

WAC 181-85-100 Calculation of lapse dates. The lapse dates of certificates affected by this chapter shall be calculated as follows:

(1) Certificates issued prior to June 30 of a calendar year shall have the lapse date of the certificate calculated on the basis such certificate was issued on June 30 of the same calendar year regardless of the date of issuance.

(2) Certificates issued July 1 or later in the calendar year shall have the lapse date of the certificate calculated on the basis that such certificate was issued on June 30 of the next calendar year regardless of the date of issuance.

(3) If a holder of an affected professional certificate qualifies for a different affected professional certificate—e.g., a holder of a continuing teaching certificate who subsequently qualifies for a continuing administrative certificate—the lapse dates of the new affected professional certificate shall be the same as provided on the first affected certificate.

(4) All valid continuing certificates scheduled to lapse on August 31 of a given year shall be valid until June 30 of the following year.
