

WAC 296-56-60007 Housekeeping. (1) You must keep active work areas free of equipment and materials not in use, and clear of debris, projecting nails, strapping and other sharp objects not necessary for the work in progress.

(2) You must make sure hatch beams, covers, and pontoons placed in terminal working areas are stowed in stable piles with beams secured against tipping or falling. Alternatively, beams may be laid on their sides. When beams and pontoons are stowed in tiers more than one high, dunnage or other suitable material must be used under and between tiers.

(3) You must not obstruct access to vessels, cranes, vehicles, or buildings with cargo and materials. Means of access and egress within buildings must be unobstructed.

(4) You must eliminate, to the extent possible, conditions causing slippery working or walking surfaces in immediate work areas used by employees.
