

**WAC 296-806-20004 Protect employees from slipping hazards around machinery.** You must make sure employees working around dangerous machines are protected from slipping on smooth, oily, or otherwise slippery floors by providing one of the following types of floor covering:

- (1) Nonslip matting.
- (2) Grating.
- (3) Nonslip composition flooring.
- (4) Some other effective floor treatment.

**Reference:** For additional requirements about housekeeping, personal protective equipment (PPE), and work practices, see the Safety and health core rules, chapter 296-800 WAC.
