RCW 43.08.190 State treasurer's service fund—Creation—Purpose.

There is hereby created a fund within the state treasury to be known as the "state treasurer's service fund." Such fund shall be used solely for the payment of costs and expenses incurred in the operation and administration of the state treasurer's office.

Moneys shall be allocated monthly and placed in the state treasurer's service fund equivalent to a maximum of one percent of the trust and treasury average daily cash balances from the earnings generated under the authority of RCW 43.79A.040 and 43.84.080 other than earnings generated from investment of balances in funds and accounts specified in RCW 43.79A.040(4)(c). The allocation shall precede the distribution of the remaining earnings as prescribed under RCW 43.79A.040 and 43.84.092. The state treasurer shall establish a uniform allocation rate for all funds and accounts; except that the state treasurer may negotiate a different allocation rate with any state agency that has independent authority over funds not statutorily required to be held in the state treasury or in the custody of the state treasurer. In no event shall the rate be less than the actual costs incurred by the state treasurer's office. If no rate is

separately negotiated, the default rate for any funds held shall be the rate set for funds held pursuant to statute.

The legislature may direct the state treasurer to make transfers of money in the state treasurer's service fund to the state general fund. Public safety and education assessment: RCW 3.62.090.

RCW 43.08.280 Statewide custody contract for local governments and institutions of higher education. (1) The state treasurer is authorized to negotiate a statewide custody contract for custody

services for local governments and institutions of higher education. The term of the contract shall be for a minimum of four years.

(2) The state treasurer shall, as soon as is practical after negotiations have been successfully completed, notify local governments and institutions of higher education that a statewide custody contract has been negotiated.

(3) Following such notification, each local government or institution of higher education may, at its option, become a signatory to the statewide contract. Each local government or institution of higher education may only become a signatory to the contract by having its authorized local government official or financial officer and the statewide custodian execute the statewide contract. The contract is between the statewide custodian and the respective local government or institution of higher education. It is the responsibility of the local government official or financial officer to fully understand the terms and conditions of the statewide custody contract prior to its execution, and to ensure those terms and conditions are observed by the statewide custodian during the term of the contract.

(4) The state treasurer may adopt rules to implement this section, including, but not limited to, those rules deemed necessary to provide for an orderly transition in the event of a different statewide custodian in a new statewide custody contract.

(5) Any statewide custodian who becomes a signatory to the statewide custody contract may be exempted from the requirements of chapter 39.58 RCW for the purposes of this section, based on rules adopted by the public deposit protection commission.

(6) For the purposes of this section:

(a) "Financial institution" means a bank or trust company chartered and supervised under state or federal law;

(b) "Local government" means any county, city, town, special purpose district, political subdivision, municipal corporation, or quasi-municipal corporation, including any public corporation created by such an entity, which legally possesses and exercises investment authority;

(c) "Statewide custody contract" means a contract negotiated between the state treasurer and a financial institution that establishes terms and fees for custody services which are optional to any local government for the term of the contract;

(d) "Statewide custodian" means the financial institution with whom the state treasurer has negotiated a statewide custody contract;

(e) "Custody services" means services performed by a financial institution such as the settlement, safekeeping, valuation, and market-value reporting of negotiable instruments owned by the local government;

(f) "Local government official" means any officer or employee of a local government who has been designated by statute or local charter, ordinance, or resolution as the officer having the authority to invest the funds of the local government. However, the county treasurer is the only local government official for all political subdivisions for which the county treasurer has statutory or contractual authority to invest the funds thereof;

(g) "Financial officer" means the board-appointed treasurer of a college, university, community or technical college district, or the state board for community and technical colleges. [1999 c 293 § 2.]

Purpose—1999 c 293: "Local governments enter into separate, individual contracts with banks for custody services. The rate and terms which each local government obtains from a given bank sometimes varies widely depending upon the size of the local government's portfolio, and thus fails to provide all of the state's taxpayers with the most advantageous rates and terms for such custody services. The purpose of this act is to enable local governments and institutions of higher education, through a statewide custody contract, to collectively obtain the most advantageous rate and terms from a single financial institution for custodial banking services. Under such a statewide custody contract, smaller local governments may receive a higher level of service, while paying lower fees than they might have individually obtained." [1999 c 293 § 1.]

Effective date—1999 c 293: "This act takes effect September 1, 1999." [1999 c 293 § 4.]

RCW 43.08.290 City-county assistance account—Use and distribution of funds. (1) The city-county assistance account is created in the state treasury. All receipts from real estate excise tax disbursements provided under RCW 82.45.060 must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes provided in this section.

(2) Funds deposited in the city-county assistance account must be distributed equally to the cities and counties.

(3) (a) Funds distributed to counties must, to the extent possible, increase the sum of revenues under RCW 82.14.030(1) and streamlined sales tax mitigation funds received by each county to the greater of two hundred fifty thousand dollars or:

(i) For a county with an unincorporated population of one hundred thousand or less, seventy percent of the statewide weighted average per capita level of sales and use tax revenues received under RCW 82.14.030(1) with respect to taxable activity in the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) in the previous calendar year, for certifications before October 1, 2009, or the previous fiscal year, for certifications on and after October 1, 2009; and

(ii) For a county with an unincorporated population of more than one hundred thousand, sixty-five percent of the statewide weighted average per capita level of sales and use tax revenues received under RCW 82.14.030(1) with respect to taxable activity in the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) in the previous calendar year, for certifications before October 1, 2009, or the previous fiscal year, for certifications on and after October 1, 2009.

(b) For each county with an unincorporated population of fifteen thousand or less, the county must receive the greater of the amount in (a) of this subsection or the amount received in local government assistance provided by section 716, chapter 276, Laws of 2004.

(c) For each county with an unincorporated population of more than fifteen thousand and less than twenty-two thousand, the county must receive in calendar year 2006 and 2007 the greater of the amount provided in (a) of this subsection or the amount received in local

government assistance provided by section 716, chapter 276, Laws of 2004.

(d) To the extent that revenues are insufficient to fund the distributions under this subsection, the distributions of all counties as otherwise determined under this subsection must be ratably reduced.

(e) To the extent that revenues exceed the amounts needed to fund the distributions under this subsection, the excess funds must be divided ratably based upon unincorporated population among those counties receiving funds under this subsection and imposing the tax authorized under RCW 82.14.030(2) at the maximum rate.

(4) (a) For each city with a population of five thousand or less with a per capita assessed property value less than twice the statewide average per capita assessed property value for all cities for the calendar year previous to the certification under subsection (6) of this section, the city must receive the greater of the following three amounts:

(i) An amount necessary to increase the sum of revenues under RCW 82.14.030(1) and streamlined sales tax mitigation funds received by a city up to fifty-five percent of the statewide weighted average per capita level of sales and use tax revenues received under RCW 82.14.030(1) with respect to taxable activity in all cities imposing the sales and use tax authorized under RCW 82.14.030(1) in the previous calendar year, for certifications before October 1, 2009, or the previous fiscal year, for certifications on and after October 1, 2009.

(ii) The amount received in local government assistance provided for fiscal year 2005 by section 721, chapter 25, Laws of 2003 1st sess.

(iii) For a city with a per capita assessed property value less than fifty-five percent of the statewide average per capita assessed property value for all cities, an amount determined by subtracting the city's per capita assessed property value from fifty-five percent of the statewide average per capita assessed property value, dividing that amount by one thousand, and multiplying the result by the city's population.

(b) For each city with a population of more than five thousand with a per capita assessed property value less than the statewide average per capita assessed property value for all cities for the calendar year previous to the certification under subsection (6) of this section, the city must receive the greater of the following two amounts:

(i) An amount necessary to increase the sum of revenues under RCW 82.14.030(1) and streamlined sales tax mitigation funds received by a city up to fifty percent of the statewide weighted average per capita level of sales and use tax revenues received under RCW 82.14.030(1) with respect to taxable activity in all cities imposing the sales and use tax authorized under RCW 82.14.030(1) in the previous calendar year, for certifications before October 1, 2009, or the previous fiscal year, for certifications on and after October 1, 2009.

(ii) For a city with a per capita assessed property value less than fifty-five percent of the statewide average per capita assessed property value for all cities, an amount determined by subtracting the city's per capita assessed property value from fifty-five percent of the statewide average per capita assessed property value, dividing that amount by one thousand, and multiplying the result by the city's population.

(c) No city may receive an amount greater than one hundred thousand dollars a year under (a) or (b) of this subsection.

(d) To the extent that revenues are insufficient to fund the distributions under this subsection, the distributions of all cities as otherwise determined under this subsection must be ratably reduced.

(e) To the extent that revenues exceed the amounts needed to fund the distributions under this subsection, the excess funds must be divided ratably based upon population among those cities receiving funds under this subsection and imposing the tax collected under RCW 82.14.030(2) at the maximum rate.

(f) This subsection only applies to cities incorporated before August 1, 2005.

(5) The two hundred fifty thousand dollar amount in subsection (3) of this section and the one hundred thousand dollar amount in subsection (4) of this section must be increased each year beginning in calendar year 2006 by inflation as defined in RCW 84.55.005, as determined by the department of revenue.

(6)(a) Distributions under subsections (3) and (4) of this section must be made quarterly beginning on October 1, 2005, based on population as last determined by the office of financial management. The department of revenue must certify the amounts to be distributed under this section by the state treasurer. The certification must be made by October 1, 2005, for the October 1, 2005, distribution and the January 1, 2006, distribution, based on calendar year 2004 department of revenue distributions of sales and use taxes authorized under RCW 82.14.030(1). The certification must be made by March 1, 2006, for distributions beginning April 1, 2006, by March 1, 2007, for distributions beginning April 1, 2007, and by March 1, 2008, for distributions beginning April 1, 2008. The March 1st certification must be used for distributions occurring on April 1st, July 1st, and October 1st of the year of certification and on January 1st of the year following certification.

(b) By March 1, 2009, the department of revenue must certify the amounts to be distributed under this section on April 1, 2009, July 1, 2009, and October 1, 2009. The certification must be based on calendar year 2008 department of revenue distributions of sales and use taxes authorized under RCW 82.14.030(1), and the population as last determined by the office of financial management.

(c) By October 1, 2009, the department of revenue must certify the amounts to be distributed under this section on January 1, 2010, April 1, 2010, July 1, 2010, and October 1, 2010. The certification must be based on department of revenue distributions in fiscal year 2009 of sales and use taxes authorized under RCW 82.14.030(1), streamlined sales tax mitigation data for mitigation distributions authorized under *RCW 82.14.495 made December 2008 through September 2009, and population as last determined by the office of financial management.

(d) By September 1, 2010, and September 1st of every year thereafter, the department of revenue must make available a preliminary certification of the amounts to be distributed under this section on January 1st, April 1st, July 1st, and October 1st of the year immediately following certification. By October 1, 2010, and October 1st of every year thereafter, the department must finalize the certification. Once finalized, no changes may be made to the certification for any reason. Certifications must be based on distributions of sales and use taxes imposed under RCW 82.14.030(1) made by the department of revenue in the fiscal year that ended during

the calendar year of certification, streamlined sales tax mitigation data for mitigation distributions authorized under *RCW 82.14.495 made in the fiscal year that ended during the calendar year of certification, and population as last determined by the office of financial management.

(7) All distributions to local governments from the city-county assistance account constitute increases in state distributions of revenue to political subdivisions for purposes of state reimbursement for the costs of new programs and increases in service levels under RCW 43.135.060, including any claims or litigation pending against the state on or after January 1, 2005.

(8) As used in this section, "streamlined sales tax mitigation funds" means an amount determined by the department of revenue equal to the actual mitigation distribution amount under *RCW 82.14.495 received by a jurisdiction in four consecutive calendar quarters, less the mitigation distribution amount that would have been received by the jurisdiction during the same four calendar quarters had mitigation been calculated without the local sales tax authorized under RCW 82.14.030(1). If the difference is a negative amount or if a jurisdiction does not receive any mitigation distribution during the applicable four calendar quarters, then "streamlined sales tax mitigation funds" is zero. [2009 c 127 § 1; 2005 c 450 § 2.]

RCW 43.08.800 Billy Frank Jr. national statuary hall collection fund. (Contingent expiration date.) (1) The Billy Frank Jr. national statuary hall collection fund is created in the custody of the state treasurer. All receipts from gifts, grants, or endowments from public and private sources as authorized under section 3, chapter 20, Laws of 2021 must be deposited into the fund. Expenditures from the fund may be used only to carry out the provisions of chapter 20, Laws of 2021. Only the chair of the committee may authorize expenditures from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) This section expires when the duties under sections 3 and 4, chapter 20, Laws of 2021 are completed. [2021 c 20 § 5.]

Notice of expiration date—2021 c 20 § 5: "The Billy Frank Jr. national statuary hall selection committee must provide written notice of the expiration date of section 5 of this act to affected parties,

the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others deemed appropriate by the committee." [2021 c 20 § 6.]

Findings—2021 c 20: "The legislature finds that:

(1) In 1864, the national statutory hall collection was established in the United States capitol authorizing each state to contribute two statues to the collection. The statues must be of deceased persons who were citizens of the respective state and are historically important figures or known for their distinguished civic or military service.

(2) Washington has contributed to the collection a statue of Mother Joseph in 1980 and a statue of Marcus Whitman in 1953.

(3) Marcus Whitman was a missionary who traveled to present-day Washington state with his wife Narcissa. Together, they established several missions as well as their own settlement, Waiilatupu, near present-day Walla Walla. Whitman assisted in the "great emigration" of 1843, which established the Oregon trail. Whitman's contributions to the creation of Washington were profound and important. Whitman has represented the state in the statutory hall for nearly 70 years. The legislature finds that it is appropriate to replace his statue with one of a more contemporary Washingtonian to further celebrate the state and the continuous contributions Washingtonians have made in the 20th and 21st centuries.

(4) In the 1850s, the United States government signed a series of treaties with tribes in the region under which the tribes ceded millions of acres of land to the United States in exchange for agreeing to live on reservations while reserving what was most important to them: The right to continue to hunt, fish, and gather in all of their traditional places. Billy Frank Jr., born on March 9, 1931, on the banks of the Nisqually river in Washington, was a Nisqually tribal member and fought tirelessly to ensure that the United States government would honor the promises made in the treaties with Washington tribes. During his efforts, Billy Frank Jr. was arrested more than 50 times for exercising his treaty-protected right to fish for salmon, the first arrest being when he was 14 years old. He helped to stage "fish-ins" as protests, where he and others demanded that treaty tribes have the right to fish in their usual and accustomed places, a right that had been reserved in the treaty of Medicine Creek. His activism and perseverance paved the way for the "Boldt decision" in *United States v. Washington*, which affirmed the right of Washington treaty tribes to take up to half of the harvestable salmon in western Washington, reaffirmed tribal treaty-reserved rights, and established the tribes as comanagers of the salmon resource.
