intimidate students and school personnel. These threats have resulted in tragic and unnecessary bloodshed over the past two years and must be eradicated from the system if student and staff security is to be restored on school campuses. Many educators believe that school dress significantly influences student behavior in both positive and negative ways. Special school dress up and color days signify school spirit and provide students with a sense of unity. Schools that have adopted school uniforms report a feeling of togetherness, greater school pride, and better student behavior in and out of the classroom. This sense of unity provides students with the positive attitudes needed to avert the pressures of gang involvement.

The legislature also recognizes there are other more significant factors that impact school safety such as the pervasive use of drugs and alcohol in school. In addition to physical safety zones, schools should also be drug-free zones that expressly prohibit the sale, use, or possession of illegal drugs on school property. Students involved in drug-related activity are unable to benefit fully from educational opportunities and are disruptive to the learning environment of their fellow students. Schools must be empowered to make decisions that positively impact student learning by eradicating drug use and possession on their campuses. This flexibility should also be afforded to schools as they deal with other harmful substance abuse activities engaged in by their students.

Toward this end, the legislature recognizes the important role of the classroom teacher who must be empowered to restore discipline and safety in the classroom. Teachers must have the ability to control the conduct of students to ensure that their mission of educating students may be achieved. Disruptive behavior must not be allowed to continue to divert attention, time, and resources from educational activities.

The legislature therefore intends to define gang-related activities as criminal behavior disruptive not only to the learning environment but to society as a whole, and to provide educators with the authority to restore order and safety to the student learning environment, eliminate the influence of gang activities, and eradicate drug and substance abuse on school campuses, thus empowering educators to regain control of our classrooms and provide our students with the best educational opportunities available in our schools.

The legislature also finds that students and school employees have been subjected to violence such as rapes, assaults, or harassment that has not been gang or drug-related criminal activity. The legislature intends that all violence and harassment directed at students and school personnel be eradicated in public schools." [1997 c 266 § 1.]

Severability—1997 c 266: "If any provision of this act or its application to any person or circumstance is held invalid, the

remainder of the act or the application of the provision to other persons or circumstances is not affected." [1997 c 266 § 16.]

RCW 28A.600.460 Classroom discipline—Policies—Classroom

placement of student offenders—Data on disciplinary actions. (1)

School district boards of directors shall adopt policies that restore discipline to the classroom. Such policies must provide for at least the following: Allowing each teacher to take disciplinary action to correct a student who disrupts normal classroom activities, abuses or insults a teacher as prohibited by RCW 28A.635.010, willfully disobeys a teacher, uses abusive or foul language directed at a school district employee, school volunteer, or another student, violates school rules, or who interferes with an orderly education process. Disciplinary action may include but is not limited to: Oral or written reprimands; written notification to parents of disruptive behavior, a copy of which must be provided to the principal.

(2) A student committing an offense under chapter 9A.36, 9A.40, 9A.46, or 9A.48 RCW when the activity is directed toward the teacher, shall not be assigned to that teacher's classroom for the duration of the student's attendance at that school or any other school where the teacher is assigned.

(3) A student who commits an offense under chapter 9A.36, 9A.40, 9A.46, or 9A.48 RCW, when directed toward another student, may be removed from the classroom of the victim for the duration of the student's attendance at that school or any other school where the victim is enrolled. A student who commits an offense under one of the chapters enumerated in this section against a student or another school employee, may be expelled or suspended.

(4) Nothing in this section is intended to limit the authority of a school under existing law and rules to expel or suspend a student for misconduct or criminal behavior.

(5) All school districts must collect data on disciplinary actions taken in each school and must record these actions using the statewide student data system, based on the data collection standards established by the office of the superintendent of public instruction and the K-12 data governance group. The information shall be made available to the public, but public release of the data shall not include personally identifiable information including, but not limited to, a student's social security number, name, or address. [2013 2nd sp.s. c 18 § 305; 1997 c 266 § 9.]

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

RCW 28A.600.475 Exchange of information with law enforcement and juvenile court officials—Notification of parents and students.

School districts may participate in the exchange of information with law enforcement and juvenile court officials to the extent permitted by the family educational and privacy rights act of 1974, 20 U.S.C. Sec. 1232g. When directed by court order or pursuant to any lawfully issued subpoena, a school district shall make student records and

information available to law enforcement officials, probation officers, court personnel, and others legally entitled to the information. Except as provided in RCW 13.40.480, parents and students shall be notified by the school district of all such orders or subpoenas in advance of compliance with them. [1998 c 269 § 11; 1992 c 205 § 120.]

Intent—Finding—Effective date—1998 c 269: See notes following RCW 72.05.020.

Part headings not law—Severability—1992 c 205: See notes following RCW 13.40.010.

RCW 28A.600.477 Prohibition of harassment, intimidation, and bullying. (1)(a) By January 31, 2020, each school district must adopt or amend if necessary a policy and procedure prohibiting harassment, intimidation, and bullying of any student and that, at a minimum, incorporates the model policy and procedure described in subsection (3) of this section.

(b) School districts must share the policy and procedure prohibiting harassment, intimidation, and bullying with parents or guardians, students, volunteers, and school employees in accordance with the rules adopted by the office of the superintendent of public instruction. This requirement as it relates to students, parents, and guardians may be satisfied by using the model student handbook language in RCW 28A.300.286.

(c)(i) Each school district must designate one person in the school district as the primary contact regarding the policy and procedure prohibiting harassment, intimidation, and bullying. In addition to other duties required by law and the school district, the primary contact must:

(A) Ensure the implementation of the policy and procedure prohibiting harassment, intimidation, and bullying;

(B) Receive copies of all formal and informal complaints relating to harassment, intimidation, or bullying;

(C) Communicate with the school district employees responsible for monitoring school district compliance with chapter 28A.642 RCW prohibiting discrimination in public schools, and the primary contact regarding the school district's policies and procedures related to transgender students under RCW 28A.642.080; and

(D) Serve as the primary contact between the school district, the office of the education ombuds, and the office of the superintendent of public instruction on the policy and procedure prohibiting harassment, intimidation, and bullying.

(ii) The primary contact from each school district must attend at least one training class as provided in subsection (4) of this section, once this training is available.

(iii) The primary contact may also serve as the primary contact regarding the school district's policies and procedures relating to transgender students under RCW 28A.642.080 and the primary contact regarding school district compliance with nondiscrimination laws under RCW 28A.300.286.

(2) School districts are encouraged to adopt and update the policy and procedure prohibiting harassment, intimidation, and bullying through a process that includes representation of parents or

guardians, school employees, volunteers, students, administrators, and community representatives.

(3) (a) By September 1, 2019, and periodically thereafter, the Washington state school directors' association must collaborate with the office of the superintendent of public instruction to develop and update a model policy and procedure prohibiting harassment, intimidation, and bullying.

(b) Each school district must provide to the office of the superintendent of public instruction a brief summary of its policies, procedures, programs, partnerships, vendors, and instructional and training materials prohibiting harassment, intimidation, and bullying to be posted on the office of the superintendent of public instruction's school safety center website, and must also provide the office of the superintendent of public instruction with a link to the school district's website for further information. The school district's primary contact for harassment, intimidation, and bullying issues must annually by August 15th verify posted information and links and notify the school safety center of any updates or changes.

(c) The office of the superintendent of public instruction must publish on its website, with a link to the school safety center website, the revised and updated model policy and procedure prohibiting harassment, intimidation, and bullying, along with training and instructional materials on the components that must be included in any school district policy and procedure prohibiting harassment, intimidation, and bullying. By September 1, 2019, the office of the superintendent of public instruction must adopt rules regarding school districts' communication of the policy and procedure prohibiting harassment, intimidation, and bullying to parents, students, employees, and volunteers.

(4) By December 31, 2020, the office of the superintendent of public instruction must develop a statewide training class for those people in each school district who act as the primary contact regarding the policy and procedure prohibiting harassment, intimidation, and bullying as provided in subsection (1) of this section. The training class must be offered on an annual basis by educational service districts in collaboration with the office of the superintendent of public instruction. The training class must be based on the model policy and procedure prohibiting harassment, intimidation, and bullying as provided in subsection (3) of this section and include materials related to hazing and the Washington state school directors' association model transgender student policy and procedure as provided in RCW 28A.642.080.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Electronic" means any communication where there is the transmission of information by wire, radio, optical cable, electromagnetic, or other similar means.

(b) (i) "Harassment, intimidation, or bullying" means any intentional electronic, written, verbal, or physical act including, but not limited to, one shown to be motivated by any characteristic in RCW 28A.640.010 and 28A.642.010, or other distinguishing characteristics, when the intentional electronic, written, verbal, or physical act:

(A) Physically harms a student or damages the student's property;

(B) Has the effect of substantially interfering with a student's education;

(C) Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or

(D) Has the effect of substantially disrupting the orderly operation of the school.

(ii) Nothing in (b)(i) of this subsection requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation, or bullying. [2023 c 242 § 4; 2019 c 194 § 1.]

RCW 28A.600.480 Reporting of harassment, intimidation, or bullying—Retaliation prohibited—Immunity. (1) No school employee, student, or volunteer may engage in reprisal, retaliation, or false accusation against a victim, witness, or one with reliable information about an act of harassment, intimidation, or bullying.

(2) A school employee, student, or volunteer who has witnessed, or has reliable information that a student has been subjected to, harassment, intimidation, or bullying, whether verbal or physical, is encouraged to report such incident to an appropriate school official.

(3) A school employee, student, or volunteer who promptly reports an incident of harassment, intimidation, or bullying to an appropriate school official, and who makes this report in compliance with the procedures in the district's policy prohibiting bullying, harassment, or intimidation, is immune from a cause of action for damages arising from any failure to remedy the reported incident. [2002 c 207 § 4.]

Findings—2002 c 207: "The legislature declares that a safe and civil environment in school is necessary for students to learn and achieve high academic standards. The legislature finds that harassment, intimidation, or bullying, like other disruptive or violent behavior, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment.

Furthermore, the legislature finds that students learn by example. The legislature commends school administrators, faculty, staff, and volunteers for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying." [2002 c 207 § 1.]

RCW 28A.600.485 Restraint of students—Use of restraint or isolation specified in individualized education programs or plans developed under section 504 of the rehabilitation act of 1973—Procedures—Summary of incidents of isolation or restraint—Publishing to website. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Isolation" means restricting the student alone within a room or any other form of enclosure, from which the student may not leave. It does not include a student's voluntary use of a quiet space for self-calming, or temporary removal of a student from his or her regular instructional area to an unlocked area for purposes of carrying out an appropriate positive behavior intervention plan.

(b) "Restraint" means physical intervention or force used to control a student, including the use of a restraint device to restrict a student's freedom of movement. It does not include appropriate use of a prescribed medical, orthopedic, or therapeutic device when used

as intended, such as to achieve proper body position, balance, or alignment, or to permit a student to safely participate in activities.

(c) "Restraint device" means a device used to assist in controlling a student, including but not limited to metal handcuffs, plastic ties, ankle restraints, leather cuffs, other hospital-type restraints, pepper spray, tasers, or batons. Restraint device does not mean a seat harness used to safely transport students. This section shall not be construed as encouraging the use of these devices.

(2) The provisions of this section apply to all students, including those who have an individualized education program or plan developed under section 504 of the rehabilitation act of 1973. The provisions of this section apply only to incidents of restraint or isolation that occur while a student is participating in school-sponsored instruction or activities.

(3) (a) An individualized education program or plan developed under section 504 of the rehabilitation act of 1973 must not include the use of restraint or isolation as a planned behavior intervention unless a student's individual needs require more specific advanced educational planning and the student's parent or guardian agrees. All other plans may refer to the district policy developed under subsection (3)(b) of this section. Nothing in this section is intended to limit the provision of a free appropriate public education under Part B of the federal individuals with disabilities education improvement act or section 504 of the federal rehabilitation act of 1973.

(b) Restraint or isolation of any student is permitted only when reasonably necessary to control spontaneous behavior that poses an imminent likelihood of serious harm, as defined in *RCW 70.96B.010. Restraint or isolation must be closely monitored to prevent harm to the student, and must be discontinued as soon as the likelihood of serious harm has dissipated. Each school district shall adopt a policy providing for the least amount of restraint or isolation appropriate to protect the safety of students and staff under such circumstances.

(4) Following the release of a student from the use of restraint or isolation, the school must implement follow-up procedures. These procedures must include: (a) Reviewing the incident with the student and the parent or guardian to address the behavior that precipitated the restraint or isolation and the appropriateness of the response; and (b) reviewing the incident with the staff member who administered the restraint or isolation to discuss whether proper procedures were followed and what training or support the staff member needs to help the student avoid similar incidents.

(5) Any school employee, resource officer, or school security officer who uses isolation or restraint on a student during school-sponsored instruction or activities must inform the building administrator or building administrator's designee as soon as possible, and within two business days submit a written report of the incident to the district office. The written report must include, at a minimum, the following information:

(a) The date and time of the incident;

(b) The name and job title of the individual who administered the restraint or isolation;

(c) A description of the activity that led to the restraint or isolation;

(d) The type of restraint or isolation used on the student, including the duration;

(e) Whether the student or staff was physically injured during the restraint or isolation incident and any medical care provided; and

(f) Any recommendations for changing the nature or amount of resources available to the student and staff members in order to avoid similar incidents.

(6) The principal or principal's designee must make a reasonable effort to verbally inform the student's parent or guardian within twenty-four hours of the incident, and must send written notification as soon as practical but postmarked no later than five business days after the restraint or isolation occurred. If the school or school district customarily provides the parent or guardian with school-related information in a language other than English, the written report under this section must be provided to the parent or guardian in that language.

(7) (a) Beginning January 1, 2016, and by January 1st annually, each school district shall summarize the written reports received under subsection (5) of this section and submit the summaries to the office of the superintendent of public instruction. For each school, the school district shall include the number of individual incidents of restraint and isolation, the number of students involved in the incidents, the number of injuries to students and staff, and the types of restraint or isolation used.

(b) No later than ninety days after receipt, the office of the superintendent of public instruction shall publish to its website the data received by the districts. The office of the superintendent of public instruction may use this data to investigate the training, practices, and other efforts used by schools and districts to reduce the use of restraint and isolation. [2015 c 206 § 3; 2013 c 202 § 2.]

***Reviser's note:** RCW 70.96B.010 was repealed by 2016 sp.s. c 29 § 301, effective April 1, 2018.

Finding—2015 c 206: See note following RCW 28A.155.020.

Findings—2013 c 202: "The legislature finds that preserving a safe and beneficial learning environment for all students requires the establishment and enforcement of appropriate student discipline policies. The legislature further finds that although physical restraint and isolation of a student should be avoided, there may be circumstances where school district boards of directors have authorized these actions to preserve the safety of other students and school staff. Nevertheless, if an incident of student restraint or isolation occurs, school personnel should be held accountable for providing a thorough explanation of the circumstances." [2013 c 202 § 1.]

RCW 28A.600.486 District policy on the use of isolation and restraint—Notice to parents and guardians of children who have individualized education programs or plans developed under section 504 of the rehabilitation act of 1973. Parents and guardians of children who have individualized education programs or plans developed under section 504 of the rehabilitation act of 1973 must be provided a copy of the district policy on the use of isolation and restraint at the time that the program or plan is created. [2013 c 202 § 4.]

Findings—2013 c 202: See note following RCW 28A.600.485.

RCW 28A.600.490 Discipline task force—Development of standard definitions—Development of data collection standards—Membership—Statewide student data system revision. (1) The office of the superintendent of public instruction shall convene a discipline task force to develop standard definitions for causes of student disciplinary actions taken at the discretion of the school district. The task force must also develop data collection standards for disciplinary actions that are discretionary and for disciplinary actions that result in the exclusion of a student from school. The data collection standards must include data about education services provided while a student is subject to a disciplinary action, the status of petitions for readmission to the school district when a student has been excluded from school, credit retrieval during a period of exclusion, and school dropout as a result of disciplinary action.

(2) The discipline task force shall include representatives from the K-12 data governance group, the educational opportunity gap oversight and accountability committee, the state ethnic commissions, the governor's office of Indian affairs, the office of the education ombuds, school districts, tribal representatives, and other education and advocacy organizations.

(3) The office of the superintendent of public instruction and the K-12 data governance group shall revise the statewide student data system to incorporate the student discipline data collection standards recommended by the discipline task force, and begin collecting data based on the revised standards in the 2015-16 school year. [2016 c 72 § 101; 2013 2nd sp.s. c 18 § 301.]

Finding—Intent—2016 c 72: See note following RCW 28A.600.015.

Application—Enforcement of laws protecting health and safety—2013 2nd sp.s. c 18: See note following RCW 28A.600.022.

RCW 28A.600.495 Student discipline terminology—"Emergency removal"—Posting of bulletin—Retroactive application. (1) The legislature recognizes that public schools have the authority to immediately remove a student from school if the student poses an immediate and continuing danger to other students or to school staff, or if the student poses an immediate and continuing threat of material and substantial disruption of the education process. The legislature acknowledges that emergency expulsion is limited to 10 consecutive school days, the school must provide an opportunity for the student to receive educational services during the emergency expulsion, and both the emergency expulsion and any suspension or expulsion that the emergency expulsion is converted to can be appealed. However, the legislature finds that emergency expulsion tarnishes a student's reputation and self-image, which can result in school staff, fellow students, or the student's families making assumptions about the student, and, in some cases, these assumptions result in harassment, intimidation, or bullying of the student. Therefore, the legislature intends to discontinue the use of the prejudicial term "emergency expulsion," and replace it with the term "emergency removal," which is a more accurate description of the temporary removal of a student from school to assess and properly respond to an emergent situation involving the student.

(2) As soon as possible after July 23, 2023, the office of the superintendent of public instruction must publish a bulletin to notify school districts and public schools that the term "emergency removal" must be used instead of the term "emergency expulsion" in the context of student discipline and as required by RCW 28A.300.042 and 28A.600.015. The legislature's intent as described in subsection (1) of this section must be included in the bulletin. The bulletin must also include guidance about student discipline data collection and historical data comparison.

(3) A student who was emergency expelled between September 1, 2019, and July 23, 2023, may request that any reference to "emergency expulsion" in the student's education record be revised to "emergency removal." [2023 c 242 § 7.]

RCW 28A.600.500 Graduation ceremonies—Tribal regalia. (1) School districts and public schools may not prohibit students who are members of a federally recognized tribe from wearing traditional tribal regalia or objects of Native American cultural significance along with or attached to a gown at graduation ceremonies or related school events. School districts and public schools may not require such students to wear a cap if it is incompatible with the regalia or significant object.

(2) School districts and, when necessary, public schools shall update any relevant policies or procedures in accordance with this section.

(3) For the purposes of this section, "public schools" has the same meaning as in RCW 28A.150.010. [2020 c 35 § 2.]

Intent—2020 c 35: "The legislature recognizes that relationships between sovereign governments are strengthened when decisions of mutual interest are based in a shared respect of cultural values. The legislature recognizes also that school districts, public schools, and institutions of higher education may use dress codes and other requirements to restrict the wearing of tribal regalia and objects of cultural significance at graduation ceremonies.

Although the restrictions may be premised on promoting uniformity, they are not appropriate in the context of government-to-government relationships and do not recognize the distinct and unique cultural heritage of Native Americans.

The legislature, therefore, intends to affirm inherent rights assured through tribal sovereignty and expressly acknowledge that students in public schools and institutions of higher education may wear traditional tribal regalia or objects of cultural significance at graduation ceremonies and related events." [2020 c 35 § 1.]

Applicability—2020 c 35: "Sections 2 and 4 of this act apply to the graduating class of 2020 and subsequent graduating classes." [2020 c 35 § 3.]

Short title—2020 c 35: "This act may be known and cited as the right to tribal regalia act." [2020 c 35 § 5.]

Effective date—2020 c 35: "This act is necessary for the immediate preservation of the public peace, health, or safety, or

support of the state government and its existing public institutions, and takes effect immediately [March 18, 2020]." [2020 c 35 § 6.]

RCW 28A.600.510 Office of the education ombuds—Notification.

(1) Beginning August 1, 2023, public schools must:

(a) Provide students and their parents or guardians with a description of the services available through the office of the education ombuds and the contact information for the office of the education ombuds at the time of initial enrollment or admission; and

(b) Either: (i) Include on their website a description of the services available through the office of the education ombuds and a link to the website of the office of the education ombuds; or (ii) provide a description of the services available through the office of the education ombuds and the contact information for the office of the education ombuds in existing materials that are shared annually with families, students, and school employees, such as welcome packets, orientation guides, and newsletters. This requirement as it relates to students and families may be satisfied by using the model student handbook language in RCW 28A.300.286.

(2) Public schools are encouraged to comply with both subsection (1)(b)(i) and (ii) of this section.

(3) By July 1, 2022, the office of the education ombuds must develop a template of the information described in subsection (1) of this section. The template must be translated into Spanish and into other languages as resources allow. The template must be made available upon request and updated as needed.

(4) For the purposes of this section, "public schools" has the same meaning as in RCW 28A.150.010. [2023 c 242 § 6; 2022 c 222 § 2.]

Intent—2022 c 222: "(1) The legislature recognizes that the office of the education ombuds within the office of the governor was established by the legislature in 2006 to reduce educational opportunity gaps by supporting families, students, educators, and communities in understanding the K-12 school system and resolving concerns collaboratively. The legislature recognizes that it placed the education ombuds within the office of the governor to ensure independence and impartiality.

(2) The legislature further recognizes that the education ombuds provides services including:

(a) Informing students, parents or guardians, employees, and members of the public about the state's public elementary and secondary education system;

(b) Identifying obstacles and recommending strategies to help students and community members to participate effectively in schools;

(c) Identifying and recommending strategies for improving student success;

(d) Referring individuals and families to appropriate resources, agencies, or departments;

(e) Facilitating the resolution of informal complaints made by parents and students with regard to the state's public elementary and secondary education system; and

(f) Serving as the lead agency to provide resources and tools to parents and families about public school antiharassment policies and strategies.

(3) The legislature intends for public schools to annually notify parents or guardians, students, and school employees about these services." [2022 c 222 § 1.]
