**WAC 392-700-001 Purpose and authority.** (1) The purpose of this chapter is to provide a statutory framework for a statewide dropout reengagement system and to provide appropriate educational opportunities and access to services for students age sixteen to twenty-one who have dropped out of high school or are not accumulating sufficient credits to reasonably complete a high school diploma in a public school before the age of twenty-one.

(2) Authority for this chapter is RCW 28A.175.100, which authorizes the superintendent of public instruction to adopt rules and procedures for statewide dropout reengagement programs (hereafter called program).

**WAC 392-700-042 Program operating agreements and OSPI approval.**

(1) Districts, tribal compact schools, charter schools, agencies, and colleges are encouraged to work together to design programs and collaborations that will best serve students. Many models of operation are authorized as part of the statewide dropout reengagement system.

Regardless of the model of operation, the state funding is allocated to the district, tribal compact school, charter school, or direct funded technical college that is reporting the student's enrollment for the program.

(2) A district, tribal compact school, or charter school may enter into one of the following models of operations through the OSPI approval process:

(a) Directly operate a program where the services are provided by the district, tribal compact school, or charter school resources;

(b) Enter into a partnership with an agency or college that will provide the services through a defined scope of work or contracted services agreement; or

(c) Become part of a consortium with other districts, tribal compact schools, charter schools, colleges, and/or agencies by executing a consortium agreement that is signed by all members.

(3) The purpose of the consortium will be to create and operate a program that will serve students enrolled in multiple districts including tribal compact schools and charter schools, and reduce the administrative burden. If such a regional reengagement consortium is implemented, a consortium lead agency will be identified and assume the following responsibilities:

(a) Take the lead in organizing and managing the regional consortium;

(b) Provide information and technical assistance to districts, tribal compact schools, and charter schools interested in participating in the consortium and providing the opportunity for their students to enroll;

(c) Develop scopes of work with agencies and colleges to operate the programs;

(d) Provide oversight and technical assistance to the program to align with all requirements of this chapter and the delivery of quality programming;

(e) Assist the program with the preparation of required reports, enrollment data, and course records needed to enroll students, award credit, and report FTE and performance to OSPI;

(f) Facilitate data entry of required student data into each district, tribal compact school, or charter school's statewide student information system related to enrollment; and

(g) Work with the districts, tribal compact schools, and charter schools to facilitate the provision of special education, accommodations under Section 504 of the Rehabilitation Act of 1973, and transitional bilingual instruction pursuant to WAC 392-700-147.

(4) A technical college receiving direct funding and authorized to enroll students under WAC 392-121-187 may directly operate a program and serve students referred from multiple districts. The technical college will assume the responsibilities of operating the program as described in this chapter and will meet all responsibilities outlined in WAC 392-121-187.

(5) All programs must be approved by OSPI as follows:

(a) If the program is run by a district, tribal compact school, charter school, agency or college, the program must be approved.

(b) If the program is run by a consortium, both the program and participating districts, tribal compact school, or charter school must be approved.

(c) Any program which meets the definition of an online school program in RCW 28A.250.010 must be approved as an online provider, pursuant to RCW 28A.250.060(2).

(6) Dependent on the model of operations, OSPI will specify the necessary documentation required for approval.

(7) OSPI will provide model documents that can be modified to include district-, tribal compact school-, charter school-, college-, or agency-specific language and will indicate which elements of these standard documents must be submitted to OSPI for review and approval.

(8) Upon initial approval, OSPI will specify the duration of the approval and indicate the necessary criteria to obtain reapproval.

(9) After receiving a notice of approval, OSPI will assign a code to be used when reporting students enrolled in the program.

(10) This chapter does not affect the authority of districts, tribal compact schools, and charter schools under RCW 28A.150.305, 28A.320.035, or any other provision of law to contract for educational services other than reengagement programs as defined by WAC 392-700-015(21).

**WAC 392-700-065 Instruction.** (1) All program instruction will meet the following criteria:

(a) Instruction will be designed to help students acquire high school credits, acquire at least high school level skills, and be academically prepared for success in college and/or work.

(b) Instruction will be provided in accordance with the skills level and learning needs of individual students and not the student's chronological age or associated grade level. Therefore:

(i) Instruction that is at the ninth grade level or higher shall generate credits that can be applied to a high school diploma; and

(ii) Instruction that is below the ninth grade level shall not generate high school credits but will be counted as part of the program's instructional programming for the purposes of calculating FTE and will be designed to prepare students for course work that is at the ninth grade level or higher.

(c) Instruction in which each student is enrolled will not be limited to only those courses or subject areas in which they are deficient in high school credits.

(d) The program will administer standardized tests to new students, as defined in WAC 392-700-015 (12)(a), and reenrolling student, as defined in WAC 392-700-015 (12)(d), within one month of enrollment or secure test results from no more than six months prior to enrollment in order to determine a student's initial math and reading level upon entering the program.

(e) The program will provide all instruction, tuition, and required academic skills assessments at no cost to the students, but may collect mandatory fees as established by each program.

(i) Consumable supplies, textbooks, and other materials that are retained by the student do not constitute tuition or a fee.

(ii) Programs are encouraged to offer a waiver or scholarship process.

(2) Instruction for students enrolled in programs operated by a district, tribal compact school, charter school, or agency will meet the following criteria:

(a) Instruction must include:

(i) Academic skills instruction and high school equivalency certificate preparation course work with curriculum and instruction appropriate to each student's skills levels and academic goals; and

(ii) College readiness and work readiness preparation course work.

(b) Instruction may include:

(i) Competency based academic and/or vocational training;

(ii) College preparation math or writing instruction;
