WAC 434-324-036 County-to-county transfers. (1) A registered voter may transfer their registration to another county by submitting a new voter registration application, or returning a signed confirmation notice that provides the minimum information required for a county-to-county transfer: Name, residential address, date of birth or voter registration number, and signature on the voter registration declaration.

(2) The county auditor shall expedite the mailing of a confirmation notice to complete the county-to-county transfer.

The minimum information necessary to complete the transfer to the new county is:

- (a) Name;
- (b) Residential address;
- (c) A signature on the oath in RCW 29A.08.230; and
- (d) Either date of birth or voter ID number.

(3) The new county may request additional information to confirm that the registration application is a transfer.

If the voter provides the required information, the county shall forward the confirmation notice by mail or electronically to the county auditor of the voter's new county of residence.

(4) If the voter provides a mailing address, but no residence address, the county auditor shall update the mailing address and keep the voter on active status. The county auditor may contact the voter to verify they still reside in the county of registration.

(5) If the request is missing information other than a residence address, the county auditor must send the request to the county where the voter currently resides. The receiving county will process the request and contact the voter as is necessary to transfer the registration in the same manner as other incomplete voter registration applications.

When the county auditor receives a transfer request after ballots have been mailed, the county auditor shall verify that no ballot has been accepted for that voter. If a ballot has not been accepted, the county auditor shall complete the transfer and issue the voter a current ballot.

WAC 434-324-040 Processing voter registrations. (1) Upon entry of a new voter registration, the statewide voter registration database must assign a registration identification number to the registration.

(2) If the applicant provided a Washington driver's license number, state identification card number or valid tribal identification card, the applicant's identity is verified with the department of licensing. If the applicant provided the last four digits of their Social Security number, the applicant's identity is verified with the Social Security Administration through the department of licensing.

(3) If the applicant's identity is not verified or cannot be verified in the automated verification process, the county auditor must confirm the accuracy of the information entered from the voter registration application. The county auditor must correct any errors and again attempt to verify the applicant's identity automatically.

(4) If the applicant provided a Washington driver's license number, state identification number, or valid tribal identification number and the identity is not verified in the automated verification process, the county auditor may check department of licensing records to verify the applicant's identity. If the county auditor has the voter's Washington driver's license number, state identification number, or valid tribal identification card number, information on the application may be considered a "match" if it is clear to the county auditor that the information on the application describes the person on the department of licensing record. Reasons that the county auditor may conclude that the information on the application describes the person on the department of licensing record include, but are not limited to, the following:

(a) The first, middle, or last name on the application is a variation of the first, middle, or last name in the department of licensing record;

(b) The first, middle, or last name has transposed letters or another typographical error on the application or in the department of licensing record;

(c) The first and last names are transposed on the application or in the department of licensing record;

(d) The first and middle names are transposed on the application or in the department of licensing record;

(e) The applicant has a compound or hyphenated name which is not accurately or completely set forth on the application or in the department of licensing record;

(f) The first or middle name is abbreviated with initials on the application or in the department of licensing record;

(g) The last name on the application and the last name in the department of licensing record are not the same but, based on other information, the county auditor concludes that one of the names is a maiden name or a former name of the same person; or

(h) The month and day of the applicant's date of birth are transposed on the application or in the department of licensing record.

If the county auditor concludes that the information on the application describes the person on the department of licensing record, the county auditor must override the failure to verify through the automated verification process and must note the reason it is considered a match. The county auditor must place the applicant on the official list of registered voters in active status.

(i) If the applicant's identity is not verified in the automated verification process and the voter's identification could not be confirmed through the department of licensing, the applicant must be provisionally registered pursuant to RCW 29A.08.107. The registration record must be flagged as still requiring verification of the applicant's identity before the applicant's ballot may be counted.

[Statutory Authority: RCW 29A.04.611. effective 7/29/06; WSR 05-24-039, § 434-324-040, filed 11/30/05, effective 12/31/05.]

WAC 434-324-045 Verification of applicant's identity. (1) If the applicant is provisionally registered pursuant to WAC 434-324-040, the county auditor may use other government resources and public records to confirm the applicant's driver's license or state identification card number, valid tribal identification card, or the last four digits of the applicant's Social Security number. The county auditor may also attempt to contact the applicant by phone, email or other means to obtain identification information.

(2) If, after these attempts, the county auditor is still unable to verify the applicant's identity, the county auditor must send the applicant an identification notice at the time of registration that includes a postage prepaid, preaddressed form by which the applicant may verify or send additional information. The identification notice must include:

(a) A statement explaining that because the applicant's identity cannot be verified with the information provided on the application, they have been provisionally registered to vote.

(b) A statement explaining that if this additional information is not provided, the applicant's ballot will not be counted.

(c) A statement explaining that federal law requires the applicant to provide their driver's license number, state identification card number, valid tribal identification card number or the last four digits of their Social Security number, or a copy of one of the following forms of identification, either before or when they vote:

(i) Valid photo identification;

(ii) A valid enrollment card of a federally recognized tribe in Washington;

(iii) A current utility bill, or a current bank statement;

(iv) A current government check;

(v) A current paycheck; or

(vi) A government document, other than a voter registration card, which shows both the registrant's name and current address.

(3) If the applicant responds with updated driver's license, state identification card, valid tribal identification card, or Social Security information, or with a copy of one of the alternative forms of identification, the flag on the voter registration record must be removed, allowing the applicant's ballot to otherwise be counted the first time they vote after registering.

(4) If the applicant fails to respond with adequate documentation to verify the applicant's identity, the applicant's voter registration record must remain flagged. The applicant must be notified at the time of each election that the ballot will not be counted unless adequate verification of identity is provided.

(5) A provisional registration must remain on the official list of registered voters for at least two general elections for federal office. If, after two general elections for federal office, the voter still has not verified or provided information to verify identity, the provisional registration shall be canceled.

(6) The county auditor shall mail an identification notice to a primary-only voter, as defined in WAC 434-232-010, no earlier than 90 days before the primary that they are eligible to participate in.

(7) The county auditor shall not mail an identification notice to a participant in the future voter program established under RCW 29A.08.170 until the participant becomes a registered voter.

WAC 434-324-055 Duplicate voter registration search conducted by secretary. Upon receipt of an applicant's electronic voter registration record from the auditor, and on a daily basis, the secretary must search for potential duplicate registration records in the official statewide voter registration database by comparing the applicant's name and date of birth or other identifying information provided by the applicant on the voter registration form. Duplicates will be determined by comparing the signatures on all available records. If a voter is transferring their registration to a new county or if any other information on the application has been updated, the auditor of the new county must update the registration record in the state database.

WAC 434-324-076 Voter registration updates. (1) Pursuant to RCW 29A.08.140, a person already registered to vote in Washington may update their registration by submitting an address change using a registration application or making notification via any non-in-person method that is physically received by an election official no later than eight days before election day, or by appearing in person no later than 8:00 p.m. on election day.

(2) The county auditor may request additional identifying information before processing a voter registration update submitted on behalf of a family or household member.

(3) If a voter submits a registration transfer to a new county by the statutory deadline, but the voter's previous county issued the voter a ballot before the transfer is processed and the voter's ballot issued by the previous county was received but not yet accepted, the previous county must mail the suspended ballot to the voter's new county. If any races or issues on the suspended ballot from the previous county are applicable to the voter's residential address in the new county, the votes on those races and issues should be counted by the new county only when the voter does not vote and return a current

ballot, or when the current ballot cannot be processed due to incorrect or incomplete information on the ballot envelope.

(4) If a participant in the future voter program established under RCW 29A.08.170 submits an address change, the county auditor must change the address listed on the application.

The voter registration transaction can include initial registration, name change, residential address change, mailing address change, or reactivation of an inactive voter registration. The notice package must be sent by nonforwardable, address correction requested mail, and include:

(a) A postage prepaid, preaddressed return automatic voter registration opt-out form as prescribed by the office of the secretary of state or in substantially the same format;

(b) An acknowledgment notice as defined in RCW 29A.08.030 and WAC 434-324-085; and

(b) Text message (if the automatic voter registration applicant has opted into text message notifications); or

(c) Email, enclosing a copy of the automatic voter registration acknowledgment notice package (if the automatic voter registration applicant has provided an email address).

(6) If the automatic voter registration information provided by the government agency where the voter applied to government services is for a currently registered voter and does not contain a change to the voter's name or address(es), the county auditor may choose whether to send the voter an automatic voter registration acknowledgment notice package.

(7) Prior to removal from the statewide voter registration database of a new voter registration record upon receipt of the automatic voter registration opt-out form, the county auditor must ensure that the signature on the automatic voter registration opt-out form matches the signature in the voter registration record by utilizing criteria outlined in WAC 434-261-052.

(a) If the signature on the automatic voter registration opt-out form matches the signature on the voter registration record, the registration is removed from the statewide voter registration database, and the prospective registration applicant is deemed to have never registered to vote.

(b) If the signature on the automatic voter registration opt-out form does not match the signature on the voter registration record,

the county auditor must attempt to contact the prospective registration applicant consistent with subsection (5) of this section. To be deemed as never having registered to vote, the prospective registration applicant must either:

(i) Appear in person and sign an automatic voter registration opt-out form no later than close of business 15 days following the date the package was mailed by the county auditor; or

(ii) Sign an automatic voter registration opt-out form and return it to the county auditor no later than close of business 15 days following the date the package was mailed by the county auditor.

To nullify the voter registration record changes, the voter must either:

(i) Appear in person and sign an automatic voter registration opt-out form no later than close of business 15 days following the date the package was mailed by the county auditor; or

(ii) Sign an automatic voter registration opt-out form and return it to the county auditor no later than close of business 15 days following the date the package was mailed by the county auditor.

(9) The date of registration is the date an election official receives the information to register the person to vote. If an automatic voter registration application is received in the eight days prior to election day, the date of registration is the day after the election, and the county auditor must mail the automatic voter registration acknowledgment package within five business days following election day.

(10) The county auditor must keep a record of the voter opt-out forms sent and received. The record must contain the date on which the notice package was mailed, the date on which the voter was contacted in other means if applicable, as well as the date on which the voter subsequently submitted an automatic voter registration opt-out form to cancel the pending automatic voter registration record.

(4) (a) For each voter identified through the process set forth in subsections (1) and (2) of this section, the secretary must change the voter's registration status to "pending" with a status reason that indicates the record is for a person who is potentially ineligible to vote due to serving a sentence of total confinement for a felony conviction, or incarcerated for a felony conviction in a state other than Washington state or federal court.

For a felony conviction in another state or federal court, the right to vote is restored as long as the person is no longer incarcerated;

(5) The secretary must send to each auditor the voter registration status information for each matched person registered to vote in that county who has been identified as pending cancellation by this section.
