

**WAC 246-320-206 Linen and laundry services.** The purpose of this section is to prevent the use of dirty or contaminated laundry or linens.

Hospitals must develop and implement a laundry and linen system that:

- (1) Meets the needs of the hospital and patients;
- (2) Assures linens and laundry are clean and free from contaminants and toxic residues;
- (3) Processes within industry standard pH ranges; and
- (4) Processes and stores according to the *Guidelines for Design and Construction of Health Care Facilities*, 2.1-6.4.
