WAC 296-17-31001 Introduction. Chapter 296-17 WAC, General reporting rules, audit and recordkeeping, rates and rating system for Washington workers' compensation insurance provides rules applicable to workers' compensation insurance coverage (industrial insurance) that employers in the state of Washington must provide for their workers. We refer to these rules (WACs) as sections and they define or explain:

- Words and phrases which we use
- Who the workers' compensation system applies to
- How to obtain workers' compensation coverage
- Why a classification system is necessary
- How our classification plan is designed
- How our classification approach compares to other states
- How we assign classifications to your business
- How we classify your business if a specific classification treatment is not referenced in our classification plan
- How employers report and pay premiums to us
- How we compute base rates
- Audit and recordkeeping requirements
- Experience rating plan
- Base rate tables.

WAC 296-17-31002 General rule definitions. In developing the general reporting rules and classifications which govern Washington's workers' compensation classification plan, we have used certain words or phrases which could have several meanings. Many of these words or phrases are defined by law in the Revised Code of Washington (*Title 51 RCW*). Some words, however, are not defined by law. To reduce the misunderstanding which can result by our use of certain words or phrases not defined in law (*Title 51 RCW*), we have developed definitions which will govern what these words and phrases mean for purposes of these chapters (*chapters 296-17 and 296-17A of the Washington Administrative Code (WAC)*).

The following words or phrases mean:

Account: A unique numerical reference that we assign to you that identifies your business or businesses and allows us to track exposure that you report to us and losses (*claims*) which we pay on your behalf.

Account manager: An individual who works in the underwriting section of the department of labor and industries and manages an employer's workers' compensation insurance account. An account manager is also referred to as an underwriter.

Actual hours worked: A worker's composite work period beginning with the starting time of day that the employee's work day commenced, and including the entire work period, excluding any nonpaid lunch period, and ending with the quitting time each day work was performed by an employee. The following example is provided to illustrate how work hours are to be reported. If you have questions on reporting please contact our underwriting section at 360-902-4817.

Example: A carpet installer arrives at the employer's place of business at 8:00 a.m. to pick up supplies, carpet, and the job assignment. The carpet installer arrives at the job site at 9:00 a.m. and works until 12 noon. The installer takes a half hour nonpaid lunch period and resumes working from 12:30 p.m. until 4:00 p.m. The installer then returns to the employer's premise to drop off supplies and carpet waste. The installer leaves the employer's premise at 5:30 p.m. The employer is to report nine hours of work time regardless of whether the employee is paid by the hour or by the number of yards of carpet installed.

All: When a classification contains a descriptive phrase beginning with "all" such as in "all employees," "all other employees," "all operations," or "all work to completion," it includes all operations and employments which are normally associated with the type of business covered by the classification. This condition applies even if the operations or employments are physically separated or conducted at a separate location. Operations or employments are to be classified separately when the classification wording requires it, or when the operations or employments are not incidental to, and not usually associated with, the business described by the classification.

And: When this word is contained in any rule it is to be considered the same as the phrase "and/or."

Basic classification: A grouping of businesses or industries having common or similar exposure to loss without regard to the separate employments, occupations or operations which are normally associated with the business or industry. Basic classifications describe a specific type of business operation or industry such as mechanical logging, sawmills, aircraft manufacturing, or restaurants. In most business operations some workers are exposed to very little hazard, while others are exposed to greater hazard. Since a basic classification reflects the liability (*exposure to hazard*) of a given business or industry, all the operations and occupations that are common to an industry are blended together and included in the classification. The rate for a basic classification represents the average of the hazards within the classification. All classifications contained in chapter 296-17A WAC are considered basic classifications with the exception of classifications 4806, 4900, 4904, 5206, 6301, 6303, 7100, 7101, and temporary help classifications 7104 through 7122. Classification descriptions contained in WAC 296-17A-0101 through 296-17A-7400 establish the intended purpose or scope of each classification. These descriptions will routinely include types of businesses, operations, processes or employments which are either included or excluded from the classification. These references are not to be considered an all inclusive listing unless the classification wording so specifies.

Bona fide officer: Any person empowered in good faith by stockholders or directors, in accordance with articles of incorporation or bylaws, to discharge the duties of such officer.

But not limited to: When this phrase is used in any rule in this chapter or 296-17A WAC it is not to be interpreted as an all inclusive list. Such a list is meant to provide examples of operations, employments, processes, equipment or types of businesses which are either included or excluded from the scope of the classification.

Excludes or excluding: When a classification contains a descriptive phrase beginning with "excludes" or "excluding" such as "excluding drivers or delivery," "excluding second hand appliance stores," or "excludes construction operations," you must report those operations in a separate classification. If a business fails to keep the records

required in the auditing recordkeeping section of rules in this chapter and we discover this, we will assign all workers' hours for which records were not maintained to the highest rated classification applicable to the work which was performed.

Exposure: Worker hours, worker days, flat rate, licenses, material, payroll or other measurement which we use to determine the extent to which an employer's workers have been exposed to the hazards found within a particular business or industry classification.

Free from direction or control: The contracted individual has the responsibility to deliver a finished product or service without the contracting firm or individual either exercising direct supervision over the work hours or the methods and details of performance or having the right to exercise that authority under the contract.

Includes or including: When a classification contains a descriptive phrase beginning with "includes" or "including" such as "including clerical office," "including meter readers," or "includes new construction or extension of lines," you must report these operations in that basic classification even though they may be specifically described by some other classification contained in chapter 296-17A WAC or may be conducted at a separate location.

Industrial insurance: Refer to the definition of "workers' compensation insurance."

N.O.C.: This abbreviation stands for not otherwise classified. Classifications are often worded in this way when there are many variations of the same general type of business and it would be nearly impossible to list all the variations. Before a classification designated with N.O.C. is used, all other related classifications must be reviewed to determine if the business or industry is specified in another classification.

Example: *You operate a retail store that sells greeting cards. In our search to classify your business we come across a classification that covers retail stores N.O.C. Before our underwriter assigns this classification to your business, they would look at other retail store classifications to see if a more precise classification could be found. In our review we note several classifications such as grocery and department stores where greeting cards are sold. None of these classifications, however, specify that they include stores that exclusively sell greeting cards. Classification 6406 "Retail stores, N.O.C.," on the other hand, contains language in its description that states it includes stores that sell items such as greeting cards, table top appliances, and tropical fish and birds. We would assign classification 6406 "Retail stores, N.O.C." to your business.*

Or: Refer to the definition of the word "and."

Premium: The total amount of money owed to the department of labor and industries as calculated by multiplying the assigned classification composite rate by the total units of exposure.

Principal: When referencing **principal business, principal operations, principal enterprise, or principal classification;** refers to the business or portion of the business described by the basic classification with the most exposure (worker hours).

Principal place of business: The physical location of the business from which the contract of service is directed and controlled.

Rate: The amount of premium due for each unit of exposure. All rates are composite rates per worker hour except as otherwise provided for by other rules in this chapter or 296-17A WAC.

Related by blood within the third degree: The degree of kinship as computed according to the rules of civil law.

Related by marriage: The union subject to legal recognition under the domestic relations laws of this state.

Risk: All insured operations of one employer within the state of Washington.

Temporary staffing services: Means the same as temporary help company, and applies to any person, firm, association or corporation conducting a business which consists of employing individuals directly for the purpose of furnishing such individuals on a part-time or temporary help basis to others.

Underwriter: Refer to the definition of an "account manager."

Within a reasonable period: Establishing an account with state agencies shall be the time prior to the first date on which the individual begins performance of service toward the contract or the date upon which the individual is required to establish an account with a state agency, as otherwise required by law, whichever event occurs later.

Work day: Any consecutive twenty-four hour period.

Work hour: Refer to the definition of "actual hours worked."

Workers' compensation insurance: The obligation imposed on an employer by the industrial insurance laws (*Title 51 RCW*) of the state of Washington to insure the payment of benefits prescribed by such laws.

WAC 296-17-31003 No-fault insurance. What is a workers' compensation insurance program? Workers' compensation insurance is a no-fault insurance program that eliminates blame to either party for workplace injuries or illnesses. The principal features include:

- Wage and medical benefits to employees who suffer on-the-job injuries or illnesses; and
- Immunity from lawsuits for employers as a result of workplace injuries or illnesses suffered by their employees.

WAC 296-17-31004 Coverage requirements. (1) I own a business. Am I required to have workers' compensation insurance coverage for my employees? Nearly every employer doing business in the state of Washington is required to have workers' compensation insurance for his/her employees. Washington law (RCW 51.12.020) does exempt certain types of employment from coverage. If you employ only individuals who are excluded from mandatory workers' compensation insurance coverage, you are not required to have workers' compensation insurance coverage.

(2) I hire contractors to perform work for me. Do I need to be concerned about premiums on their work? Yes. There are two ways you may be liable for premiums on the work they do.

First, they may be "workers" for whom you are required to report and pay premiums. The law defines worker to include both your employees and independent contractors you hire, when the essence of the contract is personal labor. See RCW 51.08.070, 51.08.180, 51.08.181, and 51.08.195 for more guidance about when independent contractors will be considered workers.

Second, the Industrial Insurance Act imposes premium liability on anyone who contracts with another to have work performed. Even if the contractor you hire is not your worker (for example, if the contractor uses one or more workers on the job), you could be liable for their premiums if they fail to pay.

(3) Is there any way for me to protect myself from being held liable for premiums owed by construction contractors I hire? Yes, if you are a registered construction contractor or licensed electrical contractor, and you hire a registered construction contractor or a licensed electrical contractor to do construction work that requires licensing or registration, you can protect yourself from being found liable for the premiums on the work that contractor does for you if:

(a) They have a principal place of business eligible for IRS deduction;

(b) They keep books and records that reflect all items of income and all expenses of the business; and

(c) You have verified that they have an industrial insurance account in good standing, or are a self-insured employer approved by the department.

(4) What does "in good standing" mean? For someone's account to be in good standing, they must:

(a) Be registered with the department of labor and industries for industrial insurance coverage with the state fund;

(b) Have a certificate of coverage, also known as a liability certificate, that has not been revoked or canceled;

(c) Have submitted all reports and supplements required by the department within the past year; and

(d) Be current with all payments due to the state fund, or are current with an approved written payment agreement with the department regarding all unpaid amounts due the state fund.

(5) How do I know that someone's account is considered to be "in good standing"? You can find out whether someone's account is in good standing by visiting the department's website or calling your account manager. If the account is in good standing, we will give you a confirmation number you can keep as proof that you verified their status.

(6) I use the same subcontractors over and over. Do I have to verify that they have an industrial insurance account in good standing every time I use them? No. In RCW 51.12.070 protection for construc-

tion contractors only requires that you have confirmed a subcontractor's account within a year prior to letting a contract. When you check out your subcontractors on the department's website or by calling your account manager, a confirmation number will be provided as proof you checked them out. This confirmation number is valid for one year from the time it is issued.

If you are notified by the department of labor and industries that a subcontractor's account is no longer in good standing, you may be liable for their industrial insurance premiums from the date of notification forward.

(7) Can I, as a construction contractor, be held liable if I verify that the accounts of construction contractors I hire are in good standing, but they fail to confirm the accounts of the construction subcontractors they hire? No. If you make sure you and your construction subcontractors meet the requirements of RCW 51.12.070, you cannot be held liable if they fail to make sure their construction subcontractors meet the requirements.

WAC 296-17-31005 Employer/employee relationship. How do I determine if I am an employer? Chances are that if you employ one or more individuals to work for you, you are probably an employer. RCW 51.08.070, 51.08.180 and 51.08.195 all define the employer/employee

relationship. These laws present the conditions that must exist before an exception or an independent contractor status can be recognized. WAC 296-17-31009 Reciprocal agreements. (1) Occasionally one of my Washington employees will do some work for me in another state. Do I need to buy workers' compensation insurance in the state where they are working?

In some cases, we can provide workers' compensation insurance coverage for your Washington based employees working for you on a temporary assignment in another state. We have formal written agreements with some states which detail coverage and jurisdiction issues. We refer to these formal agreements as "*reciprocal agreements*." If you have questions regarding temporary coverage in another state you should contact your account manager for assistance. The name and telephone

number of your account manager can be found on your quarterly premium report or annual rate notice. For your convenience you can call us at 360-902-4817 for assistance and we will put you in contact with your assigned account manager.

(2) What is a reciprocal agreement?

A reciprocal agreement is a contract between the department of labor and industries acting on behalf of the state of Washington and another state. The primary purpose of the agreement is to identify which state will be responsible for paying benefits if one of your employees is injured. This also limits your insurance costs. If you employ only Washington workers you need to buy workers' compensation insurance only from us.

(3) You mentioned that there are circumstances when you can provide insurance coverage. What are the circumstances?

The actual circumstances will vary by state. In most cases we will look at:

- The work to be performed,
- The location where the work is to be performed,
- Where the employee was first hired to work,
- How long the employee will be working in the other state.

(4) Which states have reciprocal agreements with Washington? We currently have reciprocal agreements with the following states:

- **IDAHO**

RECIPROCITY AGREEMENT BETWEEN IDAHO INDUSTRIAL ACCIDENT BOARD AND WASHINGTON DEPARTMENT OF LABOR AND INDUSTRIES IN REGARD TO EXTRATERRITORIAL JURISDICTION

This agreement is made between the industrial accident board of the state of Idaho (herein, for convenience, abbreviated Idaho IAB) and the department of labor and industries of the state of Washington (DOLAI), as administrators of the worker's compensation (WC) laws of their respective states, each of said parties being authorized to enter into reciprocity agreements with other states in matters involving their respective extraterritorial jurisdictional powers and duties.

PREMISES:

1. Employers in each state on occasion find it necessary or expedient to have their workers perform services in the other state. The parties are desirous of entering into an agreement whereby the employers and workers of each of the respective states may continue to be entitled to the protection and benefits provided by the WC laws of their respective home states.

DEFINITIONS:

2. For the purposes of this agreement: Person whose employment is "principally localized" in Idaho shall be deemed to be an Idaho worker. A person's employment is "principally localized" in Idaho when:

(1) His/her employer has a place of business in Idaho and he/she regularly works (or it is contemplated that he/she shall regularly work) at or from such place of business; or

(2) If clause (1) foregoing is not applicable, he/she is domiciled and spends a substantial part of his/her working time in the service of his/her employer in Idaho.

A person whose employment is "principally localized" in Washington shall be deemed to be a Washington worker. A person's employment is "principally localized" in Washington when:

(2) If clause (1) foregoing is not applicable, he/she is domiciled and spends a substantial part of his/her working time in the service of his/her employer in Washington.

An employee whose duties require him/her to travel regularly in the service of his/her employer in more than one state may, by written agreement with his/her employer, designate the state in which his/her employment shall be "principally localized." Unless the state so designated refuses jurisdiction, such agreement shall be given effect under the instant agreement.

In cases where none of the foregoing tests can be made to apply, the person shall be deemed to be a worker of whichever jurisdiction in which his/her contract of hire was made.

3. This agreement shall not apply to Washington workers of an Idaho employer working in the state of Washington, nor to Idaho workers of a Washington employer working in the state of Idaho: Provided, however, That the right and remedies of both Idaho and Washington workers engaged in the construction and maintenance of interstate structures such as dams, bridges, trestles and similar structures between the two states, may be regulated by specific separate reciprocity agreements.

THE PARTIES AGREE:

4. The Idaho IAB in keeping with the provision of the Idaho WC law will assume and exercise extraterritorial jurisdiction of compensation claims on any Idaho worker injured in the state of Washington and of his/her dependents upon any Idaho employer under its jurisdiction and the latter's surety or insurance carrier.

5. The Washington DOLAI in keeping with the provisions of the Washington WC law will provide protection of any Washington employer under its jurisdiction and benefits to any Washington worker injured in the course of his/her employment while working in the state of Idaho.

6. A Washington employer while performing work in the state of Idaho shall be subject to the safety codes of the state of Idaho, **AND** an Idaho employer working in the state of Washington shall be subject to the safety codes of the state of Washington.

7. Employers' premium payments on the out-of-state earnings of Idaho workers shall be due and payable to the respective employers' insurance carriers **AND** premium payments of the out-of-state earnings of Washington workers shall be made to the Washington DOLAI.

8. For the purpose of implementing the terms of the agreement, the parties agreed upon the following procedures:

The Idaho IAB will upon request and on behalf of an Idaho employer issue a certificate of extraterritorial coverage to the Washington DOLAI **AND** the latter upon request and on behalf of a Washington employer will issue a certificate of extraterritorial coverage to the Idaho IAB. Such certificates may be canceled or revoked at the discretion of the issuing agency. Due notice of issuance, modification and cancellation of any such certificate shall be given to the employer and to his/her insurance carrier, if any.

9. This agreement shall be effective January 1, 1971, and shall remain in full force and effect until superseded or modified by the parties hereto.

This agreement creates no rights or remedies, causes of action, or claims on behalf of any third person or entity against Washington or South Dakota, and is executed expressly and solely for the purpose of coordinating issues of workers' compensation coverage between the states.

Any communication between the parties hereto or notices to be given hereunder shall be given in writing by personal delivery, facsimile or mailing the same, postage prepaid, to the addresses or numbers set forth below on the signature pages or as subsequently modified in writing by the party to be noticed.

• **UTAH**

THE WASHINGTON STATE DEPARTMENT OF LABOR AND INDUSTRIES AND THE UTAH LABOR COMMISSION, DESIRING TO RESOLVE JURISDICTIONAL ISSUES THAT ARISE WHEN WORKERS FROM ONE STATE TEMPORARILY WORK IN ANOTHER, ENTER INTO THE FOLLOWING AGREEMENT:

WHO IS AFFECTED BY THIS AGREEMENT?

This agreement affects the rights of workers and their employers when the contract of employment arises in one state and the worker is temporarily working in the other. To be covered by this agreement, an employer must be considered an employer under both Washington's and Utah's workers' compensation laws, and workers must be considered workers under both Washington's and Utah's workers' compensation laws.

BASIC RULE:

When a worker's contract of hire arises in one state and the worker is temporarily working in the other state:

Employers are required to secure the payment of workers' compensation benefits under the workers' compensation law of the state the contracts of employment arose in, and pay premiums if not self-insured for the work performed while in the other state; and

Workers' compensation benefits for injuries and occupational diseases arising out of the temporary employment in the other state are payable under the workers' compensation law of the state the contract

of employment arose in, and that state's workers' compensation law provides the exclusive remedy available to the injured worker.

Any Washington employer while performing work in the state of Utah will be subject to the safety codes of the state of Utah. Any Utah employer while performing work in the state of Washington will be subject to the safety codes of the state of Washington.

Washington and Utah both agree to notify the other state in writing of any changes to their law that may affect this agreement within thirty days of that law change.

EXCLUSION FROM THE BASIC RULE:

This agreement does not apply to Washington workers of Utah employers while working in the state of Washington nor to Utah workers of Washington employers while working in the state of Utah.

CERTIFICATES OF COVERAGE:

Upon request, each state will issue certificates of extraterritorial coverage to the other when appropriate. The issuing state may cancel these certificates at any time.

AGREEMENT:

This agreement is effective March 1, 2001, and will remain in effect unless terminated, modified, or amended in writing between the parties. Either party may terminate the agreement, without cause, by giving written notice to the other party at least thirty days in advance of such termination.

This agreement creates no rights or remedies, causes of action, or claims on behalf of any third person or entity against Washington or Utah and is executed expressly and solely for the purpose of coordinating issues of workers' compensation coverage between the states.

Any communication between the parties hereto or notices to be given hereunder shall be given in writing by personal delivery, facsimile or mailing the same, postage prepaid, to the addresses or numbers set forth below on the signature pages or as subsequently modified in writing by the party to be noticed.

WAC 296-17-31010 Premium cost. How much will I pay for workers' compensation insurance? What you pay for workers' compensation insurance will vary by:

- The nature of the business you are conducting,
- The specific classifications applicable to your business,
- The unit of exposure applicable to your industry, and
- Your company's experience factor.

You may call our underwriting section at (360) 902-4817 and one of our representatives will help you estimate your premium cost per hour.

[Statutory Authority: RCW 51.16.035. WSR 98-18-042, § 296-17-31010, filed 8/28/98, effective 10/1/98.]

WAC 296-17-31011 Classification system and plan. Washington law (RCW 51.16.035) requires us to classify occupations or industries by their level of hazard, in accordance with recognized principles of workers' compensation insurance which encourage safety and facilitate premium collection. The classification system and plan in Washington are based on insurance principles similar to those in other states and also reflect Washington's industries and workers' compensation laws.

(1) **What is the workers' compensation classification system?**

The rules in **chapter 296-17 WAC** are the workers' compensation classification system. These rules:

- Define how we apply the classification plan to classify businesses by their degree of hazard.
- Assign premium rates that fairly represent employers' risks so that the premiums we collect cover all claim costs.

Our classification system follows recognized insurance principles described in **WAC 296-17-31029 Insurance principles**. These principles help ensure that employers are properly grouped and fairly rated.

We group industries that share similar risks together for common rating. Employers with similar risks tend to have workplace injuries with similar frequency, severity, and cause. Higher hazard industries are more likely to have workplace injuries, and the injuries are more likely to be severe.

By analyzing the history of injuries and costs for each classification grouping, we can reliably project future costs of claims for a classification. We adjust premium rates yearly so that we collect enough premiums to pay for these projected costs. Employers engaged in higher hazard industries, such as logging, will pay higher premium rates than employers engaged in lower hazard businesses, such as retail store operations.

The workers' compensation classification system rules apply to all businesses unless another treatment is specifically provided for in the classification plan (see subsection (2) of this section).

(2) **What is a workers' compensation classification plan?**

The rules in **chapter 296-17A WAC** are the workers' compensation plan. These rules group employers into risk classifications based on the nature of a business. We do not classify and rate individual jobs or occupations (see **Example 2, WAC 296-17-31015 General inclusions**). Instead, each classification describes the types of businesses and operations it includes, and the classification is a blend of exposures and risks representing the combined work for all of the businesses in the classification. Sometimes a classification may also reference certain operations (tasks, processes, activities, etc.) excluded from the classification. We refer to the boundary between what is included in and excluded from a classification as the "**scope**" of the classification.

The classification plan in **chapter 296-17A WAC** provides descriptions and scopes for businesses and industries found in the state of Washington.

Classifying by the nature of business:

- Makes our classification plan responsive to industry innovation and change.

Note: When businesses in a particular industry are grouped together in the same classification and new practices or technological improvements change the level of hazard for the industry, the classification's rates automatically adjust in response to the changes.

- Ensures our classifications represent businesses with similar levels of hazard, which in turn promotes fair and equitable rates.

WAC 296-17-31012 Classification assignment. (1) How are classifications assigned to my business?

We begin by assigning a basic classification to your business based on the nature of your business. To determine the nature of your business, we need to understand your combined business operation(s), the products you produce and the services you provide in the state of Washington. We will not assign additional classifications to your business based on individual operations or occupations within your overall business unless:

- The basic classification assigned to your business either requires or permits separate classifications for specific operations or employments.

- Additional classifications are required or permitted by **WAC 296-17-31017 Multiple classifications** or **WAC 296-17-31018 Exception classifications**.

- The nature of your business is:

- Temporary help services, **WAC 296-17A-7104** to **296-17A-7122**;
- Farming and agriculture, **WAC 296-17-31014**;
- Construction business, **WAC 296-17-31013**.

Note: Classifying a business sometimes requires us to call or visit the employer to clarify the nature of their business operations.

(2) What if I have several businesses?

Each entity registered by a unique Unified Business Identifier (UBI) is classified separately based on the nature of its combined operations, without regard to any operations under any other UBI.

WAC 296-17-31013 Construction. (1) What is the classification approach for construction contractors?

We classify contractors by phase of construction. **Phase of construction** refers to the type of construction work or the parts of a construction contract we classify and rate separately. This means contractors performing multiple types of construction generally have more than one basic classification.

Example 1: A contract for building a kitchen may include cabinet installation, tiling, and painting. These three pieces of the contract are considered separate phases of construction since each of the types of work are often performed by a separate specialty contractor. A contractor performing multiple phases reports employees' hours by each phase of construction.

Example 2: A concrete contractor agrees to build a new concrete driveway. As part of this job, the contractor has employees assemble wood forms to pour the concrete into. Since assembling wood forms for concrete construction is not normally subcontracted out to specialty contractors, we consider this work included in the concrete work classification. The concrete contractor reports the assembly of the wood forms in the classification for the concrete work.

Example 3: A plumbing contractor must remove a section of wall, or tear up some flooring to repair a pipe. The minor tear out and repair is considered part of the pipe repair phase of construction as long as the work is performed by the plumber's own employees. The contractor reports this work with the plumbing work. However, if the plumber contracts out the floor or wall repair, the subcontractor reports in the classification(s) that best describe the work performed.

Note: If we have assigned multiple classifications to your construction business, take special care in maintaining the records required in the auditing and recordkeeping section (**WAC 296-17-35201 Recordkeeping and retention**). If you fail to keep the required records, we assign all worker hours for which the records were not maintained to the highest rated classification applicable to your business or the highest rated classification a worker was exposed to.

(2) Who do the construction rules apply to?

If we assign one or more of the following classifications to your business, this rule applies to you: 0101, 0103, 0104, 0105, 0106, 0107, 0108, 0112, 0201, 0202, 0210, 0212, 0214, 0217, 0219, 0301, 0302, 0303, 0306, 0307, 0403, 0502, 0504, 0507, 0508, 0509, 0510, 0511, 0512, 0513, 0514, 0516, 0517, 0518, 0519, 0521, 0540, 0541, 0550, 0551, 0601, 0602, 0603, 0607, 0608, and 0701.

(3) To simplify recordkeeping and reporting requirements, can I have a single classification assigned to my business to cover a specific construction project?

Yes, you can request a single classification to cover all phases of work for an entire project, by contacting your account manager. A

separate request is required for each project where you want a single classification for reporting.

(4) How does the department determine the single classification for a project?

We prorate based on the information you provide. You must give us a description of the project with an estimate of the total number of hours expected to be worked in each phase of construction that you are responsible for.

Example: You notify us that your company will be responsible for all plumbing and iron erection work on a commercial building site. You have requested a single classification for this project. In your request, you tell us that you estimate that it will take 1,000 work hours to perform all the plumbing work and 500 work hours to do the steel erection work.

With this information we will estimate the premiums by classification:

We determine that the plumbing work is covered under classification 0306 and the steel erection work is covered under classification 0518.

Assume for this example that classification 0306 has an hourly premium rate of \$2.50 and classification 0518 has an hourly premium rate of \$3.50. We estimate the total premium on this job to be \$4,250; (1,000 hours x \$2.50 = \$2,500) + (500 hours x \$3.50 = \$1,750).

Note: Rates in this table are for this example only.	Plumbing (0306)	Steel erection (0518)
Hours	1,000	500
Risk classification	0306	0518
Rate (assume for this example)	\$2.50/hour	\$3.50/hour
Estimated premium	1,000 x \$2.50 or \$2,500	500 x \$3.50 or \$1,750
Total estimated premium	\$2,500 + \$1,750 = \$4,250	

We then develop an average hourly rate for the project, by taking the estimated premium of \$4,250 and dividing this number by the 1,500 hours estimated. This provides an average hourly rate of \$2.83.

To select the single classification that will apply to a construction project, we will compare the average hourly rate that we have computed to the rates of the classifications applicable to the project. We will select the classification whose hourly rate is the closest to the average hourly rate that we computed from the information you supplied us with:

- The average hourly rate for this project is \$2.83.
- The rate for the plumbing classification (0306) is \$2.50 per hour.
- The rate for steel erection is \$3.50 per hour.

We would assign classification 0306 as the single classification applicable to this project, and send you a written notice which will specify the basic classification and premium rate that will apply to this project.

(5) If I request and receive a single classification for my construction project, am I required to use the classification for reporting all of my hours?

No, but let your account manager know you decided against using the single classification and you will report the work by phase of

construction. This will avoid any potential confusion if you are audited.

(6) I have no employees because I either perform the work myself or I subcontract it out. Do I need a workers' compensation account with the department of labor and industries?

If you do not hire workers who are covered by Washington's workers' compensation laws, you are not required to have a workers' compensation account with the department of labor and industries (L&I). However, Washington state laws (**RCW 51.08.180** and **51.08.181**) interpret some workers, even when paid by a federal 1099 form, as covered workers who you must report to L&I and pay workers' compensation premium for, along with any employees you report to the IRS as employees.

If you do not pay premium for someone you hire as a contractor, and it is later determined he, or she, is a covered worker, you will be responsible for paying the premium you owe with interest, as well as any assessed penalties; these can include claim costs associated with an injury.

You can also be held responsible for premiums owed to L&I if you subcontract work to another contractor and they fail to pay premiums on their own workers (**RCW 51.12.070**).

To avoid these unexpected costs, it is in your best interest to make sure all of your subcontractors:

- Meet state law as independent contractors; **RCW 51.08.180** and **51.08.181**.

- If they hire workers, are registered contractors in good standing by verifying their status at www.lni.wa.gov.

For additional information about subcontractors, see **WAC 296-17-31004**, visit our website, or call us at 360-902-4817.

(7) What records must I keep on the subcontractors I use?

For each subcontractor, you are required to keep record of the:

- Subcontractor's legal name.
- Contractor registration number and expiration date.
- UBI number (or L&I account ID number).

If you supply materials to a subcontractor, also keep a record of the:

- Amount of material supplied.
- Project name or location.
- Date material was supplied.
- Completion date of contracted work.

Failure to maintain these records may result in the subcontractor being considered a covered worker who you must report.

Note: See **WAC 296-17-35201** for recordkeeping requirements for workers and contractors under mandatory coverage and reporting requirements.

(8) What classification should I use to report construction site cleanup by my employees?

For construction contractors, construction site cleanup and debris removal are included in the phase of construction describing the work. You should report the cleanup of construction debris in the same classification that applies to the work responsible for the debris.

Example: A roofing contractor with an employee picking up roofing debris off the ground reports the cleanup work in the roofing classification (0507).

However, if the debris is not specific to any one phase of construction and applies to a construction site's work overall, report the general site cleanup in the classification applicable to the type of building you are constructing:

- Nonwood buildings - Site cleanup is included in classification 0518.
- Wood frame buildings - Site cleanup is included in classification 0510.

If neither of these scenarios applies, please talk to your account manager to determine the correct classification.

(9) My business is construction site cleanup. I am not a construction contractor, my employees do no construction work, and they only pick up construction debris. What classification do I report site cleanup in?

If your employees are collecting and/or removing any type of debris (household junk, yard or garden waste, furniture, appliances, construction or building materials, waste resulting from smoke or water damage, etc.), whether it results from the construction work or not, you report in classification 4305-22.

(10) How is the final preoccupancy cleaning at a construction site classified?

We consider **preoccupancy cleaning** as limited to the final cleaning preparation after the conclusion of a construction project. Activities include washing paint and overspray from windows; vacuuming carpets; washing floors and fixtures; dusting woodwork, doors and cabinets; and other general cleaning tasks. Preoccupancy cleaning as described here is reported in classification 6602 only if both of the following conditions apply:

- The workers perform no other construction related work, such as construction debris cleanup.
- All of the construction work is completed and all construction equipment and debris have been removed prior to the cleaning.

Note: If you are not a construction contractor and you take contracts to clean up construction debris and contracts for preoccupancy cleaning, and you maintain accurate accounting records for both activities, you may divide hours between risk classifications 4305-22, Debris removal, and 6602-03, Janitorial cleaning services. (See subsection (9) of this section.)

(11) In what construction classification should I report setting up of scaffolding, hoists, cranes, towers or elevators at a construction site?

Report the setup, operation, and disassembling in the same classification that applies to the work responsible for the scaffolding, hoists, cranes, towers or elevators.

Example: A roofing contractor with employees setting up scaffolding at the construction site reports these activities in the roofing classification (0507).

If the setup at the construction site is not specific to a single phase of construction, the setup work is reported in the classification applicable to the type of building:

- Nonwood buildings - Setup is reported in classification 0518
- Wood frame buildings - Setup is reported in classification 0510

If neither of these scenarios applies, please talk to your account manager to determine the correct classification.

Note: If a helicopter service assists in hoisting work, the flight crew is reported in classification 6803. (See **WAC 296-17-31018(4)**.)

Note: Some work performed by a mobile crane at a construction site can be reported in classification 3506-02, Mobile crane and hoisting services. (See **WAC 296-17A-3506**.)

WAC 296-17-31014 Farming and agriculture. (1) What is the classification approach for farming?

We classify farming and agricultural operations by the type of crop or livestock raised. Farmers and ranchers often have several basic classifications assigned to their account covering various types of crops or livestock.

Note: If we assign multiple classifications to your farm or agriculture business, take special care in maintaining the records required in the auditing and recordkeeping section of **WAC 296-17-35201 Recordkeeping and retention**. If you fail to keep the required records, we will assign all worker hours for which the records were not maintained to the highest-rated classification applicable to your business or the highest-rated classification a worker was exposed to.

(2) Who do the farming and agriculture rules apply to?

If we assign one or more of the following classifications to your business, this rule applies to you: 4802, 4803, 4804, 4805, 4808, 4809, 4810, 4811, 4812, 4813, 7301, 7302, and 7307.

(3) If I am involved in diversified farming, can I still have one classification assigned to my account to cover all of the farming I am involved in?

Yes, you can request assignment of a single classification to cover all of your farming operations by contacting your account manager.

(4) How will the department determine what single farming classification will be assigned to my business?

The approach used to assign a single classification to a farming business is similar to that used for construction contractors. We prorate based on the information you provide. We need you to estimate the number of hours to be worked by your employees by type of crop or livestock being cared for. We use this information to estimate the premium which would be paid using multiple classifications. The total premium is then divided by the total estimated hours to produce an average rate per hour. We then select the classification assigned to your business which carries the hourly premium rate which is the closest to the average rate determined by your estimated hours. However, classification 4806 is not to be assigned to any grower as the single farming classification. See **WAC 296-17A-4806**.

Note: See WAC 296-17-31013(4) for an example how single classifications are determined.

(5) How will I know what single farming classification you have assigned to my business?

We will send you a written notice of the basic classification that will apply to your entire operation.

(6) If I requested a single classification for my farming operation, can I change my mind and use multiple classifications?

Yes, but let your account manager know you decided against using the single classification and will report the work by type of crop or livestock. This will avoid any potential confusion if you are audited.

(7) I have workers who do not use or operate any tools or equipment; can I classify these workers separately?

The special exception classification 4806 is available to farms classified in 4802 or 4803. It is limited to harvesting operations where all of the workers pick or harvest by hand without the use of any:

- Cutting tools, such as knives or clippers;
- Machinery;
- Ladders, climbing equipment, or stools.

(8) What is a farm labor contractor?

A farm labor contractor is a specialty contractor who supplies laborers to a farm operation for specified services such as weeding, planting, irrigating, and fertilizing. Generally, work involves manual labor tasks as opposed to machine operations.

(9) I am a farm labor contractor. How is my business classified?

If you are supplying only laborers to a farm, we will assign the same classification given to the farm for the work performed. However, if you supply both machine operators and the machinery to a farm, the machine operators are assigned to classification 4808-11, Custom farm services by contractor, since machinery work carries the same hazard regardless of the crop.

(10) Farm internship pilot project. Who may participate in the farm internship pilot project established by RCW 49.12.470?

Small farms with annual sales of less than \$250,000 per year located in certain qualifying counties as identified by RCW 49.12.470 who receive a special certification from the department may have farm interns. Employers who qualify may report up to three farm interns. Farm internship project risk classifications are: WAC 296-17A-4814, 296-17A-4815, and 296-17A-4816. The farm internship project is administered by the employment standards division of L&I.

WAC 296-17-31015 General inclusions. When are operations included in a basic classification and when are they excluded?

There are operations, such as pickup and delivery work, which are common to many businesses. When types of work are normal and expected for an industry, support the overall operations of a business, and are performed by employees of the business, we call them **general inclusions**. We will assign separate classifications for these operations only if:

- They represent a separate business or separate store location, and additional classifications are allowed or required by the multiple classifications rule (**WAC 296-17-31017**); or

- The classification describing a business specifically excludes the operation; or
- It is permitted or required by another reporting rule.

Example 1: It is common that some businesses will have their own legal staff and the legal work is considered an inclusion to the classification that best describes the employer's nature of business. For this reason, we will not assign the law firm classification for private legal staff employed by a business that is not also in the business of providing legal services to others.

General inclusions include activities such as:

- Air travel by employees who are not members of a flight crew.
- Information and technology workers, legal staff, and engineers (unless an exception classification applies; see **WAC 296-17-31018**).
- Food services provided exclusively for a firm's own employees.

Exception: Food services operated for businesses performing construction, lumbering, or mining are assigned classification 3905; see **WAC 296-17A-3905**.

- Cleaning at the employer's business location. If workers exclusively clean at employer's business offices, see **WAC 296-17-31018**.
- Manufacturing of containers, packaging, bags, barrels, bottles, boxes, cans, cartons, wooden pallets, or packing cases for exclusive use by the employer's business.
- Medical facilities or dispensaries operated by employers for their employees.
- Printing or similar operations when performed exclusively as a service to the employer's business.
- Maintenance or ordinary repair of an employer's building or equipment.
- Pickup and delivery when performed exclusively in connection with the business of the employer.
- Repair performed in connection with manufacturing or assembly, such as warranty repairs at the manufacturer's shop or plant.
- Sales of products manufactured by the employer, unless permitted by another rule.
- Warehousing, handling, packing, and shipping when performed exclusively in connection with the business of the employer.
- Testing or analytical laboratories when operated exclusively in connection with the business of the employer.

Example 2: Workers performing similar jobs are often reported in different classifications, depending on their employers' type of business, the classification rules describing the businesses, and the reporting rules. In this example we see how the classifications for drivers may vary:

- Drivers for a retail grocery store are included in the retail grocery classification 6402 since the classification does not exclude delivery.
- Drivers working for a drug store are included in the delivery classification 1101, because the drug store classification 6406 excludes delivery.
- Drivers for household moving businesses are included in the moving and storage classification 6907, since the classification does not exclude delivery.
- Drivers for intrastate and interstate common carriers are included in the trucking classification 1102, since the classification does not exclude drivers.

WAC 296-17-31016 Classification by analogy. How do you determine what classification(s) to assign to a business if the type of business is not specifically noted in the classification plan?

Because technologies and processes continually evolve, sometimes new types of businesses are not yet specifically identified in our classification plan. Under these circumstances, we continue to classify by the nature of an employer's business.

Department staff review the combined overall operations and occupations of the business to determine the nature of the business. Once we have determined the nature of business, we look for other businesses that have similar processes, use similar equipment, and whose operations are likely to produce the same level of risk as the new business. This is called classifying by analogy.

Example: When indoor simulated golf was first introduced as a business model in Washington state, this type of business was not yet identified by our classification plan. Because the operations of indoor simulated golf take place indoors and rely on computer regulated screens operating within individual cubicles, the nature of business was determined to be significantly different than that of golf courses, driving ranges, and miniature golf. By analogy, the department determined the combined overall operations of indoor simulated golf aligned more closely to those of casinos and billiard halls than to any other golfing enterprise, and classified accordingly.

WAC 296-17-31017 Multiple classifications. (1) Can I have more than one basic classification assigned to my account?

Yes, sometimes we will give you more than one basic classification because:

- The basic classification that describes your business specifies certain duties that must be reported separately.
- You have employees performing work described in the general exclusions, WAC 296-17-31018(4).
- You are a contractor with workers performing more than one phase of construction, as described in WAC 296-17-31013.
- You operate a farm that raises more than one type of crop or animal, as described in WAC 296-17-31014.

We also may assign more than one basic classification when a single classification does not describe all of your business operations because you have multiple enterprises.

A multiple enterprise is when you:

- Operate a secondary business with operations we do not normally consider related to your other business operations; or
- Have multiple retail stores.

When all four of the following conditions apply, we will add a basic classification(s) for a multiple enterprise:

- You maintain accurate payroll records that clearly distinguish the work performed for each business.

- Each business is physically separated and distinct.
- Each business can operate independently of any others. If one business closes, any others are able to continue on their own.
- The classifications are permitted to be assigned together by classification descriptions and general reporting rules.

If any of these conditions do not apply, we will assign your firm the classification(s) that identifies:

- Your principal business (this is the business that has the greatest number of hours); and
- Any secondary business operations that are higher rated than your principal business.

Note: Whenever you have more than one classification assigned to your account, you must keep accurate records of the hours (or alternative reporting units) worked by each employee in each classification. Using percentages, averages, or estimates is **not** permitted. If you do not have original time card or time book entries to support how you are reporting, all worker hours in question will be assigned to the highest rated classification to which the worker was exposed. An explanation of necessary payroll records can be found under WAC 296-17-35201.

(2) My business is assigned a basic classification and a standard exception classification. I have an employee who works in both classifications. Can I divide this employee's hours (or alternative units) between the two classifications on my quarterly report?

Normally you cannot report employees in a standard exception classification if they also perform duties covered by a basic classification. If any of their work is covered by a basic classification, then all of their hours (or alternative reporting units) must be reported in the basic classification.

The only time you are permitted to divide a worker's hours between a standard exception classification and a basic classification is when the basic classification is assigned to you because it is a general exclusion under WAC 296-17-31018(4).

(3) Can I divide an employee's hours between two standard exception classifications on my quarterly report?

No, you cannot divide employees' hours between two standard exception classifications. You must report all of their hours in the highest rated standard exception classification applicable to their work.

(4) I have more than one basic classification assigned to my business and I have employees who work in more than one of these classifications. Can I divide their hours between these basic classifications on my quarterly report?

Yes, you may divide an employee's hours between basic classifications when:

- The classification descriptions allow a division of hours; and
- You maintain records on each employee and the department can determine from those records the hours worked in each classification.

If the classification descriptions do not allow a division of hours, or if you do not maintain adequate records, you must report the workers' hours in the highest rated risk classification applicable to your business, unless your records show that a worker did not work in that classification.

For the following examples, suppose an employer has the classifications and rates shown below:

Risk Class	Description	Rates*
0507 05	Roofing work	\$7.37/hour
0510 00	Wood frame building construction	\$4.71/hour
0513 00	Interior finish carpentry	\$2.01/hour

Example 1: If the employer does not keep records of which classifications an employee worked in, all of the employee's hours must be reported in classification 0507.

Example 2: If the employer's records show the employee worked only in classifications 0510 and 0513, but no time records were kept, all of the employee's hours must be reported in classification 0510.

Example 3: If the employer's records show the hours the employee worked in classification 0510 and the hours the employee worked in 0513, the employer may report the employee's hours in both classifications.

* The rates above do not reflect actual rates and are only intended for the purpose of this example.

(5) I have employees with duties that support more than one basic classification, but it is not possible to distinguish their hours between classifications. How do I report these workers' hours?

Sometimes employers are unable to divide a worker's hours between two or more classifications because the work simultaneously supports more than one basic classification. When this occurs, you must report the work in the highest rated classification that the work supports.

Example 1: You operate both a motel with classification 4905, and a restaurant with classification 3905. You have a laundry facility that cleans the linens for both the restaurant and for the motel and you choose not to distinguish schedules for washing the linens separately. If you do not maintain work or payroll records, you must report your employees in the higher premium rate classification.

If classification 3905 is higher than classification 4905, you need to report the laundry operations in classification 3905.

If classification 4905 is higher than classification 3905, you need to report the laundry operations in classification 4905.

Example 2: You have a floor covering store and also offers installation services to your customers. Your store operations are under classification 6309 and your employees performing the installation service are under classification 0502.

Since delivery is included in both your classifications, when your workers deliver floor covering to one of your own job sites, their drive time must be reported in whichever of your classifications is higher premium rated.

Example 3: You are a construction contractor and pay your workers for driving to and from the construction sites. Some of these workers work in more than one construction classification. You can keep records of when they work in each classification and report their hours at the job site accordingly, but all of their drive time on a given day must be reported in the highest rated construction classification they worked in the same day.

(6) How can I find the rates for the classifications assigned to my account?

Each of your classifications has a new rate assigned to it yearly. Your rates are on your annual rate notice and your quarterly report, or you may obtain your rates by contacting your account manager.

WAC 296-17-31018 Exception classifications. (1) What are exception classifications?

Exception classifications describe employees who are not exposed to the normal hazards associated with a basic classification. Exception classifications may also have special reporting rules concerning a division of worker hours.

There are three types of exception classifications:

- Standard exception classifications;
- Special exception classifications; and
- General exclusion classifications.

(2) What are the standard exception classifications?

Standard exception classifications are administrative in nature. Employees covered by a standard exception classification are not exposed to the general hazards described in a basic classification description. If the language of the basic classification does not specifically include clerical office and sales workers, you are allowed to report in standard exception classifications when applicable.

A worker's hours cannot be divided between a standard exception classification and any other classification. If some work is included in a standard exception classification, but other duties are not, then all the worker's hours must be reported in the higher rated classification that applies to those duties. **Exception to the rule:** *A division of hours is permitted between a standard exception classification and racing operations, flight crews, or diving operations. See subsection (4) of this section.*

The standard exception classifications are:

- **Classification 4904**, clerical office workers as described in WAC 296-17A-4904;
- **Classification 6301**, sales personnel, driving instructors, and limousine drivers as described in WAC 296-17A-6301;
- **Classification 6303**, outside sales personnel as described in WAC 296-17A-6303;
- **Classification 7100**, members of limited liabilities electing coverage as described in WAC 296-17A-7100; and
- **Classification 7101**, corporate officers electing coverage as described in WAC 296-17A-7101.

(3) What are the special exception classifications?

Special exception classifications represent operations found within an employer's business that are allowed to be reported separately from the basic classification under certain conditions. Assuming the conditions described in each classification's description are met, the following classifications may be used even if your basic classification includes the phrases "all operations" or "all employees."

Whenever a division of hours is not permitted for a special exception classification, all of the hours must be reported in the higher rated classification applicable to the work not included in the special exception classification.

The special exception classifications and their division of hour requirements are:

- **Farms: Hand harvesting crops** - WAC 296-17A-4806. A division of hours between classification 4806 and a basic farm classification is permitted.

- **Security guards at construction or logging sites** - WAC 296-17A-6601. There can be no division of hours for a worker between classification 6601 and the basic classification during a work shift.
- **Cleaning employer's business offices** - WAC 296-17A-6602. A division of hours is not permitted between this special exception classification and the basic classification for the business.
- **Construction: Superintendent or project manager** - WAC 296-17A-4900. A division of hours is permitted between classification 4900 and a basic construction classification for work performed under separate building permits and at separate locations.
- **Construction: Estimator** - WAC 296-17A-4911. No division of hours is permitted between classification 4911 and another basic or special exception classification during a work shift.
- **Permanent yard or shop operations** - WAC 296-17A-5206. No division of hours is permitted between classification 5206 and another basic or special exception classification during a work shift.
- **Log truck drivers** - WAC 296-17A-5003. There can be no division of hours for a worker between classification 5003 and the basic logging classification 5001 during a work shift.
- **Retail store demonstrators** - WAC 296-17A-6406. There can be no division of hours between classification 6406 and a basic classification during a work shift.

(4) **What are the general exclusion classifications?**

General exclusions are activities excluded from all basic classifications that do not specifically describe that type of work. You must report work described by a general exclusion in the basic classification that applies to those operations.

The general exclusion classifications are:

- **Aircraft operations:** Applies to duties performed by flight crews. A division of hours is permitted between flight crew classifications and **all** other classifications.
Example: Assume a corporate officer performs duties which are described in classification 7101. Occasionally, the officer flies a plane to attend a meeting. You would report the flying exposure (hours) of the corporate officer in classification 6803. The remainder of the corporate officer's time would continue to be reported in classification 7101.
- **Racing operations:** Applies to duties performed by race car or boat drivers and their pit crews. A division of hours is permitted between racing drivers/pit crew classifications and **all** other classifications. *See example for aircraft operations.*
- **Diving operations:** Applies to duties performed by underwater divers and any boat tenders who assist in diving operations. A division of hours is permitted between divers and tenders and **all** other classifications. *See example for aircraft operations.*
- **New construction or alterations of the business premises:** Applies to construction duties by employees of the business, other than those considered normal maintenance and repair. No special division of hours rules apply to this general exclusion classification.
- **Musicians and entertainers:** Applies to covered employees performing as musicians and entertainers. No special division of hours rules apply to this general exclusion classification.

Special note: Whenever you have multiple classifications assigned to your business, if you fail to keep original time records as specified in WAC 296-17-35201, which clearly show the time worked in each classification, we will assign any hours in question to the highest rated classification that may apply to the work performed.

WAC 296-17-31019 Standard exception classification describes business. What if the only classification that describes my business is a standard exception classification? How do you assign classifications to my business?

When this happens we will assign the standard exception classification that best fits your business. Any work performed by employees that is outside of the scope of the exception classification will be classified according to the type of work being performed.

Example: You operate an insurance company. Besides having office and sales employees you have a printing department where you produce office stationery, brochures, and insurance policies, and maintenance employees to clean the office. We would assign classification 4904 to your office employees, classification 6303 to your sales employees, classification 4101 for your printing operation and classification 6602 for your janitorial staff. Since classifications 4904 and 6303 are standard exceptions, they do not include printing or maintenance operations.

WAC 296-17-31021 Units of exposure. (1) What is a "unit of exposure"?

A unit of exposure is the measure which is used to help determine the premium you will pay. For most businesses the unit of exposure is the **hours** worked by their employees. Because not all employees are compensated based on the hours they work, we have developed reporting alternatives to make reporting to us easier. Those alternatives are outlined in subsection (2) of this section. In other cases, the department may authorize some other method in assuming workers hours for premium calculation purposes.

(2) What are the alternatives to actual hours worked?

The exceptions are:

- **Apartment house managers, caretakers, domestic, home care or similar employees:** To determine the number of hours you need to report to us, divide an employee's total compensation, including housing and utility allowances, by the average hourly wage for the classification. The total number of work hours to be reported for each employee is not to exceed 520 hours per quarter. You will need to call us at 360-902-4817 to obtain average hourly wage information.
- **Commission employees - Outside (such as, but not limited to, real estate and insurance sales):** You must select one of the following methods to report your commission employees -
Outside:
 - Actual hours worked; or
 - Assumed hours of eight hours per day for part-time employees or one hundred-sixty hours per month for full-time employees. All outside commission employees of an employer must be reported by the same method. You cannot report some outside commission employees based on the actual hours they work and others using the eight hours per day for part-time employees or one hundred-sixty hours per month for full-time employees method.
- **Drywall - Stocking, installation, scrapping, taping, and texturing:** Premiums are based on material installed/finished rather than the hours it took to install/finish the drywall.
- **Horse racing - Excluding jockeys:** Employers in the horse racing industry pay premiums on a monthly or daily rate on employees based on a type of license their employees hold rather than the hours the employees work. Premiums are collected by the Washington horse racing commission.
- **Jockeys:** Report ten hours for each race/mount or for any day in which duties are reported.
- **Pilots and flight crew members:** Pilots and flight crew members having flight duties during a work shift including preflight time shall have premium calculated by utilizing daily readings logged per federal requirements of the aircraft tachometer time: Provided, That if the total tachometer time for any day includes a fraction of an hour, the reportable time will be increased to the next full hour: Provided further, That pilots and flight crew members who assume nonflying duties during a work shift will have premium calculated in accordance with the appropriate rules and classifications applicable to nonflight duties.
- **Race car drivers:** Report ten hours for each race/heat.
- **Salaried employees:** You must select one of the following methods to report your salaried employees:
 - Actual hours worked; or
 - Assumed hours of one hundred-sixty hours per month.

All salaried employees of an employer must be reported by the same method. You cannot report some salaried employees based on the actual hours they work and others using the one hundred sixty hours per month method. Provided further, as in the case of contract personnel employed by schools and/or school districts, the school or school district shall report actual hours worked for each employee, one hundred sixty hours per month for each employee, or the department *may*

authorize some other method in assuming workers hours for premium calculation purposes.

(3) **Can I use assumed work hours for piece workers?**

No, if you employ piece workers you must report the actual hours these individuals work for you unless another unit of exposure is required.

Example: If you have employees engaged in drywall work you would report and pay premiums on the basis of the square footage of the material they installed not the hours they worked.

- **Commission employees - Outside (such as, but not limited to, real estate and insurance sales):** You must select one of the following methods to report your commission employees - Outside:
 - Actual hours worked; or
 - Assumed hours of eight hours per day for part-time employees or one hundred-sixty hours per month for full-time employees.

All outside commission employees of an employer must be reported by the same method. You cannot report some outside commission employees based on the actual hours they work and others using the eight hours per day for part-time employees or one hundred-sixty hours per month for full-time employees method.

- **Drywall - Stocking, installation, scrapping, taping, and texturing:** Premiums are based on material installed/finished rather than the hours it took to install/finish the drywall.
- **Horse racing - Excluding jockeys:** Employers in the horse racing industry pay premiums on a monthly or daily rate on employees based on a type of license their employees hold rather than the hours the employees work. Premiums are collected by the Washington horse racing commission.
- **Jockeys:** Report ten hours for each race/mount or for any day in which duties are reported.
- **Pilots and flight crew members:** Pilots and flight crew members having flight duties during a work shift including preflight time shall have premium calculated by utilizing daily readings logged per federal requirements of the aircraft tachometer time: Provided, That if the total tachometer time for any day includes a fraction of an hour, the reportable time will be increased to the next full hour: Provided further, That pilots and flight crew members who assume nonflying duties during a work shift will have premium calculated in accordance with the appropriate rules and classifications applicable to nonflight duties.
- **Salaried employees:** You must select one of the following methods to report your salaried employees:
 - Actual hours worked; or
 - Assumed hours of one hundred-sixty hours per month.

All salaried employees of an employer must be reported by the same method. You cannot report some salaried employees based on the actual hours they work and others using the one hundred sixty hours per month method. Provided further, as in the case of contract personnel employed by schools and/or school districts, the school or school district shall report actual hours worked for each employee, one hundred sixty hours per month for each employee, or the department may authorize some other method in assuming workers hours for premium calculation purposes.

(3) **Can I use assumed work hours for piece workers?**

No, if you employ piece workers you must report the actual hours these individuals work for you unless another unit of exposure is required.

Example: *If you have employees engaged in drywall work you would report and pay premiums on the basis of the square footage of the material they installed not the hours they worked.*

WAC 296-17-31022 Reporting exception classification employees. How do I report exception classification employees on my quarterly report? If the language of the basic classification assigned to your business does not include those occupations, operations or employments which we have defined by exception classifications and treatments, you may report them separately in the applicable exception classification. To report these employments, operations and occupations separately, you must meet all of the conditions specified in the exception classification rules which are applicable to the classification.

WAC 296-17-31023 Premium reporting. How often will I need to report and pay premiums? Most employers will report and pay premiums once every three months. We refer to these three-month periods as quarters. For example, the months of January, February, and March represent the first quarter of a calendar year. In some cases employers report at more frequent intervals.

Example: *Reforestation contractors report on a contract basis for any project over ten thousand dollars. Since contracts may last only a few days, reforestation contractors may file reports daily, weekly, and monthly.*

If you do not have employees during a quarter, you must return your premium report by the due date and indicate "no payroll" or "no employees" across the face of the report. If you do not submit reports when required, we will estimate premiums and initiate legal action against you to collect premiums due.

WAC 296-17-31024 Classification premium rates. How do you determine what rate to charge me? You are charged premiums using base rates for each of your risk classifications. These premiums include rates for each of the four different premiums you are required to pay: Accident fund premiums, medical aid fund premiums, stay-at-work program premiums, and supplemental pension fund premiums. Your premiums for each classification are determined by multiplying your experience factor by the sum of the accident fund, medical aid fund and stay-at-work program base rates for that class, and then adding the supplemental pension fund rate.

WAC 296-17-31026 Reporting multiple business operations. If I have more than one business, can I report them on the same account? The way the businesses are organized will make a difference. Each separate "ownership type" must be classified and reported separately from any other much the same way you must keep each business' financial records separate from any other. Your business license application must specify the "ownership type" of your business, such as, sole proprietor, partnership, corporation, etc. If that one ownership type regis-

tration is for more than one location of the same business or more than one type of business, you can choose to report all of them on the same account or on separate accounts. However, if you register each as a separate ownership type, you must report them on separate accounts.

WAC 296-17-31027 Temporary staffing services. (1) To whom does this rule apply? This rule applies to any temporary staffing business providing temporary employees to a client customer.

(2) Who pays the workers' compensation insurance premium for temporary staffing employees? RCW 51.16.060 requires the temporary staffing service provider to pay the required premiums for temporary employees assigned to a client customer.

Note: If the temporary staffing service provider fails to pay the required premium to labor and industries, the client customer is responsible for the unpaid premium.

(3) How are classifications determined for a temporary staffing business? We will assign the classification or classifications to your business based on the nature of your business.

Note: This process is identical to how classifications are assigned to a nontemporary staffing business.

(4) Are there special classifications that apply to temporary staffing businesses? Yes, we have created a series of special classifications that only temporary staffing businesses use. They are found in WAC 296-17A-7104 through 296-17A-7122.

Example: A temporary staffing business that specializes in providing nurses to medical facilities would be assigned the temporary staffing classification for health care facilities.

Example: A temporary staffing business that provides temporary employees to a variety of client customers would be assigned multiple temporary staffing classifications.

(5) Do other businesses have special classifications? All businesses have special classifications.

Example: A nontemporary service employer engaged exclusively in plumbing work would have a plumbing classification assigned to their business.

Example: A nontemporary service employer engaged in framing houses, land clearing and roofing would have a classification for framing, one for land clearing and a separate classification for the roof work. This is done because construction work is done by contract and each contract will be different.

(6) Why doesn't labor and industries just use nontemporary staffing classifications for temporary staffing businesses? Temporary staffing companies requested labor and industries to create special classifications for their industry. The alternative to special industry classifications would result in temporary staffing business using the nontemporary staffing classification that their client customer uses. Labor and industries has over three hundred main classifications and twelve hundred subclassifications that employers report in. Requiring temporary staffing companies to use all of these classifications would result in an administrative burden for the temporary staffing businesses. Classifications unique to temporary staffing provide temporary staffing businesses the incentives to improve safety

for their employees and control the cost of workers' compensation insurance.

We will not close your account from a telephone call.

WAC 296-17-31029 Insurance principles. (1) What insurance principles does the department of labor and industries use when a new classification is developed?

Those principles are broken down into four major components as follows:

- Administration
- Equity
- Homogeneity
- Safety

A detailed explanation of these principles can be found in subsection (2) of this section.

(2) What are these principles?

- **Administration:** Recordkeeping requirements must be simple and easy to follow. If our classification system imposed burdensome recordkeeping requirements, most employers would find it difficult to comply. Resolving complaints related to burdensome recordkeeping requirements would be in nobody's interest. The premium rate for your basic classification is based on the average exposure to hazard of all your workers. If our classification system were based upon individual occupations, you would pay a lower rate for your workers whose duties are considered low hazard, but you would pay a higher rate for your workers who have duties that expose them to a greater hazard. The total premium you pay would not be decreased; it would only be redistributed and would require more recordkeeping. Having one basic classification assigned to cover all the operations makes recordkeeping and reporting easier for you.

- **Statistical credibility or equity:** By monitoring our classification plan, we ensure that enough hours are reported in each classification to provide a meaningful statistical base. A large enough statistical base helps avoid sudden large increases or decreases in rates and keeps them at the lowest possible level. We refer to this as *statistical credibility*. Classifications must also be *responsive to change* if equity and fairness are to be achieved. Our classification plan is in a constant state of evolution. In the early 1970s we had approximately 45 classifications. Today we have over 300 main classifications and approximately 1,000 subclassification codes to track losses. In some industries, the evolution is gradual, and no change to the classification itself is needed. We recognize that the wording used to describe a classification may not have kept up with changes in an industry. However, as the industry conditions evolve because of modern equipment, new processes or materials, or changes in employment laws and safety standards, so does the experience upon which the rate is based. In other words, the changes in the experience which are used to develop premium rates *reflect* new developments in processes, equipment, and technology even though the wording in the classification is unchanged. We strive to keep our classification language current. Although it would be easy to just change the classification wording as we encounter changes in an industry, Washington law requires that we conduct public hearings before we make official changes to the rule. We do this as a public safeguard and to involve business in the change process. As technologies change or new industries develop, we receive requests from industry representatives for new classifications or for determination of proper classification assignments for the new processes. We will evaluate the request and determine if there is a large enough group of employers to justify a new classification. Any classification must produce enough premium to cover losses. In addition, as specific industries become obsolete or certain processes are no longer in use we will discontinue the classifications that covered them.
- **Homogeneity:** Although it is rare that any two businesses are identical, our classification plan recognizes that similar businesses have similar exposures to occupational injury and disease. Employers with similar operations and exposures are grouped together so each classification includes common exposures and carries a rate that reflects those exposures. This method of grouping *homogenous* risks ensures that the overall cost of the workers' compensation system is distributed fairly among the businesses we insure. Classifications must also be *mutually exclusive*. Our classifications are clearly defined so that each type of business or industry fits in only one basic classification.

- **Workplace safety and accident prevention:** By classifying employers by the nature of their business, each industry can take responsibility for controlling its own workers' compensation costs. Employers may belong to a trade association, which usually offers safety or risk management services. If such services result in fewer and less costly accidents, that improved experience will tend to lower the base rates for that industry. If our classification system were based upon the occupations or duties of employees, the success of a single industry's safety or risk management program would have little impact on its premium costs.

Example: Many retail grocery stores employ meat cutters. If grocery stores wanted to reduce the frequency of injury to their meat cutters they could develop a safety plan that focused on proper meat handling, lifting, and cutting. Assuming the safety program was successful and reduced the cost associated with meat cutter claims, the rate for grocery stores would go down. If, on the other hand, all meat cutters, such as those who work for restaurants, grocery stores, or slaughter houses, reported in a single meat cutter classification, it is doubtful that the grocery stores' safety program would have any impact on the premium rates since grocery stores' meat cutters would represent only a small portion of a meat cutter classification.

WAC 296-17-31030 Successorship and other transfers of ownership.

RCW 51.16.200 requires a taxpayer to make a return and pay the tax due to the department of labor and industries within ten days of quitting business, selling out, exchanging, or otherwise disposing of the employer's business or stock of goods. If this tax is not paid by the employer, any successor to the employer becomes liable for the full amount of the tax. RCW 51.08.177 defines the term "successor." Subsections (1) through (3) of this section provide an interpretation of successorship issues.

(1) **What does the term "a major part" mean as that term is used in RCW 51.08.177?** A major part refers to a significant or substantial portion of a business's property. Major does not mean more than half.

Example: A sand and gravel business owns several trucks and a gravel pit as its primary assets. Each may be considered "a major part" of the property of the taxpayer.

(2) **Can a taxpayer/employer have more than one successor?** Yes.

Example: Using the sand and gravel business in the example above, if the gravel pit were to be sold to one business (A) and the fleet of trucks to another business (B), both A and B would be considered successors.

(3) **What is intangible property?** Intangible property is property that has no physical existence, but may have value.

Example: The most common example is "goodwill." Goodwill is the value of a trade or business based on expected continued customer patronage due to its name, reputation, or any other factor. Other examples of intangible property include literary rights, bank accounts, customer lists, and internet domain names.

WAC 296-17-352 Audits. An audit of the employer's books, records and payrolls performed pursuant to the authority contained in RCW 51.48.040 may include but will not be limited to:

(1) An audit to determine whether an employer engaged in a business or trade has employment subject to the industrial insurance laws.

(2) A visual inspection of the employer's workplace or places for the purpose of determining appropriate classifications in accordance with the industrial insurance laws and rules as set forth in chapter 296-17A WAC.

(3) Audits containing a complete and detailed examination of the employer's books and records for a specific period to establish the reporting of the employer's payroll in accordance with the industrial insurance laws and the rules as set forth in chapter 296-17 WAC, and as well, chapter 296-15 WAC in the event the employer has been certified a self-insurer.

Except as otherwise provided in this rule any audit time period may be less than, but will not exceed, three years of the due dates of any payments from any employer where the department has requested submission of the employer's books, or three years of the due dates of any payments where the employer makes claim for adjustment, recomputation or alteration of any such payment: Provided, That an employer certified to self-insure pursuant to the authority contained in chapter 51.14 RCW, shall be subject to such audit as deemed necessary to guarantee its compliance with the industrial insurance laws and rules and regulations for self-insurers: Provided further, That an employer who fails to make any books and records, or certified copies thereof, available for audit in the state of Washington, will be charged for all costs incurred by the department in auditing any books and records maintained at other places: Provided further, That in any instance where fraud may be indicated with respect to underpayment or nonpayment of premiums the audit time period may be extended beyond that previously set forth.

(Effective until January 1, 2021)

WAC 296-17-35201 Recordkeeping and retention. Washington law (RCW 51.48.030) requires every employer to make, keep, and preserve records which are adequate to facilitate the determination of premiums due to the state for workers' compensation insurance for their covered workers. In the administration of Title 51 RCW, the department of labor and industries has deemed the records and information required in the various subsections of this section to be essential in the determination of premiums due to the state fund. The records so specified

and required, shall be provided at the time of audit to any authorized representative of the department who has requested them.

Failure to produce the requested records within thirty days of the request, or within an agreed upon time period shall constitute prima facie evidence of noncompliance with this rule and shall invoke the statutory bar to challenge found in RCW 51.48.030 and/or 51.48.040. See WAC 296-17-925, 296-17-930, and 296-17-935 for additional reporting and recordkeeping requirements for qualifying volunteers, student volunteers, and unpaid students.

(1) Employment records. Every employer shall with respect to each worker, make, keep, and preserve original records containing all of the following information for three full calendar years following the calendar year in which employment occurred:

(a) The name of each worker;

(b) The Social Security number of each worker;

(c) The beginning date of employment for each worker and, if applicable, the separation date of employment of each such worker;

(d) The basis upon which wages are paid to each worker;

(e) The number of units earned or produced for each worker paid on a piecework basis;

(f) The risk classification applicable to each worker whenever the worker hours of any one employee are being divided between two or more classifications;

(g) The number of actual hours worked (WAC 296-17-31002) by each worker, unless another basis of computing hours worked is prescribed in WAC 296-17-31021 or 296-17-935;

(h) A summary time record for each worker showing the calendar day or days of the week work was performed and the actual number of hours worked each work day;

(i) The workers' total gross pay period earnings;

(j) The specific sums withheld from the earnings of each worker, and the purpose of each sum withheld;

(k) The net pay earned by each such worker.

(2) Business, financial records, and record retention. Every employer is required to keep and preserve all original employment time records for three full calendar years following the calendar year in which employment occurred. The three-year period is specified in WAC 296-17-352 as the composite period from the date any such premium became due.

Employers who pay their workers by check are required to keep and preserve all check registers and bank statements. Employers who pay their workers by cash are required to keep and preserve records of these cash transactions which provide a detailed record of wages paid to each worker.

(3) Recordkeeping - Estimated premium computation. Any employer required by this section to make, keep, and preserve records containing the information as specified in subsections (1) and (2) of this section, who fails to make, keep, and preserve such records, shall for the purpose of premium calculation assume worker hours using the average hourly wage rate for each classification, and also will be subject to penalties prescribed in subsection (4) of this section. The records compiled by the department shall be the basis for determining the average hourly wage rate: Provided, That the average hourly wage rate shall be no less than the state minimum wage existing at the time such assumed hours are worked. Notwithstanding any other provisions of this section, workers employed in a work activity center subject to Classi-

fication 7309 shall be reported on the basis of the average hourly wage.

(4) Failure to maintain records - Penalties. Any employer required by this section to make, keep, and preserve records containing the information as specified in subsections (1) and (2) of this section, who fails to make, keep, and preserve such record, shall be liable, subject to RCW 51.48.030, to a penalty in the amount of two hundred fifty dollars for each such offense. Failure to make, keep, and preserve records containing the information as specified in subsections (1) and (2) of this section, for a single employee shall constitute one offense, for two employees two offenses, and so forth.

The records so specified and required, shall be provided at the time of audit to any authorized representative of the department who has requested them.

Failure to produce the requested records within thirty days of the request, or within an agreed upon time period shall constitute prima facie evidence of noncompliance with this rule and shall invoke the statutory bar to challenge found in RCW 51.48.030 and/or 51.48.040. See WAC 296-17-925, 296-17-930, and 296-17-935 for additional reporting and recordkeeping requirements for qualifying volunteers, student volunteers, and unpaid students.

(1) Employment records. Every employer shall with respect to each worker, make, keep, and preserve original records containing all of the following information for three full calendar years following the calendar year in which employment occurred:

- (a) The name of each worker;
- (b) The Social Security number of each worker;
- (c) The beginning date of employment for each worker and, if applicable, the separation date of employment of each such worker;
- (d) The basis upon which wages are paid to each worker;
- (e) The number of units earned or produced for each worker paid on a piecework basis;
- (f) The risk classification applicable to each worker whenever the worker hours of any one employee are being divided between two or more classifications;
- (g) The number of actual hours worked (WAC 296-17-31002) by each worker, unless another basis of computing hours worked is prescribed in WAC 296-17-31021 or 296-17-935;

(h) A summary time record for each worker showing the calendar day or days of the week work was performed and the actual number of hours worked each work day;

(i) The workers' total gross pay period earnings;

(j) The specific sums withheld from the earnings of each worker, and the purpose of each sum withheld;

(k) The net pay earned by each such worker.

(2) Business, financial records, and record retention. Every employer is required to keep and preserve all original employment time records for three full calendar years following the calendar year in which employment occurred. The three-year period is specified in WAC 296-17-352 as the composite period from the date any such premium became due.

Employers who pay their workers by check are required to keep and preserve all check registers and bank statements. Employers who pay their workers by cash are required to keep and preserve records of these cash transactions which provide a detailed record of wages paid to each worker.

(3) Recordkeeping - Estimated premium computation. Any employer required by this section to make, keep, and preserve records containing the information as specified in subsections (1) and (2) of this section, who fails to make, keep, and preserve such records, shall for the purpose of premium calculation assume worker hours using the average hourly wage rate for each classification, and also will be subject to penalties prescribed in subsection (4) of this section. The records compiled by the department shall be the basis for determining the average hourly wage rate: Provided, That the average hourly wage rate shall be no less than the state minimum wage existing at the time such assumed hours are worked. Notwithstanding any other provisions of this section, workers employed in a work activity center subject to Classification 7309 shall be reported on the basis of the average hourly wage.

(4) Failure to maintain records - Penalties. Any employer required by this section to make, keep, and preserve records containing the information as specified in subsections (1) and (2) of this section, who fails to make, keep, and preserve such record, shall be liable, subject to RCW 51.48.030, to a penalty not to exceed five hundred dollars or two hundred percent of the quarterly tax for each such offense, whichever is greater. Beginning July 1, 2023, this penalty will be adjusted for inflation every three years based on the consumer price index (Seattle, Washington area for urban wage earners and clerical workers, all items compiled by the Bureau of Labor Statistics of the United States Department of Labor) and posted to the L&I website. Failure to make, keep, and preserve records containing the information as specified in subsections (1) and (2) of this section, for a single employee shall constitute one offense, for two employees two offenses, and so forth. The department may waive penalties for the first-time or de minimis violations of this section. Any penalty that is waived under this section may be reinstated and imposed in addition to any additional penalties associated with a subsequent violation or failure within a year to correct the previous violation as required by the department.

(Effective until January 1, 2021)

WAC 296-17-35203 Special reporting instruction. (1) **Professional and semiprofessional athletic teams.** Athletes assigned and under contract to a Washington-domiciled sports team are mandatorily covered by Washington industrial insurance. Athletes assigned to a Washington-domiciled sports team but under contract with a parent team domiciled outside of the state are mandatorily covered by Washington industrial insurance unless the player is eligible for coverage in another state, and there is a valid coverage agreement as described below.

A player is eligible for coverage in another state only when both the player and the employer agree in writing that the employment is principally localized in that state.

Example: If the Washington-based team is a part of a league with teams in only Washington, Oregon, and Idaho, the player and the employer can agree to any of those three states to provide coverage. However, they cannot agree to be under California coverage since California doesn't qualify as a state in which the player competes in regularly scheduled games.

(a) Upon request, the department will provide forms to the owners of professional and semiprofessional sports teams for entering into agreements for both the sport player and the sport team. These agreements are referred to as "coverage agreements." Unless coverage is refused in the alternative state, the coverage agreement will determine the worker's home state for workers' compensation coverage.

(b) When a sport team and a player agree to workers' compensation coverage in another state, the following rules apply:

Sport player coverage agreement:

(i) A sport player coverage agreement must be signed by the team (employer) and each individual player (worker) covered out-of-state. Workers' compensation premiums for any work performed by the player before the agreement was signed must be paid to the department. To be valid, an agreement must be:

- Signed by both parties, dated, and show the name of the state where coverage is provided.
- Agree that the player's employment is principally located in that state.
- Kept as part of the employer's records for at least three years after the player is released from the team.

(ii) The employer must provide the department a copy of a sport player coverage agreement when requested. Employers who do not provide the department copies of a sport player coverage agreement when requested are considered not to have secured payment of compensation as required and all premiums and penalties allowed for in Title 51 RCW will apply.

(iii) If the employers' out-of-state workers' compensation insurer rejects an injury claim because the player is a Washington worker, the employer is considered not to have secured payment of compensation as required and all premium and penalties allowed for in Title 51 RCW apply.

Sport team coverage agreement:

(c) A sport team coverage agreement must be signed by the employer (team) and the qualifying out-of-state workers' compensation insurer. Workers' compensation premiums for work performed before the agreement was signed must be paid to the department. To be valid, an agreement must:

- Be signed by both parties, dated, and show the name of the state where coverage is provided.
- Specify that the team's players are principally localized in that state.
- Specify the insurer agreeing to provide coverage for a team based in Washington.

(d) The sport team coverage agreement must be signed annually. Copies of the agreement along with a current copy of the team's out-of-state insurance policy must be submitted to the department of labor and industries every year the out-of-state coverage is provided.

Premium payments are required for any work performed by Washington players prior to the date the department receives copies of any year's current sports teams' coverage agreement and proof of out-of-state coverage.

(2) **Excluded employments.** Any employer having any person in their employ excluded from industrial insurance whose application for coverage under the elective adoption provisions of RCW 51.12.110 or authority of RCW 51.12.095 or 51.32.030 has been accepted by the director shall report and pay premium on the actual hours worked for each such person who is paid on an hourly, salaried, part time, percentage of profit or piece basis; or one hundred sixty hours per month for any such person paid on a salary basis employed full time. In the event records disclosing actual hours worked are not maintained by the employer for any person paid on an hourly, salaried, part time, percentage of profits or piece basis, the worker hours of such person shall be determined by dividing the gross wages of such person by the state minimum wage for the purpose of premium calculation. However, when applying the state minimum wage the maximum number of hours assessed for a month will be one hundred sixty.

(3) **Special trucking industry rules.** The following subsection shall apply to all trucking industry employers as applicable.

(a) Insurance liability. Every trucking industry employer operating as an intrastate carrier or a combined intrastate and interstate carrier must insure their workers' compensation insurance liability through the Washington state fund or be self-insured with the state of Washington.

Washington employers operating exclusively in interstate or foreign commerce or any combination of interstate and foreign commerce must insure their workers' compensation insurance liability for their Washington employees with the Washington state fund, be self-insured with the state of Washington, or provide workers' compensation insurance for their Washington employees under the laws of another state when such other state law provides for such coverage.

Interstate or foreign commerce trucking employers who insure their workers' compensation insurance liability under the laws of another state must provide the department with copies of their current policy and applicable endorsements upon request.

Employers who elect to insure their workers' compensation insurance liability under the laws of another state and who fail to provide updated policy information when requested to do so will be declared an unregistered employer and subject to all the penalties contained in Title 51 RCW.

(b) Reporting. Trucking industry employers insuring their workers' compensation insurance liability with the Washington state fund shall keep and preserve all original time records/books including supporting information from drivers' logs for a period of three calendar years plus three months.

Employers are to report actual hours worked, including time spent loading and unloading trucks, for each driver in their employ. For purposes of this section, actual hours worked does not include time spent during lunch or rest periods or overnight lodging.

Failure of employers to keep accurate records of actual hours worked by their employees will result in the department estimating work hours by dividing gross payroll wages by the state minimum wage for each worker for whom records were not kept. However, in no case will the estimated or actual hours to be reported exceed five hundred twenty hours per calendar quarter for each worker.

(c) Exclusions. Trucking industry employers meeting all of the following conditions are exempted from mandatory coverage.

(i) Must be engaged exclusively in interstate or foreign commerce.

(ii) Must have elected to cover their Washington workers on a voluntary basis under the Washington state fund and must have elected such coverage in writing on forms provided by the department.

(iii) After having elected coverage, withdrew such coverage in writing to the department on or before January 2, 1987.

If all the conditions set forth in (i), (ii), and (iii) of this subsection have not been met, employers must insure their workers' compensation insurance liability with the Washington state fund or under the laws of another state.

(d) Definitions. For purposes of interpretation of RCW 51.12.095(1) and administration of this section, the following terms shall have the meanings given below:

(i) "Agents" means individuals hired to perform services for the interstate or foreign commerce carrier that are intended to be carried out by the individual and not contracted out to others but does not include owner operators as defined in RCW 51.12.095(1).

(ii) "Contacts" means locations at which freight, merchandise, or goods are picked up or dropped off within the boundaries of this state.

(iii) "Doing business" means having any terminals, agents or contacts within the boundaries of this state.

(iv) "Employees" means the same as the term "worker" as contained in RCW 51.08.180.

(v) "Terminals" means a physical location wherein the business activities (operations) of the trucking company are conducted on a routine basis. Terminals will generally include loading or shipping docks, warehouse space, dispatch offices and may also include administrative offices.

(vi) "Washington" shall be used to limit the scope of the term "employees." When used with the term "employees" it will require the following test for benefit purposes (all conditions must be met).

- The individual must be hired in Washington or must have been transferred to Washington; and

- The individual must perform some work in Washington (i.e., driving, loading, or unloading trucks).

(4) **Forest, range, or timber land services—Industry rule.** Washington law (RCW 51.48.030) requires every employer to make, keep, and

preserve records which are adequate to facilitate the determination of premiums due to the state for workers' compensation insurance coverage for their covered workers. In the administration of Title 51 RCW, and as it pertains to the forest, range, or timber land services industry, the department of labor and industries has deemed the records and information required in the various subsections of this section to be essential in the determination of premiums due to the state fund. The records so specified and required, shall be provided at the time of audit to any representative of the department who has requested them.

Failure to produce these required records within thirty days of the request, or within an agreed upon time period, shall constitute noncompliance of this rule and RCW 51.48.030 and 51.48.040. Employers whose premium computations are made by the department in accordance with (d) of this subsection are barred from questioning, in an appeal before the board of industrial insurance appeals or the courts, the correctness of any assessment by the department on any period for which such records have not been kept, preserved, or produced for inspection as provided by law.

(a) General definitions. For purpose of interpretation of this section, the following terms shall have the meanings given below:

(i) "Actual hours worked" means each workers' composite work period beginning with the starting time of day that the employees' work day commenced, and includes the entire work period, excluding any non-paid lunch period, and ending with the quitting time each day work was performed by the employee.

(ii) "Work day" shall mean any consecutive twenty-four-hour period.

(b) Employment records. Every employer shall with respect to each worker, make, keep, and preserve original records containing all of the following information for three full calendar years following the calendar year in which the employment occurred:

(i) The name of each worker;

(ii) The Social Security number of each worker;

(iii) The beginning date of employment for each worker and, if applicable, the separation date of employment for each such worker;

(iv) The basis upon which wages are paid to each worker;

(v) The number of units earned or produced for each worker paid on a piece-work basis;

(vi) The risk classification(s) applicable to each worker;

(vii) The number of actual hours worked by each worker, unless another basis of computing hours worked is prescribed in WAC 296-17-31021. For purposes of chapter 296-17 WAC, this record must clearly show, by work day, the time of day the employee commenced work, and the time of day work ended;

(viii) A summary time record for each worker showing the calendar day or days of the week work was performed and the actual number of hours worked each work day;

(ix) In the event a single worker's time is divided between two or more risk classifications, the summary contained in (b)(viii) of this subsection shall be further broken down to show the actual hours worked in each risk classification for the worker;

(x) The workers' total gross pay period earnings;

(xi) The specific sums withheld from the earnings of each worker, and the purpose of each sum withheld;

(xii) The net pay earned by each such worker.

(c) Business, financial records, and record retention. Every employer is required to keep and preserve all original time records com-

pleted by their employees for a three-year period. The three-year period is specified in WAC 296-17-352 as the composite period from the date any such premium became due.

Employers who pay their workers by check are required to keep and preserve a record of all check registers and canceled checks; and employers who pay their workers by cash are required to keep and preserve records of these cash transactions which provide a detailed record of wages paid to each worker.

(d) Recordkeeping - Estimated premium computation. Any employer required by this section to make, keep, and preserve records containing the information as specified in (b) and (c) of this subsection, who fails to make, keep, and preserve such records, shall have premiums calculated as follows:

(i) Estimated worker hours shall be computed by dividing the gross wages of each worker for whom records were not maintained and preserved, by the state's minimum wage, in effect at the time the wages were paid or would have been paid. However, the maximum number of hours to be assessed under this provision will not exceed five hundred twenty hours for each worker, per quarter for the first audited period. Estimated worker hours computed on all subsequent audits of the same employer that disclose a continued failure to make, keep, or preserve the required payroll and employment records shall be subject to a maximum of seven hundred eighty hours for each worker, per quarter.

(ii) In the event an employer also has failed to make, keep, and preserve the records containing payroll information and wages paid to each worker, estimated average wages for each worker for whom a payroll and wage record was not maintained will be determined as follows: The employer's total gross income for the audit period (earned, received, or anticipated) shall be reduced by thirty-five percent to arrive at "total estimated wages." Total estimated wages will then be divided by the number of employees for whom a record of actual hours worked was not made, kept, or preserved to arrive at an "estimated average wage" per worker. Estimated hours for each worker will then be computed by dividing the estimated average wage by the state's minimum wage in effect at the time the wages were paid or would have been paid as described in (d)(i) of this subsection.

(e) Reporting requirements and premium payments.

(i) Every employer who is awarded a forest, range, or timber land services contract must report the contract to the department promptly when it is awarded, and prior to any work being commenced, except as provided in (e)(iii) of this subsection. Employers reporting under the provisions of (e)(iii) of this subsection shall submit the informational report with their quarterly report of premium. The report shall include the following information:

(A) The employers' unified business identification account number (UBI).

(B) Identification of the landowner, firm, or primary contractor who awarded the contract, including the name, address, and phone number of a contact person.

(C) The total contract award.

(D) Description of the forest, range, or timber land services work to be performed under terms of the contract.

(E) Physical location/site where the work will be performed including legal description.

(F) Number of acres covered by the contract.

(G) Dates during which the work will be performed.

(H) Estimated payroll and hours to be worked by employees in performance of the contract.

(ii) Upon completion of every contract issued by a landowner or firm that exceeds a total of ten thousand dollars, the contractor primarily responsible for the overall project shall, in addition to the required informational report described in (e)(i) of this subsection, report the payroll and hours worked under the contract, and submit payment for required industrial insurance premiums. In the event that the contracted work is not completed within a calendar quarter, interim quarterly reports and premium payments are required for each contract for all work done during the calendar quarter. The first such report and payment is due at the end of the first calendar quarter in which the contract work is begun. Additional interim reports and payments will be submitted each quarter thereafter until the contract is completed. This will be consistent with the quarterly reporting cycle used by other employers. Premiums for a calendar quarter, whether reported or not, shall become due and delinquent on the day immediately following the last day of the month following the calendar quarter.

(iii) A contractor may group contracts issued by a landowner, firm, or other contractor that total less than ten thousand dollars together and submit a combined quarterly report of hours, payroll, and the required premium payment in the same manner and periods as nonforestation, range, or timber land services employers.

(f) Out-of-state employers. Forest, range, or timber land services contractors domiciled outside of Washington state must report on a contract basis regardless of contract size for all forest, range, or timber land services work done in Washington state. Out-of-state employers will not be permitted to have an active Washington state industrial insurance account for reporting forest, range, or timber land services work in the absence of an active Washington forest, range, or timber land services contract.

(g) Work done by subcontract. Any firm primarily responsible for work to be performed under the terms of a forest, range, or timber land services contract, that subcontracts out any work under a forest, range, or timber land services contract must send written notification to the department prior to any work being done by the subcontractor. This notification must include the name, address, Social Security number, farm labor contractor number, (UBI) of each subcontractor, and the amount and description of contract work to be done by subcontract.

(h) Forest, range, or timber land services contract release - Verification of hours, payroll, and premium. The department may verify reporting of contractors by way of an on-site visit to an employer's work site. This on-site visit may include close monitoring of employees and employee work hours. Upon receipt of a premium report for a finished contract, the department may conduct an audit of the firm's payroll, employment, and financial records to validate reporting. The entity that awarded the contract can verify the status of the contractors' accounts online at the department's website (www.lni.wa.gov) or by calling the account manager. The landowner, firm, or contractor will not be released from premium liability until the final report for the contract from the primary contractor and any subcontractors has been received and verified by the department.

(i) Premium liability - Work done by contract. Washington law (RCW 51.12.070) places the responsibility for industrial insurance premium payments primarily and directly upon the person, firm, or corporation who lets a contract for all covered employment involved in the fulfillment of the contract terms. Any such person, firm, or cor-

poration letting a contract is authorized to collect from the contractor the full amount payable in premiums. The contractor is in turn authorized to collect premiums from any subcontractor they may employ his or her proportionate amount of the premium payment.

To eliminate premium liability for work done by contract permitted by Title 51 RCW, any person, firm, or corporation who lets a contract for forest, range, or timber land services work must submit a copy of the contract they have let to the department and verify that all premiums due under the contract have been paid.

Each contract submitted to the department must include within its body, or on a separate addendum, all of the following items:

(i) The name of the contractor who has been engaged to perform the work;

(ii) The contractor's UBI number;

(iii) The contractor's farm labor contractor number;

(iv) The total contract award;

(v) The date the work is to be commenced; a description of the work to be performed including any pertinent acreage information;

(vi) Location where the work is to be performed;

(vii) A contact name and phone number of the person, firm, or corporation who let the contract;

(viii) The total estimated wages to be paid by the contractor and any subcontractors;

(ix) The amount to be subcontracted out if such subcontracting is permitted under the terms of the contract;

(x) The total estimated number of worker hours anticipated by the contractor and his/her subcontractors in the fulfillment of the contract terms;

(j) Reports to be mailed to the department. All contracts, reports, and information required by this section are to be sent to:

The Department of Labor and Industries

Reforestation Team 8

P.O. Box 44168

Olympia, Washington 98504-4168

(k) Rule applicability. If any portion of this section is declared invalid, only that portion is repealed. The balance of the section shall remain in effect.

(5) Logging and/or tree thinning—Mechanized operations—Industry rule. The following subsection shall apply to all employers assigned to report worker hours in risk classification 5005, WAC 296-17A-5005.

(a) Every employer having operations subject to risk classification 5005 "logging and/or tree thinning - Mechanized operations" shall have their operations surveyed by labor and industries insurance services staff prior to the assignment of risk classification 5005 to their account. Annual surveys may be required after the initial survey to retain the risk classification assignment.

(b) Every employer assigned to report exposure (work hours) in risk classification 5005 shall supply an addendum report with their quarterly premium report which lists the name of each employee reported under this classification during the quarter, the Social Security number of such worker, the piece or pieces of equipment the employee operated during the quarter, the number of hours worked by the employee during the quarter, and the wages earned by the employee during the quarter.

(6) Special drywall industry rule.

(a) **What is the unit of exposure for drywall reporting?** Your premiums for workers installing and finishing drywall (reportable in risk classifications 0540, 0541, 0550, and 0551) are based on the amount of material installed and finished, not the number of hours worked.

The amount of material installed equals the amount of material purchased or taken from inventory for a job. No deduction can be made for material scrapped (debris). A deduction is allowed for material returned to the supplier or inventory.

The amount of material finished for a job equals the amount of material installed. No deduction can be made for a portion of the job that is not finished (base layer of double-board application or unfinished rooms).

Example: Drywall installation firm purchases 96 4' x 8' sheets of material for a job which includes some double-wall installation. The firm hangs all or parts of 92 sheets, and returns 4 sheets to the supplier for credit. Drywall finishing firm tapes, primes and textures the same job. Both firms should report 2,944 square feet (4 x 8 x 92) for the job.

(b) **I do some of the work myself. Can I deduct material I as an owner install or finish?** Yes. Owners (sole proprietors, partners, and corporate officers) who have not elected coverage may deduct material they install or finish.

When you as an owner install (including scrap) or finish (including tape and prime or texture) only part of a job, you may deduct an amount of material proportional to the time you worked on the job, considering the total time you and your workers spent on the job.

To deduct material installed or finished by owners, you must report to the department by job, project, site or location the amount of material you are deducting for this reason. You must file this report at the same time you file your quarterly report:

$$\text{Total owner hours} \div (\text{owner hours} + \text{worker hours}) = \% \text{ of owner discount.}$$

$$\% \text{ of owner discount} \times (\text{total footage of job} - \text{subcontracted footage, if any}) = \text{Total owner deduction of footage.}$$

(c) **Can I deduct material installed or finished by subcontractors?** You may deduct material installed or taped by subcontractors you are not required to report as your workers. You may not deduct for material only scrapped or primed and textured by subcontractors.

To deduct material installed or taped by subcontractors, you must report to the department by job, project, site or location the amount of material being deducted. You must file this report at the same time you file your quarterly report. You must have and maintain business records that support the number of square feet worked by the subcontractor.

(d) **I understand there are discounted rates available for the drywall industry. How do I qualify for them?** To qualify for discounted drywall installation and finishing rates, you must:

(i) Have an owner attend two workshops the department offers (one workshop covers claims and risk management, the other covers premium reporting and recordkeeping);

(ii) Provide the department with a voluntary release authorizing the department to contact material suppliers directly about the firm's purchases;

(iii) Have and keep all your industrial insurance accounts in good standing (including the accounts of other businesses in which you have an ownership interest), which includes fully and accurately re-

porting and paying premiums as they come due, including reporting material deducted as owner or subcontractor work;

(iv) Provide the department with a supplemental report (filed with the firm's quarterly report) showing by employee the employee's name, Social Security number, the wages paid them during the quarter, how they are paid (piece rate, hourly, etc.), their rate of pay, and what work they performed (installation, scrapping, taping, priming/texturing); and

(v) Maintain accurate records about work you subcontracted to others and materials provided to subcontractors (as required by WAC 296-17-31013), and about payroll and employment (as required by WAC 296-17-35201).

The discounted rates will be in effect beginning with the first quarter your business meets all the requirements for the discounted rates.

Note: If you are being audited by the department while your application for the discounted classifications is pending, the department will not make a final decision regarding your rates until the audit is completed.

(e) **Can I be disqualified from using the discounted rates?** Yes. You can be disqualified from using the discounted rates for three years if you:

(i) Do not file all reports, including supplemental reports, when due;

(ii) Do not pay premiums on time;

(iii) Underreport the amount of premium due; or

(iv) Fail to maintain the requirements for qualifying for the discounted rates.

Disqualification takes effect when a criterion for disqualification exists.

Example: A field audit in 2002 reveals that the drywall installation firm underreported the amount of premium due in the second quarter of 2001. The firm will be disqualified from the discounted rates beginning with the second quarter of 2001, and the premiums it owed for that quarter and subsequent quarters for three years will be calculated using the nondiscounted rates.

If the drywall underwriter learns that your business has failed to meet the conditions as required in this rule, your business will need to comply to retain using the discounted classifications. If your business does not comply promptly, the drywall underwriter may refer your business for an audit.

If, as a result of an audit, the department determines your business has not complied with the conditions in this rule, your business will be disqualified from using the discounted classifications for three years (thirty-six months) from the period of last noncompliance.

(f) **If I discover I have made an error in reporting or paying premium, what should I do?** If you discover you have made a mistake in reporting or paying premium, you should contact the department and correct the mistake. Firms not being audited by the department that find errors in their reporting and paying premiums, and that voluntarily report their errors and pay any required premiums, penalties and interest promptly, will not be disqualified from using the discounted rates unless the department determines they acted in bad faith.

(7) **Safe patient handling rule.** The following subsection will apply to all hospital industry employers as applicable.

(a) Definitions. For the purpose of interpretation of this section, the following terms shall have the meanings given below:

(i) "Hospital" means an "acute care hospital" as defined in

(a)(ii) of this subsection, a "mental health hospital" as defined in

(a)(iii) of this subsection, or a "hospital, N.O.C. (not otherwise classified)" as defined in (a)(iv) of this subsection.

(ii) "Acute care hospital" means any institution, place, building, or agency providing accommodations, facilities, and services over a continuous period of twenty-four hours or more for observation, diagnosis, or care of two or more individuals not related to the operator who are suffering from illness, injury, deformity, or abnormality, or from any other condition for which obstetrical, medical, or surgical services would be appropriate for care or diagnosis. "Hospital" as used in this rule does not include:

- Hotels, or similar places furnishing only food and lodging, or simply domiciliary care;
- Clinics, or physicians' offices where patients are not regularly kept as bed patients for twenty-four hours or more;
- Nursing homes, as defined and which come within the scope of chapter 18.51 RCW;
- Birthing centers, which come within the scope of chapter 18.46 RCW;
- Psychiatric or alcoholism hospitals, which come within the scope of chapter 71.12 RCW;
- Any other hospital or institution specifically intended for use in the diagnosis and care of those suffering from mental illness, mental retardation, convulsive disorders, or other abnormal mental conditions.

Furthermore, nothing in this chapter will be construed as authorizing the supervision, regulation, or control of the remedial care or treatment of residents or patients in any hospital conducted for those who rely primarily upon treatment by prayer or spiritual means in accordance with the creed or tenets of any well-recognized church or religious denominations.

(iii) "Mental health hospital" means any hospital operated and maintained by the state of Washington for the care of the mentally ill.

(iv) "Hospitals, N.O.C." means health care facilities that do not qualify as acute care or mental health hospitals and may be privately owned facilities established for purposes such as, but not limited to, treating psychiatric disorders and chemical dependencies or providing physical rehabilitation.

(v) "Safe patient handling" means the use of engineering controls, lifting and transfer aids, or assistance devices, by lift teams or other staff, instead of manual lifting to perform the acts of lifting, transferring and repositioning health care patients.

(vi) "Lift team" means hospital employees specially trained to conduct patient lifts, transfers, and repositioning using lifting equipment when appropriate.

(vii) "Department" means the department of labor and industries.

(b) Hospitals will report worker hours in the risk classification that describes the nature of their operations and either their level of implementation of, or need for, the safe patient handling program.

(c) A fully implemented safe patient handling program must include:

(i) Acquisition of at least the minimum number of lifts and/or appropriate equipment for use by lift teams as specified in chapters 70.41 and 72.23 RCW.

(ii) An established safe patient handling committee with at least one-half of its membership being front line, nonmanagerial direct care

staff to design and recommend the process for implementing a safe patient handling program.

(iii) Implementation of a safe patient handling policy for all shifts and units.

(iv) Conducting patient handling hazard assessments to include such variables as patient-handling tasks, types of nursing units, patient populations, and the physical environment of patient care areas.

(v) Developing a process to identify appropriate use of safe patient handling policy based on a patient's condition and availability of lifting equipment or lift teams.

(vi) Conducting an annual performance evaluation of the program to determine its effectiveness with results reported to the safe patient handling committee.

(vii) Consideration, when appropriate, to incorporate patient handling equipment or the physical space and construction design needed to incorporate that equipment at a later date during new construction or remodeling.

(viii) Development of procedures that allow employees to choose not to perform or participate in patient handling activities that the employee believes will pose a risk to him/herself or to the patient.

(d) Department staff will conduct an on-site survey of each acute care and mental health hospital before assigning a risk classification. Subsequent surveys may be conducted to confirm whether the assigned risk classification is still appropriate.

(e) To remain in classification 6120-00 or 7200-00, a hospital must submit a copy of the annual performance evaluation of their safe patient handling program, as required by chapters 70.41 and 72.23 RCW, to the Employer Services Program, Department of Labor and Industries, P.O. Box 44140, Olympia, Washington, 98504.

(8) Rules concerning work by Washington employers outside the state of Washington (extraterritorial coverage).

(a) **General definitions.** For purposes of this section, the following terms mean:

(i) "Actual hours worked" means the total hours of each Washington worker's composite work period during which work was performed by the worker beginning with the time the worker's work day commenced, and ending with the quitting time each day excluding any nonpaid lunch period.

(ii) "Work day" means any consecutive twenty-four-hour period.

(iii) "Temporary and incidental" means work performed by Washington employers on jobs or at job sites in another state for thirty or fewer consecutive or nonconsecutive full or partial work days within a calendar year. Temporary and incidental work days are calculated on a per state basis. The thirty-day temporary and incidental period begins on January 1 of each year.

(iv) "Proof of out-of-state coverage" means a copy of a valid certificate of liability insurance for workers' compensation issued by:

(A) An insurer licensed to write workers' compensation insurance coverage in that state; or

(B) A state workers' compensation fund in the state in which the employer will be working.

Note: Most certificates are written for a one-year period. The employer must provide the department with a current certificate of liability insurance for workers' compensation covering all periods the employer works in another state. If the policy is canceled, the employer must provide the department with a current in-force policy.

(v) "Worker" means every person in this state who is engaged in the employment of an employer under Title 51 RCW whether by way of

manual labor or otherwise in the course of his or her employment; also every person in this state who is engaged in the employment of or who is working under an independent contract, the essence of which is his or her personal labor for an employer whether by way of manual labor or otherwise.

(vi) "Employer" means any person, body of persons, corporate or otherwise, and the legal representatives of a deceased employer, all while engaged in this state in any work covered by the provisions of Title 51 RCW, by way of trade or business, or who contracts with one or more workers, the essence of which is the personal labor of such worker or workers.

(b) Does a Washington employer have to pay premiums in both states while Washington workers are temporarily working in another state? A Washington employer must continue to pay Washington premiums for Washington workers performing temporary and incidental work in another state. If the Washington employer has Washington workers who work for more than thirty days in another state, that employer will not need to pay premiums in Washington for work in the other state during the calendar year, as long as that employer fulfills the following requirements:

(i) Provides the department with proof of out-of-state coverage for the Washington workers working out-of-state.

(ii) Keeps the policy continuously in force from the date the Washington employer's work exceeds the temporary and incidental period until the date the Washington employer no longer has Washington workers working in the other state. Failure to maintain a policy at the required level of workers' compensation coverage for the number of Washington workers working out-of-state may subject the Washington employer to payment of all premiums, penalties, and interest dues in the state of Washington.

(iii) For the first quarterly reporting period and all subsequent quarters during the same calendar year following the date the Washington employer's work exceeds the temporary and incidental period in the other state, the Washington employer must file a supplemental report of out-of-state work with their workers' compensation employer's quarterly report with the department. This supplemental report is available at: <http://www.LNI.wa.gov/ClaimsIns/Insurance/File/ExtraTerritorial/Default.asp>

(iv) Subitems (b)(i), (ii), and (iii) of this subsection must be met in each state in which the Washington employer has Washington workers working in excess of the temporary and incidental period.

Note: Workers' compensation coverage requirements vary widely among states. Washington employers should contact the regulatory agency in other states to determine the appropriate premium and coverage obligations in those states.

(c) What if a Washington employer knows the Washington workers' work in another state will exceed the temporary and incidental period? If the Washington employer knows their Washington workers will be working in another state in excess of the temporary and incidental period, the employer must immediately provide the department with proof of out-of-state coverage in order to avoid Washington premium liability for hours worked during the temporary and incidental period.

Reminder: The temporary and incidental period applies separately to each state in which the Washington employer worked.

(d) What if a Washington employer anticipates its out-of-state work will exceed the temporary and incidental period, but that does not occur? If a Washington employer did not pay workers' compensation premium to Washington during the temporary and incidental period, and at the end of the calendar year Washington workers of the Washington

employer had worked fewer than thirty consecutive or nonconsecutive days in another state, by the filing of the fourth quarter report, the Washington employer must file amended reports for the calendar year. The employer may be required to pay Washington premiums, penalties, and interest. The fourth quarter report is due by January 31 of the following year.

(e) **What records must the employer keep while employing Washington workers in another state?** In addition to filing the supplemental report of out-of-state work, the Washington employer is required to keep the same records that are kept for Washington workers working in Washington. The records are listed in WAC 296-17-35201 and must be provided at the time of audit to any authorized representative of the department who has requested them.

(f) **What reports does a Washington employer file to avoid paying Washington workers' compensation premiums when employing Washington workers in another state for work that exceeds temporary and incidental?** A Washington employer must submit the workers' compensation employer's quarterly report and a supplemental report of out-of-state work to the department for each state in which that employer has Washington workers performing work. The supplemental report must include the following information:

(i) The Washington employer's unified business identification number (UBI).

(ii) The Washington employer's department account identification number.

(iii) The Social Security numbers for those Washington worker(s) performing work out-of-state.

(iv) The last name, first name, and middle initial of those Washington worker(s) performing work out-of-state.

(v) The gross payroll paid during the quarter for those Washington worker(s) performing work out-of-state.

(vi) The Washington workers' compensation risk classification(s) that would have applied for each Washington worker performing work out-of-state.

(vii) The total number of hours that each Washington worker performed work out-of-state during the quarter.

(viii) In addition to completing the supplemental report of out-of-state work, the Washington employer must keep a record of all contracts awarded and worked under each state. Copies of pertinent records must be made available to auditors in the event of an audit.

(g) **Where do Washington workers file their workers' compensation claims if injured in the course of employment outside of Washington state?** Washington workers may file their claim in the state where they were injured or in Washington state.

Washington employers must inform their Washington workers of their right to file for workers' compensation benefits in Washington or the state of injury.

The cost of these claims, if accepted by the department and assigned to the Washington employer's account, will be used in the calculations that determine the employer's experience factor and the appropriate risk classification base rate.

(h) **If the Washington employer's work in another state exceeds the temporary and incidental period, may the Washington employer obtain a credit or refund for the temporary and incidental period that workers' compensation premiums were paid to Washington?** Yes, but only if the Washington employer:

- (i) Obtained workers' compensation insurance for all hours worked in the other state during the calendar year;
- (ii) Provides proof of out-of-state coverage;
- (iii) Filed the appropriate quarterly reports with the department when due; and
- (iv) Otherwise complied with all statutory and regulatory requirements of Washington state.

(9) **Horse racing industry rules.** These rules apply to persons licensed by the Washington horse racing commission (WHRC) and governed by WAC 260-36-250.

(a) **Who is responsible for paying industrial insurance premiums?**

(i) The trainer will be responsible to pay the industrial insurance premiums owed. Premiums will be paid to the WHRC monthly, at the end of the coverage month or before the trainer leaves the track taking his/her horses when leaving before the end of the coverage month. WHRC will submit premiums to the department of labor and industries on a quarterly basis. The employee must be properly licensed by the WHRC for the duties being performed. This includes all exercise riders and pony riders who need steward approval of their license application, whether at the track or at the farm.

(ii) Licensed trainers shall be assessed:

(A) One unit of premiums in classification 6625 for each licensed groom or assistant trainer employed at any one time;

(B) One unit of premiums in classification 6626 for licensed exercise riders and pony riders charged per stall for each day the trainer has a horse housed in a stall at a licensed track during a licensed meet; and

(C) One unit of premiums in classification 6627 for licensed exercise riders and pony riders for each calendar day a licensed exercise rider or pony rider works under contract for the trainer at a location other than at a licensed track during a licensed meet.

(b) **What does the trainer do when an employee leaves the job?**

Trainers must notify the WHRC within forty-eight hours when any employee leaves their employ. If a trainer fails to notify the WHRC timely, the trainer will be responsible for the full premium payment until notification is made.

(c) **When are track employees covered under horse racing classifications?**

(i) Track employees are only covered on the grounds of a Washington race track during its licensed race meet and periods of training. The licensed race meet and periods of training apply to that period of time when the WHRC has authority on the grounds, including the period before the live race meet begins, when horses are exercised in preparation for competition, and through the end of the licensed race meet.

(ii) Covered track employees who are licensed exercise riders or pony riders may work off the grounds of a Washington race track, but only after obtaining a farm employee license. The trainer must notify the WHRC when the employee will be working off the grounds, so that the additional per-day farm employee premium can be calculated and assessed to the trainer for each day the track employee works off the grounds.

(iii) Employees working on the grounds of a Washington race track prior to or after this period must be covered as farm employees (classification 6627) to be able to make a claim against the horse racing industry account, or the trainer can cover such employees under another account (classification 7302).

(d) **Who can be covered under the farm employee classification (6627)?**

(i) Licensed exercise riders and pony riders working at the farm must be assigned to a trainer and not the farm. Such employees cannot be assigned to the owner of the farm or training center unless the owner is licensed as a trainer.

(ii) Covered farm employees who are licensed exercise riders or pony riders may come to the Washington race track to assist the trainer during the live race meet and periods of training. As long as a farm employee is covered at the farm, and the trainer notifies the WHRC when the employee will be working at the track, the farm employee may work at the track without additional premium being owed.

(e) **Are employees covered while working in another state?**

(i) Trainers with employees from Washington may continue coverage when they are at another recognized race track in another state if the other jurisdiction has a reciprocal agreement with the state of Washington. The trainer must pay the premiums for grooms and assistant trainers in classification 6625, and for exercise riders and pony riders at the farm in the farm classification, 6627. For a list of states with reciprocal agreements with the state of Washington, see WAC 296-17-31009.

(ii) Trainers will need to continue to report Washington employees to the WHRC prior to the start of each month so an assessment can be made.

(iii) Failure to report, or to report correctly, may result in the trainer being referred to the stewards or the executive secretary of the WHRC for action.

(iv) Track employees hired in another state or jurisdiction are not Washington employees. They are to be covered in the state or jurisdiction they were hired in. It is the trainer's responsibility to obtain coverage in the other state or jurisdiction.

(f) **Must horse owners pay industrial insurance premiums in Washington?** Licensed owners shall be assessed one hundred fifty dollars per year for one hundred percent ownership of one or more horses. Partial owners shall be assessed prorated amounts of the one hundred fifty dollar fee. In no event shall a licensed owner be required to pay more than one hundred fifty dollars. This fee helps fund workers' compensation coverage for injured workers. It does not extend any coverage to owners.

(Effective January 1, 2021)

WAC 296-17-35203 Special reporting instruction. (1) **Professional and semiprofessional athletic teams.** Athletes assigned and under contract to a Washington-domiciled sports team are mandatorily covered by Washington industrial insurance. Athletes assigned to a Washington-domiciled sports team but under contract with a parent team domiciled outside of the state are mandatorily covered by Washington industrial insurance unless the player is eligible for coverage in another state, and there is a valid coverage agreement as described below.

A player is eligible for coverage in another state only when both the player and the employer agree in writing that the employment is principally localized in that state.

Example: If the Washington-based team is a part of a league with teams in only Washington, Oregon, and Idaho, the player and the employer can agree to any of those three states to provide coverage. However, they cannot agree to be under California coverage since California doesn't qualify as a state in which the player competes in regularly scheduled games.

(a) Upon request, the department will provide forms to the owners of professional and semiprofessional sports teams for entering into agreements for both the sport player and the sport team. These agreements are referred to as "coverage agreements." Unless coverage is refused in the alternative state, the coverage agreement will determine the worker's home state for workers' compensation coverage.

(b) When a sport team and a player agree to workers' compensation coverage in another state, the following rules apply:

Sport player coverage agreement:

(i) A sport player coverage agreement must be signed by the team (employer) and each individual player (worker) covered out-of-state. Workers' compensation premiums for any work performed by the player before the agreement was signed must be paid to the department. To be valid, an agreement must be:

- Signed by both parties, dated, and show the name of the state where coverage is provided.
- Agree that the player's employment is principally located in that state.
- Kept as part of the employer's records for at least three years after the player is released from the team.

(ii) The employer must provide the department a copy of a sport player coverage agreement when requested. Employers who do not provide the department copies of a sport player coverage agreement when requested are considered not to have secured payment of compensation as required and all premiums and penalties allowed for in Title 51 RCW will apply.

(iii) If the employers' out-of-state workers' compensation insurer rejects an injury claim because the player is a Washington worker, the employer is considered not to have secured payment of compensation as required and all premium and penalties allowed for in Title 51 RCW apply.

Sport team coverage agreement:

(c) A sport team coverage agreement must be signed by the employer (team) and the qualifying out-of-state workers' compensation insurer. Workers' compensation premiums for work performed before the agreement was signed must be paid to the department. To be valid, an agreement must:

- Be signed by both parties, dated, and show the name of the state where coverage is provided.
- Specify that the team's players are principally localized in that state.
- Specify the insurer agreeing to provide coverage for a team based in Washington.

(d) The sport team coverage agreement must be signed annually. Copies of the agreement along with a current copy of the team's out-of-state insurance policy must be submitted to the department of labor and industries every year the out-of-state coverage is provided.

Premium payments are required for any work performed by Washington players prior to the date the department receives copies of any year's current sports teams' coverage agreement and proof of out-of-state coverage.

(2) **Excluded employments.** Any employer having any person in their employ excluded from industrial insurance whose application for coverage under the elective adoption provisions of RCW 51.12.110 or authority of RCW 51.12.095 or 51.32.030 has been accepted by the director shall report and pay premium on the actual hours worked for each such person who is paid on an hourly, salaried, part time, percentage of profit or piece basis; or one hundred sixty hours per month for any such person paid on a salary basis employed full time. In the event records disclosing actual hours worked are not maintained by the employer for any person paid on an hourly, salaried, part time, percentage of profits or piece basis, the worker hours of such person shall be determined by dividing the gross wages of such person by the state minimum wage for the purpose of premium calculation. However, when applying the state minimum wage the maximum number of hours assessed for a month will be one hundred sixty.

(3) **Special trucking industry rules.** The following subsection shall apply to all trucking industry employers as applicable.

(a) Insurance liability. Every trucking industry employer operating as an intrastate carrier or a combined intrastate and interstate carrier must insure their workers' compensation insurance liability through the Washington state fund or be self-insured with the state of Washington.

Washington employers operating exclusively in interstate or foreign commerce or any combination of interstate and foreign commerce must insure their workers' compensation insurance liability for their Washington employees with the Washington state fund, be self-insured with the state of Washington, or provide workers' compensation insurance for their Washington employees under the laws of another state when such other state law provides for such coverage.

Interstate or foreign commerce trucking employers who insure their workers' compensation insurance liability under the laws of an-

other state must provide the department with copies of their current policy and applicable endorsements upon request.

Employers who elect to insure their workers' compensation insurance liability under the laws of another state and who fail to provide updated policy information when requested to do so will be declared an unregistered employer and subject to all the penalties contained in Title 51 RCW.

(b) Reporting. Trucking industry employers insuring their workers' compensation insurance liability with the Washington state fund shall keep and preserve all original time records/books including supporting information from drivers' logs for a period of three calendar years plus three months.

Employers are to report actual hours worked, including time spent loading and unloading trucks, for each driver in their employ. For purposes of this section, actual hours worked does not include time spent during lunch or rest periods or overnight lodging.

Failure of employers to keep accurate records of actual hours worked by their employees will result in the department estimating work hours by dividing gross payroll wages by the state minimum wage for each worker for whom records were not kept. However, in no case will the estimated or actual hours to be reported exceed five hundred twenty hours per calendar quarter for each worker.

(c) Exclusions. Trucking industry employers meeting all of the following conditions are exempted from mandatory coverage.

(i) Must be engaged exclusively in interstate or foreign commerce.

(ii) Must have elected to cover their Washington workers on a voluntary basis under the Washington state fund and must have elected such coverage in writing on forms provided by the department.

(iii) After having elected coverage, withdrew such coverage in writing to the department on or before January 2, 1987.

If all the conditions set forth in (i), (ii), and (iii) of this subsection have not been met, employers must insure their workers' compensation insurance liability with the Washington state fund or under the laws of another state.

(d) Definitions. For purposes of interpretation of RCW 51.12.095(1) and administration of this section, the following terms shall have the meanings given below:

(i) "Agents" means individuals hired to perform services for the interstate or foreign commerce carrier that are intended to be carried out by the individual and not contracted out to others but does not include owner operators as defined in RCW 51.12.095(1).

(ii) "Contacts" means locations at which freight, merchandise, or goods are picked up or dropped off within the boundaries of this state.

(iii) "Doing business" means having any terminals, agents or contacts within the boundaries of this state.

(iv) "Employees" means the same as the term "worker" as contained in RCW 51.08.180.

(v) "Terminals" means a physical location wherein the business activities (operations) of the trucking company are conducted on a routine basis. Terminals will generally include loading or shipping docks, warehouse space, dispatch offices and may also include administrative offices.

(vi) "Washington" shall be used to limit the scope of the term "employees." When used with the term "employees" it will require the following test for benefit purposes (all conditions must be met).

- The individual must be hired in Washington or must have been transferred to Washington; and
- The individual must perform some work in Washington (i.e., driving, loading, or unloading trucks).

(4) **Forest, range, or timber land services—Industry rule.** Washington law (RCW 51.48.030) requires every employer to make, keep, and preserve records which are adequate to facilitate the determination of premiums due to the state for workers' compensation insurance coverage for their covered workers. In the administration of Title 51 RCW, and as it pertains to the forest, range, or timber land services industry, the department of labor and industries has deemed the records and information required in the various subsections of this section to be essential in the determination of premiums due to the state fund. The records so specified and required, shall be provided at the time of audit to any representative of the department who has requested them.

Failure to produce these required records within thirty days of the request, or within an agreed upon time period, shall constitute noncompliance of this rule and RCW 51.48.030 and 51.48.040. Employers whose premium computations are made by the department in accordance with (d) of this subsection are barred from questioning, in an appeal before the board of industrial insurance appeals or the courts, the correctness of any assessment by the department on any period for which such records have not been kept, preserved, or produced for inspection as provided by law.

(a) General definitions. For purpose of interpretation of this section, the following terms shall have the meanings given below:

(i) "Actual hours worked" means each workers' composite work period beginning with the starting time of day that the employees' work day commenced, and includes the entire work period, excluding any non-paid lunch period, and ending with the quitting time each day work was performed by the employee.

(ii) "Work day" shall mean any consecutive twenty-four-hour period.

(b) Employment records. Every employer shall with respect to each worker, make, keep, and preserve original records containing all of the following information for three full calendar years following the calendar year in which the employment occurred:

(i) The name of each worker;

(ii) The Social Security number of each worker;

(iii) The beginning date of employment for each worker and, if applicable, the separation date of employment for each such worker;

(iv) The basis upon which wages are paid to each worker;

(v) The number of units earned or produced for each worker paid on a piece-work basis;

(vi) The risk classification(s) applicable to each worker;

(vii) The number of actual hours worked by each worker, unless another basis of computing hours worked is prescribed in WAC 296-17-31021. For purposes of chapter 296-17 WAC, this record must clearly show, by work day, the time of day the employee commenced work, and the time of day work ended;

(viii) A summary time record for each worker showing the calendar day or days of the week work was performed and the actual number of hours worked each work day;

(ix) In the event a single worker's time is divided between two or more risk classifications, the summary contained in (b)(viii) of

this subsection shall be further broken down to show the actual hours worked in each risk classification for the worker;

(x) The workers' total gross pay period earnings;

(xi) The specific sums withheld from the earnings of each worker, and the purpose of each sum withheld;

(xii) The net pay earned by each such worker.

(c) Business, financial records, and record retention. Every employer is required to keep and preserve all original time records completed by their employees for a three-year period. The three-year period is specified in WAC 296-17-352 as the composite period from the date any such premium became due.

Employers who pay their workers by check are required to keep and preserve a record of all check registers and canceled checks; and employers who pay their workers by cash are required to keep and preserve records of these cash transactions which provide a detailed record of wages paid to each worker.

(d) Recordkeeping - Estimated premium computation. Any employer required by this section to make, keep, and preserve records containing the information as specified in (b) and (c) of this subsection, who fails to make, keep, and preserve such records, shall have premiums calculated as follows:

(i) Estimated worker hours shall be computed by dividing the gross wages of each worker for whom records were not maintained and preserved, by the state's minimum wage, in effect at the time the wages were paid or would have been paid. However, the maximum number of hours to be assessed under this provision will not exceed five hundred twenty hours for each worker, per quarter for the first audited period. Estimated worker hours computed on all subsequent audits of the same employer that disclose a continued failure to make, keep, or preserve the required payroll and employment records shall be subject to a maximum of seven hundred eighty hours for each worker, per quarter.

(ii) In the event an employer also has failed to make, keep, and preserve the records containing payroll information and wages paid to each worker, estimated average wages for each worker for whom a payroll and wage record was not maintained will be determined as follows: The employer's total gross income for the audit period (earned, received, or anticipated) shall be reduced by thirty-five percent to arrive at "total estimated wages." Total estimated wages will then be divided by the number of employees for whom a record of actual hours worked was not made, kept, or preserved to arrive at an "estimated average wage" per worker. Estimated hours for each worker will then be computed by dividing the estimated average wage by the state's minimum wage in effect at the time the wages were paid or would have been paid as described in (d)(i) of this subsection.

(e) Reporting requirements and premium payments.

(i) Every employer who is awarded a forest, range, or timber land services contract must report the contract to the department promptly when it is awarded, and prior to any work being commenced, except as provided in (e)(iii) of this subsection. Employers reporting under the provisions of (e)(iii) of this subsection shall submit the informational report with their quarterly report of premium. The report shall include the following information:

(A) The employers' unified business identification account number (UBI).

(B) Identification of the landowner, firm, or primary contractor who awarded the contract, including the name, address, and phone number of a contact person.

(C) The total contract award.

(D) Description of the forest, range, or timber land services work to be performed under terms of the contract.

(E) Physical location/site where the work will be performed including legal description.

(F) Number of acres covered by the contract.

(G) Dates during which the work will be performed.

(H) Estimated payroll and hours to be worked by employees in performance of the contract.

(ii) Upon completion of every contract issued by a landowner or firm that exceeds a total of ten thousand dollars, the contractor primarily responsible for the overall project shall, in addition to the required informational report described in (e)(i) of this subsection, report the payroll and hours worked under the contract, and submit payment for required industrial insurance premiums. In the event that the contracted work is not completed within a calendar quarter, interim quarterly reports and premium payments are required for each contract for all work done during the calendar quarter. The first such report and payment is due at the end of the first calendar quarter in which the contract work is begun. Additional interim reports and payments will be submitted each quarter thereafter until the contract is completed. This will be consistent with the quarterly reporting cycle used by other employers. Premiums for a calendar quarter, whether reported or not, shall become due and delinquent on the day immediately following the last day of the month following the calendar quarter.

(iii) A contractor may group contracts issued by a landowner, firm, or other contractor that total less than ten thousand dollars together and submit a combined quarterly report of hours, payroll, and the required premium payment in the same manner and periods as nonforestation, range, or timber land services employers.

(f) Out-of-state employers. Forest, range, or timber land services contractors domiciled outside of Washington state must report on a contract basis regardless of contract size for all forest, range, or timber land services work done in Washington state. Out-of-state employers will not be permitted to have an active Washington state industrial insurance account for reporting forest, range, or timber land services work in the absence of an active Washington forest, range, or timber land services contract.

(g) Work done by subcontract. Any firm primarily responsible for work to be performed under the terms of a forest, range, or timber land services contract, that subcontracts out any work under a forest, range, or timber land services contract must send written notification to the department prior to any work being done by the subcontractor. This notification must include the name, address, Social Security number, farm labor contractor number, (UBI) of each subcontractor, and the amount and description of contract work to be done by subcontract.

(h) Forest, range, or timber land services contract release - Verification of hours, payroll, and premium. The department may verify reporting of contractors by way of an on-site visit to an employer's work site. This on-site visit may include close monitoring of employees and employee work hours. Upon receipt of a premium report for a finished contract, the department may conduct an audit of the firm's payroll, employment, and financial records to validate reporting. The entity that awarded the contract can verify the status of the contractors' accounts online at the department's website (www.lni.wa.gov) or by calling the account manager. The landowner, firm, or contractor will not be released from premium liability until the final report for

the contract from the primary contractor and any subcontractors has been received and verified by the department.

(i) Premium liability - Work done by contract. Washington law (RCW 51.12.070) places the responsibility for industrial insurance premium payments primarily and directly upon the person, firm, or corporation who lets a contract for all covered employment involved in the fulfillment of the contract terms. Any such person, firm, or corporation letting a contract is authorized to collect from the contractor the full amount payable in premiums. The contractor is in turn authorized to collect premiums from any subcontractor they may employ his or her proportionate amount of the premium payment.

To eliminate premium liability for work done by contract permitted by Title 51 RCW, any person, firm, or corporation who lets a contract for forest, range, or timber land services work must submit a copy of the contract they have let to the department and verify that all premiums due under the contract have been paid.

Each contract submitted to the department must include within its body, or on a separate addendum, all of the following items:

(i) The name of the contractor who has been engaged to perform the work;

(ii) The contractor's UBI number;

(iii) The contractor's farm labor contractor number;

(iv) The total contract award;

(v) The date the work is to be commenced; a description of the work to be performed including any pertinent acreage information;

(vi) Location where the work is to be performed;

(vii) A contact name and phone number of the person, firm, or corporation who let the contract;

(viii) The total estimated wages to be paid by the contractor and any subcontractors;

(ix) The amount to be subcontracted out if such subcontracting is permitted under the terms of the contract;

(x) The total estimated number of worker hours anticipated by the contractor and his/her subcontractors in the fulfillment of the contract terms;

(j) Reports to be mailed to the department. All contracts, reports, and information required by this section are to be sent to:

The Department of Labor and Industries
Reforestation Team 8
P.O. Box 44168
Olympia, Washington 98504-4168

(k) Rule applicability. If any portion of this section is declared invalid, only that portion is repealed. The balance of the section shall remain in effect.

(5) Logging and/or tree thinning—Mechanized operations—Industry rule. The following subsection shall apply to all employers assigned to report worker hours in risk classification 5005, WAC 296-17A-5005.

(a) Every employer having operations subject to risk classification 5005 "logging and/or tree thinning - Mechanized operations" shall have their operations surveyed by labor and industries insurance services staff prior to the assignment of risk classification 5005 to their account. Annual surveys may be required after the initial survey to retain the risk classification assignment.

(b) Every employer assigned to report exposure (work hours) in risk classification 5005 shall supply an addendum report with their

quarterly premium report which lists the name of each employee reported under this classification during the quarter, the Social Security number of such worker, the piece or pieces of equipment the employee operated during the quarter, the number of hours worked by the employee during the quarter, and the wages earned by the employee during the quarter.

(6) **Special drywall industry rule.**

(a) **What is the unit of exposure for drywall reporting?** Your premiums for workers installing and finishing drywall (reportable in risk classifications 0540, 0541, 0550, and 0551) are based on the amount of material installed and finished, not the number of hours worked.

The amount of material installed equals the amount of material purchased or taken from inventory for a job. No deduction can be made for material scrapped (debris). A deduction is allowed for material returned to the supplier or inventory.

The amount of material finished for a job equals the amount of material installed. No deduction can be made for a portion of the job that is not finished (base layer of double-board application or unfinished rooms).

Example: Drywall installation firm purchases 96 4' x 8' sheets of material for a job which includes some double-wall installation. The firm hangs all or parts of 92 sheets, and returns 4 sheets to the supplier for credit. Drywall finishing firm tapes, primes and textures the same job. Both firms should report 2,944 square feet (4 x 8 x 92) for the job.

(b) **I do some of the work myself. Can I deduct material I as an owner install or finish?** Yes. Owners (sole proprietors, partners, and corporate officers) who have not elected coverage may deduct material they install or finish.

When you as an owner install (including scrap) or finish (including tape and prime or texture) only part of a job, you may deduct an amount of material proportional to the time you worked on the job, considering the total time you and your workers spent on the job.

To deduct material installed or finished by owners, you must report to the department by job, project, site or location the amount of material you are deducting for this reason. You must file this report at the same time you file your quarterly report:

$$\text{Total owner hours} \div (\text{owner hours} + \text{worker hours}) = \% \text{ of owner discount.}$$

$$\% \text{ of owner discount} \times (\text{total footage of job} - \text{subcontracted footage, if any}) = \text{Total owner deduction of footage.}$$

(c) **Can I deduct material installed or finished by subcontractors?** You may deduct material installed or taped by subcontractors you are not required to report as your workers. You may not deduct for material only scrapped or primed and textured by subcontractors.

To deduct material installed or taped by subcontractors, you must report to the department by job, project, site or location the amount of material being deducted. You must file this report at the same time you file your quarterly report. You must have and maintain business records that support the number of square feet worked by the subcontractor.

(d) **I understand there are discounted rates available for the drywall industry. How do I qualify for them?** To qualify for discounted drywall installation and finishing rates, you must:

(i) Have an owner attend two workshops the department offers (one workshop covers claims and risk management, the other covers premium reporting and recordkeeping);

(ii) Provide the department with a voluntary release authorizing the department to contact material suppliers directly about the firm's purchases;

(iii) Have and keep all your industrial insurance accounts in good standing (including the accounts of other businesses in which you have an ownership interest), which includes fully and accurately reporting and paying premiums as they come due, including reporting material deducted as owner or subcontractor work;

(iv) Provide the department with a supplemental report (filed with the firm's quarterly report) showing by employee the employee's name, Social Security number, the wages paid them during the quarter, how they are paid (piece rate, hourly, etc.), their rate of pay, and what work they performed (installation, scrapping, taping, priming/texturing); and

(v) Maintain accurate records about work you subcontracted to others and materials provided to subcontractors (as required by WAC 296-17-31013), and about payroll and employment (as required by WAC 296-17-35201).

The discounted rates will be in effect beginning with the first quarter your business meets all the requirements for the discounted rates.

Note: If you are being audited by the department while your application for the discounted classifications is pending, the department will not make a final decision regarding your rates until the audit is completed.

(e) **Can I be disqualified from using the discounted rates?** Yes. You can be disqualified from using the discounted rates for three years if you:

(i) Do not file all reports, including supplemental reports, when due;

(ii) Do not pay premiums on time;

(iii) Underreport the amount of premium due; or

(iv) Fail to maintain the requirements for qualifying for the discounted rates.

Disqualification takes effect when a criterion for disqualification exists.

Example: A field audit in 2002 reveals that the drywall installation firm underreported the amount of premium due in the second quarter of 2001. The firm will be disqualified from the discounted rates beginning with the second quarter of 2001, and the premiums it owed for that quarter and subsequent quarters for three years will be calculated using the nondiscounted rates.

If the drywall underwriter learns that your business has failed to meet the conditions as required in this rule, your business will need to comply to retain using the discounted classifications. If your business does not comply promptly, the drywall underwriter may refer your business for an audit.

If, as a result of an audit, the department determines your business has not complied with the conditions in this rule, your business will be disqualified from using the discounted classifications for three years (thirty-six months) from the period of last noncompliance.

(f) **If I discover I have made an error in reporting or paying premium, what should I do?** If you discover you have made a mistake in reporting or paying premium, you should contact the department and correct the mistake. Firms not being audited by the department that find errors in their reporting and paying premiums, and that voluntar-

ily report their errors and pay any required premiums, penalties and interest promptly, will not be disqualified from using the discounted rates unless the department determines they acted in bad faith.

(7) **Safe patient handling rule.** The following subsection will apply to all hospital industry employers as applicable.

(a) Definitions. For the purpose of interpretation of this section, the following terms shall have the meanings given below:

(i) "Hospital" means an "acute care hospital" as defined in (a)(ii) of this subsection, a "mental health hospital" as defined in (a)(iii) of this subsection, or a "hospital, N.O.C. (not otherwise classified)" as defined in (a)(iv) of this subsection.

(ii) "Acute care hospital" means any institution, place, building, or agency providing accommodations, facilities, and services over a continuous period of twenty-four hours or more for observation, diagnosis, or care of two or more individuals not related to the operator who are suffering from illness, injury, deformity, or abnormality, or from any other condition for which obstetrical, medical, or surgical services would be appropriate for care or diagnosis. "Hospital" as used in this rule does not include:

- Hotels, or similar places furnishing only food and lodging, or simply domiciliary care;
- Clinics, or physicians' offices where patients are not regularly kept as bed patients for twenty-four hours or more;
- Nursing homes, as defined and which come within the scope of chapter 18.51 RCW;
- Birthing centers, which come within the scope of chapter 18.46 RCW;
- Psychiatric or alcoholism hospitals, which come within the scope of chapter 71.12 RCW;
- Any other hospital or institution specifically intended for use in the diagnosis and care of those suffering from mental illness, mental retardation, convulsive disorders, or other abnormal mental conditions.

Furthermore, nothing in this chapter will be construed as authorizing the supervision, regulation, or control of the remedial care or treatment of residents or patients in any hospital conducted for those who rely primarily upon treatment by prayer or spiritual means in accordance with the creed or tenets of any well-recognized church or religious denominations.

(iii) "Mental health hospital" means any hospital operated and maintained by the state of Washington for the care of the mentally ill.

(iv) "Hospitals, N.O.C." means health care facilities that do not qualify as acute care or mental health hospitals and may be privately owned facilities established for purposes such as, but not limited to, treating psychiatric disorders and chemical dependencies or providing physical rehabilitation.

(v) "Safe patient handling" means the use of engineering controls, lifting and transfer aids, or assistance devices, by lift teams or other staff, instead of manual lifting to perform the acts of lifting, transferring and repositioning health care patients.

(vi) "Lift team" means hospital employees specially trained to conduct patient lifts, transfers, and repositioning using lifting equipment when appropriate.

(vii) "Department" means the department of labor and industries.

(b) Hospitals will report worker hours in the risk classification that describes the nature of their operations and either their level of implementation of, or need for, the safe patient handling program.

(c) A fully implemented safe patient handling program must include:

(i) Acquisition of at least the minimum number of lifts and/or appropriate equipment for use by lift teams as specified in chapters 70.41 and 72.23 RCW.

(ii) An established safe patient handling committee with at least one-half of its membership being front line, nonmanagerial direct care staff to design and recommend the process for implementing a safe patient handling program.

(iii) Implementation of a safe patient handling policy for all shifts and units.

(iv) Conducting patient handling hazard assessments to include such variables as patient-handling tasks, types of nursing units, patient populations, and the physical environment of patient care areas.

(v) Developing a process to identify appropriate use of safe patient handling policy based on a patient's condition and availability of lifting equipment or lift teams.

(vi) Conducting an annual performance evaluation of the program to determine its effectiveness with results reported to the safe patient handling committee.

(vii) Consideration, when appropriate, to incorporate patient handling equipment or the physical space and construction design needed to incorporate that equipment at a later date during new construction or remodeling.

(viii) Development of procedures that allow employees to choose not to perform or participate in patient handling activities that the employee believes will pose a risk to him/herself or to the patient.

(d) Department staff will conduct an on-site survey of each acute care and mental health hospital before assigning a risk classification. Subsequent surveys may be conducted to confirm whether the assigned risk classification is still appropriate.

(e) To remain in classification 6120-00 or 7200-00, a hospital must submit a copy of the annual performance evaluation of their safe patient handling program, as required by chapters 70.41 and 72.23 RCW, to the Employer Services Program, Department of Labor and Industries, P.O. Box 44140, Olympia, Washington, 98504.

(8) Rules concerning work by Washington employers outside the state of Washington (extraterritorial coverage).

(a) **General definitions.** For purposes of this section, the following terms mean:

(i) "Actual hours worked" means the total hours of each Washington worker's composite work period during which work was performed by the worker beginning with the time the worker's work day commenced, and ending with the quitting time each day excluding any nonpaid lunch period.

(ii) "Work day" means any consecutive twenty-four-hour period.

(iii) "Temporary and incidental" means work performed by Washington employers on jobs or at job sites in another state for thirty or fewer consecutive or nonconsecutive full or partial work days within a calendar year. Temporary and incidental work days are calculated on a per state basis. The thirty-day temporary and incidental period begins on January 1 of each year.

(iv) "Proof of out-of-state coverage" means a copy of a valid certificate of liability insurance for workers' compensation issued by:

(A) An insurer licensed to write workers' compensation insurance coverage in that state; or

(B) A state workers' compensation fund in the state in which the employer will be working.

Note: Most certificates are written for a one-year period. The employer must provide the department with a current certificate of liability insurance for workers' compensation covering all periods the employer works in another state. If the policy is canceled, the employer must provide the department with a current in-force policy.

(v) "Worker" means every person in this state who is engaged in the employment of an employer under Title 51 RCW whether by way of manual labor or otherwise in the course of his or her employment; also every person in this state who is engaged in the employment of or who is working under an independent contract, the essence of which is his or her personal labor for an employer whether by way of manual labor or otherwise.

(vi) "Employer" means any person, body of persons, corporate or otherwise, and the legal representatives of a deceased employer, all while engaged in this state in any work covered by the provisions of Title 51 RCW, by way of trade or business, or who contracts with one or more workers, the essence of which is the personal labor of such worker or workers.

(b) Does a Washington employer have to pay premiums in both states while Washington workers are temporarily working in another state? A Washington employer must continue to pay Washington premiums for Washington workers performing temporary and incidental work in another state. If the Washington employer has Washington workers who work for more than thirty days in another state, that employer will not need to pay premiums in Washington for work in the other state during the calendar year, as long as that employer fulfills the following requirements:

(i) Provides the department with proof of out-of-state coverage for the Washington workers working out-of-state.

(ii) Keeps the policy continuously in force from the date the Washington employer's work exceeds the temporary and incidental period until the date the Washington employer no longer has Washington workers working in the other state. Failure to maintain a policy at the required level of workers' compensation coverage for the number of Washington workers working out-of-state may subject the Washington employer to payment of all premiums, penalties, and interest dues in the state of Washington.

(iii) For the first quarterly reporting period and all subsequent quarters during the same calendar year following the date the Washington employer's work exceeds the temporary and incidental period in the other state, the Washington employer must file a supplemental report of out-of-state work with their workers' compensation employer's quarterly report with the department. This supplemental report is available at www.lni.wa.gov/OutofState.

(iv) Subitems (b)(i), (ii), and (iii) of this subsection must be met in each state in which the Washington employer has Washington workers working in excess of the temporary and incidental period.

Note: Workers' compensation coverage requirements vary widely among states. Washington employers should contact the regulatory agency in other states to determine the appropriate premium and coverage obligations in those states.

(c) What if a Washington employer knows the Washington workers' work in another state will exceed the temporary and incidental period? If the Washington employer knows their Washington workers will be

working in another state in excess of the temporary and incidental period, the employer must immediately provide the department with proof of out-of-state coverage in order to avoid Washington premium liability for hours worked during the temporary and incidental period.

Reminder: The temporary and incidental period applies separately to each state in which the Washington employer worked.

(d) What if a Washington employer anticipates its out-of-state work will exceed the temporary and incidental period, but that does not occur? If a Washington employer did not pay workers' compensation premium to Washington during the temporary and incidental period, and at the end of the calendar year Washington workers of the Washington employer had worked fewer than thirty consecutive or nonconsecutive days in another state, by the filing of the fourth quarter report, the Washington employer must file amended reports for the calendar year. The employer may be required to pay Washington premiums, penalties, and interest. The fourth quarter report is due by January 31 of the following year.

(e) What records must the employer keep while employing Washington workers in another state? In addition to filing the supplemental report of out-of-state work, the Washington employer is required to keep the same records that are kept for Washington workers working in Washington. The records are listed in WAC 296-17-35201 and must be provided at the time of audit to any authorized representative of the department who has requested them.

(f) What reports does a Washington employer file to avoid paying Washington workers' compensation premiums when employing Washington workers in another state for work that exceeds temporary and incidental? A Washington employer must submit the workers' compensation employer's quarterly report and a supplemental report of out-of-state work to the department for each state in which that employer has Washington workers performing work. The supplemental report must include the following information:

(i) The Washington employer's unified business identification number (UBI).

(ii) The Washington employer's department account identification number.

(iii) The Social Security numbers for those Washington worker(s) performing work out-of-state.

(iv) The last name, first name, and middle initial of those Washington worker(s) performing work out-of-state.

(v) The gross payroll paid during the quarter for those Washington worker(s) performing work out-of-state.

(vi) The Washington workers' compensation risk classification(s) that would have applied for each Washington worker performing work out-of-state.

(vii) The total number of hours that each Washington worker performed work out-of-state during the quarter.

(viii) In addition to completing the supplemental report of out-of-state work, the Washington employer must keep a record of all contracts awarded and worked under each state. Copies of pertinent records must be made available to auditors in the event of an audit.

(g) Where do Washington workers file their workers' compensation claims if injured in the course of employment outside of Washington state? Washington workers may file their claim in the state where they were injured or in Washington state.

Washington employers must inform their Washington workers of their right to file for workers' compensation benefits in Washington or the state of injury.

The cost of these claims, if accepted by the department and assigned to the Washington employer's account, will be used in the calculations that determine the employer's experience factor and the appropriate risk classification base rate.

(h) If the Washington employer's work in another state exceeds the temporary and incidental period, may the Washington employer obtain a credit or refund for the temporary and incidental period that workers' compensation premiums were paid to Washington? Yes, but only if the Washington employer:

(i) Obtained workers' compensation insurance for all hours worked in the other state during the calendar year;

(ii) Provides proof of out-of-state coverage;

(iii) Filed the appropriate quarterly reports with the department when due; and

(iv) Otherwise complied with all statutory and regulatory requirements of Washington state.

(9) Horse racing industry rules. These rules apply to persons licensed by the Washington horse racing commission (WHRC) and governed by WAC 260-36-250.

(a) Who is responsible for paying industrial insurance premiums?

(i) The trainer will be responsible to pay the industrial insurance premiums owed. Premiums will be paid to the WHRC monthly, at the end of the coverage month or before the trainer leaves the track taking his/her horses when leaving before the end of the coverage month. WHRC will submit premiums to the department of labor and industries on a quarterly basis. The employee must be properly licensed by the WHRC for the duties being performed. This includes all exercise riders and pony riders who need steward approval of their license application, whether at the track or at the farm.

(ii) Licensed trainers shall be assessed:

(A) One unit of premiums in classification 6625 for each licensed groom or assistant trainer employed at any one time;

(B) One unit of premiums in classification 6626 for licensed exercise riders and pony riders charged per stall for each day the trainer has a horse housed in a stall at a licensed track during a licensed meet; and

(C) One unit of premiums in classification 6627 for licensed exercise riders and pony riders for each calendar day a licensed exercise rider or pony rider works under contract for the trainer at a location other than at a licensed track during a licensed meet.

(b) What does the trainer do when an employee leaves the job?

Trainers must notify the WHRC within forty-eight hours when any employee leaves their employ. If a trainer fails to notify the WHRC timely, the trainer will be responsible for the full premium payment until notification is made.

(c) When are track employees covered under horse racing classifications?

(i) Track employees are only covered on the grounds of a Washington race track during its licensed race meet and periods of training. The licensed race meet and periods of training apply to that period of time when the WHRC has authority on the grounds, including the period before the live race meet begins, when horses are exercised in preparation for competition, and through the end of the licensed race meet.

(ii) Covered track employees who are licensed exercise riders or pony riders may work off the grounds of a Washington race track, but only after obtaining a farm employee license. The trainer must notify the WHRC when the employee will be working off the grounds, so that the additional per-day farm employee premium can be calculated and assessed to the trainer for each day the track employee works off the grounds.

(iii) Employees working on the grounds of a Washington race track prior to or after this period must be covered as farm employees (classification 6627) to be able to make a claim against the horse racing industry account, or the trainer can cover such employees under another account (classification 7302).

(d) Who can be covered under the farm employee classification (6627)?

(i) Licensed exercise riders and pony riders working at the farm must be assigned to a trainer and not the farm. Such employees cannot be assigned to the owner of the farm or training center unless the owner is licensed as a trainer.

(ii) Covered farm employees who are licensed exercise riders or pony riders may come to the Washington race track to assist the trainer during the live race meet and periods of training. As long as a farm employee is covered at the farm, and the trainer notifies the WHRC when the employee will be working at the track, the farm employee may work at the track without additional premium being owed.

(e) Are employees covered while working in another state?

(i) Trainers with employees from Washington may continue coverage when they are at another recognized race track in another state if the other jurisdiction has a reciprocal agreement with the state of Washington. The trainer must pay the premiums for grooms and assistant trainers in classification 6625, and for exercise riders and pony riders at the farm in the farm classification, 6627. For a list of states with reciprocal agreements with the state of Washington, see WAC 296-17-31009.

(ii) Trainers will need to continue to report Washington employees to the WHRC prior to the start of each month so an assessment can be made.

(iii) Failure to report, or to report correctly, may result in the trainer being referred to the stewards or the executive secretary of the WHRC for action.

(iv) Track employees hired in another state or jurisdiction are not Washington employees. They are to be covered in the state or jurisdiction they were hired in. It is the trainer's responsibility to obtain coverage in the other state or jurisdiction.

(f) Must horse owners pay industrial insurance premiums in Washington? Licensed owners shall be assessed one hundred fifty dollars per year for one hundred percent ownership of one or more horses. Partial owners shall be assessed prorated amounts of the one hundred fifty dollar fee. In no event shall a licensed owner be required to pay more than one hundred fifty dollars. This fee helps fund workers' compensation coverage for injured workers. It does not extend any coverage to owners.

WAC 296-17-35204 Penalty assessments for employers who fail to register under Title 51 RCW. (1) Any employer who has failed to secure payment of compensation for their workers covered under this title will be liable, subject to RCW 51.48.010, to a maximum penalty in a sum of five hundred dollars or in a sum double the amount of premiums due for the four quarters prior to securing payment of compensation under this title, whichever is greater, for the benefit of the medical aid fund.

(2) If an injury or occupational disease is sustained by a worker of an employer who has failed to secure payment of compensation under this title that employer may also be liable for the cost of such an injury or occupational disease at the time the claim for benefits is accepted by the department.

For the purposes of this section only the cost of such claim will be determined as follows:

The case reserve value shall be determined by the nature of the injury or occupational disease, the part of the body affected and other factors which will impact the cost, including but not limited to, age, education and work experience. The case reserve value will include actual costs paid to date and estimated future claim costs. No further adjustments or evaluations of the cost of the claim will be made for the purposes of this subsection after assessment for the cost of an injury or occupational disease is made by the department.

(1) **When does the law providing for nonmandatory coverage begin?** The law takes effect July 24, 2015, and exempts the following individuals, who may elect coverage as authorized under RCW 51.32.030:

(a) Drivers providing commercial transportation services (CTS), also sometimes known as transportation network company services (TNCs), as defined in Title 48 RCW;

(b) For-hire vehicle operators as defined under chapter 46.72 RCW who own the for-hire vehicle or lease it from others;

(c) Limousine drivers as defined under chapter 46.72A RCW who own the limousine or lease it from others; and

(d) Taxicab operators, as defined under chapter 81.72 RCW, who own the taxicab or lease it from others.

(2) **What are the special rules for these drivers and entities?** If you are exempt from mandatory coverage as described in subsection (1) of this section:

(a) You may elect to buy workers' compensation insurance to cover yourself as provided by RCW 51.32.030 and as defined in WAC 296-17-31007 Owner coverage.

(b) For the reporting period July 1, 2015, through July 23, 2015, if we do not receive an application for optional coverage from you by

July 23, 2015, you must report your mandatory coverage on a prorated basis using one of these methods:

- (i) For flat rate by driver, one hundred twenty hours per driver;
- (ii) For flat rate by vehicle, two hundred forty hours per vehicle;
- (iii) Actual hours worked.

(3) **What are the quarterly reporting options for taxi drivers and entities, for-hire drivers and entities, and CTS drivers?** When reporting for an entire quarter:

(a) If you are an exempt driver who has elected coverage, you may report your exposure under either subclassification 1401-01 (480 hours per quarter per driver) or 1401-03 (actual hours worked), but you must report all your exposure for the quarter under only one subclassification.

(b) If you are or an entity reporting mandatorily covered workers, you may choose to report all driver exposure under subclassifications 1401-01 (480 hours per quarter per driver), 1401-02 (960 hours per quarter per vehicle), or 1401-03 (actual hours worked), but you must report all driver exposure for a quarter under only one subclassification.

(c) Reporting method options:

(i) Flat rate by driver - The rate is based on four hundred eighty hours per driver each quarter (classification 1401-01);

(ii) Flat rate by vehicle - The rate is based on nine hundred sixty hours per vehicle each quarter (classification 1401-02);

(iii) Actual hours - The rate is based on actual hours worked (classification 1401-03).

Special note: If you report by driver or by actual hours worked, you must maintain verifiable records, such as lease agreements or payroll records.

(4) **What are the quarterly reporting options for limousine drivers and entities, and cabulance drivers and entities?** For exempt drivers who elect coverage and for entities paying for coverage for mandatorily covered workers, when reporting an entire quarter, hours must be reported in one of the following methods:

(a) Actual hours worked; or

(b) Four hundred eighty hours per quarter.

Special note: If you report actual hours worked, you must keep detailed records.

WAC 296-17-855 Experience modification. The basis of the experience modification shall be a comparison of the actual losses charged to an employer during the experience period with the expected losses for an average employer reporting the same exposures in each classification. The comparison shall contain actuarial refinements designed to weigh the extent to which the actual experience is credible, due consideration being given to the volume of the employer's experience. Except for those employers who qualify for an adjusted experience modification as specified in WAC 296-17-860 or 296-17-865, the experience modification factor shall be calculated from the formula:

$$\begin{aligned} \text{EXPERIENCE MODIFICATION FACTOR} &= \frac{(\text{Credible Actual Primary Loss} + \text{Credible Actual Excess Loss})}{\text{Expected Loss}} \\ \text{Where} & \\ \text{Credible Actual Primary Loss} &= \text{Actual Primary Loss} \times \text{Primary Credibility} \\ &+ \text{Expected Primary Loss} \times (100\% - \text{Primary Credibility}) \\ \text{Credible Actual Excess Loss} &= \text{Actual Excess Loss} \times \text{Excess Credibility} \\ &+ \text{Expected Excess Loss} \times (100\% - \text{Excess Credibility}) \end{aligned}$$

The meaning and function of each term in the formula is specified below.

For each claim, the actual primary loss is the first dollar portion of the claim costs, which has been shown in actuarial studies, to have the greater credibility in predicting future experience. These amounts are summed over all claims. For each claim in excess of \$20,112 the actual primary loss shall be determined from the formula:

$$\text{ACTUAL PRIMARY LOSS} = \frac{50,280}{(\text{Total loss} + 30,168)} \times \text{total loss}$$

For each claim, less than \$20,112 the full value of the claim shall be considered a primary loss.

For each claim, the excess actual loss is the remaining portion of the claim costs, which have been shown in actuarial studies to have less credibility in predicting future experience. The excess actual loss for each claim shall be determined by subtracting the primary loss from the total loss. These amounts are summed over all claims.

For any claim without disability benefits (time loss, partial permanent disability, total permanent disability or death) either ac-

tually paid or estimated to be paid, the total actual losses for calculating the primary loss and excess loss shall first be reduced by the lesser of \$3,220 or the total cost of the claim. Here are some examples for these claims:

Total Loss	Type of Claim	Total Loss (after deduction)	Primary Loss	Excess Loss
300	Medical Only	0	0	0
4,000	Medical Only	780	780	0
4,000	Timeloss	4,000	4,000	0
30,000	Medical Only	26,780	23,644	3,136
30,000	Timeloss	30,000	25,070	4,930
130,000	PPD	130,000	40,810	89,190
500,000	TPD Pension	300,137	45,688	254,449
2,000,000	TPD Pension	300,137	45,688	254,449

Note: The deduction, \$3,220, is twice the average case incurred cost of these types of claims occurring during the three-year period used for experience rating. On average this results in reducing the average actual loss about seventy percent for these types of claims adjusted. This is done to help make the transition between the two different experience rating methods better by helping make the change in experience factor reasonable for small changes to the actual losses.

For each employer, the primary credibility and the excess credibility determines the percentage weight given to the corresponding actual primary losses and the actual excess losses, included in the calculation of the experience modification, based on the volume of expected losses. Primary credibility and excess credibility values are set forth in Table II.

An employer's expected losses shall be determined by summing the expected loss for each of the three years of the experience period, which are calculated by multiplying the reported exposure in each classification during the year by the corresponding classification expected loss rate and rounding the result to the nearest cent. Classification expected loss rates by year are set forth in Table III.

Expected losses in each classification shall be multiplied by the classification "Primary-Ratio" to obtain "expected primary losses" which shall be rounded to the nearest cent. Expected excess losses shall then be calculated by subtracting expected primary losses from expected total losses rounded to the nearest cent. Primary-Ratios are also set forth in Table III.

(1) Except as provided in subsections (3) through (12) of this section, the actual losses for claims with a date of injury during the experience period will be evaluated on the "valuation date." Losses on claims occurring outside the experience period will not be included. The actual losses for closed claims must include:

- (a) Accident and medical aid payments; and
- (b) Pension reserve amounts paid by the accident fund; and
- (c) Accident and medical aid benefits or payments that are scheduled to be paid; and
- (d) Reserve for other accident and medical aid benefits accessible by the worker while the claim is closed.

The actual losses for claims that are open may, in addition, also include a reserve for future payments. Actual losses do not include wage subsidies or reimbursements paid by the stay-at-work program.

(2) **Valuation date.** The valuation date shall be June 1, seven months immediately preceding the effective date of premium rates.

(3) **Retroactive adjustments - Revision of losses between valuation dates.** No claim value shall be revised between valuation dates and no retroactive adjustment of an experience modification shall be made because of disputation concerning the judgment of the claims examiner or because of subsequent developments except as specifically provided in the following cases:

- (a) In cases where loss values are included or excluded through mistake other than error of judgment.
- (b) In cases where a third party recovery is made, subject to subsection (5)(a) of this section.
- (c) In cases where the claim qualifies as a second injury claim under the provisions of RCW 51.16.120.
- (d) In cases where a claim, which was previously evaluated as a compensable claim, is closed and is determined to be noncompensable (ineligible for benefits other than medical treatment).
- (e) In cases where a claim is closed and is determined to be ineligible for any benefits.

In the above specified cases retroactive adjustment of the experience modification shall be made for each rating in which the claim was included. Retroactive adjustments will not be made for rating periods more than ten years prior to the date on which the claim status was changed.

(4) **Average death value.** Each fatality occurring to a worker included within the mandatory or elective coverage of Title 51 RCW shall be assigned the "average death value." The "average death value" shall be the average incurred cost for all such fatalities occurring during the experience period. The average death value is set forth in WAC 296-17-880 (Table II).

(5) **Third-party recovery - Effect on experience modification.**

(a) For claims with injury dates prior to July 1, 1994, a potential claim cost recovery from action against a third party, either by the injured worker or by the department, shall not be considered in the evaluation of actual losses until such time as the third-party action has been completed. If a third-party recovery is made after a claim had previously been used in an experience modification calculation, the experience modification shall be retroactively adjusted. The department shall compute a percentage recovery by dividing the current valuation of the claim into the amount recovered or recoverable as of the recovery date, and shall reduce both primary and excess losses previously used in the experience modification calculation by that percentage.

(b) For claims with injury dates on or after July 1, 1994, if the department determines that there is a reasonable potential of recovery from an action against a third party, both primary and excess values of the claim shall be reduced by fifty percent for purposes of experience modification calculation, until such time as the third-party action has been completed. This calculation shall not be retroactively adjusted, regardless of the final outcome of the third-party action. After a third-party recovery is made, the actual percentage recovery shall be applied to future experience modification calculations.

(c) For third-party actions completed before July 1, 1996, the claim shall be credited with the department's net share of the recovery, after deducting attorney fees and costs. For third-party actions completed on or after July 1, 1996, the claim shall be credited with the department's gross share of the recovery, before deducting attorney fees and costs.

(d) Definitions:

(i) As used in this section, "recovery date" means the date the money is received at the department or the date the order confirming the distribution of the recovery becomes final, whichever comes first.

(ii) As used in this section, "recoverable" means any amount due as of the recovery date and/or any amount available to offset case reserved future benefits.

(6) **Second injury claims.** The primary and excess values of any claim which becomes eligible for second injury relief under the provisions of RCW 51.16.120, as now or hereafter amended, shall be reduced by the percentage of relief granted.

(7) **Occupational disease claims.** When a claim results from an employee's exposure to an occupational disease hazard, the "date of injury," solely for the purpose of experience rating, will be the date the claim for benefits was received by the department. The cost of any occupational disease claim, paid from the accident fund and medical aid fund and arising from exposure to the disease hazard under two or more employers, shall be prorated to each period of employment involv-

ing exposure to the hazard. Each insured employer who had employed the claimant during the experience period, and for at least ten percent of the claimant's exposure to the hazard, shall be charged for his/her share of the claim based upon the prorated costs.

(8) **Maximum claim value.** No claim shall enter an employer's experience record at a value greater than the "maximum claim value." The maximum claim value is set forth in WAC 296-17-880 (Table II).

(9) **Catastrophic losses.** Whenever a single accident results in the deaths or total permanent disability of three or more workers employed by the same employer, costs charged to the employer's experience shall be limited as required by RCW 51.16.130.

(10) **Acts of terrorism.** Whenever any worker insured with the state fund sustains an injury or occupational disease as a result of an incident certified to be an act of terrorism under the U.S. Terrorism Risk Insurance Act of 2002, the costs of the resulting claim shall be excluded from the experience rating computation of the worker's employer.

(11) **Claims filed by preferred workers.** The costs of subsequent claims filed by certified preferred workers will not be included in experience calculations, as provided in WAC 296-16-150.

(12) **Life and rescue phase of emergencies:** This provision applies to "emergency workers" of nongovernmental employers assigned to report in classification 7205 (WAC 296-17A-7205) who assist in a life and rescue phase of a state or local emergency (disaster). The life and rescue phase of an emergency is defined in RCW 51.16.130(3) as being the first seventy-two hours after a natural or man-made disaster has occurred. For an employer to qualify for this special experience rating relief, a state or local official such as, but not limited to, the governor; a county executive; a mayor; a fire marshal; a sheriff or police chief must declare an emergency and must request help from private sector employers to assist in locating and rescuing survivors. This special relief is only applicable to nongovernmental employers during this initial seventy-two hour phase of the declared emergency unless the emergency has been extended by the official who declared the emergency. The cost of injuries or occupational disease claims filed by employees of nongovernmental employers assisting in the life and rescue phase of a declared emergency will not be charged to the experience record of the nongovernmental state fund employer.

WAC 296-17-871 Director's discretion for incurred losses on claims with vocational plans. The incurred losses charged to an employer's experience rating can be reduced, at the director's discretion, for the vocational costs paid under RCW 51.32.099 (3)(d) for retraining and time-loss benefits paid for the retraining period. The director can reduce the incurred losses when:

- The worker had a vocational plan approved after December 31, 2007, on a previous Washington state industrial insurance claim; and
- The injury or occupational disease for the present claim resulted from employment and work-related activities beyond the worker's documented restrictions from the earlier claim.
- The director's decision was made on or before June 30, 2013.

When a claim's incurred losses are reduced by this section, the reduced losses will be used for experience rating and retrospective rating calculations.

WAC 296-17-873 Responsibility for past experience. WAC 296-17-87301 through 296-17-87306 shall be used to determine the assignment of past loss experience associated with a change in business ownership for experience rating purposes. It is the intent of these rules that every firm (business) shall be responsible for its past experience irrespective of ownership as long as the firm (business) continues to conduct operations which are subject to Washington Workers' Compensation Act. When a business or portion of a business is sold, the new owner or owners of such business or portion thereof shall also take over the past loss experience associated with the business unless another treatment is specified in these rules.

WAC 296-17-87301 Definitions. The definitions in this section shall apply throughout WAC 296-17-873 through 296-17-87306.

(1) "Entity" means an individual, partnership, corporation, unincorporated association, or fiduciary operation (e.g. trust, receivership, or estate of deceased individual).

(2) "Majority interest" means more than fifty percent ownership in the firm (business). If the owners of the firm (business) are a partnership, majority interest means more than fifty percent of the general partners' ownership in the firm (business). Majority interest in a partnership shall be determined in proportion to the general partners' ownership of the firm (business). For example, in a three-way partnership ... partner A owns twenty percent of the business, partner B owns twenty percent of the business, and partner C owns sixty percent of the business ... if partner A sold his/her share of the business, a majority interest still exists as partners B and C retain a majority interest (eighty percent) in the firm (business). Limited partners shall not be considered to have an ownership interest for purpose of these rules.

(3) "Joint venture" means a combination of two or more entities, entered into for the purpose of carrying to completion a specified job of limited duration.

(4) "Employee leasing entity" means a firm (business) which provides workers on a long-term basis to another firm.

[Statutory Authority: RCW 51.04.020 and 51.16.035. WSR 13-11-128, § 296-17-87301, filed 5/21/13, effective 7/1/13. Statutory Authority: RCW 51.04.020(1) and 51.16.035. WAC 296-17-87304 Change in ownership with an accompanying change in business activities. When a majority change in the ownership of a firm (business) is accompanied by a change in the business activity of the firm (business) and this change is sufficient to result in a reclassification of the basic classification assigned to the firm (business), then the past experience, prior to the change, shall be excluded from future experience ratings of the acquiring entity. If the change in business activities is not sufficient to result in a reclassification of the basic classification assigned to the firm (business), the acquiring entity shall retain the past experience attributable to the firm (business) or portion thereof which was purchased. For purposes of this rule, the term "basic classification" shall mean the classification other than standard exception classifications as defined in WAC 296-17-31018(2) which produces the largest number of worker hours during the calendar year in which the change in business operations is noted. The basic classification of a business shall be determined in accordance with WAC 296-17-31012.

WAC 296-17-87305 Initial recalculation of experience factor. When an entity acquires the past experience of an existing firm

(business) or portion thereof, the following treatment shall apply until the next date for the general calculation of all employers' experience factors. The purpose of this subsection is to produce the same premium level that would have been generated had no change in the ownership of a firm (business) occurred.

(1) Acquiring entity retains all rating experience associated with the firm (business), or portion thereof, being acquired. The selling entity shall revert to an experience factor of unity (1.0000) until such time as it may requalify for experience rating or unless another treatment is specified in these rules.

(2) If the acquiring entity already has an experience factor, it shall be assigned a weighted average of its existing experience factor and the acquired experience factor. Weights will be based on expected losses. In the event the acquiring entity does not have an existing experience factor, it shall be assigned an experience factor developed from the past experience of the firm (business) or portion thereof being acquired.

(3) If the past experience of the firm (business) cannot be segregated between the operations remaining with the selling entity and the operations being taken over by the acquiring entity, then the entire experience of the firm (business) shall remain with the selling entity. In the event that the past experience can be segregated, the following shall apply:

(a) Separate experience factors shall be calculated for each portion of the firm (business) being sold using the experience rating procedures in WAC 296-17-855 through 296-17-870.

(b) Both experience factors shall be increased or decreased in the same proportion, if necessary, so that their weighted average is the same as the selling entity's experience factor prior to the sale or change.

(c) The selling entity shall be assigned the experience factor for the experience it is retaining.

(d) The experience factor developed in (a) and (b) of this subsection shall be used in accordance with subsection (2) of this section.

WAC 296-17-87306 Combination of entities. Separate entities shall be combined for experience rating purposes when the same person or persons and/or a single corporation owns a majority interest in each of the entities.

Note: If two or more different combinations are possible in accordance with the provisions of this section, the combination producing the greatest amount of expected losses during the experience period shall be made. The experience of any entity used in such combinations may not be otherwise used in combination with any other entity. The experience used in a rating of combination shall be subject to the provisions of WAC 296-17-87305 (Initial recalculation of experience factor).

Exceptions:

(1) Individual trusts may not be combined for experience rating purposes with operations of the trustee nor with the operations of any other trusts. However, two or more trusts having identical trustees and also having identical beneficiaries shall be combined.

(2) Joint venture operations may not be combined with the operations of any other entity, even though the members of the joint venture are identically owned.

This subsection applies only where the entities are or have been operating and insured concurrently in Washington. It does not apply where concurrent operations are for a short period of time, not exceeding one year, if the operation of the original entity during the period both entities were operating, was restricted to the completion of projects entered into prior to the new entity commencing operations. Newly formed joint ventures shall be assigned an experience factor of unity (1.0000).

(3) Employee leasing firms (businesses) shall be required to establish a subaccount for each client for which they supply workers. This account will be a subaccount number of their client's account number. The client's account and the employee leasing firm's subaccount shall be combined to produce a single experience factor which will be shared by both the client and employee leasing firm (business).

WAC 296-17-905 Dividends. Periodically, the department shall determine the total liability existing against the accident fund. If, after such determination, the department finds the accident fund, aside from the reserves deemed actuarially necessary according to recognized insurance principles, contains a surplus, the director, in his/her discretion may declare a dividend to be paid to, or credited to the accounts of, employers who were insured with the department during all or part of the period for which the dividend is declared, according to a uniform formula to be promulgated by the department. Any dividends so declared shall give due consideration to the solvency of the accident fund, not be unfairly discriminatory, and not be promised in advance of such declaration. An employer in default when the dividend is declared shall not be eligible to receive payment as provided by this section but credit will be made towards reducing the employer's obligation to the department.

WAC 296-17-925 Recordkeeping requirements for student volunteers and/or unpaid students. If you elect to insure qualifying student volunteers and/or unpaid students as defined in chapter 51.12 RCW, as now or hereafter amended, you must give the department written notice on a form prescribed by the department.

All entities with coverage for qualifying student volunteers or unpaid students must maintain the following additional records relating to:

- Names of all qualifying persons that the employer seeks to cover under this election; and
- Proof of registration of qualifying persons' current enrollment in school or institution of higher education as defined in RCW 51.12.170; and
- Authorization from the school or institution of higher education for qualifying persons' participation in the school's volunteer program or the school's unpaid work-based learning program;
- Qualifying persons' actual hours worked, unless you have notified the department in writing of your decision to report one hundred hours per volunteer per calendar year (one hundred hour-cap method; see WAC 296-17-935).

If you fail to keep records to demonstrate individuals are qualified student volunteers or unpaid students, or if you are unable to provide records to the department upon request, the department will determine classification and premiums due for each individual in question.

See relevant rules, including WAC 296-17-935, for reporting options for volunteers, student volunteers, and unpaid students; and WAC 296-17-35201 for recordkeeping requirements.

WAC 296-17-930 Volunteers. Any city, town, county, school district, municipal corporation or any other political subdivision, or private nonprofit charitable organization electing to insure qualified volunteers under the authority of RCW 51.12.035 as now or hereafter amended, shall give the department written notice of its intent to provide coverage on a form prescribed by the department. Any employer insuring qualifying volunteers shall choose a reporting method option to apply to all qualifying volunteers. Employers have the option of choosing either:

- Maintaining records of all actual hours of work performed by each qualifying volunteer; or

- Reporting one hundred hours for each qualifying volunteer per calendar year (one hundred-hour cap method) rather than keep a record of actual hours for each qualifying volunteer per calendar year (see WAC 296-17-935).

Note: Election of reporting method is for each calendar year. Electing employers must report all of their qualified volunteers in the same manner each calendar year.

Note: Employers insuring qualifying volunteers must provide their reporting method (by selecting between either: Actual hours per qualifying volunteer or one hundred hours per such volunteer per calendar year) in the first quarter of the calendar year in which coverage for the volunteers is effective, along with the employer's regular quarterly report of payroll as prescribed by the department; see relevant reporting rules, including WAC 296-17-935.

The employer's office records shall include, in addition to records required under WAC 296-17-35201, written:

- Registration of each person who has volunteered; and
- Acceptance by the employer to perform work as a volunteer.

WAC 296-17-935 Options for reporting qualifying volunteers, including student volunteers and unpaid students. If you elect to insure qualifying volunteers, including student volunteers or unpaid students, as defined in chapter 51.12 RCW as now or hereafter amended, you must give notice in writing on a form prescribed by the department. If you do not currently have elective coverage for such volunteers, including student volunteers or unpaid students, and you would like to cover them, please contact our underwriting section at phone number 360-902-4817.

Effective June 9, 2016, a law change (see section 3, chapter 62, Laws of 2016) created an additional reporting option for employers who cover qualifying volunteers (including student volunteers and unpaid students) for medical aid only.

When filing your quarterly report in the first quarter of the calendar year in which coverage for your qualifying volunteers is effective, you must indicate your choice to report all such qualifying volunteers based on either:

- Actual hours worked; or
- One hundred hours per qualifying volunteer per calendar year (one hundred-hour cap method).

You must use the same method to report all your qualifying volunteers in the calendar year. The first time you file your quarterly report in subsequent calendar years, you may change your reporting method for that calendar year.

If you have previously chosen in a calendar year to report one hundred hours per qualifying volunteer per calendar year, for all quarterly reports for that calendar year:

- You must report one hundred hours for any new qualifying volunteers who you have not reported in previous quarters of the calendar year.
- If you have no new qualifying volunteers in the quarters after you chose to report one hundred hours per qualifying volunteer, you must report zero hours for the volunteer classification.

For calendar year 2016 only, in addition to the above requirements, since the one hundred hour reporting option may be used only after the effective date of the law change, if you choose to report one hundred hours per qualifying volunteer:

- You must still report and pay premium based on actual hours for qualifying volunteers in the second quarter of 2016; and
- Your premium payment for one hundred hours per qualifying volunteer applies only for coverage for the third and fourth quarter of 2016; and
- Hours reported in the first and second quarter of 2016 for volunteer coverage do not count toward the one hundred hours per qualifying volunteer for 2016.

See relevant rules, including WAC 296-17-925 for recordkeeping requirements for student volunteers and unpaid students, WAC 296-17-930 for recordkeeping requirements for other volunteers, and WAC 296-17-35201 for general recordkeeping and retention requirements.

WAC 296-17-940 Logger safety initiative. The logger safety initiative is a loss control initiative as authorized by WAC 296-17-900. The goal of the logger safety initiative is to reduce the frequency and severity of injuries in the logging industry. The department and industry participants, including private land owners, timber industry employers, and the department of natural resources, have formed a logger safety task force to develop and implement the logger safety initiative. The logger safety initiative will establish sector-wide standards for worker training and supervision; establish a certification process for individual company safety programs; and review the progress of logging operations through mandatory performance-based audits. Logging employers with workers involved in manual logging who participate in the logger safety initiative may be eligible for a premium discount as determined by the department.
